

COUNCIL ASPIRANTS NOMINATED

Spartan Daily

San Jose State College

VOL. XXVIII. SAN JOSE, CALIFORNIA, WEDNESDAY, MAY 8, 1940 NUMBER 136

Twenty-Three Enter Race For Student Governmental Jobs

Twenty-three eligible candidates were nominated for next year's seven student council offices yesterday in the nomination assembly held at 11 o'clock in the Morris Dailey auditorium beginning a week of undergraduate political activity culminating in the general election Monday.

Failure of three candidates nominated in the assembly to pass scholastic requirements and the withdrawal of a number of students who had previously announced their intention to run brought down the number of nominees to well below the pre-assembly estimate of 35, who ran last year.

The 23 nominated were: Gene Rocchi, Sidney Webb, Gay Van

Perre, Bob Payne, Billie Starrett, Verne Williams, Bill Van Vleck, Chauncey Benevento, George Jorgensen, Happy LaBee, Harrett Maninna, Stanley Murdock, Al Alton, Bob Locks, Leonard Bock, Tom Griffin, Frank Bonanno, Leonard Morten, Bill Sellers, Charles

Candidates for student council positions will be given the opportunity to present their platforms or pre-election statements to the student body through the Spartan Daily. Council nominees desiring to take this opportunity are requested to place election statements of not more than 100 words in the Daily contributions box by tomorrow noon. These will be run in Friday's issue.

Fulkerson, Dave Atkinson, Frank Martella, and Dick Uhrhammer.

Nominees to the student council were invited at the assembly by Open Forum officials to appear on their program Thursday noon in the Little Theater to present their platforms and to answer questions from the audience if sufficient time is available.

Presided over by Hugh Staley, student body president, the meeting was attended by a small number of students, along with supporters of the candidates.

Noel Coward's Comedy Plays Again Tonight

Carrying out a highly successful experiment in the field of theater production the San Jose Players gave Noel Coward's sparkling comedy, "Hay Fever", in its first night last night in Room 1 of the Art building as an intimate theater presentation.

The comedy will be repeated tonight, Thursday and Friday nights at 8:30. Since this form of production in which the audience sits all the way around the stage, cuts down the audience capacity, according to Hugh Gillis, Speech department head, there are still a few tickets for tonight's show.

The play, which is about a house party in the home of Judith and David Bliss, and the complications and embarrassing situations which arise because of crowded conditions and artistic temperaments, is directed by Miss Margaret Douglas, who also plays the part of Judith.

DeWitt Portal is cast as her husband, and her children, Sorel and Simon, are played by Mary Lou Somerville, and Bob Gleason.

Wesley Goddard and Marie Carr, faculty members, are cast as Richard, a house guest, and as the tolerant housekeeper.

Three Co-eds Entertain At AWS Jinx Tomorrow

Three San Jose State college co-eds will furnish a varied program of entertainment at the AWS Jinx to be held tomorrow night in the Women's gymnasium.

Vocal, piano, and dance numbers will be included on the two-

hour program, which will also feature games, refreshments, and dancing. Program Chairman Dorothea Newhouse announced yesterday.

Vocalist for the evening will be Henrietta Harrison who will sing two numbers. Wilda Enos will play two piano solos, including one Gershwin number.

Leila Gulmurt, well-known campus dancer who appeared in the Revelries last week, will give four dance solos, one of which will be the number she performed in the "Inferno".

Theme for this year's affair is "Advertisements". All women attending will be dressed in costumes appropriate for this idea. Decorations will also carry out this idea, with posters and labels covering the walls of the gymnasium, General Chairman Irma Manzo announces.

Violin Quartet Plays For Patrons On Thursday

Four students of Miss Frances Robinson, violin instructor, will appear before the Patrons Association at their monthly meeting Thursday afternoon at 2:00 in Room 1 of the Home Economics building.

Harry Duffy, Rose-Ellen Sanders, James Diehl, and Jean Telfer will play a Mozart quartette at the meeting which is open to anyone interested.

Six student speakers will also appear on the program, Maurice Faulkner, faculty sponsor, announced yesterday.

SCHOOL COLORS COME TO VOTE AT ELECTION

Results To Be Used As Guide In Action

The much-discussed school color change question will be put to a "test" vote at next Monday's election, the student body council decided last night at its regular meeting in the Student Union.

While the outcome of the vote to find out if the student body "favors a change from the present color combination, gold and white", will not result in any official action, the council stated that it would use this as a guide when it discusses the issue with a committee of faculty and alumni members at a later date.

If the student body shows its approval of the change in next Monday's election, several color combinations will be put to another "test" vote on the May 17 ballot.

