VOL. XXVIII.

SAN JOSE, CALIFORNIA, TUESDAY, SEPTEMBER 26, 1939

NUMBER 4

SEVENTY-FIVE SIGN FOR C.A.A. AIR TRAINING

Medical Examinations Begin Thursday

Approximately 75 students have filed their applications for vocational flight training sponsored by the Civil Aeronautics Authority, members of the Aviation department announced yesterday.

On Thursday preliminary medical examinations will begin, and those accepted will be given flight surgeon's examination, the fee will be paid out of the \$30 course fee.

A thirty-dollar fee will be charged to those passing all examinations, and those who are enrolled for training. In exchange, the student will receive from thirty-five to fifty hours of training which will enable him to secure a private pilot's license. Also he will receive seventy-two hours of ground work which counts six units towards his degree.

Male students in good health and regularly enrolled at the college are eligible to submit applications for this non-military training.

Pitman, DeVoss Honored With Housewarming

Honoring Dr. James DeVoss, head of the Psychology department and Paul M. Pitman, newly-appointed Dean of Men, members of the psychology, personnel, and philosophy faculty held a housewarming at Dr. DeVoss' new home last evening.

Highlighting a program arranged by Mrs. Bessie Matthews was a reading by Dean Pitman, a former radio performer. Impromptu performances by other guests were included on the program.

Dr. DeVoss was presented with a Telechron electric clock by members of the department.

The affair, under the general chairmanship of Dr. Raymond Mosher, was attended by 16 faculty members and their wives.

Flying Club Membership Exceeds Limited Quota

Dave Atkinson Re-elected Soph Class Leader

Election of sophomore class officers last week saw Dave Atkinson step once more into the president's post, having served in that capacity during the spring quarter of 1939.

Another student to serve two quarters in succession is Lois Silver, who was secretary during the spring quarter and who is in the same office for the remainder of this quarter.

Jean Ellsworth, the only new member of the class administration, will act as vice-president.

STATE STUDENT COUNCIL MEETS FOR FIRST TIME

Headed by President Hugh Staley, the San Jose State student council meets at seven o'clock for the first time this quarter in the Student Union.

The council, elected last year in the spring quarter, is comprised of Bob Bronzan, vice-president; Mary Frees, George Place, Steve Hosa, Hamilton Hodgson, and Margaret McCarthy.

Main purpose of the meeting, according to Staley, is to "get organized and settle a few small items."

Zimmerman Wins Hatlo Hat From Cartoonist

Leroy Zimmerman, veteran Spartan fullback and spark plug of the first State touchdown against USF Saturday, will soon be sporting a brand new hat given him for his outstanding play in the game by Jimmie Hatlo, San Francisco sports cartoonist.

The outstanding player in the bay region each week is the recipient of what has come to be known as the "Hatlo Hat", and this week "our boy Zimmie" is the winner.

The following is an excerpt from the Call-Bulletin, under the head—ZIMMIE GETS SKIMMER—

What difference does a few injured ribs make to a GOOD football player?

It didn't make any difference to Leroy Zimmerman, ace San Jose State fullback, who didn't get to play much Saturday because of those tender ribs.

And for that reason the judges give this week's Hatlo Hat to Mr. Zimmerman.

All the blonde Leroy did was to come into the ball game and personally lead the Spartans 46 yards in six plays to their first touchdown. A pass to Johnny Allen and five consecutive line smashes carried Mr. Zimmerman to the score and the Hatlo Hat.

This is the first time a Hatlo Hat has ever gone to a San Jose State player.

'Twelfth Night' Tryouts Still Open--- Gillis

No Previous Dramatic Experience Needed

Tryouts are still open for the San Jose Players' production, "Twelfth Night", Mr. Hugh W. Gillis announced today.

FRESHMEN WANTED

Freshmen without previous dramatic experience are especially in demand as the instructors are anxious to uncover any hidden talent that some freshmen may have.

