SAN JOSE STATE COLLEGE

College, City Consider Joint Arena-Auditorium

Studies are now being conducted to determine the feasibility of constructing a sports arena-auditorium, seating as many as 12,000, that would be shared by the city of San Jose and SJS.

Pres. John T. Wahlquist said yesterday that he met with City Manager A. P. Hamann last week to discuss the possibilities of such a building.

According to President Wahlquist, the college at the time was thinking mainly in terms of an auditorium.

He said, however, that the city had indicated it would desire a multiple-use sports arena and convention hall with ample display and exhibit areas.

POSSIBLE SITE

President Wahlquist added that the general area of Fourth and San Antonio streets across from the Science Building had been discussed as a possible site for the arena.

But the parking problems that would arise with a building having a seating capacity that may run as high as 12,000 have just about ruled out that area as a possible site, President Wahlquist said.

Yesterday afternoon Hamann told Spartan Daily that two other areas were being considered.

The two locations he mentioned were the area by Spartan Stadium and the area immediately south of the college.

8,000 - 12,000

Hamann said plans were being studied for a hall that would seat 8,000-12,000 persons and have a floor capacity of 60,000 feet.

"Because of the parking problems," Hamann said, "the downtown merchants have felt that such an arena should be built farther out from the center of town."

At the same time, he said, the proposed hall should be built close enough to the college so that it has convenient access to it.

PLANNING STAGE

Hamann stressed, however, that the idea of the joint project sponsored by the college and the city was still in the "planning and studying stages."

"We feel we're headed in the right direction, though," Hamann said.

After the studies are complete the findings and recommendations will be presented to City Council.

"If council shows no interest in the project then the whole idea will probably become a dead issue," Hamann said.

Prop. 2 Establishes City College Area

Proposition 2 on today's city election ballot establishes a separate school district for San Jose City College. The junior college has been part of the San Jose Unified School District.

The proposition does not involve a tax increase. Part of the school tax is already marked for junior college use. If the measure is approved, money will go directly to the college rather than through the unified district.

This measure is part of a statewide effort to reorganize the junior college system. Junior colleges are trying to be independent of elementary and high school districts.

According to this proposition, the San Jose Board of Education would continue to set City College policy until July when a new board would be established to run the college.

There are no plans for a bond issue to expand the college since the new junior college districts have been established in the south and west part of the county to relieve the overcrowding at City College.

Coed Swimming Test

A swimming test for coeds interested in exemption from the state swimming requirement will be given today and tomorrow at 4:50 p.m. in the Women's Gym.

Towels and suits will be supplied at the gym. Women are asked to bring their own soap and caps.

Two Dignitaries To Address April Model U.N. Session

Two United Nations dignitaries will speak at SJS' Model U.N. session April 24-27.

Addressing the first General Assembly meeting at 8 p.m. on April 24 in the Civic Auditorium will be Ambassador Jonathan B. Bingham, U. S. representative in the Economic and Social Council of the U.N.

Godfrey K. J. Amachree of Nigeria, undersecretary in charge of U.N. Civil Operations in the Congo, will address the April 25 evening session.

Both meetings will be open to the public without charge.

STEVENSON'S ADVISER

Ambassador Bingham is the principal adviser to Adlai E. Stevenson in the area of economic and social affairs at the U.N. From 1961-62 he was the U. S. representative on the Trusteeship Council and served as president in 1962.

He is a former reporter for the New York Herald Tribune, a Phi Beta Kappa law graduate from Yale University and an active member in the New York Democratic party.

He is the author of "Point 4 in Action" and "Shirtsleeve Diplomacy."

BINGHAM'S CREDITS

From 1951-53 Ambassador Bingham was deputy administrator of the Technical Cooperation Administration. Prior to that he served in the State Department as Assistant Director of the Office of International Security Affairs and Special Assistant to the Assistant Secretary of State.

Amachree is one of U.N. Secretary General U. Thant's principal advisers.

"Due to the recent developments in the Congo, I believe many people will be interested in hearing what Amachree has to say," said

Sam Obregon, MUN secretary general.

