SAN JOSE, CALIFORNIA, MONDAY, OCTOBER 12, 1964

No. 14

Political Groups

Dean Benz Clarifies College Position

Dean of Students, Stanley Benz, said Friday that he could foresee no change in the administrative policy toward political groups at SJS. "We only ask that all campus groups register their organized activities with us so that there will be no conflict in dates and times," he stated.

In light of the growing controversy regarding the rights of political groups on state college campuses, Kim Maxwell, chairman of the Student Peace Union (SPU), told Spartan Daily about a recent attempt he made to register for a SPU picket demonstration.

"When I tried to register at the administration office," he remarked, "nobody there seemed to know what we were supposed to do in order to register." He said he finally got someone to sign a request form but it later turned out to be invalid.

Last Wednesday a group of SPU members were told they were in violation of rules when they opened a booth in front of the Spartan

cafeteria. Maxwell said he was told SPU would have to remove the booth because his organization had not registered. Now he is wondering if it is possible that SPU is being unfairly restricted in its activities.

"The rules, as they stand now," Maxwell stated, "if enforced with political bias — enforced unjustly — could threaten the life of some organizations on campus and could severely restrict legitimate political activity."

"I would advocate a thorough overhauling of the rules which govern student organizations' rights and activities," he said. "The administration has a right to know about our activities but they should not control whether or not we picket or demonstrate."

"All groups," Dean Benz continued, "have the right to do anything that is within ASB regulations and is written into their approved constitutions." He emphasized that the administration does not intend to set itself up as a censor to decide what political groups can or can't do on campus.

Maxwell concluded by saying he felt that the recent political regulations enforced at the University of California may be tied in with the same high level decision in Sacramento which prompted a letter three weeks ago from Chancellor Glenn S. Dumke of the California State Colleges to Vice President William Dusel of SJS. Vice President Dusel could not be reached for comment.

Bumper Stickers For 'Yes on 2' Now Available

Bumpers stickers reading "Yes on 2" may be picked up in the College Union, according to John Gruehl, campus chairman of the students committee for proposition 2.

If the proposition is passed, San Jose State will receive \$12,997,900 for the second half of the new science complex and a new business classroom building.

DR. GEORGE L. KLINE, professor of philosophy and Russian at Bryn Mawr College, Penn., denounced recent Soviet legislation as "immoral" Friday morning in TH55.

Philosophy Professor Calls Socialist Legality 'Immoral'

By AL MASON
"Socialist legality, the basic philosophy of law operating under Khrushchev in the Soviet Union today, is essentially immoral," asserted Dr. George L. Kline Friday morning.

Dr. Kline, professor of philosophy and Russian at Bryn Mawr College in Pennsylvania, spoke before a crowd of more than 100 SJS students and faculty in TH55. He observed that "collectivist (moral) principles haven't been internalized (in the minds of the Russian people). In other words, everyone has to be checked and spied on."

"The aim of 'social Stalinism' (everyone spying on everyone)," Dr. Kline said, "is not so much to engender collectivist motives but rather to insure that the consequences of all actions are for the 'collective good.'"

Dr. Kline deplored the "contradiction" between what the So-

viet government seeks both to encourage and to discourage in dealing with Soviet citizens. He noted that the government's "appeal to self-interest has in practice overshadowed" the traditional appeal to collective interest, but that "anti-social" actions were still considered crimes.

"The lives of several hundred Soviet citizens," noted Dr. Kline, "have been taken as the result of capital punishment 'for certain crimes against (public) property.' Dr. Kline denounced Soviet capital punishment laws imposed on those convicted of "plundering, embezzling, black market operations, counterfeiting and speculation in foreign goods and currencies."

"Touching on another current problem, Dr. Kline said, "Anti-Semitism does exist" in the USSR, largely because of the "xenophobic attitude" of the Communist government. "Soviet Jews are assumed to be less loyal" than other Russians, Dr. Kline declared.

