

One-acts On Again Tonight

VOL. XXV SAN JOSE, CALIFORNIA, FRIDAY, MARCH 19, 1937 Number 102

16 Selected For Special Class In Radio Technique

Alternates Chosen To Fill In Possible Vacancies

From tryouts held last Friday and Monday, 16 students have been selected for enrollment in the Radio Speaking class conducted by Mr. William McCoard.

Those selected are Gale Beeman, Jeanne Bronson, Victor Carlock, Wilbur Davis, Marcia Frisbee, Margaret Greenfield, Jack Gruber, Jane Hoyt, Ben Johnson, Wilbur Korsmeier, Lois Lack, Nelda McHenry, Marion Muntz, John Paulson, Otis Reid, and Bill Stevens.

Alternates, to be chosen in the event the class is not filled from the above, are Irving Allen, Wilda Merritt, Audrey Lassere, Bill Gardner, Robert Gray, and Bill Raney.

Tryouts for the class, which will specialize in the use of the microphone in radio announcing, speech making, dramatization, and news commentation, consisted of the reading of several short paragraphs, writing and reading of a short dialogue in character, and an impromptu imaginary description of a colorful scene.

Those who have been selected should enroll in Speech 117A at 8:00 on Tuesdays and Thursdays. The course will be given in Room 155 and gives two units of credit.

Cadet Teacher Takes Pupils To S.F. To See Park African Exhibit

Clarissa Green, student teacher, this quarter stationed at Los Altos, accompanied her fourth grade pupils to San Francisco recently to see the African exhibit of stuffed animals in Golden Gate Park. Dr. MacFarland, director of the Academy of Science, directed the group through the building telling the children about the animals as they viewed them.

The children, upon their return to the class room the next day, were instructed to write compositions about the animals with which they were particularly impressed.

Many college students from the nature study classes of Dr. Carl Hazeltine have made excursions to the bay city to see this exhibit.

Women's Play Day

Sign-ups for the women's all-school play day, planned for April 1 from 9 a.m. to 1 p.m., will be held the first two days of next quarter. The event is open to all women and those signing up should sign for two sports.

Among the sports to be played are tennis, baseball, badminton, archery, volleyball, ping pong, check games, quoits, and paddle tennis.

Kay Milhorne is chairman for the day.

Local Educators Leave For Health Convention

Maud Knapp, DeGroot End Year Of Service For California Physical Education Association

Headed by Dudley S. DeGroot and Mrs. Maud L. Knapp of San Jose State college, a number of local educators left the Santa Clara Valley yesterday for Fresno where the Seventh Annual Convention of the California Association of Health, Physical Education, and Recreation will convene on March 19 and 20.

Mr. DeGroot and Mrs. Knapp, heads of the men's and women's Physical Education departments of San Jose State college will wind up a year of service as President and Secretary, respectively, of the association by presiding over the general and business sessions of the convention.

From a membership of over eleven hundred the annual convention is expected to bring together five hundred delegates, from every part of the state. In addition there will be a number of local people in Fresno for the sessions of the Western Division of the National Recreation Association, which met on March 17 and 18 and for the annual meeting of the Southwest District of the American Physical Education Association on March

20. Miss Catherine Worthingham of San Jose State college is secretary of the latter organization.

ANNUAL SESSIONS

The annual business meeting of the California association will take place this morning at which time the election of officers will be held. At this same time a session will be held for and by students who are now taking courses in physical education in the colleges of California. This session will be led by Professor Ralph La Porte of the University of Southern California. A number of local men and women majors will participate in the session including Miss Carmelita Gilcrest and Mr. Luke Argilla, presidents of their respective student groups at San Jose State college, and Miss Elizabeth Law of Stanford University. The general theme for this session will be "Progressive Physical Education."

Outstanding speakers of the general sessions will be Dr. Walter Dexter, newly appointed Superintendent of Public Instruction for the State of California; Hon. Geoffrey Morgan, senator and orator from Santa Monica;

Show Aboard S. F. Bay Boat Not Plausible, Says Revelries Director

Preparations Cease As Head Comments On Plan

Director of the 1937 Spartan Revelries, Jim Bailey, stopped long enough yesterday in his preparations, to comment upon the proposed plan to present the show aboard a boat on the San Francisco bay.

