

Broadcasts, Exhibits Planned For Jubilee

FOUR JUBILEE EVENTS TO BE HEARD ON KQW

PUBLICITY PLAN

Douglas Address, Phelan Awards, Sproul Talk To Be Aired

CONCERT PENDING

Governor Merriam, Ball To Climax Program

By WILBUR KORSMEIER

Four major events of the Diamond Jubilee celebration will be broadcast over radio station KQW, according to an announcement released late yesterday by Mr. Dwight Bentel, director of publicity. Final decision on the matter has been withheld pending an announcement from Mr. Adolph Otterstein as to whether the Rudolph Ganz Symphony concert would be broadcast. The Morris Dailey concert will not be put on the air.

BROADCAST THURSDAY

At the present time, plans include the broadcast on Thursday, May 20, of the Dr. Lloyd C. Douglas address and presentation of Phelan Awards in the Morris Dailey.

On Friday, during the general session in the afternoon, the address of Dr. Robert Sproul, president of the University of California, will go over the air through KQW from the Civic Auditorium. Governor Frank F. Merriam's speech will likewise be aired Saturday morning from the auditorium.

GRAND BALL ON AIR

The climax to the three-day (Continued on Page Four)

SOUTHERN POLICE VISIT CAMPUS YESTERDAY

Sergeant Tom Keating, head of the Santa Barbara Juvenile Delinquency division of the Police department, Dr. Phyllis Bartleme, psychologist of Santa Barbara county, and Lieutenant Ervis Lester, of the Los Angeles Juvenile Delinquency department, visited the San Jose State college yesterday, and were conducted through the buildings by William A. Wiltberger, head of the college police school. The polygraph, or lie detector, was demonstrated to them.

The visitors are here for the California Conference of Social Workers, and at the personal invitation of Mr. Wiltberger, toured the departments of the college.

FRENCH CONSUL WILL SPEAK AT HONOR CLUB INITIATION THIS MONTH

Plans for formal initiation ceremonies and a dinner to be held May 22 were discussed by members of Iota Delta Phi, French honor society at their weekly meeting Monday night at the home of Tallulah Gibb in Los Gatos.

Consul General Monsieur Amerique de Bellefont of San Francisco will be the main speaker during the ceremonies at the Catholic Women's Center. The formal dinner will be held at Savin's French restaurant.

The new members who will be initiated are Jane Grey, Janice Bendon, and Camilla Moran.

Organization Members Will Sell Peer Gynt Tickets To Students

Directs Concert

First, Second Awards Given To Group Selling Most Billets; Drama Represents Combined Efforts Of Several Departments

Organizations interested in selling student tickets to "Peer Gynt", to be presented May 21 in the Civic auditorium, may send representatives to the Controller's office, where they may take out as many as they please and sell to the student body at large.

HEALTH DRAMA ON COLLEGE BROADCAST

A drama of the department of health and hygiene will be presented tonight over KQW at 7:30 p.m. as the third in a series of programs under the direction of the radio speaking classes.

Tonight's dramatization, written by Lavelle Smith of the advanced radio class, will see a college girl going through the various routines in the health department. The many advances in the San Jose State college service that are available to students will be pictured throughout the program.

Featuring a salute to the Health Cottage and the work of many who have made it possible, a history of its development will close the program. To Miss Elizabeth McFadden, present health head, will go much praise for her continued efforts to improve health facilities.

The A Capella choir, under the direction of Mr. William Erlendson, will also be heard on the broadcast.

Those taking part in tonight's radio presentation are Lavelle Smith, Patricia Ironsides, Sybil Lords, Lorraine Callander, Dorothy Leverenz, Johnson Mosher, and George Ryan.

SPANISH CLUB ADMITS EIGHT

Eight new members were initiated into the San Jose State college chapter of Sigma Delta Pi, national Spanish honorary society, at a formal ceremony held jointly with the Stanford University branch of the organization at Stanford Thursday night.

Following the initiation, a banquet was held at the Stanford Union where Professor Espinosa, of Stanford, spoke on the influence of Spanish literature on California.