Filling the vacancy left by Doan Carmody's withdrawal from school, the council appointed George Jorgensen as head of the Housing Investigation committee for the remainder of the quarter. The body also named Dick Uhrhammer chairman of the Student Body Card committee for next year.

To allow Spartan swimmers to finish their extended schedule and enter the California Collegiate Athletic Association Spring Sports Carnival at Fresno May 17 and 18, the council transferred \$75 from the reserve fund to the team's budget.

NBC Auditions State College Talent Friday

Radio-minded Staters will be given their chance to break into the radio profession at a talent search to be conducted in the Music building Friday afternoon under the direction of two NBC representatives.

Lee Strahorn and Dick Bertrandias, former San Jose State college student now working as a writer for NBC, are the two scouts holding the audition, which is open to all San Jose State college students, according to an announcement received by the Spartan Daily yesterday.

Regrets at having missed the Revelries show last week were expressed by the NBC representatives, who declare that any and all talent will be welcomed at the tryouts.

The hearings will start in the Music building at 1 o'clock Friday and will continue throughout the afternoon. All students are invited to appear and demonstrate their ability.

Tickets For WAA Hobo Picnic On Sale

Tickets for the WAA Hobo picnic to be held Monday evening, May 20, will go on sale in Mrs. Myrtle Calkins' office in the Women's gymnasium tomorrow.

An annual affair to which all women students and faculty are invited, the program which will last from 4 to 7 p.m., will include games, races, contests, and entertainment.

Everyone attending will be dressed in appropriate hobo costume and vie for prizes to be awarded to the wearer of the best outfits, according to Genevieve Peddicord, general chairman.

The ten-cent admission charge will entitle the participant to a characteristic hobo "bill-of-fare" which will top the evening's program, she says.

Juniors Meet To Plan For Sneak Week Tomorrow

Convene With Seniors Following Assembly

Junior class will hold its regular class meeting tomorrow at 12 o'clock in the Morris Dailey auditorium following a general assembly for the purpose of making final Sneak Week preparations, according to President Al Aiton.

Sneak Week Chairman Frank Bonanno urges all juniors to attend this meeting in order to get secret information for plans to combat the seniors.

With all classes being dismissed at 11 o'clock Thursday by President T. W. MacQuarrie, juniors should attend this final and all-important meeting, declares Aiton.

Education Head Comes Here

All Classes Dismissed At 11:00

All classes will be dismissed at 11 o'clock tomorrow and the entire San Jose State college student body will gather in the Morris Dailey auditorium to hear an address by Dr. Walter Dexter, superintendent of public instruction and director of education in the state of California.

TELEGRAM MESSAGE

News of Dr. Dexter's arrival was received in a telegram sent to Dr. T. W. MacQuarrie, president of the college yesterday, and made necessary a change in the time for the junior-senior meetings scheduled for 11:00. Upperclassmen will remain in the auditorium for a meeting directly following Dexter's address, Senior President Barney Murphy announced yesterday.

"Dr. Dexter is probably one of the best speakers in the state of California, and his remarks are sure to be of both entertainment and informative value," Dr. MacQuarrie said.

Main purpose of the superintendent's visit is to allow him an opportunity to look over the situation of the San Jose State college campus with special reference to the high school problem.

VISIT IMPORTANT

"In view of the expected proposal to the state legislature that the college take over the high school property it will be greatly to our advantage to see that Dexter is familiar with our crowded conditions," MacQuarrie explained.

Now in immediate control of all state colleges, Dexter received his M.A. from Columbia University and his Doctor's degree from Harvard. Tomorrow's visit will be the first time he has been on this campus since the 1937 Diamond Jubilee.

RECITAL TONIGHT

Mr. and Mrs. Dexter Give Program

Presenting a joint piano and violoncello recital tonight at 8:30 in the Little Theater, Mr. and Mrs. Benning Dexter will make their second formal public appearance at San Jose State college since Dexter joined the Music faculty as piano instructor last September.

The program for the evening will include two groups of solos and a Brahms sonata.

The sonata, Brahms' "Sonata for Cello and Piano, F Major", will be played in its entire four movements. This selection, composed in the latter part of Brahms' life, is described by Dexter as having the rich sonorities and broad sweep characteristic of the German flavor found in Brahms' symphonies. "This selection is characterized by virtuoso writing for the two instruments," Dexter pointed out.

Dexter's five piano solos include compositions by Brahms, Chopin, and Liszt. Mrs. Dexter will play six violoncello selections, including Bach, Haydn, Chopin, Senaillie, Ravel, and Cassado.