"The plan is not plausible for many reasons," Bailey stated.

"In the first place it would be impossible to construct a stage on the boat suitable for our needs. If we built a frame stage, as was suggested by Harold Kibby, originator of the idea, where would we hang our curtains? Where would we be able to draw them up? Where could we put the orchestra, as we can't have it on the stage and there is no orchestra pit? Where are we going to find room to place the four big sets, designed to fit the auditorium stage, while we were not using them?"

OBJECTIONS

His objections continued to pour out. "It would be necessary to install a switch board, which would require a cost of about five hundred dollars. Where would we get foot lights; fly lights? spots? dimmers?"

"How would we get all our

(Continued on Page Two)

DTO Planning Annual Spring Dance In April

Plans are rapidly progressing for the annual spring dance of Delta Theta Omega which is to be held on April 3 at Alum Rock.

The affair, which will be sport, has for its theme "Spring Fever", and the newly remodeled pavilion will be decorated in accordance with the theme. Clever bids for the dance will be ready for distribution by the end of the week and may be obtained from any member of the fraternity.

Music for the occasion will be furnished by Frank Bettencourt's band.

Peace Council Essay Contest Ends Today

The Peace Council essay contest ends today with the publication of the third of the three essays chosen by the judges to be entered for a final vote by the students.

A ballot will be attached to the essay today for the students to mark their choice. The winner will receive a first prize of \$5.

This contest is an annual affair put on by the college Council for Peace for the preservation of peace. The essays were all on the subject for the prevention of war.

Daily Scribe Lauds Talent Of Players In Novel Program

Literary Contest Contributions Due Tuesday, March 30

Work Can Be Entered In All Four Divisions

All contributions for the annual San Jose State college Phelan Contest must be turned in by 5 o'clock on Tuesday, March 30, according to Dr. Raymond Barry, head of the English department. Entries are accepted in Dr. Barry's office in the Home Economics building.

The contest is open to all San Jose State college students who have been registered in this school at least two quarters previous to the closing of the competition.

Three prizes of \$21, \$14, and \$7 will be given in the essay, one-act play, and short story divisions. Short stories must be at least a thousand words in length.

Competitors can enter poems in four different fields: lyric poem, blank verse, and narrative poem. There are three prizes of \$28, \$14, and \$7 in each of the four poetry groups.

All manuscripts must be typewritten and double spaced. A winning entry is not valid for sale to a publisher.

Spardi Gras To Retain Original Idea Says Chairman Jack Gruber

Setting April 30 as the date for the annual Spardi Gras holiday, the committee for that event met Tuesday at the request of Chairman Jack Gruber. It was decided that the holiday should retain the conventional form of concessions.

Gruber said yesterday that the committee has considered several types, but the concession idea had won over a boat ride and a parade.

BEARD CONTEST

The much ballyhooed beard growing contest will be held as usual, Gruber said. He urged that those intending to participate should get their start during the Easter vacation.

Concessions in the quad will afford much of the diversion during the early part of the afternoon, to be followed by a football game on the San Carlos turf.

STUDENT DANCE

Spartan Revelries, the annual holiday student show, will open the festivities at night. A student body dance will close the day.

Gruber urges all organizations to enter a booth in the quad. Best places will go to those who submit their plans first to Gruber.

English Ex Tuesday

The English comprehensive examination for English majors will be given Tuesday, March 30, in Room 25 of the Home Economics building from one to five o'clock.

Comedy, Tragedy, Fantasy, Psychology Combined In Four Dramas

By VICTOR CARLOCK

Proving their versatility by taking part in plays of psychology, comedy, tragedy, and fantasy on one program, Jeanne Briggs, Marion Peterson, Helen Meck, and Dorothy Hawley presented "Four One-Acts for Four Women" last night in the Little Theater.

The production will be repeated free to the public tonight at 8:15.