Department Head To Visit Canada

Dr. Richard B. Lewis, head of the SJS division of audio-visual services, left San Jose yesterday for a five-day visit to the University of Saskatchewan. He was invited to the university by its vice president, Dr. A. C. McEown, who came to SJS earlier this year to study the Audio-Visual Instructional Television program here.

Dr. Lewis will serve as a consultant on planning facilities and programs for using television in instruction. He will make a series of short visits to the Canadian university, located at Saskatoon, this year to confer with university officials and architects.

In a brief telephone interview Friday, Dr. Lewis said that he would not know how many trips he will make to Canada until after his first visit. He plans to return Friday morning.

A 1930 graduate of SJS, Dr. Lewis received his M.A. degree here in 1937 and earned his Ed.D. from Stanford in 1950.

Cookie Sale

The Social Work Club will sell cookies and cupcakes from 9 a.m. to 3 p.m. today in front of the Spartan Bookstore. Proceeds will be applied to club projects.

State, Students Should Pay For Health Plan—ASB Leaders

California's 16 state college ASB presidents unanimously recommended yesterday afternoon that any student health program voted by the legislature should be jointly financed by the state and students.

California State College Student President's Association (CSCSPA), at their weekend SJS conference, strongly agreed that expanded health services are needed.

The state, recommended the

presidents, should finance complete preventive, diagnostic, and therapeutic outpatient care including physician service and specialist consultations.

Students, on the other hand, ought to pay for a comprehensive medical insurance program, the chief executives proposed.

Each student's share is unofficially estimated at \$20-\$30 per year. The plan would be semi-com-

pulsory with an "exemption" clause.

Students could receive exemption under this clause if they specifically request it.

CSCSPA will send this proposal as the official student view to the Chancellor's office, which must submit a final plan to the legislature in January.

The second draft, completed less than a week ago, of the Chancellor's health plan proposal was released to the conference Friday night.

This draft, which may be amended many times before it is finally submitted to the legislature, proposes that students assume the entire burden of financing a compulsory plan for all state colleges.

CSCSPA wants the state to finance most of it rather than the entire cost falling on the student, as the Chancellor's report proposes.

Committee Appointed To Investigate Daily

An ad hoc committee of SJS Academic Council has been appointed to study Spartan Daily's

relationship to the Department of Journalism and Advertising.

Five faculty members and four students have been named to the committee. Dr. Alfred Einarsson, professor of physics, is chairman pro tem.

This committee was formed as a result of a request made last semester by Dr. Dwight D. Bentel, head of the Department of Journalism and Advertising.

Dr. Bentel asked for an investigation because he said there is "considerable discussion of the relationship of the newspaper to the Department of Journalism and Advertising."

More specifically, he stated in requesting the probe, there is "criticism of alleged censorship of Spartan Daily," and "other criticisms by persons who have a right to be satisfied."

These "certain charges and allegations made against the Daily," he stated, "must not be permitted to continue unexamined."

Dr. Bentel further requested that the ultimate findings of the committee be made public.

Faculty members of the committee are Dr. Einarsson; Joseph Fetter, associate professor of management; Helmer Nielson, associate professor of engineering; Dr. Lowell Keith, professor of education and Dr. Leo Kibby, chairman of the area of social science.

Student members of the committee are Pete Briggs, Rich Corby, Gene Lokey, Robert Owen, and an alternate, Ellis Routhier.

Lecturer To Examine Soviet Union

William Mandel, lecturer and author on the Soviet Union, will begin a lecture series entitled "The Soviet Union Today" at 3:15 p.m. tomorrow in CH226.

In a telephone interview last week, Mandel said he thought it was unfortunate that no college course is offered which examines the Soviet Union from other than a "Cold War" point of view.

"But the fact that I am able

WILLIAM MANDEL . . . lecture series

to give this lecture course this year," Mandel emphasized, "reflects the commendable improvement in academic freedom at San Jose State." Last year a member of the SJS faculty was required to be present to give opposing views before Mandel was allowed to speak in favor of allowing Communists to teach in our state colleges and universities.

