Class Meeting  
At 11:20 Today

SAN JOSE, CALIFORNIA, WEDNESDAY, OCTOBER 22, 1941

Number 20

## COP RALLY AND BONFIRE DATE SET, RAIN OR NOT

No matter how bad the weather is during the remainder of the week, the bonfire and College of Pacific rally will be held Thursday night in the field next to Spartan stadium. This is the decision of the rally committee after starting the construction of the fire during yesterday's downpour.

Committee chairman Dick Payne stated that the COP game is to be carried out no matter what the weather conditions. He continued to predict the rally a success because, "all the students have a lot of spirit and will turn out in any kind of storm."

**TRUCKS, MEN NEEDED**  
Trucks to transport the material to the site of the fire and men to help with construction and stand guard duty are still needed. The committee will furnish gasoline and oil for all trucks lent them. The need for men is greater than ever before, Payne pointed out. The rain yesterday slowed down construction and now more men are needed to speed up the work.

**ACTION PROMISED**  
Men who volunteer for guard duty are almost certain of seeing action. "College of Pacific, successful on their first raid two nights ago, will hardly be satisfied," according to Payne. "The ease with which their first raid was accomplished will induce them to try again."

Last year a party of 10 Pacific students burned initials in San Carlos turf and set fire to the framework of the bonfire. Two of the party were captured and after treatment with leftovers from a fraternity initiation, were sent home with cleanly shaven heads.

Individuals and organizations who desire to help by either working on the construction of the fire or by standing guard should get in touch with Bob Roberts, Tom Taylor, or Dick Payne immediately.

On-campus sororities are furnishing coffee and sandwiches for all those doing guard duty.

## College Credits May Be Given To Student Draftees

If present tentative plans are adopted by state colleges, draftees desiring to continue their college training by returning to school after their period of service is up, may petition for nine units of college credit, offered as a reward for service rendered to the nation.

**ADDITIONAL UNITS**  
Additional units may be earned by the student if, while in the service, he receives specialized training in any field, or in some other way performs distinctive service. Written statements from military officers can be obtained by the draftee, and later presented to the college as evidence of accomplishment.

**MANY COLLEGE DRAFTEES**  
The flow of San Jose State college draftees into military service is a steady one, states Dean of Men Paul M. Pitman. Referring to Monday as a rather busy day, the Dean announced that four draftees were called into service from this college, and one student volunteered.

## TICKETS FOR C.O.P. EXCURSION TRAIN SELLING RAPIDLY

Tickets for the excursion to the College of Pacific-San Jose State football game are selling with unusual rapidity, announces Bud Stewart, college controller. Stewart believes that at least 500 tickets will be sold before the excursion leaves Friday at 3 o'clock. Four hundred tickets have been sold up to date.

Expecting a record crowd of San Jose rooters, the College of Pacific ticket manager, Mrs. Dorothy Francis, states that 1120 choice seats have been reserved for Spartan rooters. Additional seats have been reserved for non-student body card holders. These seats will sell for \$1.25.

The 15-car student excursion will be equipped with a special dancing car. Under present plans the Spartan Knights, campus service organization, will sell refreshments on the train.

Because instruments can be transported to the playing field more conveniently by bus, the San Jose State college marching band will not ride the rails.

Tickets for the round-trip excursion are on sale at the controller's office for \$1.75.

## FOUR CLASS MEETINGS SCHEDULED FOR 11:20

To establish a more stable organization of the wide distribution of students attending San Jose State college, and to discuss plans for the oncoming quarter, general class meetings will be held at 11:20 today.

Paul Pitman, dean of men, and freshman class adviser, after a brief talk, will introduce the new freshman president, Bob White, elected by the executive council, who in turn will introduce the vice-president and the ten committee heads.

## La Torre Page Space Sale Ends Today

Almost 20 per cent of the organized clubs on the campus have failed to buy page space in La Torre. This was announced yesterday by Walter Schmidt, business manager who at the same time announced that he was also giving these organizations until 2 o'clock this afternoon to make appointments.

In arranging the layout plan of the 1942 La Torre yesterday, Editor Ernie Ralph said that there would be an increase of 30 pages in the annual, part of this space will be allotted to freshman sports activities. Several other organizations will also be given more space.

Sororities that should report for picture appointments before 2 o'clock on Thursday are Phi Kappa Pi, Zeta Chi, Kappa Kappa Sigma and Allenian.

