THE NOBLEST MOTIVE --- THE PUBLIC GOOD

VOL. XXXI SAN JOSE, CALIFORNIA, TUESDAY, OCTOBER 6, 1942 Number 4

Red Cross Water Safety Expert To Instruct At Pool Friday At 4:10

Van B. Claussen, assistant national director of water safety and accident prevention of the American Red Cross, and expert in use of small craft of all kinds, is to give a demonstration at the pool at 4:10 on Friday, October 9.

Everyone is invited and all are urged to attend. Mr. Claussen will show the techniques of paddling a canoe with single or double blade paddles and with straight or curved blades. He will also demonstrate what to do when a canoe capsizes, and the new technique of rescuing a person in distress by means of a paddle board. Those students who have experienced the difficulty of attempting to haul an unconscious person aboard a paddle board without assistance will be pleased to see the ease with which this can be done by using the new method.

The afternoon meeting will be followed by a night gathering at 7:30 o'clock in which Mr. Claussen will give a special demonstration for swimming instructors and students who hold water safety instructor certificates.

The skill and grace in which Mr. Claussen handles a canoe serve to make him one of the finest canoeists in the country at the present time.

This demonstration is sponsored by the local chapter of the American Red Cross.

Williams Heads Alumni Association

President of the San Jose State college alumni association for 1942-43 is Yancy Williams, a local man and employee of Henty's Iron Works in Sunnyvale.

He succeeds Miss Evelyn Cavala, '35, who will continue as a member of the executive board during the year. New vice-president is Bernard Murphy, '40.

Replacing Edward H. Haworth as secretary is Miss Doris K. Robinson, who has taken over Mr. Haworth's duties as appointment secretary for the college. The appointment secretary is also permanent secretary for the alumni association.

New executive board members for 1942-43 are Willma James Forward, '32; Eveline Rudin Ladine, '35; and Earl Adams, '26. The board consists of the alumni president and eight other alumni representatives.

The alumni association publishes a monthly bulletin for members, sponsors two or more loans to seniors each year, and serves as a promotion medium for the college. Paid-up members are permitted to use library facilities and attend student body dances on-campus. Main event of the alumni year is the traditional Homecoming, which drew the largest attendance in history last June 6, more than 500 alumni.

Alpha Phi Omega Meets Tonight

There will be a meeting of Alpha Phi Omega in the Legion Hut tonight. All members must be there promptly at 8 o'clock as there are some important things to discuss.

College Physician Leaves To Enter Army Air Corps

Dr. Marshall Mason, prominent local physician and for 12 years a member of the Health department staff at San Jose State college, has been commissioned a captain in the U. S. Army Air Corps.

Dr. Mason came to the San Jose school system in 1930 from Stanford university medical school where he received his A.B. and M.D. degrees. Since that time he has acted as college physician at San Jose State.

First to leave the Health department faculty for the service since the opening of the war, Dr. Mason will report at Santa Ana, Calif., on October 16.

Radio Tryouts Set For Thursday

KSJS, radio speaking and writing organization, will sponsor its annual tryouts Thursday, October 8, at 3:30 p.m. in room 155.

Any student interested in either acting or writing for radio is asked to attend. Those interested in acting should select a reading, a straight announcement or monologue, of typical radio script.

Students who wish to write, please submit original scripts or adaptations to Mrs. Florence Bryant or Dr. Dorothy Kaucher.

Productions will start shortly and all old members of the organization are requested to serve as judges for the tryouts Thursday. Old members please meet in room 157 at 3:00 p.m.

Members Needed For Rally Committee

All those who are interested in becoming Rally committee members should attend the meeting in the Student Union at 12:30 today, announces Chairman Izzy Gold.

"It is important that those interested attend the meeting today because the new committee members will be chosen from those who show up this noon," explained Gold.

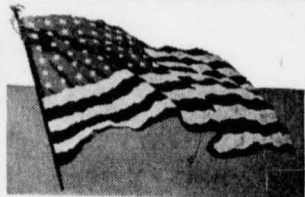

ON MY HONOR

Note: Those of you who read Conner's column last year will understand his eccentricities. Those of you who are reading him for the first time are begged not to think too unkindly of him. He's not like this all the time. At least, we hope not!

It really feels good to get back again — believe me. Put down that club, though; I'm leaving right away.

I'm going to the Army radio school at Salinas J. C.—The Army grabbed me—they are pretty hard up for men right now and so they put me in the Signal Corps—I go to school for nine months—they get rid of me for that long at least.

