San Jose State College

Deadline For Student  
Loans Set For  
Five O'clock Today

VOL. XXVIII.

SAN JOSE, CALIFORNIA, TUESDAY, APRIL 2, 1940

NUMBER 110

## STUDENT LOAN FUND

### Application Deadline Today At 5, Says Dean

Today at 5 o'clock is the deadline for application for the \$150 California Congress of Parents and Teachers student loans, according to Dean Paul M. Pitman.

Any student who has the proper scholastic and personal references can apply for the loan, which is interest free and is not due until three years after the recipient begins to earn a salary, points out the Dean.

"While not urging students to borrow money, this loan system does permit students to go on with their education," he said.

All applications must be sent to the State Student Loan Chairman and filed before April 15. Since the student needs at least a week to secure the necessary recommendation, applications must be in today.

It was also emphasized by Dean Pitman that the loan is to be made next year and not immediately available. The age limit is 18 to 24 years inclusive, with no consideration given married students.

Students unable to matriculate after receiving a loan must immediately return the money to the California Congress.

### Spartan Knights Give Another Bid For Dance

Another free bid to the Spartan Knight dance Saturday night is offered today to the student whose student body card number checks with the one posted in the Publications office window or in the Spartan Knight showcase in the main building.

According to Dance Chairman Stan Murdock, yesterday's posted number was 819. Holder of that student card may claim his bid at the Controller's office. Murdock announces that another number will be posted tomorrow morning in the same spot, making a total of three free bids to be claimed.

Featuring Hal Moreno and his orchestra, the dance will be held at the Sainte Claire hotel from 9 to 1 o'clock. Novel bids in the form of a scroll are selling for \$1.25 and may be secured in the Controller's office or from any Spartan Knight.

The dance will center around a medieval theme featuring a "Spartan Knight of Knights". Although billed as a spring formal, those attending may wear suits or any light-colored wear, Murdock states.

### New Librarian Here

Miss Laura Young is the newest addition to the library staff, according to Miss Joyce Backus, head librarian.

A graduate of San Jose State college in June of last year, Miss Young is employed in a clerical position at the circulation desk.

### Counselor Guest Speaker At First YW-YMCA Dinner

Featuring Miss May Robson, vocational counselor of the San Francisco YWCA as the guest speaker, the YW and YMCA will hold the first Association Supper of the spring quarter on Thursday evening from 5:30 to 7:30 o'clock in Schofield Hall of the city YW.

Tickets for the supper which cost 25 cents must be obtained by tomorrow, according to Miss Mary Frances Hill, YWCA secretary.

A report of the nominating committee for next year's officers will be given at the supper and a vote will be taken as to where the new 'Y' headquarters will be located next fall.

### Housing Group Meets To Open Investigation

Housing committee members will take their initial step towards a new investigation of college housing conditions this quarter with a meeting today at 12:30 in the student body president's office in the Student Union presided over by Chairman Doan Carmody.

Carmody, appointed housing committee chairman at the winter quarter organization dinner, said that the group would map out a plan for a thorough investigation of conditions which will be conducted during this quarter.

Included on the committee besides Carmody are Jane Jillson, Dorothea Mae Clark, Dick Ofstad, Enid Chamberlin, Barbara Matthews, and Bill Rodrick.

### STUDENT CARDS ISSUED TODAY

Student body cards for entering freshman and transfer students will be given out this afternoon in the Student Body President's office in the Student Union, Steve Hosa, card committee chairman, announces. Distribution hours will be posted on the office door.

Students who haven't had cards visaed for the spring quarter may have this done today on presentation of their temporary cards.

### STATE WILD FLOWERS Featured In Library Exhibit

"California Wild Flowers" is the title of the current library exhibit, made up of hand-tinted flower photographs made by Roland Rice of Saratoga.