Clubs which should report before 2 o'clock this afternoon to let the La Torre business staff know if they want pages in La Torre are Alpha Delta Sigma, Alpha Eta Rho, Bible club, Botany club, Camp Leadership club, C.S.T.A., Delta Epsilon, Delta Sigma Gamma, Forestry club, Geology club, Kindergarten-Primary club, Nu Iota Chi, Phi Epsilon Kappa, Sociology club, Tau Gamma, Eckert Hall, Mary George Hall, Ski club, Presbyterian club, and Italian club.

## Pan-Pacific Murals Shown In Library

"The Pageant of the Pacific", six murals by Latin-American Miguel Covarrubias, are on exhibit in the Fine Arts room of the new library.

These works are miniature reproductions of the "Pacific House" murals on Treasure Island. Pacific areas depicted include the two Americas, Australia, Asia, and major island groups of the Pacific.

Individual titles of the art works are "Peoples of the Pacific", "Flora and Fauna of the Pacific", "Art Forms of the Pacific", "Economy of the Pacific", "Native Dwellings" and "Native Means of Transportation".

## Faculty Members Head Racquet Club

Misses Cathryn Howard and Muriel Clark and Mr. Lawrence Mendenhall were chosen to head the faculty Badminton club at the weekly meeting Thursday.

Faculty members play on the courts in the Women's gym each Thursday evening at 8 o'clock following the play period of the students' Badminton club.

## Scudero, Agee, Moody Named Daily Editors

Wilbur Agee, senior journalism major from Fullerton, has been appointed Sports Editor of the Spartan Daily, announced Peggy Richter, newly selected editor, yesterday.

**FROM FULLERTON**  
Agee is a transfer from Fullerton Jaycee, where he majored in journalism, and has been a member of the Spartan Daily for the past year. Last quarter he held a day-editorship.

Elizabeth Moody, senior from Los Gatos, was named Copy Editor, and Florence Scudero, San Jose, takes over the duties of Feature Editor. Miss Scudero, also a senior, was day editor last quarter.

Appointments for day editors are Dorothy Christenson, transfer from Porterville; Betty Finley, Palo Alto, Chris Jensen, Reedley Jaycee transfer, and Charles Cook, Compton junior college transfer. Doug Curry, business manager of the Spartan Daily also announced appointments in the business staff.

Harold Lines was named promotion manager, while Arthur Inman takes over the duties of National Advertising manager. Evelyn Lacy is the newly-appointed office manager.

## FROSH COUNCIL PICK CHAIRMEN FOR COMMITTEES

Chairmen for the freshman committees chosen at the class council meeting last night will speak and explain their duties to the freshman class when it meets today.

Charles Love was chosen chairman of the social affairs committee; Burt Holland of the organization committee; Bob Conner of the publicity committee; Eugene Bishop of the business committee; Margaret Burgans of the women's activity committee; Walt Harmon of the men's athletic committee; Anne Buxton of the drama committee; and Boyd Draper of the rally committee.

There are 292 students from San Jose high school in the freshman class and according to the plan of having one council representative for each 50 members they should have 20 council representatives, but since that would be so many more than any other school, San Jose high school will have nine representatives.

Fremont will have one council representative, Campbell two, Belarmine one, Palo Alto four, Notre Dame two, Mountain View two, Los Gatos four, Morgan Hill one, Gilroy four, Hayward two, Santa Clara two, Santa Cruz two, Sequoia four, Washington (Center-ville) one, and Watsonville two.

## FLUOROSCOPY

The following people should report to the Health office, room 31, between 12 and 1 today, for their fluoroscopy:

Weissburg, June; Wright, Barbara; Booksin, Phyllis; Akers, Patricia; Fingado, Bernice; Marling, Fern; Parkison, Marilyn; Weed, Jean; Allen, Roberta; Baumgartner, Jane; Fischer, Jeanne; Hubbard, Cecile; Anderson, Glenna M.; Imson, Hank; Eachus, Bill; Randall, Bill; Wong, Albert; Mosher, Harold; Altieri, Jimmie; Nowak, Laurence; Howard, Jack; Batey, Robert; Arena, Gaetano; Aronsen, Dan H.

## STUDENT TALENT SHOW CLOSES CHEST DRIVE

With the campus quota of \$300 still short, the Community Chest seven-day drive concluded yesterday with a talent show in the Morris Dailey auditorium.

The benefit show alone brought in \$109.21, say Chest officials. The money will be handed over to the national drive as soon as all donations are tabulated in the Controller's office.

"I would like to take this opportunity to thank everyone who worked on the Community Chest drive, especially the Student Council, Jeanette Owen and her co-chairmen, Stell Siglin and Audrey Backenstoe, the AWA, Bill Bristol, and numerous others," Campaign Chairman Lew Daniel said yesterday.

