SPARTAN KNIGHTS HOLD DANCE FRIDAY EVENING

Beautiful country setting, one of the most popular dance orchestras in this vicinity, and a general mood of fun and entertainment is promised by the Spartan Knights when they present their annual spring semi-formal dance Friday night.

Setting is the San Jose Country Club in the eastern foothills, locale for many of the college's outstanding social functions.

Orchestra is the music of Gene Goudron and his talented group of entertainers. Goudron has prepared several novelty numbers for the Spartan Knight affair, billed as the "Spartan Nite of Knights". Goudron's band, which has completed successful engagements at the Coconut Grove in Santa Cruz, will feature a girl vocalist.

Clarence Russo, chairman of the dance, announces that attractive decorations, dealing with the Spartan theme, will be carried out in the ballroom. Shields and other Knight regalia will be placed about the room with soft-colored lights lending their bit to the setting.

The dance will honor new members recently admitted to the men's honorary service fraternity. Bids are selling for \$1.25.

A.W.A. CONVENTION FUNCTIONS START FRIDAY NOON

Announcement that the parking area between Fourth street and the high school teachers' reserved space will be set aside for the AWA convention delegates on Friday from 12 to 6 p.m. and Saturday from 7 a.m. until noon, was made yesterday by AWA president, Jerrie Jurras.

PROBLEMS SOLVED

Co-operation of the San Jose Chamber of Commerce and the various city departments has enabled every problem of the convention chairmen to be solved, declared Mary Ellen Ward, chairman. "All problems concerning housing and transportation, our printed programs and the escorts for the dance have been smoothed out and we are sure the convention will be a success," Miss Ward stated.

All men who have signed up to escort one of the delegates to the "Aloha" dance Saturday night must meet in the Little Theater today at 3:15. All "dates" are expected to attend. Dean Paul Pitman will give you all the information. Those unable to attend must see Dean Pitman in his office.

Women who have not purchased the \$2.50 bids will be unable to attend unless they have bought separate bids to the various events under the convention, Miss Jurras stated. Only those San Jose women who have such bids and the five who were selected to represent State college may attend the functions.

FREE REGISTRATION TEA

All San Jose women are invited to attend the free Registration tea Friday afternoon and to help in the welcoming of the visitors. They are also invited to attend the discussion groups to be held Saturday morning and afternoon.

WOMEN'S SWIM CLUB PRESENTS SHOW TONIGHT

Tonight at 8 o'clock at the college pool lights go up on "Isle of the Pacific", eighth annual swim extravaganza under the sponsorship of the Women's Swim club.

Doors to the pool open at 7:55. As there are no reserved seats for any of the performances, those persons who arrive first will secure the best seats. Positively no tickets will be sold at the door.

In a setting of a native village, the extravaganza presents the story of Nyepi, the religious celebration heralding the arrival of spring. The legend is told in a series of dances and swimming numbers performed to the accompaniment of native instruments such as wood blocks, drums, tom-toms, and a marimba.

Authentic Javanese music has been adapted for the accompaniments by Barbara Kenner of San Jose high school who will also play

RECORDINGS OF SYMPHONIC BAND MADE TODAY

San Jose State college's 97-piece symphonic band will make recordings today in Morris Dailey auditorium with the purpose of sending the reproductions to Edwin Franko Goldman, director of the famous Goldman Band of New York, which performed at the San Francisco World's Fair last year.

Word was received from Goldman recently that he would be glad to give criticisms and suggestions which may be helpful in the band's preparation for its annual formal concert scheduled April 30.

"This is quite an opportunity for our band," declares Thomas E. Eagan, director, "since Mr. Goldman is recognized throughout the world as being the foremost authority on concert bands."

Selections to be played are: "Il Guarany", overture by Gomez, and "Intermezzo", by Coleridge-Taylor. Recordings are being made by Peter Mingrone, technical director of the Speech department. He is in charge of setting up and operating all apparatus used in recording.

