BARNES HOSPITAL ST. LOUIS, MISSOURI

Volume 11, Number 6

June, 1957

Dr. F. R. Bradley, Director, places a wreath on the grave of Mr. Robert A. Barnes, Founder of Barnes Hospital. This annual Memorial Day event honors the man who bequeathed in his will an endowment to build '.....a hospital for sick and injured persons, without distinction of race or creed.....' The cornerstone for Barnes Hospital was laid on October 11, 1912, and the hospital officially opened on December 7, 1914.

THE GRAPEVINE

Our apologies for a misleading note in last month's column: The physician to whom we referred was Dr. James Farrar Lewis, who received his M. D. at Johns Hopkins in 1935 and served as Intern in Medicine at Barnes in 1936-37. Dr. Lewis was practicing internal medicine at the Doster Clinic, Columbus, Mississippi at the time of his death in February, 1957. Best wishes to JANET SUMMEY, Surgical Pathology Technician, who became Mrs. Jerome M. Valenti on June 6. Congratulations to JOSEPH T. GRECO, Associate Director, who joined the Proud Father's Club on May 26 when Mrs. Greco presented him with a daughter, Mary Jane, at Maternity Hospital. Pre-June weddings in the Nursing Department include MARIE SHORT, who became Mrs. George W. Mays on May 31, and AUDANELL YOUNG, who became Mrs. Paul Redmond on May 18. SHIRLEY GLASFORD, on maternity leave from Renard Admitting, presented her husband with a baby daughter, Dianne, on June 4 in Maternity Hospital. Employees in Personnel are wondering about the lady who called last week, and when the phone was answered with, 'Personnel?' the lady said, 'Oh! My God!' and hung up. LELIA MAE BLOCKER, Dietary Hostess,

was married on April 12 to George W. Emsweller, Jr. Mr. Emsweller is employed at Stan Musial's restaurant. SUSIE FAST, Head Nurse on 52 Chest, is now Mrs. Bruce H. Moore. DR. WILLARD ALLEN has received an Honorary Doctor of Science degree from the University of Rochester. Dr. Allen received his

Rochester. Dr. Allen received his M. D. degree at Rochester in 1932, and was a member of the medical faculty there until 1940 when he came to Barnes as Obstetrician and Gynecologist-in-Chief. MISS SHIRLEE JO JACKSON, Director's Office has accepted an engagement ring from Fred Hehmann. Miss Jackson and Mr. Hehmann both attended Central College at Fayette, Missouri. The wedding will take place September 1. Dr. and Mrs. HERBERT WIEGAND are the proud parents of a little girl born June 3. This fulfills predictions made in 1955 when Dr. and Mrs. Wiegand adopted two little girls, Sabine and Regina, while visiting in Germany. The four boys in the Wiegand family now have three sisters instead of two. Pearl of the month: 'It is better to light a candle than to curse the darkness'. DR. I. J. FLANCE was recently elected president of the Jewish Hospital Medical Staff. SHEILA OVERTON became Mrs. Frederick Lenkman on June 8. Mrs. Lenkman came to America from London, England at the first of this year, and is working part time with the Nursing Staff. Best wishes for a speedy recovery to LAURA SHANKLIN who was recently a surgical patient in Barnes. Best of luck and congratulations to Mr. and Mrs. Wm. J. Armstrong, (LOLA MAE THRESHER, Barnes Credit Office) on their June 8 wedding. The ceremony took place in Lola's home town, East Prairie, Missouri, and two of the bridesmaids were Barnes employees AUDREY PAGE and ELAINE KING. ANNE GIESSOW, Renard Hospital Admitting Officer, and DR. RICHARD FALLON, Intern in
Continued on page 10.

The forty & eight division of the American Legion awarded scholarships to four students enrolled in St. Louis Schools of Nursing. The presentation was made May 26, 1957, by Mr. O. J. Laubenthal and his associates, in the lounge of the Barnes Nurses' Residence.

Receiving the scholarships were: Miss Patricia Andry, Barnes Hospital School of Nursing, Miss Joan Milligan, Jewish Hospital School of Nursing, Charlice Peluco and Patricia Davis, DePaul Hospital School of Nursing.

The students were accompanied by representatives of their respective schools.

