A.W.A. DRAMATIZES CAMPUS STYLES IN FASHION SHOW

Forty Students Act As Models

"Campus Futures of 1941" will dramatize collegiate fashion styles during their showing at the annual AWA Fashion Show in the Morris Dailey Wednesday evening, March 5, according to Beverly Byrnes, chairman of the event.

Twenty-five women and 15 men will model campus clothes from Ross Bros., the models to be chosen from the various sororities and fraternities on campus.

Play clothes for hours spent in the out-of-doors, clothes correct for job hunting, chic campus styles and fads for formals will be featured, Miss Byrnes stated.

Local talent from the college and one of the school orchestras will supply the evening's entertainment, declared Gerry Averitt, acting co-chairman with Miss Byrnes, and who is handling these details.

Bill Van Vleck is in charge of men models while Alice Good will take care of the decorations, assisted by her committee of Eloise Harrison, Jean Prosser, Jean Basye and Sally Nicholson.

La Torre Shoots Group Pictures Today At Noon

La Torre photographers will resume shooting of club group pictures today, announces Kenneth Stephens, club editor.

Clubs with appointments for today at 12:10 are Bibliophiles, Pre-Legal, and Grace Hall. Those whose pictures will be taken at 12:30 are Kappa Phi, Botany club, and Eta Epsilon. These will be taken on the steps of the Art wing.

Appointments for Thursday at 12:10 are Mary George cooperative Bible club, and Social Affairs committee. At 12:30 are Sociology Club, Junior Council, and Rally Committee.

Stephens requests that any group unable to meet these appointments send a representative to see him in the Publications office immediately.

Formation Of College SCA To Be Discussed At 'Y' Supper Thursday

The pros and cons of forming a Student Christian Association at San Jose State will highlight the "Round-Up" pot-luck supper on Thursday night in the clubrooms of the "Y" at the Student Center, 120 East San Antonio, according to Clare Harris, chairman of the evening's program.

Former S.C.A. members from other colleges are wanted, Mrs. Harris stated, to share in the discussion and bring out pointers for the new organization here.

Miss Jean McKay, of the Health and Hygiene department and member of the College YWCA Advisory Board and Mr. Claude Settles of the Sociology depart-

Props On der Feuhrer Cause Furore

By IRENE MELTON

A bullet-proof vest, a Hitler speech recording, a Nazi Bund uniform, and a bust of der Feuhrer—

If the prop manager for "Margin for Error", Clare Boothe satire to be presented here March 5, 6, and 7, finds himself with gray hair the last night of the show, his mental breakdown will be understandable.

Just look at some of the items on the list of properties needed for the production, which deals with the shooting, stabbing, and poisoning of a German consul.

The problem of the speech record was solved when Lawrence Mendenhall of the Speech faculty offered to make the recording and base it on an authentic speech by the Nazi dictator. This address is heard during the climax in the play, when the consul is murdered.

Additional recordings needed for the play will be made by Peter Mingrone and include transcriptions of cheering crowds, German martial music, and sirens.

The bullet-proof vest and Bund uniform are worn by Horst, Bund leader, in the Boothe satire.

One set only is used in the two-act play, all of the action taking place in the office of the Nazi consul. Approximate playing time is two hours, according to Ted Hatlen, director.

Miss Boothe's play is supposedly based on an actual event in New York when the mayor assigned a guard of Jewish policemen to protect German property.

Noon Dance In Quad Tomorrow

Free bids for everyone and the liltng music of a unit from Buddy King's orchestra is the invitation extended the student body for the "no-corsage" quad dance at noon tomorrow.

The four-piece orchestra will be featured at the dance which will last from 12:20 to 1 o'clock. This is the first time this quarter that an orchestra instead of recordings will supply dance music.

Possibility of having regular dances of this type depends on tomorrow's attendance, according to Harrett Mannina, social affairs chairman.

Orchesis Recital Highlighted By Cellophane Dresses

Dancers wrapped in cellophane will be a feature of the dance recital Thursday night at 7:30 in Morris Dailey auditorium presented under the auspices of Orchesis, women's dance group.

Cellophane over-skirts will be used as accessories to change the basic black and white costume and to carry out the idea of crispness and syncopation in the Waltz and Tango number. Costumes were made under the direction of Dorothea Jordan, Orchesis member.

Orchesis is an honorary women's dance society. Members of the group who will appear in the recital are Charlotte Veit, Jean Crites, Heather Whitton, Barbara Peede, Stella Knapp, Jean Marie Marblestone, Lorraine Jacobsen, Jean Moss, Lee Covello, Dorothy Gott, Bea Bernard, Glenna Bell Moenning, Dorothea Jordan, Betty James, Phyllis Jacobus, Mary Lou Hoffman, Emily Bohnett, and Evelyn Bravo.

In one of the dances, The Hollow Men, the women will be assisted by three men from the men's dance group. They are Fred Triplett, Tony Perry, and Leonard Green.