CLYDE APPLEBY PLAYS TODAY FOR NOON DANCE

Whether noon dances will be discontinued or not will be determined by the number of students who attend the one to be held in the quad this noon, states Harrett Maninna, who is in charge of the dances.

Music for the dance today will be furnished by Clyde Appleby's six-piece orchestra, and vocal numbers will be rendered by Verna Greenfield. Other members of the band are: Allen Furgerson, Jack Alcorn, Nick Maggi, and George Morris.

GENERAL ASSEMBLY AT 9:40 TO BE FOLLOWED BY LETTER WRITING SESSION

The students, faculty and administration of San Jose State college unite today in a mighty concerted effort to secure for the institution a \$1,200,000 building appropriation now pending in the state legislature.

While state senators and assemblymen consider Assembly Bill 2249 (Senate Bill 1108) which would provide that sum for San

Labor Arbitration Topic Of Debate In Model Legislature

In another of its inter-squad discussions the Spartan debate team will concentrate on a bill soon to be introduced into the state senate. The measure, regarding compulsory arbitration of labor disputes, will be discussed in a session of a model legislature later this month sponsored by Sacramento Junior college and attended by 11 local colleges and universities.

Today's meet between five members of the Spartan team will furnish the debaters with a valuable preparation for the later session, declares Granville Rogers, debate leader.

Scheduled to compete today are Joel Gustafson, Carson Ronas, Henry Leland, Arthur Gray and Richard Flower.

Plan To Unite Co-op Houses Underway

The plan whereby all five of San Jose's co-operative houses would be banded together under one central form of government is being acted upon by the heads of the various houses, according to Jay Varland, head of Spartan Hall.

Varland stated that a discussion of the matter had been held and that most of the houses favored the idea. Under the new setup, a central warehouse for the entire five houses would be in order.

The possibility of bringing in a man from an eastern business school to head the movement was also discussed. He would be paid a salary and would be in direct charge of all the buying. As a second possibility, the members felt that at the start it would be a good idea to pay some one on the campus a small salary to start the work.

T. E. Blesh, adviser to Spartan Hall, is the founder of the new co-operative setup. Blesh said that he was influenced by the splendid setup that the University of California has in regard to co-ops.

Faculty Meets This Afternoon

Members of the faculty will meet in room 24 at 4 o'clock this afternoon.

E. S. Thompson, financial secretary of the faculty, will explain the methods and arrangements under which the State colleges are financed, and what provisions have been made for salary adjustments under the budget now being considered in the legislature.

Jose State college building expansion, the college will join in a letter-writing program expected to result in a flood of 5000 letters calling upon senators, assemblymen, friends of the college, to actively support and promote the measure.

At 9:40 o'clock this morning all classes will adjourn to Morris Dailey auditorium or the main quad for an all-college assembly at which Student Body President Bob Payne will preside, and President T. W. MacQuarrie and Dean of Men Paul Pitman will speak.

Programs will be conducted simultaneously in both the auditorium and quad to take care of the overflow audience which is expected. "Classes are not excused at 9:40; they adjourn as classes, led by their instructors, to the assembly," according to Dean Pitman.

At 10:10 o'clock all classes will engage in a 15-minute session of letter writing, when students will be requested to write at least one letter to their parents, a friend, relative, or to an assemblyman or state senator requesting backing and support of the college appropriation.

There will be no change in the schedule of classes; 10 o'clock classes will meet as usual, according to Dean Pitman.

Stamps, paper and envelopes will be provided at each classroom.

CLUB GROUP VISITS C.O.P.

A group of students and faculty members will represent San Jose State college Sunday afternoon at the Intercollegiate Race Relations conference, to be held this year at College of the Pacific, announce Fernando Taggawa and Flora Deane Russell of the Cosmopolitan club.

The conference will include an address by Frederick E. Morrow of the National Association for Advancement of Colored People, and a program exchange with six colleges of northern California participating. The evening will be highlighted by a Chinese supper and a folk-dancing party.

All men and women students and faculty members who would like to attend are invited and are requested to sign up immediately on the "Y" sandwich board in front of the Morris Dailey auditorium. Transportation will be 50 cents, and the Chinese supper 25 cents, with no charge for registration.

