Council Approves Budget Of \$52,474 For Year 1940-41

Need Of \$4000 Increase Due To Rapid Growth Of College

Calling for an increase of around \$4,000 over the current year's expenditures, the student council this week passed a \$52,474.60 associated students' budget for the school year 1940-41. Final approval awaits Dr. T. W. MacQuarrie's signature.

DUE TO GROWTH

The increase, according to Controller Neil Thomas, was due to the growth of the college, making it necessary to give several departments larger allotments to meet this. Last year's expenditures amounted to \$48,964.63.

With but four departments receiving the same amount or less money than the current year, should the budget receive the anticipated approval of Dr. MacQuarrie, the Health Cottage will get \$18,258.69, representing an increase of \$1,000.91, largest in the budget.

P.E. INCREASE

The men's athletic department asked for and received \$12,963, an increase of \$930.58 over the allotment for this year. The Spartan Daily will get \$5,915, an increase of \$580.75.

The budget for the police activities, which amounted to only \$120 this year, will be increased to \$625 to take care of an expanded Police School program—principally of shooting matches—as well as speaking, and wrestling during 1940-41.

The newly-formed Associated Woman's Activities will receive \$1,025, an increase of \$275 over this year's combined budgets of the defunct AWA and AWS to provide for a convention of Coast Associated woman students in the fall.

MUSIC BUDGET INCREASE

Musical activities will get, pending final approval, \$2,926. Although \$500 of this will go into the purchase of new band uniforms, the cost of which will be pro-rated over a three-year period, the budget was increased by only \$273.65.

Other budget increases were for
(Continued on Page Four)

Deadline For CAA Applications Near

All applicants who wish to be considered for training offered by the CAA program must file applications and take preliminary examinations before 12 o'clock tomorrow, according to Controller Neil O. Thomas.

Ninety-eight have already applied for the training, and around 120 are expected to have applied by the deadline, Mr. Thomas said.

Applications may be made in the Controller's office. Physical examinations, for which there is a \$6 fee, are being given in the Health wing. Those who pass the test will receive a refund, but

Book Exchange Calls For Texts Today

Giving San Jose State college students a chance to sell their used textbooks for from ten to twenty percent more than standard prices, the student cooperative Book Exchange will be open from 8 to 5 today in the center Quad.

All books received by the Exchange will be sold the first Friday of the fall quarter and all unsold books and money will be returned to the students the following Monday.

"No actual cash will be paid for the books until they are sold," according to members of the Exchange committee. "But in the long run, the student will make a larger profit from the sale and will give someone else the chance to buy a text for less."

There will be an average service charge of four cents for all books placed by the Exchange, but there will be no charge for those not sold.

The committee asks all students who intend to register their books to do so today in order to avoid any last-minute rush.

those who fail will forfeit the fee, Mr. Thomas announced.

A selection board meets Saturday morning at 9:30 to go over applications and make selections. Fifty students will be picked for final physical exams, which will be given by Dr. Charles E. Moore, flight surgeon.

High school graduates coming here next fall will not be considered, according to Mr. Thomas. Applicants must be in college or graduated and be within the 18 to 26 age limit.

Ten percent of the trainees may be women. Ground school will begin Monday.

This Year's Class Largest In History Of San Jose State

President's Farewell Message

By DR. T. W. MACQUARRIE

Many years from now you will remember the summer of 1940. Now as you go on your vacations, you are heading into one of the most serious moments in all the history of humanity. Our world is a flaming terror. With a terrific shock we are coming to realize that there exist ideologies other than ours, ideologies vastly different from ours. In our security and complacency we have assumed that ours was the last word in human thinking and human organization, that our own ideology would forever prevail.

That assumption may in the long run be correct, but that does not change the bristling fact that the others are going to contest the field with ours, are right now in a most startling manner attacking the very foundations of our society.

So you young people are coming into a summer of great events. It will be necessary for all of you to make decisions as to your attitudes, to take sides in the struggle. That will be difficult. Try to remember that there is propaganda in the world, that untruths will be paraded before you to purchase your support. Try to make your decisions on the facts as you can determine them, and try to found your decisions on the everlasting truths that have contributed to the happiness of mankind.

