Candidates must be present to be nominated.

Spartans, All-Stars Battle to 19-19 Tie

GAME IS THRILLER ALL THE WAY AS STARS SCORE IN FINAL PERIOD

By DICK FRY

For 60 minutes last night, 13,000 wildly cheering football fans watched the San Jose State Spartans and the Honolulu All-Stars battle to a 19-19 deadlock at Spartan Stadium.

Throughout the entire game the crowd was back and forth, rooting for both teams, but when it was all over most of them went away surprised at the outcome.

Hawaii scored on the first scrimmage play of the game with a pass from Wallace Yonamine to George Peterson good for 67 yards and a touchdown. The crowd was silent.

Bill Hubbard's Spartans came right back with a drive that ended when Max Culver drove over from the one yard line to tie the score. Bill Perry kicked the extra point and the crowd went wild with the Golden Raiders out in front 7-6.

Almost as fast as you could write it, the big Gold and white team was back with two scores before the first period ended. Quarterback, Jim Jackson passed 37 yards to Babe Nomura who went over standing up for the second San Jose TD seconds later, Bob Pifferini intercepted Yonamine's pass on the All-Star 27 and with Culver and Hardisty carrying the Spartans had their third touchdown. Culver hit pay dirt over his own right tackle for the counter. Perry failed to convert either the second or third score, but the crowd settled back to quietly watch a runaway.

Then, almost as suddenly as it had started, the Spartan scoring was done for the evening and it was the All-Stars who had the crowd yelling for blood. From their own 10, the Hawaiians moved the length of the field on a pass interception and two completions by Joe Tom, 150 pound half-back. Tom to Judo Takahashi for ten did the trick as the half ended. San Jose 19, All-Stars 12, and the crowd wondered.

Mid-way in the final period the Hawaiians got a break on Pete Denevi's short, out of bounds kick on the Spartans 37 and they cashed in on it. Marco Takata's screen pass to Dick Asato made it 18-19 and Yonamine booted the Islanders into a tie.

Five minutes later it was all over and the crowd couldn't believe what they had seen.

The All-Stars ran up 13 first downs to the Spartan's 12, and gained 353 yards to 291 net for the locals. Poor kicking gave Hubbard's men a lot of trouble and could have turned the tide. San Jose booted four times for 80 yards or 20 yards per kick!

Congressman Speaks At Vet Meet Tonight

Congressman Jack Anderson of California will be the speaker at tonight's meeting of San Jose Chapter of the American Veterans' committee at Eagles' hall, 148 N. Third street.

Anderson's topic will be "The Results of the Bikini Atoll Experiments." He will answer questions pertaining to this subject, but the moderator has instructions to ignore queries put to Mr. Anderson on his political actions in Congress.

The meeting is open to veterans and friends whether or not they are members of AVC.

New Engineering Dept. Instructors

Last year, Dr. Ralph J. Smith, as head of the Engineering department, was the only instructor. Now that the engineering, aeronautics, and two year technical training students total about 400, there are three new instructors.

S. Brooks Walton is from the University of Kentucky, where he taught since the fall of 1938 and was acting head of the Mechanical Engineering department for the last two years. Mr. Walton received his B.S. degree at the University of Southern California, and his master's degree in mechanical engineering at Cal Tech. Mr. Walton was employed in the Engineering department of the Firestone Tire and Rubber company at Los Angeles from 1934 until 1937.

Stanley J. Kocal, employed in the San Jose City Engineer's office, is a part time instructor in engineering at San Jose State college, where he handles lectures and surveying. He was formerly on the faculty of the University of Santa Clara and Stanford University.

Also a part time instructor is Milo Lacy, who is in charge of surveying and field work. Mr. Lacy was with the California State Division of Highways, and now works in San Jose with Charles L. Coburn, engineer.

NEW SECTION IN LA TORRE

The first pictures for the faculty and departmental sections of the 1947 La Torre are to be taken next week announces Phyllis Clayton, editor of the campus yearbook.