Amachree is undersecretary in charge of the U.N. civilian operation in the Congo.

Award Film Heads Tomorrow's Classic

"Los Olvidados" (The Young and the Damned) will accompany "Muscle Beach" at tomorrow's classic film series in Morris Dailey Auditorium at 3:30 and 7 p.m.

The Mexican film, dramatizing juvenile delinquency, was filmed in Mexico under the direction of Luis Bunuel. In examining the outskirts in Mexico City, Bunuel found adolescent gangs fighting each other out of fear, hate, and hunger.

Cannes' International Film Festival awarded the film the grand prize for direction.

"Muscle Beach" contrasts the Mexican film, since it is a light, satirical documentary on the exercise devotees at the famous California beach.

Admission to these two films is free to members of the student body and faculty. The series is sponsored by the Spartan Programs Committee and the Audio-Visual Service Center.

Junior Classmen Meet Today-3:30

The junior class's first meeting of the spring semester will be held this afternoon at 3:30 in TH55, reports Ron Smith, class president.

Purpose of the meeting will be to organize the final stages of the Ugly Man contest, plan the forthcoming Senior-Junior Ball and decide the steps to be taken in determining the future of junior class government.

Freshman Elections Thursday, Friday

Candidates for freshman class offices have been announced. Elections are Thursday and Friday.

Running for president are Art Simburg, Al Mason and Gilbert Holloway. Vice-presidential candidates are Dan Dahlen and Fred Best.

Bill Brunick, Sunny McCulley, and Mike Germaine are running for treasurer. Hopefuls for class secretary are Karen Hansen, Charleen Cresse, Leslie Sears, and Sandra Gee.

CONSUL GENERAL HUMBERTO D. VIGLIONE of Uruguay kisses the hand of Elsie Landis, SJS student and deputy to the Secretary General for the Model United Nations, at Stanford's International Students Club dance. Miss Landis personally invited Viglione to the Model United Nations' session in San Jose April 24-27.

Les Crane Shifts Date of Speech

Les Crane, San Francisco radio and television personality, has rescheduled his speech to Wednesday afternoon at 2:30, when he will talk to SJS Journalism and Advertising Department's news staff in the radio-television news center, J202.

Crane will discuss "Art of the Telephone Interview." He was scheduled to speak yesterday but was unable to come.

Every night Crane conducts a telephone-interview show at the hungry i in San Francisco. He also appears daily on KGO-TV.

Journalism and speech and drama majors are invited to the speech, according to Jim Dunne, assistant professor of journalism.

Vets and Orphans Must File Today

Today is the last day for veterans and war orphans attending San Jose State under Public Law 550 and 634 to turn in study list cards for the spring semester, announced the registrar's office.

They also are requested to sign form 6553 to qualify for benefits for attendance during the fall semester.

Prof To Review 'Silent Spring'

Dr. Harold DeBey, associate professor of chemistry, will discuss Rachel Carson's "Silent Spring" at this semester's first book talk tomorrow afternoon at 12:30 in rooms A and B of the cafeteria.

Dangers of using different kinds of disinfectant sprays is the book's theme. DeBey plans to bring out what the author is trying to say.

DeBey received his Ph.D. in biochemistry in 1957 at the University of Colorado. He earned his A.B. in 1947 at Colorado State College of Education and M.S. in 1951 at the University of Wisconsin.

An overflow crowd is expected by DeBey, who feels the book deals with a very controversial subject.

Anyone interested is invited, and he may bring his lunch, since this is an informal affair, according to DeBey.

Guinea, Mali Send Women Students For Special Study

Thirteen young women, 12 from Guinea and one from Mali, arrived in San Jose Sunday for a special program of study at San Jose State College in which English is to be taught as a foreign language.

The program is a cooperative effort by the countries of Mali and Guinea and the Agency for International Development of the State Department.

The students are coming to SJS after a six-month crash program in which English was rapidly taught.

The program is an effort to provide the two nations with English teachers, due to the adoption of English as the second official language. (French is first.)

The young women will enroll in a special course that will start today and continue until Aug. 30.

The students met their "host" families Sunday at the International Students' Center on Market Street.