Mr. and Mrs. Dexter presented a similar recital here last November, which played to a capacity house, and which Adolph W. Otterstein, Music department head, described as unusually well-received, and as showing fine musicianship.

An Unused Privilege . . .

Interest in elections here has never been overly great if the number of students balloting annually can be taken as a criteria, but, if yesterday's nominations assembly is any indication, a usually apathetic student body has become even more so—or perhaps it's spring.

At any rate, few students besides supporters of the nominees showed up for the assembly to bear the nominations and listen to the few introductory remarks made about the men and women from whom next year's council will be chosen.

The general student body, it would seem, would be at least interested in who is going to spend their money and run their government to the extent of attending the assembly where, incidentally, any one of them could have proposed a candidate. Unfortunately, however, students seem as interested in this phase of the council campaign as a blind man at a pantomime show.

In this chaotic world today, few people have the democratic right to cast a ballot that means anything, but the preservation of that right demands the use of it—not the continual disregard of the privileges which still remain with us—

—And if you, as students of this college, think that right is worth preserving, make the best and most immediate use of it by considering a little more carefully the qualifications of the men and women running for student council and, more important, cast a ballot in the Monday elections.

Another 'First' . . .

Another big step forward in the technical progress of San Jose State college is the inter-office dial telephone system, whose wires open this morning to the use of students and faculty.

One of the first schools in the state to replace the variety of outdated systems now in use, this college can point with pride to the new telephones as an honest attempt to make the most of overcrowded facilities and antiquated equipment.

Quicker service with less effort is the most obvious feature of the new system. A full-time operator is unnecessary—occasional attention to the switchboard on outside or long-distance calls is all that is required, leaving the operator free to attend to other duties in the office.

There is the chance that a few students, either through ignorance or carelessness, may abuse the privilege offered with the installation of the telephones—a word to the wise should be sufficient; the equipment is not only expensive but does not belong to the college.

This "first" is another blow to the tradition that State is standing still . . .

—Graham.

NOTICES

There will be a very important Kappa Delta Pi meeting today at 4:00. Will all of the active members please meet in Room 155. It is necessary that everyone attend in order to make the banquet a success.

Der deutsche Verein meets at 8 o'clock tonight in Room 155. First year students especially invited.

Pegasus committee meeting today, 12:00, in Morris Dailey.

SCANNING THE STACKS

By IRENE MELTON

Nothing 'fishy' about the new BOOK OF FISHES in the library, describing the better known species of food and game fish found in the coastal and inland waters of the United States.

Edited by John Oliver La Gorce, Litt. D., D. Sc., vice-president of the National Geographic society, the book contains 443 color portraits, 102 biographies, and 162 photographs of our finny friends.

A science book that reads like fiction! This is PRELUDE TO CHEMISTRY, written by a man with more degrees than a thermometer.

John Read, Ph. D. (Zurich); M.A. and Sc. D. (Cambridge); and F.R.S., is the author of this easy-reading work on the development of alchemy. Amusing illustrations add to the attractiveness and interest.

For those who like their current news events in map form, there is a new WAR ATLAS at the reference desk with 45 maps that originally appeared in the New York Times.

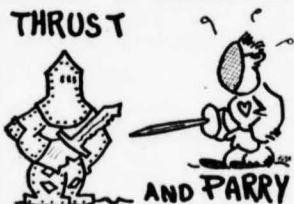

Emil Herlin of the "Times" staff drew the maps and Writer Varian Fry supplied the text and organization of the book as a whole.

This is No. 23 in a series of HEADLINE BOOKS which are being put out by the Foreign Policy Association. Busy newspaper readers will delight in these news maps of the latest events in the European conflict.

The captain of the 1937 Dartmouth Skating team has written a book on skating in collaboration with a member of his team.

SKATING is the title of Captain Harold Putnam's and Member Dwight Parkinson's work, one in a series of the Barnes Dollar Sports Library.

The history of skating is given briefly, together with chapters on plain and speed skating, figure skating, and free skating and dancing. The queen of the ice-skates, Sonja Henie, is presented pictorially at the beginning of the book.

ED. NOTE—All Thrust and Parry contributions must be signed by the writer. If requested, only initials will be printed, but the article will be accessible to anyone wishing to see it.

Thrust and Parry:

Remodeling of the AWS lounge has brought up a serious problem among women students in the college.

Co-eds who use the AWS room object strongly to the new rules set by the AWS council which state that women students are no longer allowed to leave their things in the room. Most of all they object to the fact that they cannot eat their lunches there.

Probably there is a good reason for this charge. If there is, and the women knew about it, they would be only too happy to cooperate. But as it is, these rules are being ignored.