Informal shots of instructors as well as pictures of various focal points about the campus are to be stressed in the next publication to replace the usual posed pictures of previous editions, explains the editor. Betty Patnoe has been named photography editor of the '47 La Torre and Kae Goepfert is to be her assistant.

Department heads are asked to appoint a student who will submit an article about his section to the copy editor of La Torre.

Dr. Alden Miller Will Speak to Audubons

Dr. Alden Miller, professor of vertebrate zoology at the University of California, will be guest speaker at a meeting of the Audubon Society, Monday evening at 8 o'clock in room 210 of the Science building. His subject will be "Territorial Behavior in Birds."

Dr. Miller is an outstanding authority in his field, and has written several books on the subject. He is also in charge of the University of California's Museum of Vertebrate Zoology.

Dr. Ralph Smith, president of the society announced that plans for the Point Lobos Reserve State Park will be discussed at the meeting.

P. L. 16 VETS NOTE

Vets in training under veterans Vocational Rehabilitation Act P.L. 16, please submit a schedule of classes for the current quarter. Necessary forms may be obtained in room 16. This does not apply to vets in training under the GI Bill.

TAYLOR BOOSTS CHEST DRIVE

Marty Taylor, Student Body President, while endorsing the forthcoming Community Chest drive, stated the following:

"Monday morning, the big drive for Community Chest gets underway on campus. We owe it to ourselves to give liberally to the biggest bargain offered in San Jose." Taylor cited five points to substantiate his statement:

1. Assurance of care and protection to anyone who needs it.
2. Health preservation and prevention of sickness.
3. Fun—sound, healthy, fun for boys and girls, children and adults.
4. Character building—the development of good citizens, the kind you want your children to be, and the kind of neighbors you want to live with.
5. Individual counseling and help with problems.

Taylor ended with the statement, "Because it is our Chest, we all have a responsibility to contribute to its work."

Bruce McNeil is chairman of the Chest drive, Harold Riddle is in charge of publicity.

Swimming Tests Given Next Week

Successful passing of an intermediate swimming skill test to be given to women students will allow them to substitute other courses for swimming while completing the required six quarters of physical education, according to a decision made by the P. E. department faculty Wednesday.

Tests will be given in the pool in the Men's gym during regular swimming class hours on Tuesday, October 15 and Wednesday, October 23. See schedule of classes and bulletin boards in the Women's gym and pool for time. Eight o'clock Monday night, October 21 will also be set aside for the examination.

MEMBERSHIP DRIVE STARTED BY SCA

The Student Christian Association's membership drive will get under way today. Sign ups will be at the booth in the Library arch.

Committees which new members may sign up for are: Student Public Affairs, Race Relations, Publicity, Recreation, Lion's Den, Membership, SCA newspaper, Freshman clubs, Bible Study, Philosophy of Life, and Worship. During the year, other committees may be formed whenever there is a need.

The SCA is the campus branch of the YMCA and YWCA. Dues for the year will be \$1.50.

X-RAYS END TODAY

All entering students who have not taken their chest X-ray must complete this examination today.

The X-ray trailer unit of the Santa Clara County Tuberculosis association is available to students for this examination for the last time today. Students may be X-rayed during any of their free periods without making an appointment.

Classes Increase

Class enrollments continue to increase in the various departments of the college.

Dr. Raymond Barry, head of the English department, reports a total increase of 1537 students taking classes in English composition and literature this year.

During the spring quarter, students in composition and literature classes numbered 1775. The present quarter brings the total number of students in the same English classes up to 3312. This is almost double the count of last quarter.

WORLD NEWS IN BRIEF

A Summary of World News to 11 O'clock Last Night from the United Press Teleprinter in the Spartan Daily Office.

Cards 12, Red Sox 3

BOSTON—The St. Louis Cardinals banged out 20 hits here yesterday to trounce the Boston Red Sox by the score of 12-3 at Fenway Park. George Munger of the Cards was the winner. Boston's Tex Hughson was the loser. The series now stands at two games apiece. Boston will pitch either Joe Dobson or Mickey Harris. The Cards will counter with Howie Pollett who lost the opener at St. Louis last Sunday.

