## Rally Group Plan Organized Rooting Section Of 500 For Grid Games

### Arm Bands, Rooters' Caps To Feature Noisemen

For the first time in the history of football in the San Jose State College, an organized rooting section, under the supervision of the Rally committee is being planned. According to Cal Sides, rally committee head, the proposed section will be composed of 500 students.

#### ARM BANDS

Each student entering the section will be given an official rooter's arm band which will distinguish him from the rest of the students scattered in the bleachers.

In addition to the arm bands, a local store is sponsoring a sale of rooter's caps, which will be designed in the colors of the school. As a further inducement to the students to occupy seats in the reserved section, five hundred megaphones will be distributed at each of the games.

#### RALLY TUESDAY

The first rally of the fall quarter will be held Tuesday, when members of the team will be introduced to the student body. At this same time, tryouts will be held for yell leaders for the year.

Committee heads of the rally group are: card stunts, Bob Free; rallies, Jim Welch; noise parade, Bill Moore; publicity, Frances Cuenin; hospitality, Marion Clinker. Other committee members include Ruth MacQuarrie, Georgianna Kann, and Bruce Daily.

## Science Courses Reach New Limit

With registration in three beginning courses reaching an all time high of more than 700 students, Dr. P. Victor Peterson, chairman of the San Jose State natural science department, announced Wednesday that science registration figures were in advance of the total school registration increase.

Enrolled in beginning chemistry are 250 students, an increase of some 20 percent over last year. The course is conducted by Dr. Peterson.

Botany 1A, conducted by Dr. Carl Duncan, shows a total registration of between 190 and 200, also an increase over last year to the extent of 15 to 20 percent.

Nature study classes, conducted by Dr. Carl Hazeltine, which showed a large increase last year when the course was made compulsory for teaching majors, has continued its upward trend this year, approximately 250 students enrolling.

## A.W.S. Council Holds Initial Fall Meet

Holding the first meeting of the quarter, the Associated Women Students council discussed plans for future events in the A.W.S. club room last night at 5:00 o'clock.

Plans for the Freshman party to be held tonight in the women's gym under the sponsorship of the student affairs committee were completed.

The A.W.S. council will assist in welcoming the new students.

Announcing that the weekly informal luncheon club for all women students, which was in existence last year, will be resumed this quarter; President Barbara Harkey invites all women students to attend. The time and place will be announced at a later date.

The A. W. S. tea for freshmen women which was held Friday in the A.W.S. club room was reported a success, and President Barbara Harkey expressed her thanks to Spartan Spears, sophomore women's honorary service society, for their assistance under the direction of Betty Bruch.

## 2872 Students Enroll At State

Setting an all-time high mark, San Jose State's registration figure reached 2872 yesterday, and it will probably amount to 2900 when all enrollments have been completed, according to Registrar Joe H. West.

This figure represents an increase to date of 109 over last year's final registration which was 2763.

However, the total will fall somewhat short of the 200 increase that was anticipated by many campus figures, some of whom declared that the figure would pass 3000.

Mr. West proves to be the most able prophet, for he estimated last week that the total would be between 2875 and 2900.

## Phi Mu Alpha May Choose Artists Tonight

Possible selections of artists for the concert series, which during the coming season will be arranged by Phi Mu Alpha are to be discussed at a combination barbecue and meeting of the honorary music fraternity at the home of Bob Ish tonight at 6:30.

Under the new plan the concert series, which was formerly managed by a concert committee, will be under the general supervision of the music fraternity and specific direction of A. W. Otterstein, Dwight Bentel, Neil Thomas, Ray Ruff and Bill Thurlow, president of the group; and in all probability will be held at the Civic Auditorium.

## Welch, Drexel In Senior Prexyship Run-Off Tuesday

### Thurlow Is New Vice Pres. In Big Lead Over Competitor

Jim Welch and Karl Drexel will vie in a run-off race for class prexyship Tuesday according to results of yesterday's election of officers in senior orientation.

Bill Thurlow secured the vice-presidency, a position involving arrangement of programs for the bi-weekly orientation meets, with a lead of 131 votes over his competitor, Bill Robinson.

