

STUDENTS VOTE ON TWO AMENDMENTS TODAY

Final student vote of the quarter will be held today on two proposed amendments to the college constitution. Polls will be open from 10 to 3 o'clock in front of the Morris Dailey auditorium.

Amendment I. refers to class elections and class officers, and amendment II. concerns the appointment of an election judge.

Students are asked to present their student body cards before voting, according to Ben Frizzi, election judge. Spartan Knights, men's honorary service fraternity, will handle the election.

A complete copy of the proposed amendments can be found on today's feature page. Students are asked to read these changes carefully and vote.

One of the more prominent changes concerns the stabilizing of the number of class officers, according to Student Council members. Under the new system there would be a president, vice-president, and secretary-treasurer for each of the four classes.

The student council has proposed the appointment of an election judge who will be named two weeks before the close of each school year. The judge in turn will appoint his own committee.

Bundles For Britain Ball Tonight In Civic Auditorium

Carrying out the theme of "Bundles to Britain", even to booths selling pins and miniature flags of England, Zeta Chi, on-campus social sorority, will present the British war relief ball, the largest of its kind to be held in Santa Clara county, tonight in the Civic Auditorium from 9 until 1 o'clock.

Tickets which have been restricted to sales during the past three weeks, will be on sale at the door for 55 cents per person, \$1.10 per couple, according to Harriet Peime, president of the sorority and general chairman of the dance.

The ball is also being sponsored by a number of social and service organizations on the campus as well as by several of the civic and service groups in San Jose.

The British consul in San Francisco, R. C. O'Dwyer, will be guest of honor at the ball, Miss Peime stated. "News that Wendy Barrie of movie fame would be unable to attend was received Saturday," she declared, "and attempts have been made to bring James Stewart here."

Lowell Jones' 12-piece orchestra will play for dancers and will feature sweet swing, with a new member, formerly with Carl Rivazza's band, taking the spotlight.

Patrons will be Dr. and Mrs. T. W. MacQuarrie, Dean of Women Helen Dimmick, Miss Dolores Freitas, Miss Anne Palmer, Mr. and Mrs. Forrest Murdock, Mr. and Mrs. Clark Bradley, Mr. and Mrs. Thomas Randazzo. Both Mr. Bradley and Mr. Randazzo are members of the City Council.

ADVANTAGES OF A.S.B. MEMBERSHIP DESCRIBED

EDITOR'S NOTE: Next year student body fees will be optional to the students of this institution. Following is the first in a series of articles written to bring to the students of Washington Square the advantages of belonging to the Associated Student Body of San Jose State college. This column brings to you a general survey of next year's registering.

By PEGGY RICHTER

Due to the recent ruling of the State Department of Education to separate the junior college from the State college, fees will be optional next year to all students for the first time in the history of this college.

In the past, fees paid for student body cards and automatically entitled the bearer to all campus privileges including college social affairs, Health Cottage, athletic events, school daily paper, and many others.

Then, every student enrolled in either the junior or state college was a member of the Associated Student Body. Next year, with fees optional, not all registered in this institution will be eligible to become active in student affairs; only those with student cards will be allowed to participate.

After careful consideration on the part of the student council and the administration, there will be an actual reduction in the rate of student body fees over former years. The new rate of \$12.50, payable in September in a lump sum, as compared to \$14.01 paid in quarterly installments, shows a decrease of \$1.51 for the year.

Tuition as always will be \$4.33 and will be charged at the beginning of each quarter for State college students who will also pay their class fees at this time. There will be no tuition or class fees for junior college registrants.

The administration has planned allowances for appropriate refunds to student body members who drop out of college before completing their three quarters.

Majority Favor Continuance Of Final Schedule

In a poll held yesterday to get the students' opinions of the present final examination system, 76 per cent of the voters were in favor of continuing the method which was adopted in the fall quarter.

A total of 1851 votes were cast during the 9 o'clock classes when 1409 voted in favor of keeping the system and 442 voted to abolish it.

The poll will not be a determining factor as far as the system is concerned. Faculty members on the examination committee have been in favor of it, but were interested in finding the students' point of view. Faculty will vote for the second time since its adoption at the next meeting to determine whether or not the system will be used next fall.

"Shall we continue the end-quarter examination schedule as we have tried out this year?" was the question brought up before the students.

FALL PROGRAM PLANNED FOR ALUMNI ATTENDING ANNUAL HOMECOMING

Several Hundred Return To Campus; Golden Grads Meet

Breakfasts, luncheons, teas, dinner meetings, reunions, exhibits, and a big evening dance await several hundred alumni who will return to the campus Saturday for their annual Homecoming.