HOSPITAL ADMINISTRATION

1957 Graduates of Washington University Course

- Arends, Charles W., Asst. Administrator, Iowa Methodist Hospital, Des Moines, Iowa.
 Burch, Wesley D., Administrator, Prescott Community Hospital, Prescott, Arizona.
 Byun, Hung Soo, Administrator, Presbyterian Hospital, Taegu, Korea.
 Clark, Ned B., Asst. Administrator, Blanchard Valley Hospital, Findlay, Ohio.
 Feedback, Leslie D., Asst. Administrator, Alton Memorial Hospital, Alton, Illinois.
 Mathews, John B., Administrative Resident, Barnes Hospital, St. Louis, Missouri.
 Mazur, Joseph L.R., Asst. Administrator, Ohio State Univ. Hospital, Columbus, Ohio.
 Pettengill, Daniel A., Administrator, North Shore Babies Hospital, Salem, Mass.
 Rensch, Edward, Asst. Administrator, Mercy Hospital, Toledo, Ohio.

ACCEPTS APPOINTMENT AS PROFESSOR

DR. KING

Dr. Robert B. King, Assistant Professor of Neurological Surgery, left St. Louis on June 12 to accept an appointment as Professor of Neurological Surgery at the State University of New York, Upstate Medical Center, in Syracuse, New York.

In his new post, Dr. King will be associated with Dr. Barb Mueller, formerly of Barnes Hospital who is now Professor of Surgery at the Center.

MAINTENANCE MINUTES

In answer to the many questions and puzzled looks directed at the work being done by the Maintenance Department in the halls and lobby of Barnes--it is job #10,000.

Job #10,000 pertains to Fire Prevention measures being carried on by the hospital. The new doorways under construction are smoke barriers which will be installed at regular intervals down the length of the halls. The closing in of the stairways is part of this same plan.

The redecoration being done in the Main Lobby of Barnes is temporarily halted, awaiting the completion of a new mural to be installed over the clock. This mural is being donated to the Medical Center by Dr. Glover Copher, who is the donor of the mural over the front door of the lobby.

Grapevine con't.

Surgery, are being married on June 28. The wedding will take place in St. Louis, and the couple will leave immediately for Boston, Massachusetts where Dr. Fallon will begin a residency in Boston City Hospital.

 Yealy, Dr. Wendell H.: Williamsport Hospital, Rural Avenue, Williamsport, Pa.

CHAPLAIN'S CORNER

by

George Bowles

It is true of most people that they can do better than they think they can. This does not mean that all people have the ability to reach great pinacles of success that will give them a place in history, for we do differ in talents, interests and energy. Though it is not easy to admit the fact, most of us know that today and all of the tomorrows could be a little better than the yesterdays. Progress depends largely upon faith in such a conviction.

Two psychologists, Mueller and Schumann, once conducted a simple experiment to show that we have unused abilities that can be developed. In a test they had a group of people lift a light weight, a weight three times as heavy, and then a medium weight. Although the last weight was about 30 per cent heavier than the first, nearly all those tested thought it much lighter than the first. That is, after they stretched their unused powers, ordinary loads seemed lighter than usual.

We often fail to discover our full powers because we are content with the usual. It seems true that we have been given the ability to carry heavy burdens when they come our way. We sometimes have to go a second mile to stretch ourselves mentally and spiritually, if we are going to be able to meet the unusual and uninvited circumstances. When we are forced to lift more than the normal load, we find new capacity we did not know we had.

MISS MARIAN CADDY

On June 3, Miss Marian Caddy joined the Barnes staff as an Assistant Administrative Dietitian. She received her B. S. and M. S. degrees at Western Reserve University. Dr. Helen Hunscher, a former American Dietetic Association president, is the Director of the department at the University and was Miss Caddy's professional adviser.

After completing college, Miss Caddy was employed as the Dietitian and Housekeeping Manager at Bellefaire, an institution for emotionally disturbed children. She spent many years there before deciding to enter the hospital field. At that time she took a position at Doctors Hospital in Cleveland as Chief Dietitian, where she remained for three years. She then made arrangements to come to Barnes in order to gain experience in a large hospital.

Miss Caddy was born in East Liverpool, Ohio, but lived all of her life in Cleveland. She was active in the Home Economics and Dietetics Associations in that city, and has attended many institutes sponsored by the American Hospital Association. She is a member of the American Dietetic Association.

GRADUATING CLASS OF NURSE ASSISTANTS

Pictured above are the newest graduates of the In-Service Training Program for Nurse Assistants. Their course of study and training was completed on June 14, 1957.

Front row, left to right are: Lena Hendricks, Ruth Mitchell, Edna Moore, Beverly Leonard, Marie Goodwin, Kay Perry, Melba Spiller, Ann Darby, and Ann Guthrie. Back row, left to right: Shirley Bell, Gloria Lowery, Blanche Godfrey, Allie Holland, Allie Jones, Tempie Jones, Lucille Dunn, and Earline Wright.