Consider the source of all information. Accept the leadership of men and women only who have shown by their records that they can be trusted. Accept the leadership of the intelligent and the courageous. Bring

(Continued on Page Two)

Dr. Joseph Gwinn Main Speaker

Tomorrow afternoon at four o'clock 456 seniors, members of the largest graduating class in the history of San Jose State college, will receive their diplomas in traditional Quad exercises.

Ninety-three members of the class of 1940 will be graduated with honors, 57 receiving scholastic distinction, and an additional 36 honored with departmental recognition.

GWINN SPEAKS

Principal speaker at tomorrow's exercises will be Dr. Joseph Marr Gwinn, retiring member of the education faculty. Topic of his address will be "Over the Years with Education".

In the absence of Dr. T. W. MacQuarrie, convalescing from his recent illness and unable to participate in the exercises, Vice-President H. F. Minssen will read the president's message and present diplomas, degrees, and credentials.

Others taking part in the program will be Senior President Barney Murphy, who will present the class gift to Al Alton, recently elected president of the Associated Students, and Reverend Walter Girdner, pastor of the First Christian church at Alameda, who will deliver the invocation.

GREET FRIENDS

Immediately following the Recessional, Swanson's Swedish Coronation March, graduates will greet their friends in the north end of the Quad.

Faculty Members Plan Vacation Programs

College faculty members have planned a varied program for the summer vacation, ranging from teaching summer school sessions throughout the country to fishing expeditions. Several of the outstanding instructors will teach their favorite subjects at well-known eastern institutions.

Dr. E. W. Atkinson, head of the Commerce department, will teach this summer in the School of Education at Stanford University. William Erlendson, of the Music department faculty, will be a guest piano soloist at Carmel's sixth annual Bach festival this summer. This festival, which is becoming nationally known among music enthusiasts, is a Carmel civic enterprise, and will take place from July 15 to July 21.

He is planning to take a year's leave of absence to do research work in music at Harvard University during the 1940-41 school year.

Maurice Faulkner, brasswind instructor in the Music department, will teach instrumental music at University of Columbia's summer session, he announced yesterday. This will be Faulkner's seventh summer at Columbia as an instructor.

Mrs. Sybil Hanchett, voice and piano teacher, will spend the early part of the summer vacation in Los Angeles, taking a special course for music teachers. After this, she will attend a writers' conference in Denver, Colorado, where she plans to do additional work on a book now in preparation.

SAN JOSEANS DEFEAT HIGH SCHOOL BOND

Voters of San Jose defeated the new high school bond issue in the general election Tuesday in the heaviest voting to be recorded in a school election here.

The \$980,000 bond issue was far short of the 12,386 votes needed to make a two-thirds majority. It polled only a 245 vote plurality.

Mrs. Norman Richards, of the PTA who headed the fight states: "We're not going to give up. We're still going to have a new high school. The desperate need still exists!"

Superintendent of Schools Bachrodt made the following comment: "Thank God we live in a democracy where people have the right to express themselves at the polls instead of on the battlefield."

Bronson Elected Head Of New YMCA Cabinet

Bill Bronson, senior, will head the YMCA cabinet at their new headquarters in the Student Center, 120 East San Fernando, when activities get underway next quarter.

Other officers recently elected were Les Ruddell, vice-president; San Zones, secretary; and Bruce McCueland, treasurer. Ken Bailey heads the religious emphasis committee and Charles Mathison becomes publicity chairman.

The new Student Center quarters will provide offices, lounge, and general meeting facilities for the organization in addition to the lounge study and recreation rooms already available to State college students.

Recently elected chairman of the State college YMCA Advisory Board is Mr. Claude Settles, sociology professor, and Dean of Men Paul Pitman was elected vice-chairman.

Swan Song . . .

It has long been a tradition of the Spartan Daily that the retiring editor's farewell piece be addressed to the man who will fill his shoes, worn thin, figuratively speaking, by a quarter at the editorial post. And we are no breaker of tradition, at least in this case; so we address this to one Pony Swenson, new editor of the Daily, and, reluctantly enough, we admit, step aside to enter a far tougher world than we have yet known.