With 123 votes over her opponent, Byron Lanphear, Dorothy Sandkuhle became secretary-treasurer of the class; while Bob Hill was elected Sergeant-at-arms over Claire Ellis. Doris Arnold was unopposed for the position of A.W.S. representative.

The presidential re-election must be held to determine a majority. Welch had 102 votes to Drexel's 85, while the third nominee, Barton Wood, received 25 votes.

Prior to the election, Dr. James C. DeVoss spoke to the class concerning the year's activity program.

## Oakland Schools Adopt Instructor's Manual

"Games and Jingles for Speech Correction", to be used in the classroom for primary grades, and written jointly by Miss Katherine Hall of the education department and Miss Sarah Barrows, instructor at the University of California and formerly of the speech department here, has been adopted for use in the Oakland schools, Miss Hall announced yesterday.

A similar manual to be used in intermediate grades is now being published and will be off the press this fall, according to the authors.

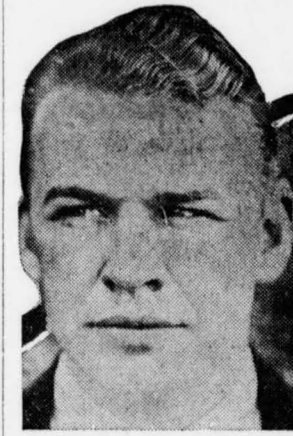

## 'Football Fete' Is Announced By Frat As Annual Affair

There are "Big Game" dances and "Big Game" dances—and not to be left in the dust, San Jose will inaugurate its own October 17 when State tangles with Santa Clara in what promises to be this season's football headliner.

Appearing under the title of "Football Fete", the dance, which will be an annual affair, will be held after the game in the Scottish Rite Hall. Semi-formal (meaning anything but football suits) in character and sporty theme, Football Fete will be sponsored by the Sigma Gamma Omega fraternity, but will be carried out as a dance for the student body.

## MEMORIAL FOUNDED TO LATE WEBSTER BENTON

### Scholarship Covering Registration, Incidental Expenses Will Be Given Junior Or Senior For Athletic, Scholastic Achievement

Webster Benton

In memory of Webster Benton, who until his death following an appendix operation last July was graduate manager of athletics at State, an annual scholarship fund has been set aside by a State graduate of the class of '27, who has asked that his name be withheld.

The scholarship, which will cover registration fees and incidental expenses, will go to a student combining outstanding athletic and scholastic achievement—the Webster Benton type.

It will be limited to juniors and seniors.

Recommendation of a candidate will be made by the faculty of the men's physical education department, final selection to rest with the donor.

#### P.E. MAJORS

Rules governing the selection have been announced as follows: He will, when possible, be a physical education major.

Both athletic and student leadership will be considered.

Outstanding ability in one or more sports will be given high consideration, preference being given to those who are outstanding in several.

Better than average ability in scholarship will be a prerequisite. Preference will be given to the man who excels.

Financial need will be a determining factor in case of several students with similar recommendations.

RECOMMENDATION IN MAY  
Recommendation will be made to the donor in May of each year.

Calling attention to the fact the Webster Benton Memorial fund is the first scholarship established by an alumnus of State, Coach Dudley DeGroot expressed the hope that it may be the forerunner of similar financial aids to students who have an outstanding record but are in need of assistance.

"We are happy, too," he declared, "that this scholarship is to honor a man who has rendered such great service to the college as has Webster Benton."

## Freshmen Feted At Stag Affair

New freshman students and transfers are invited to be guests tonight at a party given in the women's gym by the social affairs committee and the Associated Women Students from 8 to 11. A stag affair for both boys and girls, the occasion will be a get-acquainted social with games, dancing and door prizes.

Each year new students are feted with such a party, and this year, as in the past, only new students may attend. "No dress", rules Harold Kibbee, chairman of the social affairs committee, and "no dates". The idea of the party is to get acquainted and to mingle." Thirty upper classmen who are active in school affairs will assist with the "mingling", as will the members of the student council.

From 8 to 9 games will be set up. At 9 o'clock Frank Paradise and his orchestra will begin playing and will continue until 11 for regular dancing and dancing games. Refreshments are also included in the program.

