Pitman Grounded By Cold; Did Not Accompany Team

Marking the first out-of-town game that he has missed in his two years at San Jose State college, Dean of Men Paul M. Pitman was unable to accompany the "Flying Spartans" this morning when they left Mills field, San Francisco, for Portland, Oregon, and their game with Willamette university.

A bad cold is the reason for the change in the Flying Dean's plans. His close association with members of the team was probably responsible for his catching the "bug", since several of the team members have been reported out of practice for the same reason.

Eugene B. Grattan, 38, San Jose State college wrestling coach and prominent local attorney, died yesterday morning in the King City hospital of injuries sustained in an auto accident near there. Mrs. Grattan and Mr. and Mrs. Forrest G. Murdock, parents of Student Body Vice-President Stanley Murdock were injured in the same collision.

The party was being driven by Mr. Murdock, San Jose high school principal, and president of the Kiwanis club, to the Kiwanis convention at Santa Barbara. The crash occurred at 8:40 a.m. when the Murdock car was sideswiped by an automobile coming the opposite direction

Commenting on the death of Mr. Grattan, Dr. T. W. MacQuarrie, college president, said, "This community has lost an outstanding citizen. He was a real friend of the college."

DONATED TIME

Beginning in 1935, Mr. Grattan coached the State college wrestling team and under his tutelage the Spartans turned out several championship teams, including the Pacific Coast intercollegiate championship in 1939. He was not on the college payroll, but donated his time in starting the mat sport at

Our Great Loss . . .

Death has claimed Eugene B. Grattan.

To say that his loss to the college can never be replaced is not merely an eulogistic phrase; it is a fact that those who knew him realize.

His services to the college as wrestling coach were never fully appreciated by many of us, who more or less took him for granted. Few knew that the valuable time he took off from his successful law practice to devote to the Spartan wrestling team received no remuneration except an occasional "thanks", or the deep admiration of the athletes he coached.

But Eugene Grattan never expected reimbursement; to him the opportunity of working with young men and building character was the finest pay he could have received. With the intricacies of wrestling he emphasized to his athletes the doctrines of clean living and personal integrity. The high scholastic records and moral character of his pupils were results of this man who was himself an example of his teachings.

It was one of his biggest ambitions in life to have amateur wrestling recognized as the clean type of sport that it is, and not confused with the unskilled, brutal professional game.

During the five years he handled wrestling at San Jose State college his ability as a coach and his personal inspiration produced a long list of individual champions. His coaching career reached its peak in 1939 when the Spartans won the Coast Intercollegiate championship.

Those who will miss Eugene Grattan most are those he coached. He went out of his way to find them jobs and help them when they were in need. During the rush hours at his law office, he was never too busy to take time out to give counsel to members of his team or other students in need of advice.

Yes, we have lost a true friend, whose place in the personnel of San Jose State college can never be filled.

Dr. MacQuarrie Takes A Trip

Dr. MacQuarrie leaves this morning for San Diego where he will engage in discussions with other college presidents on their respective financial needs.

If the president puts through his lobby for the \$800,000 for which he is angling, it will mean a great spread in the facilities of the college. Technical classes such as printing, ceramics, and other industrial arts will be moved over to the Technical high school buildings.

NO MORE DISTURBED CLASSES

It will mean that classes around the inside quad will no longer be disturbed by odd sounds from trumpets, saxophones, and various string instruments. The Music department will be provided with a new \$350,000 building located between the San Jose high school and the Student Union.

COLLEGE WILL OWN STUDENT UNION

If everything goes with the hopes of the genial president, the Student Union will also become the property of the State college. At present the Union building is owned by the State College Corporation, which is run as a non-profit organization by some of the college heads. The Corporation owns the building and a plot of ground 275 feet square, which it rents to the college for \$325 a month. Neil Thomas says the Corporation is asking \$55,000 for the property.

DON'T EXPECT TOO MUCH

It is wise to take this asking price with your tongue in your cheek, however. Dr. MacQuarrie is a pretty shrewd trader so we must assume that he is asking for more than he expects to get. He says himself that he wants the new music building more than anything else, so maybe when it comes to trading he'll let the rest go for the time rather than lose it all.

MONEY COMES HARD TO STATE

San Jose is in a unique position among the seven state colleges. We are surrounded by some of the biggest educational institutions in the country. There are upwards of five colleges or universities in the immediate neighborhood. This results in a division of loyalty among the residents of this community and a lack of legislative pressure brought to bear. Down around Santa Barbara and Fresno, the district legislators are constantly pushing their colleges when it comes to appropriations.

GEORGE R. REILLY
Member State Board of Equalization

answers questions on OUR STATE GOVERNMENT

(The Spartan Daily is co-operating with Commissioner George R. Reilly in presenting a series of questions and answers on the operation of the Board of Equalization and the state government, in the belief that student voters will benefit by such information.)

NEXT week, in this newspaper, I plan, with the co-operation so generously extended by the publisher, to inaugurate a series of articles dealing with "Our State Government".

