Title:SECURING PEACE: HENRY M. JACKSON AND U.S.-SOVIET RELATIONS

This work deals with Senator Henry M. "Scoop" Jackson and his efforts to stop U.S-Soviet detente. The argument enclosed is that Jackson sought to undermine detente in order to bring about a U.S.-Soviet relationship based on reducing the level of nuclear arms and liberalizing the Soviet Union. Arms control, human rights, and national security policy during the 1970s is discussed in this paper.