There will be no admission charge for the program. Those persons desiring reserved seat tickets may secure them free of charge from Miss Clark in the president's office, or the office in the women's gym.

ART COLLECTOR GIVES LECTURE

Mabel Bacon Happer, collector of illustrative materials and slides on the cultures of China and Japan will give a lecture on Chinese gardens, homes, and interiors Thursday afternoon at 4 in room 1 of the Art building.

Mrs. Happer was in the Orient for 28 years during which time she added to her collection. Her lecture will be illustrated with colored slides, according to Art office secretary Pearl Pinard.

Welfare Worker Talks Tomorrow

Ruth Mayer of the County Welfare Department will present and discuss "The Future of Social Service Legislation" to members of the Sociology club tomorrow evening in the Student Union at 7:30.

All students interested are invited to attend and every member is also urged to come, according to Jean Smullen, president of the group.

Silverman Talks To Class Today

Dr. Milton Silverman, science specialist of the San Francisco Chronicle, will speak today at 1 p.m. in room S112 of the Science building, according to Dr. Robert E. Rhodes.

Dr. Silverman's topic will be "Some Aspects of Virous Diseases." Dr. Rhodes invites any interested person to hear the talk, and extends a special invitation to students of journalism.

Brass Choir

FIRST FORMAL CONCERT TONIGHT UNDER ELSASS; OPENS AT 8:15

By BETTY MOODY

Tonight will see presentation of the college Brass Choir in its first formal concert here under Frank Elsass, who took the group over in September. The program opens at 8:15 in the Little Theater, and is free of charge to students and public.

Received just in time to be used tonight by air mail from a New

Honor Fraternity Observes 25th Year Saturday

A special meeting of Tau Delta Phi, oldest men's honorary fraternity on the campus, will be held tonight at 7 o'clock to complete plans for its 25th anniversary celebration scheduled Saturday.

Grand Magistrate Franklin Kelson urges a full attendance in the Tower tonight, when plans for the observance activities will be completed.

Doug Harville is chairman for the day's activities which will include softball and other activities for members, alumni and their escorts. An inspection of the Tower and refreshments will be served at noon.

In the evening a semi-formal dance will be held at the Trocadero in Santa Cruz. Bids are selling for \$1.50.

AWA Plans For Coming Meet

With plans for the annual AWA Convention to be held at San Jose State this year in full swing, chairmen who are handling details are rushing through the preliminaries and laying the primary groundwork for the elaborate meeting of representatives from junior and state colleges throughout California.

A series of general meetings following the regular AWA meetings at 4:00 on Wednesday afternoons in room 24 will start tomorrow, according to Grace Marie McGrady, chairman of the convention, and all chairmen must be present. If the chairman cannot attend these meetings, Miss McGrady, emphasized, then a representative must be sent, from the committee.

Soph-Frosh Mixer Discussed Today

Plans of the sophomore-freshman mixer will be completed at a meeting of the lowerclassmen officials in the Student Union at 11 o'clock today.

Choice of a band will be made today. Class officers will discuss the theme of the affair and decorations. Final arrangements for the contests between the classes and how the points will be determined will be a topic of discussion at today's meet. The mixer will be held in the Men's Gym Thursday February 27.

All freshman and sophomores are invited to attend the meeting.

York publishing house was the music for Richard Goldman's "Hymn for Brass", "One day later," Elsass said, "and we wouldn't have had time to practice enough to present this composition effectively."

The program will open with a Bach march and chorale. This will be followed by Gabrielli's "Sonata Octavi Toni". Next will be the Andante Cantabile from Tschaiakowsky's 5th Symphony, followed by Sibelius' "Valse Triste" and the Allegro movement from Beethoven's 6th Symphony. These last two selections were particularly well received by audiences on the choir's recent tour of southern California.

Following the intermission will be the Goldman selection, and excerpts from Mascagni's "Cavalleria Rusticana". Orrin Blattner, trombonist, will play the solo part for a selection from Leoncavallo's "I Pagliacci".

This will be followed by Claude Debussy's popular "Golliwogg's Cake Walk". Closing the program will be two of Sibelius' better known works, "Finlandia" and "Onward, ye peoples".

APO Installation Of Officers Held Sunday Evening

A dinner meeting and installation of officers was held by Alpha Pi Omega, social fraternity, at O'Brien's, Sunday evening, when Ken Nosler stepped into the president's chair, replacing Bob Shipley, the outgoing executive.

The vice-president's office was filled by Bob Smith, and the following took over duties of the remaining offices: Frank DeVore, recording secretary; Ronald Maas, corresponding secretary; Sid Webb and George Jorgensen, interfraternity representatives; and James Hurd, treasurer.

New members of the fraternity's administration, who were appointed to their offices by Nosler are: Bob Swisig, commissioner of entertainment; Jack Mabel, commissioner of membership; Len Baskin, commissioner of sports; Howard Peters, sergeant-at-arms; and Glen Gallison, commissioner of scholarship; Robert Clipper, Alumni secretary; Bill Mitchell, historian.

