

## 'Waste Makers'

"The Waste Makers" by Vance Packard will be reviewed today at 12:30 p.m. at the weekly spring semester book talk in rooms A and B of the cafeteria. Dr. W. Warren Kallenbach, assistant professor of education, will discuss the novelist's book, which was published last year.

## 'Cuba Symbol of Future; Not Red' Declares Civil Rights Leader

By RICHARD POLESE  
"Cuba is symbolic of the world tomorrow . . . where all men will work side by side without prejudice or discrimination," declared Robert F. Williams, controversial Negro civil rights crusader, yesterday at his TASC sponsored appearance in Morris Dailey auditorium.

Williams, editor of a southern civil rights newspaper and president of the Union county, N.C. branch of the National Association for the Advancement of Colored People, praised Cuba's approach to racial discrimination.

**'CASTRO KEEPS VOW'**  
"The spirit in Cuba is akin to that of a football team," stated Williams, declaring that Premier Fidel Castro has "kept good his promise" that racial discrimination would be eliminated in Cuba.

Williams has visited Cuba three times, twice since Castro came to power.

The dramatic, forceful speaker stated that the Cuban regime "is

no Communist government," He said that our government calls Castro undisciplined and impulsive, characteristics opposite to the Communist pattern.

**PEOPLE ARMED**  
"Seventy-five per cent of the people in Cuba are armed," Williams contended, "no dictator would allow that."

"We know that Cuba is not perfect," Williams said, "but Cuba is far more perfect than the democracy I've seen in this country." He cited numerous examples of continuing racial injustice in the U.S.

**DRASTICALLY WRONG**  
"Something is drastically wrong with people who feel they can criticize the rest of the world, yet not clean up their own back yard," Williams said of Americans.

In a question period following his speech, Williams declared that "all through the south the Negro is oppressed most by the people we call Christians."

Williams said he believes in non-

violent action, "but if our government will not defend its own people, perhaps we should try other means."

ROBERT F. WILLIAMS  
... Negro crusader

## La Torre Editor, 'Camp' Chairman To Be Selected

Student Council this afternoon at 2:30 will complete its interviews and appointments for the two remaining class representatives to council, plus La Torre editor and Freshman Camp committee chairman.

The council will also hear reports from the finance, communications, and constitution and by-laws committees. The finance committee's report will deal with the appropriation of funds for the track team's participation in the NCAA.

The constitution and by-laws committee will report on the constitutions submitted by two new campus organizations, one of which will be known as Students Against Communism (SAC).

## Round Trip To Europe Organized

A special round trip flight to Europe this summer has been organized for SJS students, faculty members, staff and alumni for \$406, according to Dick Durling and Moshe Ben-Eli, organizers of the student summer charter flight.

A plane will depart from San Francisco airport June 20 to London and will return from Paris August 26. Durling said this is a saving of "50 per cent of the regular fare".

Also available but not included in the flight are two tours; both for \$545. Durling said one tour will cover Western Europe and the other Central Europe and the Near East.

There are several seats left and those interested should contact Durling or Ben-Eli at 545 S. Seventh st., CY 5-8574. Registration for the flight requires a \$100 deposit, he stated.

## No-Rooz

An Iranian "New Year" party will be held in the Hawaiian Gardens Friday from 8:30 p.m. to 2 a.m., according to Frank Dadgar, publicity chairman. Dancing and entertainment are scheduled, and the public is invited.

## Extended Day Enrollment Up

Registration of students attending extended day and evening classes shows an increase of 391 over last semester's total, Dr. Arthur H. Price, coordinator of evening programs, announced yesterday.

A total of 7848 attend 453 extended day classes four nights a week, he said. These are classes meeting after 4:30 p.m.

The highest enrollment was in the education field with 1410 attending these classes.

Departments with the greatest increase over the fall semester are psychology and industrial arts. Students in psychology number 714 while last semester the total was 609. In IA, 230 attend classes while the number last semester was 99, Dr. Price said.

## Co-Rec Tonight

"Where the Boys Are" is the theme for tonight's Co-Rec, 7:30-10 p.m.

Dancing, volleyball, ping pong, shuffleboard and films for men are all scheduled on tonight's program. Music will be provided by The Revelers, a local band.

According to Co-Rec publicity chairman Dave Lawrence, Co-Rec offers an added incentive to SJS coeds—five boys to every girl.

