

# Ray Does It! Nips Morrow; Ties Record in Heat

By GREGORY H. BROWN  
**FRESNO** — Ray Norton turned in a super-human sprint performance here Saturday night by whipping the great Bobby Morrow in the 100 yard dash final after the Spartan had clocked a 9.3 in his earlier heat win.

The famed West Coast Relays, where records are broken, almost saw the magic figure of 9.2 in the 100 yarder as Norton, running the first heat, and aided by a 3 1/2 mile an hour wind, left his competitors far back in the field in his record-equaling performance. Many sportswriters second-guessed that Ray would have broken the record had he not eased up in the last half of his run-away triumph.

Bobby Morrow won his heat event in 9.4 to qualify for the final as did Norton's teammate Bob Poynter with a 9.5 time. All three were head and head at the final tape with Ray the winner by a nose with Morrow a close second and Poynter following on his heels.

Occidental, using two bad baton passes by the Spartans to good advantage, won the 440-yd. relay to upset the locals' bid for a new world's record. The Oxy quartet toured the quarter mile in 40.8 with San Jose taking second with 41.2. San Jose broke on top in the event but a Chuck McNeil pass

played the form that carried him to the Olympics as the USC Trojan cleared the magic seven foot mark in the high jump for the second time in his career to snap the old WCR standard. The old mark was set in 1955 by Ernie Shelton of the same school who leaped 6-10. San Jose State's Errol Williams finished in a three-way tie for second with a 6-8 leap. ## INVESTIGATION PENDING

# SJS Official Asks Senate Bill Delay

By JIM ADAMS

E. S. Thompson, San Jose State Business Manager, has suggested in Sacramento that action on two finance-regulating Senate bills be tabled until a proposed investigation of state college finances is completed. SJS students showed their disapproval of the Senate bills in the May 1 ASB election.

A resolution directing the Department of Finance to conduct the investigation of all state college finances was adopted by the Senate Friday.

The Department would be given until 1961 to complete the study.

Sen. George Miller's bills to regulate student and alumni funds were introduced March 25 after a subcommittee revealed "irregularities in the handling of funds at some state colleges."

The original subcommittee study was conducted at five of the 12 state colleges. The report of findings was devoted almost entirely to Humboldt State College with added remarks on Chico, Sacramento, San Francisco and Fresno State Colleges.

SJS' Thompson indicated at a public hearing on the controversy last week that Sen. Miller should postpone any action until after the more comprehensive study of all colleges is completed.

Miller listened to objections to his plans for nearly three hours at a hearing before the Senate Education Committee.

He said he wanted some kind of college fund regulation written into law this year but added he was "not married to these bills in their present form."

Other witnesses before the committee doubted, however, that Miller would wait until 1961 to revise his bills.

Stanley Stevens, SJS graduate student and member of a three-man delegation representing the combined student bodies of all 12 state colleges, said:

"Miller seems pretty determined to get at least part of those bills passed in this legislative session."

Stevens and two officials from other state colleges will meet with the Senator Friday in an attempt to convince Miller that some sections of the bills still will restrict student bodies unnecessarily.

At the public hearing last week, Miller told the three students several times, "I'm not about to push through legislation that will hurt student bodies."

## Committee Interviews Tomorrow

Interviews for the proposed class council coordinating committee will be held tomorrow in the Student Union, Bunny Robinson, class evaluation chairman, announced Friday.

"Students who have the interest and time necessary to work on this committee are urged to apply between 3:30 and 5 p.m.," Miss Robinson said. "About 10 students have signed up already."

Function of the committee will be to plan a joint program of freshman orientation and junior-senior leadership. The program eventually will replace the present class council system if it proves successful, Miss Robinson declared.

## Seven Plan Retirement

Seven faculty members will retire at the end of the current semester, the President's Office announced Friday.