Rice is the son of Mrs. Bertha Rice, well-known lecturer on the conservation of wild flowers in California. The pictures are put on display in the library every spring, according to Miss Helen Bullock, librarian.

Poetry of England, Ireland, Scotland, and Wales is the subject of the Multiplex exhibit on display this week, arranged by the members of Miss Celeste Slauson's class

### LA TORRE FEE NOW PAYABLE

Payment for La Torre, student yearbook edited by Bill Laffoon, must be made in the Controller's office at the following times for the alphabetical name groups:

Today—E,F—12-12:30; G,H—12:30-1:00. Tomorrow—J—12-12:30; K,L—12:30-1:00. Thursday—M,M—12-12:30; N,O—12:30-1:00. Friday—P,Q—12-1:00. Monday—R—12-1:00. Tuesday—S—12-1:00. Wednesday—T and all others who have failed to pay—12-3:00.

### Players End Season With Shaw Drama

George Bernard Shaw's "Heart-break House" has been chosen as the closing production of the San Jose Players for the spring season, announces Mr. Hugh Gillis, Speech department head.

#### PLAY TIMELY

The play combines excellent comedy with a timely theme, making it an exceptionally good piece to present at this time, according to Mr. Gillis. Mr. James Clancy will direct.

Rehearsals began yesterday for "Henry IV" after cast selections Friday. Howard Chamberlain has the lead as the man who, during a period of insanity, thought he was Henry IV of Germany and regulated his life according to standards befitting royalty. Janey Bronson, as Matilda Spina, has the leading feminine role.

#### FIRST PRESENTATION

This is the first time any of Luigi Pirandello's works have been presented by the Players, and this play is considered the best of his works which always deal with psychological conflicts.

"Twelve Pound Look", originally planned as the third in a series of noon one-act Player presentations, will not be given as previously announced, according to Mr. Gillis.

### Council Meets Tonight

Student councilmen will hold their first meeting of the spring quarter tonight at 7 o'clock in the Student Union. Student Body President Hugh Staley will preside.

## WORLD'S FAIR COLOR SLIDES

### Photographs Of Art Exhibition Tonight For Finnish Relief

Color slides taken of pictures from the \$20,000,000 art collection shown at the New York World's Fair last year will be shown in a Finnish Relief exhibition in the San Jose State college Little Theater tonight at 7:30, according to Marques E. Reitzel, college Art department head.

### College Musicians Return From L.A. Trip Today

After a series of appearances at the Los Angeles conference of the National Music Educators association, San Jose State college's touring group of more than 50 musicians returns home today.

#### SOME REMAIN

Although a few members of the Symphony orchestra, the A Cappella choir, and the Woodwind choir are staying in Los Angeles until Friday, the bulk of the three organizations return to Washington Square today.

Adolph W. Otterstein, head of the Music department and conductor of the Symphony orchestra, and Thomas Eagan, director of the Woodwind choir, are staying in the southern city to participate in ceremonies of the national convention of Phi Mu Alpha Sinfonia, national honorary music fraternity. Mr. Otterstein is supreme vice-president of the group while Mr. Eagan is western province governor.

#### BUSY YESTERDAY

The Symphony orchestra played before the music educators yesterday in Philharmonic Hall. The A Cappella choir, directed by William Erlendson, played at the noon meeting of the California Western section of the National Music Educators conference and the evening meeting of the Los Angeles chapter of the American Guild of Organists, completing a four-concert itinerary.

### JAPANESE WILL CONVENE HERE APRIL 20

Nisei students representing twenty-five universities and colleges are expected here when the local Japanese Students' Association act as hosts to the Fifth Annual Northern California Intercollegiate Advance on April 20.

The theme, "Live Today for Tomorrow", will be reflected in the round table discussions to be held by the groups as a main division of the one-day program. Faculty speakers leading these discussions will be Dr. Bertha Mason, Miss Estella Hoisholt, Dr. William Poytress, and Mr. Claude Settles.

