

## Partan Forensic Groups Host Colleges At Triangle Meet Tomorrow In Student Union

By BOB MILLER

Junior and Varsity debate squads will be hosts at the first meeting of the newly formed Triangle Meet Association in the Student Union all day tomorrow. The association was formed at the instigation of Marilynne French, junior debate squad manager. It includes San Jose, Santa Clara, and Stanford.

The schools will send delegates to meet and discuss present-day problems.

### ON "FUTURE PEACE"

The topic is "The Future of Peace." Two speakers from each school will present seven-minute talks on the subject in the morning, lasting from 10 a.m. to 12 noon.

### STUDENTS PRESIDE

The student chairmen will preside at the event. Wesley Young, Varsity debate member, and Henry French, Varsity debate manager, have been chosen. San Jose's two members for the morning session are Florence Booth and Helen French. Those who will participate in the discussion include Royal Lawrence, Warren Hampton Richey, Helen Ex Gardner, Bette Jane Kenneth Fisher, Marjorie French, Marilynne Skinner, Lois French and Francis Stoffels.

Frolic will head the Stanford delegation, and Jerome Smith of the Santa Clara representation. Both are debate managers.

## Watercolor Society Exhibits Paintings By SJS Instructor

John French, instructor in art and watercolor painter, received word yesterday that he was elected into the California Watercolor society after two of his paintings were accepted for exhibition.

### NATION-WIDE EXHIBIT

The two paintings of landscape type painted near Santa Cruz are in Los Angeles, where they will start on a nation-wide exhibit.

"I follow a process of my own in painting pictures," he said, "which takes about one week to complete. First I pick my subject and make a very careful pencil sketch, including all the details. The next day I paint the same scene in watercolors, eliminating some of the detail. Each day I follow the same procedure, each time taking out the objects that make the picture unreal. In other words, I try to produce the most realistic scene I can."

## State Students To Visit Chinatown Tomorrow

A tour of San Francisco's Chinatown will be conducted by bus when as many as 40 students leave Washington Square from in front of the Student Union tomorrow noon.

Originally scheduled for the end of last quarter, the tour had to be postponed.

Price of the tour is \$1.25, which includes dinner and the trip. Those who wish to go should sign up with Mr. Claude Settles of the Social Science department today as soon as possible.

Any student, regardless of whether he is a social science major or minor, is invited to make the tour.

## RECREATION FOR SOLDIERS EVERY SUNDAY FROM 1-5

Recreational afternoons for soldiers will be held every Sunday from 1 to 5 o'clock in the Student Union, announces Florence Booth, assistant chairman of the Service Men's committee.

Group singing, games, and other forms of entertainment will be featured. There will be no dancing, however, Miss Booth states.

All women students interested in acting as hostesses during these hours are asked to sign on the sheet in the office of Dean of Women Helen Dimmick. The sign-up sheet will be on the table reserved for the Service Men's committee.

## Man-Catching Act Not Unknown To Women P.E. Majors

It's supposed to be the Home Economics majors that grab off the husbands, but the Women's Physical Education department has statistics to prove that they are offering the home-makers some strong competition.

Out of the 10 grads of last year, four are married and the other six are teaching.

Also, the under-grads can cook.

An example of their art could be found in the form of a luscious chocolate cake that rested lightly in the Women's P. E. office yesterday.

It was only part of the "all home-cooked" food served by the P. E. majors at their pot-luck dinner which followed the volleyball play-off last night.

## PATRIOTIC DRAMA TO BE PRESENTED BY KSJS PLAYERS

"Unfinished Symphony," a patriotic drama by Albert Morgan, will be broadcast by KSJS, radio speaking society, tomorrow afternoon at 4:30 over station KQW.

Keith Bickford, active in KSJS radio plays and former star of the Christmas play, "Mr. Pickwick," will play the leading role of Abraham Lincoln. Alice Modry, another KSJS veteran, will play the difficult part of Tad Lincoln at the age of six.

This is the first of several planned KSJS patriotic presentations on the present Story Hour series.

### CAST MEMBERS

Barbara Whitaker will replace Shirley Kress in the part of the daughter. Miss Kress was originally announced for the part. Helen Furch as the mother, and Ronald Halley as Palmer complete the radio cast.