Richard Lopez was vocalist of the evening, and was accompanied by Richard Conniff. The members of the San Jose chapter presented scenes from novels and dramas of the Spanish literature.

The new members of Sigma Delta Pi, selected on a basis of generally high scholastic standing and excellence in Spanish, are Richard Conniff, Paul Dillon, Helen King, Richard Lopez, Mildred Marconi, Camilla Moran, Betty Show, and Autin Warburton.

Symphony To Give Preview Of Concert

Open to the public, the San Jose State college symphony orchestra will present a preview of the Diamond Jubilee concert Thursday from 11 to 12 o'clock in the Morris Dailey auditorium.

Directed by Mr. Adolph W. Otterstein, head of the San Jose State college music department, the orchestra will have as its guest artist, Miss Margaret Thomas, graduate of the American Conservatory of Music in Chicago.

The program will last an hour. Miss Thomas will present the "Piano Concerto No. 1 in B Flat Minor" by Tchaikowsky and the orchestra will play the well known "Lenore III" by Beethoven.

Patrons Holding Card Party Today At One

Featuring "win a boy" door prizes offered by the Varsity House boys, approximately 250 are expected to attend the dessert-card party being sponsored by the San Jose State college Patrons Association at 1 o'clock at the Catholic Women's Center.

Both bridge and whist are to be played during the afternoon. All prizes will be door prizes.

NOON DANCE

Capitalizing on the spring weather, the second noon dance of the spring quarter will be held at 12:30 today in the quad.

Featuring the music of Leo Shor-tino and his five-piece orchestra, specialty numbers on the electric guitar will be outstanding, according to Dick Lane and Don Walker, co-chairmen of the hop.

TWENTY-SEVEN DISPLAYS SET FOR OCCASION

TIME COMPARISON

Puppet Show To Illustrate Events Of Past And Present Day

CHARTS PLANNED

Growth of Co-op And Health Department Shown

By MARION STARR

Twenty-seven departments of college activities are planning exhibits to be on view in the men's gymnasium during the three-day Diamond Jubilee celebration May 20, 21, and 22.

Comparisons of past and present activities are in the majority among the unusual and interesting displays to be shown, according to Mrs. Ruth W. Turner, who, with Mr. John French, is in general charge of the exhibition.

PUPPET SHOW

A puppet show illustrating events in the 75 years of San Jose State college life will be presented by the Art department. Mrs. Charlotte Rideout, member of the English faculty, wrote the lines for the 15-minute show which will be put on at intervals during the exhibition days.

Actual painting, drawing, modeling, and craft work will be carried on by other Art students, and a display of finished work will be exhibited.

Charts showing the growth of the co-op, and the growth of the health department have been prepared. Drawings and photographs are being made by Sal Merendino (Continued on Page Four)

Gunnery Classes In Practice Shoot

Three San Jose State college police classes in gunnery will hold a practice shoot this afternoon at one o'clock at the government range on the Cooney ranch.

According to Sergeant William C. Brown, member of the San Jose police force and instructor in gunnery, the shoot is just an informal group get-together.

Barney Broaddus is captain of the B class, Shelby Ryan heads the C class, while Howard Young will lead a class made up of students graduated from the gunnery section.

The shoot will be held on the standard open range, shooting from a distance of 50 yards. Each captain is handling the running of his own team, stated Sergeant Brown.

Science Department Preparing Exhibits

New exhibits for the Diamond Jubilee celebration are being made by the Natural Science department and are to be shown in the Science building halls, according to Dr. P. Victor Peterson, department head.

The exhibits will include collections of butterflies, birds, wild flowers, and geology and chemistry specimens.

Some of the collections are privately owned and donated to the college for the Diamond Jubilee.

CLASS COVERING SOCIAL WORK MEETINGS

Practical newspaper work is being experienced by members of Mr. Dwight Bentel's class in news writing during the current Social Work convention being held in San Jose.

The class is covering all of the round table meetings, general discussions, dinners, and luncheon meetings and is writing the stories for the San Jose News and the Mercury Herald. Wilbur Korsmeier, news editor for the Spartan Daily, is acting as the coordinating editor for the group, handling the giving out of assignments.

