Avoiding housing difficulties means knowing your house

By Darlene Saltsman

Off-campus housing can present many legal hassles for students who don't understand their contracts.

"So many students get into problems when they don't understand the contracts they're signing and what their limitations Evelyn Robinson, associate director of housing, said.

should always obtain a written rather than a verbal contract.

"Written contracts spell out legal rights and responsibilities of the tenant," Robinson said.

There are a number of landlords who don't use contracts and in this case the student may go to the housing office and obtain a lease form which is very fair," she said.

There are two different types of contracts each having its pros and cons," Robinson said.

The first is called a rental agreement or month to month. In this agreement the renter must give 30 days notice to move. Also, the landlord must give 30 days written notice to raise rent and 30 days

eviction notice.

"The notice to raise rent must be given in writing and either handed to the tenant personally or sent through the mail. It cannot be slid under the door or pinned in a conspicuous spot," Robinson said.

A lease is a contract that is set up for a certain length of time. It stipulates a tennant can not move or sub+lease the apartment without the landlord's permission.

If the tenant has signed a lease. in order to evict that tenant the landlord must give a three day breach of contract notice and the reason. But when the tenant is using a rental agreement the landlord does not need to give cause.

"If they make too much noise another tenant may complain and the student is then evicted, Robinson said.

There are four basic depositscleaning, damage, holding and

"All tenants should understand these deposits and their function before paying them," Robinson said.

The holding deposit is used to hold the apartment until the tenant is ready to move in.

The security deposit is to secure the terms and conditions of the contracts. Should any of those terms be broken the landlord has the right to keep any portion of the deposit.

The damage deposit is used to

cover all damages that are caused

The cleaning deposit provides the money for the landlord to clean the apartment if the tenant does not

leave the premises clean.
"If a student feels he has been discriminated against because of race, creed, color, nationality, or national origin, he should come to the housing office and we will get them legal help," Robinson said.

"If students do have problems I would be very happy to help them here at the housing office," Robinson said.

The housing office not only gives legal help to tenants but also lists apartments and rooms for rent, and

Prop. 13 forces campus budget cuts

EDUCATIONAL SYSTEM

CALIFORNIA

By Sean Silverthorne

California's educational system and SJSU have quietly slipped into the Jarvis-Gann waters and, while still floating, the prospect of tighter money times to come raises a

Willow Glen's morning fire injures four

Four persons were injured and \$400,000 damage done when fire leveled two apartment buildings under construction on Curci Drive in the Willow Glen area at 8 a.m.

The blaze started when a construction worker accidently ignited a pool of spilled gasoline on the second story of one of the three story

Injured were Benny Romano, 45, and Joe Romano, 70, both residents of a house across from the

Also injured were firefighter Rob Piper and Capt. Wayne Rist. All victims received first and second degree burns to the upper portions of

Traffic along 280 was backed up because drivers slowed down to view challenge to the quality of education

"The university's instructional area has been the hardest hit of all areas...basically because it has the largest share of the budget to begin with," said Hobert Burns, vice president of academic affairs. "It is going to be harder to get supplies for

In response to a California State University and Colleges system-wide cut of \$14 million because of the passage of Proposition 13, SJSU will cut a total of \$865,613, which is 3.34 percent of its proposed budget.

SJSU's budget is now approximately \$63 million. According to SJSU budget officer William Friedrichs, \$519,157 of the cut has been found in the state's denial of cost-of-living pay increase requests employees and the freezing of their salaries at current levels - a savings totalling nearly \$1

Another \$346,456 has been eliminated from the original 1978-79 SJSU budget by denying an annual cost-of-living increase in the campus operating and expenses budget, according to Friedrichs.

Every department on campus has suffered a 4-5 percent cut in their O and E budget which includes money for equipment, operating and travel expens

The state has also imposed a hiring freeze but Friedrichs said this will be lifted once departments have submitted streamlined budgets which compensate for the increased salary load.

However, requests for new positions will be given a critical look, Friedrichs said, though vacated positions have a good chance of being filled.

"We are basically operating with last year's budget," said Friedrichs, a transfer from the San Mateo Community College District. "But inflation is squeezing us

According to Friedrichs, no personnel laid-off or programs cut. But the O and E cuts have affected to some degree the quality of education at SJSU, according to several campus officials.

Double digit inflation in the textbook industry since 1967, coupled with Proposition 13's stoppage of automatic inflation adjustments in O and E budgets means a 10 to 20 percent cut in the library's purchasing power," says the campus library director Harold

Olsen.
That translates, Olsen says, into 10 to 20 percent less books that the library can afford to purchase.