Reviewed from dress rehearsal, the plays were well performed and created an excellent contrast to one another. Of the four one-acts the tragedy, "The Great Dark" was outstanding because of its somber mood accentuated by effective staging and lighting. Feelings of the wives of miners who have become trapped in their shaft are put over well by the cast, especially in the first part of the play. It is seldom that tragedy can compete with comedy, but this play gained that honor from an artistic point of view. Marian Hushbeck had a short non-speaking role in this play.

COMEDY

In spite of the tragedy's success, stopping of the show occurred with the appearance in the final play of Marion Peterson as a negro mammy. Aided by an amazing makeup and costume, Miss Peterson nearly disrupted the spirit of symbolical fantasy in this piece titled "All On a Summer's Day" with the injection of broad comedy.

"Overtones", psychological study of what two persons say to each other and what they really think of each other, was the most unusual play. It was repeated from a program of one-acts given last quarter. Clever staging plus clever and difficult dialogue gave the actresses their most difficult work of the evening.

(Continued on Page Four)

FLASH

According to word received late last night from Lord and Thomas, well-known advertising agency, Joe Rapose, popular campus tenor and winner of the second series of the California's Hour, will be in the all-college finals of that program on Sunday night, March 28 at 7:15 p.m. The winner of this grand final will be awarded \$200 and a contract with Lord and Thomas.

Students are urged to listen to the program over the Blue Network of the NBC, and then cast their votes for Rapose. The postcards must be mailed to the California's Hour, in care of the station on which the program is heard by midnight, Monday, March 29.

The Preservation Of Peace

The three best essays submitted in the College Council for Peace contest on the "Preservation of Peace" have been printed in the Spartan Daily, concluding today. The winner of the five dollar first prize will be decided by student vote by means of the ballot printed below.

"Peace is the interval between two wars, and a peace conference is a meeting among nations to decide how many new battleships are to be built during the next year. The cycle of life, especially in Europe, is war . . . treaty . . . peace . . . dissatisfaction . . . war. Following a war the seeds of the next war are sown in the form of the terms of the peace treaty."

These observations were made by a reporter at one of the Geneva conferences. In less than a nutshell they are the secrets of modern warfare. Of what use is it to talk of peace when such conditions are present? It is all very well to say that education will show us the horror of war and its devastations. It is undoubtedly true that international munition makers are the sole ultimate gainers by war, that diseases takes as many lives as bullets, that severe depressions, such as the one from which we are now emerging, are traceable in large part to war. All of this is true, but what of it? None of these potent factors change the fundamental principles of nationalism that is undeniably dominant in our world at the present time.

OUTS VS. INS

After repeated and pitiful attempts by the League of Nations and sundry peace conferences to bring lasting peace had failed again and again, it became evident that such indirect methods of preventing war would never be successful. Why? The answer is simple. Merely the age old fight of the "outs against the ins". At the present time the United States, Great Britain, and France are generally considered the "ins" because

of their abundance of natural resources and flourishing colonies. On the other hand the "outs" are represented by Germany, Italy, and to a lesser extent, Japan. So it is that these latter countries receive most of the blame for their present-time warlike tendencies. But the blame should rest equally on the so-called peaceful nations, who, having already satiated their spirit of conquest, exert themselves to the limit in diplomatic relations to subdue rising nations, best exemplified by France in recent years, to accomplish this subjugation serve not to maintain peace but merely to irritate old wounds.

Instead of saying that Hitler and Mussolini have captivated the peoples of Germany and Italy, we should instead recognize that it is the collective sentiments and national feelings in the minds of those people that make them "men of the hour". Rome had such a period with Julius Caesar; France with Napoleon Bonaparte; England during the period of Queen Elizabeth; America at the time of George Washington. Who can say that any of these persons would have been great at any other period or in any other country if the people had not such a concerted national feeling?

ROOT OF TROUBLE

To secure permanent peace on solid foundations we must get at the root of the trouble; we must recognize that all countries have a right to their place in the sun,

Former Federal Man Addresses Police Students

Students of the college police school obtained first hand information of the Federal Bureau of Investigation during 10 o'clock orientation, from a former G-Man who has served under J. Edgar Hoover.