The drive was opened last week on the campus. The Student Council sponsored an afternoon dance for the benefit of the campaign last Wednesday, while individual and organization contributions were made during the week.

## JUNIORS

A welcome from the junior class adviser, "Dee" Portal, and an introduction of officers will open the junior class meeting. President Jack Tiernan stated that success in carrying out the year's activities will depend on the attendance of the junior class today. Tiernan will present the activities of the year and discuss plans for the junior-senior mixer. Tom Taylor will lead the class in songs and yells.

## SENIORS

The new senior song will be introduced at the senior meeting, states President Lew Daniel, and a general outing for the coming quarter will be given. Adviser Dr. James De Voss will speak briefly following introduction of officers.

## SOPHOMORES

President George Coles will in-  
(Continued on Page 4)

## 'BIG GAME' DANCE BIDS ON SALE

"We are all waiting for Saturday night," says DTO Grand Master Charles Parker. The annual formal Delta Theta Omega "Big Game" dance is being held this year, the night following the Spartan-Tiger clash, at Ranch Hacienda, near Pleasanton.

Hank Martin's popular orchestra will furnish the rhythm for the first formal affair of the season; tickets are on sale for \$1:50 from any DTO member or in the controller's office.

Plans of the committee in charge have progressed in such a manner as to assume a dance better than ever this year, Parker says.

## PEGASUS NAMES THREE PLEDGES

Establishment of a Beta chapter at the University of California was the main business at Monday night's meeting of Pegasus, literary honor society. A letter requesting permission to form such a chapter was received from Raymond Wallace, former student here and Pegasus alumnus, now a graduate student at Berkeley.

Three pledges were accepted into the group on a basis of manuscripts submitted. Their names will be announced before initiation or when three remaining vacancies have been filled.

Elizabeth Moody was elected secretary-treasurer for the group, replacing Jean Powers, who did not return to college this quarter.

## Here Is Your Chance

Class meetings will be held today at 11:20, with the usual shortening of morning periods making up the extra time.

Too many of us accept the 40-minute allotment as merely a nice gesture on the part of the administration, giving us a little vacation between classes.

So we drop over to the Spartan Shop and have a coke and a smoke and tell jokes, and while this is fine for the store's management, it doesn't help the class meetings along at all.

Again, there are those who go to the meetings all right, but with the same attitude with which they enter a theater; they come to be entertained, not to take any

active part.

Today's meetings will be in the nature of inaugurals for the four new class presidents, and we can make things easier for them by not only showing up, but by showing a little response to their efforts.

Of course, if everyone present was leaping to his feet and demanding the floor, very little business would be attended to. But even less will be accomplished if everyone remains seated and waits for the floorshow.

Opportunity is knocking for some venturesome souls who will make the break and get into their class' activities. If you have any desire to take part in school affairs, here is your chance. —Morrow.

## Too Good To Spoil

"It is extremely unlikely that the miserable daubs of paint which decorate the campus are the work of COP men," commented Dean of Men Paul M. Pitman yesterday while surveying the painted signs on the sidewalk of the main entrance to Washington Square and by the Student Union. "We have a gentleman's agreement with Pacific that no vandalism shall be committed on either campus. I think it quite doubtful that a violation of this pact occurred last night. Real Pacific men would have used paint representing their own school colors.

"I am equally confident that no bona fide students of San Jose State will endanger the highly satisfactory relationship between the two schools by raiding the Pacific campus in supposed retaliation."

We hope that our students will heed this

advice of Dean Pitman and will not pay unsocial calls on the College of Pacific campus. An exchange of "horseplay" between the two colleges could easily lead to unpleasantries which might in turn sever the friendly relations we have with COP.

This year San Jose State college student body travels by train to Stockton for the game Friday. For those who remember the trip two years ago, it was an excursion packed with fun and pleasant memories.

There will be no more of these trips if any false move is made by students of either college. We sincerely hope that none of our students, misunderstanding the painted signs on our campus, decide to reciprocate with signs on the rival campus.

Nothing drastic has happened in the past; let's keep it that way. The game with the College of Pacific is too good to spoil.

## THRUST AND PARRY

● CONTRIBUTORS' COLUMN

Dear Thrust and Parry:

In answer to Bob Mann's article of October 20:

I, too, am a transfer from L.A.C.C. where there were two assemblies a week, and we were required to attend them. True, we here at San Jose State do not have an Artist Bureau by that name; but we do have plays, radio programs with student talent, Revelries, etc.

Departmental activities are numerous here and well attended.

A royal blue Roos Bros. Sloppy Joe style sweater. Return to Information office. REWARD.

### Wanted

1-3 men students to board and room. Economical. Call at 496 No. 5th st., or phone Bal. 2044-W.