With his out of state travel budget cut, Olsen added, his ability

to recruit talented staff will also be hampered.
O and E cuts have also affected

the music department's ability to replace worn out instruments. It has also reduced funding available for the building of special sets in theatre arts department, and has meant science students are using less and sharing more in their labratory

"It is a little more serious than just having four students to a frog instead of two, as Gail Fullerton said," Dr. Joseph Young, chairman of biological sciences, said.

The department is ethically and morally bound to preserve a high student-teacher ratio in some departments where lectures cannot take the place of "hands-on" training, such as in allowing medical technology students to run blood tests, Young said.

The result is an even deeper erosion in quality in other biological departments, Young said.

"We will probably have to cut some labs, but that means curriculum revision, and that is a slow process," Young commented.

In some science areas where students once did small group experiments they now watch instructor do the experiment in front of the class, Young offered as an immediate effect of revenue loss in

"The end result is less elaborate training for students," Young said.

But despite these erosions into the educational standards at SJSU, most department representatives and administration officials said the University could get through this academic year, and perhaps one other, with increased belt tightening if current funding levels are

But the big trouble, could be just the road if more budget cuts continue, they said.

If inflation continues to rise without a corresponding inflation budget adjustment from Sacramento, the yet untouched area of academic programs could be

Deadline set for refunds

Students must apply for refund of registration fees before 5 p.m. Wednesday, September 13. Applications for refund are available at the Office of Records, 4th and San Fernando

Programming changes on top at KSJS

By Lee Sherman

KSJS, the voice of San Jose State University, is planning a new musical format, increased sports coverage and a campus talk show, all designed to increase its listening audience this school year.
Paul Patterson, station general

manager and chief engineer, wants to see KSJS become "more of a voice of SJSU. We want to publicize and inform students about what's happening on campus and in the

KSJS plans what Patterson calls "a more uniform sound," similar to many middle of the road stations. During the day top 40 records will be played and during the evening top 40

music, mixed with selected popular album cuts, as well playing listner requests.

"We feel that this is the best mixture for college and high school students," Patterson said. "We feel the high schools have been ignored by the college stations."

KThe station also has plans in

the works for a talk show which would air every Monday through Friday from 6:30-7 p.m. According to Patterson, the talk shows will feature community and campus leaders in a professional talk show format."

He believes the show would be beneficial in bringing about needed changes on campus and in the community.

Live broadcasts from the Student Union of lectures, musical events and other programs is "definitely in the works," Patterson declared.

A program of live entertainment in the KSJS studios and out on location is planned as well. Jazz, rock, salsa and country and western groups will be featured in concert, followed by interviews of group members.

Patterson cited KSJS's need for qualified air staff personnel. "We are extremely happy to accept any new student at KSJS and you don't have to be a broadcast major," he

For those individuals who would

like to learn how to be disc jockeys Patterson teaches a course at SJSU designed for students who want to learn radio techniques.

The course, Theater Arts 192, teaches students radio station operation and helps them to obtain a broadcast license, as well as of-fering two units of credit upon completion of the class.

"Anybody wanting to get into radio has a place at KSJS," Pat-terson observed. "We need all the people we can get a hold of."

KSJS, with 1,000 watts power, is the largest public access station in San Jose and is heard at 90.7 on the FM dial. The station is entirely student run and oriented.

Richard Favorito doesn't prescribe to a school of art, rather he prefers to convert others to his type of work. Some of the artist's work appears in the Student Union.

Painter doesn't 'play it safe;' willing to sacrifice for art

By Mike Myslinski He tilts his head and looks at the canvas for a moment, then reaches to dip his paintbrush into the cobalt

Behind him, old boxes are stacked high against a faded wall; a dozen large oil paintings lean sideways against another wall. He looks up into a small, adjacent room, where rows of wooden shelves are crammed with hundreds of used books gathering the late afternoon dust. There is an odor of dry leaves

'A painter has got to be willing to sacrifice," Richard Favorito says, spreading a line of cobalt blue. "As soon as you play it safe it's all over.'

For seven hungry years Favoirito has been running his one-man bookstore and gallery, located a few blocks from SJSU at 455 E. William St. On the porch, where stacks of books and magazines are for sale 24 hours a day in the open air, a sign reads: When Closed Put Money In

Favorito trusts people, and he is utterly content to sit and paint in his little shop, built at the turn of the century, rather than use his master's degree in painting from SJSU to teach or make money

'This ain't a job," he says in a New Jersey brogue, "this is a living."