Tau Delta Phi, Delta Phi Upsilon, the boxing team, the Art department, the library and the Bibliophiles are among the campus groups which are making special plans for their alumni members. Both the

Library and the Art departments will have exhibits all day.

Main events for alumni will be a free organ concert in the quad at 11, a meeting of the Golden Grads in the Student Union at 11, meeting of Santa Clara county chapter at 11:30 in the Little Theater, the traditional barbecue and program at 12:30 on the south lawn, and the dance from 8:30 to 12 in the Men's gym. Members of the alumni association and the senior class, with guests, will be admitted to the dance free.

Classes of 10, 25 and 50 years ago—the graduates of 1931, 1916 and 1891—will be honored. The 1891 graduates will be accepted into Golden Grads, organization of alumni who graduated 50 or more years ago.

The new library will be the center of attraction for visitors, who will be permitted to tour the building.

On the luncheon program will be William Sweeney of the faculty as master of ceremonies, Mrs. Sarah Wilson's country dance class doing numbers called by DeWitt Portal, vocal duets by Marjory Miller and Charlotte Morley, trombone solo by Charles Robbins, a short talk by Miss Joyce Backus, and a reading by Allen Schroder.

Wayne Lenz is president of the alumni association, and Margaret Dean Haworth is general chairman of homecoming. New officers for next year will be announced at the luncheon.

COLLEGE DRAFT BOARD CHANGES MEETING DATE

College Selective Service committee will hold the second of its twice weekly meetings today instead of tomorrow. Reason is that tomorrow is a holiday.

Since its establishment, the committee has considered 92 statements of information. It has recommended 31 requests for deferment, has denied 40 and passed over 21 because these fell out of its jurisdiction.

Statements of information must be filed by every 1-D man enrolled for selective service and by every man receiving his questionnaire.

Men receiving their questionnaires should report to Mrs. Louise Ralph in the Dean of Men's office the day the questionnaire is received. At the same time they should procure the instruction sheet on the preparation of the statement of information.

Students expecting to enroll for selective service on July 1 are asked to file their statements of information as soon as possible. This is to spread the work of the committee in filling out the students' affidavits over the remainder of the quarter.

Prospective draftees may enclose requests for deferment in their statements of information. The committee recommends students for deferment who are engaged in scientific studies those who are nearing the completion of their courses and those who have exceptional scholastic ability.

Representatives Sign Now For Quarterly Dinner

Today is the last day for organizations to sign for the quarterly "gripe dinner" to be held in the Sainte Claire hotel Monday evening at 7 o'clock, states Grace Marie McGrady, chairman of the affair.

All organizations planning to send representatives to the "gripe session" are asked to sign immediately. Faculty members are banned from the dinner and discussion.

Campus groups and organizations are given this chance to air their grievances freely and are encouraged to submit ideas to the student council.

Students not belonging to any campus organization are invited to dinner to discuss campus problems.

Tickets are selling for \$1.03, instead of the original 88 cents, due to the rise in prices because of defense action, councilmen state.

Grace Marie McGrady is in charge of the affair in which over sixty organizations were represented last year.

LOST AND FOUND ARTICLES LISTED

Students are urged to report to the Lost and Found immediately if any of the following articles or books belong to them. "Students History of Philosophy", "Storm's Immensee", "Differential and Integral Calculus", "Dictionary", "Psychology of the Unadjusted School Child", "Psychology of Infancy and Childhood", "Sociology of Rural Life", "History of England", "Eleven Plays of Ibsen", "Speech Syllabus", "Elizabeth, the Queen", "Fundamentals of General Psych", "Studying Children in School", "Growth and Development of the Young Child", "Outline of History by Wells", "Testing in Elementary School".

There are also other miscellaneous articles in the office.

Personnel Office Issues Request

Technical students, please report to the Personnel office if you did not get a letter explaining the technical course for next year. I will be in the Personnel office during the noon hour every day next week (June 2 to 6) especially to meet all technical students to give out the technical course supplement to the 1941-42 catalog, and to answer questions about next year's technical courses.

MURDER MYSTERY, 'GIANT STAIR', GIVEN TODAY, 2

A creepy murder mystery, guaranteed to be a real hair-raiser, is promised by members of KSJS, Radio Speaking society, who are presenting "The Giant's Stair", dramatic production, in the Little Theater at 2 o'clock this afternoon. Admission is free.