Tom Taylor will announce the show and Mr. R. L. Irwin, club adviser and radio speech instructor, will direct. Production staff is headed by KQW's Fred Ruegg.

### PLAYS WANTED

Last week Irwin issued a plea for student-written plays to be submitted for possible production. Plays may be original or dramatizations of famous short stories.

## Seniors Hear Blind Pianist At Orientation

Seniors heard everything from "Blues in the Night" to the Italian operatic version of Jack and Jill at orientation yesterday.

Wilda Enos, blind pianist, registered from Half Moon Bay, opened the program with the popular "My Mama Done Told Me" song and was encored back to sing "Friendship" a la Judy Canova. For her third number, Miss Enos turned to the more serious De Bussey song, "The Girl With the Flaxen Hair."

Next entertainers were Mr. William Erlendson and Miss Maurine Thompson of the Music department faculty. Mr. Erlendson acted the part of the eccentric accompanist while Miss Thompson sang the French version of Jack and Jill.

## CAMP GROUP FOR NATURE STUDY EXCURSION RUNS OVER QUOTA; PUBLICITY CAMPAIGN STARTS

More than 75 students, 15 over the original quota of 60, have signed up for the camping group of the West Coast School of Nature Study's Death Valley excursion, according to Miss Gertrude Witherspoon of the Natural Science department.

Students interested in signing for the group should consult Miss Witherspoon immediately as there is a possibility that a few more students may be fitted in.

The advertising campaign off the campus has started with the sending of letters to all former students of the School, Superintendents and Supervisors of schools in the state and all elementary school principals. Posters will accompany the letters for display in schools.

## Last Presentation Of "Ah Wilderness" On Stage Tonight

San Jose Players present "Ah Wilderness," by Eugene O'Neill, for the last time tonight at 8:30 in the Little Theater. The play opened Wednesday evening with Deane Healy in the role of Richard Miller, college youth around whom the story is built.

### BROADWAY HIT

"Ah Wilderness" is a comedy written about the year 1901. It ran on Broadway last year and was made into a movie several years ago. The role of Nat Miller played by Jack Hume was originally portrayed by Will Rogers and George M. Cohen.

The play, directed by Ted Hatlen of the Speech department, also stars Denny Morrissey as Sid, Esther Lacitnola as Essie Miller, Barbara Trelease as Lily, Barbara Whitaker as Muriel, and Bert Holland as McComber.

### SETS BY JOHNSON

Sets for the play were designed by Wendell Johnson. Peter Mingrone, also of the Speech faculty, has been in charge of the technical end of the production with Harrison McCreath acting as stage manager and John Caro as electrician.

Other roles include Mary Kirtley as Mildred, John Shephard as Arthur, and Fleda Krom as Nora.

### Course Fees

The course fees for the winter quarter are due and payable in the Business office, February 9, and will not be accepted after February 13 without a late fee attached. The late fee will be \$1. Unless paid by February 20, the registration will be cancelled.

## PAN-AMERICAN LEAGUE MEETS, STUDENTS SPEAK

Jane Ellen Curry and Sam Zones discussed present relations with Latin-America at the regular bi-monthly meeting of the Pan-American League, Tuesday.

Miss Curry was also chosen to represent the college chapter at a San Francisco conference to be held early in March for the Commonwealth club.

The next meeting, which will take place two weeks hence, will be a social affair with supper in the Student Center. Later the group will adjourn to the Adult Center where they will hear Latin-American music played from recordings.

The means of obtaining names of members of Pan-American chapters in South America for correspondence was also discussed.

The club plans to meet at the home of Mrs. Mildred G. Winters of the Science department early in March.

Stories will appear in the March issues of the Sierra Educational News, Nevada School Bulletin and Western Journal of Education explaining the school and its functions.

The fact that the camping group is filled does not mean that students won't be able to make the trip for there is still living space available at the Furnace Creek Ranch, where most of the instructors and students are expected to stay. Both the camping grounds and the Ranch are located in the heart of Death Valley.

### WING COSTS

Living costs range from \$5.40 to \$20 for the entire six-day period. Housekeeping and sleeping cabins are available at reasonable rates. Those planning on enrolling in the school and who want further information on these cabins may procure it in Miss Witherspoon's office in the Science building.

The tuition is \$12 and this includes the cost of all materials used on the trip.