And the paintings are good -- by any standard. A

haunting abstract of a figure on a bed, the face gently obliterated; a fragile boy reading in a chair; realistic nudes with lines that make it seem as if the bodies are about to move.

There is a drawing of a neighborhood character who hanged himself recently. And a sketching of an old woman's hand holding a cane.

"She came in wanting a book," Favorito explains, laying down his paintbrush. "She wouldn't say which book

So for a few minutes he asked her about the kind of book she was searching for. "The book, just give me the book!" she demanded, shaking her cane. "Why do you make me suffer so much?'

Favorito gave her a big picture book, and later coaxed her to sit for several sketches whenever she happened to He looks out the window at the vacant lot across the

street. "She was 97 years old. I haven't seen her for a while." The son of a New Jersey electrician, Favorito came to

California 29 years ago. Laughed at by his elementary schoolmates for his accent, he said he fell in love with drawing and "could copy anything by the seventh grade.

On to the Sequoia

From tent and hut to what?

Hadleys, small people who once lived peaceably in the prairie for many years. Their society suddenly disrupted, we find the Hadleys preparing to leave.

By Scott Knies

The meeting had been ductive. Excitement buzzed productive. productive. Excitement buzzed around the Hadley community as they packed for the journey.

Deciding what to bring and what to leave behind was not difficult for most of the Hadleys. In a few destructive moments the ear-thquake had made most of those decisions for them.

Although ninety percent of the settlement was ruined, one structure had been able to resist the tremor. The home of Fronolis stood out like a bright, white egret's egg in the

It was a simple dwelling, as most Hadley homesteads are, but particularly simple for one at Fronolis' level. Having just reached "bachelor" classification, most Hadleys would try to establish their own identity by constructing an elaborate hut.

At the "adolescent" or lowest level, Hadleys are made to live in tents. There isn't much decorating that can be done with a tent.

But after graduating to the bachelor stage, Fronolis had earned the honor of living in a hut. Instead of getting into a decorative thatch or Fronolis went for the basic stickand-clay hut.

Some adolescents wondered if Fronolis would keep his simple design when he reached the next level of "familyness" and was permitted to live in a fort. Or even later in his life when he became a wise one, an "elder" of the tribe, and would live underground in a burrow.

At this time the simplicity of his hut had created a problem. was the only Hadley who still had his possessions intact. He stood in the opening of his hut trying to decide what to bring on the journey.

'You'd better hurry it up, Fronolis. Most everyone is already packed," Croylis yelled to his friend accros the clearing.

Indeed. Fronolis looked around and Hadleys were busy fastening supplies to the pheasant's backs. The ground birds would not carry a lot of weight when they also had a rider. Fronolis knew he could pack more than everyone else combined.

He pulled out his favorite books

and clothes. He added a couple record and knicknacks to the growing pile

"I can't take all of this," Fronolis cried. "There is not room enough to carry it."

Bonusak walked over to the distraught bachelor. "What may be the trouble, Fronolis?"

Oh, I wish the earthquake had destroyed all my things like everyone else. It isn't fair that I should have to throw away all this,' Fronolis said.

"Are you not fortunate that your possessions survived?" Bonusak

asked. "You can choose what to save when everyone else had no choice.

"I'd ratner not have the choice," Fronolis said. "This is too painful." "Are you so attached to your possessions that you cannot separate from them?"

'But this cat-tail sweater was a special gift...this album is irreplaceable..." Fronolis' voice trailed off to a whisper.

You can make more clothes and record more music. These things are not really special," Bonusak held up an archery trophy and Crimso album, "your feelings for them are what make them special.

Bring your books if you take any of this. That is all the room you will have on your fowl after you pack your ration of food," Bonusak concluded.

Fronolis fit the last of his books into the satchel and flung it over the pheasant's wings. He was surprised how much his material belongings had meant to him, how hard it ws to give them up, how selfish he felt.

hopped away from his hut. The priorities assured himself. "There is no room for such frivolous items as records and cat-tail sweaters. Those things served a purpose when there was time for them, but they would be useless symbols during the

journey."
"Bonusak was right,"Fronolis asured himself. "there is no room for such frivolous items as records and cat-tail sweaters. Those things served a purpose when therw was a time for them, but they would be useless symbols during the jour-

"Hey, c'mon," interrupted Croylis, "quit staring at your junk and move it."