The position of editor is unique amongst the various student posts, for only after a man has proven his ability, as you have, after a long session of hard work may he take the job, and here politics have, for a long time at least, never entered into the selection. Your responsibility to your college is doubly greater than that of any other student office holder for you are the watch-dog and the middle man between the student body and its executives, organizations and administrators. You must formulate the paper's policy and dictate its content. You were chosen because, besides pure ability, among many you would best use this power with proper discretion and full judgment.

Many favors will be asked of you, not a few of which you will be unable to grant, for yours is a responsibility that goes before even friendships and loyalties, but the numerous complaints which you will receive will be wiped away you will be unable to grant, for yours is a responsibility that by the friends you will make and the few genuine and cherished compliments you will receive.

And so, may I gratefully offer my sincere thanks for your generous assistance this quarter, and trust that your associates may be no less cooperative and helpful to you as they have been to me. The term of editorship, you will find, is all too short, but it is the greatest and most valuable experience you may receive while a student at this college.

A Hard Job Well Done . . .

In almost every hand on the campus by this time is a copy of the 1940 La Torre, product of a year's work by a small crew of photographers, writers, artists and office workers.

All of them are students who, along with their labors on the yearbook, have carried a full program of academic work. They deserve an expression of gratitude for an annual that is better than any other La Torre that has been published by San Jose State college.

To the La Torre staff must come the satisfaction of a difficult task well done. To it also go the plaudits of a grateful student body for the preservation of the high spots in an eventful year.
—Wold.

PREXY'S FAREWELL MESSAGE

(Continued from Page One)
to your decisions an attitude of down right fairness. Be kindly, honest and industrious.

I suspect that there will be more jobs than usual this summer. Get into those jobs only that will be a service to mankind. Keep away from slot machines, race tracks, liquor, irresponsible companions. Have no traffic with the agents of confusion. Be conservative, saving. Don't drive your car beyond reasonable speeds. Remember there are millions of fine young people just like you who can't even ride in a car, couldn't in any case get the gasoline for one. Remember that millions of young men and women are within the sounds of the guns and bombs, millions of them are in danger every moment of every day. Millions of young men are fighting their lives out in the midst of untold carnage. Have a kindly thought for the other fellow. Don't make a fool of

yourself by taking advantage of the privileges this wonderful land has made possible for all of us.

Finally, I would like to say that I believe heartily in the United States of America. I carried a rifle at the call of my country twenty-two years ago. I believe we did a lot of good then, although I know it is fashionable to say that we didn't. The events have rather gone to show that the really great mistake we made was in not finishing our job. Democracy in its political phase got in our way, and now our buddies of long ago are suffering and dying, having to fight the same battles all over again.

Make this summer a summer of progress. You are in the midst of terrific events. So conduct yourselves that you will look back to this time with satisfaction, confident in the knowledge that you used good judgment, that you conducted yourself as an honest American citizen.

PUTTING 2 & 2 TOGETHER

—by pony swenson

Never before in all the time since representatives of the central and allied powers gathered in a stuffy railroad car in 1919 to sign an armistice has American youth been on the precipice of such danger, misery, and possibly destruction as we are today.

MARCH OF TIME—At that time most of us were in swaddling clothes ready to become some day part of this world that was thought to be impregnable to the ravages of war. Several billions of dollars, millions of lives, sacrifice and human suffering had been expended to bring a lasting and peaceful security for us, the posterity, youth of the world, leaders of tomorrow.

But the intervening time since that post war era of idealism has hurled the world spinning like a boomerang circling back along an orbit of greed, hatred and destruction.

WHAT FOR?—Men have taken up arms to fight again. Young men, like you and I, fighting, killing, being killed. Fighting for what? Fighting because someone told them to fight. Fighting because propaganda machines have filled them with emotion, belligerent emotion. Fighting because someone said it would make them "free". Little do they realize the obsolescence of freedom during war time. Little do they realize that concessions, foreign colonies, and commercial rights gained by war can never equal the exploitation of resources, destruction of property, and deprivation of human health and lives lost by war.