SPARTAN KNIGHTS MEET THIS EVENING

Spartan Knights, men's honorary service fraternity, will give further consideration to its next class of "Squire" neophytes at tonight's meeting at 7 o'clock in the Spartan Stags building.

Free Press Hard To Maintain

Mention was again made in the San Jose Evening News last week of one of our frequent contributors to the Thrust and Parry column who made himself somewhat bothersome at a meeting of the Schoolmen's club sometime ago. The first mention concerned an anti-British article in contributors' column of the Spartan Daily which irritated a subscriber of the News.

The regrettable thing about such events is that by the actions of one person, or a small group, the entire college is flung before the eyes of the public as condoning, at least, the views expressed in the singular. We might point out too, that this student is a contributor, not a columnist.

At this particular time, in view of the course of current events, the Spartan Daily is in a rather precarious position. In any group of 4000 young, idealistic people, there are certain to be some whose views do not coincide with the majority. Those few

are often imbued with an energetic zeal to convert everyone else to their beliefs and therefore we hear more from them.

Miss Barbara Jean Rasco, in a letter printed yesterday morning, favors censorship of such material, which she maintains is counter to American ideals. She says she does not see anything printed defending those ideals.

Miss Rasco may be right in her latter assertion, but until her own contribution was turned in, no one had taken the trouble to defend that viewpoint.

While we support in its entirety her contention that our ideals should be protected, we question whether letters of other viewpoints should be censored. Shall it be the policy of the Spartan Daily to print only those contributions which conform to the tenets of the editor or shall the column be open to anyone with an honest opinion on some pertinent question? We believe it should be open, with censorship left to the discretion of the editor.

Editorials and features appearing in the Spartan Daily reflect the viewpoint of the writer and make no claim to represent student opinion, nor are they necessarily expressive of the Daily's own policy. Unsigned editorials are by the editor.

Student Drive Response Apathetic

This is the second week of the campus drive for the benefit of students in war-torn Europe and China and San Jose State college is still short approximately \$50 of its \$100 goal. The drive is sponsored by the World Student Organization and has the backing of the student council and Dr. MacQuarrie.

Dr. T. Z. Koo's talk last week netted about \$48 and since then, student and faculty response has been apathetic. Apparently we will not show our generosity unless directly urged to by some capable speaker.

American students are expected to contribute \$100,000 and certainly \$100 is not too much to expect from a college this size.

The money thus raised will be used to provide for future educated leadership in Europe and Asia and donations may be earmarked for any phase of the work.

Not less than 50 per cent of the funds not designated will be allocated to China, and of the funds allocated to Europe, a part will be appropriated to meet the needs of refugee students in America.

This is a worthwhile cause and certainly we can afford \$100 for the benefit of less fortunate students in other lands. As we cannot expect to secure Dr. Koo again soon, we should not have the necessity of importing speakers to stir our conscience for such worthy causes. —Lacy.

HARRY GRAHAM

Nothing Sacred

TONIGHT the seventeen members of the Brass Choir, under the direction of Frank Elsass, present their annual program in the Little Theater. Those who whistle the "Stars and Stripes Forever" outside my classroom in the middle of a tough exam, and those who anticipate marching behind a military band in the near future, as well as the music lovers of the school, should make a point of attending this concert.

and mechanics of instrumental music, because it must detract some from the enjoyment of a ponderous note to be able to approach it with an analytical point of view.

I pride myself on being a music lover, in spite of the fact that I play a trombone. Too old to whistle the Stars and Stripes, and too young for the draft, I still get a big kick out of hearing the savage undertones of a piece of brass in the hands of an artist, whether the music is entirely martial or not. In all of us there is something of the love of music. I sometimes feel sorry for those who know all of the intricacies

What the drum is to the savage ignorant of all but the basic rhythm that controls every action of his body and mind, so brass instrumentations are to the "civilized" world. Men have gone to war to the blare of a trumpet, and even in the height of modern mechanized warfare there is a place for the brass bugle.

I look forward with anticipation to the concert tonight; and I hope that those who think a music program stuffy will attend and suffer a pleasant surprise. It might do the whole world good to forget the treachery of war and get back to the savage rhythm of the drum for awhile.

Speaking Of Jobs!

By ED HAWORTH

ONE of the most frequently neglected, important features of Appointment Office registration is that of furnishing the office promptly with photographs. These photographs should reach us very soon after you have filled out our registration card. They can best be taken by the same photographer who took your cap and gown picture. A business suit or street dress should be worn. We are not interested in an "artistic" portrait—avoid profile and smiling poses. If you wear glasses regularly, you should wear them when photographed. Eight pictures, 2½ by 3½ inches in size are usually sufficient. You will be notified if the supply is exhausted, and reprints should be ordered immediately.

positions—two or three are ordinarily sufficient. It is advisable, however, for non-teaching candidates to keep a few pictures in their possession to be attached to application blanks, data sheets, and to enclose in letters of application.