Those retiring and the year they came to San Jose State are: Miss Caroline Bailey, reserve book room librarian, 1926; Dr. Winifred Ferris, professor of modern languages, 1929; Dr. Vern James, professor of mathematics, 1947; Dr. Esther Shephard, professor of English, 1939; Miss Dora Smith, professor of librarianship, 1930; Miss Martha E. Thomas, associate professor of home economics, 1928; and Miss Jeannette E. M. Vander Ploeg, associate professor of librarianship and education, 1929.

Retiring women faculty members will be honored at a dinner party May 22 in the Cafeteria.

## Nature School Sign-up Starts

Registration for West Coast Nature School's trip to Sequoia National Park June 14-20 started at 8 a.m. today in S127.

Enrollment is limited to 60 students. The \$15 tuition is payable at the time of registration.

One unit college credit is offered for the five-day session. All work will be done in the surroundings of the nature trails of the park.

The West Coast Nature School has sponsored a variety of outings in California recreational areas since 1931.

Also planned for the summer are a trip to Mammoth Lakes, June 21-27, and one to Cambria Pines, June 28 to July 4. One unit of credit is offered with each trip.

## Return to Civilization: DZs Dine in Style Today

By GERALDINE GARDEN  
 For the first time in more than two years members of Delta Zeta sorority will eat at tables on Monday nights. The DZ's finally moved into their new home over the weekend despite a series of thefts, pranks and postponements.

is Walter Burde. The firm of Burde, Shaw and Kearns was in charge of construction. The house is furnished along contemporary lines in keeping with the architecture. An open

house is slated for May 24. In 1948, the local chapter of Delta Zeta was established in the San Jose area. Delta Zeta is the largest national sorority in the U.S. with about 128 chapters.

—Spartan photo by Scott Turner

### New Paint, New DZ House

Workmen put finishing touches on the new Delta Zeta sorority house as "Operation Move In" begins. A large scale moving program went into effect over the weekend. Pickup trucks and cars made numerous trips transporting furniture and belongings to the new house at 223 S. 11th St.

"Operation Move Out" began Friday afternoon as pick-up trucks and cars were loaded to the bulging point with cardboard boxes, suitcases and barrels to transport the furniture, clothing and belongings.

The move was made from two DZ houses located at 35 S. 12th St. and the sorority annex at 79 S. 12th St.

Both places were rented for the temporary stay. The 12th Street building will be converted into a boarding house to be used next year.

Boy friends and fraternity men assisted the weekend project by moving desks, dressers and beds. About 35 women now reside in the new structure.

Additional furniture was taken out of its year-long storage. Friday night was the last time dinner was served in the old house.

Curtains arrived for the new house just in time to be put up Friday afternoon. DZ's feared sheets would have to suffice until today.

The new two-story stucco, concrete block and redwood structure will house 58 women next fall, according to Mrs. Rachel Cavell, housemother.

Architect for the new building

## Herter in Geneva For Conference

GENEVA (UPI) — Secretary of State Christian A. Herter has arrived here for a long-awaited foreign ministers' conference which opens today. Herter is prepared to make concessions if the Russians also will give ground.

After conferring with President Eisenhower before leaving Washington Friday, Herter flew in last night by way of Bonn. He visited West German Chancellor Konrad Adenauer in Bonn Saturday.

Herter promised in a radio-television address last week that the Western powers would stand firm on such basic principles as "freedom for Berlin," German unification and safeguarded arms control agreements.

But he said the United States, Britain and France were willing to negotiate with the Soviets on the "application" of these principles "provided that concessions from us are matched by equivalent counter-concessions from the Soviet Union."

In his maiden address to the nation as secretary of state, Herter pledged the West "honestly and in good faith to seek some advance, even if small, toward a just peace" in bargaining with the Soviets.

Nevertheless, he candidly admitted, "I do not go to Geneva with great expectations. The past record of negotiating with the Soviets does not warrant much optimism."

"We should not expect quick or easy agreement," he said. "The best we can look for is slow progress toward the ultimate goal of international stability which only a just peace will bring."