I have to go to school at 3 a.m.—That's the time I usually go to bed—I haven't slept for so long

NATIONAL NEWSPAPER WEEK

WAR AIMS CLASS STARTS TODAY

Background for World War II will be discussed by Dr. Frederick Graham, social science instructor, at the opening session of his War Aims class today.

This is the first in a series of three lectures sponsored by the Social Science department. Further discussions will be held on this same topic by Dr. Victor Hunt and Miss Clara Hinze.

The succeeding two lectures — America at War and War Aims of the Post-War World—are scheduled for later in the quarter.

America at War will be discussed by Dr. Poytress, Dr. Earl C. Campbell, Claude M. Settles, Mr. John Brokenshire, Dean James C. De Voss and Miss Bernice Tompkins.

The last three weeks of the quarter will be devoted to studying War Aims and the Post-War World. Lectures will be given by Dr. Hunt, Owen M. Broyles, Dr. William Poytress, Dr. Campbell, Dr. Olive Gilliam, and Mrs. Mildred Winters.

Dr. Poytress, head of the Social Science department, has arranged the topics in the three sections so that each speaker could report on subjects in his specific department.

The meeting will be held in room 24 at 11 o'clock, as is the regular class, Social Science 10.

Council To Meet

Facing a full agenda, Sparta's Student Council will meet in the Student Union at 7:30 tonight. President Tom Taylor says the meetings are open to the student body.

Most of tonight's meeting will be taken up with the discussion of Student Body cards, the coming class elections, and several more appointments to be filled.

Other council members are Bob Jennings, Denny Morrissey, Betty Hood, Virginia Bristow, Izzy Gold and Don DeVoss. Jennings is also vice-president, and Miss Hood is secretary.

COLLEGE HONORS SPARTANS "IN THE FIGHT" WITH TWO SERVICE FLAGS TO HANG IN AUDITORIUM

Seventeen hundred and sixty-four Spartan students and faculty members in the armed services are being honored with blue stars on a white field of two new World War II service flags. The flags will soon be hung on each side of the auditorium stage.

One flag, containing 1064 stars, has already been completed and will be dedicated tomorrow morning at the general assembly.

Assembly Set For Tomorrow; Periods Shortened

Periods will be shortened tomorrow for the first general assembly of the school year, scheduled for 9:46 in the Morris Dailey auditorium and presided over by Student Body President Tom Taylor.

There will be a dedication of the Spartan service flag by Dr. T. W. MacQuarrie. The college band will provide several selections, and Superintendent of City Schools Walter L. Bachrodt will start the on-campus War Chest drive with an address on the aims and the uses of the "chest."

The shortened period schedule will be as follows:

First period: 8:10 to 8:48.

Second period: 8:58 to 9:36.

Assembly period: 9:46 to 10:24.

Third period: 10:34 to 11:12.

Fourth period: 11:20 to 12:00.

There will be no change in the afternoon periods.

ASB Council Warns All Candidates To File Petitions

With only a few petitions out, all prospective class candidates are warned by the Student Council that all petitions must be taken out, filled and turned in at the Student Body office by 12 o'clock Friday.

The petitions are available in the Student Body office from 9 to 4 every day this week. They must have at least the signatures of 10 student body cardholders.

All candidates will be introduced at the class meetings on Monday, with the elections scheduled for a week from tomorrow.

— N. Y. A. —

Dean Dimmick announced today that there are still places on NYA. Presumably the girls who signed up spring quarter do not realize this as they have not as yet called for their blanks. There is approximately one-third as much money available as last year, but plenty of jobs still to be filled. Dean Dimmick urges that all girls interested in NYA jobs see her

Since students and faculty members are entering the service every day, a second flag, which at present has 700 stars, is being made by members of Inter-Society.

WORK STARTED

The idea of a service flag was presented to President T. W. MacQuarrie last spring by Dwight Bentel, head of the Journalism department. Inter-Society members under their president, Mary Virginia Bristow, took charge of making the flag, and work was begun at the end of last spring quarter.

Miss Susan L. Byrne of the Art department supervised the stenciling of the blue stars on the rayon material. Chairman of the student committee for the project is Carol McDaniel, senior education major from San Jose. Esta Ann and Carol Weber have done the sewing. Work was carried on during the summer.

The completed flag is 15 feet 9 inches wide by 18 feet 7 inches long. There is a red border around the even rows of stenciled stars.

GOLD STARS

Phi Kappa Pi society has charge of keeping a record of all students and faculty members in the service which the stars represent. Gold stars will be added to the completed flag in a few months after an accurate check has been made on those students killed while in the service.

Dean Helen Dimmick, assisted by Mrs. Helen Plant and Miss Byrne, comprise the faculty committee supervising the project.