The school is based on the theory that the inspirational power of nature will necessarily cause interest and curiosity in the student. Hence he will learn naturally and easily and will not proceed to memorize a mass of facts merely for a grade.

### NO EXAMS

The trip will last six days, all of which will be spent in the field, and is worth two quarter-units of the 21 natural science units that are required for graduation.

## ALPHA PI OMEGA ELECTS OFFICERS FOR NEW QUARTER

Alpha Pi Omega, social fraternity, met Wednesday night, electing its new organization officers for the coming quarter.

The new president selected was Bill Mitchell. Gerald Becker was put into office as vice-president. Organization treasurer is now Jack White.

John Watson was elected recording secretary, and John Weller was made corresponding secretary. Inter-fraternity representatives will be Virgil Young and Doug Curry.

These officers will succeed last quarter's leaders who were: President, Doug Curry; vice-president, Jim Hurd; treasurer, Bob Clipper; recording secretary, Bill Mitchell, and inter-fraternity representatives Harry Lines and George Kemp.

The officers elected Wednesday night will be installed Sunday. Installation will take place at the Alpha Pi Omega fraternity house at 463 South Second street.

Because the fraternity's old house manager, Jim Hurd, is leaving in two weeks, a new house manager was elected along with the other new officers.

Bruce Roberts was chosen to fill this vacated post. Hurd will leave for the Army Air Corps in the near future.

## California State Board To Give Examination

The State Personnel Board will give an examination for parole officers, grade I, on February 11. The exam pays an entering salary of \$1,500 a month with increases to \$2,000.

Candidates must have education up to the completion of the eighth grade and two years of full-time paid employment as a social worker dealing with adult or adolescent probationers or parolees, or graduation with specialization in psychology, social work, or three months of experience with adult or juvenile delinquents.

Further information about the exam can be obtained by writing directly to the State Personnel Board, Sacramento or to the branch offices in Los Angeles and San Francisco. Applications must be filed by February 11.

## Student Wanted

The Appointment office requests a student who addressed an application for agriculture inspector to Mr. Loring White, State Department of Agriculture, Bureau of Shipping Point Inspection, Sacramento, California, to report his name to the office. The blank was dated February 2, 1942, and was filled out by a senior.

## On-Campus

What to write about when one doesn't know what to write about presents a most serious problem. In days of yore, one could go on for hours (inches in a case such as this) blabbering about the weather.

But its foolish to talk about the weather and besides mustn't give out valuable information to the enemy.

For the duration we have given up saying "good morning" when we meet miscellaneous friends and acquaintances on our way to our first morning class. Instead we say just "morning." Short, efficient, and to the point.

One of the more delightful surprises of the current winter quarter was the play that the Radio "Squeaking" society presented yesterday morning for seniors at orientation. The comedy had a professional touch. We are hoping, along with a number of other seniors, that we hear another one before the end of the quarter.

Quite a bashful group, the Radio Speakers, they hid behind the Little Theater curtains and refused to take bows from their appreciative audience.

There is to be a meeting of the Service Men's committee in the Student Union Monday night at 7 o'clock.—Rex Gardiner.

## Have You Tried?

They may sound expensive when you stop to analyze it, but really cost only a few cents a person. A quarter of a pound of about 30 cents and half amount makes servings for people.

Whip the cream and fold 1 cup of broken pieces of the cookies.

1 cup orange segments.

1/2 cup chopped nut meats. Serve with your favorite vanilla, chocolate, or what you like.

The rest of the cream will whip for three or four days in the box (we've tried it). Then if you have a date, whip him up a whip, substituting graham crumbs and dates for the figs and oranges. This can be shaped in balls, rolled in extra crumbs, and placed in the refrigerator until the logical time to take a date date-whip.

## WHAT'S THE BEEF?

What is wrong with our college? To some of us there doesn't really appear to be so much amiss on Washington Square, but to others there seems to be quite a few things in arrears. They talk about how they could remedy these ills if they only had the chance to explain them to an organized group.

They, or their representatives, will have a chance in just two weeks when student leaders convene for the quarterly organizations dinner.

These "gripes" have been piling up in the minds of the students since last Spring when the last organizations dinner was held. These

gripes do not always pertain to the most momentous problems about the campus which are often overlooked by those in charge. They could have been remedied without too much trouble.