If there is no specific reason for this change, then I suggest determination of the use of the AWS lounge be left to a vote of the Associated Women Students. —F.S.

Putting 2 & 2 Together

By PONY SWENSON

A PARADOX—The laxity San Jose State collegians show at every student body election raises a paradox that should cause a great deal of head scratching in educational circles, where the virtues and advantages of democracy are some of the fundamental things that our system of learning tries to instill in the background of its scholars. The way we shy away from the ballot box may be substantial evidence that college students, whose educational level theoretically is above average, are indifferent to democratic methods. AN EXAMPLE—As an example of this, contrast the percentage of votes cast in a campus election against those cast on a city-wide scale, where the voters are not expected to have as high an appreciation for their voting privileges. In last year's election for student body council, only 1392 votes out of a possible 3000 were cast, or 46 per cent. Monday's municipal election found 23,625 of 41,640 registered voters going to the polls, or over 56 per cent. Even national elections, which include voters living in the unedu-

ated slum areas of big cities, draw a larger percentage of voters than do our own.

FURTHER PUZZLING—Another situation which does not speak well for the voting habits of alleged citizens of Spartatowne is the fact that there is no inconvenience connected with casting an on-campus vote. It can be done hurriedly and at most any time of the day at polling booths located within a very small radius.

On the other hand voters representing the masses in many cases must cast their ballots after working-hours and at remotely located voting places. In other words, there isn't a legitimate excuse that we can offer for not participating in elections.

KEEP IT!—It is doubtful if we would ever approve of student government being abolished, although our willingness to take part in elections is lacking. However, the only way to keep our voting privilege is to make use of it. Let's keep it.

The STATE Of Things

By VANCE PERRY

It is almost a surety that the proposed amendment to change the time of electing the yell leaders from fall to spring will be looked upon favorably at the polls Monday.

This will mean that the yell leaders will be chosen at the same time as the president and vice-president of the student body, namely, Friday, May 17.

The change will undoubtedly be beneficial in that it will make it possible to have a picked yell leading crew ready for action at the first football game in the fall, and, incidentally, save the student body the cost of a second election.

The shift, however, will at the same time make it necessary for those aspiring to the jobs to get off the dime and organize their campaigns immediately.

Providing the amendment passes, it will be necessary for an assembly to be held between May 13 and May 17 to give the hopefuls an opportunity to try out before the student body. Those seeking the yell leading jobs therefore must declare themselves and be ready for the tryout.

In view of the turnout at the nominations assembly yesterday, however, it may be like turning in a four-alarm signal for an incinerator fire to urge aspiring yell leaders to be ready for an emergency. It would do just about as much good for the aspirants to do their tricks in the middle of the Quad at midnight as to gyrate before the one-half of one per cent who felt enough civic interest to attend the meeting yesterday.

The logical method of trying out under present conditions would be to corner unsuspecting students individually and demonstrate your ability. Then you could be sure that 15 or 20 would see you.

Down Swing Alley

By BOB NERELL

Ellington Cuts Two Jazzy Classics

Tops in recent record releases is Duke Ellington's "Solitude" and "Mood Indigo" which has been put on the Columbia Jazz Masterwork label. Both sides show Ellington at his best, which means that followers of jazz classics will be demanding this disc.

"Solitude" features Ivy Anderson's husky blues voice, as does "Mood", in a pleasing slow tempo. The Duke's piano work and tenor by Ben Webster highlight this side. "Mood Indigo" is super, featuring a weird quality that is strictly sepia and in the Ellington style. Webster again shines with some wicked tenor as does Cutie Williams on his trumpet on Columbia 35427.

For some really great sax ensemble work lend an ear to Benny Carter's band on "Among My Souvenirs" and "Fish Fry", Vocalion 5458. Carter treats "Souvenirs" in exceptional style in bringing out the sax section. Coleman "Bean" Hawkins, voted Number

One tenor man this year, joins Carter on this disc to strengthen the reed department.

The trumpet solo and the trombone section give the platter a lift. Roy Felton handles the vocal pleasantly. "Fish Fry", a riff number, is filled with plenty of takeoffs, although not of the wild type. Trumpet solo (Joe Thomas?), Carter's sax, and the trom work in the low register are well executed.

Sonny Burke takes his place among swingdom's top rankers with two sides for Vocalion (5459) that click from the start. "Pick-A-Rib" is played in a new arrangement that is well grooved. Trumpet and tenor riffs sparkle as does the sax ensemble. "I Never Purposely Hurt You" is in slow dance tempo that shows the phrasing and good tone of the Burke outfit.

