### CHAIRMAN OF THE BOARD OF TRUSTEES SUCCUMBS IN SLEEP

Mr. Albert M. Keller, Chairman of the Board of Trustees of Barnes Hospital, died in his sleep on the night of June 7. He was 77 years old, and while he had been under a physician's care from time to time, he was in good health considering his age.

Mr. Keller was reported to have been in excellent spirits the night of June 7, as he attended the opening of the Municipal Opera which was one of his favorite forms of entertainment. He was first elected to membership in the Municipal Theater Association in 1924, became a director in 1931, a second vice president in 1941, first vice president in 1943, and president in 1954. The Municipal Opera was always of great interest to him.

Born in Lexington, Missouri, Mr. Keller spent his boyhood in Fayette, Missouri, and later operated a department store at Marshall, Missouri. He came to St. Louis to become associated with Paul Brown & Company, a brokerage firm, in which he was senior partner at his death.

*This issue of the Hospital Record is dedicated to the memory of*

#### ALBERT M. KELLER

*who faithfully served Barnes Hospital as member and chairman of the Board of Trustees for over 23 years.*

Mr. Keller was appointed member of the Barnes Hospital Board of Trustees on January 30, 1933, and became chairman after the death of Mr. Frank C. Rand in 1949. He was also a trustee of

Southern Methodist University, Dallas, Texas, and board member of St. John's Methodist Church, the Methodist Orphan's Home and the Central Institute for the Deaf. He was interested in the Boy Scouts

of America, and was a vice president in the St. Louis Council of the Boy Scout organization.

He was an enthusiastic collector of first editions and other rare books. Another hobby was his large farm in Callaway County where he raised prize livestock; he enjoyed spending week-ends there whenever possible.

Survivors include his wife, Nellie Brown Keller, and several nieces and nephews. Barnes has lost one of its most loyal and devoted friends, and his passing leaves all who knew him with a deep and abiding sorrow.

**REPORT CHANGE OF NAME OR ADDRESS**

The Personnel Office requests that any employee who has had a change of name, address, or telephone number since coming on staff, report such changes to one of the members of the

staff in the Personnel Office if this has not already been done. It is particularly important that name changes are reported so that the Metropolitan Life Insurance policies may be corrected.

## CHAPLAIN'S CORNER

by

George Bowles

This is the month of new beginnings for many young people across our land, due to the fact that they have finished certain prescribed stages of their educational development. Some of these have been members of our own homes or the homes of close relatives. Some have been friends in whom we are interested. We think of these and even strangers who have experienced a sense of accomplishment through graduation. There is a certain joy in our efforts to be good well-wishers for all of these young people.

It is likely that no one of us would find difficulty in naming individuals who have encouraged us along the way, especially in our educational development. Without these relatives and friends we might have cut the process short at some point which would have caused regrets in later years. These fine people were able to say the right word to encourage us to believe that we could accomplish a higher goal, even in the face of heavy obstacles. This is another reminder of the fact that we are indebted to our past, and especially to those who have helped us shape it.

If we try to stay alert to our opportunities, it will be possible to find ways in which we can make new beginnings in the educational process much easier for young people we know. Financial assistance seems to be a common need among those who consider higher education, but not the only need. We may have no material aid to offer, but we can give encouragement and inspiration.

#### FORMER BARNES SURGEON ON PRESIDENT'S TEAM

Dr. Brian B. Blades, one of the four surgeons acting as consultants on President Eisenhower's recent illness, was formerly on the staff of Barnes Hospital.

Dr. Blades graduated from Washington University School of Medicine in 1932, and served his internship at Henry Ford Hospital in Detroit. He returned to St. Louis on a fellowship grant in 1936, and for two years studied chest surgery under Dr. Evarts Graham. From 1938 to 1941 he continued on the Barnes staff as Assistant Surgeon.

At the beginning of World War II, Dr. Blades went into service as a lieutenant colonel and became chief surgeon in the thoracic section of Walter Reed General Hospital. For his work in chest surgery during the war, Dr. Blades was awarded the Legion of Merit and was a member of a group of doctors credited in a War Department report in 1945 with improving the techniques in chest surgery to the extent that more lives were saved than in World War I.

Since 1946 Dr. Blades has been Professor of Surgery at George Washington University School of Medicine in Washington, D. C.

**WARREN SIMONDS RETURNS FROM PERU**

Warren Simonds, Associate Director, has returned from South America with his family to reestablish residence in St. Louis. He took a leave of absence on June 1, 1955, to work with the A. S. Aloe Company in equipping an 850-bed government hospital in Lima, Peru. At that time he was Associate Director assigned to Wohl and Barnard Hospitals.

Mr. Simonds, after preparing for a career in the diplomatic service, decided to enter hospital administration. Upon graduation from the University of Southern California in 1950, he entered the Washington University Course in Hospital Administration. His internship and residency were served at Barnes, and after receiving his Master's Degree in Hospital Administration he was appointed Associate Director.

The South American trip doubled as a honeymoon for the Simonds', since he and Mrs. Simonds were married just prior to leaving the states. Mrs. Simonds, the

Paula Richards (stage name for Paula Marie Theobald, IBM Key-Punch Operator until she resigned recently for a career in the entertainment field) sang with the professional air of a seasoned veteran on the June 4 Arthur Godfrey Talent Scout Show, and the applause meter registered 99 to declare her the winner against well-received competition.

Paula was the talent presented by Dr. Norman Lotz, principal of the Riverview Gardens High School in North St. Louis County. It was Paula's first appearance on television, but she sang "Too Young" in a full, well-controlled voice with a rather wistful style.

So far Paula has appeared in "This Is It" on KMOX, and recorded a rather bluesy song: "The Devil Made a Fool of Me."
