Men: There's no need to make a date by carrier pigeon, or cross the street to call the little woman when at the Library. Pay phones were installed yesterday in the lobbies of both men and women's rest rooms.

SPARTANS BATTLE WOLFPACK CAGERS

Coop Will Open Monday; Features Hot Dog Bar

There's good news today! The Coop WILL open Monday. Miss Ada Gardner, manager, announces that the Coop will definitely open even if work will have to be carried on around electricians and plumbers.

During the six weeks that the Coop has been closed many changes have taken place. New items of equipment have been purchased and installed, according to Miss Gardner. Mr. E. S. Thompson, college comptroller reports that \$20,000 has been spent on the expansion exclusive of the plumbers' and electricians' bills which have not been presented as yet.

New equipment installed includes: new fountain; steam table; cold table, for sandwich and salad making; two coffee urns; four silex coffee makers; sterling double tray dishwasher; 30 pound vegetable peeler; 100-gallon hot water heater; and quantities of new china.

Miss Gardner stated that great changes have been made in the kitchen. Several new cooks' tables with pot racks have been added and a new stove with a grill will facilitate the preparing of meals. According to Miss Gardner, three large refrigerators have been installed, including a walk-in unit with a 60 cubic foot capacity.

The newest feature is the hamburger and hot dog bar. Located in the western alcove of the Coop, it will sell on the self service basis. Tables have been set up for students who use the bar. At the present time this will be the only place to buy fountain cokes.

A unit in the bar called a deacon conduction cooker will cook hamburger and hot dogs in thirty seconds, and bun warmer with separate sections for hamburger and hot dog buns has been added.

Two glass candy cases have been built, one at the hamburger bar and the other at the main entrance.

A staff of 12 full time employees and 30 student workers will be able to serve approximately 200 students at a time, Miss Gardner said.

MARSHALL HAS FULL REIN

WASHINGTON, Jan. 23 (UP).—President Truman reviewed foreign policy with Secretary of State George C. Marshall today and announced that he had given Marshall complete freedom to run the State department as he chooses.

The President disclosed at his press conference that he already had discussed with Marshall the desirability of immediately investigating the feud between Assistant Secretary of State Spruille Braden and Ambassador George S. Messersmith over U. S. policy toward Argentina.

Marshall saw Mr. Truman for 20 minutes. Accompanying him was Under-secretary of State Dean Acheson who offered Marshall his resignation but agreed to stay temporarily.

NEW BY-LAWS ARE CONSIDERED

A revised constitution will be presented for approval at the next general meeting of the Rally committee.

Changes which the committee will consider are those increasing the number of members allowed

Rooters

Students are requested to wear white shirts and rooters' caps at the Nevada game Saturday night. An organized rooting section will be set off for those who wish to participate. Ushers for Saturday's game as announced by Bud Thornber, usher chairman are: Helen Simmons, Shirley Tallman, Jean and Betty Kinney, Carrell Killebrew, Joan Jenkins, Bea Rule, and Pat Bodwell.

in the organization, and a definite policy for awarding emblems to members.

During the Fall term, and so far this quarter, states Sal Millan, Rally chairman, there was no president to govern Rally committee activity, which has all followed unwritten and unofficial policy carried over from a previous quarter.

If the proposed constitution is approved, the committees' activities will be guided by a set of by-laws, Millan added.

Giovanna Ribet Addresses Students

"Giovanna Ribet, who in addition to her anti-fascist activities is also traveling secretary for the University of Rome, will speak to an all college assembly in the Morris Dailey auditorium at 12:30 Monday," announces Dot Moody, chairman of the World Student Service Fund drive at San Jose State college.

Miss Ribet was an active member of the Italian underground during the war, and now is touring the United States in an effort to procure funds for the students of Europe.

"During her talk Monday, I am sure many of you will see just how hard the students of Europe are trying to get ahead, and the tremendous obstacles that they have to overcome." Miss Moody continues. "It is not only school buildings that are needed, but the bare essentials of living are often lacking.

NEW FIGHT CHAMPS CROWNED

2000 FANS SEE FINAL MATCHES

By WILBUR AGEE

Eight champions were crowned last night in the finals of the All-College Boxing tournament in Spartan pavilion before a crowd of 2000 ardent fans.