While admission is free, each student must show a student body card, and must be either a freshman or a transfer.

## Need More Musicians

More music students are needed in the college music department, Mr. Adolph Otterstein, head of that department revealed yesterday.

Students who play musical instruments will be placed in the college band or symphony orchestra.

Students wishing to enter the A Capella choir should see Mr. William Erlendson, director of the choir.

#### Important

Friday, September 25, is the last day to add courses. A student's program is not officially changed until the revised study list card is filed in the Registrar's office.

—Joe H. West, Registrar.

## Largest Freshman Class In Local History Meets In First Orientation

The largest freshman class in the history of San Jose State met in the Morris Dailey auditorium for the first orientation meeting of the quarter yesterday morning.

Dean Goddard, freshman class advisor, impressed the 750 freshmen with the importance of orientation and also introduced students prominent in the activities in which the freshmen were asked to participate.

### SPEARS OFFER HELP

Cal Sides, chairman of the rally committee, announced that an organized rooting sections for football games would be established and requested the freshmen to be

represented in the section.

Frances Oxley, a newly-elected Spartan Spear, told of the activities of the sophomore honorary service organization and offered the assistance of the Spartan Spears in directing freshmen about the campus.

George Dolphin, senior football manager, informed the class of the need for freshmen to work on the managerial football staff.

### CAREY SPEAKS

Ed Carey, President of the freshman dramatic group, spoke of the activities of this dramatic organization, and Bert Bryant, president of the Out-Of-State group was also introduced by Dean Goddard.

## Frosh Art Exams Newest Innovation

Entrance examinations for freshmen majoring in art courses are the newest innovation in the art department, it was announced today by Ruth W. Turner, head of the department.

Freshmen, in the past, said Mrs. Turner, were required to enroll in classes which offered the same material which many of them had covered in high school. The examinations given on entrance now determine the amount of knowledge possessed by students in connection with art and eliminate unnecessary repetition of courses.

Art courses this year are emphasizing crafts of all types. The recent trend toward the manufacturing of artistic objects has led to a desire on the part of the students to make these things themselves. A special course in crafts is now available to sophomores, who formerly were not able to enroll.

Art exhibitions will be held frequently this year for periods of two weeks. According to Mrs. Turner they will be kept open on Sundays for the benefit of outsiders who wish to view the work of students.

## Positions Open In Civil Service

Following is a list of civil service positions open which have been announced by the California Civil Service.

**Junior Bridge Tender.** Open to men only; Age 30-60; Salary \$90 per month. Application must be filed by October 10, 1936.

**Junior Messenger.** Open to boys and girls; Age 16-18; Salary \$65 per month. Application must be filed by October 8, 1936.

**Junior Quarantine Inspector.** Open to men only; Age 21-40; Salary \$150 per month. Application must be filed by October 17, 1936.

**Institution Maintenance Repairman.** Open to men only; Age 21-50; Salary \$65 per month and maintenance. Application must be filed by October 17, 1936.

## Glacier Priest Will Talk On Expedition

Students at San Jose State college will have the opportunity of hearing Father Bernard R. Hubbard, S. J., widely publicized "glacier priest", and seeing motion pictures taken during his trip to the far north this summer, when he appears at the University of Santa Clara Auditorium Wednesday evening, September 30 at 8:15.

Father Hubbard was accompanied by Ed. Levin, former San Jose State college student, and he brings back much scientific data as well as stories of his adventures. General admission prices have been set at 50 cents, reserved seats \$1.00. Tickets are on sale at Roos Bros. and Sherman Clay and Company and may be obtained any time before Wednesday evening.

## Miss Innes Leaves On Extensive School Tour

In an attempt to ascertain the practicality of the training given San Jose college students Miss Lydia E. Innes, appointment secretary, left Wednesday morning for a tour of the southern California schools in which San Jose State college graduates have been placed.

She will attend a meeting of school principals at Del Monte Saturday, returning to the office Monday.

Miss Innes will leave Tuesday for a tour of the schools in the northern counties, Miss Doris Eobinson, assistant appointment Secretary, announced yesterday.

