Jewish Hospital Auxiliary Announces Project Switch-Hit

The Jewish Hospital Auxiliary not only has pledged the largest gift ever recorded nationally from a hospital auxiliary — one million dollars over a period of five years — but has gone one giant step further and equaled the dollars with hours.

Mrs. Norman Drey, Auxiliary President, has announced that the volunteers will also pledge one million hours of their time for the five-year-period. Even with the outstanding record hours of more than 56,000 each year as a past record, the Auxiliary has two major projects now in effect which will offer new ways in which members can serve the hospital through volunteer work.

Project Switch Hit, a new concept in hospital volunteering, will allow young mothers, members with a transportation problem, and volunteers who have a need to change hours and days to be worked, an opportunity to switch hit for each other. This team volunteer system will be set up for the training of two persons for a particular job, and in some cases teams of four can be scheduled to work with two of the team on one day a week and two the next. In this system partners on the team can schedule the hours to be worked among themselves, alternate days, baby sit for team mates, and work together as a team effort.

In another major project, auxiliary volunteers will be trained for all areas of volunteer work and act as substitutes when the need arises. The Subs Unlimited training program, to begin in September, will have the overall objective of offering experienced help when needed and replacing other volunteers who are unable to work at their scheduled time, with trained substitutes for a particular area.

Greensfelder WUMSAH President

Edward B. Greensfelder, president of the Hospital's Board of Directors, was elected chairman of the Board of Directors of Washington University Medical School and Associated Hospitals (sometimes referred to as "WUMSAH"). The president, William H. Danforth, M.D., announced the new officers after adjournment of the board's annual meeting September 8.

Mr. Greensfelder, a partner in the law firm of Greensfelder, Hemker, Wiese, Gale and Chappelow, succeeds Edwin M. Johnston, a partner in the law firm

of Armstrong, Teasdale, Kramer and Vaughan.

Edwin G. Shifrin, a member of the Jewish Hospital board, of the law firm Shifrin, Treiman, Schermer and Susman, was elected secretary. Other officers elected were Norfleet H. Rand, vice chairman of the board and treasurer of Interco, Inc., as vice chairman. Raymond E. Rowland, former chairman of the board of Ralston Purina Company and presently chairman of the board of trustees of Barnes Hospital, was elected treasurer.

School of Nursing Graduates

Graduation exercises for 60 student nurses of The Jewish Hospital of St. Louis, were held recently at the United Hebrew Temple. Miss Margaret Loh, Director of Nursing (left) is pictured with the 1969 graduating class. Sixty-three percent of the graduate nurses will join the staff of The Jewish Hospital.

Employees have again been asked to give by the fair share principle. Fair share is based on one hour of pay per month for 12 months.

A poster of the United Fund girl will be mounted near the cafeteria exit and a large moon poster will be displayed and used as a progress report to chart the course of the funds contributed by employees as Apollo '69 heads for the moon and the Hospital goal of \$18,950.

As a United Fund Drive kickoff reminder for October 1, space food donated by Pillsbury Baking Company was given to each hospital employee.

Building Fund Contributions Announced

Edward B. Greensfelder, president, has announced contributions of \$1,700,000 to the Advance Building Fund, which was established at the Hospital in October, 1968, in anticipation of future construction. The total includes the \$1 million pledge made by the Jewish Hospital Auxiliary, which was reported in the June issue of "216."

In acknowledging the gifts, Mr. Greensfelder said, "We are greatly encouraged by the spontaneous support which members of the community have pledged to the Hospital. Their recognition of our need to expand will enable us to maintain present programs at the same high level and develop new programs of medical excellence."

"For the past three years a long range planning committee has analyzed the Hospital's resources and potential. Members of the Board, Medical Staff and the Administration have engaged in intensive evaluation concerning future needs of the institution in relation to the needs of the community. These needs are presently being brought into physical perspective by a leading architectural firm. Major emphasis in the planning calls for improved patient care facilities, ancillary services and additional parking."

The proposed expansion program has been reviewed and approved by the Metropolitan St. Louis Hospital Planning Commission. It is anticipated that construction of the new multi-story parking facility will begin by the end of the year.

Hospital Triple Crown Winner in Contest

The Jewish Hospital of St. Louis became one of the first two triple crown winners in the National Pulse Awards Contest, held annually to evaluate public relations programs in hospitals from coast to coast. Two years ago, The Jewish Hospital took two of the three Pulse awards in its size group and has recently been announced as a winner in the 1969 competition in the category of 530-bed hospitals.