To illustrate the importance of these pictures we have only to remind you that many administrators and employers will not permit us to recommend candidates unless their papers are accompanied by a recent identification photograph. Delay in having your photograph taken may result in fewer opportunities for employment. Usually the Appointment Office does not require as many as eight pictures of candidates for non-teaching

An article appearing in the Spartan Daily a few days ago stated that you could obtain civil service application blanks by writing to the State Personnel Board. The Appointment Office always has a supply of these blanks on hand as well as other forms which will be helpful to those who are interested in civil service positions. Up to date civil service examination notices are posted on our bulletin board. We invite you to come in and secure a form which, when properly filled out and mailed to the State Personnel Board, will place your name on their mailing list so that you will receive notices of examinations at your home address.

Job information which you might otherwise find rather difficult to assemble can often be had quickly and easily by calling at the Appointment Office—think of it first when you are seeking such information.

Thrust and Parry

CONTRIBUTOR'S COLUMN

Ulterior Motives Suspected

Dear Trust and Parry, Today China needs every intelligent, educated Chinaman for work in China. Why then is Dr. T. Z. Koo lecturing here in the United States? Is he thinking of your interests, of the nation which has and still even partly continues to be the arsenal of Japan, or is he thinking of the interests of 300,000,000 Chinese?

would not war with Japan be likely or at least would not the war materials going to Japan be shut off? Would not China benefit tremendously from our involvement in any war?

Why is Dr. T. Z. Koo lecturing here in the United States? Vic Goris.

Is it not a possibility that he could be doing more for China lecturing here in the United States than at home? How? If the United States were to be involved in the European conflict, whether it were to our interests or not,

Contributions longer than 200 words will neither be published nor returned, regardless of their nature, unless special arrangements are made.

NOTICES

Notice to Seniors: Registration blanks should be returned to the Appointment Office not later than February 20. Be sure to sign up for an interview with Hr. Haworth on bulletin board outside Appointment Office. Interviews begin on February 24 and end on March 7.

Lost: A small Scotty wearing a wool leash about his neck, on the night of February 14 in the Mayfair district. If found please return to the Gamma Phi house, 202 S. 11th St.

Round-Up Committee—remember the meeting at 12 tomorrow in the "Y" clubrooms. —Helen Buss

Women's Ice Skating Club: Don't forget to come skating this Wednesday from 5:30 to 7:30. Bring your student body cards.

Social Service committee meets tonight for pot-luck supper at 5:30 at 72 S. 7th St. Please be there on time. —Jean Smullen, chairman

FLORENCE SCUDERO

Window Shopping

It gives one the strangest feeling to walk past the shop windows gaily decorated in the prettiest of spring fashions, with an umbrella overhead in sheets of falling rain.

Nevertheless, rain or no, spring fashions seem to be coming in 'fast and furious.'

Latest of campus fashions . . . practical as well as smart for early spring weather . . . are the pastel loosely knitted long sleeved sweaters . . . hip length . . . the longer the better. Peach, white, blue, pink, and beige seem to head the list of colors.

It's A Man's World

The trend toward masculine fashion is emphasized in sport clothes for the season along with the navy influence.

Tailored shirts of men's shirting

in a microscopic pin stripe with collar and cuffs of white pique is the newest addition to m'lady's fancy.

The 1941 version of the little girl middies with the sailor collar . . . like you used to wear in Junior High . . . only difference —these are 'true to your torso.'

Campus And Date Wear

Anticipating a new campus suit? Look at the pleated all-around skirts which fit flatly over the hips . . . or perhaps the full skirt in a glen plaid with a matching cardigan and pullover.

Light and lovely are the exquisite tailored classics for early spring date suits and wool dresses. Look at yourself in a smartly tailored navy suit in botonay flannel with an embled packet and a poplin middy . . . collar out? Perhaps you would prefer the glen plaid wool suit with the current longer jacket, shoulder bag and matching pill box hat to top it off.

BOXING TEAM INVADES NORTH

SIEBERT CLINGS TO VARSITY SCORING LEAD

Menno Siebert continues to top varsity basketball scorers with 129 points scored in the 19 games in which he has participated.

Dick Uhrhammer, who has taken part in all 20 games the Spartans have played this season, follows the lanky Siebert with 111 points.

Bill Helbush, forward, has been advancing fast up the ladder the past two weeks and is now in fourth place with 104 points, just one point behind Dutch Boysen's 105 tallies which are good enough to put the "Dutchman" in third place.

Other Spartan scorers worthy of mention include Captain Hal Carruth and Stu Carter, tied with 76 points each, John Allen 62, and John Woffington 49.