The students are the Misses Doussouba Baro, Moussira Camara, Rosine Conde, Marie Cone, Tata Cale Diabate, Aissatou Diallo, Dienabou Diallo and Dienabou Diallo (described as a name as common as Smith in the United States).

Doussou Keita, Mariame Magassouba, Marie Montlouis and Bambe Oulare and Madame Mariam Sakho.

Madame Sakho is from Mali and the rest are from Guinea.

Club Sponsors Clothing Drive

The spring clothes drive for Agnew State Hospital, under the sponsorship of the Occupational Therapy Club, is currently in progress and will continue for most of the semester, according to Ann Warren, club publicity chairman.

Any student may donate clothes which can be laundered but do not require dry cleaning, since Agnew State Hospital has no dry cleaning facilities. A clothing box is located in HB301.

ADVISER GREETES INTERNATIONAL STUDENT

SHOWN ABOVE are Dr. Philip Persky, foreign student adviser (r) and Mrs. Mariam Sakho, (l) of Mali. Mrs. Sakho is one of 13 students that arrived Sunday. Mrs. Sakho is the only married

woman of the group that has come to San Jose State College as part of an international co-operative effort to bring English teachers to the two African republics.

'Revolutionary' Mexican Gov't. Has Problems, Growing Pains

By PHIL NEWSOM
UPI Foreign News Analyst

The steep upward climb of Mexican industry, the towering office buildings and the new hotels in Mexico City provide convincing evidence of the revolution's success.

Artists Offered Supply Discounts

New members of Alpha Gamma art fraternity will receive a 30 per cent discount on art supplies and free samples, according to Mimi Linger, secretary of the fraternity.

"A 30 per cent discount is something no art student can afford to overlook," continued Miss Linger.

The discount is furnished by Exhibitors Incorporated and Morwear Paint Distributors of San Jose.

Free samples of artists' materials will be given out at this meeting to each new member of the fraternity, held in A110 Thursday at 4:30.

"Any prospective member is invited to attend," said Miss Linger, "if they are either an art major or minor."

Membership dues are \$2.50 for the semester.

James Solomon, vice president of Exhibitors Incorporated, and Bill Elleis, of Morwear Paint, will be featured speakers at the Thursday afternoon meeting and answer questions about the discount and free art materials to be given out sporadically.

The story of Mexico's revolution actually may be divided into two parts. One that is succeeding another that, if it cannot be called a failure, certainly has not been keeping pace.

Mexico's 1917 Constitution provided specifically for land reform, but as President Adolfo Lopez Mateos enters his last two years in office, Mexico's farm front still is a picture of unrest.

In the states of Oaxaca, Chiapas and Morelos in the south, peasants have fought pitched battles with Mexican soldiers. In Chihuahua, just below Texas, squatters have attempted to move against large cattle ranches.

PEASANTS ORGANIZED
Putting pressure on the government is a new organization called Independent Peasant Central. It is Communist-supported and claims one million members.

It demands immediate expropriation of large farms and ranches.

Prominent among its supporters is former President Lazaro Cardenas, the man who expropriated U.S. and British oil interests in Mexico in 1938 and who, in more recent times, has been an outspoken friend of the Castro regime in Cuba and the Red Chinese.

He attacks U.S. "oppression"

and demands the end of foreign investments and of "foreign monopolies."

Thus he places the Lopez Mateos regime on the defensive on two fronts. On the farm front, Lopez Mateos has announced he will break up every large privately owned farm and ranch within the next two years, but he denies it is because of leftist or Cardenas pressure.

Cardenas' talk is the kind to strike fear into the hearts of American investors who have around a billion dollars invested there.

ACTION AGAINST REDS
Internally, the country is anti-Communist and the government has not hesitated to jail local Communists or to expel Communist diplomats interfering with Mexican internal affairs.

Lopez Mateos has described his government as "far left" but he himself has been moving toward center. His program fits in well with the Alliance for Progress program. He has spent increasingly huge proportions of the national budget for education.