"We hope," he said, "the Geneva talks will prove to be businesslike negotiations and not a propaganda exercise."

## Brubeck Ducats Still on Sale

Tickets for the Dave Brubeck concert Wednesday still may be purchased. There are a few reserved ducats left and many good general admission. Tickets are selling for \$1.50 and \$1.25 in the Student Affairs Business Office, TH16.

Brubeck and his internationally known quartet swing into action at 7 p.m. The tall Californian's last San Jose State appearance drew a sellout crowd and earned the then "unknown" pianist \$25.

The concert Wednesday night marks the second time this season a big name musician has graced the stage of Morris Dailley Auditorium.

## Philosopher's Talk

Dr. Mortimer J. Adler, philosopher, author and lecturer, will speak on "Liberal Education in an Industrial Democracy" at San Jose City College May 21.

The event, open to the public, is scheduled in the Men's Gymnasium, 2100 Moorpark, at 8 p.m. There is no admission charge.

## Auto Engineers Inspect Palo Alto Aircraft Plant

By LARRY WORTHINGTON  
 Latest field trip for the Society of Automotive Engineers was an inspection of the Hiller Aircraft Corp. plant in Palo Alto.

Fifteen students from the Aeronautics Department drove to the Hiller facility to see a demonstration of Hiller's new 12E helicopter.

The 12E is powered by a single 305 horsepower Lycoming engine and sits three. With a pilot and one passenger aboard, a 12E circled the Hiller plant, stunting to show off the aircraft.

The demonstration ended in what Hiller calls an auto-rotation. An auto-rotation is the power-off landing of a helicopter. The 12E came straight down, the fuselage revolving slowly. The spinning rotor was used as a brake by the pilot pulling back on the controls.

The air velocity spun the rotor with force enough that it had the same effect as if the engine had been turned on for a moment, allowing the copter to sit down easily.

Also seen by SJS students was the XROE-1, rotorcycle. The rotorcycle is the one-man copter that was built for the U.S. Navy. It can be broken down, and carried in a car. When it's wanted, it can be assembled in minutes by one man.

The pilot sits in the open, on a small rubber pad, that looks much like the pad off a kitchen chair. The little copter could be used to sneak a military group behind enemy lines, each man with his own aircraft. A modification of the rotorcycle could be the answer to freeways.

As an end to the afternoon, after a tour of the entire plant, students viewed a motion picture which illustrated the history of Hiller helicopters.

## Profs Await OK On Promotions

Twenty-five San Jose State associate professors have been recommended for promotion to full professorships, to become effective at the beginning of the 1959-60 school year, Pres. John T. Wahlquist announced Friday.

The promotions are subject to State Department of Education approval, Dr. Wahlquist said.

Associate professor titles have also been recommended for 58 assistant professors on this campus. In addition, 10 instructors have been recommended for promotion to the rank of assistant professor.

## Rest Ordered For Instructor

Dr. Benjamin F. Gilbert, professor of history and author of a book on the history of San Jose State, recently was ordered to bed for the remainder of the semester, according to his wife.

"Dr. Gilbert," she said, "is in need of rest and the doctor thought it would be best if he stayed in bed for two or three months."

The instructor published a book in 1957 called "Pioneers For 100 Years," which recorded San Jose State's progress from 1857 to 1957.

## Pushers Prepare Pageant

A field of 24 carts have been entered in the 11th annual running of the Push Cart Relays Friday, sponsored by Lambda Chi Alpha, according to Larry Peck, director of the spring classic.

Santa Clara County Fairgrounds has been designated as the official course for the race.

The large turnout includes 12 fraternities, 10 sororities and two independent organizations. Carts have been assigned numbers for easier identification.

The entries are headed by defending Sweepstakes and Men's Division champion, Phi Sigma Kappa fraternity. Top challenger of the Phi Sig supremacy will be Alpha Chi Omega sorority. The AChiO's topped the Women's Division entry last year, but were nosed out by the Phi Sigs in the sweepstakes event.