SAN JOSE, CALIFORNIA, WEDNESDAY, MAY 8, 1940

ALUMNI TEAM PRESSED FOR GRID PLAYERS

Annual Contest Scheduled For Spartan Stadium Tomorrow, 4:00

Bull Lewis, manager of the alumni team and one of San Jose State's leading fullbacks a few years back, is having trouble gathering enough players to oppose Warner's and Winkelman's varsity eleven for the annual alumni-varsity grid game scheduled for 4:00 tomorrow afternoon in Spartan stadium.

VARSITY HELPS

Winkelman announced yesterday that members of the varsity spring practice squad will have to fill in positions where the alumni lack players.

The Spartan mentors are in about the same state of mind as far as the starting line-up for the varsity team goes. Warner and Winkelman have been drilling the Spartan elevens on pass offense, and are running the team through a daily scrimmage.

ALUMNI STRONG

The alumni team will have a strong group of former Spartan gridiron greats if jobs and other conflicting issues do not stop the former players from turning out.

Alumni players announcing their intentions of playing are Keith Birkem, 1938's Little All-American quarterback; Morris Manoogian, last year's halfback ace; and Herm Zetterquist, halfback. In the forward posts will be Hal Buffa and Doan Carmody, guards; Bob Birkem, Bronzan and Mitch Ucovitch, hard-hitting tackles; Little All-American Lloyd Thomas, and Chuck Johnson at ends; and Bob Titchenal at center.

MAY PLAY

Joseph Myers, big tackle and former player on the Loyola team, is reported to be a possible starter to oppose the varsity.

Little blond Stuart Carter is the latest Winkelman backfield find. Playing right halfback, the lightweight Oakland lad caught the eye of Warner and Winkelman following scrimmage early in the week.

The annual varsity-alumni barbecue, open only to alumni and varsity football members, will be held on Spartan field following the contest.

Birkem

Relay Team After Win

THE SPARTAN SPORTFOLIO

By Hank Litten

One of the sports writer's best friends in the Physical Education department is young Walt McPherson, Spartan mentor of basketball and baseball.

1940 BASKETBALL

Walt, whose 1940 horsehide contingent took a severe beating from the man weather throughout the entire season, is already laying plans for the 1940 basketball season.

As you will remember, Walt stepped into the position of head basketball coach when Bill Hubbard resigned to follow Dud DeGroot to Rochester University in New York.

San Jose had just completed a disastrous cage season—from the standpoint of attendance and interest.

1939 LETDOWN

The all-time low for enthusiasm among Spartan sport fans was reached on the nights of March 1 and 2 when the Washington Square Spectators, fighting for second place in the CCAA standings against the National Intercollegiate run-ups, San Diego State, were greeted by a measly crowd of 750 spectators.

Now Walt is willing to forget the past and is pointing for the future. Already he has contacted officials from Stanford, University of California, University of Nevada, and the powerful Marshall college of Virginia as Spartan opponents in an attempt to build up the hardwood sport in San Jose.

PLANS FOR NEXT YEAR

The next move will be made in the California Collegiate Athletic Association coaches meeting at which time schedules for all winter and spring sports will be made out.

Walt's plan is this: Realizing that basketball is on the down grade in the CCAA unless something is immediately done, he is suggesting that a home and home series of two games be arranged with all four members of the league.

FANS GET BREAK

This will mean that home town fans will be given the privilege of seeing their "boys" compete against each of the state college aggregations in addition to the practice games.

Walt also believes that basketball players suffer a letdown in their game unless they are given plenty of work. If he can secure enough strong opponents, the young mentor plans to have at least two practice games a week scheduled for pre-season activity and sandwich in another practice encounter during the league schedule.

With such big name teams as Stanford, Marshall, and others in the list of home games, the cage sport will receive a much needed revival.

NOTICES

Special Interfraternity meeting today at 3:00 in Room 7.—Payne.

Senior P.E. majors will meet tomorrow at 5 p.m. in the gym.

SPARTANS FACE STRONG COMPETITION SATURDAY

Quartet In Revenge Role At Fresno

One of the most interesting races on the track and field program is the mile relay—and Saturday's college relay at the West Coast Relays in Fresno is expected to be no exception.

LOST LAST YEAR

Last year San Jose State's four-man quartet of Herman, Ruble, Kerr, and Collins lost a hair-line decision to George Pepperdine College of Los Angeles. This year, in addition to the San Jose-Pepperdine grudge battle, two other combinations will be in the running for the gold medals.

Fresno State college, with sensational Bobby Madrid running the anchor lap, will be co-favorites with San Diego's outstanding four-man team. Both of these squads have conquered the Spartans in dual meet competition.