Mandel has written several books on the Soviet Union and has visited the country on three occasions dating from 1931 to 1962. His 25 years of study on the USSR include a research fellowship at Hoover Institute, Stanford University, publication in journals, wartime service with the United Press and a radio program reviewing the Soviet press.

The lecture series, beginning Tuesday, will be an 11-week course with one lecture being presented each week. Mandel said he hopes to make the course a discussion series using his book "Russia Re-Examined" as a text. He also will bring unpublished translations from Soviet scholarly journals for students who are interested in reading them.

The series is being sponsored by "Toward an Active Student Community" (TASC).

Homecoming Queen Applications Due

Any organized living group wishing to enter a contestant in the 1964 Homecoming Queen contest that has not received an application in the mail, is urged to secure one from the Activities Office, ADM242, according to Barbara Clark, homecoming queen chairman.

Deadline for queen entries is Tuesday, Oct. 20.

Contestants may sign up for portraits, to be taken Oct. 21, 22 and 23, in the photography lab, J112-127, Miss Clark stated.

A woman is eligible to run for Homecoming Queen if she: 1) is sponsored by an organized living center; 2) is at least a sophomore and has attended SJS at least one semester; and 3) is in clear standing with the college and has a 2.0 grade-point average.

Organization Law

A meeting to inform student organizations of the procedures and regulations of groups on campus will be held tomorrow in TH55.

The organizational handbook and other materials pertaining to activities and scheduling will also be distributed at this time.

The meeting is required for all campus organizations.

FRESHMAN ASSEMBLY TODAY

A special freshman assembly to introduce candidates for Student Council will begin at 3:30 this afternoon in Concert Hall.

Four seats will be filled in the election this Wednesday and Thursday.

Math Student To Discuss Game Theory

David A. Bogdanoff, graduate student in mathematics, will speak on "An Introduction to Russian Game Theory," tomorrow at 12:30 p.m. in Art 133.

The SJS Mathematical Society is sponsoring the talk and invites the public to attend.

Bogdanoff received his B.S. from the University of Chicago last year and is currently working on his master's degree in the field of probability and statistics.

He is also now engaged in translating a Russian book on game theory from which his lecture material will be drawn.

Bogdanoff's talk will be the second of the Mathematical Society's 1964-65 lecture series, which began last week with a talk by Dr. Ivan Niven, noted number theorist from the University of Oregon.

Next in the series will be a two-part movie on mathematical induction, featuring Professor Leon Henkin of the Mathematical Association of America.

SCTA Sponsors

Campus Speakers

The Student California Teachers Association, not the American Association of University Professors, as reported in Friday's Daily, will sponsor Dr. Max Rafferty, state superintendent of public instruction, and Prof. Robert Smith, formerly dean of education at San Francisco State College, in campus speeches.

College FM To Return

Off again, on again seems the order of business for KSJS, San Jose State's FM radio station. After a muddle over funds, the station will begin broadcasting again Wednesday at 4:30 p.m., according to Dr. Clarence Flick, professor of drama and the station's faculty adviser.

While the budget difficulties have yet to be permanently resolved, the station, 90.7 FM, will resume operations on an interim basis. Since there have been "no new allocations of funds," programming will be possible through a volunteer staff of engineers.

KSJS has been inactive since Summer, 1964, when the ASB Council eliminated its financial support in June. Prior to that the station was subsidized by state and student body funds.

Last spring the Drama Department requested special funds apart from drama allocations for KSJS, according to Stanford Bohne, college accounting officer. When the request was denied, complete support of the station was redirected to the Drama Department.

Drama Tryouts For 2 Productions Slated for Today

Tryouts for two Drama Department productions will be held simultaneously today, 4:30-6 p.m. and 7-9 p.m. The two productions are the Children's Theater play, "Rumpelstiltskin and the Witches," and the staged telling of "Billy Budd." Both will be presented in November.

For the Children's Theater production, tryouts will be held in the College Theater, 4:30-6, and in the Studio Theater, 7-9 p.m. Parts are available for eight men, eight women and one child.

Dr. Hal J. Todd, head of the Drama Department, is the play's director. Production is slated for Nov. 19-21.

