**Book Review:
HAIKU, EW!:
CELEBRATING THE
DISGUSTING SIDE OF
NATURE**

This book is unique, and that's why young readers will love it! On each opening, the author combines a haiku with fun illustrations and narratives that explain the gross animal behavior described in the poem. Readers will be surprised that lobsters pee out of nozzles in their faces, flamingos poop on their legs to help them stay cool, and baby koalas eat their mom's poop. It's all gross, and children love gross. This book would pair nicely with a poetry unit.