Wednesday afternoon, from 4 to 6 in the Little Theater is the time and place of the tryouts.

Tryoutees may display their wares for two minutes, either reciting poetry or dialogue. The department will provide an assistant if the latter is used.

GOOD TURNOUT

Particularly pleased with those he has already interviewed, Mr. Gillis stated:

"This is the best entry of freshmen in fifteen years, as far as dramatic ability is concerned. The fact that the men outnumber the women by almost two to one is a good thing for the department this year also, because the plays we have chosen to produce this year require many men."

Copies of "Twelfth Night" are on reserve in the library.

116 Piece Band Performs During State-USF Game

A 116-piece band, the largest in the Spartans' history, made its first official appearance this year between halves at the San Jose-San Francisco game Saturday afternoon.

That the twenty per cent increase in enrollment caused a shortage of both uniforms and music folders, was disclosed by Rube Tuttle, band publicity agent. Of the 116 members, 42 per cent are women, twenty per cent are transfers, and thirty members are freshmen.

Director Thomas E. Eagan, pleased at the large turnout, is planning to have his group and three drum majors perform at many college functions.

Hunt Speaks On War 'Neutrality'

Expressing the belief that neutrality as such will not keep America out of war, Victor M. Hunt, assistant professor of history, spoke Sunday night at the First Congregational Church in San Jose.

The cash and carry provision of the President's proposed revision of the present neutrality act will limit the incidents in the opinion of Hunt, but "No neutrality act is going to keep us neutral as such. It's going to depend on the attitude of the American people."

Booster Football Rally Thursday In Civic Auditorium

FACULTY ADDS TWO MEMBERS THIS QUARTER

Two new additions have been made to the faculty this quarter, one in the Women's P.E. department and the other in the cafeteria personnel.

Mrs. Ethel Wright, registered nurse formerly with the Health department at the University of Southern California, is the new P.E. instructor. Now completing her A.B. in physical education here, Mrs. Wright will teach classes in individual and corrective exercise, badminton, and other games.

Miss Anna Palmer is replacing Miss Carol Mitchelson as assistant manager in the college cafeteria this year. Miss Palmer, first employed here during the summer session, is a major in Institutional Management and home economics graduate of Pennsylvania State college.

P. E. Fraternity Plans October Variety Show

Coming events cast their shadows before, and casting a mighty large silhouette on the roster of this quarter's calendar of Spartan activities is the smash variety show being planned by Phi Epsilon Kappa, local chapter of the honorary physical education fraternity.

REVUE PLANNED

Tentatively scheduled for presentation in the Morris Dailey auditorium on Thursday night, October 26, the revue will include an all men's chorus featuring fleet-footed football fumlbers, according to Bob Locks, in charge of preparations.

Faculty members will also contribute to the program, a verse speaking act to be presented and also a comedy skit to be given by members of the music faculty.

DeWitt Portal, Spartan boxing coach, will act as master of ceremonies for the production, which will present, as further talent, several comedy and singing stars from former Revelries.

SIGN-UP ASKED

All students interested in signing up to appear in the show are asked to get in touch with Bob Locks or Jim Fahn as soon as possible.

Bob Bronzan is president of Phi Epsilon Kappa, local chapter which was formed last quarter, a branch of the national honorary education fraternity.

Student Work Shown On Wall In Art Wing

Student art work displayed on Treasure Island will be shown all this week on the walls and in the cases of the main hall of the Art building.

Pep Meeting Preceded By Noise Parade Through Town

Proving that the civic leaders of San Jose are giving the Spartan football team their staunchest support, the Junior Chamber of Commerce is pushing plans for the big pre-public rally at 7:30 Thursday night in the Civic auditorium.

STREET PARADE PLANNED

A street parade made up of students and various civic organizations will precede the rally beginning from the Men's gym down Second street to Santa Clara street, back along First street to San Carlos, and finally to the Civic auditorium.