Mr. Henry A. Dietz, who is now associated with the Attorney General's office in Sacramento, outlined for them the duties and qualifications attached to the office of a Federal Investigator. For many years, he told the students, G-men were not allowed to carry guns or arrest individuals, and it was not until 1934 that they received permission to carry on either of these practices. They now are armed with .38 positive police specials, or .38 super automatics.

To be a Federal Investigator, a person must be qualified as either a lawyer or a public accountant and must be in the 25 to 35 age limit, besides possessing excellent physical and mental qualifications. Duties, chiefly of the investigation nature, are carried on by 37 field officers stationed in all parts of the United States.

NOTICES

All reports of X-ray films which were taken March 11 may be had in the Health office.

—E. McFadden.

Any students who have ordered dance photographs and fail to pay for them by noon today, will receive incomplete grades in physical education courses.

and that if they are denied attainment of it by peaceful means, they will surely resort to war; we must develop an international mind that, unlike the League of Nations, will not favor the nations that possess all they need over the countries who feel the need for expansion; above all we should attempt to lower the intense nationalistic spirit of oppressed nations by cooperating with them in diplomatic relations as we do in scientific and sporting activities.

In this way, and only in this way, will we ever eliminate war permanently. Whether the nations are ready to cooperate in this manner seems doubtful. If they do not, and for peace's sake let us hope they will, it will be in vain to talk of peace conferences, of disarmament, or of peace education.

Just Among Ourselves

By Dr. T. W. MacQuarrie

Well, we finally did get some paint on that Co-op. Cute, isn't it? The Jubilee can't be far off.

There's going to be quite a trek to Death Valley next week. Looks like a record for the West Coast School of Nature Study. More than 180 people enrolled, and others tried to crawl in over the fence.

That school is quite an institution. We're glad it's associated with San Jose State. It compliments in a fine way our urban campus. More and more our education is going afield. Instead of bringing the teaching material to the classrooms, we are now going out places where the material is found in its natural surroundings. Instruction becomes normal under such circumstances.

I hope we are not becoming morbid around here. Last week our Language people put on an entertainment called "Murder", and now a great gang of us are going to carry on our education in Death Valley.

Something for you to think about next week. The State Department of Education made a study about a year ago to find out in what counties the various colleges predominated as to the placement of their graduates. It is not a very important point, but the results are interesting. They do not, you understand, limit any college to any specific area. The counties in which San Jose State graduates were found to predominate are as follows: San Luis Obispo, Monterey, San Benito, Santa Cruz, Santa Clara, San Mateo, Merced, Stanislaus, San Joaquin, Tuolumne, and Calaveras. If you spend your vacation in any one of those counties outside of Santa Clara, I suggest that you get in touch with your legislators and put in a word for the state college budgets. The colleges are working together in the budget program, and I am not asking you to stress San Jose State above any other. The success of the group will be

Revelries Head Talks Of Proposed Bay Show

(Continued from Page One)
 equipment up to San Francisco and onto the boat? In one of our scenes we are going to have four pianos on the stage at the same time. Where would we get them? How would we get them up to the City?

"The only thing that could be presented on a boat in the form of a Revelries would be a modified form of individual acts, such as a few small skits and a few songs. It is ridiculous to think of putting on a show on a par with former Revelries on a boat," Bailey concluded.

LARGER STAFF

This year, according to the director, the Revelries is going to require a larger staff than heretofore. For the past week Bailey has been busy choosing assistants and committee heads.

Harvey Brooks, well known tap dancer, has been selected as production manager. Bill Van Weck, freshman student, is to supervise the dance routines.

Bailey has set the deadline for original songs at the first Wednesday in the spring quarter. He intends to use ten or twelve songs.

Skit writers are requested to approach Bailey with their ideas.

reflected in the individual colleges. There is quite a fight on in Sacramento and any help we can get from our friends will prove valuable.

I hope you may have a wonderful vacation.

- BALLOT -

On this ballot vote for the essay you consider the best, and deposit the ballot in the Contribution box in the Publications' office. Designate by numbers 1, 2, or 3.