## SJS Research Topic of Speech

"Lymph Volume and Composition Following Traumatic Shock," a presentation of research work now in progress at SJS, will be delivered by Dr. Marvin Shrewsbury, associate professor of physiology, today in San Francisco.

Dr. Shrewsbury will speak at the Olympic club, site of the second annual research dinner of the California Heart Assn. The dinner honors the bay area Heart Assn. cardiovascular investigators.

"Lymph" refers to a body fluid consisting chiefly of blood plasma. "Traumatic Shock" refers to a condition or collision shock, present when one has been wounded or otherwise injured or when the flow of body fluids is stopped.

According to Dr. Shrewsbury, his work has been supported by a grant from the Santa Clara county Heart Assn., and has been conducted in the SJS Biology department for two years.

## Sixth St. Closure Refused

## 'Legal Barrier' Temporarily Delays Start on 2000-Car Parking Garage

By JIM JANSSEN  
Construction of San Jose State's 2000-car parking garage ran into a legal barrier Monday night when the city council refused immediate action on closing Sixth st. in order to begin building the multi-story structure.

SJS Executive Dean C. Grant Burton informed the council that the state awarded the construction bid to E. A. Hathaway and co. of San Jose but ran into the problem of closing the street when applying for a building permit.

The construction firm was awarded a low bid of \$2,175,084 last month.

**SITE ON SAN SALVADOR**  
The structure will be located on the north side of San Salvador

st., extending from Seventh st. to a point midway between Fifth and Sixth sts.

Monday night, Dean Burton made a formal appeal to the council requesting the closing of Sixth st. between San Salvador and San Carlos sts. so that construction could begin.

City Attorney Ferdinand Palla informed the council it could not take immediate action on Dean Burton's request because of state law which requires a public hearing before the street can be closed.

**SEES NO REASON**  
Michael H. Antonacci, director of planning, told the council as long as the state controls both fronts of the street, he sees no reason for not closing it.

Mayor Paul Moore said the council wants to cooperate with the state despite the legal problem.

After a 10-minute discussion, the problem was referred to the city attorney.

After the council meeting, Attorney Palla said he will draw up a resolution this week setting a time for a public hearing and will check to seek a legal way to close the street sooner.

**LAW REQUIRES HEARING**  
The state law, according to Attorney Palla, also requires a resolution declaring the council's intention of closing the street and the council's giving notice of a public hearing.

He said he doesn't know how long it would be before the council can take action.

"There is no right-of-access problem in this case since the state owns the land," he said, adding, "legal action required by state law is just a procedure."

The five-story garage will cover 627,000 square feet of land and will include special stalls for sports cars and two-wheeled vehicles.

SJS has had no on-campus parking for students since the parking lots on Ninth st. were replaced by the Art and Industrial Arts buildings.

## Audubon Tour Film Scheduled Tonight

Treasures of the "Old World" not to be found in museums, cathedrals and palaces will be seen in a movie presented by the Santa Clara Valley Audubon society tonight at 8 in the Morris Dailey auditorium.

A color film, produced by Dr. Roger Torey Peterson, a noted author, artist, scientist, photographer and lecturer, will show such off-beat scenes of Europe as griffon vultures soaring around ancient citadels in Spain and the colorful bee-eaters, a European bird, in graceful flight.

Dr. Peterson, a well-known naturalist, has written a number of best sellers on wildlife in Europe and America. His bird paintings

are widely known and he has illustrated bird books.

According to Dr. Arnold G. Applegate, professor of science education, response to the Audubon Screen Tours has been gratifying.

Admission to the movie and lecture is 50 cents for students and 90 cents general admission.

Registration permit applications for the 1961 summer sessions may be obtained today in the summer

sessions office, Adm144, according to Dean Joe H. West.

The registration permit indicates the hour at which a student may register on Monday, June 26, for either the six or 10 week sessions. "The earlier the application is filed, the earlier the hour that is assigned for registration," Dean West said.

While it is possible to register on June 26 without having applied for a permit, the dean urges students to apply for the permit in order to avoid crowding in the afternoon hours when students without permits are allowed to register.

**APPLICATION FORM**  
The application form for a registration permit also has space for the student to indicate the classes he plans to take. While not binding on either the student or the college, the applications are tabulated before registration day to enable the college to schedule adjustments, if necessary, the dean added.