The national contest is conducted by *Pulse on Patient Relations*, a monthly newsletter distributed to more than 6,000 hospitals throughout the United States. S.M. Edison Chemical Company, Inc., manufacturer of hospital products, sponsored the

1969 Pulse Awards Program.

Judges of the national contest noted that the patient relations project at The Jewish Hospital, which took top honors this year, was truly people-oriented with a program that meets its goal of establishing a communications link between the patient and the many personnel attending his needs. The 40-page entry, entitled, "All of Our Patients Are VIP's," told a story of total patient care by taking the reader through a typical hospital stay, from pre-admission to discharge. "It shows a great interest in the welfare of the patient," said the judges. "It presented an excellent story to the community it serves."

The phone line to room 711 had never been as busy or connected to the activities of the Hospital more to the outside world than during the stay of disc jockey Reed Farrell.

Farrell, who has the Reed Farrell Evening Show on WEW Radio from 5 to 8:30 p.m., in describing his show, said, "I try to feel what my audience wants through the phone calls that come in, then I do whatever I feel like doing, including

Associates Receive Award

Edward B. Greensfelder, (left), president of the Hospital, and Julian L. Meyer, president of the Associates of The Jewish Hospital of St. Louis, pose with Golden Owl Award received by the organization for their participation in community relations activities.

The Associates of The Jewish Hospital of St. Louis received the Golden Owl Award, presented at a national conference in New York for the organization's achievement in playing a key role in the Hospital's community relations program.

"Education of the community about modern health care and the indoctrination of potential community leaders" was cited by the judges as the objective of the award winning program. "Jewish Hospital, a non-sectarian teaching hospital affiliated with Washington University School of Medicine, achieved these goals through the creation of an educational membership organization, the Associates of The Jewish Hospital of St. Louis."

President of the Associates is Julian L. Meyer. Organized in 1968 the Associates has — during its first year — provided educational programs for its members with speakers including Drs. Melvin Schwartz, Alex Kaplan, Gene Spector, David Rothman, and Arthur E. Baue. Topics have ranged from drug usage to horizons in cardiac surgery. A special series of "Behind the Scenes" programs enable members to see the Hospital in action. The first Annual Dinner, held in April, featured guest

speaker Mark Berke, newly elected president of the American Hospital Association and executive director of Mount Zion Hospital and Medical Center in San Francisco.

The organization also was instrumental in the Hospital's acquisition of the new Radio-Isotope Scanner with a gift of \$15,000.

Total membership in the Associates, to date, is 344 families. Recent members include: Mrs. David N. Grosberg, Mrs. Richard J. Kline, Mr. and Mrs. Kenneth W. Levy, Mr. and Mrs. Richard L. Meyerhardt, Mr. and Mrs. Allen J. Portnoy, Mr. and Mrs. Sidney Rich, Mr. and Mrs. Richard B. Rosenthal, Mr. and Mrs. Arnold H. Schwab, Mrs. Ben Shifrin.

Mr. Abe Tober, Mrs. S. A. Weintraub, Mr. and Mrs. Donald Wildman, Miss Clara and Mr. Sigmund Wolfort and Mr. and Mrs. Harold M. Zager.

Plans for the fall include a buffet dinner meeting at the Hospital on October 22, at which time members will be informed of the Hospital's future expansion plans. The Project Committee and the Program Committee will also report on new activities which will be undertaken during 1969-70.

Farrell Show Direct From Room 711

Disc jockey Reed Farrell of Station WEW, conducted his evening show broadcast live to the radio audience from his room while a patient at the Hospital recently.

the type of music for the mood of the evening, but my show is always me." This is the same type of broadcast he has done by phone hookup to station WEW from his room at the Hospital.

In keeping up with his show by telephone from his room, Farrell reported on the activities around him, the people he met throughout the day, and the personnel on his floor. In his enthusiasm for the treatment he received during his stay at the Hospital, he commented, "Nobody likes to spend their time in a hospital but with the treatment you get here from everyone, you know each patient is really a VIP to them."

His special praise went to many but he felt every hospital should have a Supervisor Morehead

(Theresa Morehead, R.N. Supervisor), and Volunteer Worker Helen Kirakos has been one of his favorite people since they first met and she presented him with four colorful balloons because "all of our kids get them here."

He was also kept busy throughout the day conducting what seemed to be business as usual for the George-Savan Advertising Agency where he is an Account Executive.

During a 15-minute visit, Reed received a minimum of 12 phone calls and three personal visits from friends and business associates. "I've never met a Transylvanian I didn't like, I just dig people. I don't know what I would do if they put out a 'No Visitors' sign and took out my phone," said Reed.