Negroes Denied Voting Privilege

MACON—Former Governor Eugene Talmadge was officially renominated by Georgia Democrats who declared; henceforth that only Whites would be allowed to vote in the primaries.

China Now on Full War Footing

NANKING—President Chiang Kai-Shek placed China on a full war footing last night, as the Civil War has now reached the all out stage. The Nationalists have thrown a pincers around the Red stronghold in Kalgan. Neither side had been willing to seek an armistice, while the battle for Kalgan was raging.

Alaskans Favor Statehood

JUNEAU—Incomplete returns from outlying Alaskan districts show that the majority of voters favor statehood by an overwhelming 2-1 lead. Delegate E. L. Bartlett (D) was reelected to Congress.

Meteors Flash Across American Skies

STERLING, Va.—Meteors of the Giacomini-Zinner Comet shot across our skies in a brilliant fashion last night. Fog and cloudy skies hampered eastern and Chicago areas observation of the spectacle. There was a clear visibility throughout most of the western part of the U. S.

Meat Shortage is Still Critical

WASHINGTON—President Harry Truman yesterday declared that the meat situation is still critical. His Administration still hoped to hold the line and is also trying to work out a solution that will be politically popular. It also raised top grade A veal prices by eight cents a pound.

Romanian Treaty is Passed

PARIS—The Paris peace delegates of the 21 United Nations Peace Conference passed the Romanian treaty yesterday despite strong Soviet opposition. The vote was 14-6. The Anglo-American bloc won their argument for an internationalized Danubian waterway.

Army Rockets Vie With Nature's Meteors

WHITE SANDS PROVING GROUND N. M.—Man put on his own scientific show here yesterday. While nature was displaying its brilliant meteors, man, under U. S. Army guidance, shot a Nazi V-2 rocket missile 102 miles into the air. The flight lasted for over 11 minutes. Another experiment will take place again on October 24.

Free Ganders For Students Who Are Broke

By DEAN THOMPSON

"Hey, Joe, take a look at these paintin's. A hundred bucks a piece."

Yes, Joe, take a look at those paintings—water colors to be more exact. There are 24 of them on display in the Art wing, and their total value is listed near \$2400.

Painted by Rene Weaver, San Francisco advertising agency executive, the two top price water colors are listed at \$150 each.

Are they worth it?

Art instructors seem to differ. Dr. Stephan Kayser says, "Yes." But Milton Lanyon isn't too sure.

Pointing out the "bargains," Monterey scenes listed at \$10 each, Lanyon said that they were well worth the listed price.

He said that many artists post a high price for advertising purposes.

NAME PLUS VALUE

Approached on the subject, Dr. Marques Reitzel, Art department head, explained that Weaver is generally known to be on a par with the best Pacific coast artists, and has exhibited his work in the East as well as having displays at the best of western exhibits.

Regarding prices, the Art department head feels that Weaver's listed prices are "very moderate" for the quality of work that he does.

"An artist usually has a set price for a certain size painting," Dr. Reitzel said. "This price may vary according to the art quality of the painting."

ARTISTIC VALUE

Pointing out the difference between commercial art prices and the prices of fine art, Reitzel explained that the commercial artist is paid by the hour, and works until he achieves the desired result.

"One should realize that years of study and experience require high prices in the fine arts," the Art department head continued.

So, if you Joe, have a couple of hundred smackers laying around, take a look around the Art wing. Perhaps you'll care to purchase "Mendocino Coast" or "Lupine's, Surf and Rocks"—the \$150 paintings.

Other students, low on the financial end—like most of us, may also take a gander. There's no admission price.

Job Shop

ANYONE INTERESTED in the following jobs may get further information from Mrs. Pritchard in the Dean of Women's office.

Fountain girls are needed for late afternoon and evening work.

Two typists, preferably stenographers for work every afternoon.

Girls are needed to do house work once a week.

ALL STUDENTS INTERESTED in working on the staff of Lycurgus: There will be a meeting today at 3:30 in the Pub office. Appointments will be made.