Heading the pushing team of AChiO are gridders Oneal Cutery and Paul Schriber, who figure to give them an edge over the other sorority entries.

Racing will get under way at 3 p.m. sharp, Peck said, and will be preceded by a parade of marching groups led by Sally Ellis, relays queen. Judging will take place at 2:30.

—Spartan photo by Dan Bauer

## Wave the Checkered Flag . . .

Sally Ellis, Queen of the annual Lambda Chi Alpha pushcart relays commands one of the 24 pushcarts entered this year. Giving her the starting push is one of her attendants, Anne Dowrick.

## KOED Telecasts Art Documentary By Remote Pick-up

This afternoon KOED-TV will swing the spotlight by remote pickup on "Backstage," a 30-minute documentary on lighting, costumes, make-up and set design in the Studio Theater viewing room.

The show, produced and directed by Kevin Swanson and John Hall, will be telecast at 4:30 p.m. Tuesday KOED-TV will feature a Roaring 20's program at 4 p.m. in the Studio Theater viewing room.

**TIMELY TIPS**

Issue on Ballot Illegally? - Political Hocus Pocus

We felt from the first that Bill Parker's anti-discrimination petition represents the views of enough students here that it should be reported fully in the Spartan Daily. Our feeling hasn't changed.

But we think Parker's latest charge that the Student Council anti-discrimination plan was on the ASB ballot illegally is a lot of political hocus pocus.

There is no doubt in our minds that the ASB Constitution was legally amended by the Student Council and voters two weeks ago.

The amendment was passed unanimously by the Student Council (two thirds is required) and three to one by the voters (a simple majority is required).

So it is now established at San Jose State that no new organization will be recognized if its constitution or by-laws provide for discrimination on the basis of race, color or religion.

It also is established here that the ASB will "conduct a continuous program" to eliminate such clauses from organizations already recognized.

(Parker's petition proposed that a time limit be set for these organizations to remove discriminatory clauses or lose recognition.)

Parker is saying the constitutional amendment is illegal because the by-law amendment accompanying it was on the ballot illegally.

He is only partially right. The constitution provides that by-law amendments are approved by the Student Council, not the voters. Which, incidentally, makes putting by-law amendments on the ballot non-legal, not illegal.

But Parker is declaring that the unorthodox handling of the by-law should void the Council's whole plan—which was approved three to one by the voters.

Whether Parker's petition originally got fair treatment from the Council or not, it is clear that the Council was against it straight down the line.

And voters backed up the Council with a substantial vote.

J.H.A.

100 Students From Local High Schools Attend Symposium

Approximately 100 students from five local high schools attended a modern dance symposium Friday afternoon in the Women's Gym. Two classes of "Techniques of Teaching Modern Dance," taught by Dr. Hildegard Spreen, professor of physical education, arranged the symposium.

Miss Peggy Lawler, instructor in physical education, began the program at 3:45 by giving a master lesson in modern dance.

"Mid-Day Rush" was given by Joyce Anderson, Eileen Bennett, Sallie Heisel, Judy Hunting, Sally Hutchins, Marilyn Johnson, Diane MacDonald, Gail Prentice and Georgie Steele. Soloists were Miss Steele, general chairman, and Miss Heisel, choreographer.

LITTLE MAN ON CAMPUS

By Dick Bibler

"Worthal! Say, I haven't seen much of you since you got that cute little sports car."

SJS Orchestra, Glee Clubs Combine for Concerts

The SJS symphony orchestra, in conjunction with the Women's Glee Club, will present concerts tonight and tomorrow night at 8:15 in Concert Hall.

No admission will be charged. The orchestra will be under the direction of Dr. Gibson Walters, professor of music. Dr. Russell Harrison will direct the glee club.