Representing San Jose State college, Miss Clara Hinz, faculty adviser for the local group, will deliver the welcoming address to the delegates at the opening assembly in Morris Dailey auditorium. Other faculty speakers who will address the delegates are Dr. Elmer Stafflebach, DeWitt Portal, and Dean of Men Paul M. Pitman.

### English Coach Adds Extra Hour For Spelling

An additional hour, 11 a.m. on Monday and Wednesday, has been arranged for those wishing help in spelling and construction, announces Miss Edna Bradfield, English coach.

Many students, according to Miss Bradfield, are in danger of receiving incompletes in English classes because of poor spelling, and this particular course is designed to give special attention to their problems.

Although groups are preferred, some individual instruction may be arranged. Any student interested is asked to see Miss Bradfield in Room H34-U. The other hour for instruction is 8 a.m. on Tuesday and Thursday.

### Former Student Appointed Cadet

Word has been received from Moffett Field that Leonard Dying, former San Jose State college student from Los Altos, has been appointed a flying cadet.

Dying, according to the announcement, will attend the Ryan School of Aeronautics at San Diego for his primary pilot's training, following which advanced training will be received at Randolph and Kelly Fields in Texas. A commission as a second lieutenant, air corps reserve, will follow completion of the entire course.

**It Can Happen Here . . .**

Closely following Dr. MacQuarrie's blast against brutal fraternity initiations last month came the news from a mid-Western university of the death of a student as a result of such "bazings" as denounced by our college president.

This fatality, which was intended to be "all in fun", should serve as an answer to some of our own fraternity men's contentions that "nothing serious can happen here". Fortunately nothing of such serious consequence has ever evolved out of initiations conducted by San Jose State college organizations, but by no means should fraternities use this as grounds to continue rigorous practices determining the neophyte's ability to "take it".

The overdone initiation has done more harm than good to fraternities, because of the unfavorable, but just, impression it has made upon the public as a whole. These more or less asinine practices have in general made the name "fraternity" synonymous with "play-boy" and "rah-rah" groups rather than serious types of organizations.

It seems that organizations centering around an educational unit could substitute for prevailing tomfoolery and punishment constructive initiation requirements. One of the most constructive things that the fraternity element of this college could do, both for itself and the school, would be a pledge to Dr. MacQuarrie of an initiation "cleanup".

We wonder which organization will be first?

**San Jose State Movies . . .**

Last week, at the request of an instructor, two students undertook to obtain for class use a room equipped for the showing of a motion picture.

These students soon discovered that the task was not as easy as they had first supposed. They investigated the possibility of four rooms supposedly available for such purposes, the Little Theater, Rooms 112 and 210 in the Science building, and Room 1 in the Home Economics building, finding that in each case, the Drama, Science, and Art departments, respectively, had the rooms scheduled for their own use. It was only by a rearrangement of schedule that one of the rooms was secured.

This situation illustrates the problem that many instructors have to face when they wish to show movies and slides in connection with their courses. Nowhere in the college is there such a room available for the use of classes in general.

The rooms already mentioned were intended for the exclusive use of the respective departments and it is hardly fair to expect them to relinquish their rights.

In addition the school owns no sound equipment, and while it does have a few projectors, they are hard to secure.

Wouldn't it be a highly desirable and useful addition to college facilities if there were open to the use of instructors and classes a room completely equipped for the showing of motion pictures? An advance sign-up could be required and the inconvenience of searching about among other departments to borrow equipment would be eliminated.

**Generally Speaking**  
By BILL RODRICK

The decision of the city bus lines which made students over 18 years of age ineligible for the 3½-cent bus fare provoked considerable protest from college students who, expecting to get a reduction in their home-to-college transportation costs, found themselves unable to purchase the student pass books when the rates went into effect yesterday.

There appears to be no reason why any discrimination, as far as the rates go, should be made against college men and women who regularly use the bus lines for transportation. Certainly, the students here could well use the saving and some adjustment on this matter would seem to be in order.