Unable to be present for the picture, but a member of the class, was Marcelene Anderson.

SEVEN FROM BARNES IN WEDDING PARTY

Elizabeth Anne Bolton, Staff Nurse in Renard Hospital, and Dr. Hamilton Smith, Intern in Private Medicine, were married May 25, with five of their friends from the Barnes Group serving as part of the Bridal Party. Miss Alice Ann Freeman, Staff Nurse in Renard, attended Miss Bolton as Maid of Honor, and Student Nurses Pat Tuttle and Marilyn Michel were bridesmaids. Dr. Dale Dunnihoe and Dr. Parviz Mehri served Dr. Smith as Best Man and

Groomsman. Both doctors are Interns in Private Medicine.

Following the ceremony, which took place at the Trinity Episcopal Church, the couple went on a honeymoon to Miami, Florida--a trip which was a wedding present from the groom's parents. Mrs. Smith has returned to her duties in Renard, and Dr. Smith will begin a residency in Private Medicine on July 1.

CENTURY ELECTRIC EMPLOYEES DONATE HEAT THERAPY MACHINE TO BARNES

The employees of Century Electric Company have donated a 'Moistaire' Heat Therapy machine to the Physical Therapy Department of Barnes. The presentation was made by Mr. Clarence Hall, chairman of Century Electric's Labor Management Committee.

'Moistaire' Heat Therapy Equipment produces a heated environment of air saturated with water vapor, based on the principle of dew point control. It has been found to hasten convalescence of many common disabilities, and increases the volume of local blood flow measurably. It aids in the prevention of adhesions, lesions, muscle spasms, and produces local analgesic effects, thus making other treatment procedures acceptable to the patient.

'Moistaire' heat therapy has been used consistently since 1937, and has been found to be most valuable in the treatment of acute and chronic back sprains, fractures, fibrositis, synovitis, bursitis, and other industrial and orthopedic problems.

We offer our gratitude to the Century Electric Company employees who made this machine available to our patients.

Picture on Page 6.

went off staff to resume their formal education and have now returned to work are SHIRLEY JEAN LAWSON and MARTHA SUE KING. Both girls are Nursing Assistants and returned the first week of June. The Dietary Department also welcomed back ANN ADAMS on June 12. CHARLIE-BELLE STANLEY, Graduate Nursing Assistant, and NORMA J. PORTER, Maternity Hospital Nurse Aide, are newly returned to staff. WELCOME BACK!

JANET FOURLAND, Dietary Hostess who resigned in April upon the death of her father, returned May 22. EMMA VISOR, Nurse Assistant who took a maternity leave in March, returned to duty on May 27. MARY SCHERL who left in 1955 to become a new mother returned June 3 to the Part Time Nursing Staff. DR. WILLIAM LAWLER, on Military Leave of Absence since April 1955 has come back to resume his Assistant Residency in Surgery. FANNIE SANTU, Registered Nurse is now Mrs. Robert Bryant, and lives in Alton, Illinois. She is working part time in Nursing. CAROL ANN DOTSON, previously employed in Dietary has returned as a Nurse Aide. VEADER C. KEYS returned May 22 as a Nursing Aide. NELDA HENDRICKS JOHNSON, Dietary Aide, returned May 16 from a Maternity Leave begun in February. RUTH MUELLER, R. N., has returned as Assistant Head Nurse. Registered Nurses who have returned to work in the W. U. Clinics are JOANNE GARDNER, who came back June 3, and CAROLYN EAGLE, who came back on June 17. JOANNA JOHNSON, Jr. Dietary Aide, returned to her job on June 5. MARY MULLEN, an Aide in Housekeeping, returned to Barnes on May 27. KATIE HALL who has been on a Maternity Leave is returning to her former job in the Barnes Credit Office on a part time basis. Returning nurses in the Barnes building are JO ANN HAGEDORN, who signed in May 25, LORETTA MORRIS, on June 7, and VIVIAN G. HOGAN, on June 14. Two employees who

Miss Patricia Pope (left) and Miss Wilma Knight play the leading parts in a 'back-country' skit produced by the Dietary Interns. Misses Pope and Knight were ably assisted by Miss Dorothy Thomann as the villian (complete with Simon Legree costume and mustache), and Miss Barbara Miller as sheriff. The entertaining comedy was presented by the Dietary Interns for their guests at a dinner in the Wohl Dining Room on May 21.