The orchestra and chorus will collaborate on Debussy's "The Blessed Damsel." Marion Flaherty will be featured singer, and Sheridan Schroeter will be narrator.

Other works on the program will include Concerto Grosso for String Orchestra by Vaughan Wil-

liams, and works by Handel, Mozart, Puccini and Dvorak. Jane Ann Fritz will be solo soprano on Puccini's "Tanto Amore Segreto" from "Turandot."

earthpeople

Tsk, tsk, tsk, tsk—but aren't those professors getting pushy again! Gad, it seems as if we never have a moment's rest before they become very indignant that we are not boiling midnight oil instead of hot water for coffee.

After all, they argue—and quite emphatically—finals ARE getting closer and, well . . . they don't like to make a big deal out of grades and all, but "the administration requires it."

Unquote. Most of them sound very alarmed and somewhat disenchanted that the administration should have the gall to even hint at such an ugly thing as "grades."

I really AM trying to turn the flame up higher under the knowledge burner but nothing will ignite.

I TOOK A COURSE once at a junior college (that gangling child of the high school system, where college words are used like "adjusting to group mores" and "exercising one's intellectual capacity" and "cool").

And in junior college, I was unwillingly elbowed into a course called (optimistically enough) "Orientation to College Life," where we learned how to learn. Actually, I always suspected this class of being a sort of "show case" for the school, so that whenever the gruff, briefcase gentlemen from the school board dropped by, the dean would have a nice class he could show off.

In "Orientation to College Life" the entire emphasis was on studying, which in most people's college life is a very small percentage. Why not a class in "Orientation to First Dates" or "Introduction to Women?" Now that would be practical.

First off, they taught us all we must underline. Very important, this underlining. So I underlined. Titles, page numbers, footnotes—everything!

Technique No. 2 suggested we all concentrate on whatever it was we were studying. But it is still all I can do to keep my thumb lodged between the last page of the chapter and the "Suggested Reading" page, turning periodically to see how many pages there are left to mow down.

There is a mathematical formula for this: Take the total number of pages in any given chapter, subtract all maps, graphs (bar, pie and wiggledly line), cartoons, and that should leave you with hardly anything at all; the psychological burden which lifts is truly remarkable.

I ALSO AM PRONE to be sidetracked by other material in the text, such as the appendix, author's preface to the third edition—where he makes a very weak apology for writing the second edition—and at times I find the publishing dates on the fly-leaf of some interest.

All in all, though, studying has become too great a leach on my social life and before the final eleventh hour questioning rolls around, I am going to have to make a choice of one or the other.

Social is way ahead of Study by approximately 2.6 grade points on the overall, four-year mess.

# Pimentel's Blow Drops USF, 7-6

A two-out ninth inning single by left fielder Al Pimentel scored Don Christiansen from second with the winning run as the Spartans dropped the USF Dons 7-6, Friday night at Municipal Stadium.

Righthander Bill Leach received credit for his seventh win against three losses. Leach received righthander Bob Woods in the second inning when the Dons exploded for six runs.

## Ohio State Votes Big Ten Withdraw From Rose Bowl

COLUMBUS, Ohio (UPI)—Ohio State University, long known as a football power, Friday voted to withdraw from the powerful Big Ten from the most glamorous of all football games—the Rose Bowl contest.

The university trustees voted five to nothing to support its faculty, which instructed its representative to vote against renewing the agreement to send a Big Ten team to the Pasadena classic.

The Big Ten will take up the matter of renewing the contract at its May 22-24 meeting in Ann Arbor, Mich. Six of the ten members must vote to renew the contract but five schools were expected to vote against renewal, thus killing the agreement.

**NORTON ZOOMS**—Ray Norton zipped to a record tying 9.3 100 Saturday night before 15,000 in Fresno's Radcliffe Stadium for the 33rd running of the West Coast Relays.

# Long Beats Bill Neider At 62-5½

(Continued from Page 1)

ant from the USC freshman team also cleared 6-8.