"Hitch Your Waggin' to a Car!". Claiming that the Daily Californian was seriously considering sponsoring a coast-to-coast hitch-hiking race, the President pro-tem of the USC Thumb-Waggers' Association issues a written invitation to any State hitch-hiker to join with other hardy adventurers from California colleges to enter the transcontinental competition—but during spring vacation.

Of course this invitation comes

too late to do any of the gentlemen around here with an enthusiasm for free transportation any good. It is honesty, pure, unadulterated honesty that compels us to insert this little item in the column.

It seems that the hitch-hiker who issued the invitation for this cross-country tour, perhaps doubtful of the state of the treasury of any "thumb-waggers'" club here, had the foresight to enclose a three-cent stamp in the letter; so we take this opportunity of offering said stamp to its proper owners—hitch-hikers real, potential, or otherwise—provided they have the proper credentials, of course. All goods left over 30 days will be confiscated.

The Polish refugees inside Poland, whom we admit forgetting all about in the midst of Finnish, Chinese, etc. relief drives hereabouts, have finally come into their own. We see, according to a press release, that the University of San Francisco will produce Rostand's "Cyrano de Bergerac" in their Little Theater April 9 through April 13 as their contribution to the Paderewski Fund for Polish Relief, Inc.

Dear Thrust and Parry:

On April 19th, college students all over the United States are demonstrating their sympathy for the cause of Peace. The setting aside of this particular day was done by the students themselves, who feel that the bloodshed, the intensification of hatred and economic conditions, the significant factors of war, are burdens which fall primarily on them. This is definitely not an effort of any outside group to promote any particular or discriminate a political issue, but a student demonstration in favor of peace in the world. These demonstrations, developing in a well regulated manner, have been carried on for several years.

In the long run, the final choice between war and peace lies with the people themselves. The feelings of the American people are more responsible for the tragedy of the last war than we are readily willing to admit. And, in spite of the fact that there is more than one legitimate and comprehensible view upon the present war situation, there is none of us who is not fully conscious of the waste, the horror, the complete tragedy of war itself, and who want to feel that human beings have been civilized enough to oppose the cruel barbarity of war in the world and to accept their responsibility to peace.

In view of the fact that last quarter, the "Daily" carried several editorials supporting a belief that student organizations could well cooperate in the cause of peace, it seems to me, here is an opportunity for us to activate this belief.

A group of students are meeting at 7:30 tomorrow in the "Y" room to coordinate the activity for student Peace day on April 19th. All student organizations are urged to send representatives so that the much discussed process of democracy may be enacted, and so that the entire student body may feel that they are participating with students all over the United States in a demonstration against the principal of war.

Sincerely,  
ELIZABETH MOSS

**The STATE Of Things**

By VANCE PERRY

Throughout the year complaints have been filed through the columns of the Spartan Daily regarding the noise and general lack of concentration in the library. Many remedies have been suggested, including one which would install a student policeman to patrol the beat.

The solution seems much simpler than all this, however, and it is apparently being put into operation by the library staff. Recently, it has been noticed that some of the more avid conversationalists have received rebukes from those in charge, and, furthermore, that the rebukes had the desired effect of quieting the chatters.

Although it may be distasteful to the librarians to have to play the role of the old-fashioned school master, it does seem to be doing some good and for that reason the discipline should not be relaxed. While there are some who may enjoy the attention gained by a rebuke and feel like a devilish rake, most college students feel a little sheepish at being called down.

Of course, it must be remembered that a certain amount of conversation sometimes is valuable in studying. There are times when consultation between students is almost necessary. If conducted with reasonable quietness and good manners, it cannot be condemned. But good sense and good taste should be maintained; and for those who display neither, the new vigilance of the librarians is a mild but effective measure.