Ray Davilla, recent winner in the Novice tourney, outboxed Jim Johnson, in somewhat of an upset, in the third round of the opener to cop a decision and the 125 pound title. They split the first two rounds. The judges' decision was not too popular with the spectators.

IN FORM

Charley Townsend, who showed that he hasn't lost the form that carried him to the Pacific Coast Intercollegiate title in 1942, had little trouble in gaining a decision over game fighting Dave Gray. This is the second All-College 135 pound title won by Townsend.

Ed Martin and Don LaFave traded punch for punch in the third round of the 145 pound go, but Martin, who took the second round 10-9, won the decision. Both were on even terms in the opening round.

HAWTHORNE OUT

Len Hawthorne, who beat Martin Wednesday night in the semi-finals despite a bad leg, was forced to drop out of the tourney.

Wayne Fontes after winning the opening round 10-8, downed Jol Hornbaker twice in the second round.

SENATE SPLIT OVER LABOR

WASHINGTON, Jan. 23 (UP).—The Senate Labor committee went to work today on assorted panaceas for labor-management strife, and immediately ran into a sharp policy split between Republicans and Democrats.

Sen. Joseph H. Ball demanded a drastic shake-up in the country's labor laws to curb "the special privileges and legal immunities of unions." Sen. James E. Murray immediately retorted that Congress must be wary of "imposing punitive sanctions based on distorted facts."

Sproul May Resign

BERKELEY, Calif., Jan. 23 (UP).—Dr. Robert G. Sproul, president of the University of California, admitted before a student assembly today that he is considering an offer that may lead to his resignation after 16 years at the helm of America's largest educational institution. Sproul became one of the nation's youngest college presidents in 1930 when he was elected to the presidency at California at the age of 39.

San Jose Five Tangles With Nevada In Double Bill Tonight, Tomorrow

By ABNER FRITZ

It's going to be another long weekend for the Spartan cagers. After splitting a pair last weekend and then dropping their second tilt to the Gallopin' Gaels from St. Mary's last Tuesday, the San Jose hoopsters take on the strong Nevada team tonight and tomorrow in the Fourth and San Carlos gym.

Led by Captain Hal Sonntag, Chuck Hughes and Stu Inman the Spartans are definitely underdogs against the powerful Nevada team. The Wolfpack has had a successful season, sweeping the Reno

HOOPSTER HOP HAS NEW MUSIC

Jim Gualtieri, chairman, has announced that there are 20 new records for the Hoopsters Hop tomorrow evening in the Women's gym following the Nevada basketball game.

Tickets for the dance are on sale in the Library arch for 25 cents a person and 40 cents a couple. "Students may also purchase tickets at the door," says Gualtieri.

Betty Davis, refreshment chairman for the senior class, will supervise the selling of refreshments at the affair. "The basketball theme will be used in the decorations," decoration chairman Jessie Steinnagle revealed.

Taylor Addresses Freshman Class

"Freshmen should begin now to prepare for their class elections to be held in February," stated Marty Taylor, student body president, when he spoke to frosh in the Morris Dailey auditorium yesterday.

Taylor listed the qualifications necessary for persons running for office and indicated that the nomination assembly will be held Monday, February 3.

"With almost 3000 freshmen attending school, we should have a bigger turnout at class meetings," added Taylor.

A community sing movie short, viewed by the freshmen yesterday, featured old time favorites. "Grooms in Gloom" was the title of the comedy starring Ring Tom Howard and George Shelton of "It Pays to Be Ignorant" radio fame.

A history of the progress of motion pictures was depicted in the reel "Screen Snapshots," the third short shown.

Len Frizzi presided over the meeting with Don LaFave and Ray Bishop in charge of entertainment. Bishop was responsible for obtaining the movies.

Invitational tourney last December and having the scalps of Loyola and the Pepperdine Waves in their belts.

Whether or not the Spartan scalp will be too big for Wolfpack to gobble is something that Coach Bob Lawler will know more about Sunday Morning after the two game series has been concluded.

SUCCESSFUL YEAR

Hal Fischer, a six-foot-four-inch center who played for the San Francisco Olympic club and also tossed a few through the hoop during his army career, is one of the principal reasons why the Nevada team has had such a successful year.