Dallas Long, the USC freshman sensation in the shot put, and co-holder of the world's 63-2 record, areed his final put 62-5½ to snatch victory from the grasp of his perennial competitor Bill Neider of the Olympic Club. Neider had been leading the competition before Long's last throw with 62-3. Glen Johnson of Occidental won the college phase of the event with a 55-10½ throw to beat Jerry Winters of Stanford who finished second 55-3½. Long, in an unofficial toss after his regulation throws, tossed the iron pellet 63-1½ inches.

In the intercollegiate broad jump Joel Willey of Los Angeles State took the event with a leap of 24-4½ as the young sensation was consistently over the 25-foot mark on nearly every jump. John Kelly of Stanford finished second with a 24-7¼ and Cebron Russ of California a nose back with 24-7½.

Frank "Rink" Babka won the afternoon discus competition easily with a throw near the 180 foot mark. Larry Collier made the qualifying round for San Jose State as the left-handed red head tossed the quoit slightly over 154 feet. Tom Daniels also competed in this event for San Jose.

The San Jose freshman mile relay team, running against a mile relay squad from Ford Ord, easily took the event by a half lap in 3:16 flat falling short of their 3:14.4 goal for a new intercollegiate freshman mark. This mark however was a terrific showing on the part of the Spartababes running virtually by themselves in the event. Willie Williams turned in an unofficial 48.2 lead lap around one turn and Tim Curtis' anchor lap was clocked in 48.1 with two watches catching him in 47.9 for his two-turn 440 lap.

Bob Gill also of the freshman team, tied with Ken Thompson of UCLA in a 14.5 heat in the 120 high hurdles. In the final, Charles Cobb, Olympic Club, blazed a 13.9 to take the final with Ancel Robinson finishing second 14.1. Both Robinson and Cobb had 14. qualifying times. Bob Gill finished sixth in the event with another 14.5 clocking.

Max Truex, former USC great, won the 5000 meter run in the time of 14 min. and 17 seconds missing his best time of 14 and 2 seconds. Max took the lead on the backstretch of the first lap and then was never headed as he lapped practically every man in the event.

The Spartans scratched their entry in the mile event won by USC in 3:13.5 with Bobby Statten turning in a stunning 47.7 anchor lap to nip Oklahoma State by .2 of a second. Occidental finished third, 3:14.8.

The pole vault event was taken by Dooley of Oklahoma State who was the only vaulter to clear the 15 foot mark. He failed in three attempts to sail 15.2.

## Season Finale For Golf Squad At Rinconada

Coach Walt McPherson's slumping golfers close out the 1959 season as they meet their old nemesis, Santa Clara this afternoon at 1.

The Spartans defeated Santa Clara earlier this year in a dual meet, but were edged out by the Broncos in the West Coast Athletic Conference tourney.

Friday the local swingers dropped the nod to Stanford 17½-9½ at the San Jose Country Club. This marked the second time the Indians had won over SJS this season.

Bob Snelling of the Indians captured medalist honors as he shot a two under par 68. Ron Ginn led the Spartan golfers with a 69.

Jack Lucetti, the SJS number one man, was off his game as he shot a 75.

The loss brought SJS' season record to 9-5.

# Sports

Monday, May 11, 1959

## Ray Norton Named Top Athlete

FRESNO — Ray Norton was named the top athlete in the intercollegiate division of the West Coast Relays for the second straight year, Saturday night. Norton won the Theta Chi Shannon award on the strength of his 9.4 win over Bobby Morrow in the final of the 100 yard dash; a world equaling time of 9.3 in his qualifying heat; and a 21.3 as the anchor man for San Jose State in the 880 yard relay.

In the final of the 100 yard dash the sprinters got off to four false starts. Two of the bad starts were attributed to Morrow's eagerness. In the fifth Morrow broke out in front of the Spartan speedster but Norton's tremendous kick carried him to his narrow victory over the former Abilene Christian star.