Tommy Taylor is director of the script, which was written by Wilbur Daniel Steele and presented over the Columbia Workshop of the Mutual Broadcasting company.

The plot concerns the disappearance of a Mrs. Weatherburn's husband and the ultimate solving of this mystery. The show will last half an hour.

"The story is not as simple as that, however," according to Taylor, "since Till, Mrs. Weatherburn's neurotic sister, enters the scene to add complications and chills to the already spooky atmosphere."

Winifred Doolittle takes over the characterization of Mrs. Weatherburn, while Harriet Sandifer portrays the moody Till.

Dean Paizis is cast as Sheriff Bane, and Lew Daniel will announce. A change in casting shifts Ronald Hadley to the part of narrator and John Shepherd to Cantpole, the District Attorney. This reversal was made because more power in each character was obtained by matching the respective voices of the two to suit their parts.

Hadley, Daniels, and Taylor are in charge of sound effects. A sustained howling wind, a door-slam, and a stove lid bang were the main problems for this crew.

SENIOR BALL GIVEN JUNE 7 AT OLYMPIC CLUB

Senior Ball bids which were due earlier in the week, are expected to arrive in the Controller's office today, announces Don Anderson, co-chairman.

Bids will sell for \$3.05, which includes \$2.75 for the bid and a 28-cent tax. The bids will be sold only to students in senior standing, the co-chairman stated. Lowerclassmen can purchase bids next week.

Billy MacDonald and his Royal Highlanders, famous orchestra from coast to coast, will play at the dance to be held June 7 at the Olympic club at Lakeside, overlooking Lake Merced. The newly decorated club will be reserved entirely for San Jose State college students. This is the most exclusive of its kind along the Pacific coast, Anderson said.

Save Your Apologies

A new instructor in one of my classes was quite surprised at all the apologizing that goes on around here by those students who think they must give excuses for attending San Jose State college.

And isn't it the truth in some cases. There are a few who are immediately put on the defensive when involved with some outsider in a conversation regarding the college.

After four years of being around this institution one suddenly wakes up to the real beauty and all-around goodness of the place. Such is the case with many of us about to graduate.

Take a good look at the surroundings and you'll not only discover the beauty of the green-clad Tower and quads, the tree-bordered main entrance, and other things around this old college, but you'll hit upon something that goes even deeper than mere visual beauty.

There's something about the fellowship and intimate associations possible on a col-

Alumni Welcome

From all the points of the compass, from big cities and small towns, several hundred alumni will return to San Jose State college campus once again for the annual alumni will be renewed, new ones made and the grads of 50 years ago will mingle with those who have only recently acquired the title of "alumni".

People often say they wish that their school days could be relived. This is impossible, but the Homecoming gives our alumni the next best thing—a chance to visit with old friends, to chat with former instructors, to see again the quad, the Tower and other parts of the campus which will

lege and campus this size, that you won't find at some of the larger prestige-infested institutions.

Add to this the fact that the college offers you some of the best practical training in a wide variety of fields, and you really have something to work with in letting others know that there's no place quite like San Jose State college.

In my four years I've been impressed with the wholesome, genuine atmosphere of the place. It's hard to put your finger right on the meaning of it all. Some of the more glamorous, who merely use this college as a stepping stone to some other "prestige" institution, have called it a glorified high school. If that's it, here's hoping for a bigger and better "glorified" San Jose State college.

We're growing toward national prominence in a sort of genuine and wholesome way. You needn't apologize for that!

—Frizzi.

always recall pleasant memories.

The campus belongs to the alumni on that day, and they will be entertained royally by the students. Luncheons, teas, musical entertainment, all these are planned to give the alumni a good time and one that will long be remembered.

It will be a big day for the "old grads". No doubt it would be a great occasion even if they just got this chance to return to the college, but it is made even bigger because of the way the various campus groups are cooperating to give them a really good time.

—Irwin.

Sixth Columnist

CON LACY

In view of the 150-word limit on Thrust and Parry articles, I am taking the liberty of running Dr. Gilliam's contribution under my column head.—Con Lacy.

Night before last the President of the United States declared this country to be in a state of national emergency. Yesterday there appeared in the Spartan Daily an article written by a member of our faculty, the import of which was to strike a blow at national solidarity. To say that I was surprised and shocked is to put it mildly.