An old-time pep session has been arranged with the rally committee, headed by Happy LaBee. The program will consist of yells, songs, and quartet singing by the Spartan Glee club. Al Davina and his orchestra has been obtained to play between interludes of singing and yells.

PROGRAM BROADCAST

The program will be broadcast over a state-wide radio hook-up, with the Spartan band lending the accompaniment.

Speakers for the evening will be Dr. T. W. MacQuarrie, college president, Football Coach Dud DeGroot, and the new advisory coach, "Pop" Warner. Members of the football team will be introduced by Coach DeGroot.

Passes to the forthcoming Spartan-University of California Ramblers game at Spartan Field, an autographed football signed by all members of the team and Coaches DeGroot and Warner, and five copies of "Pop" Warner's own book telling of a generation of football experience, "Football for Coaches and Players", will be awarded as prizes at the rally.

JCC IN CHARGE

JCC members in charge of the rally are M. F. Susanji, Luther Tice, Joe Lowry, Dr. Kimball Anderson, Clyde McDonald, M.E. Nelson, Ray Dwyer, Clark Saunders, Irving Beaulieu, Ted Ladine, and Walt McPherson, San Jose State graduate manager.

N.Y.A. Projects Assigned By Dean

N.Y.A. work has been assigned to 155 students, Dean of Men Paul Pitman announced today. About 20 more applicants will be assigned projects within a week, Pitman said.

Miss Ruth MacFarlane, assistant state N.Y.A. director, visited the campus yesterday and spoke highly of the program as conducted here. Norman Wagner, a graduate from San Jose last year, is area supervisor for the student aid program in this region, covering six counties.

Dr. T. W. MacQuarrie attended a state N.Y.A. meeting in Los Angeles over the week-end.

DAY EDITOR, This Issue JOHN HEALY

Attention, Student Council . . .

Tonight the student council meets for the first time of the 1939-40 period to handle the business on hand which will probably amount to the organizing and getting acquainted with some of the problems that have to be met during the year.

Whether this governmental body of the Associated Students is aware or not, there is one important question that is met repeatedly by those connected with student elections. We refer to the matter of casting out ballots which do not entirely follow the rules that are outlined at each election.

To exemplify this problem, it has been the custom in each election to designate on each ballot the number of candidates that the voter is supposed to elect. When the time comes for tallying the ballots, it has been found in practically every instance, there are a few who do not meet the required rules. As a result, these ballots are thrown out.

On what basis are these ballots eliminated? Is it because the election board is following the precedence of some former election, or does the constitution of the Associated Students definitely state that all irregularly marked ballots should be eliminated from the final tally?

In former elections the procedure in handling these quarterly and annual events has been done without any definite set of regulations. In future elections, we might be questioned as to the legality of this inasmuch as some defeated candidate might feel he has a claim to these ballots which were cast out.

The Spartan Daily, as an organ of this institution, wishes to make the following motion to the student council: We move that in order to facilitate future elections on the student campus, pertaining to student affairs, that the student council draw up and approve a set of election rules that must be adhered to by all candidates, members of the election board, and by those nominating persons for student affairs. —Maynard.

Largest State College . . .

By the end of the week, the enrollment of San Jose State college is expected to go over the 4000 mark. Regardless of whether it does or not, San Jose remains the largest state college in California with better than 3900 students registered at present.

We will be crowded and for awhile we may be subjected to some disadvantages, but this should give us a real test of our ability to face conditions. In the end, it will be a united student body, proud of its college, which will look back on a year of successful activities.

Realize from the beginning the advantages being offered by the college. Besides preparation for vocations, and social activities, San Jose State students receive an important service which is taken for granted by many. Medical care by the college Health office is something which each student should regard as an outstanding service.

With such an increase in enrollment, this health service will also be crowded; but remember that everyone must help make the best of it.