The wind velocity for Norton's world equaling time was 3.6. In the final there was no measured velocity.

Charlie Dumas, in clearing the bar at 7-0 set the new West Coast Relay record which was formerly held by Ernie Shelton of USC and Dumas, when he was participating for Centennial high school.

Dumas made two attempts at 7-1 ½ in trying for the world record. Stepanov, USSR, holds the world's record with a leap of 7-1.2.

Bob Poynter, who finished with a 9.5 in the final dash, good enough for third place, defeated Cal's Willie White in the qualifying heat with 9.5. White finished with a 9.7.

## McElhenny Comes to Terms With 49ers

SAN FRANCISCO (UPI)—Hugh McElhenny, one of professional football's great running backs, came to terms Friday with the San Francisco Forty Niners for his eighth season.

"I've never felt in finer condition," said the former Washington star whose career twice has been hampered by injuries to his shoulder and foot.

McElhenny, now 30, has gained 3874 yards on 764 rushes for an average of 5.1 gained per carry during his seven years at San Francisco. He also is an outstanding pass catcher, having grabbed 156 for 2223 yards and 14 touchdowns.

# Winston Wa V'es Goodbye To U.S. 'Late in His Day'

By MERRIMAN SMITH  
WASHINGTON (UPI)—A historic era at the White House has ended. Sir Winston Churchill has gone.

No one associated closely with the 84-year-old former British minister last week expected him to return. And from President Eisenhower down to the cooks and butlers, there was genuine sadness over his leaving.

Sir Winston was the President's house guest since last Monday. He moved to the British Embassy for one night before traveling home to his beloved Great Britain with a brief stopover in New York.

Because of advancing years and their nagging ailments, the once gloriously eloquent voice of Churchill is seldom heard these days.

But in the soft golden light of the stately White House dining room and before a distinguished company of American leaders, the oratorical splendor that rallied the free world during World War II flashed again, the night before his departure.

With a gleaming champagne goblet in his hand, Sir Winston rose with some difficulty from his high-backed dining chair to propose a toast to the President.

Seated before him were members of the cabinet, leaders of Congress, commanders of the armed services and a group of the President's friends from the world of big business.

In the rich voice that brought encouragement to millions during the darkest days of Dunkirk and Tobruk, Sir Winston began to speak.

"To come across the Atlantic and to see so many friends and

so many elements in the union of our people has been a great and memorable joy to me," the old British battler rumbled.

"Here at this table," he said as he looked around the room, "sit those whose decisions can perhaps influence the destiny of mankind more deeply than any other group of men you could find."

He was frank about it being "late in the day" of his long career, but he was happy to have one more opportunity to speak on a subject dear to his heart—"the union of the English-speaking peoples."

"I am sure," Churchill said, "that it is in a close and increasing fellowship with you, our American friends and brothers, that our brilliant future rests."

## Budget Add For Parking Approved

SACRAMENTO (UPI)—The Assembly Ways and Means Committee Thursday approved a budget addition of \$1,420,725 to help build student-faculty parking facilities at California's state colleges.

State Budget Chief Robert L. Harkness said the supplemental appropriation, when combined with savings achieved this year in college construction, would pay for a \$6,500,000 parking program.

The committee was told also that the state will receive back \$495,790 in fees from students and faculty the first year after the parking facilities are established.

### HIGH COST OF TAXES

SACRAMENTO (UPI)—A bill to allow individuals a \$3 mistake in their state income taxes was approved by the Senate Revenue and Taxation Committee.

The measure was introduced by Sen. Luther Gibson (D-Vallejo) who said that the present \$1 permissible error is not realistic.

## 'God's Law' Talk Topic

"Christian Science: God's Law of Safety and Security," is the title of a Christian Science lecture tonight by Frank T. Hord in the Chapel at 8.

Hord served as a Christian Science chaplain during World War II. Currently he is on an extended tour as a member of the Christian Science Board of Lectureship.