YW HOLDS LAST FLOWER ARRANGEMENT MEETING

The last flower arrangement meeting of the Hostess committee of the YWCA will be held in the "Y" room from 4 to 5 tomorrow afternoon.

Miss Helen Aihara, graduate student here and member of the council, will demonstrate. At other meetings Miss Aihara has constructed a Japanese flower arrangement, illustrating the fundamentals of the art.

Students Cast Sports Votes Today

Spartan Freshman Tracksters Meet Paly And Mt. View

Presley And Brooks Expected To Swing Meet

Spartan again invades Stanford stadium.

This afternoon Coach "Tidy" Grant takes his freshman cinder burners up the peninsula to meet the combined forces of Palo Alto, Santa Clara, and Mountain View high schools on the Stanford stadium track.

P.A.L. CHAMPS

In meeting the Palo Alto contingent, the Spartan yearlings are picking a group of P.A.L. champions. The Viking team walked off with the annual meet last Saturday defeating the favored San Jose team by a substantial margin.

Les Steers, phenomenal junior, high jump star, is the ace of the Palo Alto team and is favored to

capture first places in at least two events, the high jump and the high hurdles. Steers' best effort in the high jump is 6'5" while in the meet last Saturday he was clocked at 5.7 for the high hurdles, which are two-tenths of a second better than Don Presley's best time.

DON PRESLEY

Another interesting duel should be in the 12 pound shot put where Presley will match puts with the P.A.L. record holder, Bill Roth. However, Presley has the best toss of the two this season with a throw of 34' 10" in the Alameda meet while Roth's best effort is 49' 2".

Harvey Brooks should have things his own way in the sprints across Mt. View or Santa Clara routes out with a dark horse.

The time for the meet is this afternoon at four o'clock.

Frosh Nine Close Season With Two Games This Week

San Jose's championship yearling baseball squad winds up its 1937 baseball season this week when it tangles with the Palo Alto high school nine and the Agnew State Hospital outfit.

Exact dates of the two final games have not been definitely set, however, Coach Gil Bishop said the Palo Alto contest would try to be arranged for this afternoon on the prep school's diamond. The last game will probably be played on Saturday with the Agnew club on the Spartan diamond.

For the Palo Alto contest, either Herrall, Freitas, or Ashworth will get first call for mound duties, with LeRoy Zimmerman in reserve for the Agnew contest. The rest of the starting lineup will be the regulars, namely Sanchez at second, Rhodes at short, Adams at third and Martella, Peavy, Teresi or Walsh in the outfield. Bill Lucebill will start at the catcher's post.

Short P.E. Majors meeting, 12:30 sharp. Room S212. Roll will be taken. —Luke Argilla, president.

Where To Go

Drop into the Daily office and cast your ballot in the Marlais Sports Poll. OKAY? OKAY!

Votes Must Be In By 12:10 At Noon Today

Today as the Marlais Sports Poll draws within one ballot of its close, the entire student body will cast their choices for the outstanding athletes of the school.

Everyone is eligible to vote. All that is required is that each voter give the number of his student body card, and turn the ballot in before 12:10 at noon today.

DEADLINE

The deadline had to be set as early as it was because each of the ballots will have to be checked to determine their validity. As a large number of ballots are expected it will be impossible to announce the date at which time we will be able to publish the results, although it will definitely be before next Tuesday.

After the students vote there remains only the decisions of the coaches to make the Poll complete. The coaches' vote which is being used as a basis for the entire Poll will probably be announced by the middle of next week. Interest in regard to the coaches' vote is running high. They by virtue of their ballots, have it within their power to change the entire trend of the All-Spartan Eleven. They can, by their choices, virtually take a fourth or fifth place contestant and place him in the first position.