Friday Is Deadline For Dropping Spring Quarter Courses

Friday is the deadline set for the dropping of courses for the spring quarter, announces Joe West, Registrar.

Student 'Self-Help'

At ten o'clock today all classes will be escorted into the Morris Dailey auditorium, handed stamps and paper, and asked to write letters to friends, relatives or representatives in Sacramento in support of and asking active backing for bills now in the legislature and senate of this state demanding a building appropriation of \$1,200,000 for San Jose State college.

It is regrettable that the administration called this special assembly. Letters written under compulsion or with the too-active cooperation of college heads are apt to be as stereotyped as a last-minute comp for bone-head English.

Now that the assembly has been called, however, the student body should cooperate with the wishes of the administration that everyone turn correspondent for an hour. The publicity in itself will be worth far more than the individual effort, if positive proof of worth is desired. Whether or not other colleges have turned to mass mail for legislative action is beside the point—the fact

that San Jose State college, crowded to the quad with too many students, too few classrooms with the facilities for modern teaching, and too much political red tape is employing the united pens of more than 3500 of its "citizens" is an item worthy of front-page prominence.

On this page are published letters submitted to the contest which closed yesterday. These should serve either as examples or as sources of information. The fact that each student in this college is constantly in contact with the hundred and one bottle-necks that inadequate facilities and sadly-out-of-date buildings produce should be stimulus enough to write a convincing letter to any number of legislators.

It was the administration's desire that this special assembly accomplish something. The effect of such a mass of mail on state representatives should be considerable; but more important is the enthusiasm, or the lack of it, with which students greet this "self-help" project. —Graham.

PEGGY RICHTER

On-Campus

There has been talk about local merchants not being San Jose State college conscious.

Perhaps this is true to a certain extent, especially in reference to athletic contests, but the friendliness and cooperation with which the Spardi Gras contest committee was greeted by the merchants seems to shelve this opinion.

Maybe they read a column earlier in the quarter in the Spartan Daily commenting on a lack of support the merchants give campus functions, but at any rate, spontaneous endorsement by prize donations was given.

Jeweler Paul Hudson, Clothier J. S. Williams, Roos Bros, Salesman E. R. McGuire and Barber Shop Owner Brown have donated merchandise from their stores to be used for Spardi Gras contest prizes.

These merchants are definitely conscious of our college, and were well aware of the term "Spardi Gras"; no explanation was needed. Although not all merchants were contacted, it does show there is a marked improvement in conditions between the store owners and the college.

San Jose State college houses a population of nearly 4000 students, which is considerably larger than many of the neighboring towns. Its inhabitants conduct the majority of their shopping in San Jose stores. The success of obtaining prizes shows that this fact is becoming recognized by the merchants.

HERE ARE THREE WAYS; NOW TRY YOURSELF

 as will a letter signed by President MacQuarrie stating the facts of the situation. This letter will act as a source of information to students writing letters, and may be enclosed with the student letters.

Letter-posting depots will be placed at strategic points about the campus and operated throughout the day by representatives of college service societies.

The letter-writing contest for \$25 in cash prizes closed at 5 o'clock yesterday afternoon with many letters submitted. Announcement of winners in the contest will be made tomorrow; meantime the Spartan Daily herewith reproduces three typical letters as examples of what, it is hoped, other students of the college may write at this morning's letter-writing session:

April 15, 1941.

Dear Folks:

I hope you will not be shocked upon receipt of this unexpected epistle. I am not ill; I have not been banished from this institution; I do not need money; nor is this an installment of my regular bi-annual correspondence.

Our California Legislature is now considering Senate Bill No. 1108. This bill provides for an appropriation of funds to carry on, and improve, the educational programs at our five State Colleges. If this legislation is enacted, the educational facilities at San Jose State will be improved and supplemented. It will be enacted if those who consider education a sound investment voice their opinions to their legislators.