As for Cardenas, he probably would describe himself as less pro-Communist than pro-Mexican. But he and his kind deal with fire if, for politics alone, they seek to divide the country between left and right and undermine confidence in the country's future.

Two Spartans Earn European Tour Withlike Symphony

A trip to 11 countries in Europe plus Canada is the reward Jerry Dagg and Pamela Renner, both music majors, received for their persistent practice and perfection.

Asked to tour with La Grande Symphony Orchestra of the Eisenhower People to People Concerts, the two students will visit Wales, Scotland, Ireland, England, France, Switzerland, Italy, Austria, Czechoslovakia, Yugoslavia, and Hungary.

Dagg and Miss Renner will be the only students on the tour. Other musicians are all professionals. "The chance to see other countries, meet people and to learn some tricks of music from professionals is so wonderful I can't believe it," exclaimed Miss Renner.

Dagg consolidated both of their excitement and thrill when he said, "It was an opportunity we couldn't afford to pass up!"

They will be leaving for Oregon in July for a "concentrated" week of rehearsals before heading to Canada for trial performances. Then to England and Europe.

Heading the tour will be Dr. L. Rhodes Lewis, professor of music at University of Oregon and conductor of the Portland Symphony. Dr. Lewis was conductor of the tour three years ago also.

Jerry Dagg, a senior, formerly was first bassoonist with the University of California Chamber Players and the Stanford Symphony Orchestra. He will be playing the bassoon with the tour this summer.

Having only played the bassoon for three years (in high school the clarinet was his forte) he has still performed in over 300 concerts and 30 opera performances and is now going strong in the college band and orchestra, recently soloing with the Symphonic Band in his own wind transcription of Mozart.

Pamela Renner, a freshman, is now playing with the Santa Clara Philharmonic. During high school she participated in the All-California State orchestra at Santa Barbara and at Santa Monica in the Western States Orchestra. She is on a music scholarship at SJS.

The countries they are most excited about are the three "Iron Curtain" countries. "I want to see things first hand," said Dagg.

"And I want to see the Folies in France!" piped in Miss Renner.

Injustice Done To Conservatives

I feel Wednesday's editorial by E. P. did great injustice to the conservative movement in this country. Our government has thrived on the two-party system for a long time and I think we should continue to give voters a choice on how the government should be run. In recent years the so-called "modern" Republicans have become so liberal that it is difficult to distinguish them from the Democrats. If conservative principles are once more established in the Republican party it will make for a much healthier political atmosphere.

It was an irresponsible act for the California Young Republicans College Federation to walk out on the convention. They had their chance to influence the elections but were fairly beaten by the majority. If they cannot work within the party I doubt if they will be missed.

Finally you slammed the John Birch Society as "a great threat to America" and tied it into mass paranoia, witch hunts, bogeymen and communist movements without any substantiation. It seems to me that you are using the same tactics of which you accuse the Birchers.

Bill Bechtell
ASB A2764

Keanes Are 'In' With Eye Stamps

Several of us members of the Alpha Gamma art fraternity were sitting around one day last week and we thought it would be "highly interesting" (kicks) to go and sit in on the Keane lecture given Tuesday.

So we went.

The introductions came off pretty well. Then Mr. Keane began to talk—actually he began to read. Oh, we know Mr.

Dept. Can't Extend 'Brigadoon' Run

"We're not able to extend the running dates of Brigadoon, even though we would like to, because of our semester schedule," said Miss Bernice Prisk, associate professor of drama.

Miss Prisk, explaining further, stated that it ran too late into the next show and that most drama students had made commitments for other shows.

"Rehearsals for Hedda Gabler have already begun and there would be no time to squeeze in extra productions," she ended.

Thrust and Parry

Keane is an "artist" but we're sure he could have presented his talk so that it "clobbered us in the heart" as his paintings are supposed to do.

He told us about his wife's paintings: their "superficial saneness" (whatever that means), "sadness," and "repose." He said his paintings were "based on thoughts and drives from within."

He said that their popularity is due to the fact that "the art lovers found us." Now here we beg to differ. What art lovers? The people, who pay thousands for Rembrandts or Renoirs? The people who flock to see the Mona Lisa?