Jim Melarkey, a forward, and Bob O'Shaughnessy, guard, are another pair of reasons for the smile on Lawler's face. Melarkey spent most of his life in Reno and is playing his fourth year of basketball for the Wolfpack.

SAN JOSE BOY

O'Shaughnessy, who is also playing his fourth year for Nevada, is a native of San Jose and a Graduate of McClatchy high school in Sacramento, which has turned out some fine cage teams in past years. O'Shaughnessy made the All-American first string team at the National Amateur Invitational basketball tournament in Kansas City last year.

(Continued on Page 6)

GRAND JURY INDICTS MAY

WASHINGTON, Jan. 23 (UP).

Former Democratic Representative Andrew J. May of Kentucky and three top officials of the fabulous \$78,000,000 Garsson munitions combine were indicted by a Federal grand jury today on charges of criminal conspiracy, bribery and corruption in war contract dealings.

Indicted with the 71-year-old ex-chairman of the House Military Affairs committee were "Dr." Henry M. Garsson, glib-talking "brains" of the munitions firm; his brother, Murray, a super munitions salesman who took refuge in Cuba last year when Congress began prying into their manipulations, and Joseph F. Freeman, one of their top aides.

MAKE 'EM WORK

In Granville, Wisconsin, the town's only paid fireman faced charges for turning in false alarms. He turned in 100 false alarms in 15 months. What was his reason? He said that he was making certain of the security of his job.

Evidently his idea was that if the town council saw him rushing all over town every so often, they would think he was needed.

One must realize that a fireman's life is a very dull one if there are no fires. All there is to do is to sit and play checkers. Many people like to play checkers, but it can become tiresome after a few thousand games. This is no doubt the reason for the false alarms; the fireman was tired of playing checkers.

At San Jose State college we have a staff of men working to keep the campus clean. These men are in a safer position than the fireman of Wisconsin. The chances of them facing charges for scattering papers are infinitesimally small.

As long as the students of State manage to keep the doorways to the various buildings littered with cigarette butts, these men will have a job.

TODAY'S LINE

Dear Sparta:

Habits of the various professors on campus help to keep the students awake in lectures. There is the short, baldish English prof who keeps his students on the edge of their chairs in anticipation of his next words. The suspense is built up because no one knows what the learned doctor will emit next—a whisper or a scream.

This prof loves the feel of his scalp so he continually massages it throughout his lectures. Then there is the other English teacher who pats his stomach while he talks. He uses the excuse that he is straightening his tie, but a man who loves to eat as well as he does has good reason to massage his stomach between meals.

One journalism teacher persists in teetering back and forth in his chair during class. This fascinates the students for they are waiting for the day when he leans too far back; the decline and fall of a journalism professor.

Then there is the philosophy teacher who was shoved into the Psychology department a year or so ago. Invariably when someone in the class stumped him on some psychological trait of the students' best friend, Cyclops, the prof would answer, "Wait and I'll ask my wife tonight and tell you next class meeting." Cyclops got mixed up in more darned domestic scenes that way.

In the Science department one lecturer persists in using a hand microphone to broadcast his topic to the bored "college material." Here everyone expects the doctor to get a cramp in his elbow and either drop the mike or jam it down his throat. Anticipation!

Two biology professors thrust their hands deep into their pockets and circle about the lab while lecturing. They seem to think better while galavanting around. Neither of these profs think anything of wandering into the other's class to "check up" on how things are being handled. Result? One hilarious show for the students.

And then there is the Language department prof who relaxes after classes with one of his favorite pipes. He wanders about near the Commerce wing, anesthetized by his pipe, tobacco, and that awful stuff—fresh air.

Sincerely,
 • Robertson

PHYL CHILLED

Thursday morning the phone rang furiously and frantically in the Publications office.

Instructor William E. Gould picked up the receiver, heard a plaintive, breathless voice at the other end of the line.

"Please Mr. Gould can you find my roommate and tell her to come right home. I locked myself out of my room and I'll be late for school and I've got my bathrobe on and it's COLD!"

The Spartan Daily is happy to report Miss Phyl Clayton, LaTorre editor, was not too late for her first class, but it bemoans the fact that a staff photographer was not available at the time.

Horrors!

Colorful Tresses May Set New Fad

San Jose State college coeds may blossom out in rainbow-hued hair following the forthcoming presentation of "Ethan Frome."