THUMBNAIL SKETCHES

It is difficult to predict the results of today's student ballot. For the benefit of those who would like to review the accomplishments of the eleven men on the All-Spartan Eleven we publish the adjoining series of thumbnail sketches. Also included is a list of where each stands on the Eleven together with the number of votes submitted to put him there.

defeated USF's massive Tiny Cervelli, and went on to place second in the National Intercollegiate boxing tournament. A San Francisco paper carried a banner line after the right that said, "Walker Second Best In Nation". Don also holds the Junior PAA and Pyramid Belt trophies.

RAY LACLERGUE

Ray LaClergue—Soccer.

That which has been said for Jack goes also for LaClergue. Very few people seem to know that Ray has been on the All-Conference soccer team for two years and that in that conference such athletic schools as California, Stanford, and USF.

Don Walker—Boxing.

Don is the boy who rocked Pacific Coast boxing circles when he

Thumbnail Sketches Of The Athletes Who Are On The All-Spartan Eleven

By WALT HECOX

Introducing the All-Spartan Eleven and the reasons for their appearance on the list.

Stan Griffin—boxing.

Stan is rated as the best amateur lighthheavy boxer on the Pacific Coast. At present he holds six titles ranging from Pyramid Belt trophies to the Golden Gloves and Pacific Coast Intercollegiate championship. Stan is a specialist, and in his specialty he is tops.

Glenn DuBose—Football player, Guard.

The man at the bottom of the pile. That is Captain Glenn DuBose. He is as good a lineman as Coach Dud DeGroot has ever had at San Jose. Even at the guard position where a man must act but not be seen, his gridiron feats have brought enough attention to rate him tops in the eyes of football fans. "Pop" also is a specialist.

WALT MCPHERSON

Walt McPherson—Football, Basketball, Baseball.

Baseball is Walt's favorite. He plays first base and is a top-notch hitter. On the gridiron he can kick a football sixty yards and slide off tackle with the grace of a Gazelle—or an elephant. At least he gets places. He also plays a good game of basketball.

Lowell Todd—Track, Javelin.

Another specialist. When it comes to heaving the Grecian spear, Mr. Todd is rated among the three best in the country. During his six weeks stay at Wash-

ington Square, Todd has broken the college javelin record by exactly four feet. Before Mr. Todd's arrival that record was considered a little bit of all right. In addition to this Todd has proven himself to be the best on the coast, and has been beaten only by Alton Terry of Texas, American record holder.

WITHYCOMBE

Howard Withycombe—Swimming, Water Polo.

Like Griffin, DuBose, and Todd, Withycombe is mostly a specialist. He concentrates on the backstroke event, and plays a little water polo in the fall to keep in condition. For a while Withycombe made a habit of breaking the local pool record. Then in his only defeat of the season he was swimming in the Washington Square lake. He is Senior PAA champion, and has been beaten only by the Southern California champion. He captains both the swimming and water polo teams.

Les Carpenter—Football, Baseball.

Les was the incumbent captain of the '36 football squad. He played a smashing game at quarter back, and did a good job of calling signals. In addition to his football activities, Les batted second high on Coach Gil Bishop's baseball team.

Ivor Thomas—Basketball.

Ivor, another one sport man, can do tricks with a basketball that made the eyes of John Bunn, coach of the championship Stan-

SAN JOSE, CALIFORNIA, WEDNESDAY, MAY 12, 1937

Wempe And Kemper Break Records NATATORS BATTLE During Freshman Swimming Season

Not very often in college are there two freshmen swimming the same event who are both record breakers.

During the past Spartan season this occurrence took place. Captain Martin Wempe and Wally Kemper were the two freshmen who put on such an interesting feud all season.

Wally proved the strongest in the 220 while Captain Wempe led in the quarter mile. The finishing order of the 220 usually read—Won by Kemper; second, M. Wempe—while the 440 order was just the reverse. Only once was the order changed.

In the Stanford meet Wally finished third to the two Stanford

men while Martin was fourth. In the Athen's club meet Wempe made up for his defeat by winning the 220 with Kemper second.

The feud went on for the greater part of the season but was called to a halt when Wally was forced to confine his activities to the scholastic side of the fence, leaving the frosh captain to carry on, which he did in a true Spartan manner, demonstrating excellent sportsmanship all along the way.