We maintain that people who are mature and trained in art appreciation wouldn't look twice at a Keane painting because it is repetitious.

The only remarkable thing about their paintings are the eyes. "We are a great family for eyes—Yes, we'll bet you are—stamp No. 13, brown eyes; stamp No. 16, blue eyes, and so on.

The Keanes have become popular because they were easily acceptable here in the Bay Area, and soon they spread out. Their middle-class appeal paintings became a fad—it's "in" to admire Keane.

And so they have continued on their merry way; stamping eyes onto paintings with very little else. They never vary their

technique, their titles nor subjects. But they are making money—there is truth here and only here, not in their paintings as they maintain.

The Keanes are not people of many "faucets" (he said it, we didn't) as they maintain. They are merely "in" artists who will lose their popularity when something new comes along or when someone destroys their eye stamps.

Mimi Linger ASB No. A901

Are Campus Police Really Protectors?

Yesterday morning I saw something that did my heart good. All too often, I'm afraid, we unthinking college students stumble through life never realizing how much we are protected from the evil that surrounds us.

Oh, we might read once in a while about something bad like an abortion ring but, somehow, it seems very distant. Those things always happen to the other guy.

That's why this struck me so hard. As I walked to my first class, I saw the forces of law and order in action. I saw helpless college students being protected from others in their midst who would do harm.

I saw a campus security guard load four improperly parked bicycles into his paddy wagon.

Broncos, Dons Clash In Conference Crucial

Two major upsets highlighted last weekend's WCAC cage play and set the stage for a crucial conference tussle between University of San Francisco and University of Santa Clara tonight at 8:15 in Civic Auditorium.

Coach Pete Peletta's league-leading Dons (7-1) were stunned by San Jose State (4-5) Friday night, 49-48, while the Broncos kept their title chances glimmering by defeating University of Pa-

cific, 68-59, and SJS, 77-57.

A Santa Clara victory would catapult it into co-leadership of the league with USF and St. Mary's, which is idle tonight. The Gaels, however, return to action tomorrow night in a breather against lowly Pacific.

Coach Mike Cimino's Gaels blew a golden opportunity Saturday night when they were upset by red-hot Pepperdine down south. The Waves, led by the incomparable Bob Warlick and Harry Dinnel, have won four straight after losing their first five WCAC tilts.

Peletta will go with his usual starting lineup of: Ed Thomas and Dick Brainard, forwards; Ollie Johnson, center; and Jim Brovelli and Lloyd Moffatt, guards. Ball-handling whiz Huey Thomas and pivotman Dave Lee are top reserves.

Coach Stu Inman's Spartans are idle this week, as their next outing will be against St. Mary's Monday night in Civic Auditorium.

Soph Stars Glitter Saturday In Year's First Outdoor Meet

A promising field of San Jose State sophomores and former Spartan thinclads provided the majority of top times, heights and distances at Saturday's dual meet between SJS and the Santa Clara Valley Youth Village at Spartan Field.

No points were recorded in the conditioning meet. The SJS frosh team won all but one event in turning back City College of San Mateo, to add to Northern California's first outdoor dual contest of the year.

Of the nine running events in the varsity meet, seven of them were won by San Jose State sophomores. All total, the Spartans were victorious 13 times in 19 tries.

Dwight Middleton, a sophomore, recorded the top individual time, a 20.8 in the 220-yard dash. Middleton also brought home the bacon in the 440 with a 48.1.

A superlative unit showing came in the 880 where three sophomores,

Mike Gibeau (1:51.6), Larry Le-Fall (1:52.2) and Jim Groothoff (1:53.6), achieved what freshman coach Dean Miller called "fantastic times."

New field records were recorded by Pete Danna, competing unattached, in the hop, step and jump at 51-2 1/4; Bob Baughman, another SJS sophomore, in the new 330 intermediate hurdles at 39.2 and former Spartan Jeff Chase with a 15-6 effort in the pole vault. Chase, who only started vaulting when the bar reached 14-6, cleared 15-6 on his second effort. The bar was elevated to 16-0 1/4, but the slender Chase missed on all three attempts with his fiberglass pole.