I realize that, because of the present defense program, unnecessary expenditures must be curtailed. Education, however, cannot be classified as unnecessary. Now, more than ever before, is there need of a powerful influence

to combat the elements of under-privilege and ignorance and the subversive activities which they foster. It would be an inconsistency to create armaments to defend a way of life, and fail to plan and build to perpetuate that way of life.

Will you help us insure final passage of this bill by writing or personally contacting our representatives up there in Modoc County?

Respectfully your son,
 Wayne Nelson.

April 16, 1941.

Allen B. Thurman, Assemblyman
 State Capitol Building
 Sacramento, California.

Dear Mr. Thurman:

In the near future the California State Legislature will vote on a bill which is vitally important to the 4000 students enrolled at San Jose State College. The bill to which I am referring is Assembly Bill No. 2249, and it provides for the extension and improvement of the campus of that college.

Because you are on the Ways and Means Committee, and are, therefore, in a position to give this bill a favorable start, I thought that a letter showing how much we appreciate your support might help to convince you that your vote has been well directed.

San Jose State College is a great credit to the state. Nowhere else can you find such a wide selection of courses with specialized training in so many fields. I came here to school from Newcastle because I felt that it best filled my requirements. For this same reason, students come here from all over this state and many others. The only objection is that the college plant was built when it was a small Normal school and is not adequate to handle the large enrollment and wide curriculum

Sat Yamamoto won first place in the broad jump with a leap of 22 feet, 3¹/₂ inches. This was 4¹/₂ inches farther than Fresno's Collier leaped.

Spartan Baseball Team Closes Home Season Today

The curtain will ring down today on the 1941 collegiate baseball season as far as home performances are concerned when the Spartan varsity makes its final home start of the year against St. Mary's Galloping Gaels. The game will be played at Spartan field starting at 3 o'clock.

Hoping to make its final appearance a favorable one, State will pitch husky Jack Raine in an effort to capture win No. 2 over the Gaels from Moraga valley.

WIN FROM USC

In a previous tilt on the Gaels' home grounds, San Jose jumped on the offerings of pitchers Boyle and McLaughlin to club out a surprise 6-2 win while southpaw Carl Stubenrauch was holding the enemy in check. The Gaels' last appearance was Saturday when they knocked over Southern California's powerful nine. On the same day, San Jose split a doubleheader with Santa Barbara State.

No starting hurler has been named for the Gaels, but there is a strong possibility that Charley Mori may ascend the hill for mound duties. Sheely may, however, decide to throw Frankie Boyle or still yet may pitch his ace Wes Bailey.

With only USF remaining Friday, the Spartan batters will endeavor to fatten their batting averages at the expense of the Gaels.

LINE-UP

For San Jose, the probable starting line-up will find Raine, pitcher; Bill Donnelly, catcher; Ralph Sandborn, first; Cyril Taylor, second; Ed Hunt, shortstop; Johnny Allen, third; Jack Fancher, left field; Capt. Ben Frizzi, center; and Fred Lindsey in right.

Against USF Friday, Coach Walt McPherson plans to pitch either Ray Cressio or Carl Stubenrauch. This game will be the last game of the season for State unless the two scheduled but rained-out games with Fresno State have a direct effect on the CCAA conference frolic. In the event of a tie for the title, then State will play Fresno at a later date.

department, Mentor Ben Winkelman had him practicing. With Charley Cook centering and Al Hardesty holding, the husky Modesto Jaycee lad kept kicking them through with amazing consistency.

John Woffington and Stu Carter showed their ability to run back-kicks. They raced back for considerable yardage before being "dropped". Dropped in this case was merely being touched.

Freshman Teams Win

BASEBALL

Extending its current winning streak to three games, Coach Leroy Zimmerman's freshman baseball nine downed Mountain View high school 15-3 at Mountain View yesterday.

Jack Gottschang, slim right-handed hurler, turned in another brilliant game yesterday, limiting the Eagles to two bingles. Gottschang has allowed only 10 hits in the last three games.