Figuratively speaking, "two minds are better than one" and if you feel that you have been wronged or some improvement could be made, you shouldn't hesitate to tell the person most able to bring these suggestions into play and have him present them at the organizations dinner February 23.

## ROMAN PHILOSOPHY HERE

Marcus Aurilius, Roman philosopher of a few hundred years ago, said that man should live every day as though it were his last.

This is a good piece of philosophy if not carried too far, and it applies to us here on Washington Square.

Since the United States has been at war with the Axis, Joe College has gone to classes day after day in a state of uncertainty, wondering when Uncle Sammy would call him into the armed forces.

Joe has been a little half-hearted about college. He doesn't care if he flunks, maybe. If

you try to talk him into studying he says, "what's the use? I'll probably be drafted any day now. Nuts!"

So what, Joe? You should make every minute of your remaining days at San Jose State count. Those moments may be valuable later.

Take a tip from our Roman friend, Marcus. Make every moment count. Have fun . . . study . . . Live every day at San Jose State as though it were your last. If it isn't, good. If it is, then you've got something to remember and use later if you come back to college after the war, or if you look for a job.

## On Land, On Sea, In The Air

Dear Editor:

It has been my intention to write you for some time to congratulate you on your efforts to send the Daily to those who are now working for Uncle Sam. It really is a swell idea.

Here in the Twelfth Naval district there are quite a few former Staters. Lt. (jg) Dan Cavanagh, former Daily editor, is in charge of the photographic section of the Office of Public Relations.

Ray Minners and myself both have petty officer ratings. Ray is in the personnel office while I am attached to the Public Relations office. Ben Melzer likewise is a petty officer and is with the Coast Guard Headquarters office.

Things here have stepped up since the declaration of war and we are kept on the move all of the time. At the present time we are ashore, but we never know when orders will come through that will send us out to the fleet.

Best luck to everyone at San Jose State, and again nice going in your Send a Daily to Camp campaign.

— Ben Johnson.

Dear Editor:

Please leave a reserved section in the Civic auditorium at the San Jose State college championship boxing matches next year . . . a section for "ex-SJS service men"

### FOR SERVICE CONTRIBUTIONS

. . . and see what happens. "They" will be there, raising the roof. Watch and see.

Congratulations to Dee Portal. We former boxers know that Dee has been working and dreaming for the night when State would show a boxing match at the auditorium. We prophesied it. It will come to be a regular event. With Dee at the helm they'll be building a bigger auditorium.

The Daily has enabled us to discover where fellows are located whom we haven't seen for months. It is great to know that the old bunch is in there pulling too, and it is great to know that places like San Jose State college are behind one.

Best of luck to everyone; and again, thanks.

Sincerely,  
— Sgt. Gus Covello.

Dear Editor:

Even on the wind-swept expanse of America that they call Wyoming we anticipate hearing bits of news from the life we left behind. Enjoying the Spartan Daily will be a privilege that will ease the strife that often surrounds us.

Life in the Quartermaster Corps is far from the exciting one that many Spartan followers lead in the Air Corps and some of the other combat branches of the service. However, we feel that our part

concerning the feeding, clothing, equipping, housing and transporting of the Army is an important one.

Replacement Center life, so they tell me, is quite different from that in a regular camp. Here it is our job to train men for the Quartermaster Corps. In particular it is my specific task to help in the training of clerks for the many offices within the corps. Luckily it corresponds with my teacher training in the Commerce department as readily as any military job might.

## Thomsen Sets New School Record 50 Yard Sprint

Stanford university took the victory of the Spartan swimming meet last night in the local pool with a 1:32 margin to hand Coach Walker's mermen their second straight loss in as many meets.

The Spartans managed to capture four of the nine first places in the meet and amass enough of the credit to take the meet.

### WIN RELAY

As expected, the Spartans lost the initial 300-yard medley relay to go to the front by a 5-0 margin. Marty Taylor, who led off for the Spartans, was barely able to keep even with Jim Canning in the State team the needed to lead the breaststroke to enable Joe Weitzenberg to remain ahead of the fast-charging Don Haas and win.

Don Thomsen set a new pool record in winning the 50-yard sprint in the fastest time of 24.7. Nipping the rest of a second from the Stanford record set in 1934 by Bill Thomsen. Thomsen nipped Brad Hayward and Roy Rule at the finish of the race.