VICTORY POSSIBLE

However, as the entire San Jose team will be entering the race without previously competing in other running races, chances for a Spartan victory seem possible.

On the Relay program, the mile relay is run off after the college medley relay. Three of Fresno's outstanding performers will have ran laps on the medley team and will undoubtedly not be in their best condition.

The Pepperdine outfit, which earlier in the season won the Drake Relays, will be back in full strength with hope of another victory. Foggy Lovorn, Pepperdine's anchor man, is one of the fastest quarter milers in the nation.

Lettermen Plan Important Meeting Tonight

Varsity Lettermen's society will hold an important meeting tonight in the Student Union at 7 o'clock to determine a definite policy concerning eligibility, according to Gene Rocchi, president.

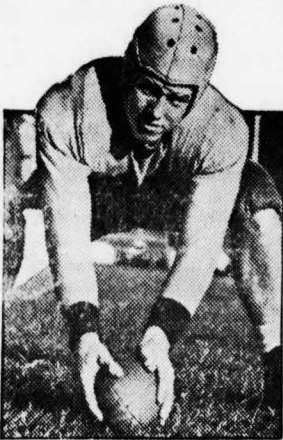

All block "SJ" wearers are eligible at present, Rocchi said, but in the future prospective candidates must be passed upon by old members. Present plans call for a limitation upon the number of members possible. Only about 30 of the 125 lettermen in school will be allowed active participation in the reorganized society, Rocchi declared.

All varsity award winners are urged to be present tonight by Rocchi, as arrangements for the new membership cards will be made. Lettermen desiring cards should sign up with Rocchi immediately.

NOTICE

AWS council meeting at 4:00 today in AWS room. Important for all members to be there.

Alumni---Face Varsity Grid Team Tomorrow

Above are two former Spartan grid greats who will oppose the varsity football team in the annual varsity-alumni game to be held in Spartan stadium tomorrow afternoon. Titchenal, captain of the Spartan team last year, will probably play at center. Bronzan, rated as one of the best tackles on the coast last year, will probably start at that position.

FRATERNITY TRACK MEET POSTPONED

Due to conflicting activities of Sneak Week, the annual social interfraternity track meet scheduled for this afternoon at Spartan field was postponed until two weeks from today.

This meet will mark the resumption of the annual affair which was last held three years ago with the Delta Theta Omega fraternity emerging with the team title.

Complete entry lists of the five social fraternities have not been announced. The DTO's are the only social group to release a complete roster.

MILE INTERESTING

The mile run looks to be the feature event of the afternoon with several outstanding members of the prominent groups meeting for a grudge race. Ben Johnson, Alpha Pi Omega; Don Anderson and Bob Payne, Delta Theta Omega; and Steve Hosa, Alpha Pi Omega and prominent student council member, are those bidding for a win in the four-lap race.

Fraternities may be limited to two men in each event, Dick Payne, DTO in charge of the meet, declared.

Five fraternities entering teams are: Delta Theta Omega, Sigma Gamma Omega, Alpha Pi Omega, Gamma Phi Sigma, and Delta Sigma Gamma.

ENTRIES

Entry list for Delta Theta Omega team follows:
100—Nielson, Rex Pursell, Jack Ronald, and Tom Taylor.
Mile—Bob Payne, Don Anderson
880—Bob Woods, Ray Vidler
440—Bob Woods, Reed Serber, John Swanson

National Aeronautic Fraternity Installs San Jose Chapter

Flying to San Jose Saturday to install the new San Jose State college aeronautic fraternity as the Eta Chapter of the International Alpha Eta Rho, Earl W. Hill, national president, and Lavern Ford, USC president, will complete formal initiation ceremonies at the De Anza Hotel Saturday night.

With twenty-three members of the local chapter joining the international organization, President Charles Blanchard announced yesterday that the San Jose chapter will be among leading aviation colleges in the country holding charters. Others are Northwestern, Princeton, Virginia, and Southern California.

Many other leading aeronautical names such as Roscoe Turner, Eddie Rickenbacker, and important airline executives are members of this fraternity which has established itself as of international importance in a fast coming field, says Blanchard.

The local officers to be installed will be Charles Blanchard, president; Bob Willis, vice-president; Harry Killpack, treasurer; Gerald Fitzgerald, secretary; and James Curran, sergeant-at-arms.

Seven faculty members will be present at the combined dinner and initiation ceremonies.

Dr. Staffelbach Speaks At Philosophy Meet

Dr. Elmer H. Staffelbach, head of the Education department, will be the speaker at the meeting of the Philosophy of Life Discussion group this afternoon from 4 to 5 o'clock in Room 14. "Trends in Modern Collegiate Education" will be the topic.