The purpose of this series is to better inform our citizens and future citizens as to the functions of the state government under which we live, and with which all of us should be thoroughly familiar. The taxes you pay support the governmental machinery; it is your business and you should know just how it is being administered.

You should know exactly what taxes you are paying, and to what use these taxes are being put. You should know what funds collected by the state revert back to aid in supporting your local city, county and school governments. With this information you can get a rather complete picture on governmental affairs which should be of marked interest to you who support the government, and all of you do in some form.

On the other hand, I will attempt also to portray for you the administrative setup of our state government, and how it functions, depicting for you the services you demand, and how the government goes about providing them. The great majority of you realize how

important it is not to have our government menaced by visionary dreams of Utopian idealists, especially in these days when we are faced with great problems of national defense. You realize also, I am sure, that national defense must come first, because without it there will no longer be a free people to govern themselves in the democratic American way.

You and your state government will be called upon to play an important part in the rapid achievement of national defense, and this part may entail new sacrifices upon all of us, but none will deny its worth in the preservation of our freedom. I mention these things because they are a vital part of state government, and your complete knowledge of its affairs provides for you the opportunity for saner and more intelligent co-operation with those of us charged with the administration of your government. No matter how well-intentioned we may be, we can accomplish little without your co-operation.

The series will take the form of questions and answers, and for the present will deal entirely with functions of the State Board of Equalization, which collects more than 70 per cent of state revenues, and administers the laws which make this revenue available. The Board also is concerned with one of the greatest problems of the public welfare and morals of our time in the administration of laws governing the sale and use of alcoholic beverages.

SAN JOSE, CALIFORNIA, FRIDAY, OCTOBER 4, 1940

FROSH GRIDDERS FACE SANTA ROSA J. C. TONIGHT

STARTING LINE-UP SHAKEN FOR TILT

San Jose State's once-defeated freshman football eleven makes its second bid for a win tonight when they face the "always dangerous" Santa Rosa junior college team on their home field.

35-MAN SQUAD

Coach Fred Hamlow will take a squad of 35 men to Santa Rosa and is scheduled to leave the campus at 2 o'clock this afternoon.

Having juggled his starting eleven in the hopes of finding a winning combination, Hamlow will start two third string men and one second-stringer in tonight's game. Forrest Michaelis, Tony Durate, Elwin Hunt, Louis Bowers have earned their opening assignments, according to Hamlow, and should bolster the Spartan offensive threat.

TOUGH TEAM

What the yearlings will find in the way of competition from Santa Rosa tonight will not be determined until after the opening kick-off. Always tough opposition when they play the Spartans, Santa Rosa should provide sufficient competition for the frosh.

According to Hamlow, the freshman looked very good yesterday and will be a different ball club than that which dropped a 33 to 0 decision to Salinas last week. Blocking and tackling has been drilled into the Spartans during the entire week, and will help stop the Jaycee offense to a considerable extent.

LINE-UP

The starting eleven as announced by Coach Hamlow last night is:

Vic Robinson and Don Thompson at ends; Walt McKinny and Del Colclough at the tackles; Louis Bowers and Elwin Hunt at the guard posts, and Sag Saghatelyan at center.

The backfield combination of Forrest Michaelis at left half, Tony Durate at right half, Cliff Francome at quarterback, and George Morasci at fullback, will give the yearlings a well balanced scoring unit. Morasci will do the kicking when Harold Sonntag is not in the game.

WRESTLERS

IMPORTANT: Will all wrestlers, past and present, meet in the small gymnasium this afternoon at 5 o'clock?

Poloists Set For Junior PAA Meet

The Junior P.A.A. water-polo tournament to be held tonight and tomorrow at Stanford university will be in the spotlight this coming week-end for Coach Charlie Walker's tank outfit.

The meet will start at 8 o'clock tonight.

Teams from Stanford, California, San Jose State, S. F., Y. M. C. A., Olympic Club, and possibly the Athens Club are scheduled to compete.

CHAMP PERFORMS

Between contests, Marjorie Gestring, A.A.U. National Women's Diving Champion, is scheduled to perform, along with another top-notch diver, Howie Adams, Pacific Coast Inter-collegiate champ. Miss Gestring received yards of publicity recently when she enrolled at the Farm.

STARTING LINE-UP

Walker's starting line-up will consist of: Iliff, Whitaker, and Shirokoff, forwards; Captain Foster, Horan, and London, guards, and Hoffman as goalie. The above combination may be subject to change during the game, with Foster stepping in as goalie, and

THREE INJURED SPARTANS ARE LEFT AT HOME

mission with a leg injury.

Also left behind are Jim Wilson, first string defensive star at guard, who is declared out for at least three weeks with a leg injury, and Gray McConnell, another line giant at tackle, who is on the shelf with a shoulder hurt, re-injured in the Montana State game last week.

The gridmen brushed up on their running plays last night in a light workout, following defensive work against Willamette plays, which occupied their time on Wednesday.