When a student comes here, his mind is made up as to his future, and he does as his department does first, and then as the general student body does.

May I point out that school spirit in SJS is highly superior to LACC. The largest crowd ever to watch a LACC wrestling team was here at the Men's gym Easter vacation in 1938.

At the Naval Training station I was told not to attempt to change the Navy in my first enlistment; therefore, I pass it on to you. Don't try to change SJS in your first year. Go out for

an activity and try it the State way for a while, and see if the reasons behind State's activities aren't sound. Then after a year's time if you still want to change things, initiate the move.

—Ivan O. Olsen, N. R. Wrestler, Soccer Man, Asst. Trainer.

## JUST AMONG OURSELVES

By DR. T. W. MacQUARRIE  
President San Jose State College

Listen, friends, please don't send me any anonymous letters, communications signed "Committee", or anything like that. I don't know where to send an answer. Usually, also, the anonymous writer is saying something he is ashamed of, and I might be ashamed also if I were to read it.

My goodness! what are you afraid of, anyway? Isn't my office about as open as any office could be? You are welcome to come in at any time. It's my business to listen to your suggestions. If I can't agree with you, I'll try to explain why, but there will certainly be no feeling on my part if we don't agree. All I am interested in is that this college will be of maximum benefit to you. Your success, your happiness is our objective. Come on in. We may become friends; who knows?

A good many of you will be going to the Pacific game in autos. All the driving don'ts that anyone ever suggested should be in effect at that time. Don't make a fool of yourself, and don't let anyone else do it for you.

Traffic accidents are increasing right now in a twenty per cent ratio. There are so many more cars on the roads, especially at week ends, and so many more irresponsible drivers. When a human being going at sixty miles an hour meets a ton of steel coming at the same rate, the impact is

terrific — and the human doesn't amount to much.

And may I suggest that it is not a good idea to stop to look at another wreck unless you can do some good. A great many people are killed standing around wrecks. You only clutter up the highway and make it easier for some other wild driver to come plunging into you. If cars have already stopped at a wreck, you go on. It's usually only morbid curiosity that makes people stop anyhow. They want to see the blood.

(If your driver has been drinking; if he has had anything to drink at all, get out and walk. Don't be afraid of hurting his feelings. He has insulted your intelligence and he's not entitled to consideration.)

And may I say a word about sportsmanship?

COP always has been a college of quality. The sportsmanship of the students has been a lesson to us on several occasions. They haven't done so well in recent years, since their dilution by public junior college, but (Continued on Page 4)

SAN JOSE, CALIFORNIA, WEDNESDAY, OCTOBER 22, 1941

## SOPHOMORE FULLBACK ALLAN HARDISTY LEADS SPARTAN OFFENSIVE

Complete football statistics of the Spartans' five games show that Sophomore Allan Hardisty is leading the squad with most of the honors. He leads in total ground gained with 211 yards. In passing, he is by himself with a record of 12 completions out of 22 tries for a total of 127 yards. He is also ahead in punting, with an average of 39.1 against Fred Lindsey's 36.5 yards.

The complete figures are as follows:

### INDIVIDUAL YARDAGE

Name	Times Carried	Yards Gained	Yards Lost	Net Yards	Ave. Per Carry
Chet Carsten fb	19	108	0	108	5.7
Aubrey Minter lh	39	226	21	205	5.3

## FROSH, MARIN TILT FRIDAY RATED EVEN

The freshman football game with Marin Junior college next Friday night is likely to develop into a personal battle between Collin Hill, first string left half for the Spartans, and individuals on the Marin squad.

Hill is a San Rafael boy and lived almost within a forward pass of the Marin campus. While at San Rafael high school, Hill was the terror of the league and was expected to move on to Marin with several of his teammates. But he crossed them and went to San Jose State instead and so when the Freshman and Marin meet, it will be former teammates trying to show each other up.

With the teams fairly evenly matched, freshman coach Bud Winter is working on a scheme to make the victory balance swing toward the freshman. Winter is counting heavily on being able to pull a couple of fancy plays which they have been working on all season and spring the ball carrier loose for a touchdown.

## Water Poloists Prep For 'Y' Tilt Tomorrow

With two wins and one defeat chalked up, the varsity water polo team will trek to the Bay City tomorrow night to battle the San Francisco YMCA septet in the YMCA pool.

The Spartans splashed to an easy 15-4 victory two weeks ago in the local pool and should have little trouble this week, despite the poor showing they made against the Stanford septet. Cold water and an outside pool helped in the Spartans' first defeat.