The subject of education should be of vital interest and all students and faculty are invited to attend the discussion, according to Co-chairmen Agnes Rider and Bill Nitschke.

SGO, Kappa Rho Sigma Dance Bids Available

A few bids are still available to the college's first fraternity-sorority dance which is being given Saturday night at Pasatiempo Country club.

SGO fraternity, in conjunction with Kappa Rho Sigma, social sorority, are the sponsors of the spring formal. Chosen to provide the music for their principal function of the quarter is Howard Fredric's "Band of Gold".

Because of the beauty of the surroundings and the architecture of the buildings no decorations will be added other than the shields of the two buildings which will be placed at either end of the ball room, according to Kappa Rho's dance chairman, Sally Pinkham.

Bids are selling at \$1.50 and corsages will be worn.

NOTICE

It is imperative that all those who have signed to go on the Entomology club trip to Lake county be present at either the noon (12:15) meeting or at 4:30 this afternoon. Both will be in Room S213. Final arrangements will be made. Bring your money so we can buy food.

—E. Smith, pres.

Knights Initiate Eight 'Squires' This Week

Eight "Squires" are going through their informal initiatory work for admittance into Spartan Knights, honorary campus service fraternity, this week.

Traditional Quad shows, with the Squires as the main actors, will continue today, following an informal opening Monday noon.

Informal rites will conclude tomorrow evening in the Knight room when the neophytes will be put through their final paces, including the annual "Knight Derby".

"Squires" are Ollie Upton, Tom Taylor, Bill Duran, Doug Curry, Jerry Fear, Don Griffin, George Endrich, and Bob Bareuthers.

DR. PICKWELL PRACTICES UNIQUE HOBBY

Practicing one of Washington Square's more unique faculty hobbies, Dr. Gayle Pickwell, science professor and author, finds that it is quite likely to pay dividends.

Dr. Pickwell, who has made a hobby of keeping a photographic record of his son, George's, progress from the age of three months to six years and two months, plans to submit a series of 34 photographs of his son to the MacMillan Publishing Company for a children's book titled "George Grows Up To Six". Each photograph is accompanied by a two-line jingle.

If published, the book will feature full page, eight by ten inch photographs. Already an author of three published books on scientific subjects and one book about to be published, Dr. Pickwell commented that his latest venture has given him the most pleasure in creation.

WOMEN SOPH P.E. MAJORS GIVE BAR-B-Q

Women faculty members in the P.E. department have been invited to the sophomore P.E. majors Bar-B-Q, which will be held tomorrow at 5:00 at Alum Rock.

Following the picnic students will attend the Women's Jinx which will be held in the gym beginning at 7:30, according to Dr. Irene Palmer, head of the department.

NOTICES

AWS meeting will be held in Room 20 at 4 o'clock today instead of the AWS room which is being painted.

A sale of frozen ice cream bars sponsored by the YWCA will be held in the Quad from 11 to 3 o'clock today. All students are urged to treat themselves to one of these bars.

Bulletin Explains Use Of Dial Phone System

Bulletins containing information on the new dial phone system have been distributed throughout the college, announces Bill Evans of the Information office.

Included in the bulletins are an office directory and an alphabetical directory of the faculty with the corresponding numbers to be dialed on the new system, which goes into effect today.

According to the bulletin, the operator must not be dialed for inter-departmental calls but only for outgoing calls to San Jose and long distance calls. The latter must be placed through the operator in order to identify charges.

For outgoing calls, the number "nine" must be dialed, the bulletin explains, and "ZERO" dialed for long distance calls. In all cases the phoner should listen for the dial tone.

Some of the college departments and the dial numbers which have been given them include: Appointment office, 20; Dean of Men, 27; Dean of Women, 28; Health department, 34; Library, 41; President's office, 54; and Publications, 56.

The bulletin reveals that incoming outside calls may be transferred by "flashing" the operator, moving the receiver bar up and down slowly. A too rapid movement will fail to flash.

In case of fire or other emergencies, "Zero" must be dialed, the person giving his name and location and nature of the emergency.

A.E.S. Pledges Take Part In Ritual Tonight

Alpha Eta Sigma, accountants' honorary fraternity, will perform the final steps in selecting members in a ritual to be given to twelve pledges tonight at 6 o'clock in the Commerce wing.

Taking the ritual are Raymond Cox, Raymond Col, Harold Cohn, Walter Schmidt, Norman James, Richard Uhrhammer, Raymond Smith, Cyril Read, Earle Rother, Haven Smith, Richard Wood, and Donald Orlando.