Fat In The Fire

By JIM BAILEY

Below are a few particulars which will make things easier for those fellows who are to be taught flying this year by the government:

They will take you out to the airport and show you something which they claim will fly. It has a couple of things hanging out here and there, and a prop.

You are now required to check everything carefully. You'll be as ignorant as I was, but pretend anyhow. When they ask for a volunteer to swing the prop, keep back. You'll look awfully silly trying to swing the wing by mistake.

Next, it is necessary to push the plane out of the hangar. Be sure and tear some of the fabric off a wing by pushing it into another plane. It will prove you are earnest. The plane comes out of the hangar easier if you don't try to push it through another plane.

Once out on the field first check the tires. I've an idea the air in their tires is what makes those ships go up. I find the one I fly goes easier if I help by holding my breath. (Don't laugh. You'd hold your's too if you flew with me!)

If any student desires further information, please send a self-addressed envelope . . . I'll be only too glad to steam off the stamp and keep it!

THRUST and PARRY

CONTRIBUTORS' COLUMN

Saturday is the deadline for registration of qualified voters. On November 7 the electors of this state will march to the polls to vote "yes" or "no" upon the California State Retirement Life Payment Act . . . \$30 a week for life.

Our state, thanks to the democratic tradition, is owned by all of us. Each has a stake in its future. Every qualified voter is given the privilege of helping to direct its destiny.

Those of us who are eligible, let's qualify our vote by registering now. Let's take advantage of this enviable, democratic privilege. The voice of the people controls the law of the state. Let's make ours be heard on November 7. —ARNOLD MEHLHOFF.

NOTICES

Orchesis will meet at 7:00 tonight in the Dance Studio. —M. Lucas.

Miss Twombly would like to have all freshman football players, police students, foodhandlers, and nursing students who have not taken the tuberculin test report to the Health office October 2 between the hours of 12:00 and 1:00.

When San Jose State invaded Kezar Stadium last Saturday, the Spartans and the student body showed the type of spirit that makes one proud of his school.

At no time during the afternoon did the local rooters or players display any actions which would not be sanctioned by the severest of critics. It was an outstanding exhibition and a top-notch start for San Jose State.

Saturday's performance is called a start because it was the first official game since the opening of classes. In the two games played prior to Saturday's contest, the student body had not been organized, although the rooters did give creditable showings.

As the season progresses, local supporters will have additional chances to show that spirit which

makes for warm rivalry in the keenest of traditional games. Outstanding of these occasions will be the College of Pacific contest. Known for their fighting spirit, the Stockton rooters are also a group of the finest sports on the coast. San Jose, by its performance at San Francisco, showed that the Spartans rank in this division too.

Sparta's 116-piece band appears to be headed for even greater recognition than was received last year. A small group of 88 members in 1938, State's organization displayed mid-season form in its between halves exhibition at San Francisco. Less than a week's practice was behind that performance, but you'd never have known it from the way they carried out their duties.

KAUCHER FLEES WAR ZONE

Speech Teacher Sees Europe Arm

By IRENE MELTON

"All I do is start on an air trip and I start a war!"

With this statement aviation-minded Dr. Dorothy Kaucher, instructor in the Speech department at San Jose State college, summarized her well-known air travels of the last three years.

"In 1937 I flew to China," Dr. Kaucher went on to say, "just in time to see a conflict start there. 1938 found me winging my way to Brazil, where I stayed until things stopped looking so peaceful."

CLIMAX IN '39

"1939 proved to be the climax, however, and this time it looks like I've begun something."

Presenting the highlights of an almost around-the-world flight this summer on a Pan-American clipper, an air voyage in which she crossed the Atlantic, visiting England and France, the flying teacher drew vivid word pictures of her experiences abroad, especially her observance of the "war of nerves" she discovered in Eng-

land. As Dr. Kaucher described it, "The situation was one of dreadful suspense. No one wanted to discuss war, and yet its inevitability was sensed by all. I saw pets peacefully put to death to escape being killed later on, and nearly all of the poisonous snakes and dangerous animals in the zoos were done away with in preparation for the conflict."