## Patrons To Furnish New Varsity House

Furnishing of the Varsity House, San Jose State's new athletic dormitory, will be the main objective of the San Jose State Patrons Association this quarter. This announcement was made by Mrs. C. C. Gilliam, President of the Patrons Association, at the first Fall meeting of the organization held Wednesday in the Little Theater.

The main speaker, Dr. T. W. MacQuarrie, spoke of the prospects for San Jose State in various activities during the year. Football coach Dud DeGroot specified the immediate needs of the Varsity House, and the members of the Patrons Association agreed to begin sewing for the House next week.

## Just Among Ourselves

By Dr. T. W. MacQuarrie

Death struck viciously at the college family this summer. Dr. Holliday's life was snuffed out in an inexcusable, almost criminally careless, auto accident. Web Benton failed to rally after an operation when all the chances seemed to favor him — youth, expert attention, courage, ambition, and friends. Bob Roumasset, captain elect of our wrestling team, was simply crossing the railroad tracks on his way home from work when a train overtook him, and he's gone. One after another they came with stunning emphasis.

Web Benton was very much one of the college family, and his loss is keenly felt. One of our very own boys, grew up in the college, as it were, became our first graduate manager of athletics while he carried on his own advanced work in business administration at Stanford. He had made plans to resign this year, and go into his chosen field, and his job in fact, but that was not to be.

To Mrs. Benton, that gracious little lady at our switchboard, we all extend the deepest sympathy. Amid the crash of life's happiest plans, she comes up smiling. We all love her for it.

I didn't know Bob Roumasset very well, not personally. I had noticed him about the campus, and seen him wrestle. He was a young man of the highest type, a wonderful, trim physique, and a good student. Nice looking young fellow. He had an air of calmness about him, a quiet confidence which is often associated with athletic success. Working in a cannery during the vacation like all good San Joseans, taking his full part in the life of the community, and making plans for his team this year, in a flash he was gone. We've lost a fine young man, humanity has lost one. His fellows on the team will miss him mightily, but will carry on in the memory of his inspiring leadership.

Dr. Holliday—no one could adequately eulogize him. As Mrs. Holliday said, "His life ended just as he would have had it, with a group of his students out on a literary jaunt".

Dr. Holliday was a national figure. His many books, his great

## A Tribute

to  
(The late Dr. Carl Holliday)

His was a never failing light  
 That illumed the path of aspiring youth  
 In their eternal upward flight  
 Toward the noblest plane of living truth.

Death was, to him, an Open Door  
 That led to greater love and deed;  
 A chance to make the highest score  
 To which his soul was ever keyed.

A path that led to the purest sphere  
 To which untrammled souls may rise,  
 By ever growing as they near  
 The Ultimate all-good, all-wise.

—Frances Moyes Daft.

## Notice

Applications for December graduation should be filed in the Registrar's Office at once. The last day for making application will be October 15. It is advisable, however, to apply early, in order that changes in study lists may be made, if necessary.

knowledge, his skill in writing, made him a wonderful leader for our creative writing group. Dr. Holliday knew literature and people. He fitted his career in a manner seldom seen. With a memory that made him a library of reference, with an interest in scholarship that kept him always a student, with an industry that planned his work to the last detail, he was also creative, dynamic, dramatic, and at the same time simple. What a loss to his many thousands of friends, but more especially to his writin' pals. He will be remembered about the campus as a friendly, interested, helpful, gracious gentleman, and a wonderful teacher, who knew his stuff. We're all proud

## Don Cossacks To Sing Here Oct. 18

The Don Cossacks, world-famous male chorus, will appear in the Morris Dailey auditorium on the night of October 18th, it was announced yesterday by Mr. Adolph Otterstein, head of the music department which is sponsoring the concert.

Directed by the diminutive but dynamic Serge Jaroff, the chorusers have appeared in over 3000 concerts throughout the world since their organization was first formed in a prison camp in Bulgaria.

Attired in their Cossack uniforms, these chorusers sing a program ranging from the haunting folk melodies of the Russian peasant to the joyous, barbaric songs of the soldiers, songs which are punctured with frenzied dancing and yelling.