As developments have occurred leading up to our present position, I have said to myself, "This time the issues are clear, anyone who runs can read, there will be no conscientious objectors." Evidently I have lacked the imagination necessary to see the truth. However, in the face of Mr. Wilkie's appeal to the President and the country, and the frank expressions of clear-headed opinion by the vast majority of Americans, the suggestion that the President's policy represents "a one-man program" is astounding.

The course which the evolution of power-politics has taken in the history of western civilization as a whole is so clearly outlined in the events of the past that it seems inconceivable that we Americans should have difficulty seeing ourselves and our future in relation to it. In such things there is no choice, once the basis upon

which our enlightened self-interest must be secured becomes obvious. Our involvement in world affairs is not new. Every great power in Europe since the 16th century had reached out to take from America the wherewithal to maintain itself in Europe.

As an American of German descent the part of the article under consideration which perhaps disturbed me most was that which assumed the divided allegiance of many so-called German, Italian and Japanese Americans. I do not believe in hyphenated Americans. If the people of the United States are not the only people the masses in our polyglot nation recognize as their own the great American experiment is a failure. I want to add my voice to that of the loyal Americans who have already protested such implications.

Every constitutional state in history has had to provide for a concentration of leadership and executive power in time of emergency. This has been done on a voluntary basis by our great republic many times. We have shown that we do not believe that it is only a degenerate, weak, and defenseless state that can be a democracy.

—Olive Gilliam.

Proposed Amendments

Changes In Constitution Come Before Voters Today, 10-3

AMENDMENT I.

ARTICLE I.

CLASS ELECTIONS

Section 1. Each class shall hold election of officers once each quarter, with the exception of the freshman class, who will hold elections only in the winter and spring quarters. Officers for fall quarter for the freshman class will be handled by the class advisers in any way they and the class may decide upon.

Nominations Assemblies

Sec. 2. Nomination assemblies shall be held by each class, individually, on the first Wednesday of the quarter. Members of the Student Council shall preside at these meetings.

Primary Election

Sec. 3. Primary elections shall be held not later than one week after the nomination assembly, in the same manner as the General Student Body Election.

President. We can talk about writing, but words "will not long be remembered"; actions will. Arise, ye sons of America; speak and tell all men our convictions!

Following the example of our administration we can have a letter-writing crusade—more effective being voluntary and for a greater cause—America! We can not offer free postage and stationery, but the cost will be only 3c.

Make next week after the holiday letter-writing week. Write to a senator, a congressman, or the president. Already I have written to the President and to two senators; now let them hear from you. Perhaps, like someone says, we are like the man who has jumped from the diving board. It is only a matter of time till we will be in the water; however, it may be that we can still stop the jump!

We are not the minority crying to be heard; rather we represent the silent millions who at last shall raise the voice. Hear it, Mr. President!

—Dave Atkinson.

Run-off Election

Sec. 4. Final elections shall be held not later than three days after the primary elections. A majority vote shall be necessary to elect any officer. In the case that a majority is not received in the final election, or in the case of a tie, further run-offs shall be conducted by each class.

Sec. 5. Eligibility. To be eligible to run for any office, one must be a member of his class in good standing. That is, he shall not be on probation, carrying less than the required number of units or a "Terminal" student.

Sec. 6. The election judge shall be in charge of the elections.

ARTICLE II.

CLASS OFFICERS

Section 1. The officers of each class shall be President, Vice-President, and Secretary-treasurer all of whom shall be elected by ballot. They shall take office immediately upon being elected.

Sec. 2. Duties of Officers. Each class shall decide upon the specific duties of each officer.

AMENDMENT II.

ARTICLE I.

Election Judge

Section 1. An election judge shall be appointed by the Student Council two weeks before the end of each school year. He shall hold office for the duration of that year, or until his successor is appointed.

Committee

Sec. 2. The election committee shall be appointed by the election judge with the approval of the Student Council.

Duties

Sec. 3. The election judge and his committee shall be in complete charge of all student body elections, that is, class officers, student body council, and any special elections which might arise.

Sec. 4. The election judge and committee shall be held accountable for any irregularities, and shall be responsible to the Student Body, as represented by the Student Council.

CONTRIBUTOR'S COLUMN

This Is Democracy

Dear Thrust and Parry:

I was much amused at seeing Dr. Yates' letter being placed in a column beside the letter written by A. McArthur, who said, "Recent letters in this column by students and faculty alike show an alarming increase in dogmatism, intolerance, and an apparent lack of understanding of the complexities involved in the present war crisis."

Further on he says, "Is there not evidence a-plenty that only a superficial understanding of what is involved could permit such dogmatic and positive assertions as

are being made?"