OUR PLIGHT—We, who recognize the futility of war and want to stay out of it, may also adopt a bellicose attitude through keyed-up emotions. It can happen. We are being exposed to it everyday. The cinema is an offender. We see newsreels of the aggressor nation crushing its enemy, and while our sympathy still is keenly impassioned for the underdog, the "Star Spangled Banner" is flashed on the screen. Naturally we must stand and sing our national anthem

PRESLEY WINS A. A. U. TITLE

Beats Nordeen In Three-Round Boxing Match For Amateur Crown

FIGHTER ENDS COLLEGE CAREER

Big Don Presley, 225-pound football, boxing and track star, brought to a fitting climax his three years of boxing Monday night when he captured the Northern California Amateur heavy-weight title.

UNANIMOUS DECISION
The former Monrovia high school four sports man, won a unanimous decision over Connie Nordeen of the Golden Oaks Athletic club in the feature bout of the evening.

The win marks Presley the first major title ever won by the colored athlete, who earlier in the year was runner-up in the Pacific Coast Intercollegiate championships.

PROS WATCH
His win was watched with interest by professional promoters, who have been following the career of the versatile performer. Presley has signed with Ancil Hoffman, former manager of Max Baer, one time world's heavyweight champion, it has been reported.

Presley closed his collegiate career last month when he captured the shot put and discus title of the California Collegiate Athletic Association track and field championship for the second consecutive year. Presley is the school record holder in the shot put with a heave of 49 feet 11 1/2 inches.

COACHES' MINDS TURN TO SUMMER, FALL SCHEDULE

With 41 gridders already invited back to take part in fall football practice September 2, minds of the Spartan coaches turn toward summer activity.

"Pop" Warner will remain at his home in Springville, New York, for the summer months and is expected to return to San Jose the latter part of August.

Ben Winkelman, San Jose's new grid coach, plans to lay foundations for the fall practice in preparation for the Spartan 12-game schedule which will open against Texas A & I on the night of September 16. Winkelman plans to keep in contact with his grid material during the summer, and also scout the country for prospective football stars.

Following is the 12-game schedule which may put a halt to the Spartan two-year winning streak:

- September 2—Texas A & I—Here*
- September 24—Montana State—There
- September 28—Utah State—There
- October 4—Willamette—There*
- October 11—San Diego State—Here*
- October 18—University of San Francisco—There*
- October 25—Santa Barbara State—There*
- November 1—Loyola—There*
- November 8—College of Pacific—Here*
- November 16—Fresno State—There
- November 21—South Dakota—Here*
- Elks Charity Game—
- November 30—Nevada—Here*

*—Denotes Night Games.

Wattenbarger Doing Tricks With Softball

Having been a "catcher" as end on the San Jose State football team of 1938, Lloyd Wattenbarger is doing a little tossing of his own these days in softball.

Lloyd is gaining national recognition for the tricks he does with a softball. He has hurled 27 consecutive hitless and runless innings, spread over the past four contests against some of the best teams in the San Jose league.

Lloyd goes to the post again Monday night in an attempt to add to his remarkable record. If he gets over Monday night with another no-hitter, his mark may reach astounding proportions two nights later when he is billed to hurl again.

Horan, Hatch Captain 1941 Swimming Team

John Hatch and Claude Horan will co-captain next year's varsity swimming team, the result of an election for leader of the tank squad held this week.

According to Coach Charlie Walker, it was intended to have only one captain, but the election resulted in a tie. Hatch and Horan each polling five votes. As a result, nothing remained but to have co-captains.

HATCH JUNIOR

Hatch next year will be a junior. He came to San Jose from Santa Maria, where he was a prep star. At present he is holder of the school and pool records for the 100-yard breaststroke.

Horan came to Washington Square by way of Fullerton Junior college and Long Beach Polytechnic. He is one of the mainstays in the 220 and 440-yard dashes, and next year will be swimming his last year for Sparta as a senior.

SUCCEED JOHNSTON

Hatch and Horan succeed Bill Johnston as captain of Coach Charlie Walker's paddlers, who look forward to a banner swimming year next season.