Tickets are soon to be placed on public sale. There is to be a reduced rate for State students.

## YWCA To Sponsor Lost And Found Sale

Another quarterly Lost and Found Sale is being held in the Quad today under the auspices of the campus YWCA.

Lorette Marce, chairman of the finance committee, announces that there are textbooks, pens, pencils, sweaters, coats, hats, and many other articles for sale. All articles which are turned in before the last month of the preceding quarter and not claimed are sold.

The Lost and Found is open in Room 14 of the Main Building from 9 to 12 and 1 to 3. The Hostess Committee of the YWCA is in charge.

To list Dr. Holliday in the long line of devoted men and women who have made this college what it is.

# Spartans Prepare For Don Tussle

## Spartan Babes Face Intensive Practice Prior To Menlo Game

### Strength Of Yearlings Remains Mystery

With only one short week remaining before the opening tussle of the current pigskin season, Coach DeWitt Portal's pea-green gridders are beginning to buckle down to intensive drill. Menlo Jaysee will provide opposition for the Frosh as a prelim to the S.F.U.-Spartan Varsity clash on October 3rd in the local stadium, and the Menlo squad will have faced the barrier once previous, meeting Chico State tomorrow.

The San Jose yearlings, still stiff and unlimbered, who have been engaging in real practice only since Tuesday, are scheduled to oppose the varsity tomorrow morning in an informal scrimmage.

#### GOOD BACKS

From the 50 men under the tutelage of Head-man Portal, a good, strong backfield and a comparatively weak line seem to be forthcoming. The tackle and guard spots appear exceptionally lean, and the popular Frosh mentor states that any other interested men are urged to report for the yearling outfit.

Standouts on the line at the present time are few and far between. Don Pressly, husky Negro end, from Monrovia; Doan Carmody, captain and star tackle of last year's San Jose High team; and Bill Noble, also of San Jose High, at the pivot spot, are considered the class on the line now.

#### DEGROOT'S BROTHER

Battling for the up position in the backfield are Leroy Zimmerman and Hugo DeGroot, both of Monrovia. Young DeGroot is the brother of Varsity coach Dud DeGroot.

At the fullback spot, Nels Johnson of Paso Robles, and Bud Lewis, brother of hard-hitting "Bull" Lewis, have the edge. Lewis hails from Sequoia High.

Each half-back job at present has three likely, strong candidates. The right wing finds Gordon Mayberry of Vacaville, Dorman Stewart of Fresno, and Bill Bromley of

## DEGROOT DRILLS TEAM FOR FOOTBALL OPENER

### Argilla Injures Knee In Practice Session; Stone Displaces "Bull" Lewis

An impressive Spartan pigskin parade rolled on towards its opening encounter of the season last evening as the towering maestro of Washington Square sent his charges through another strenuous session.

#### OPENING DATE

The comparative nearness of the opening October 3 date which will swing the Spartan gridders into one of their greatest schedule attempts in history, has caused head Coach Dud DeGroot no little concern in selecting a starting eleven.

Luke Argilla, ace halfback who performed so brilliantly last season in the role of a place kicker and present leader in the battle for the right halfback post, suffered a twisted knee in Wednesday's practice and will be kept out of action until tomorrow's lengthy scrimmage with the yearlings.

#### SURPRISES PLENTIFUL

Surprises to date are plentiful. The ever-fighting spirit of one of the greatest gridiron aggregations ever to represent San Jose State has virtually made each position an uncertainty.

While nearly all the major elements of the nation launch their campaigns against weaker and in some cases, stronger opponents, Spartan gridders will start a week later against one of the most inconsistent, and yet one of the strongest teams on the coast.

#### CLASSY PUNTER

Coach Spud Lewis' San Francisco Dons with one intersectional battle under their belts will be led in their Spartan stadium invasion by one Ray Peterson.

Peterson is a very classy punter and his long towering spirals may make it a very bad afternoon for the white and gold. As yet, a big substitute end, Walt McPherson has proved to be the best kicker for the Washington Square representatives.

Peterson is a very classy punter and his long towering spirals may make it a very bad afternoon for the white and gold. As yet, a big substitute end, Walt McPherson has proved to be the best kicker for the Washington Square representatives.