Coach Charlie Walker was proud of the performances of these two boys as were many San Jose students. The admiration of many students was evidenced as Martin received several votes on the Marlais Sports Poll. Congratulations—Martin and Wally.

Students Ballot

Sign your name, give the number of your student body card, and deposit in the contribution box inside the door of Spartan Daily office before 12:10 at noon today so that the judges may have ample time to check the ballots.

Positively no ballots will be accepted after that time. All members of the student body are eligible to vote. Vote for six athletes in the order in which you think they are outstanding. A description of the athletes on the All-Spartan eleven will be found at the top of this page.

Encouragement For AWAY WITH BLUE CARDS High Standing Urged

By MARIAN SCHUMANN

Should the scholarly student receive recognition for his good mid-quarter standing just as the below average student is warned of his standing by a blue card? According to Dr. James O. Wood of the San Jose State college English department, he should.

Feeling that a person will never wait to see a doctor until it is too late, Dr. Wood feels that the blue card situation is much the same. "A good student should certainly be encouraged," the instructor stated. "The present system focuses attention on the poor student who already knows he is not doing satisfactory work. I feel that the recognition should be given to the student who consistently does above average college work," Dr. Wood said.

The English instructor has prepared a card which is patterned after the present blue card but which carries a much more cheerful message. The card reads, "I take pleasure in informing you that your scholarship record for the current quarter in apparently is considerably better

than the average, and that the maintenance of your present ideals and efforts should result in a grade of 'A' or 'B'."

"This report, like other scholarship reports, is based on imperfect information and the variable opinion of the instructor. It has no finality or official standing."

Should this card become a part of the grade regulating system, the long hated blue card will become a thing of the past.

Feeling that it is a question of importance, Dr. Wood put the card up to a vote in his World Literature class yesterday. Approving the grads, the class will now decide who should receive the awards.

A tiny gold star is in the upper left hand corner of the "Cheery Card" so students who have happily earned gold stars for perfect grammar school attendance can now complete their collections during their remaining college years.

27 Exhibits Planned For Jubilee

(Continued from Page One) and Marjorie Webb concerning the growth and development of the health cottage. X-ray and weight-testing machines will also be demonstrated by the hygiene department.

TABLE LINEN

Two tables set with linens, dishes, silverware, and menus will be the Home Economics department's recognition of the changes that have taken place in home and college life in seventy-five years. This group of faculty and students will also show how campus costumes differ in 1937 from those of 1862.

The three education honor societies are combining with the primary education classes to present scenes of school-rooms as known in 1862 and those of today. Actual activities will be carried on by "teachers" and "students" to show the corresponding studies and attitudes.

Drama Group Honors Miss Temple Monday

Miss Verna Temple, homemaking instructor, who leaves the faculty at the close of this quarter to be married, was honored last night by members of a faculty drama group, of which she is a member, at a formal dinner at the country club.

The group presented Miss Temple with a farewell gift. During the evening the honored guest read "Conversation Piece" by Noel Coward.

Miss Temple will make her home in the South after her marriage, which is to be an event of the early summer.

Organization Members Work For Prizes By Sales

(Continued from Page One) Students in important parts are Jeanne Bronson, Bill Gordon, Race Kent, Norman Berg, and Dorothy Leverenz.

Admittance to outsiders is 50 cents and 75 cents. Tickets may be obtained at the Controller's office, or at Sherman Clay and Co. downtown.

College Choir Plans Jubilee Performance

Members of the San Jose State college chamber music choir will give a repeat performance of Vivaldi's Concerto, which was featured at their recent annual concert, during the Diamond Jubilee festivities, according to Miss Frances Robinson, director.

Over thirty members of the choir, which includes a special string orchestra playing accompaniment, will perform during the general session in the Morris Dailey auditorium at which Dr. Robert Gordon Sproul, president of the University of California, is to be the principal speaker.

Included in the musical program will be two other numbers in a slightly lighter vein. The chamber music choir will furnish the entire musical part of the program, according to Miss Robinson.