Dr. Courtney Brooks, professor of speech, is holding tryouts for the staged telling of "Billy Budd" in the Rehearsal Hall, SD226. Eleven men are needed for the production. "Billy Budd" will be presented Nov. 13 and 14.

DR. FRED SCHWARZ, president of the Christian Anti-Communism Crusade, holds up the Portuguese translation of his best-selling book, "You Can Trust the Communists to Be Communists." Schwarz and former FBI counterspy Herbert Philbrick addressed a near capacity crowd at an anti-Communist rally in the SJS Men's Gym last Thursday evening.

Daily Observes National Newspaper Week

Daily Comment

'Voices of History Haven't Ignored Press'

For centuries, newspapers have been cussed and discussed, read and misread, legislated against, threatened with extinction, criticized and praised to the skies.

But one thing is certain: They have NOT been ignored. The voices of history have not ignored the press either. One of the greatest statesmen and intellects of all time did just happen to be a defender of the press.

Thomas Jefferson was such a firm believer in the press that he expressed more faith in it than in government:

"The basis of our government being the opinion of the people, the very first object should be to keep that right; and were it left to me to decide whether we should have a government without newspapers, or newspapers without a government, I should not hesitate a moment to choose the latter."

But there is more to it than Jefferson's unqualified preference for the press.

The press must be responsible. Former President Dwight D. Eisenhower said: "Only when there is a strong free press, with an unfailing sense of responsibility, can truth flourish and man grow to his maximum capability."

Responsibility is our goal. God save us from complacency, may our critics never desert us. —WW

Grad Manages Theater

The Esquire Theater at 25th and E. Santa Clara Sts. will be under new management Oct. 15. One of the managers is Ed Dickinson, who was graduated from SJS in 1951.

Dickinson, a radio-speech major, was one of the first student sports announcers at SJS. "We used wire machines then," he said. "That was before tape recorders."

After graduation Dickinson went to work for radio station KELK in Elko, Nev. He now works for station KIDD with station studios in Monterey, Calif.

Tom Graff of Carmel will also manage the theater. He has previously managed theaters in the Bay Area and Carmel.

The theater will have student rates of 75 cents. Regular admission price is \$1.

"We are going to make the theater available to student groups who would like to raise money for their projects," Graff explained.

"If enough people would like to see a certain film, they can call me at the theater and we will arrange to show it," Graff said.

SJS Frosh Dumped by Papooses

Stanford's Papooses scored two first period touchdowns and held on to defeat the San Jose State frosh, 20-12, at Stanford Stadium Saturday.

Spartan quarterback Bob To-

ledo hit Jim Farmer from eight yards out for SJS's first touchdown, coming in the second period. Toledo scored SJS's final six in the last period on a short QB sneak.

The Spartans were anxious to avenge last year's losses to UOP. UOP won by two points at the Spartan pool and by one point in Stockton.

Anticipation of a shutout was apparent as early as the second quarter. Walton allowed four second team members to play the entire first stanza. As the four remaining first team members prepared to enter the pool at the beginning of the second period, Walton warned them they would be replaced the moment the opposition scored a goal.

The fans, who have generated enthusiasm at all the water polo home games thus far, were more excited over the team's defensive strategy than the overwhelming conquests earlier this season.

Although goalies Bruce Hobbs and Gary Fitschen deserve credit for the shutout, they would have enjoyed the game more sitting in

the stands. The defensive patterns were so well executed the befuddled opposition was rarely allowed a goal attempt.

UOP's strongest attempt to avert the shutout came with only 25 seconds remaining in the game. The shot was well placed, but goalie Fitschen deftly interrupted the flight of the ball.

The less frequently publicized members on the Spartan team, equally as responsible for the shutout as the first team, deserve mention. They are Ray Arveson, Chuck Cadigan, Kevin Curllin, Tom Eldridge, Mike Fagg, Joe Gotelli, Fred Hasket, Alan Kelley, Jeff Logan, and Lou Tully.

The Spartababes, although losing 13-6, trailed 10-1 at the beginning of the fourth quarter. In the first minute and 15 seconds of the final stanza, the Spartababes scored four goals.