I VOTE FOR NO.

Dancing Nights Friday and Saturday

Come on over any Friday or Saturday evening. A pleasant evening assured. The "atmosphere" at O'Brien's is congenial and informal; the music stimulating; the late suppers delicious and economical. No cover charge.

Baseball Men On Barnstorm Tour

STATE BATMEN LEAVE SAT. FOR SOUTHERN CAL.

Spartans Invade Arizona And California Bruins

By JIM CRANFORD
Tomorrow morning Coach Gil Bishop and twelve members of his 1937 baseball aggregation will board private cars and journey to the lands of Arizona and Southern California to match their wares with Taft Junior college, University of Arizona at Tucson, and the University of California at Los Angeles.

The Spartan baseballers will leave San Jose at five o'clock in the morning on a trip that will take eight days in which the Bishoppites will participate in five contests. This will be the longest trip that any baseball team has made in the history of the institution.

TAFT FIRST
First competitor on the Spartan mid-season jaunt will be Taft Junior college, which will be played the same afternoon the team takes-off. After the contest with Taft, the club will rest overnight and leave for Arizona the following morning.

At Tucson Coach Bishop's nine will meet the Wildcats in two different contests to be played on March 23 and 24. Then on their return home, the Spartans will encounter the Bruins of U.C.L.A. in a double game affair to be played on March 25 and 27. On March 28 the Spartans will head toward San Jose.

ON TRIP
Those fellows that will make the trip for San Jose will be Captain Burt Watson, Art Carpenter, Jack Riordan, Walt McPherson, Dick Main, James Luque, Lester Carpenter, George Haney, Bob Rose, Tony Martinez, Haven Smith, and Marlon Johnson. Also accompanying the trip will be Mr. and Mrs. Coach Bill Hubbard, who will take their vacation in the sunny lands of Arizona.

Football Managers To Be Chosen In Fall

Instigating a new system under which, according to Gil Bishop, the new football managers will not be chosen until the fall quarter, all the Sophomore and Junior managers of last quarter will be expected to turn out for spring practice.

The result of this practice will be the final basis for the selection of next Fall's managers.

NOTICE
Important—Advertising, (Commerce 80B) will be given next quarter at 9 o'clock MWF, instead of Salesmanship as stated in the schedule. Also, History of California will be given as the last quarter of History of the West. New students will be able to enter this class.

SAN JOSE, CALIFORNIA, FRIDAY, MARCH 19, 1937

Netmen Score 6-2 Win Over Gaels; Split Series With Santa Clara

The Spartan netmen trounced St. Mary's college, 6 to 2 on the Moraga courts Tuesday afternoon in the initial tilt for the local aggregation under the Northern California Intercollegiate Tennis Conference.

Ed Harper, San Jose No. 1 man, lost to Dick Shuman of the Gaels in close sets while Harper and George "Clutch" Rothholtz were taken into camp in the doubles for the only losses sustained by the Bleshmen. Winning in singles contests for San Jose were Forrest Brown, Rothholtz, George Kifer, Frank Olson, and Harold Kibby; in doubles, Brown and George Egling.

Yesterday the local racquetees met the University of Santa Clara on the Mission City courts, each team taking four matches. The ninth and deciding match was not played due to approaching darkness. It is scheduled to be played this afternoon. Four of the singles matches were taken by Santa

Clara in close sets, San Jose State taking two singles and two doubles.

Ed Harper, No. 1 man for San Jose State, played in top form to take an easy victory over Don Dodd while Forrest Brown in the second singles position, was topped by Norvin Lewis in a three set match.

George Rothholtz took two straight sets from Bob Sullivan while George Kifer fell before the onslaughts of Dave Buckley in the third and fourth singles. Frank "Fat" Olson was finally overwhelmed by Tony Turturiu in a three and a half hour match and Harold Kibby met defeat at the hands of Bill Kaufman in three long sets.

Both of the doubles matches played were taken by the Spartans with the teams of Happer and Rothholtz and Brown and Egling. Kifer and Olson are scheduled to meet Turturiu and Kauffman in the deciding match today.