SPARTANS FAULTY

Against Bearcat Coach "Spec" Keene's pet plays, as seen on last weekend's scouting trip by Assistant Spartan Coach Walt McPherson, the Spartans didn't look any too hot.

If the San Joseans take the measure of Keene's outfit tonight, it will mark the 18th consecutive game that the Spartans have won away from home on the mainland

"Chirp" Sparrow moving in to take over Foster's spot.

Claude Horan is the only question mark in the Spartan line-up, presently suffering from an injured hand and a case of the "sniffles". However, Walker is confident that he will be in good shape by game time.

since 1936. Only loss at all was the 13-12 victory University of Hawaii took in the Islands in 1938.

"OLD" BATTLE

More than that, it will be a battle of "old" colleges. Willamette holds the distinction of being the oldest institution of higher learning west of the Mississippi, and is entering its 99th year. San Jose is the oldest teacher training college west of the Mississippi, and is in its 82nd year. So tonight's game takes on another unique aspect.

UNDERDOGS TIE MONGOOSES IN GRID LEAGUE

Konoshima's Mongooses and Mitchell's Underdogs are tied for first place in the intra-mural touch football league at the end of the first week of play.

Playing on Tuesday and Thursday noons on the San Carlos turf, the Mongooses defeated Raglin's Badgers, 30 to 18, while the Underdogs took the measure of Teresi's Miracles, 18 to 8.

Play continues Tuesday noon with the two top teams, Mongooses and Underdogs, tangling in one game, while the Badgers and Miracles meet in the other. Winner of the Mongoose-Underdog game will be automatically elevated to first spot.

SOCCER TEAM OPENS AGAINST S.F. STATE TOMORROW AT 10 A.M.

Defense of their Northern California Intercollegiate conference soccer championship will be uppermost in the minds of San Jose State college soccer players when they open the season against San Francisco State college on Roberts Field in San Francisco tomorrow morning at 10 o'clock.

Although the outlook was dismal in the opening scrimmages, the Spartans have perked up and a workable combination is believed to have been found.

QUESTION MARK

As the San Francisco team is a new member of the soccer conference, nothing is known of its potentialities. However, San Francisco is known to have plenty of soccer talent and the locals fear that they will be facing a tough outfit.

Ray Fahn, a veteran, has returned from a job to bolster Coach Hovey McDonald's team. He will start at inside left in tomorrow's encounter.

Three other veterans who saw a lot of action last year are on the tentative opening line-up announced by McDonald. Roy Diedricksen, who was all-conference last year, will start at right full;

Capt. Freddie Albright will be at center half, and Gus Kotta will be at inside right.

TURNER LOOKS AHEAD

Ed Turner has been looking exceptionally good in practice and is slated to start at left half. Mert Crockett will get his first chance to show his wares at the left wing spot.

Art Tindall will start at center forward, John Peebles will be at right wing, Ernest Figone will open at right half, Frank Arnerich will be at left half and Tony Nasimento will probably start at full.

Bill Gurnea, who is hampered by an injured ankle, is expected to give relief at the right wing spot.

The soccerites will leave by bus from the men's gymnasium tomorrow at 7:40 a.m., according to McDonald.

AWA NAMES COMMITTEE HEADS FOR ACTIVITIES

Committee heads for the annual AWA - AWS convention were named and the convention discussed at the weekly meeting of the Associated Women's Activities on Wednesday.

From Chairman Mary Ellen Ward came a report of chosen committees for this important annual social function. June Hatfield will be in charge of the information desk; Jean Ellsworth, the Saturday luncheon; Jane Peddicord, entertainment; Kay Walton, the formal dinner on Saturday night, and Gay Van Perre, the formal dance to follow it.

The tentative date for the convention is April 4, 5, and 6. Easter holidays of other California schools will have to be taken into consideration in making more definite plans.

Other committees for which women were chosen on the basis of their proven leadership were those of Dorothy Jean Bishop and Patty Popp for Registration; Audrey Abbott, Housing; Grace Marie McGrady for the Friday night dinner; Jerrie Jurras in charge of the fashion show; and June Gross to arrange the group discussions.

GRATTAN DEATH A SHOCK

(Continued from Page One) Washington Square.

During his college days at the University of Iowa, he was an outstanding wrestler, winning the intercollegiate title during his senior year. He was considered an outstanding mentor by rival coaches who expressed much respect for Spartan wrestling teams. Wrestling stars produced by Grattan were many and during his five-years' coaching career here he produced a long list of individual champions.

In 1938 he ran for District Attorney of Santa Clara county, being defeated by only a small number of votes.

Funeral services will be held in San Jose, but no time has been set as yet.

OUR STATE GOVERNMENT

(Continued from Page Two)

We earnestly solicit your cooperation by sending us questions pertaining to any phase of state government, as well as the subjects under discussion. We will answer them fully.

It always has been my opinion that an informed and enlightened citizenry simplifies and greatly reduces the problems of government, and serves as a rampart of protection against any tendency to political corruption. It strengthens our entire system against starry-eyed theorists, and insidious, subversive saboteurs and fifth columnists with treachery in their hearts.