Lester Bond added to the sophomore list of attractions with a 25-0 1/2 leap in the broad jump. Walt Roberts soared 24-7 1/2, which now gives the Spartans two potential NCAA jumpers.

Roberts bounded 49-3 in the hop, step and jump in another good mark by the versatile athlete.

Ben Tucker won the mile in 4:09.3 and Danny Murphy the two-mile in 9:17.1. Both runners were never pushed.

Jeff Fishback opened the meet with a 9:02.1 in the steeplechase and Lloyd Murad hit a 9.7 century and ran the first leg on the winning 440-yard relay team of Tom Webb, Bart Fenolio and Jimmy Omagbeni.

Rich Fambirini, Don Gayer, Le-Fall and Middleton combined to win the mile relay in 3:19.2.

Bob Lovejoy was second in the high jump at 6-4 1/4.

Ed Moody led the Spartan freshmen, with winning sprint times of 9.7 and 21.1. John Garrison was timed in 1:54.2 in the 880 and Joe Neff won the mile in 4:18.7.

John Lotz Loses S.F. Link Battle

John Lotz, high-ranked SJS golfer, experienced a troublesome back nine to drop a 2-and-1 decision to George Archer in the quarter-final round of the San Francisco City Championship Saturday at Harding Park.

The 6-6 Archer won the nip-and-tuck clash as Lotz bogied the 13th hole to place Archer two strokes up. Lotz lost another stroke but made up a hole on the 16th. Archer then took the 17th to settle the match.

Acrobats Victorious; Chew High Scorer

The San Jose State gymnastics team came to perform Saturday and easily picked up season victories No. two and three against Chico State and Cal Poly in the Men's Gym.

Clair Jennett watched his Spartans pile up lopsided victory margins in dual meet scoring. SJS bombed Cal Poly 90-38 and were almost as equally mean to Chico, 80 1/2-47 1/2.

Many SJS acrobats achieved their high point totals of the season. The top all-around man once

again was Rich Chew with 24 points. In the Cal Poly meet, each Spartan who scored averaged a first place (six points).

Cal Poly found the Spartans very obstinate. SJS won eight first places in a total of eight events, Jim Ellinger and Chew each had two wins.

Jennett remarked that Saturday's showing was the best this season by the Spartans—individually or as a team.

"The team is improving in total points now because all-around men are reaching their efficiency in more events," Jennett pointed out. "Where Chew was only strong in two of his six events in early season, he is now performing well in four of the six."

Ellinger followed Chew in the scoring with 10 points against Chico State and 12 against Cal Poly. Ellinger, Art Andrews and Jim Glussi are the only Spartans besides Chew to have marked up double figures in dual battles. Glussi had a pair of nines Saturday.

Other first place victors for San Jose State were Charles Allen, Mike Lucero, Dan Landers and Jon Sapunar. Each of these aerialists equalled or surpassed his best efforts this winter.

The Spartans return to action Friday night against San Francisco State in the Men's Gym at 7:30 p.m. This is a return match for the two schools, the Gators having won a close one 66-62, in San Francisco, Feb. 5.

Diamondmen Open Against California

The Spartan baseball team, 24-17 last year and 11-1 in West Coast Athletic Conference competition, begins its 1963 season tomorrow afternoon when it travels to Berkeley for a 3 o'clock contest with the University of California Bears.

Last season, San Jose State recorded two victories in three meetings with the diamond nine from Berkeley.

Cal holds one victory in this early season. The Bears topped USF, the team Spartan Coach Ed Sobezak feels will give his squad the toughest fight for the WCAC crown.

According to Sobezak, the SJS team is far ahead of last year's squad going into their first game.

Football Meeting

Members of the football team are required to attend a meeting in the South Campus Lecture Room at 4 this afternoon, according to head coach Bob Titchenal. All players must take physical exams this week.

Library Grants Ready for Majors

Interested in becoming a librarian?

If so, you may qualify for one of the four \$250 fellowships or \$200 scholarship available at the Department of Librarianship.