Wally Kemper Again Smashes FROSH WIN IN TRIANGULAR MEET 220 Freestyle Mark

By BEN JOHNSON
For the fourth time this season, Wally Kemper, ace frosh distance merman, smashed the 220-yard free style mark as the San Jose freshman swimming team defeated Burlingame and San Mateo high schools in a triangular meet held yesterday afternoon in Spartan pool.

Kemper blazed through the first hundred yards in 1:04 and put on a sprint during the final 20 yards to hit the finishing rope in 2:26.2, the fastest time ever made by a San Jose State swimmer.

SPARTA 74
The final tally of points gave the Spartan frosh a decisive triumph with a total of 74 points, San Mateo was second with 37 and Burlingame had 31.

The frosh took all but two first places, the 100-yard free style which was won by Dooling of San Mateo and the 150-yard relay.

DEAD HEAT
Frank Savage and Walt Fisher,

frosh breast stroke, finished in a dead heat in the 100-yard breast stroke. Jack Butler, sensational frosh back stroke star, who finished second in the Northern California championships last Saturday evening at Hayward swam his final race for San Jose this season winning the 100-yard back stroke. Butler will drop out of school after this quarter.

INFORMAL PRACTICE
Informal practice sessions will be held during the vacation period, according to Coach Charlie Walker. The first meet of the spring quarter will be held on Friday evening April 2 in Spartan pool. The Spartan frosh and varsity will swim in a triangular affair with Occidental college of southern California.

Spartan Track Team Goes To San Francisco State For Initial Meet Of Season; Frosh Postponed

Riding in the role of favorites for the opening meet of the 1937 season, San Jose State's track and field aspirants roll into Kezar stadium Saturday afternoon for a dual engagement with San Francisco State.

Runar Stone's highly publicized feats of last season failed to daunt the Spartans who romped over the San Franciscans with apparent ease and Coach Glen E. "Tiny" Hartranft's coaching debut on Washington Square will undoubtedly run in like fashion.

LARGE SQUAD
Outstanding athletes, as yet, have not made their appearance among the ranks of the varsity tracksters but a surplus of competitors in many events will prove the biggest obstacle to the San Franciscans who were not very impressive in their opening meet with the San Francisco high school all-stars.

Leading the Spartan tracksters will be Captain Carl Cammack,

ailing hurdler who will attempt a comeback; Hal Fosberg, school record holder in the shot and discus; Brown and Pierce in the sprints; Taylor and Thurman in the quarter and the diminutive Lloyd Gates in the distance events.

Field events which have always hindered former teams will be strengthened to a certain degree with the presence of two new broadjumpers. Al Parr, a transfer from the south will undoubtedly show the way in the pit spanning event with jumps of well over 22 feet.

STRONG FROSH
"Tiny" Hartranft's powerful freshmen aggregation that was scheduled to meet Menlo Junior college yesterday afternoon was postponed because of a soggy field. Several outstanding prep stars dot the frosh unit and yesterday's postponement will delay a debut that is expected to turn out several sensational performances.

SPARTAN SPEARS WILL SELL NOURISHMENT TO REGISTERING STUDENTS

Free ink and blotters will be at the information and lost and found desk in the men's gym registration day. Class schedules for the spring quarter will also be sold by the Spartan Spears, according to Leona Solon, the president of the Spears.

Besides the usual desk in the gym, the group will have several booths in the quad, gym, and by the health center where girls will be selling nourishment for the registering students.

Two doughnuts and coffee will be sold for the price of ten cents from 7 to 9 a.m., according to Mary Louise Zingham, chairman of the food committee. From ten through the rest of the registration day the girls will sell ice cream cups and milk nickels outside the gym.

Local Educators Leave For Health Convention

(Continued from Page One)

Dean Grayson Kefauver of Stanford University; Dr. Herbert L. Stoltz of the Oakland School Department; Dr. Frank Thomas of Fresno State college, Mr. Harold Orion, Chief of the Division of Physical and Health Education of the State Department of Education; Miss Elizabeth Kelly of Pomona college, and many others.