The six-week session opens on June 26 and continues until Aug. 4. Registration for the four-week session will be held on Aug. 4. The session ends on Sept. 1.

**STAFF MEMBERS**  
According to Dean West, a number of important visiting staff members will be at SJS for the summer sessions, although most classes will be taught by regular session faculty.

"Summer is a good time for students to take courses to shorten the time required for graduation, to work off academic deficiencies or to schedule courses not readily available in the regular session," Dean West concluded.

## State Professors Nix Teacher Activities Bill

The general council of the Association of California State College Professors unanimously adopted a resolution last week opposing a bill that would restrict the political activities of high school and college teachers.

Two SJS professors, Willard J. Saunders, associate professor of business and Ed C. Glover, professor of engineering, attended the council meeting held at Long Beach. Professor Saunders is president of the SJS chapter and Professor Glover is treasurer of the state organization.

In Sacramento yesterday, assemblyman Louis Francis (R-San Mateo), author of the bill, was condemned by a fellow assemblyman for his charges of subversive activity in state colleges.

## WOULD INTIMIDATE

The bill would "intimidate and harass both students and teachers and thereby undermine the educational process," the ASCP resolution said.

Such legislation, the resolution continued, would "interfere with the effective training of students for responsible citizenship which involves the necessity for free and independent political choices and decisions."

"We further resent the assumption of disloyalty on the part of the academic profession inherent in such punitive legislation," the resolution concluded.

## CAN'T PARTICIPATE

The third section of the bill is the part the ASCSP objected to, said professor Glover. The section says no teacher in either high school, junior college, state college or university shall have the right to participate in partisan political activity on or off campus.

Additionally, professor Glover said, no instructor is able to advocate any political proposal on or off campus or oppose any political candidate or proposal.

Francis, who recently charged that Humboldt county was the most subversive county in the state "especially in the schools," was condemned in a letter read yesterday into the assembly journal by unanimous consent of the legislators.

Francis also charged that there is intense Communist activity at Humboldt state, UCLA, Long Beach state, University of California and San Francisco state as well as at SJS. He also claimed that Gov. Edmund G. Brown is

"ignorant and unconcerned about the atheistic Communist conspiracy."

**'BLACK SHADOW'**  
The letter, from Assemblyman Frank P. Belotti (R-Eureka), charged that Francis has "cast a black shadow upon the entire faculty, student body and alumni of Humboldt state college."

Belotti demanded a public retraction. "Since your charges are directed against the loyalty and patriotism of Humboldt state college and the schools of Humboldt county."

Francis said his evidence against Humboldt county came from an anonymous letter.

## 'ONLY EVIDENCE?'

Francis was asked by assemblyman Jerome Waldie (R-Antioch) if the letter was his only evidence.

The assemblyman said he has "substantial evidence that has accumulated over a long period of time," but he can't disclose it because that would be "playing into the hands of Communists."

Another assemblyman, William Minell (D-Montebello), charged that Francis hasn't come forth with one scintilla of evidence of widespread communism in Humboldt or any other state college.

"I think you owe an apology to Mr. Belotti and myself and the people of the United States and California. You are grandstanding and looking for headlines."

## No Rooted Communism In Colleges

SAN FRANCISCO (UPI)—There is no evidence of deep-rooted communism in Bay Area colleges and universities, but there are students on the borderline, according to local FBI chief Richard Auerbach.

He told a meeting of the San Francisco Bond club Monday that "those on the fringe we must be careful of," but cautioned against mistaking liberalism and outspoken political zeal among students, as communism.

"The students are generally a firm bunch," he said.

Auerbach declined to evaluate the film "Operation Abolition," a documentary of student demonstrations at House Committee on Un-American Activities hearings in San Francisco last May.

"Whether it tells the story of the committee or the students, depends on a variety of conflicting ideas," he said.

## Lapp Experiences Subject of Talk

Mrs. Virginia Raymond Davidson, the only American ever to make the journey with the Lapps as they make their annual migration to the ice-bound highlands of Finnmark, told an audience last night in TH55 of the hardships and simple joys that the simple nomadic people experience every day.

Mrs. Davidson, dressed in the brightly-colored native costume of the Lapps—or Samisk, as they are more correctly called—said the tiny, sturdy people "are in a state of flux. They now want modern houses, automobiles and modern conveniences. But, they have to learn habits of punctuality after centuries of freedom."