Fronolis mounted his bird and hopped away from his hut. The priorities were decided and what was important was at his side. The comfortable excess had been hard to

Spartans ready for opener

Although he hedges when asked to predict the outcome of Saturday's 7 p.m. football opener against Idaho, SJSU head coach Lynn Stiles believes the Spartans are ready.

"We've tempered it just right," the third- year mentor says, "and we're rarin' to go."

Coming off the "best pre-season" since Stiles been at SJSU, the players say

they're hungry for action. "I just want to play a junior cornerback t e Hines said.

"Everybody came back to school in real good shape,"Hines continued, "so it didn't take as long to prepare for the season.

James Richburg, a senior safety, echoed Hines.
"Our team is ready.

We really want to come back after last year." The '77 campaign, a 4 - 7 disaster, saw Spartan

players drop like flies.

adversity" were the main problems, Stiles said.

Junior quarterback Ed Luther uncorks a pass in the shadow of his own goal Numerous injuries to posts during action last year. Luther is the 14th reanked returning passer in the

But Stiles and his coaching staff are very optimistic the team will experience a turnaround if it performs like we think it's capable of doing, it it's capable of doing, it should do well."

"Our offense can strike from anywhere on the field," says offensive backfield coach Jim Skipper.

Skipper and Stiles agree that senior fullback Kevin Cole and junior tailback Jewerl Thomas are "the best pair of runningbacks in SJSU

history."
"They're like Farrah Fawcet – Majors and Marilyn Monroe,'' Skipper quips. "You can't tell who's better."

The running game won't be Idaho's only problem.

"We have a great deal of confidence in our passing game," Stiles says. The Vandals must contend with junior quarterback Ed Luther,

wide receivers Bernard Proctor and Mike Kirtman and tight end Napolean Sparks.

If Luther and back-up Paul Catanese are to hit their targets, blocking support will be needed from center Gilbert martinez, guards Steve Hart and Pete Angelidakis and tackles Max Hooper and Bob Sims.

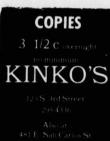

Frank Ratto is the punter and Hugh Williamson is the place kicker.

Stanley Webster and Cole will return kick-offs and Dennis Wylie, Derrick Martin and Richburg will return punts.

The defense will be spearheaded linebackers Ed Siegwart, Frank Manumaleuna, Bill Benjamin and Jeff Sc-

weiger.
Richburg, Hines, Wylie
and Cully Williamson will be the starting defensive

Revamped Idaho squad tests SJSU gridders

By Chuck Hildebrand

Everything will be new this year for the University Idaho football team, which clashes with SJSU tomorrow night at Spartan Stadium in the 1978 season opener for both schools.

"Our real problem," says first-year Vandal head coach Jerry Davitch, "is that everything we do this year we'll be doing for this year we is be doing for the first time – including hopping a plane and playing a team of San Jose State's caliber."

Davitch inherits only nine starters from last year's team which placed sixth in the seven-team Big Sky Conference with a 2-4 mark and was 3-8 overall.

Robert Brooks, a 5-11. 195-pound running back from Lancaster, ranks as Idaho's number one threat.

He was the Vandals' leading rusher in his sophomore and junior seasons but injured his knee in the seventh play of last season's opener and missed the entire cam-

Brooks was an all-BSC selection in 1976 and currently ranks fourth on the all-time UI rushing list. He amassed 217 yards on 19 carries in one game during his sophomore year.

The Vandals suffered a damaging blow when Rocky Tuttle, counted upon as the starting quar-

terback, tore ligaments in his ankle and may miss the whole season. In Tuttle's place, Davitch will start Jay Goodenbour, who redshirted last season and hasn't played a down of varsity action.

Helping Brooks and Goodenbour to power the Vandals' Veer offense is Tim Lappino, a 5-9, 185-pound senior who was UI's leading rusher last year with 846 yards on 139

Lappino is the fastest player on the squad, with a time of 4.4 for the 40-yard dash.

Goodenbour's prin.ary passing target will be wide receiver Kirk Allen, whose 31 catches for 545 yards was tops on the team last

Other returnees at Davitch's disposal include center Larry Coombs, (6-4, 240), who performed at offensive tackle last year; defensive tackle Steve Parker (6-7, 240), defensive back Rick Linehan (6-1, 190) and defensive end Chris Eads (6-4, 225).

Davitch's task at Idaho won't be an easy one.

"No Idaho coach has left in the past 50 years with a winning record and we've only had four win-ning seasons in the past 25," he noted.