Dr. Terman To Be Guest At Dinner

Junior College Professors Asked To Attend Meet

Dr. Lewis M. Terman, head of the Psychology department of Stanford university, has accepted an invitation to be the honored guest at a dinner during the Diamond Jubilee week at the home of Dr. Raymond Mosher.

Invitations to faculty members of neighboring junior colleges have been sent out. More than fifty guests are expected to attend the affair set for Thursday evening, May 20.

Dr. Terman, the honored guest, is well-known for his work with intelligence tests, having recently been a co-worker with Mrs. Maude Amanda Merrill James, in compiling intelligence tests of the Benet type.

Kindergarten-Primary Girls Hold Barbecue Friday At Alum Rock

A large number of girls from the kindergarten-primary department rallied around a campfire in Alum Rock Park Friday evening for several hours of group singing, games, and a treasure hunt.

Miss Mabel Crumby's A to D group were hosts for the evening. Girls who made arrangements for the affair were Vera Boatwright and Ruth Costello, refreshments; Emma Barzone, transportation; Lois DeShields, publicity; Elizabeth Dole and Jean Argo, entertainment. Evelyn Clark furnished the wood for the fire.

NOTICE

Unloved but still Hopeful, practice Thursday. Please be prompt. —Gall Tucker.

Police Lieutenant Speaks On Child Crime Prevention

Los Angeles Officer Explains Southern Department Set-Up

Explaining the organization set-up of the Los Angeles Juvenile Crime Division of the police department, Lieutenant Ervis Lester, second in command of the unit, spoke to the police school majors yesterday at 10 o'clock in Room 206 of the Science building.

The bureau, said Lt. Lester, handles juvenile cases between the ages of 8 and 18 in the various departments of the bureau, which includes the handling of cases of children cited for traffic violations those in which adults have contributed in some way to the child's delinquency.

PLAIN-CLOTHES MEN

"The most unique section of the bureau," declared Lt. Lester, "is the detail of 15 pairs of plain-clothes men that patrol the streets of Los Angeles in search of children who, though not actually committing a crime, may be on the streets without the parents' knowledge."

In connection with this detail, a summer recreation program of

campus for the underprivileged children has been established by the department.

TRAFFIC DETAIL

Lt. Lester stated that a special traffic detail to handle cases has been established which provides the children's parents with a choice between several means of punishment, other than the regular arrest method.

Few departments have such a division for the care of the juvenile cases, according to Lt. Lester. The department was started in 1923 when August Vollmer re-organized the system.

Will the person who found Vera Boatwright's Piano Book and a United Daughters of the Confederacy yearbook please return same to Y.W.C.A. lost and found. If you do not care to return the music book, please return the yearbook with the papers that were in it as they are extremely important to me and of no value whatsoever to anyone else.

Behind News Class Postponed Because Of Conflicting Time

Due to the conflicting time of an address at the annual California Conference of Social Work, the regular meeting of Behind the News regularly given at eleven o'clock on Tuesday was postponed until next week after a brief session.

Dr. William Poytress, who conducts the lectures, asked that all students in the class fill out printed forms intended to aid in the social science project for the Diamond Jubilee.

Immediately following, class was dismissed in favor of an address by Dr. Alexander Meiklejohn on "The Individual in American Social Life".

Jubilee Broadcast For Four Events

(Continued from Page One) celebration, the Grand Ball, will be broadcast; and present plans call for a roving commentator to present outstanding personalities over the air. It is a possibility that a roving commentator will also broadcast from the campus during the Jubilee celebration.

The entire broadcast is contingent in the fact that the radio programs fit in with the Jubilee programs, as no events will be shifted to meet set radio hours.

PRE-PUBLICITY

That many groups are cooperating with the college in publicizing the 75th anniversary over the radio has been made evident by the many programs now on the air that mention the Jubilee.

Bob Robb in his "campus tattler" program; the radio speaking classes with the weekly series over KQW; the Merchants Association, which has "talked up" the big affair; and the 100 word "plugs" to be used by the largest stations on the coast, have all had much to do in spreading the word of the Diamond Jubilee throughout the West.