Mrs. Davidson said that until recently the Lapps figured time and distance in terms of coffee cups. "If they wanted to judge how long a journey would last, they'd compute it in terms of how many coffee breaks it took." She said the Lapps are inveterate coffee-drinkers.

Mrs. Davidson said that, contrary to popular belief, the Lapps have a lively curiosity of the outside world. "Their idea of the ideal land to live in, where everything is warm and beautiful, is Hawaii," she said.

## Gams Contest Ends Friday Afternoon

The deadline for casting your money as a vote in the freshman class sponsored Gorgeous Gams contest is Friday at 4 p.m., said freshman class secretary Lana Lawson.

Pictures of contestants are posted at each balloting booth, and the winner will be declared on the basis of how much money has been contributed under his picture.

### LITTLE MAN ON CAMPUS

"THIS CONVERTIBLE MIDLAND TECH. OFFERED YOU, TOO— WAS IT FULLY EQUIPPED?"

### Research Group Here Tomorrow

Representatives from the Coro foundation of San Francisco and Los Angeles, a non-profit public trust engaged in research and education in public affairs, will be on campus Thursday to interview graduating seniors and graduate students for an internship program.

Interested students may sign up for an interview in the Placement office.

Eleven SJS graduates have entered the Coro Internship program in the past. A nine-month training period involves working with political parties, government agencies, business firms, labor unions and civic organizations.

### March Melodies Scheduled Friday

"Nature and the Four Seasons," selected as the theme for March Melodies, will be staged Friday at 8 p.m. in Morris Dailey auditorium. The AWS sponsors this annual singing contest.

Seven women living centers have entered the competition. These are Kappa Alpha Theta, Alpha Phi, Kappa Kappa Gamma, Delta Gamma, Hoover hall, Clare-Ellen living center and Alpha Chi Omega.

Each group will perform for eight minutes. Bonnie Corbin, co-chairman of March Melodies, explained. A nature theme has been selected by the participating groups.

## Spartan Society

### Alpha Tau Omega

Bob Young, president, was given the Lichtenhan-Orland award for the outstanding brother contributing to the fraternity. New members are: Dallas

Hall, Dominic Ascani, Clay Bowers, Sonny Davis, Dave Edrington, Dick Hyde, Roger Menard, Pete Motta, Lance Walden, Don Waller, Ken Taylor, Reed Jones, Bud Postil and Larry Armstrong who received the outstanding pledge award. The new members took formal vows in the SJS Memorial Chapel.

### SJS Glee Club Sets Ski Show At Olympics Site

Answering students' question "Why Study?" will be the Associated glee clubs when "So This is Skiing?" is presented to Olympic Village guests Saturday, 8:15 p.m. and Sunday, 3 p.m.

The show, portraying the lighter side of college in song and dancing, is directed by Dr. Gus Lease, associate professor of music. It is the same show, "So This is College?," which was performed here Jan. 19 and 20. "Ski costumes will be substituted for some of the previous attire," Dr. Lease said.

### JAZZ DANCE

Songs and dance numbers in the three-scene spoof on what college students do when not studying will include a modern jazz dance to "Lady Be Good" with Geri Vestal, Pat Carpio, Marjorie Brown and Janet Clifton; "Full Moon and Empty Arms," a solo by J. D. Nichols; "Falling in Love," a dance duet by Miss Vestal and Jerry Howell.

The men's quartet, featuring David Lindstrom, Nichols, Robert Cunningham and John MacIntyre, will present "Quartet from Rigoletto." "Mamma Chu," arranged by Thompson; "September Song," arranged by Hunter; and "Winter Song," with solo by Ken Hunter, also will be featured.

### CAN CAN

Can Can dancing will be performed by Miss Clifton, Miss Brown, Ione Cheesebrough, Diane Flores and Lorraine Crider. Lindstrom will be the soloist in "Ride Cossock Ride," and Keith Murray will do the interpretive dancing.

"Hey Daddy!" with special dance by Miss Brown, and "Drinking Song" and other selections from Sigmund Romberg's "Student Prince" also will be presented.

### STUDENT CREW

Lighting and sound for the show is by Cunningham and Gordon Thorlackson; scenery by Hunter and Howell; costumes and make-up by Miss Clifton; choreography by Miss Clifton, Miss Vestal and Miss Carpio; with special musical arrangements by Frank Erickson, associate professor of music.