**THINKING IT OVER**

By Gardner Waters

Having majored in science for three years we've always had a sort of dumb admiration for the gentlemen of the test-tubes and cadavers. But we are being disillusioned. They are carrying things too far.

Some four years ago Dr. Gregory Pincus of Clark University succeeded in producing a daddy-less female rabbit by removing an ovum from one female, dunking it in a chemical solution, then replanting it in another female. Now he has succeeded in accomplishing the same thing by means of ice water and without having to remove the ovum from the first rabbit.

That, it would seem, is carrying things too far, especially if this technique is developed to include human beings. In the first place, just imagine the class distinctions which would arise. The ladies of the First Four Hundred will turn their noses skyward by reason of the fact that they were fathered by Mrs. Vanderastor's new Kelvinator. The rabble, it is presumed, will be sired by an old-fashioned ice box.

Furthermore, such parthogenesis if successful among human beings, would probably only produce fe-

males. The thought is appalling. It just simply means that we men have to stick together if we are not to become extinct because of refrigeration competition.

If sometime in the future, men disappeared, who would go out on the battlefields and slaughter one another? Who would they subsidize for football games? Who would drive automobiles sanely? Who would be President of the United States? But why go on?

And if you women think this manless future would be desirable, you might read Aristophanes' "Lysistrata". You would probably conclude that men are handy creatures after all, even if only to keep the car polished and to hold packages when you do your Xmas shopping.

# SPARTANS, SAN DIEGO CLASH TODAY

## TRACKSTERS WORK OUT AS S.F.S. MEET CANCELLED

### Spartans To Face Fresno State College Hampered By Loss Of Harry Murphy

With hopes for a victory over Fresno State growing dimmer each day, Coach Tiny Hartranft's varsity track and field performers return to practice this week after being rained out of their scheduled meet with San Francisco State Saturday.

The Spartan mentor, who, at the beginning of the season, had the reputation of the strongest San Jose coach in history, suffered another setback last week when it was discovered that Harry Murphy, a star sensation, will be out for several weeks and possibly for the entirety of the season.

#### MURPHY OUT

Murphy, who only two weeks ago ran a 24.1 flight of low hurdles, is a strong dash man, fair jumper, high hurdler, and was counted on to score heavily this year. He enrolled in school in September but had to drop classes when he developed a stomach ailment. Again in January he signed for track, but broke his ankle and had to quit school for the second time. This quarter he again reported for practice, but last week suffered a recurrence of his former injury and was advised by a doctor to lay off for several weeks.

**FULLERTON J.C. STARS**  
Murphy's injury was compounded partly by the enrollment of former Fullerton junior college performers. John Peek, the nation's number one junior college jumper with a mark of 24 1/8 inch last year, began work Monday. Kerney Sigler, Eastern Conference mile champion, also tours the two-mile distance reported for practice as did Ruiz, sprint man.

The trackmen have no meets scheduled this week, but open the season next Tuesday against the Olympic club of San Francisco.

## Fraternity Plans Organization League

The Epsilon Kappa, national physical education fraternity, and sponsors of the intramural program, announces the beginning of an organization basketball league. All recognized organization on campus are eligible to enter the league, according to Harold Smersfelt, chairman of the affair.

The number of entries is sufficient, the league will be divided into divisions, such as honorary organizations and social organizations, Smersfelt said.

The games will be played from 6:00 to 8:00 in the afternoons.

All those interested are urged to sign with Smersfelt. A meeting of all managers or of some representative of the team is planned today at 4 o'clock in the Men's Gymnasium.

Whoever borrowed the Publication office stapler is requested to return it immediately.

# Spartan Daily Sports

SAN JOSE, CALIFORNIA, TUESDAY, APRIL 2, 1940

With the weather man showing signs of cooperation for the first time this quarter,

Coach Tiny Hartranft, left, is sending his Spartan track team through a series of intensified workouts in preparation for the coming Fresno meet. The Spartans haven't had an outing against dual competition to date and will get their first test against the Olympic Club next week.