In CCAA scoring, Siebert also leads the local basketekers. In eight league games Siebert has 57 points followed by Helbush 45, Uhrhammer 36, Carter 34, and Woffington and Boysen, tied with 30 apiece.

In total statistics, the Spartans are showing decided improvement in the free throw department, one of their major weaknesses earlier in the season.

In 279 charity tosses attempted, the Spartans have made good on 158. The opponents have made good on 156 out of 276. Each has a 57 per cent completion average. Earlier in the year the Spartans were down to 51 per cent in free throw percentage, compared to the opponents 58 per cent.

In field goal scoring the Spartans have tanked 380 out of 1580 attempts for a completion mark of 24 per cent. The opponents have made good on 313 out of 1357 field goal attempts, for a percentage of 23 per cent.

In total scoring San Jose outdistances its opposition, 918 to 782 points. The Spartans also lead in the undesired fouling department, having committed 265 fouls to 224 for the enemy.

DTO's Defend Inter-fraternity Track Title

Delta Theta Omega will defend its inter-fraternity track title February 26 when fraternity members will battle for individual and team honors in the inter-fraternity track meet. The DTO's will be out to hold the trophy that they won last year.

All men who are entered in the inter-fraternity track meet must be examined by the health office. Here are the times available. 1:45-2:45, Tuesday, February 18. 2:00-2:45, Wednesday, February 19. 2:45-3:15, Thursday, February 20.

Dick Payne and Bob Roberts are co-chairmen of the event and expect a record turnout. Contestants who place either first, second or third in the various events will be given ribbons. The P.E. frat will officiate.

Football Dope

STANFORD DECISION WILL DECIDE DATE FOR U.S.F., SPARTAN FOOTBALL GAME

The date for the playing of the San Jose State-University of San Francisco football game, which still finds Spartan and Don officials trying to find a suitable date for the game, will in a roundabout way be settled by Stanford University.

SPECIAL OKAY
According to Glenn "Tiny" Hartranft, the Don-Spartan game will still be played on September 12, providing Stanford University officials give U.S.F. special permission to start practice on September 1.

The entire situation came up when Stanford officials demanded that University of San Francisco start football practice on September 7 if they wished to play Stanford next season. The demand on U.S.F. to abide by the Pacific Coast conference rules forced Don officials to ask for a change of date with San Jose State.

SHORT PRACTICE
With a game scheduled for Sep-

tember 12 against the Spartans, Don athletic officials decided that they could not meet San Jose with only four days practice.

If the Dons wish to play Stanford next season, and apparently they do, they (the Dons) must follow the same P.C.C. rules that Stanford does, which does not permit a team to start football practice before September 7.

This being the case, it will be impossible for U.S.F. to meet San Jose on September 12, unless granted special permission by Stanford University.

NOVEMBER 28
According to Hartranft, if Stanford does not allow University of San Francisco to start practice on the first, the game will be postponed until the end of the regular season and be played on November 28.

"The Don-Spartan game has become a good drawing attraction and if it is humanly possible it will not be cancelled," stated Hartranft.

VARSITY, FROSH QUINTETS FACE U.S.F. IN KEZAR PAVILION TOMORROW

Varsity Five

Fearing a mental letdown from his players after the gruelling two game series with Santa Barbara State college, Coach Walt McPherson will send his championship bound quintet up against University of San Francisco in Kezar Pavilion tomorrow night.

LOOK AHEAD

McPherson's worry at the present time is trying to keep his cagers in the proper frame of mind for the U.S.F. game instead of having them thinking ahead for the all-important two game title series with San Diego State college next week.

The Spartans defeated the Dons in the first meeting between the two, 56 to 47, and as a result of the improvement shown during the past four games will be favored to dump them again tomorrow night.

STARTING UNIT

Satisfied that he has finally found a starting combination that can win games, McPherson will start the unit of Bill Helbush, Stu Carter, Menno Siebert, John Allen and Ernie Allen against the Dons.

It was this same combination that brought the Spartans into second place in the CCAA race in the Gaucho series.

From U.S.F. comes the word that the Cameron-coached Dons who have yet to win a game this season, will "shoot the works" to register a win over the Spartans.

Frosh Five

Frank Carroll's frosh basketball team, with a double victory under its belt from last week-end, will pack its equipment and journey up to San Francisco for a one night stand against the University of San Francisco frosh tomorrow eve in Kezar pavilion. Game time is 6:30.

WON THE FIRST

The rapidly improving Spartababe quintet will seek its second victory at the expense of the Kleckner coached baby Dons, since they took them into camp by a 42-38 score in their last meeting. However, the Don frosh has annexed four straight wins since they met San Jose.

Kleckner's yearlings dumped Santa Clara, St. Mary's St. Ignatius and the San Francisco Boys club for four straight wins, and will seek to batter down San Jose.

BISHOP RETURNS

Tomorrow's tussle will probably see the return to action of Dave Bishop who has been out due to an aggravated hip pointer. Carroll hasn't announced any starting lineup but will probably use the same five men he has opened with in the last few contests.