Police School Gives Book To Dr. MacQuarrie

San Jose State's nationally recognized Police School will present a picture-illustrated book, depicting the progress of the Police School during the past ten years, to Dr. T. W. MacQuarrie this morning, through whose foresight and keen interest has made the school what it is today, stated William A. Wiltberger, yesterday.

The book, dedicated to Dr. MacQuarrie by all members of the Police School for the past ten years, for starting the organization in 1930, was written by the present members of the school. It gives a complete word-picture of the strides achieved since its inception, declared Wiltberger.

In the hand-made book are pictures of many San Jose State graduates who are at present in the field. An article by Wiltberger on the future training of police students and pictures of the Police club and fraternity make up part of the book.

Highlights of the book are letters of congratulation from J. Edgar Hoover, chief of the Federal Bureau of Investigation, J. J. Robinson, police instructor at Indiana University, and from Earl W. Warren, district attorney of California.

Distribution Of La Torre At 11:00 Today

With more than 2000 copies of the 1940 La Torre already distributed to students and faculty, members of the yearbook staff will swing into their final two days of distribution this morning at 11 o'clock.

Today's distribution will be from the windows of the Spartan Daily office and will continue as long as the supply of books holds out, according to Edith Daily, circulation manager. The final consignment of La Torres is expected to be delivered Friday morning.

Students who have not ordered an annual will be given an opportunity to secure their books Friday. Faculty members may call for their books any time during the day's distribution period.

Sign-ups Sought For Nature Study School

Last chance for students to sign up for the West Coast School of Nature Study trip will be tomorrow, announces Miss Gertrude Witherspoon, registrar - financial secretary.

Two units per week will be given for the three-week course. No examinations or classroom work will be required. In one-week sessions the field trip in its tenth annual session will visit Yosemite, Lassen National Park and Asilomar, near Pacific Grove.

It is not necessary to register for all three weeks, explains Miss Witherspoon.

Full information on the cost of the school can be obtained from the Nature Study bulletin or from Miss Witherspoon.

Nu Iota Chi Makes Journalism Award . . .

Here is the scene last Friday night at the annual Spartan Daily banquet when Bill Rodrick, Daily editor and president of Nu Iota Chi, presented Editor Frederick Glover of the Burlingame Advance the journalism fraternity's award for the best front page makeup among Pacific Coast dailies. General Manager George McQueen looks on with satisfaction. —Burlingame Advance Photo.

Speech Department Adds New Instructors

San Jose State college's Speech department will add four new faculty members to its roster of instructors for the autumn quarter, announces Hugh Gillis, department head.

In addition to the new teachers, Peter Mingrone, technical assistant, has been added to the staff as a regular instructor. He will have charge of classes in stage craft.

MISS DOUGLAS LEAVES

Miss Margaret Douglas, director and radio speaking head, is taking a year's leave of absence to study and write. Her place will be taken by Raymond Irwin, formerly of the University of Minnesota. Mr. Irwin is well-known in the East for his verse-choir, according to Mr. Gillis.

In charge of debate, taking the place of Ralph Eckert, who is going to College of Pacific, will be Miss Lucie Lawson, also of the University of Minnesota and Occidental College in Los Angeles.

NEW CLINIC INSTRUCTOR

In the Speech clinic Ward Rasmus, of the University of Washington, will replace Miss Laura Lee Smith, who is leaving to be married, and from Cornell and the University of Idaho comes Ted Hatlen who will instruct the beginning acting classes.

BUDGET

(Continued from Page One)
the Student Union receiving \$659, \$170 more; advertising, \$435, an increase of \$119; social activities, \$885.66, \$93.26 more than this year; and La Torre, whose allotment called for an increase of \$50.

The council allotted the general fund \$520.50, \$422.18 less than was expended during the current year, and the speech activities will receive \$1,535, \$20 less. The administration fund and rally committee were given the same amounts as they received for this year, \$2,400 and \$180, respectively.

WEEKLY EYE-TEAS

RETARDED READER?
A slow reader does not necessarily imply a slow intellect. Usually it is a student with mental ability for the class far in advance of that in which the reading ability holds him. Inefficient eyes may be the answer.