The performance is open to the public Saturday. Sunday is a private showing for a group of Bay area executives.

The glee clubs also will present "So This is Skiing," to Olympic Village audiences five nights during Easter vacation.

### Do Anti-Communists Attend Cell Meetings?

EDITOR—Like Assemblyman Francis, I also am deeply concerned about "alien philosophies" on this campus.

I, too, have received evidence of "intense activity" at SJS and other California colleges. But my information comes not from "a couple of professors and one student leader" on campus, nor from an anonymous letter or telephone calls. My information comes from good Republican sources, namely the Los Angeles Times and Time magazine.

This "alien philosophy" employs a monolithic structure, is organized into local units called "cells," denies freedom of dissent, and would destroy our civil liberties, given the chance.

I am not speaking about the Communist party, nor a group of fellow-travelers or dupes, as might be imagined. This organization waves its staunchly anti-Communist flag long and hard.

The organization which worries me, Assemblyman Francis, is the John Birch society, which

claims to be American, but is, in reality, more dangerous than the decrepit organization it fights.

Come to this campus, Mr. Francis, and I am sure that you will find members of this chauvinistic group. Indeed, it would not be surprising to find that your informants, at least the well-publicized "student leader" to be card-carrying members of the John Birch society.

M. Fred Karlson  
ASB 11475

### Student Can't Cash Checks Near Campus

EDITOR—You can starve to death with a check in your hand, at least if you depend on certain eating establishments which "serve" students.

This Sunday I made the rounds of those sandwich shops, etc., which border our campus. Only two were open, and each of these refused to accept my check. Since I had no cash, I resigned myself to the prospect of not eating that day—a good exercise in asceticism, perhaps, but not too pleasant.

Most SJS students, like most consumers, get their income in the form of checks rather than cash. Consequently local merchants who refuse to cash checks are imposing a hardship on ASB members. The Student Council should take some action to en-

courage local merchants, especially those who make most of their profits from student trade, to honor the checks of ASB members.

Or at least the Council should try to do so. There is always the possibility that the Chamber of Commerce members would force the administration to intervene and protect the vested interests of local merchants, as they did in the 1947 Penney's strike and the 1960 picketing of Kress' and Woolworth's.

**SAVINGS ANNOUNCED**

**NEW AUTO INSURANCE**

Savings up to \$120 on automobile insurance are now common for married men under 25 years of age with the California Casualty Indemnity Exchange.

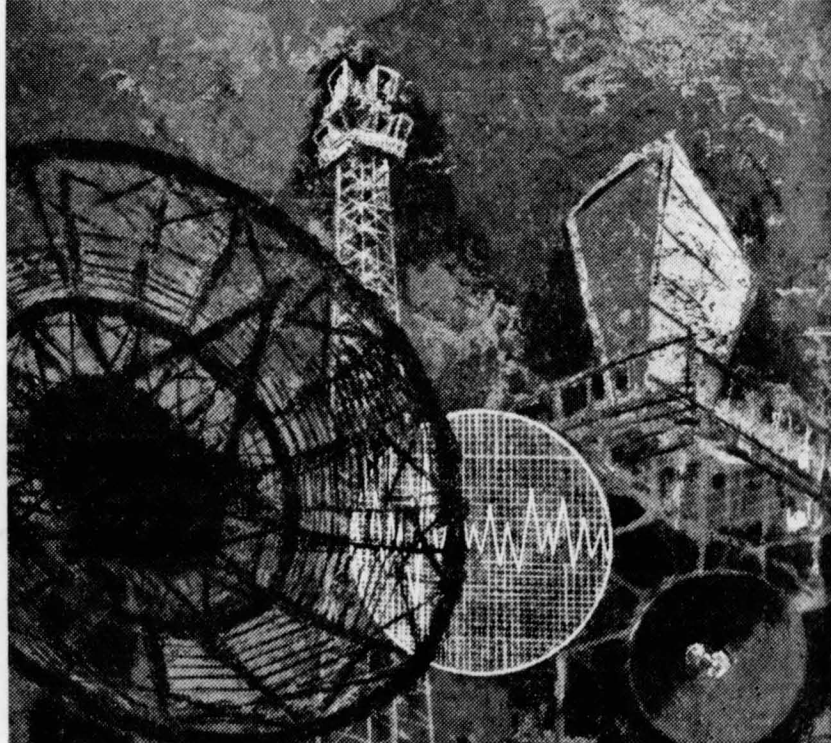

"Married men in this age bracket are generally paying excessive premiums for the degree of risk involved," says George M. Campbell, Spartan Representative for the Exchange.