'Our schedule is tough, but we have to upgrade the program to fit the schedule

Ethnic pride will soon be replacing Kiss, John Travolta and Cheryl Ladd on the chest of America n Jose T-shirt manufacturer Lou Wilson has his way.

Wilson's T-shirts, spouting such startling sayings as "Thank God I am a Nigger," "Thank God I am a Wetback," and "Thank God I am a Jap," is his solution for "overcoming the derogatory feeling of ethnic slanders.'

According to Wilson, the Tshirts demonstrate that the wearer is proud to be "whatever God made him to be" regardless of how others may treat him.

"I got the idea from an experience my son had at school," Wilson stated. "He just told the other kids 'I'm black and happy

As for the "words" he has chosen, Wilson says they were picked to "make a joke of ethnic

"Because of the times, I feel that this approach will be acceptable," Wilson said.

On that basis, Wilson recently began manufacturing "Thank God I am" T-shirts under his own company GOD (Glow of Dawn).

T-shirts are available by writing to P.O. Box 1086, San Jose, for those who want to show pride in their religion, sexual preference, fraternal organization, in addition to ethnic background.

The cost is \$4 and up. 'One fellow even suggested the saying, 'Thank God Atheist',' Wilson added.

Free counseling offered

School blues' treated CAMERA

Wait. Don't grab that harikari knife or bottle of cyanide pills, there is help vailable for those first-ofthe-school-year blues.

The abundance of forms, rules and regulations, and the lack of parking places is enough to enrage even the most seasoned graduate student. However, there are people in this maze of academia who offer free help to students who are having problems of any kind.

The Counseling Center, located in the Ad-ministration Building, room 201, helps students problems ranging from academic matters to human sexuality counto 5 p.m., the center is staffed with several counselors who can be seen on a drop-in basis or by appointment by calling 277-2262.

Dr. David Newman, director of counseling services, suggests that students take the initiative to find the resources available to them on

Newman warned that students who think someone is going to look after them will find that it is not going to happen. Older students or

persons returning to school

after a long absence may find the Re-Entry Advising Program helpful. According to Phyllis Sutphen, program coor-dinator, the Re-Entry upon returning to a campus atmosphere and lifestyle which may have changed since they last attended

Their office is located in the Old Cafeteria Building, and is open daily from 9 a.m. to 5 p.m. Appointments can be made after those hours by calling An additional source of

countering problems with no apparent solution is Jo Ella Hannah, ombudsman, located in Building R, room 101, 277-2720. Hannah assists

help for students en-

students with information, referrals, and general advice on how to handle their individual problems.

She suggests a three

First, read the SJSU catalog, especially the section titled "Academic Regulations." Second, keep a file of all receipts for every business transaction with the university. Third, become involved with campus activities to identify and be comfortable with the campus.

General information on campus facilities, activities and programs can be obtained at the Information Center located on the ground floor of the Student Union.

One feature of the center is the Information Tape System of prerecorded messages concerning campus related topics ranging from health services to dorm food menus.

Any of the 70 tapes available may be requested by calling 277-3433 and asking for the tape by its code number listed in

Money to SJSU may be further cut by a slowly diminishing state surplus, a predicted drop in Full Time Equivalent (FTE) students attending SJSU (upon which the state bases its budget allocation to the campus), coupled with election year "Jar-vismania."

"It is reasonable to expect that money will be tighter in the foreseeable future...and that inflation will effectively cut our budget," Burns predicted, adding that FTE money probably be less after this semester's enrollment figures were compiled.

Curriculum could be cut if present trends continue to worsen, he said, but how soon this might come about couldn't be predicted this early.

Representatives of the state's leading teachers' unions also fear the prospect of life under

"Proposition 13 is like

definitely be a budget crunch next year." Campus guide "The governor is running headlong to the presidency and is trying to distributed

"The New Student Spartaguide", a yearbook designed for incoming SJSU freshmen, will be distributed Sept. 11+15 in the Art Quad.

The publication is sponsored by campus fraternities and the SJSU Alumni Assoication and is sold by mail to the freshmen, according to Inter-fraternity Council

President Stu McFaul. The book will also be sold through the In-ter-fraternity Council starting next week, Mc-

McFaul says, the yearbook they have had little also features a campus map, a guide to student problem recruiting staff so far, Young said that it is services and an in-troduction to SJSU fraternities and sororities. becoming increasingly harder to find young in-structors to come out to

'The frats assembled the book," McFaul ex-plains, "because many students are unaware of the services and benefits the university and Greek system offer."