Catholic Club Holds Open House For Newmanites

The Newman club, located at 79 South Fifth, is holding Open House every afternoon this week in order to give all Catholic students an opportunity to become acquainted with the clubhouse and its facilities. Barbara Healy, secretary of the club, announced Monday.

Half a block from the campus, the club has facilities for dancing, pingpong, bowling and pool. All Catholic students are welcome to go there to study in the club's library, to eat their lunches, or to meet their friends, Miss Healy announced. Refreshments are being served every afternoon from 2 to 5 o'clock.

The Open House afternoons will be climaxed by a dance in the club on Friday night for all college students. Music will be "off the record" from 8 to 12 p.m., and refreshments will be served. Stags and couples are welcome, according to Miss Healy, and there will be no admission charge for the affair.

MRS. ETHEL SWIGER LIBRARIAN, RESIGNS

Mrs. Ethel Swiger, clerical assistant of the Library circulation department, resigned Thursday, it was learned yesterday, and has moved to Vallejo, where her husband is employed in the shipyards.

Miss Frances Van Beek, a graduate of last year, will fill the vacancy left by Mrs. Swiger.

JUST AMONG OURSELVES

By DR. T. W. MacQUARRIE
 President San Jose State College

You can help to win the war right here.

Don't waste power, heat, light, water, soap, paper, food or—money. Don't leave lights burning when they are doing no good. Don't try to heat all outdoors. Don't waste the paper towels. (One will do and you can wave your hands around a bit.) Don't run a motor unless you need the machine. Don't waste ANY money. If you feel like showing off, buy a few war bonds.

And again we are going to need help with our housekeeping. Please don't throw cigarette stubs around. Smoke them clean out. If you must leave stubs, keep them in your pocket until you get enough to fill a pipe and get rid of them that way. I used to do that myself when I was a kid—but it came from my nationality not from war.

Stubs around the doors and the gates are most unsightly. One of the really worst things about the cigarette habit is that it makes people careless and selfish. We had a fellow here a few years ago. He evidently used garlic for breakfast, he tipped a little before coming to school, he smoked some horrible brand of cigarettes, and then he belched in class. Wow! Even the cigarette smokers around him objected. What must it have done to the non-smokers?

It's a pretty well established custom at San Jose State that there will be no smoking in any college building at any time, nor

in the main or rear quads. It's all right on the north, south and west campuses—and don't chisel. Smoking is permitted in the store but not in the Union upstairs. Let's keep that neat and attractive. (We have about the cleanest campus in the state. I do appreciate that. Many visitors have mentioned it.)

And oh, I almost forgot. If you don't mind, I'd like to say "hello" as we pass by; "hello" or "good morning" or something like that. Just friendly. We can't be too friendly or too considerate these days. There's enough of unfriendliness in the world.

Do You Know?

That San Jose State college's marching band is only one-third the size of last year's organization? Some did and some didn't.

That there are seven women to every five men on-campus this quarter? If you read the Daily regularly you should have.

That the obstacle course to be erected on the San Carlos turf will cost over \$2000 exclusive of labor? This will be furnished by the 200-odd reservists who will use the course. Sounds like a frame-up.

That the marching band can be seen practicing on the San Carlos turf every afternoon between 4 and 5 o'clock? We suggest that you come out and watch—they are good.

Class Officers

Are you running for a class office this quarter? Petitions for nominations are due in the student body president's office Friday.

It is strange how many of us are really interested in school activities and yet how few of us are active participants in our campus government. No self-respecting class should have to elect its officers on a white ballot, but in the past this has often been the case.

Maybe down deep inside of you there has always been a hope that you might someday be the proud holder of a class office. Well, what are you waiting for? Send your roommate over to the S. B. prexy's office right away and have him get a petition filled out for you. Yep, it's as simple as that, and you'll never have an office otherwise. Maybe you have a pal who would be a whiz as a class officer. Give him a break and let's see a real lineup of class nominations this quarter.

There is one very fine consolation that comes with a decrease in school population, and that is an increase in school activities. Fewer students enrolled brings us closer together, gives us interests in common, and inspires all of us to do greater things. War makes these things seem small and insignificant, but they are important.

It is still important that we elect good leaders. It is still important that those leaders stand for the things for which we are fighting this war. Now is the time to consider yourself or your pal as a nominee for some class office. —Nicholson

FOX POP

By KENNY FOX

Early Saturday morning we threw our duffle bag into H. M. S. Repulsive, a little brown job with three tires and a hoop snake, picked up a couple of Giggling Gerties and their respective debris, including three suitcases, two hat boxes and six bundles of letters from the front, and were on our way to the old home town, in the heart of the Pajaro Valley.