If the style does catch on, blame no one but Elda Beth Payne, who plays Ethan's wife, Zenobia, in the play.

"E-B," naturally a blonde, planned to dye her hair brown to stay completely in character. She followed the "simple directions on the carton," but the results were far from those expected.

Confidants report in an awesome whisper that her hair now is, definitely purple and green. "E-B" temporarily has covered the horrible mistake with a scarf, wrapped turban-like around her multi-colored locks.

Something will have to be done before curtain time. Playwrights Owen and Donald Davis, and novelist Edith Wharton did not intend Zenobia to be an Arab.

Zenobia eventually drives her husband, Ethan, insane, then to suicide.

It is an extremely credible situation should he be faced with purple and green tresses.

THRUST and PARRY

Dear Thrust and Parry:
 A fellow might get the idea that student "wheels" aren't the only ones who enjoy seeing their dubious words waste good space in the Daily.

J. GREVLICH,
 ASB 2680.

Photo Contest

Purchase Orders, La Torre's Prizes; New Information For Color Fans

By PAUL HURMUSES

Have YOU taken advantage of the Spartan Daily amateur photography contest yet? It's time to start hustling and dig out those old pix and enter them before it's too late. Here is an opportunity for anyone and everyone on Washington Square to compete for prizes to be awarded for the outstanding color, action, indoor, and still shots.

The Spartan Daily has obtained a special committee of competent persons from the faculty to judge all entries submitted. Included are Professor George Stone of the Photography department, and Dr. Marques E. Reitzel, head of the Art department. Prizes to be given include cash merchandise orders from San Jose's leading downtown merchants.

The LaTorre publications' staff has announced that it will donate six of the 1947 yearbooks as prizes for runners-up in the contest. These LaTorres are valued at \$5.00 each, and YOU may be a winner! Just think. A chance to win a purchase order, or some portrait sittings at Bushnell studio, or one of this year's LaTorres!

You don't have to be even a good amateur to take a prize-winning photograph. If you have the know-how of looking through the right end of a camera and the strength to snap the shutter, you're in. But get started NOW!

Here is added information for Kodachrome and color fans. Since the enlargement of 35MM snaps takes over a month, it is possible to submit your entries as small negatives, and the judges will run them off on a slideprojector. Be sure to enclose these pix in an envelope with a slip of paper with your name, ASB card number and other data. Seal the envelope.

CAMPUS SHOTS NOT REQUIRED

Numerous queries have come in regarding campus photography. While this is especially recommended, pictures taken anywhere will be accepted in the contest. You don't necessarily have to

shoot local stuff. Following are the eligibility and contest rules governing the contest:

Eligibility:
 1. ASB card holder at San Jose State college.
 2. Non - professional photographer.

Contest Rules:

1. Contestant may submit as many photographs as he or she wishes.
2. Photography will be limited to four types, a. Action, b. Indoor, c. Outdoor (action or still), d. Color.
3. Name and ASB card number must accompany each entry. A box will be placed in the Spartan Daily office in which to deposit your entry.
4. Judges will be selected from the faculty.
5. In any case, the judges' decision will be final.
6. All photographs will be returned upon request.
7. All photographs submitted must not exceed 8x10 inches, and finished preferably on glossy finish paper.
8. Contestant's name and data must be printed on a slip of paper which will be attached to the back of the photograph.
9. Deadline for all entries in the contest will be February 14.

Chalk, Used Most By Math. Dept.

Of the approximately 5760 pieces of chalk used yearly, the Mathematics department uses more than half, according to Byron Bollinger, supervisor of the buildings and grounds.

There are 144 pieces of chalk sticks in a box and the college normally uses between 30 and 40 boxes per year. Ballinger pointed out. The Mathematics department uses large quantities of chalk because the students do much of their work on the blackboards. The Language department is the next heaviest consumer.

This chalk which the students use on the blackboards has an im-

portant scientific background, and use for them in their future lives.

Chalk, as the term is used in geology, comes from limestone and carbonate of lime. The type we use, however, comes partly from magnesium.

It is used in several different professional fields beside education. Tailors use it to mark cloth. Painters and carpenters use it for marking their measurements.

In its purified state, we unwittingly swallow chalk to ease our stomach acidity, a complaint of which we hear so much every night on the radio.