SILENCE WISEST

America's wisest policy in this time of war is silence and more silence, the speech teacher feels. "Americans should keep their opinions to themselves or we may find ourselves divided into two camps. In that case we'd soon be fighting a war of words on this side of the Atlantic while they're fighting a war with bombs on the other side."

Dr. Kaucher continues her practice of writing about her air adventures with an article entitled "Flight By Way of Azores", which is scheduled to appear in the October issue of Air Lanes magazine.

RECORD HEAT WAVE TAXES COLLEGE CO-OP; 'COKE' RECORD SET

San Jose State's sweltering 3900 students mobbed the Co-op fountain during last week's heat wave and consumed a month's supply of 41 gallons of Coca Cola syrup in six days.

Record day for "coke" consumption was Friday, during which Washington Square's heat-parched thousands soaked up 13 gallons of Coca Cola syrup, according to Elsie Wright of the Co-op staff. Most popular drink of the week, in spite of the huge "coke" con-

sumption was limeade, which heavily outsold its closest competitor.

THE SPORTS

Pony Express

By PONY SWENSON
Spartan Daily Sports Editor

A lot of ball games are won off the field of play, and last Saturday's 16-6 victory over the San Francisco Dons may have been one of them.

HOT BOX—It was an hour and a half until game time, and the hot-box dressing room at Kezar Stadium had the entire Spartan personnel looking like fugitives from a Turkish bath. Outside, down on the green turf of Kezar it wasn't much cooler, with a breeze keeping the mercury from going any higher than 95.

DUD USES NOGGIN—Coach Dud DeGroot, whose head isn't confined solely to hat rack duties, ordered shoulder pads and jerseys withheld until game time. He sent his gridmen out to limber up, all looking like a bunch of strip tease artists and as scantily clad as football ethics would allow.

But the Spartans' little pre-game scamper around the turf at Kezar in their negligees may have been a factor that had a lot to do with the outcome of the ball game.

HERE'S WHY—The Dons came charging out for their setting-up exercises, outfitted in complete football regalia. While the San Franciscans had to lug around several pounds of shoulderpads, the Spartans carried little excess weight, except "T-shirts" and a few hairy chests. The somewhat refreshing breeze that rippled the flags and swept across the Kezar greensward was shut off the Dons' sweating bodies by heavy game jerseys, while the seminaked Spartans got the full effect of it.

WHO KNOWS—Maybe DeGroot's little bit of strategy to beat the weatherman had something to do with it, or maybe it didn't. But when the Spartans finally did don shoulder pads and jerseys for the start of the game, they appeared the fresher team. From the start they socked the Dons so hard they jarred their teeth; they beat them to the punch on every play; and they had the Padres stunned and rocking on their heels before the game was two minutes old. Ask any coach and he will tell you the team that gets in the first blows is the one that usually wins the ball game.

GAME POSTLUDE—Few people know that Leroy Zimmerman, who sparked the touchdown drive that put San Jose out in front, went into the ball game with ribs so badly bruised that it hurt him to breathe deeply. . . . Captain Bob Titchenal and brother Davie corked up holes in the Spartan forward wall to turn in nice exhibitions of line backing. . . . Morris Manoogian is the classiest halfback we have seen all season. Who was this guy Zetterquist? . . .

Peagreeners Get Hard Scrimmage In Drill Today

Apparently satisfied with the offensive performances of his frosh grid squad in Friday night's intersquad scrimmage, Coach Tiny Hartranft will send his peagreen pigskinners through a scrimmage session this afternoon at Spartan Field.

SIXTY OUT

A total of 60 aspiring gridiron candidates are reporting for regular practice sessions, with their sights set on the Salinas J.C. contest Friday night. Due to the heat wave which cut short all activities at Albany high school last week, the scheduled contest between the local freshmen and the invading preps was cancelled. In the absence of Albany, Coach Hartranft scrimmaged the entire squad for three hours.