Paul Borg, Wayne Staley, Bill Foote, Chet Madsen and Harold Sonntag will probably be the starting unit that takes to the floor at 6:30.

Spartans Off Today For Oregon State And Idaho Meets

Coach DeWitt Portal's Spartan boxers hit the rails this afternoon for Corvallis where they meet Oregon State tomorrow night, and again Friday when they tangle with the national championship University of Idaho team at Moscow.

Portal, with an inexperienced squad, will rely on his new "south-paw offense" to turn the tide against Oregon. Every Spartan will start left handed and switch styles throughout the bout. Portal hopes to befuddle the opposition with these tactics and come through with at least one win on the trip.

Idaho, with three returning national champions, will be overwhelmingly favored to dump the Spartans Friday. Only Bill Sellers and Tony Nasimento return from last year's CCAA championship San Jose team. Sellers meets Ted Kara, Idaho kingpin and former Olympic champion. Kara narrowly defeated Sellers twice last year.

FIVE MEN ENTER SENIOR P.A.A. TOMORROW NIGHT
An innovation in these meets will be the addition of the 114-pound class. Little Bob Webber will be the Spartan competitor in this weight. This is the first time that flyweight matches have been added to intercollegiate meets. The new weight will make a total of nine matches in each meet, and should serve to break up the 4-4 ties formerly prevalent in intercollegiate meets.

WEBBER STARTS
Portal will start Bob Webber at 114 pounds, Bill Sellers at 120, Dick Miyagawa 127, Tony Nasimento 135, Mark Guerra 145, Bill Moulden 155, Stan Smith 165, Jack Sarkisian 175, and Jack Kemper at heavyweight.

Forbes Mack, holder of the school breast stroke record, will swim unattached in the breast stroke because of ineligibility this quarter.

Thursday night in the local pool the Walkermen play host to the Stanford varsity mermen. Last year the Indian natadors trounced the Spartans 55-22.

Friday afternoon Coach Walker's undefeated frosh aggregation travels to Stanford to engage the Papoose paddlers.

MATMEN MEET NEVADA NEXT

A new type of double-header will be witnessed by fans Saturday night in Spartan pavilion, as Coach Sam Della Maggiore's varsity wrestlers tangle with the University of Nevada in a preliminary to the San Jose-Nevada basketball game.

This will be the first of four home meets for the wrestlers. On the road so far this season, the matmen have disposed of San Francisco State and San Francisco YMCA.

Nevada is reputed to have a strong team led by Captain Frank Rosachi. Rosachi will probably meet Bob Norona in the feature match. Last year in Spartan pavilion these two boys battled to a nine minute draw without either scoring an advantage.

Matches will start at 7 o'clock.

CAGE TOURNEY

Led by Gareth Adams, who scored 32 points, the Hotshots swamped the Miracles 61-11 yesterday to keep their lead in the "B" intramural basketball league.

In the second game of the day the Finks maintained their grip on third place by handing the Magicians of Washington Square a close 33-30 defeat. Jack Millar again led his team to victory, scoring 16 points.

In today's games in the "A" league the leading Sweatt's Sweaters play the Cellar Rats and the Atom Smashers encounter the Mud Holes.

SAN JOSE WILL SEND SKI TEAM TO P.C.I. MEET

San Jose State's ski contingent has officially been invited to attend the Pacific Coast Intercollegiate ski meet at Yosemite's Badger Pass, February 28 and March 1-2 and will send a six-man team to represent them in the competition.

Fourteen colleges will compete in the event sponsored by the Pacific Coast Intercollegiate Ski Union. The college athletic department has appropriated expense money for a six-man team to make the trip, and they will compete in the five mile cross-country, downhill, slalom, and the ski jumping events.

The Spartan aggregation will be represented by Fred Hauck, who is the manager, Glen Gallison, George Kifer, George Jorgensen, and George Head, with a sixth man yet to be chosen.

Interview

JAPAN IS NUISANCE TO GERMANY, JUST AS ITALY WAS IN 1940 -- POYTRESS

By WENDELL HAMMON

"Japan is today to Germany what Italy was before she entered the war in June, 1940, nothing more or nothing less than just a plain nuisance value," said Dr. William H. Poytress, head of the Social Science department, yesterday afternoon.

In the event that Hitler should win the war with Britain and it proved to his advantage he would sell Japan out on the drop of a handkerchief, and without the slightest afterthought about the whole matter, he pointed out.

Alpha Eta Sigma, Accounting Group, Installs Officers

New officers of Alpha Eta Sigma, accounting fraternity, were installed at a dinner and meeting at the De Anza Hotel, Friday, when new members were also formally initiated.

Raymond Col, who succeeded Emil Heidinger as president in a recent election, received the executive's gavel, and Walter Schmidt entered the vice-president's office. Other officers are: Emil Heidinger, recording secretary; Harold Cohn, corresponding secretary; Don Orlando, treasurer; Norman James, historian; and Chancey Minaker, sergeant-at-arms.