At 35 m.p.h., more out of deference to the Repulsive's old age than to the new speed limit, we drifted towards Watsonville. The speed limit, as it stood, offered no trouble, but an infrequent tailwind caused highway patrolmen to frown.

We made Hecker Pass in second gear, chiefly because the Repulsive has only one speed forward and because we talked the girls into riding the running boards like scooters.

Unheralded, we coasted into town with the Repulsive under control because all the way down the mountain the girls had dragged their feet.

But Watsonville! It was dead; it looked like the campus on Saturday morning.

We bounced about town, distributing people, parcels and banter until dim-out, when we had to explain, at length, to police that the Repulsive's headlamps also had only one speed and that was too dim, even for dim-out.

Dim-out trouble didn't end with the city police. The MPs tagged us and soon there were more of them around than passengers on the Willow Glen bus.

We beat a hasty retreat through a screen of cigarette smoke and were nearing our destination when the number two tire developed a limp which it held until we gave it a boot.

Finally at the home of our host we nosed the Repulsive into a hitching post, offered her weekly rations: four gallons, and hit for a soft chair.

Tan Or Its Lack Puzzles Co-ed; Free Advice On Its Application

Is that a natural tan, or did it come out of a bottle? That is the question uppermost in the minds of many of the co-eds on campus this year, since leg make-up came upon the American scene.

On Monday you see a blonde with a honey of a tan walking through the quad, and you think, with envy, that she must have had a swell week-end at the beach. Then Tuesday morning the same blonde walks by with white legs, and you wonder, without envy, what gives.

News Clippings Are Posted In Library

If keeping abreast with the times is your trouble, the Library staff has a quick remedy for you.

A daily visit to the periodical room and a weekly visit to the reference room can give you a maximum of news with a minimum of time.

Mrs. Florence Keegan clips daily important news articles from the Mercury Herald for posting on the periodical bulletin board. The board, under the heading of "Today's News," offers the student a quick view of world-wide, local, and college news. At the end of the day, the clippings are transferred to a scrap book for further reference.

The reference room receives a world-wide map weekly, which covers the news of the week. Published in Chicago, the map shows the title, "World News of the Week."

Arrows point to the sites of the news covered on the map, and cartoons are used to emphasize a few stories. Each week's map contains a chart which shows in picture-form interesting sidelights of the day.

The current map has a chart showing United States meat production. Civilian use of this meat is contrasted with Military Lend-Lease demands, summarizing the meat production.

The answer is simple. She found an extra dollar and bought herself a bottle of leg make-up.

However, the application of the on-and-off tan is not so simple. There are many ways of smearing it on, but most of them look just that—smearing on. You can have spotty-tan legs, striped-tan legs, blotchy-tan legs, or tan legs period.

We've found that the easiest method, and the one that gives the best results, is to apply the liquid with a small sponge, painting it from the foot in even strokes. If you find that you're getting a little tied up in knots in your attempt to reach the back of your legs, you can untwist and sit down to relax for a few minutes. In that case, however, you'll find that the tan on the front of your legs is a different shade from that on the back—so you'd better keep painting and leave the untwisting till your job is complete.

If your aim is something that resembles stockings, you had better believe me, try it some time. As one more thing—if there should happen to be a California rain get under cover in a hurry.

Inter-fraternity meeting tonight at 7:30 at the APO house, 463 Second street.—O. Gire.

Diederichsen Has Thirty-Nine Men Out For Soccer

With a squad of 39 men out for the team, newly appointed Soccer Coach Roy Diederichsen is whipping his team into shape in preparation for their defense of the NCI championship won by the Spartans the past three years.

Diederichsen, an all-conference fullback on the three championship teams, has a big, green turnout sprinkled with enough veterans to give him enough material to start on.

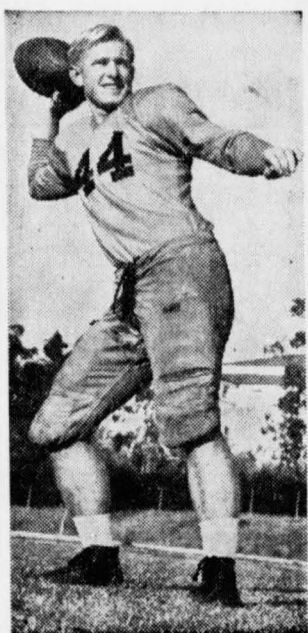

Those out for the team are: Frank Arnerich, August Avila, Dan Aaronsen, Paul Borg, John Brestin, Donald Campbell, Paul Corbisiero, David Crawley, Angelo Colombo, Elwood Clark, William Duncan, Paul Ferdinandsen, Al Fishel, Harvey Gorham, Irving Gold.