Outstanding performances were turned in by Stewart and Ramsey line candidates, and Charles Bolster, fullback from Lowell high in San Francisco. Although the blocking and defensive tactics employed by the first and second strings was far from sensational a steady improvement has been noticed by the genial mentor.

EYE SALINAS

With the two-hour scrimmage set for this afternoon, the local frosh will take it easy for the remainder of the week in an attempt to be in the best possible shape for the Salinas tilt.

Stanford First Water Polo Foe

With a full double round schedule carded, Coach Charlie Walker's varsity water polo squad opens its defense of their 1938 Bay City Water Polo league championship Thursday, October 5, against the Stanford septet in the Indian frog pond.

Touted as one of the strongest teams in the loop, the Redskins will be out to dethrone the strong Washington Square team. Capable transfers and first-year plays have greatly strengthened the Stanford squad.

Included in the Spartan schedule are the teams from the San Francisco Olympic Club, Athens Club, and the University of California.

Plans are being formulated for a trip to Southern California in November, but as yet no definite schedule has been arranged, stated Coach Walker.

NOTICE

Old members of the Rainbow club are asked to meet in the H.E. building, Room 1, at 12:00 today. Bring your lunch.—Edith Riley, pr.

Spartan Daily Sports

SPARTAN DAILY, TUESDAY, SEPTEMBER 26, 1939

Plans Completed For Second Annual Novice Wrestling Tournament

The second annual San Jose State Novice Wrestling tournament will be held the last week of October, announced Coach Gene Grattan to a meeting of last year's varsity at his home in Willow Glen Sunday.

The tournament will be conducted in the same manner as last year's, with four teams entered. The meet will be strictly novice, and everyone is eligible except men with previous wrestling experience.

Freshman Water Polo Team Faces 15 Game Sked

Facing the most ambitious schedule ever attempted by a San Jose septet, Coach Charlie Walker's freshman water polo squad opens the 1939 season Friday afternoon in the local pool against the San Jose high school squad.

In the schedule, released today by Graduate Manager Walt McPherson, the local first-year men have carded a total of 15 contests. Highlighted by a home and home contest with the University of California frosh septet, the list of contests includes Stanford freshmen, San Francisco Olympic Club, Athens Club, San Francisco Y.M.C.A., and several other strong bay city teams.

The regular league schedule includes a double round of tilts against S.F. Y.M.C.A., S.F. Jewish Center, Olympic Club and Athens Club. Other contests have been set with Palo Alto and Sequoia high schools.

The schedule is as follows:

- September—**
29: San Jose H.S., here 4:30.
- October—**
6: San Jose H.S., here, 4:30.
11: Olympic Club, here, 8:00.
14: California Fr., here, 8:00.
16: Palo Alto H.S., here, 4:30.
18: San Francisco Jewish Center, there, 7:00.
21: Athens Club, here, 8:00.
25: Sequoia H.S., here, 4:15.
26: Olympic Club, there, 8:00.
- November—**
1: Stanford Fr., here, 8:00.
3: S.F. Y.M.C.A., here, 7:30.
8: Athens Club, there, 8:00.
11: California Fr., there, 8:00; (tent.)
16: S.F. Y.M.C.A., there, 7:30.
17: San Francisco Jewish Center, here, 7:30.

Former high school wrestlers are barred, in order to encourage new material to enter.

Teams are to be entered by Captain-elect Fortune Masdeo, Mel Bruno, Fred Albright, and Con Lacy, who will coach their respective teams. At present, Lacy's team looms as the possible title winner. Anyone interested in competing is urged to sign up with one of these men immediately.

Equipment for the varsity was issued last night, and workouts commence Wednesday. A practice meet is slated for both freshmen and varsity in the near future.