"We believe that a married man with family responsibilities is a more careful driver, and causes fewer accidents," said Campbell. "Therefore, he is entitled to rates for mature drivers."

For example: A married man, age 22 with Bodily Injury Liability \$10/20,000, Property Damage \$5,000 and Medical \$500 pays about \$157 a year with most insurance companies. With California Casualty he would pay about \$80 less \$16 dividend, or a net of \$64 (based on current 20 per cent dividend). Thus he saves about \$93 with the Exchange. (Other coverages with comparable savings).

Campbell declared that even unmarried men and women with good driving records may save over 20 per cent.

Call or write for full information to George M. Campbell, 566 Maple Ave., Sunnyvale, REgent 9-1741 (day & nite).

### Is your future up in the air?

As the communications needs of our nation become steadily greater and more complex, the Bell Telephone System is continuing its pioneer work in microwave by "taking to the air" more and more to get the word across.

To this end, Western Electric—the manufacturing arm of the Bell System—has the monumental task of producing a large part of the microwave transmission equipment that knits our country together by shrinking thousands of miles into mere seconds.

In spite of its great technological strides, the science of radio relay is a rapidly-changing one. And new break-throughs and advances are common occurrences. A case in point: our Bell System "TH" Microwave Radio Relay. This newest development in long-distance telephone transmission will eventually triple the present message-carrying capacity of existing long-haul radio relay installations. A full-scale system of 6 working and 2 protection channels can handle 11,000 telephone messages at the same time.

To make microwave work takes a host of special equipment and components: relay towers, antennae, waveguides, traveling wave-tubes, transistors, etc. But just as important,

it takes top-caliber people to help us broaden our horizons into such exciting new areas as communication by satellites!

And microwave is only part of Western Electric's opportunity story. We have—right now—hundreds of challenging and rewarding positions in virtually all areas of telephony, as well as in development and building of defense communications and missile guidance systems for the Government.

So, if your future is "up in the air," you owe it to your career to see "what's up" for you at Western Electric.

Opportunities exist for electrical, mechanical, industrial, civil and chemical engineers, as well as physical science, liberal arts, and business majors. For more information, get your copy of "Western Electric and Your Career" from your Placement Officer. Or write College Relations, Room 6106, Western Electric Company, 195 Broadway, New York 7, N. Y. And be sure to arrange for a Western Electric interview when the Bell System recruiting team visits your campus.

Principal manufacturing locations at Chicago, Ill.; Kearny, N. J.; Baltimore, Md.; Indianapolis, Ind.; Allentown and Laurelville, Pa.; Winston-Salem, N. C.; Buffalo, N. Y.; North Andover, Mass.; Omaha, Neb.; Kansas City, Mo.; Columbus, Ohio; Oklahoma City, Okla.; Engineering Research Center, Princeton, N. J.; Teletype Corporation, Skokie, Ill.; and Little Rock, Ark. Also Western Electric distribution centers in 33 cities and installation headquarters in 16 cities. General headquarters: 195 Broadway, New York 7, N. Y.

# Swimmers Meet Gators At San Francisco Pool

San Jose State's best-ever swimming team returns to action tomorrow with a meet against San Francisco State in the Gators' pool at 4 p.m. Coach Tom O'Neill kept his powerhouse well concealed, but the record of the Spartans is sufficient evidence of their strength. School records have been broken with rapidity by the seniorless swimmers. And among the squad's accomplishments have been the first wins in SJS history over California and Stanford.

A seldom beaten five man corps has bolstered the Spartan attack in their six straight dual meet victories. Besides the above mentioned decisions, State has posted wins over UCLA, Oregon, Oregon state and Fresno state. The closest of the six was the Stanford meet, won by the locals, 56-38.

The Fresno state encounter, the last outing for San Jose, was so lopsided that coach O'Neill used the team manager in the freestyle relay. The result was the only race lost by SJS all day. Juniors Ross Berry and Don Beukers have established themselves as top-flight performers. Berry has been swimming 760 yards per meet (220, 440 freestyle and a 100-yard leg of the freestyle relay) and has yet to lose an individual race.