In his speech Hord will stress today's need for a more practical understanding of God. He says the spiritual knowledge of the true nature of God and man is the "pearl of great price."

"All fear, limitation and suffering are caused by mankind's mistaken conception about God and divine love," Hord says.

The lecturer will cite examples of healing powers through Christ.

Hord will explain that Christian Science practice is based on spiritually correct knowledge of God. It is not based on mind over matter.

## Mexican Muralist, James Pinto, Set For SJS Position

James Pinto, an outstanding painter in Mexican and American cultural circles, will be an instructor at San Jose State during the six-week summer session.

Pinto, a Yugoslavian by birth and now an American citizen will instruct students in Advanced Drawing (Art 193) and Advanced Painting (Art 195).

He is nationally known as a great muralist, a field where art competition is at its keenest in the United States. Top critics in the United States have praised Pinto for his unusually gifted talent as an easel painter.

At present, Pinto is an instructor in advanced painting and mural at San Miguel Institute. Pinto has earned the plaudits of such noted U.S. painters as Rico Lebrun, who seeks Pinto as an aid and consultant on many of his major local and foreign mural projects.

## Marshall Scholars Sought For England

As an expression of the United Kingdom's gratitude for the generous and far-sighted program for European recovery through the Marshall Plan, the British government is offering 12 Marshall Scholarships to British universities for the 1960-61 academic year, Miss Margaret Harper, activities counselor announced.

The awards are made to students of either sex, who must be citizens of the United States. Candidates also must be under 26 the year they use the scholarship. Scholarships are open to graduate students or those that will be graduated by August 1960.

Scholarships are applicable to any university in the United Kingdom. Awards originally are made for two years but may be extended for a third year. Marshall scholars are required to take their degree at a British university.

Marshall scholars each receive 500 pounds a year and approved tuition fees. A married man's scholarship may be increased by 200 pounds a year in certain circumstances, Miss Harper said.

Selection of scholars is on the basis of intellect and character as evidenced both by scholastic and other activities and achievements.

Further information may be obtained from Miss Harper, in Adm-269.

### TEXAS INTEGRATION

AUSTIN, Tex. (UPI)—About 125 school districts in Texas have been integrated and there are approximately 3200 Negroes attending classes with 265,000 white pupils out of a statewide enrollment of 1,800,000.

## Wind Tunnel Talk At Air Meeting

Warren Wilson, aerodynamics research engineer at Ames Laboratory, will speak on "Application of Wind Tunnels to High Speed Research" at 7:30 p.m. tomorrow in E118.

His talk, sponsored by Institute of Aeronautical Science, will be illustrated by slides; a film will be shown if it is declassified in time.

"All interested students are invited to the meeting," said Mike King, publicity chairman.

# THINKLISH

English: NEARSIGHTED PROFESSOR  
Thinklish translation: This fellow has so many degrees, he looks like a thermometer. He's so myopic, he needs glasses to view things with alarm. Though quite the man of letters, the only ones he favors are L.S./M.F.T. "I take a dim view of other brands," he says. "Give me the honest taste of a Lucky Strike!" We see this chap as a sort of *squintellectual* (but remarkably farsighted when it comes to cigarettes).  
  
LUCKY STRIKE CIGARETTES

## HOW TO MAKE \$25

Take a word—television, for example. With it, you can make commercial TV (*sellevision*), loud TV (*yellevision*), bad TV (*smellevision*) and good TV (*swellevision*). That's Thinklish—and it's that easy! We're paying \$25 for the Thinklish words judged best—your check is itching to go! Send your words to Lucky Strike, Box 67A, Mt. Vernon, New York. Enclose your name, address, college or university and class.

Get the genuine article  
Get the honest taste  
of a LUCKY STRIKE

English: HALLWAY IN A HAUNTED HOUSE  
Thinklish: HORRIDOR  
English: STOCK JUDGE  
Thinklish: HEIFEREE