### SCORE TIED

Don Haas and Rule gave the Indians needed points to knot the count at 2-2 when they nosed out Thomsen at the finish of the 100-yard freestyle. Thomsen, after leading for three of the four laps, couldn't maintain his pace and had to be satisfied with a fourth place.

Frelier had little trouble in taking the breaststroke despite the fact that he gave his opponent a lead. Taylor couldn't catch Thomsen in the backstroke despite that he finish, and had to take a fourth place.

### MUNROE WINS TWO

In the distance events Ted Munroe came through as expected but was unexpected second in the 220 yard relay the Indians lead after the event. However, Walter Thomsen came back strong in the 440 yard relay and won by six yards after a hard charging of the Spartans.

In the 100 yard medley relay—San Jose State, Frelier, Weitzenberg, Thomsen, 2:14.3.

150 yard freestyle—Munroe (S), Thomsen (S), Sindel, Hoffman (S), 1:51.1.

100 yard freestyle—Thomsen (S), Frelier (S), Rule (S), :24.7.

## Frosh Basketball Team Clashes With Bulldogs

Victorious in their last three starts, the freshman basketball team will be out to add another to their string when they meet the San Jose high school varsity Monday afternoon in Spartan pavilion.

Freshman Coach Frank Carroll is expecting plenty of trouble from the cross-campus rivals as they rated as one of the classiest high school teams south of the bay.

At present San Jose high is in second place in the P. A. L., having been beaten only by undefeated Palo Alto high, which has defeated the best of the San Francisco preps and the Stanford frosh. Two men the frosh will have to watch are the high-scoring forwards, Art Cromwall and "Snowball" Burton.

The Spartan yearlings will rely upon Bill Rodriguez and Colin Hill to hold down the opponent's score. Both of these men have been playing good ball in the defensive zone as well as making their share of points.

The scoring task will be left to sharp-shooting Paul Corbusiero, Mel Caughell, Greg Sargent, "T-Bone" Akusuki at the forward spots, and Porter McConnell at center.

## On-Campus Sports

By "KID" SPARTA

After one week of discontinuance, both leagues of the intramural basketball tournament got under way again this week with eight games being played in four days.

In the Monday-Wednesday league the Blackouts continue to lead the tourney, picking up two victories this week. Monday they defeated the Suicide Squadron 29-22 and came back strong Wednesday to down the Unknowns 27-18. Ta Yamada led his team in both games, garnering 7 and 15 points respectively.

The Duds moved into second place as a result of twin victories, replacing the 3 A's, who dropped one.

The complete standings after three weeks of play:

Team	Won	Lost
Blackouts	4	0
Duds	3	1
3 A's	2	3
Suicide Squadron	1	3
Unknowns	0	4

In the Tuesday-Thursday league the Owls took over the lead with three wins and no losses as a result of their 52-22 win over the Trojans. Charles Uhrhammer garnered 18 points to help in swamping the Trojans.

The Droopsies, tied previously for the lead, were dropped into third place as a result of a loss to Winssockies, who took over the second spot with a twin victory this week. Dick Uhrhammer led the Winssockies both times, garnering 21 of his team's 42 points in the second game against the Bombers yesterday.

The remainder of the teams remained in the same order, each dropping a game during the week.

Team	Won	Lost
Owls	3	0
Winssockies	4	1
Droopsies	2	1
Trojans	2	3
Bombers	1	3
Blue Devils	0	4

## Wrestlers Face Gators At 7:30 In Civic Auditorium

After several weeks of strenuous practice each night, Coach Sam Della Maggiore will send his varsity wrestlers into battle this evening at 7:30 in the Civic auditorium against San Francisco State.

The Spartans were undefeated in dual meets last year and capable of achieving the same record this year, states Coach Della Maggiore. However, they bowed to the club teams in several tournaments but it will be a different story this year with all the Bay Area club teams weakened with losses.

### TWO VETERANS

Mainstay of the team this year are Dave Hines and Ivan Olsen, both tournament winners last year. Also counted on heavily this year are Hans Weidenhoffer, who will hold down the 175-pound, and Gray McConnell, who will grapple in the heavyweight.