Beukers has dropped only one blue ribbon while touching the edge first eleven times. Diver Jim Johnson is undefeated since transferring from Bakersfield college. Other consistent winners have been Pete Wolfe and Bob Wegman.

# Tennis Team Tops Broncos For Win No. 4

The SJS tennis squad yesterday improved its 1961 record with a 7-2 victory over Santa Clara at the Spartans courts. The win gives the Spartans a 4-1 record for this season.

Undeclared SJS sophomore Gordie Stroud, switched to the number one spot for the Bronco encounter, responded with a 6-1, 6-3 victory over Bob Campbell.

Bill Schaefer bested Santa Clara's Larry Gill in the second match, 6-2, 6-0. Lee Junta captured a third individual win for San Jose by downing Bill Regan of the Broncos, 6-4, 6-0.

Stilson Judah blanked Steve Devin, 6-0, 6-0, and Al Harris topped Ken Walsh, 6-4, 6-4, for the other Spartan singles wins. Judah played in the number four slot while Harris won his second straight match as the sixth man.

# Burton, Omagbemi

# Injuries Jinx Sprinters

The power of Bud Winter's San Jose State track team has been decimated in the early weeks of the season, injury being the principal cause.

The still potent Spartans will probably be without the services of Nigerian sprinter Jim Omagbemi during the 1961 campaign. Omagbemi, who turned in a 9.4 100-yard dash time for the frosh last year, is suffering from a slipped disc and may forego the rigors of the indoor sport this season.

Winter still has an ample supply of speed merchants on hand, but Omagbemi will surely be missed. His absence will be especially conspicuous in the 440 and 880 relays, where a fourth man is needed if the Spartans are to challenge the existing records.

Mac Burton is another SJS athlete who is not up to par physically. Burton aggravated an old back injury during football season and will definitely not do

# FOREMOST-GOLDEN STATE Athlete of the Week

## Dennis Johnson

Dennis Johnson, 21 year old junior, from Kingston, Jamaica, exceeded all expectations last weekend as he flashed to a world record tying 9.3 100 yard dash and led the Spartan spikers to victory at the second annual Stanford relays. It was an all-time best effort for Johnson and he has a long season ahead to improve upon it.

**MAJOR LEAGUE PREVIEW**

By **TODD PHIPERS**  
With a squad of players that the New York Yankees would ship off to the minors, Harry "Cookie" Lavagetto pulled the Washington Senators (now the Minnesota Twins) from the American league basement to fifth place last season.

Even with their plush mid-west surroundings, it will take another season of Lavagetto magic to keep the Twins in the number five spot this year. A quick glance at the Minnesota roster is evidence of the team's less than awesome power.

Earl Batey, a catcher that joined the club last year after shadowing Sherm Lollar in Chicago, is one of the few bright spots for Minnesota rooters. The big backstop hit .270 in 1960 with 15 home runs.

Harmon Killebrew, the only player whose autograph David Eisenhower wanted, slipped from his 1959 record in his second full-duty season. The "killer" finally got going late in the year and finished with 31 round trippers.

Harmon switched to first base for the Senators and will probably be joined by the same infielders who performed in Washington. Billy Gardner, Reno Bertoia and Jose Valdivielso are the returnees. Ever hear of any of them?

Lumbering Jim Lemon, one of the league's best at striking out, unwound his 6-foot 5-inch frame often enough to sock out 38 home runs for the team last season. Lenny Green again will be pa-

**Rain Out**  
The baseball game scheduled and rained out between the Spartans and Santa Clara has been rescheduled for tomorrow night at Washington Park at 7.

"cookie" Lavagetto  
trolling the centerfield section. The Senator leader with a .294 batting average in 1960, Lennie is one of the few bright spots for manager Lavagetto. The third member of the outfield will probably be Bob Allison.

On the pitching staff, Lavagetto has Camilo Pasqual, whose case seems similar to Robin Roberts (i.e., good man, bad team). To support the Spanish right-hander, the Twins can offer only tired wings like Chuck Stobbs, Pedro Ramos and Paul Giel, plus youngsters such as Ralph Lumenti and Don Lee.

**Proctor's FOR Beautiful BRIDES**

**Gorgeous DIAMOND ENSEMBLES**

FROM \$200  
Including Federal Tax

Made-for-each-other engagement ring and wedding ring in exquisite ensembles. Every woman has longed for a superbly impressive diamond ring! You will find it in Proctor's large selection. Or our experts will gladly design one to embody your own individual ideas.