James Johnson, Hugh Manley, Cecil Mattos, Ed McConnell, Dale Nelson, Ken Porter, Marston Racoosin, Brenton Riley, Kieth Robinson, Harold Sonntag, Stan Smith, Frank Thomas, Gemo Yakobovsky, Joe Zucca, Nathan Baggese, Jim Chinnici, Carl Baxter, Richard Mareky, Alvin Goodman, Douglas Goodin, Knight Ritscher, Roderick Swearengia.

OXY STARS

Pictured above is John Osterman, co-captain and tackle for the Occidental Tigers, Sparta's next grid foe. Osterman is a veteran of two seasons and is a tough man to move out of the way.

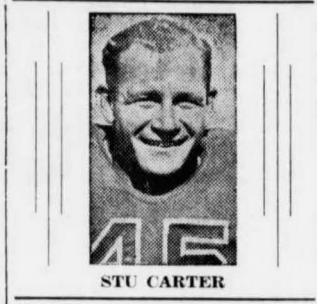

Keith Beebe below, is the other Oxy captain. A senior this year, Beebe is being counted upon to razzle-dazzle opponents with his swivel-hipped running style and his accurate passing.

OUT OF THE HUDDLE

By CHARLES COOK

With the scalps of two opponents dangling from their belts, the Spartan footballers returned home from Southern California Sunday with the grid critics still up in the air as to the ability of the big gold eleven.

Pomona and Whittier, both weak sisters, not even rating above average junior college teams, managed to show up glaring faults in

STU CARTER

the State attack. Admittedly our boys romped to an easy win over the Sagehens but last Saturday's game fell far short of expectations. The Whittier defense out-charged and out-gamed Sparta's linemen throughout most of the game and only a determined first string seemed able to give the Poets any trouble.

On defense the line looked good, stopping Whittier offensive thrusts time and again. But the old saying about a good offense being the best defense still holds true this season. No one can deny the potential strength of the Spartan reserves, but as yet this reserve supply of manpower has failed to weld itself into a solid team unit. The coaches still have to contend with forty-four individuals instead of four teams each functioning as a well-drilled unit.

Causing the coaches no little concern were the results of several week-end games among future opponents. Fresno, which seems to gather momentum with every Saturday, waltzed over Occidental to the tune of 53-6. Paced by Jackie Fellows, the Bulldogs have their sights trained on the Spartans again this year, and unless enveloped by over-confidence threaten to give us a bad afternoon this November.

Nevada, which outplayed the locals 20 to 19 last season, lost one to the USF steamroller Sunday. Paced by their stellar halfback, Marion Motley, the Nevadans could still only score 7 points to the Dons' 27. All of which bodes no good for our side.

It is to laugh department: Those Bay Area sport scribes who jumped upon the California bandwagon and two weeks ago predicted a national championship for the Bears, are now scrambling frantically for enough adjectives to talk themselves gracefully out of the hole.

That old familiar "45" which graces the jersey of Stu Carter should be seen again in Spartan stadium next Saturday after a prolonged absence. Stu injured his knee in the latter part of the '41 season and reinjured it the first week of practice this fall. As yet the little lefthalf hasn't seen much action but with the knee under control now he should be pressing George Foote for a starting berth at the halfback spot.

Any student who has had nursing training and who is interested in part-time work at the Health Cottage is asked to apply at the Health office, room 31.—M. M. Twombly.

SAN JOSE, CALIFORNIA, TUESDAY, OCTOBER 6, 1942

INTRA MURAL GETS Water Polo Squad STARTED ON SAN CARLOS St. TURF Schedules Tilts With Local Teams

The 1942 intramural football season gets under way at 12:15 today with Marvin Sheets and his squad meeting William Toaspern's team. In the other scheduled game for today, the 11's of Jack Gottschang and Vernon Akamian tangle.

The schedule for the Tuesday-Thursday group is as follows:

Week of Oct. 5—Sheets vs. Toaspern; Akamian vs. Gottschang.

Week of Oct. 12—Sheets vs. Gottschang; Toaspern vs. Akamian.

Week of Oct. 19—Sheets vs. Akamian; Toaspern vs. Gottschang.

November 2—Sheets vs. Gottschang; Toaspern vs. Akamian.

November 9—Sheets vs. Akamian; Gottschang vs. Toaspern.

Coach Bud Winter is in charge. The schedule for the Monday-Wednesday group will be released tomorrow.

San Jose State's water polo team now has an incentive to work for as they have finally scheduled matches with other schools in Northern California. Up until this week Stanford, California, San Francisco's Olympic club second team and the St. Mary's pre-flight school have been selected for matches. Although all the dates are not set, the first match will probably occur on October 16.