The majority of the team this year is made up of newcomers and among them are several counted on to keep the Spartans at the top. Leo Raiche, who won the novice tourney, will grapple at 155 tonight along with Paul Andermann, John Castleman and Leroy Charlesworth.

### EXHIBITION MATCH

To further the amateur wrestling program at San Jose State college, Coach Della Maggiore has scheduled an exhibition match between Al Long and Hines in order that the spectators may be given an explanation of the sport.

A complete lineup of the invading team was not available and as to the number of matches it is uncertain, states Della Maggiore. There will be at least five matches but the San Francisco team is lacking lightweight wrestlers and heavyweight men.

### TONIGHT'S LINEUP

The lineup for tonight will find Castleman, Charlesworth, Andermann and Raiche grappling at 155; Olsen wrestling at 145; Hines at 165; and Wiedenhoffer at 175.

The next match for the Spartans will take place next Friday night when they meet the strong San Francisco YMCA team, whom they beat in a dual meet last year but who turned the tables in one of the tournaments participated in.

## Two Teams Face Varsity Boxers In Season's Openers

Ten San Jose varsity boxers of the DeWitt Portal's 1942 intercollegiate season tonight when they play hosts to pugilists from San Francisco State and Moffett Field, in a ten-bout fight card at the Civic auditorium.

Moffett sends a seven-man team to throw leather at the Spartans, while S. F. State will rest its hopes with but three of its fighters.

### BEST BATTLE

Of the seven bouts with Moffett Field, at least one, the Charles Townsend vs. Ernie Aguirre battle, will be watched with especial interest by Portal.

Townsend looked classy in winning his all-college lightweight title but will face a real test in Golden Gloves winner Aguirre, the more experienced boxer and the favorite to win.

Students are reminded that tonight's wrestling and boxing bouts at the Civic auditorium are free to student body card holders and service men. Outsiders will be charged only 25 cents for any seat.

In the opening bout, scheduled for 8:30, following the wrestling matches which begin the sports program, Sergio Bonetti, lightweight novice champion, and John Tash of San Francisco State will go at it.

### TWO WELTERWEIGHT BOUTS

Swinging James Hamilton, who gave winner Ken Sheets more than a little trouble in the welterweight novice final two weeks ago, takes on S. F.'s James Haran in the second match, while Sheets meets Haran's teammate, Terry Kilpatrick, for the third fight on the card. Both contests are in the 145-pound division.

Exhibition bouts featuring four San Jose men, put on to furnish same with a little more experience in ring battle, will follow the three opening matches. Charlie Cook, pride of the Spartan Daily staff, squares off with Walt Meyers, and Johnny Desalarnos fights Walter Toupin.

Both Cook and Desalarnos, who fought to a draw in the All-College 175-pound final last week, will give away poundage to their heavyweights.

#### STAGS ENTERTAIN WOMEN CO-OPS AT DINNER-DANCE

Guests from four women's co-operative houses attended the Spartan Stags' buffet dinner-dance party Wednesday at the Stags' home, 330 South Ninth street.

Purpose of the get-together was to create a friendlier spirit between the houses. In his opening address to the gathering, Walter Chang, Stag president, emphasized this point, adding that he hoped "a continuation of these parties would lead to a less monotonous existence for all groups."

Entertainment consisted of Hawaiian dance numbers by Peggy Hall and Gerry O'Brien; Hawaiian songs by Chang, pantomime by Hank Imsen, and accordian numbers by Frank Greco. Greco also directed a community sing. Bert Holland was master of ceremonies.

Off-the-record music was furnished for the dancing which followed the program.

Guests were from Taber Hall, Arnold Hall, Mary Post Co-op, and Clark Hall.

#### Design Magazine Accepts Articles By John French

Two articles, one on economic art supplies for national defense and "Helping the Spectator Serve," written by John French, instructor in art, were accepted by the Design magazine, it was announced yesterday.

"Creating and Economizing" which will appear in the February issue, explains how to teach a design class without using so much material that is so vital to national defense, such as paper, paint brushes. Mr. French suggested a new method by which chalk on a blackboard is used, and cloth material used for shapes to paper.

In article two, Mr. French explains the technique of the artist in painting a picture. It was written as a method of showing the observer can appreciate painting by understanding each step an artist takes and in this prevents the observer from rushing through an exhibit at a "galer trot."