As yet, a big substitute end, Walt McPherson has proved to be the best kicker for the Washington Square representatives.

#### SOPHOMORE TALENT

Another early season badspot, the left halfback position is no longer a worry. Sophomore talent in the persons of Gene Rocchi, Tony Merino and Jack Hilton may fill the berth vacated by big Jim Stockdale and Frank Pura.

Rocchi is the former San Jose Hi school star who has shown flashes of form that may eventually earn him a starting berth. A bad knee has prevented Merino from displaying the brilliant running performances that carried him through last season's freshman season while Jack Hilton is the supple-hipped youngster who was injured early last year.

#### STONE SHINES

Dependable Captain Les Carpenter holds down the quarterback or up-man post along with Luke Argilla at right half and Bob Stone at full. Stone's meteoric rise has temporarily displaced big "Bull" Lewis at the important fullback position.

Rip-roaring performances by a number of sophomores, along with some transfers has attracted the attention of the coaching staff and a number of changes as yet, may take place before the starting time of their first tilt.

## Soccer Eleven And Cal Varsity In Practice Skirmish Saturday

Prospects for the 1936 Spartan soccer team appeared bright today despite the fact that seven of last year's veterans will be lost by graduation and other causes.

Coach Charlie Walker is running his charges through rigid practice sessions in preparation for the initial contest of the season tomorrow afternoon against the University of California at Berkeley.

Heading the list of nine veterans who are expected to form the nucleus of the squad is captain-elect Ray LeClerque, star

fullback. Other old-timers who are returning are Nick Germano, fullback; Dick Edmonds, goalie; George Hogan, half; Mendes Nepote, inside; Bill Pitcher, left half; Vincent Wall, inside; Bob Harris, center; and Bud Everett, full.

Martin Olavarri, another veteran, will be lost to the team for several weeks because of a recent appendicitis operation.

Regulars on last year's teams who will not wear the Spartan colors this season are Mark Masson, Mel Hickman, Bob Doerr, Carl Robinson, and "Bronco" Bechir.

## Jan Garber To Appear At Local Civic Auditorium

He was born in Indianapolis—went to Louisville high school—studied violin in Philadelphia—started musical career in the army—traveled from camp to camp—went over with a bang—and soon became "The Idol of the Air Lanes."

That's a thumb nail sketch of Jan Garber, diminutive baton waving comedian, who brings his 12 piece Music Corporation of America band to the San Jose civic auditorium for a four-hour program next Wednesday evening.

### OF CATALINA FAME

Having completed his third successful year at the Catalina Island Casino, the stocky maestro comes here from the Hotel St. Francis in San Francisco where he has drawn record crowds during the past week.

Known to millions for his radio work over the Columbia network, Garber is one of the "top notch" bands in the country and was chosen from a field of 75 to open the Texas Centennial exposition.

### SOLOISTS

A favorite with college audiences, Garber brings his popular soloists—Russell Brown, Fritz Heilbron and Rudy Rudisill of recording fame—here in person to do the specialties that have made them known the country over.

The presentation is sponsored by the San Jose Night Ball Association, an admission charge of ninety cents per person prevailing for the occasion.

## Idol Of The Air Lanes

Jan Garber, idol of music lovers throughout the country, brings his famous 12-piece band to the San Jose Civic auditorium Wednesday night for a four hour dance program under the auspices of the Music Corporation of America.

## Dinner Planned For De Molay Out-Of-Staters

Out-of-State members of De-Molay in attendance at State or at the high school have been invited to attend a chicken dinner given by the local chapter in its club rooms at the Scottish Rite Temple, Saturday evening at 6:30. Judge Percy O'Connor, city

police judge, has been selected as guest speaker, according to Harry Harter, chairman of the affair. Yancy Williams, former member of the order and of State, will be master of ceremonies, introducing entertainment containing wrestling, skits, and novelty numbers.

### NOTICE

All DeMolay attending San Jose State College Fall quarter are cordially invited to attend chicken dinner free of charge at the large Scottish Rite Temple, North Third Street, 6:30 Saturday evening,

### NOTICE