Experienced members on the squad are Taylor, Nehan, Frelier, Anderson, Klice, Rudloff and Kidder. Rudloff and Klice have played for the San Francisco YMCA and Kidder hails from Sequoia High school in Redwood City.

At present there are 30 on the squad but it will be cut down to about 20.

SPORTS SCRAPS

By "SCRAPPY" SQUATRITO

In presenting Sparta's new coaches in this column yesterday, lack of space prevented us from mentioning one more. He is GENE ROCCHI, assistant backfield coach for the football team. Rocchi was a star halfback on Coach DUD DeGROOT'S teams of '36 to '38.

Many persons have asked us why the Spartans are playing such teams as Whittier, Pomona and Occidental. In other words, why resort to scheduling small-time teams? There are several reasons for these contests.

First, the Spartan schedule was arranged by P. E. Tiny Hartrant last year on the basis of (1) meeting the visiting team's guarantee (2) on the uncertainty of whether football would be played at all.

There is no doubt that Tiny did want big teams, but with the switching of night to daytime football, and the tough competition offered at the gate by the big conference teams, he had to be pleased with what he could get at the price the Spartans could pay.

Also with the loss of practically the entire squad from last season gone, the genial P. E. head wasn't banking on a particularly strong squad this season. Thus it meant that the Spartans would meet small colleges or no colleges at all.

Incidentally, the Pomona contest didn't even make expenses.

We've heard that ex-pigskin coach BEN WINKELMAN has advanced another notch in the air corps. He is now Major Ben Winkelman. . . . BOB TITCHENAL, captain of Sparta's greatest football team (1939), has been converted from a center to an end by the Washington Redskins. He was the regular Indian center last year but because of his speed and ruggedness was drafted to fill the breach at left end. He scored the first touchdown made by the Redskins this year.

Back in school this quarter is PETE FILICE, former basketball and baseball star; however, he will not be eligible to do any more playing for the Spartans. He

PIGSKIN SCHEDULE

With two games out of the way, the Spartans from San Jose State still have seven more opponents, including three on Sundays. This will be the first time a Spartan eleven has played Sunday ball.

The remaining schedule is as follows:

Oct. 10—Occidental, San Jose.

Oct. 17—College of Pacific, S. J.

Oct. 25—USF, Kezar, S. F.

Nov. 1—US Coast Guard, San Jose.

Nov. 8—San Diego, San Jose.

Nov. 11—McClellan Field, Sacramento.

Nov. 26—Fresno State, Fresno.

All home games will be played at Spartan Field with the kick-off at 2 p.m.

played professional ball for the San Jose Owls this summer.

Another ex-Stater, SAM TAORMINA, captured the batting honors in the California State league this summer with an average of .357. After the league folded up, he went up to Salem, Oregon, where he batted around the .330 mark.

Another coed's question:

Ques.: "Who won the world's series?"

Ans.: The Cards.

Coed's retort: "Well, I guess Gary Cooper let the yanks down."

AWA Council Meeting. Meeting today at 4 p.m. in the AWA room. All cabinet members and organization representatives please attend. Roll will be called.—Beverly Roberts.

Spartans In The Service ---

Lieut. Arthur G. Phillips, Jr., of 195 North Fifteenth street, has received his "wings" at Kelly Field, Texas. Lieutenant Phillips was a senior in the San Jose State college police school before enlistment last December 18.

Vance W. Perry has been promoted to the grade of staff sergeant at the West Coast Army Air Forces Training Center, Santa Ana. He enlisted in the Army December 23, 1941, and is now chief clerk of the Public Relations office at WCAAFTC headquarters in Santa Ana.

Prior to entering the service, Sergt. Perry worked on the editorial staff of the San Jose Mercury Herald. While at San Jose State college, Perry was editor of the Spartan Daily and president of his class.

Robert Carl Thorup was one of thirty-five young men from the 12th Naval District to receive commissions in the United States Naval Reserve recently following successful completion of the midshipmen V-7 course at Northwestern university, Chicago. He will now be placed on active duty with the United States Navy as a deck officer.

A graduate of San Jose State college, Thorup received his degree in education and taught at San Leandro, California.

Ross R. Miles, son of Mr. and Mrs. John A. C. Miles of Santa Cruz, has been graduated from the U. S. Naval Air Station, Corpus Christi, Texas, and commissioned a second lieutenant in the United States Marine Corps Reserve.

Lieut. Miles volunteered for navy flight training August, 1941, and after receiving basic flight instruction at the Naval Reserve Aviation Base in Oakland, was transferred to Corpus Christi.