The team will most likely be in top shape unless injuries are obtained in the remaining practice tonight. Coach Charley Walker has been drilling the team on passing this week, hoping the team will improve over their past performances.

The YMCA septet has some of the best swimmers in the Bay Area as seen by the fact they were tops in the National YMCA swimming tournament this year. However, the varsity has beaten the Y splash ball artists the last two years and look for another victory tonight, states Walker.

## COP Plays Thrown At Regulars By Scrubs In Practice

Yesterday's practice session at Spartan Field found the regulars of Coach Ben Winkelman practicing on defense against some of College of Pacific plays as run against them by backfield Coach Walter McPherson and his "scrub" team.

With McPherson handling the key backfield spot at left half, the "scrubs" ran through a variety of wide spread, man in motion, and pea-dinger formations.

An all out effort will be made by "the Grand Old Man of Football", Amos Alonzo Stagg, in an effort to chalk up his first win against the Spartans of San Jose State in nine attempts. Hence Sparta is taking no chances.

The Golden Raiders' worst showing this season has been in the blocking and tackling. To improve on these departments, Winkelman and line Coach DeWitt Portal have been giving the squad a lot of two on one blocking practices.

Today's workout will be the last hard session and will be followed by a light one tomorrow.

## FROSH POLOISTS DOWNED BY PALO ALTO HIGH

Outscoring the San Jose freshmen in all but the second quarter, Palo Alto high school invaded the local pool yesterday afternoon and took the measure of the yearling water polo team 10-4.

### EARLY LEAD

The Palo Alto septet took an early lead and at the end of the first quarter had pushed three goals past Goalie Dick Anderson, allowing no Spartan goals. Anderson was a valuable man to the frosh septet, however, stopping many of the high school shots and keeping the score down.

The frosh came back strong in the second quarter and pushed across two goals before the high school team managed to score one. Again in the third quarter the freshmen scored twice but the high school team, with much faster swimmers, pushed across three tallies.

### WEAK PASSING

In the fourth quarter the frosh couldn't find the goal and along with not too good passing allowed the Palo Alto septet to score their final three points.

PUT UP A GOOD FRONT-  
*Go formal*  
MIDNIGHT BLUE TUXES + TAILCOATS  
\$30 + \$50  
**Roos Bros**  
FIRST STREET NEAR SANTA CLARA

ROOS BROS. CAMPUS REPRESENTATIVES:  
Johnny Allen, Dick Denton, Paul Hightower, Tommy Taylor, Frank Turbeyll, Mary Bean, Florence Booth, Jane Moore, Mary Peddicord, Helen Sevely.

In his three years as a Spartan football player, little Aubrey Minter has been seen in action by his parents only once. That was two weeks ago when the Golden Raiders met San Diego State in San Diego. Minter has two brothers playing on the Brawley high school team at the present time.

Many of those frogs cut up by the science classes are supplied by boxing coach DeWitt Portal. "Dee" raises them on his mountain ranch.

### NEW BASKETBALL FIND

A name to be remembered in the future is Marvin Zemanek. With all of his centers gone, basketball coach Walt McPherson is really hard up for tall men to replace them. However, Zemanek may be his answer. Although he has never played in high school or collegiate competition, he went out for intramural basketball last year and showed a fair amount of ability. He is a junior from San Jose.

Two men behind the football scene who deserve a great deal of credit are team physician Jack Vogelman and trainer Wallace Denny. Dr. Vogelman is not only a doctor but a personal friend to each and every member of the team. He looks over the squad like a mother hen does over her chicks.

Besides looking after their injuries and seeing that they do not catch cold, he makes sure that there is plenty of orange juice and coffee between the halves of the game. To top all of this he has the boys drop in at his home for dinner.

### GENERAL HANDY MAN

Wally Denney has been a trainer since 1899, and this is the first year he has not been with Pop Warner. He not only is a trainer but a tailor, shoemaker, general handy man and story tell DeLuxe. When Pop Warner retired, the question on the minds of the team was will Wally leave us?

Well, Wally didn't leave and does not intend to do so, unless Pop Warner again gets into harness and accepts a coaching job.

Wally has been offered jobs by many coaches and schools, including Jimmy Bradshaw of Fresno State, but he says, "I like it here at San Jose because I like the boys, and because it's close to my home. The only time I will leave is when Pop Warner needs me."

If it were not for Denny, many of the injured Spartans would be out of action for a longer time than they have been. Only through his ability in making special pads for injuries and his ability to keep the players fit have they been able to stay in competition.

### CROSS COUNTRY

Track Coach Bud Winter needs a cross-country runner for his varsity and freshmen teams; however, he would like more men to turn out. The first meet will be on November 8 with the Stanford Indians.