Duddy, Short Named to Posts On Industrial Design Board

Dr. Wayne E. Champion, professor of industrial arts and education, announces that John H. Duddy and Don Short are new appointees to the Advisory Board for Industrial Design at SJS this year.

Duddy is a senior engineering psychologist with the human factors and reliability engineering section of the Space Systems Division, Lockheed Missiles and Space Co. He received his bachelor of industrial design degree from Syracuse University and his M.B.A. from Harvard.

Short is a graduate of the University of California at Berkeley and of the Art Center School. He joined Walter Lander and Associates in 1950 and is presently the staff director there.

He has been a guest lecturer at Stanford University and the University of San Francisco as well as at SJS.

Lasker Assigned Viet Nam Post

Capt. Paul E. Lasker, former assistant professor of military science for the Army ROTC at SJS, has been assigned to the U.S. Army Element Viet Nam.

He left the college in September and went to Fort Bragg, N.C., where he is presently participating in a training program. He will report to Viet Nam in December.

During his two years at SJS, Captain Lasker was an instructor in military science. He was also adviser to the Spartan Sabres, an honorary society for upper division cadets.

Captain Lasker began his military teaching career in August, 1954, after receiving his B.S. in education from the University of Oregon. He earned his master's at SJS.

Coeds interested in trying out for the women's extramural golf team may contact Dr. Fae Witte, PER123, today. The team's first scheduled match will be at Stanford University, Oct. 23.

Born Twice

Every one of us has been born at least once. Some people, however, have been born twice. The twice-born among us are called "Christians." The second birth, called in the Bible the new birth, is a spiritual awakening and quickening—being made alive in Christ. The new birth is God's response to the personal commitment of any individual to the Lord Jesus Christ. While all of us are born physically, few are born spiritually because of the self-centered tendency innate in each of us. By nature we seek our own way of life and only occasionally does an individual reach the point of asking God for help. Spiritual birth occurs only when an individual surrenders his heart and life to Jesus Christ as Lord and Master.

Following the ten commandments and living an approximately moral life has never gotten a single soul into heaven. (Galatians 3:10-13) Neither is it possible to earn God's favor by meritorious works. (Ephesians 2:8-9). God alone is capable of constructive action and only as He lives through men are they able to please Him.

Nicodemus (John 3:1) was a well-educated, intellectual, religious leader who sought out Jesus in order to discover how it was that men were admitted to the kingdom of heaven. The answer which Jesus gave nearly 2000 years ago is the answer which still holds true today: "You must be born again."

"One night Nicodemus, a leading Jew and a Pharisee, came to see Jesus.

"Master," he began, "we realize that you are a teacher who has come from God. Obviously no one could show the signs that you show unless God were with him."

"Believe me," returned Jesus, "a man cannot see the kingdom of God without being born again."

"And how can a man who is getting old possibly be born?" replied Nicodemus. "How can he go back into his mother's womb and be born a second time?"

"I assure you," said Jesus, "that unless a man is born from water and from spirit he cannot enter the kingdom of God. Flesh gives birth to flesh and spirit gives birth to spirit; you must not be surprised that I told you that all of you must be born again. The wind blows where it likes, you can hear the sound of it but you have no idea where it comes from and where it goes. Nor can you tell how a man is born by the wind of the Spirit."

"How on earth can things like this happen?" replied Nicodemus.

"So you are a teacher of Israel," said Jesus, "and you do not recognize such things? I assure you that we are talking about something we really know and we are witnessing to something we have actually observed. Yet men like you will not accept our evidence. Yet if I have spoken to you about things which will happen on this earth and you will not believe me, what chance is there that you will believe me if I tell you about what happens in heaven?" (John 3:1-12 Ph.)

The new birth is real, something which must be experienced for yourself. Join the twice-born by meeting our Lord Jesus Christ today. In our pragmatic age the only convincing proof is to see for yourself that He is indeed the Alpha and the Omega, the everlasting God. Find out for yourself. Don't take another's word for it.