FRIDAY BANQUET

A huge banquet Friday evening will be followed by a dance in Fresno's new auditorium. Saturday noon a novel luncheon will feature a continuous parade of demonstrations of physical education activities.

Local educators making the trip include Mr. Frank Griffin and Miss Mildred Brown of Sequoia High School, Mr. Ned Johns, Mr. Clarence Frazer, and Miss Ruth Vredenberg of Palo Alto High School, Mr. William Geedes of Fremont

Debaters Choose Extra Delegates To Student Meet

Four additional delegates to the Student Congress to be held at the University of California in April were named at the meeting of the debate group Tuesday morning. They are Frank Fuller, Cole Beeman, Frank Hamilton, and Aaron Heinrich.

Selected as representatives the previous week were Audrie Lasere, Marguerite Blizzard, and Frank Leeds, bringing the total San Jose State college delegation to seven members.

Each delegate will be required to debate on one or more of the three main topics to be discussed, namely, raising the standard of living of the masses, neutrality and how it can be made to work; and teachers' oaths and criminal syndicalism.

Instructor To Attend Pacific Art Convention In Yosemite Valley

Mrs. Ruth Turner and Miss Estella Hoisholt of the Pacific Arts Association to be held in the Yosemite valley March 22, 23, and 24.

Mrs. Turner will act as one of the hostesses at the convention and will also appear on the opening day program as a speaker.

Also listed on the program are Joe Rapose, California's Hour winner, who will do a group of songs, and Mayo Bryce, senior, who will play several piano solos.

Women's Sports

By MARIAN SCHUMANN

BASKETBALL

Proving not to be the proverbial greenhorns, the Freshmen team beat the Juniors in a fast basketball game to the tune of 32 to 12. The Juniors had some revenge by defeating the Sophomores. These two games finished the exciting intra-class tournament for the quarter.

Joan Hughes, basketball manager, wishes to thank all the teams that participated in the games this quarter and expresses the hope that the girls will turn out for sports next quarter.

ORCHESIS

Junior Orchestris will meet at 5 o'clock on the first Tuesday of the Spring quarter. It is important that those who wish to try out for Orchestris the following Thursday be present as time will be given over to practice for the try-outs.

NOTICES

Any students planning to join the marching band for the football season will be required to report for practice every Tuesday evening from 5 to 6:30 starting the second Tuesday of next quarter. Failure to report for practice without valid excuse will automatically exclude all such offenders from the band next fall.

—John Knight, Drum Major.

All Rainbow Girls attending the convention in San Francisco that wish to attend the Rainbow Club dinner Friday nite please sign the list on the bulletin board.

Please note the following change in the Spring quarter schedule: History A—Fundamentals of History will be given at 8:00 MW instead of 3:00 as listed in the schedule.

One-Act Plays To Be Given Tonight For Second Time

(Continued from Page One)

LEAST IMPORTANT

"Mere Man", second play on the program, was the least important of the four. It passed as a light comedy, and was distinguished only by the acting of Jeanne Briggs in the lead. In the play Miss Briggs is one of four rather professional women who are bent on building a career rather than contemplating marriage. She falls in love and plans to get married, whereupon she must face the friendly fury of the other three.

Miss Hawley and Miss Meek did not seem to have the opportunities of the others, but all four worked well together and succeeded in making each play clear and true to its respective mood.

Direction of the plays was capably undertaken by Neil Warwick, dramatics student. Staging was by Peter Mingrone, and an orchestra was led by True Tourtilot.

NOTICES

Kindegraten-Primary Majors: For advice on programs in the new quarter, will all the girls in the alphabetical area between "A" through "M" consider Mrs. Gray their adviser and go to her for assistance in planning their programs, and will all those from "N" to the end of the alphabet consider Miss Crumby their adviser and go to her for assistance in planning their programs.

KAPPA PHI CLUB: If you have not turned in your "Cheap Skate" tickets or money please do so before you go home. Also, cabinet meeting for next quarter is the first Wednesday night of the quarter.
—Helen Daily.