## PASSERS AND KICKERS MISSING AS SPRING GRID PRACTICE OPENS

"Lack of passers and kickers seems to be our greatest weakness," stated Ben Winkelman, new Spartan grid coach, yesterday as he laid plans for the first session of spring practice scheduled for Spartan field this afternoon.

"It is not very often that a coach can find a back like Zimmerman, last year's star fullback—a man that could pass, kick, and run. As it looks now, we will have to use one man for each of these fundamentals," Winkelman said.

With passing, blocking, and other fundamentals planned to take a good portion of the first practice, Advisory Coach Glenn "Pop" Warner is scheduled to start the offensive thrust with a "bang" by introducing several new plays.

Winkelman plans little change in the football system of San Jose State college. The only change, he announced last week, that would be made was the doing away of the shifting of players on defense and offense.

"Because of lack of players for certain positions it was previously necessary to change players around for offense and defense, but now that the squad is larger and we have plenty of good football players, it will not be necessary," he said.

## FROSH MEET PREP NINE

With prospects of fair weather, frosh baseballers will be busy for three days hence.

This afternoon Larry Florini's squad matches tosses with Santa Clara high on cross-city Washington park. Tomorrow afternoon they travel to Centerville, meeting Washington Union high. Thursday afternoon they conclude the week's schedule at Mountain View against the high school there.

Pete Filice will open tomorrow's

## Five Named On All-Conference Soccer Teams

The all-conference soccer team picked by the coaches of the California Intercollegiate conference placed three of San Jose State college's championship squad on the first team and two on the second, Coach Hovey McDonald revealed yesterday.

Diedricksen, San Jose fullback, and Fahn, Spartan wing, were given undisputed rating, while Rother of San Jose and Cuthbertson of Stanford tied for conference honors at left half.

Hill at goalie, and Masdeo at inside right half were the two Spartans making the second team.

The San Jose team ran up a string of ten straight victories during the season, and climaxed the year by annexing the conference title.

Complete lineup follows:  
First team—G.—Sanz-Agero (S); R.B.—Diedricksen (SJ); L.B.—Golden (USF); R.H.—Carriere (UC); C.H.—Altman (UC) and Blumquist (USF); L.H.—Cuthbertson (S) and Rother (SJ) tie; O.R.—Habu (UC); I.R.—Ameglio (MJC); C.F.—Larsen (UC); I.L.—Shiba (SMJC) and Sontum (S) tie; O.L.—Fahn (SJ).

Second team—G.—Hill (SJ); R.B.—Georgian (SFJC); L.B.—Ibragimoff (UC); R.H.—Clark (S); C.H.—Edwards (S); L.H.—Bogart (SMJC); O.R.—O'Looney (USF); I.R.—Masdeo (SJ); C.F.—no second; I.L.—no second; O.L.—Zegura (USF).

game on the mound. Wednesday and Thursday, Frank Abbe and "Punch" Espinosa will probably hurl.

## Bachesto Park Scene Of Doubleheader; First Game Starts At 1 P.M.

San Jose's chance in the CCAA baseball conference wavers on the fence today awaiting the outcome of the doubleheader with San Diego Aztecs this afternoon at Bachesto Park, 13th and Empire streets. The first game is scheduled for 1 o'clock, with the second to follow immediately.

The Spartans will have to win both games to remain in the race for the top spot of the conference.

## Wisconsin Rated Favorite As NCAA Tourney Draws Near

### San Jose, Idaho Lead Pacific Coast Entries

By CON LACY  
University of Wisconsin, with two of their four 1939 NCAA titleholders returning, again seems to be the team to win in the National Intercollegiate boxing tournament Thursday, Friday, and Saturday at Sacramento. The cream of the nation's boxing talent will be entered, with University of Idaho and San Jose State college leading the Pacific coast entries.