Here at Proctor's you can purchase with utmost confidence, not only in unquestioned integrity but, as well, in our long experience. Our diamond sales staff averages twenty years in this field!

# Education Research Bulletin Favors Professor's J.C. Book

By JOANNE WILLIAMS  
 "The Community Junior College," a recently published book by Dr. James W. Thornton Jr., professor of education, has been described in a recent issue of the Educational Research Bulletin as "the most comprehensive treatment of the junior college in 30 years."  
 In the Feb. 8 issue, Dr. Dan H. Eikenberry, authority on higher education and retired professor of Ohio state university, recommends the book "to all teachers, school administrators and lay persons who wish to become acquainted with the junior college."  
 Dr. Thornton defined the community junior college as "a free

public two-year educational institution which attempts to meet the post-high-school educational needs of its local community."

### JC PURPOSES

The purposes of the community junior college, according to Dr. Thornton are:  
 1. To make higher education available to qualified students of all ages, social classes and varieties of ability;  
 2. To develop a sufficient variety of curriculum to meet the educational needs, at this level, of the community and of the individual students;  
 3. To provide counseling and guidance services to help students

choose appropriately from the available offerings;

4. To devote concerted attention to effective teaching, and to require the highest standards of achievement of its students.

DR. J. W. THORNTON, SR.  
 ... book "most comprehensive

### FOUR SECTIONS

The book, primarily written as a textbook, is divided into four parts, which include the background, organization, operation, and issues and opportunities of the community junior college.

Dr. Thornton holds a B.A. in educational psychology, and a Ph.D. in economics, an M.A. in education, and an M.A. in educational administration, all from Stanford university.

## Application Forms For Service Tests Now Available

Applications for the April 27 administration of the college qualification test are now available at local Selective Service System boards throughout the country, according to Dr. Harrison F. Heath, testing officer.

"This test will be given at SJS if enough applications are filed, otherwise the test will be conducted at Stanford university," Dr. Heath stated.

In a letter to Pres. John T. Wahlquist, the Selective Service examining section said that students who intend to take this test should apply immediately to the nearest Selective Service local board for an application and a bulletin of information.

The completed application should be mailed at once to Selective Service examining section, educational testing service, P.O. Box 586, Princeton, N.J. Applications for the April 27 test must be postmarked no later than midnight, April 6.

Test results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student.

## Tax Manager

Walter J. Valdi, a management head for the Internal Revenue service in San Francisco, will speak at the annual Society for the Advancement of Management dinner today at 7 p.m. at the Villa Filice in Los Gatos.

Valdi will discuss "An Internal Revenue Man's View of Federal Taxation."

## Job Interviews

Note: Interviews are held in the Placement Office, Adm234. Appointment lists are put out in advance of the interview and students are requested to sign up early.—Ed.

### THURSDAY

Arthur Young & co. will be interviewing accounting and business administration majors.

Lawrence Radiation lab will conduct interviews for students with majors in chemistry, math, physics, chemical engineering, metallurgical engineering, mechanical engineering and electrical engineering.

California Packing corp. will interview business or liberal arts majors for positions in accounting, finance, management and marketing.

Coro Foundation will interview students with any major.

Tehachapi (Kern county) Unified schools will interview teaching majors interested in primary and intermediate schools, library, business education, industrial arts, English, social studies, Spanish, German, math, social studies-English, and music for grades four through 12. Interviewer will be here from 3 to 5 p.m.

## Dorm Rooms To Be Rented During Summer

There will be rooms for rent in the dorms this summer.

Robert Baron, housing coordinator, has announced the six residence halls will be operated during the college summer sessions.

Baron said students desiring a room during the summer sessions should file applications after April 1.

Costs are \$57 for a single room, during the six-week session and \$45 for a double room during the same period. Single rooms during the four-week session will be \$30. No board is included although the cafeteria will be open from 6:45 a.m. to 7 p.m. during the summer session.

## Schools Personnel On Campus Saturday

Representatives from six elementary school districts will be on campus Saturday, the placement office has announced.

Mrs. Dale B. Harris, educational placement supervisor, reported that school districts from Kern, Sacramento, Stanislaus, Santa Clara, Orange and Marin counties will be here to talk with prospective elementary teachers who are interested in learning of their schools and communities.