F.D.R. No Obstacle To Grid Schedule

San Jose State's mighty grid machine will definitely face the powerful Drake University football eleven on the night of November 30 at 8:30 in Spartan Stadium, providing the weatherman gives the go-ahead sign, stated Coach Dudley S. DeGroot yesterday.

In the event of bad weather on that night, said DeGroot, the game will be postponed to Saturday afternoon, December 2. This was the decision reached by the Elks Charity committee at its regular meeting Monday night.

According to Coach DeGroot, the changing of Thanksgiving Day to November 23 by President Roosevelt will in no way affect the Spartan schedule.

NOTICE

Special meeting of Gamma Upsilon (Student Union girls) to discuss policies for the coming year. I expect all members to be present. Very important; be at the Student Union at 12 sharp.

—Marcelle Chabre.

Bear Cast-offs Can Raise Havoc With San Jose

With their successful "coming out party" at Kezar Stadium last Saturday a thing of the past, the San Jose State Spartans, who crashed the inner-circle of "big time" football society with a 16-6 win over USF, went back to work yesterday.

Dud DeGroot's "debs" have another job cut out for them, and it will be the Cal Ramblers from Berkeley who will sink their cleats into the Bermuda grass-covered field of Spartan Stadium next Friday night.

RAMS DANGEROUS

Untried and unproven in actual competition, the Ram invasion will consist of a mass mobilization of cast-offs from Stub Allison's Golden Bear varsity. The California reserves have a lot of football under their belts and they will be out to make a showing and climb back on the "gravy train".

If the Ramblers are clicking, they may be the team to "burn down San Jose's playhouse". And the Spartans are fully aware of this.

RESERVES WORK

For his first stringers who saw the most action, Dud DeGroot conducted a light drill to work out some of the aches and soreness sustained in the San Francisco game. It was the Spartan reserves who had the whip cracked over them in a scrimmage session that found the boys going at it hammer and tong in a slight afternoon drizzle.

Leroy Zimmerman, ailing fullback, may be withheld from Friday night's game in order to allow his banged-up ribs to heal sufficiently. The "Z-man" will be in suit for the contest but won't play unless San Jose gets into trouble and sends out a hurry-up call for him to get in the fray.

NOTICES

Charter members of Pi Sigma Chi: Meet your fraternity brothers at 12:00 in Dr. Pickwell's lab. There will be a discussion of this quarter's program.—Depew, pres.

Delta Phi Upsilon: There will be a meeting tonight at 7:15 at Miss DeVore's home, 156 N. 31 street. Sign up on the bulletin board for transportation if needed.

Name

Address

Yal Omed Smoker Tomorrow Night At Local Hotel

Yal Omed, junior branch of the Masonics, will hold a smoker tomorrow night at eight o'clock at Hotel DeAnza, according to Carl Arth, president of that group.

All freshmen and transfers who have had De Molay affiliations or whose parents are Mason are invited to attend this gathering, it was announced. Plans for the coming year will be outlined to the prospective members.

A meeting of the group was held Wednesday at which time installation of officers by outgoing President James Rouse took place. Other new officers aside from Arth are Ellis Rother, vice-president; Frank Holt, treasurer; and George Mansfield, secretary.

Pegasus Holds Initial Meeting

Holding their first meeting of the quarter, members of Pegasus, literary honor society, will meet tomorrow evening at 7:30 in Room 1 of the Home Economics building.

Officers of the organization elected last quarter are Mary Belick, president; Mary Traub, vice-president; and Helen Bardmess, secretary.

Two vacancies are open in the organization, whose membership limit has been set at 23. All those interested in applying for entrance should give original manuscripts to Dr. James Wood, or any members of Pegasus, Miss Belick announced.

New Sharpener!

Yippee! No more trekking 20 miles for one to get his pencil sharpened if, by some twist of fate, he happens to find himself studying in the library.