FROM HUNGER

By TOM MARSHALL

Let there be more rallies and carillon playing by Miss Fliflet in the noon hours. Breaks up those long monotonous spells between class periods when a fella has little else to do but whip off his brogans, and jot down pearls of wisdom on the lost kingdom Rigterfortismsemosaul (not to be confused with Hyperfortism—gismo which falls in the late Milpitas dynasty).

I really go for this history. It gives one excellent taste in old things. Why, I know there are history majors who are so good that they can spot five year old bonded stuff in the dark! Speaking of bonded stuff—as who isn't the morning after a football game like last night's tussle between the Kanakas of the Sandwich Isles and the local chaps of the swine skin had quite an experience with some boiled yuckle (Lhashian for pore inebriated soul) t'other nite down at the petrel palace.

Said wierd stew came in draped himself over my grease-smearred mufti and asked—midst fumes of arsenic old rotgot—to use the telephone. "But firsh," he hic'd, his breath now coming in short shot glasses of P & M, "where am I???" Going into great detail and enunciating most clearly 'they don't call me Mush Mouff for nothing), I informed

said stew that we were on the corner of Mk. & San Sal. Writing it carefully in magpie blood on his left temple—so he wouldn't carelessly forget that noble address—I stepped on for a breath of fresh air and a kerosene chaser.

Next think I know, the leach lurches out and wants me to tell him again where we are. Deftly cuffing him to the pavement, I politely explained again that he was at marketandsalsalvadore. "Write it," he sez. Slightly piqued, I unlaced my left shoe, and jotted it down on a piece of lechi not shell I happened to have in my hand. "Gee thash shwell," he hics. "But what does it shay—I haven't got muh glasses wif me." Then he throws a nickle in the phone slot, and numbles something like LS/MFT! LS/MFT! Fight Weed! Fight! goes into a dubble flip-flop, takes a tripple shot of plasma from a hip flask, and tells the operator to send somebody—anybody—over. He'd lost his car.

Next thing we know, we have a yellow cabby, two beagle hounds from Norfolk, and an escalator operator from North Market named Wino Willie looking for a mauve jeep with built in wine press. What happens to me at that fuel funhouse shouldn't happen to a Santa Clara man.

GABBING WITH THE GREEKS

By HURMUSES

Beautiful Los Altos Country Club will be the setting for Ero Sophian's fall dance next Friday night with music sweet and low by Al Ferguson and his band. Chairman for the affair, which will be dressy sport, is Charlene Atkinson, assisted by Marguerite Siddall. The Eros promise a swell time for all, and their advice is to buy your bid at two dollars a couple, and quick.

The theme, "The Autumn," will be carried out in the fall setting, with beautiful and original decorations designed by the decorations committee, Jane Moore and Ezma Rucker.

Plans are underway for the fall inter-fraternity football schedule. Bob Gager of DSG has done a lot of the bookwork in the organization of the rules and regulations, which have been submitted to each of the seven fraternities for consideration and suggestions.

The inter-fraternity council met yesterday with Dean Pitman and adopted resolutions regarding pledging and rushing this quarter. It was also decided that the Council will go back to the original constitution, which acquired flexibility during the war.

The DTO's and Sappho's got together at Don Titcomb's Wednesday night to plan for the coming

DTO Chapel Benefit dance. The society will assist the boys in the presentation of the affair, the date of which has not as yet been set. As you know, at least half of the receipts will be turned over to the Chapel Committee for the future project.

An old DTO, Bob Mason, showed up at the meeting and made the crowd howl with his interpretation of love-making in Japanese. Mason recently returned from Japan, where he was an interpreter and army mayor of several cities with the occupation forces. They told me he can read the stuff backwards faster than you an I can read English forward.

Engagements of the week:

Allen Pat Wolfe and Jerry Brown of Gamma Phi have announced the betrothed Barbara Fleming passed the blue and pink card; so . . .

Tied with a piece of ice also are Margaret Emigh and Gamma phi, Eddie Olson

Before we forget, don't you forget the grand dance at the Civic auditorium tomorrow night from 9-1. The hop is sponsored by SGO in honor of the football team. Mert Root guarantees a big time for one and all; so bring your girl to the Football Dance and meet all your friends. Okay? See you there.