While at San Jose State college, Miles was a member of Alpha Phi Omega.

Staff Sergeant Byron C. Singletary is one of six men on duty with the West Coast Army Air Forces Training Center at Santa Ana, Calif., named to attend the Army Air Forces Officer Candidate School in Miami Beach, Fla. Sergt. Singletary attended San Jose State for three years and later received industrial design training from the Art Center School in Los Angeles.

Norman Reed Roberts has graduated from the Victorville Army Flying School as a pilot and has been commissioned as a second lieutenant in the Army Air Forces Reserve. He served as intelligence corporal, second bn. 159th Infantry, until transferring into the air corps.

Corp. Steve John Hosa, Jr., has been ordered to the Anti-aircraft Officers' Candidate school at Camp Davis, North Carolina. Prior to his induction he was employed by the Personal Finance company. He is the son of Mr. and Mrs. Steve J. Hosa, Sr., of Ohio.

Former San Jose State college students now taking pre-flight courses at the San Antonio Aviation Cadet Center are Walter R. Keesling, Lewis C. Perry and Willard O. Wagner.

Second Lieutenant Robert N. Grewohl has reported to the Will Rogers Field, Okla., army air force bombardment base, for duty as a pilot, according to a War department announcement.

Bernard Clifford "Bud" Nygren, former well-known halfback on the San Jose State football team, has won his commission as second

lieutenant in the United States Marine Corps Reserve.

Word has just been received from Naval Air Station, Corpus Christi, Texas, that Nygren successfully completed his course in Naval Aviation and will be assigned to duty with the Marine Corps flyers.

Second Lieutenant Wilber L. Morris has also reported to the Will Rogers Field, Okla., army air force bombardment base for duty as a pilot.

Six flyers from San Jose State college have graduated from advanced flying schools of the Gulf Coast Army Air Forces Training Center. They were Bernard A. Broadus, Jack R. Bronson, Thomas B. Fessenger, Francis A. Grim, Henry H. Hoffman and Burton A. Stokes.

Second Lieut. Ivan M. Osborne, student at San Jose State college in 1910, was commissioned August 5 at Lubbock Army Flying school, Lubbock, Texas. After a period of primary training at Spartan Field, Oklahoma, Lieut. Osborne went to Perrin Field, Texas, for basic instruction.

Twenty-seven former students of San Jose State college were to be found at the U. S. Naval Air Station, Corpus Christi, Texas, at one time during the summer. They included:

Robert F. Ramsey of Glendale, Calif.; Bernard C. Nygren of Oakland, Calif.; Dino Marati of Hollister, Calif.; Charles C. Francom of Los Angeles, Calif.; Wallace H. Hallmeyer of Menlo Park, Calif.; Stanley M. Murdock of Yakima, Wash.; Alvin Hightower, Lester W. Burdick, Robert D. Burchfield, Garrett E. Vaughn, Vernon R. Gomes and Robert N. Norona, all of San Jose.

Louis M. Strayer of Mountain View, Calif.; Jay H. Parker of San Francisco, Calif.; Joseph Teicheira of Alamo, Calif.; Alrae Olsen of Santa Rosa, Calif.; Kenneth E. Roberts of Santa Rosa, Calif.; Donald H. Orcutt of Paso Robles, Calif. Thomas R. Sedell of Denver, Colo.; George H. Wenglein of Ukiah, Calif.; Ernest Figne of San Francisco, Calif.; Albert E. Wilson of Sacramento, Calif., and Garvin T. Morse of Huntington Beach, Calif.

Walter Richard of Hayward, Calif.; Armand B. Green of Los Gatos, Calif.; Carlton B. Roberts of Riverside, Calif., and Wesley R. Schneider of Riverside, Calif.

The following Spartans had already graduated from the "University of the Air," receiving their coveted "wings" and commissions as ensigns in the U. S. Naval Reserve:

Marvin L. Leedom, D. L. Watts Jr., W. L. Fisher and Ralph D. Poing, all of San Jose.

Gale Le Roy Bergoy of Huntington Beach, Calif.; Leon Sparrow of Hollywood, Calif.; George Wagner of Perry, Iowa; W. K. Wardell of Los Angeles, Calif.; W. L. Mathson of Turlock, Calif.; F. H. Sawyer of Diablo, Calif.

Jack Gray and William A. Parton of San Jose, and Jack O. Baldwin of Los Angeles, Calif., also graduated from the "University of the Air."

Spartan Knights will meet Tuesday, 7:00 p.m., in the Student Union. Will all those students who worked at the recent San Jose-Pomona game please call for their checks at their earliest convenience? For those whose services are used in future home games, the payroll is made up by the following Thursday at 2 o'clock.