The Spartababes drew first blood by pushing across two tallies in the first when Lew Boitano singled and Len Lazarus walked. Chuck Fasanaro, right fielder, drove them both in with a lusty triple to center.

The frosh also scored two in the second; five in the third; two in the fourth; two in the fifth; and two in the sixth.

The Spartababes piled up 16 hits, their most impressive total of the season. Lazarus and Fasanaro collected three apiece, while Staley, Urzi and Zucca hit two each.

Tomorrow the frosh tangle with Santa Clara high at the high school diamond. The battery for the Spartans will be Klichan and Lazarus.

TRACK

San Jose high school's five-meet winning streak came to an end yesterday afternoon as the State frosh trackmen opened their current season with a 60-53 win over the Bulldogs on Spartan field.

Bud Veregge and John Wilson turned in double wins for the yearlings. Veregge won the 220-yard dash and the 220-yard low hurdle race, as well as running a lap on the winning relay team. Big John Wilson took both weight events, heaving the discuss 135 feet and throwing the shot put 48 feet 7 inches.

The first-year men also made a clean sweep in the 220-yard dash and the broad jump. Veregge, Lindsay and Seely surpassed their high school opponents in the furlong. Lindsay, Townsend and Swift out-leaped the high school entries in the broad jump.

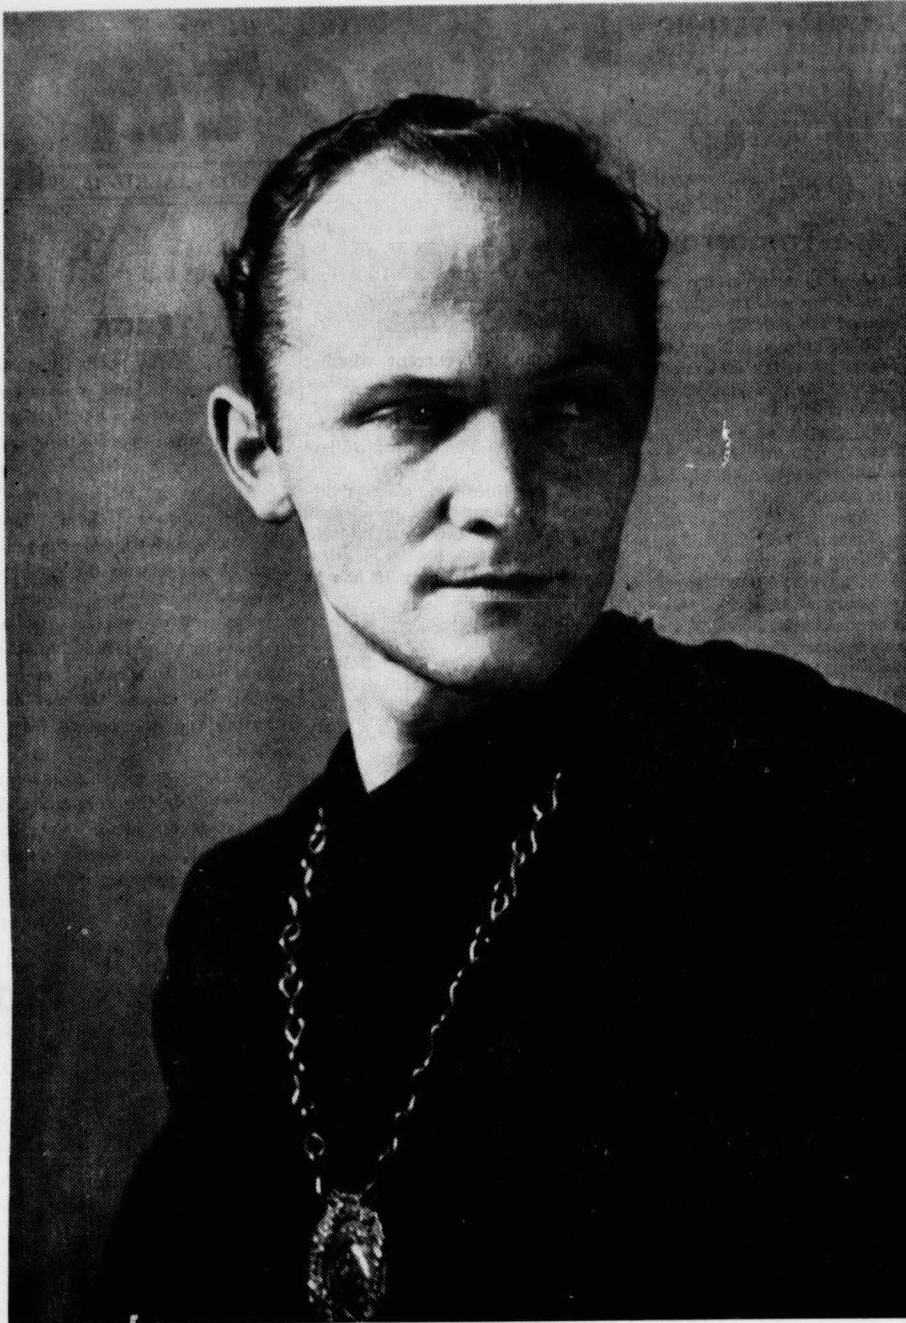

The Spartlet 880-yard relay team of Gleebsburg, Yakobosky, Veregge and Palmer held a small lead throughout to win the relay in one minute and 35 seconds.

JAMES CLANCY AS 'HAMLET'

COSTUMES PLAY PART IN 'HAMLET' PRODUCTION

Costuming will play an important part in the State production of "Hamlet", which is to be presented here next week, according to Hugh Gillis, director.

Ordinarily in amateur productions, Gillis points out, only one basic costume is used for each character with only accessories changing the costumes.

Barbara Trelease, who portrays Queen Gertrude in the production, will have four costume changes. They include a cloth of gold dress for her court scenes, another dress of green velour, a medieval dressing gown, and a black velvet dress appliqued with gold which she will wear for Ophelia's funeral.

Ophelia, portrayed by Elizabeth Stowe, will have one costume of yellow, a court gown of white brocaded satin encrusted with pearls, and in her "mad" scene will wear a powder blue dress.