Yessir, there's a pencil sharpener in our library this quarter, a situation eliminating the cross-country trips necessitated by its absence last quarter.

Only fly in the ointment is the location of the new sharpener. Successfully hidden in the little alcove to the left of the door as one enters the library, the new coral-glazed device sharpens eyes as well as pencils.

Open House Is Planned By YW On Wednesday

YWCA Open House for all women students will be held Wednesday from three to five in the YW room.

Eleanor Hamilton, chairman of the affair, reports that there will be a general sign-up for all YW activities after which refreshments will be served.

There will also be an opportunity for all freshman women to sign up for the freshman YW picnic October fifth.

NOTICE

All persons wishing notices in the Daily must submit them typewritten before three o'clock of the day before which they will appear.

COMMUNITY LEADERSHIP CLASS OPENS

In an attempt to fill the need for social service leaders in and around San Jose, a new night course called Community Leadership is being offered to social service majors, Dr. William Poytress, head of the Social Science department, announced yesterday. The first meeting will be held tonight.

Milton Rendahl, a new addition to the faculty, will be in charge of the course, as well as teaching another new subject, Economics of Consumption. Mr. Rendahl has been Director of Child Welfare in Vallejo, field representative for the American Red Cross, and Social Service supervisor in the State Relief Administration.

U.C. Invites Twenty Girls To Swim Meet

Twenty girls, not yet named, have been invited by the University of California Life Saving Corps for an all-day picnic and swim meet Sunday, October 1.

All girls who are advanced swimmers and interested in attending the meet are asked to sign up in the Women's gym with Miss Gail Tucker before 4 o'clock today.

The invitation was originally extended to members of the women's Swimming club here, but according to Miss Tucker, there are not enough girls in the club.

The group will leave here early Saturday morning and travel by bus to Berkeley.

P.E. Curriculum Larger, Dance Courses Added

Physical Education departments have extended their dance programs for this year to include social, folk, clog, and modern dancing.

Two classes in modern dance for men Physical Education majors have been formed, in addition to the regular men's modern dance group on Thursday nights from seven to nine.

The class in philosophy of the dance will begin a new activity, that of dance composition for different periods in history, such as primitive, medieval, Renaissance, and modern.

Orchesis, advanced dance group for women, will meet Tuesdays from seven until nine, and Junior Orchesis, open to all women interested in modern dance, will meet Thursdays from five to six.

KAPPA PHI'S TO MEET TONIGHT

When Kappa Phi, Methodist women's organization, holds "open house" tonight at 7:30 in Room 1 of the Home Economics building, "Council Echoes" will be the theme of the evening's program.

The schedule will include reports from Northfield Council delegates supplemented by a display of favors, souvenirs, and programs which were received during the week's conference.

Anyone interested is invited to attend.

ALTER SHOP TO CARE FOR MORE PUPILS

Rearrangements and building improvements in three Industrial Art departments afford room for one-third more students, according to B.W. Spaulding, associate professor of Industrial Arts.

Mr. Spaulding supervised improvements by state construction workers during the summer.

A new mezzanine floor in the finishing room, a modern mill department, rearrangement of machines, general re-decoration, and an enlarged print shop, are major alterations in the woodwork building.

Improvements in Assistant Professor George H. Spearman's machine shop include a revamped washroom and locker room, enlarged office space, new office equipment, a new open steel tool cabinet, more efficient arrangement of machinery, and the mounting and insulation of the air compressor on a steel shelf atop the machine shop roof.

Changes in Assistant Professor Judson Aspinwall's electric shop include a balcony for storage, indirect lighting, installation of a fluorescent daylight lamp, and an exhaust fan to carry away battery fumes.

NEWMANS PLAN AFTERNOON HOP

To foster a more friendly relation, Newman club is sponsoring an afternoon dance on Wednesday from 4 until 6 p.m.

The music, according to Social Committee head Mannie Silva, will be popular recordings. There is no admission.