Graduates enrolling for fall, 1963 semester are eligible for the fellowships, which are sponsored by California Congress of Parents and Teachers. The scholarship is set up in memory of Willifred McIntyre Samuels and Lucille Clark Samuels, both former SJS graduates.

Complete information and needed forms may be secured in Adm-269. Applications for the fall semester must be made by April 15.

Rafferty Tickets

Tickets to hear State Superintendent of Public Instruction Max Rafferty speak at the San Jose Teachers' Association dinner may be reserved by calling 292-5533 between 1 and 5 p.m.

The dinner will be at Mariani's, 2500 El Camino Real, Santa Clara, tomorrow night at 6:30. Tickets cost \$4.00. The dinner is open to the public.

Christian Courses Commence Today

Courses in Christian thought and the New Testament will be offered by the United Campus Christian Fellowship beginning today in the Fellowship Center, 300 S. 10th St.

The Rev. Don Emmel, Presbyterian campus minister, will teach "Introduction to the New Testament" every Monday at 3:30 p.m.

This course will explore the formation of early Christian literature, Hebrew and Greek culture, and the nature of primitive Christianity.

The Rev. Mark Rutledge, Congregational campus minister, will teach "Introduction to Christian Thought," every Thursday at 3:30 p.m.

The class will attempt to explain the nature of faith and distinguish it from belief. It will discuss the relationship of faith to religion in general and particularly Christianity.

Both classes will last 10 weeks. There is no fee. Students of all faiths are invited.

Prof To Advise Ed. 104 Enrollees

All elementary education majors who expect to enroll in ED104, Elementary School Curriculum and Observation, or ED105, Early Childhood Education, during fall 1963 or spring 1964 must report to Dr. Clay S. Andrews, associate professor of education, in ED333, it was announced recently.

Times to report to Dr. Andrews are Thursday, March 7, from 9 a.m. to 12 noon, or on Friday, March 8 from 1 p.m. to 3 p.m.

Sandy Wolfe Elected To Council Position

New Inter-Class Council representative elected at yesterday's sophomore class meeting is Sandy Wolfe. Madi Ehrlich is the new sophomore class treasurer.

In addition to election of the two officers, three committee chairmen volunteered. Linda Barley is the Sophomore Doll Contest chairman. Joe College-Betty Coed contest chairman is Jeff Allen.

Sandy Lowe volunteered for the Fresh-Soph mixer chairmanship. Appointment of committee members for the Joe College-Betty Coed contest and the Fresh-Soph mixer was tabled until the class meeting next Monday at 3:30 in CH238 with the hopes that more sophomores would attend the meeting.

Entomology Club To Install Pres.

Bill Knabke will be installed as president at today's meeting of the Entomology Club in S237 at 1:30 p.m.

The senior entomology major ran unopposed in last week's balloting for spring officers. Serving with him this semester will be Jon Snell, vice president; Ginny Vessel, secretary; and Mike Stimmann, treasurer.

Plans for the "spring overnight," slated for a weekend in May, will be discussed at today's meeting. "The overnight is an annual event where members camp out to gather specimens for their collections," according to Pres. Terry Erwin.

The Entomology Club is "the oldest club on campus," Erwin stated, "which was founded in 1937."

Women's Week Position Available

Interviews for the position of chairman of Women's Week will be held today from 4 to 5 p.m. in the Associated Women Students Lounge at the College Union.

Women's Week is designed to honor San Jose State coeds, and in particular the 50 outstanding women on campus, who are selected by the AWS cabinet on the basis of their contribution to the college.

All interested women may pick up applications in the College Union or Adm242. Those seeking the position must be in clear standing at SJS, have completed at least one semester here, and be available for AWS meetings every Tuesday at 3:30.

The chairman will be in charge of all Women's Week events. Any further questions will be answered by Sue Curia, AWS president. She may be reached at 295-6614.

When directions call for scalding milk, rub the bottom of the pan with butter. The butter will prevent the milk from sticking.

Big Auto Insurance Savings Announced Women and married men over 21: 5% less \$12 dividend, or a net of \$46 (based on current 16 per cent dividend). Single men under 25: 5% less \$40 dividend, or a net of \$12.