Women's P. E. Will Offer Recreational Activities This Year

Recreational activities are being scheduled by the Women's Physical Education department for all girls interested. The classes so far lined up are listed below.

Social dancing is offered to beginners in the Terpsichorean art every Wednesday at 4 p.m. in the Women's gym. This class is open to both men and women.

BADMINTON

Recreational badminton is offered every Tuesday and Thursday afternoons at 4 o'clock in the Women's gym to any girl who would care to participate. Rackets and birds are furnished, and so are gym suits, but the girls are asked to wear rubber-soled shoes.

SWIMMING

Recreational swimming for women will be held every Tuesday and Thursday from 1 to 2 o'clock, and Fridays between 2 and 4. An OK from the Health department is required unless one is taking swimming this quarter. Also, women are requested to bring their own caps. There will be no mixed swimming groups this quarter.

Betty Hoffman, prexy of the Women's Swimming club, urges all girls of average ability to turn out for this organization. It meets each Monday night between 7 and 9, and there is no charge.

ORCHESTRAS

Orchestra and Junior Orchestra members will meet tonight and every Tuesday evening hereafter at 7 o'clock in the Women's gym. Miss Lucas, the dance instructor, wishes all girls interested to sign up for this very interesting activity.

JOB SHOP

Earning one's room and 15 dollars per month by answering nightly phone calls is a job offered by the gods to any aspiring student here.

Wait on table and do dishes between 5:30 and 7:30 p.m. for board and room.

Anyone wishing janitor work may seek enlightenment in this field at a local church for \$37.50 a month.

A bakery job on Saturday mornings and an ice cream making apprenticeship lasting four to five hours daily are still open at 50 cents an hour.

Two men may also fill positions mornings in a warehouse for a few days, and two more are needed for afternoon work. Pay is 60 cents an hour.

For transportation and 70 to 75 cents an hour, 6 or 7 prospective knockers are needed to fell walnuts in a local nut orchard.

With pay to be arranged, a job is open to one interested in drugs. Hours are from 5:30 to 10:30 p.m.

Another board and room position may be had by taking care of an apartment and cooking meals for one person other than that of the applicant.

War Re-Designs College Clothes; Both Men And Women Affected

The war has had a hand in fashioning almost all the clothes that will be worn on college campuses this year. It has made the U. S. Government the biggest fashion designer of them all. Already, the War Production Board has issued many clothing orders, including a ban on the manufacture of the wasteful "zoot suit" with the drape shape.

WPB's simplification orders cover many articles of masculine and feminine apparel. Men's clothes must be a little shorter, a little narrower and a great deal simpler. Victory suits, topcoats and overcoats are being made without patch pockets, trick backs, trouser cuffs, belts and pleats. Vests with double-breasted suits, the extra pair of pants, full dress coats, cut-aways and double-breasted tuxedos are out for the duration.

Also eliminated are vents, tucks, bellows, gussets, yokes and other mysteries of the tailoring trade that usually go into the clothes in

the college girl's wardrobe. Women's dresses, suits and coats will follow a streamlined pattern.

WPB took the frill out of fashion and brought back the classic silhouette that is most adaptable to long and varied wear. Skirts will be slimmer but they need be no shorter than lengths shown last year. Some pleating or shirring is allowed in non-woolen frocks, but there will be fewer of those details in woollens.

French cuffs, leg o' mutton sleeves, patch pockets, jacket dresses, redingotes, bolero dresses, belts wider than two inches, are among the casualties. Wool linings are banned from coats, but brushed, felted or quilted cottons and rayons can be used in their place. Jackets will be shorter and plainer. Three-piece ensembles cannot be sold at all.

Simplification stretches all the way to slippers, pajamas, nightgowns and housecoats—measurements are restricted. Pajama and robe combinations and other two-for-one price items are out—wool cannot be used to make sleeping or lounging clothes. College dorms will be seeing more and more quilted cottons, velveteens and cotton flannels. Slips will no longer have shadow panels or double yokes.

Shoes for both men and women can be made only in six colors: black, town brown, blue, white, turf-tan and army russet. No new shoe designs can be made, but existing patterns should provide plenty of choice. All those things are expected to save millions of yards of wool, cotton and rayon, and millions of leather hides for the war.

LIBERTY LIMERICKS

There was a young farmer named John,
Who said to himself—
"Well, I swan!
Defense Bonds get bigger
In value I figger
While helping our Victory on."

Get a bumper yield on your savings by investing them in U. S. Defense Bonds and Stamps for Victory. Get it today!