Boxing Coach DeWitt Portal is undecided regarding his Spartan entry list, but plans to enter a full team if possible. At least six Spartans will compete, with question marks regarding the lightweight and heavyweight divisions.

Pete Bolich, regular light heavyweight, may be moved up to the heavier class in an experiment to fill up the heavyweight weakness. Bolich is rugged and tough, and Portal believes his superior speed may give him an advantage over the heavier boys. Bill Amann is the most likely candidate to replace Pete in the 175-pound class.

Captain Bill Bolich, Pacific Coast Intercollegiate 155-pound champion, is rated the most likely San Jose entrant to win. His stiffest competition will be Woody Swannett, defending champion from Wisconsin. These two boys fought a smashing draw last year at San Jose.

San Diego split with the league leading Santa Barbara Gauchos nine over the week-end, raising their percentage to .500—two games won, two lost. The Gauchos to date have won three and lost one, while the Spartans have lost three and won one.

San Jose split with the San Diego nine over spring vacation, taking an 8 to 2 game and losing a lop-sided contest, 13-1.

Coach Walt McPherson will start the slender Tony Nasimento on the mound for the Spartans in the first game with Aubrey Minter catching. The Aztecs will probably start ace hurler Bus De Volder to oppose Nasimento. McPherson is undecided as whether to start Kasparovitch or Crissio on the mound for the second game.

Infield lineup will probably consist of Allen, first; Sanchez, second; Captain Rhodes, third; Hunt, shortstop; with Carter alternating in the infield for the second game. In the outfield will be hard-hitting Ben Frizzi, centerfield; Gurich, leftfield; and Fancher, rightfield. Anello, Terry, and Boscaccio will alternate the outfield posts for the second contest.

Spartan's hitting power lies in the hands of Allen, Frizzi, Sanchez, and Pitcher Nasimento.

## GOLFERS FACE BEARS TODAY

Coach Walt McPherson's undefeated golf team will meet the University of California Bears this afternoon at the San Jose Country club starting at 1 o'clock.

The match will be a return engagement between the two squads who tied earlier in the year.

Captain Warren Keeley, Ken Hornlein, Bill Hern, Bill Parton, Bob Burshfield, and Floyd Showers will be the San Jose competitors.

## SPARTAN TENNIS TEAM MATCHED WITH C.O.P. TODAY

Rained out of their scheduled match with Shell A.C. Saturday, San Jose State's varsity tennis squad meets the revamped College of Pacific netters today at 2 o'clock on the local seventh street courts.

This is the second time the two teams have met this year, with the Spartans shutting out the Tigers 9 to 0 in their first encounter. Since the initial clash, Coach Kjeldsen has switched his entire COP lineup in an effort to strengthen the invaders.

Playing in the number one spot for the Tigers is Marcello Umipeg. Umipeg will face John Kryslak,

former Fremont high school star, who has been playing brilliantly for the Washington Square racket swingers this year. In the second singles match, Ed Harper of San Jose will tangle with Doug Sabiston, former first singles performer for the visitors.

Coach Blesh is slated to start Victor Ehle in the third singles berth with George Kifer or Captain Jack Dixon in the fourth spot. George Egling or George Quetin will play in the sixth singles match.

## Freshman Women's Club Plans Week-end Retreat

### Seven Neophytes Initiated By Dance Society

Seven new members of Orchesis, women's honorary dance society, were initiated at a ceremony held in the Women's gym Friday.

Co-eds who were accepted after presenting original problems were: Evelyn Bravo, Geneva Gmelin, Dorothy Gott, Phyllis Jacobus, Jean Moss, Genevieve Peddicord, and Alice Thomas. At present the group numbers 24 members, according to Miss Marjorie Lucas, adviser of the organization.

Orchesis members are planning a program for the Japanese Student Conference on April 20 and the Annual Dance Concert on May 16.

### Candidates For Commencement Exercises Named