James Clancy as Hamlet will have three costumes. They will be of black, royal blue, and grey. Horatio's costumes will be of rust, red, and moss green. Joseph Juracich enacts the role of Horatio.

Miss Dorothy Manchester of the Home Economics department helped with the designing and selection of the costumes. They are being made up by Goldstein Costuming company of San Francisco.

Tickets for the production are on sale in room 159, the Speech office. Student tickets are 25 cents. General admission is 50 cents.

Dear Sir:

I am writing to you in regard to Senate Bill No. 1108 (Assembly Bill No. 2249). This bill has to do with appropriations to State Colleges and is now under consideration by the legislators. We need this bill to pass as it was presented.

You know what the State Colleges have been doing for young men and women of California. The students that attend State Colleges are, as a whole, middle-class people. They will have to worry about jobs, rent, taxes, and a long list of other things when they are through school. Being of the middle-class they can't afford to be perennial students. They aren't "Joe College".

It is these bread-and-butter students who will settle down in communities like your own and become good solid citizens. They are the future America. If these bills before the legislature pass, these students will be able to enjoy a better school set-up.

I feel that the legislators would be more apt to listen to a clergyman or a business man than they would to a student. If you will write to your representative stating that you are in favor of this bill passing, you will be doing your part to make a better community.

I thank you.
Very truly,
Claude Cook.

NOTICE

Will all football managers and those who wish to be football managers report to the Spartan stadium this afternoon.—Squatrito.

Persons wishing to pay for the book can do so in the Publications office, room 17, from 9-5 at the La Torre desk. Faculty members may still purchase La Torre in advance by depositing \$1.55 with the secretaries of their respective departments, Miss Silver says.

All who have paid to have their copies mailed are requested to see Editor Silver as soon as possible. Those who have requested that their books be mailed but have not paid for the service are asked to leave five cents at the La Torre desk, according to Ken Stephens, club editor.