Those formally initiated as new members were: Bennett Carlson, Jerome P. Dufour, Jack Mulholland, Leo Sarter, and Eric Stom.

Arthur Kelley, commerce instructor and adviser for the organization, was toastmaster at the dinner, which was attended by many alumni of the fraternity, according to the president.

Department Head Announces Phelan Competition Rules

Each contribution to the annual Phelan Literary competition should also submit a cover sheet bearing the name of the author, titles of contributions and the division into which each is entered, according to Dr. Raymond Barry, head of the English department.

These cover sheets will be retained for the identification of each contribution, because the name of the author must not appear anywhere on the manuscripts.

Contributions will be accepted in the following divisions: sonnet, lyric, free verse, essay, short story and play. Stories and essays should contain a minimum of 100 words.

First, second and third prizes and honorable mention will be awarded to the winning entries in each division, and all prize winning material will be published in El Portal, the annual campus literary magazine.

All contributions must be submitted to the English department office, H28, before 5 o'clock on March 25.

Radio Debate Set For March 1

Second in a series of radio debates will be held on station KROW in Oakland March 1, in which the San Jose State freshmen will meet the University of California.

The question for debate will be: "Resolved, that Civil Liberties should be curbed in time of war crisis". Kenneth Fisher and Lawrence Viau will take the affirmative side of the discussion.

"Now that Italy has entered the war, and at this time is taking a licking from the British of the hardest kind is a thorn in the side of Hitler, and consequently puts Japan, the Oriental partner, now in the foreground," Poytress explained.

"Japan's chief value to Hitler now is to avert American aid that is flowing more and more steadily to Britain, and to keep America in a condition of readiness in the Far East."

Dr. Poytress emphasized the point that war with Japan at the present time is a possibility, but not a very great probability, because, he feels, Japan is trying to pull the greatest bluff she has tried so far.

"The chances for a war between the United States and Japan would enter the realm of actuality if she should attack Singapore, the Dutch East Indies, the Philippine Islands, or any other field outside of the present field of war in the Orient," he said.

One point that he especially emphasized was that of incidents caused by Japan. Japan could cause another Panay incident and probably get away with it, and quite possibly without war.

The reason that he gave for this point of view was the hatred of war voiced by the American people in general. "The hatred of war by the United States may become so strong that in the long run it will actually bring it about," said Dr. Poytress.

"The one thing that I fear most of all, and feel is absolutely not out of the realm of possibility is that of an Oriental version of Munich between Japan and Russia."

"While to the outside world, and especially in this country a rapprochement between Russia and Japan seems far off I certainly don't feel quite so confident. In fact I have feared for a long time that such a deal might come about," he said.

Junior Prom Is Declared Success

The Junior Prom presented at the Civic auditorium Friday night was declared "one of the best ever" by the 450 couples who attended the annual semi-formal dance.

Unique was the spun-web effect of streamers hung spirally around a huge sparkling '42 insignia which was suspended in a ceiling of stars. Multi-colored lights played on the decorations overhead, and mingled with the dancing throng below.

The junior council will meet sometime this week and reports will be given by the different committee chairmen on the dance. Proceeds from the affair will be put in the junior fund and will be used for sneak week.

Smelling Salts, Stretcher Fail Gaucho Coach

"Let me at that stuff!" "No, no, I need it worse than you, brother!"

Such was the conversation on the Santa Barbara Gaucho bench during Saturday night's hectic basketball game in Spartan pavilion.

As the game neared one of its most exciting stages in the closing seconds, Coach Willie Wilton of the Gauchos couldn't stand it any longer.

He dove for the smelling salts and took a couple of whiffs while his Gaucho subs on the bench clutched at the precious little bottle.

That was at the end of regular playing time, before the already haggard coach had to endure two overtime periods and see his team lose in the last few seconds.

At the end one of the Gaucho players was about ready to call for a stretcher for his mentor. Nay, two stretchers, the other for Spartan Coach Walt McPherson.

And that ain't all! The nervous Gaucho mentor had ripped bits of paper into shreds at his feet, and before the two-night stand was brought to an end, he had enough particles strewn around Spartan pavilion to stuff a couple of mattresses!

The fans? Oh, they managed to stagger out of the pavilion somehow!

TEA ROOM CLASS SERVES LUNCH TWICE WEEKLY

"Happiness for man, the hungry sinner— Since Eve ate apples, must depend on dinner!"

This appropriate quotation adorns the wall of the College Tea Room, located at the sign of the copper kettle in the home economics building.

The Tea Room, which is sponsored by the Tea Room Management class, features luncheons each Tuesday and Thursday at 12. The class, under the direction of Mrs. Sarah M. Dowdle, plan the menus for the Tea Room, set the tables, plan the decorations, and act as hostesses and waitresses.