I will close with another quotation from the same article: "If we as students (or faculty members) have any obligation or responsibility to our nation, it is to remain objective when so many are becoming foolish and irrational through fear."

—Edith Wasley.

FROSH NETMEN TAKE LEAD IN INTER-SQUAD RACQUET TOURNAMENT

Lowerclassmen Make Clean Sweep In Yesterday's Matches

The freshman netters took the lead in the inter-squad tennis tournament yesterday afternoon when they swept the three matches that were played. Bud Hefner downed Ollie Upton in the first match 6-4, 5-7, 6-2 to start the freshmen off. Bob Williams followed in Hefner's footsteps to down Jack Kemper in a three-set match, 4-6, 6-2, 10-8, although both played heads up tennis in the final match with Williams on top. Byron Kalin was the other winner for the frosh netters, downing Ernie Rideout in a three-set match, taking the final set 6-3.

All singles matches must be played by 3 o'clock this afternoon or they will be forfeited to the frosh team, states Coach T. Erwin Blesh.

The other three matches scheduled for yesterday were postponed until today because of the failure of several players to make their appearance, and will be played previous to the doubles matches, announces Bud Hefner, freshman tennis manager.

Today's line-up for the doubles matches, scheduled to start at 3 o'clock, finds Bill Walker and Kalin leading off for the frosh and playing Dick Urhammer and Kemper, number one team for the junior netmen. Frank Moore and George Drake will face Rideout and Kieth Wilson, JV netters, in the second doubles match, followed by Hefner and Williams, frosh netters, battling Upton and Earl Paullus in the third doubles.

The winner of this tourney will play the varsity squad on a handicap basis for the inter-squad championship next Wednesday and Thursday, announces Blesh.

Following the play-off Thursday night will be a dinner at the Italian hotel for all members of the tennis teams, states Hefner.

Spartan Boxers Hold Reunion With Old Timers Saturday Afternoon

Varsity boxers of this and other years will get together at the Boxer's reunion Saturday afternoon, scheduled as part of the Homecoming festivities on the campus.

The reunion will feature a barbecue and entertainment in and around the Spartan Stags building, with arrangements for both in charge of the present varsity boxers.

A special invitation has been extended to the boxers of past Spartan leather-pushing teams, and it is hoped that nearly all the past captains can be gotten together for the affair.

Highlight of the gathering will be the showing of motion pictures of the University of Wisconsin-San Jose State college intercollegiate boxing matches held at the Civic auditorium two years ago.

The Badgers won that meet handily, but the big thrill of the night saw Pete Bolich decisively defeat Truman Torgerson, the national 175-pound champion.

Dale Wren is chairman of the committee in charge of arrangements. All those who participated in boxing this year, and all those who intend to go out for the sport next year are issued an invitation to attend the affair.

SYMPHONY ORCHESTRA PRESENTS LAST CONCERT TUESDAY EVENING, 8:15

San Jose State college's symphony orchestra will present its final concert of the current school year in the Morris Dailey auditorium at 8:15 Tuesday evening, announces Adolph Otterstein, head of the Music department.

"Five Miniatures", humorous music by Paul White, will be included on the program. The miniatures are "By the Lake", "Caravan Song", "Waltz for Teenie's Doll", "Hippo Dance" and "Mosquito Dance". There is no story connected with any of these selections other than the title. "Waltz for Teenie's Doll" was written for the composer's own daughter.

Sidney Voight, soloist for the program, will play Beethoven's "Violin Concerto in D Major". Voight, student music major, has recently appeared in recitals with the college chamber music groups and was soloist at the Kiwanis club.

Other numbers on the program will be Handel's "Overture in D Minor", arranged by Wullner, and "Symphony No. 2 in D Major" by Sibelius. This symphony is considered one of the best works of the great Finnish composer. It includes the Allegretto; Tempo Andante, ma rubato; Vivacissimo, Lento e suave; and Finale, allegro moderato.

The symphony orchestra recently represented the California-Western Music Educators conference on the American Youth Broadcast, a nationwide broadcast over NBC, and also appeared on the program with the City of Los Angeles College A Cappella choir for the same convention.

The symphony concert is presented once each quarter and is free to the public.

These questionnaires will be circulated about the campus in strategic spots Monday. All sections of the campus will be represented on the poll so as to insure a true picture.

All interviewed will be asked, in addition to the regular questions, if they are of draft age. This is to see if the young men of draft age feel the same as those not yet eligible for duty.