Weaver Meadows, instructor of the Commerce department, will act as toastmaster for the evening. A banquet will be held following the ritual.

Candidates Introduced At Forum Tomorrow

To acquaint the candidates for the student council with the student body, the YW and YMCA will hold an open forum in the Little Theater tomorrow from 12 until 1 o'clock.

Candidates interested are asked to sign up in Room 14, according to Marie Tinkler, open forum chairman.

NOTICES

The Bibliophiles' Annual Chinese Dinner will be held Friday, May 10th. The place will be Wing's Chinese restaurant on East Jackson street. Sign-up is being held in Room 120. All library minors are especially invited, and transportation will be provided to all who need it.—B. Walker, president.

Archery club will meet tomorrow afternoon for the last time this quarter due to insufficient attendance and cooperation on the part of members.

Faculty Members Lead YW-YM Conference At Redwood Lodge May 11

'Down To Earth, Please' Theme Of Annual Week-End Get-Together

Dr. Lu Emily Pearson and Dr. Ralph Eckert of the San Jose State college faculty, Harry Rathbun of Stanford University, and Dan Wilson of the Pacific School of Religion are among those who will act as leaders at the annual college YW-YMCA week-end conference which will be held at Redwood Lodge in the Santa Cruz Mountains on May 11 and 12.

Hiking, tennis, ping pong, dancing, and possibly swimming will be among the features of the conference which bears the theme, "Down To Earth, Please".

Discussion groups will hear talks on such topics as "Where Are We Going—And How?" and "What's This Marriage Business All About?"

The conference is open to all who are interested, according to Virginia Woodham and Les Ruddell, co-chairmen, and those wishing to attend should sign up immediately in the 'Y' room. Total cost of the conference will be \$1.75, according to the chairmen.

Bible Subject Of Talk Sponsored By Church Group

The third of a series of talks on "How We Got the Bible" will be delivered tonight at the First Presbyterian church by Rev. John Furnas, university pastor at Berkeley, California.

The talk, sponsored by the campus Presbyterian club, will be preceded by a dinner at 6 o'clock for 20 cents.

Club officials urge students interested in the topic to attend, whether they are Presbyterians or not. Tonight's talk, scheduled for 6:45, will deal with "How We Got the New Testament".

Next Wednesday night's address will be on "How We Got the Manuscripts", followed a week later by the final talk of the series on "How the Common People Got the Bible".

HOMESICK OR LONESOME? HERE'S A CURE

Are you lonesome for home, fellows? If so, then you should select your girl friend from among the Home Economics majors and partake of the delights of "Home, Sweet Home" right here on the campus as a guest of Miss Cameron's Home Management class.

How to make a fellow feel at home when he comes to call is only one of the many things that upper-class Home Economics majors learn when they take the six weeks' course in the Home Management House located in the Home Economics building. The five girls who live in the five-room apartment at one period are taught the essentials of housekeeping, cooking, housework, laundering, and duties of a hostess.

There's a radio, an easy chair, soft rugs. In short, all the luxuries you find at home.

Well, fellows . . .

NOTICE

Formal initiation of Alpha Eta Sigma will be held tonight at the Hotel Sainte Claire at 7 p.m.; however, it is very important that all members be present at 6 p.m. in the Commerce building for the ritual.—"Duke" Morell.

JACK WAGNER ADDRESSES CLUB TONIGHT

Under the sponsorship of the Radio club, Jack Wagner, assistant manager of radio station KHUB, will speak tonight in Room 210 of the Science building.

The thesis of his talk will be "What goes on behind the scenes of your small town radio station". His theme will be supported by incidents and episodes he has experienced.

Special attention and invitation is extended to the members of the radio writing and speaking groups by President Dale Matteson. Wagner is a former San Jose State college student and member of the class of '36.

Fraternity Meets At St. Claire Hotel Tonight

Last meeting of the Delta Sigma Gamma, social fraternity, before the institution of "Hell Week" will be held tonight at the Hotel Sainte Claire.

Pledges in the fraternity are Rodman Seagrave, Bill Booth, Marvin Sheets, Bill Lister, Serrman Sawtelle, and Wayne Lund.

The meeting is scheduled for 8 o'clock.

Ad Of Week Goes To Shoe Store

Herold's Shoe Store was picked Monday as having the "Ad of the Week" by Alpha Gamma Nu, advertising fraternity.

The illustrated ad ran Thursday describing a new sport shoe.

Hales' "Ballerina" ad of Wednesday, which was an especially prepared cut for the Spartan Daily, was given second choice.