This is the ninth year of operation for the Team Room, which is open each winter quarter. The course in Tea Room Management is required of all dietetics and institutional management majors.

Reservations for the luncheons may be made with Mrs. Dowdle in room 18 of the Home Economics building.

On March 4 and 6 the class will serve a Swedish smorgasbord for luncheon.

Margaret Tran Installed Head Of Ero Sophian

Margaret Tran was recently installed as president of Ero Sophian society in candlelight services held at Hillsdale Farm. Miss Tran succeeds Marian Griffin as president.

Other officers who were installed include Barbara Trelase, vice-president; Betty Stuhlman, secretary; Dorothy Fredell, treasurer; Ruthadell Isham, sergeant-at-arms; Betty Wisner, custodian; Lucette DeCanniere, historian; Barbara Onyett, reporter.

Employment

BIGGER PERCENTAGE OF WOMEN GET JOBS THAN MEN, SURVEY SHOWS

By VANCE PERRY

The employment situation for San Jose State college students is much better for women than men, a survey made some months ago indicates.

With some qualifications, the situation is much the same now as at the time the survey was made, according to M. Worth Oswald, assistant professor of economics, who compiled the material.

Of the 500 women needing work, 446 have some employment, and 350 can accept no substitute for cash in payment. However, only 62 need more than \$15 per month and only 28 need above \$25 per month. Eighty per cent of the women who need cash can get along on \$10 or \$12 per month or less, the survey showed.

Only 10 per cent of 72 women students who have irregular employment are under-employed (not sufficient employment to cover expenses).

MEN NEED MORE

While only 667 men claim they need work, 722 who answered questionnaires were working at the time, and 192 couldn't find a job. This means that 247 men are working at jobs which are not necessary for continuance in school, or they have more employment than they need, and more than 20 per cent need jobs.

Men for the most part said they needed more per month than women.

Some of the reasons why women students require less cash and employment are:

- 1. Most girls are better provided for by their parents.
- 2. Most women, unlike men, do not need funds for social purposes.
- 3. Because their requirements are less, positions which bring in a relatively small income, usually from part time employment, will suffice.

CASH DESIRABLE

Both groups expressed preference for jobs which paid in cash, seeming to indicate one of the following circumstances:

- 1. That the student is completely without funds.
- 2. That he is living at home and there is no substitute.
- 3. There is a scarcity of cash jobs.
- 4. A school program or personal circumstances preventing him from working for room and board.

Results of the survey showed that the average hourly earning of either men or women is not up to the standard of NYA, although since the survey a sliding rate has been put into effect in NYA. Those who worked for room and board receive less than the average rate, it was found, although circumstances may make up for it.

Accuracy of the survey depends somewhat upon the general accuracy of those who filled out the blanks, according to Oswald. At the time the survey was made, some students who would ordinarily need work may have been collecting unemployment insurance.

Spartan Senate Meets Tonight

Members of Spartan Senate, honorary debate society, will meet at the home of Jeanne Crites, 595 S. Ninth street, tonight at 7:30.

This will be the first meeting under the new officers. Main topic of discussion at tonight's meeting will be the annual Key Debate which takes place early in the spring quarter.

Football Photos Presented At APO Smoker

Football pictures and singing by one of the stars of Spartan Reserve, supplied entertainment for members of Alpha Pi Omega, social fraternity, and their guests at a smoker held at the De Anza hotel.

The football pictures depicted the entire contest between Fresno State college and this institution last fall, and Tommy Gifford was the fraternity member who was featured in the student show Thursday night.

A send-off was tendered to Walter Fisher, past president of the group, who will soon enter the naval training base at Pensacola, Florida. Leo O'Grady also received farewells from the organizations, as he has accepted a position with a large dairy firm in Gustine, California.

Chop Stick Sale, Dance Will End Student Drive

A sale of Chop Sticks and a dance will terminate the drive for the World Student Service Fund next week, according to Emi Kamura, chairman of the on-campus drive.

Representatives from all organizations are asked to attend the meeting in the Student Center "T" clubrooms on Thursday afternoon at 4 o'clock. Notices have been placed in the organization boxes in the co-op and should be referred to immediately to all groups for consideration.

Chop sticks will be given out for sale at the various club, sorority and fraternity meetings and will be culminated in a sale on campus for two days next week. Proceeds from the sale will go into the Fund which is for the relief of students in the war-torn lands of the Far East.

A dance will terminate the entire drive on Friday, February 28 in the Student Center and also the proceeds from this will go into the Fund.

PLAYERS ATTEND CURRAN SHOW

Fifteen members of Theatron, honorary group of players, formed a theater party tonight, night to see "There Shall Be No Night," stage production now appearing at the Curran Theater in San Francisco.

Alfred Lunt and Lynn Fontaine are starred in the Robert Sherwood drama of the Finnish war. Barbara Lee Bellah is president of Theatron.