Announcements

ATTENTION KAPPA PHI: No Charm meeting Tuesday night but regular meeting Tuesday, January 28, 7 p. m., First Methodist. Don't forget your 80 cents for Holland child.

PERSON WHO TOOK TEXT for Child Growth and Development class from Publications office please return to Journalism department immediately. Need for assignments.

THOSE INTERESTED in taking Principles of Art Education, Ed. 338, in spring quarter, please notify Art office today.

RALLY RESEARCH COMMITTEE: 12:30 p. m., Student Union, important!

MEN'S COOP: Members and potential members come prepared for work at Unitarian church, 9:30 a. m. tomorrow.

CCF Social Tonight

Final plans have been laid for the quarterly Collegiate Christian Fellowship social evening in the Student Union at 7:30 tonight. A number of surprises have been promised members and friends.

CCF by Party Chairmen Bob Pitman and Dan Smith.

Feature of the evening will be a variety show which will include several out-of-town guests. Following this will be group singing and a short address by the Reverend Ellis Shaw of San Mateo. Refreshments will conclude the program.

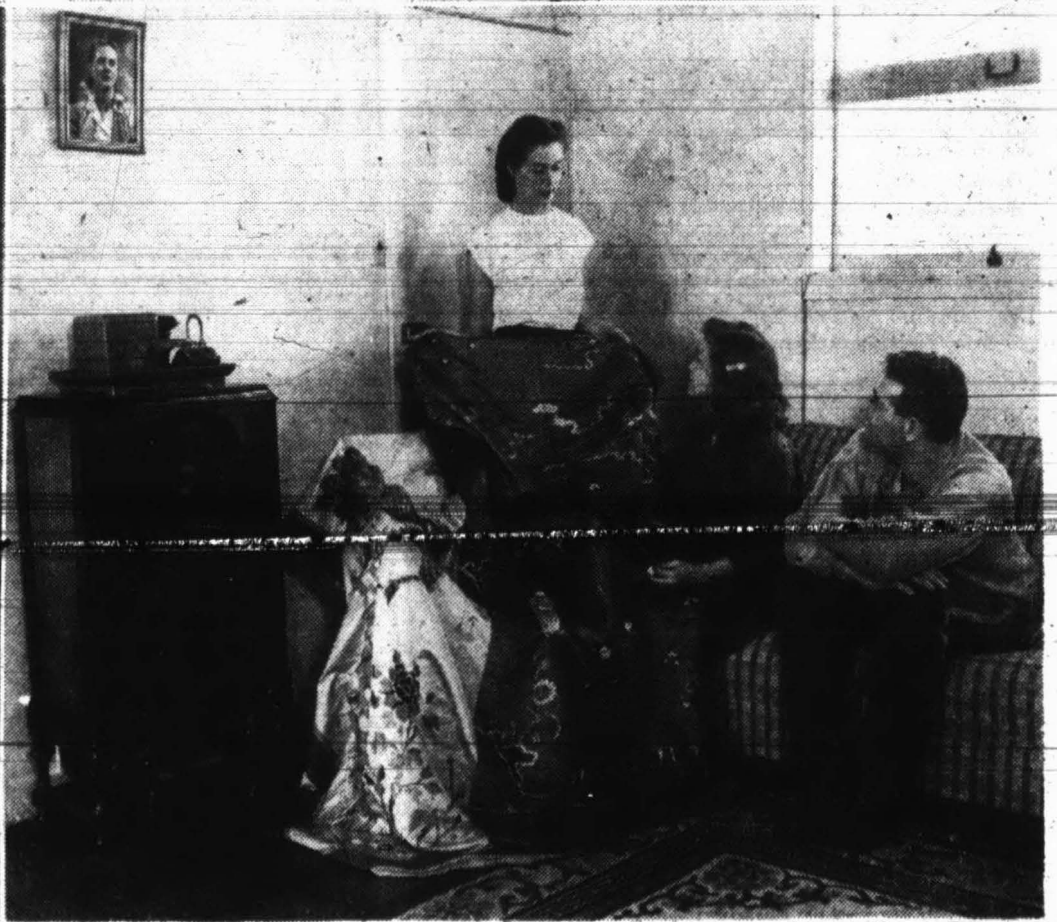

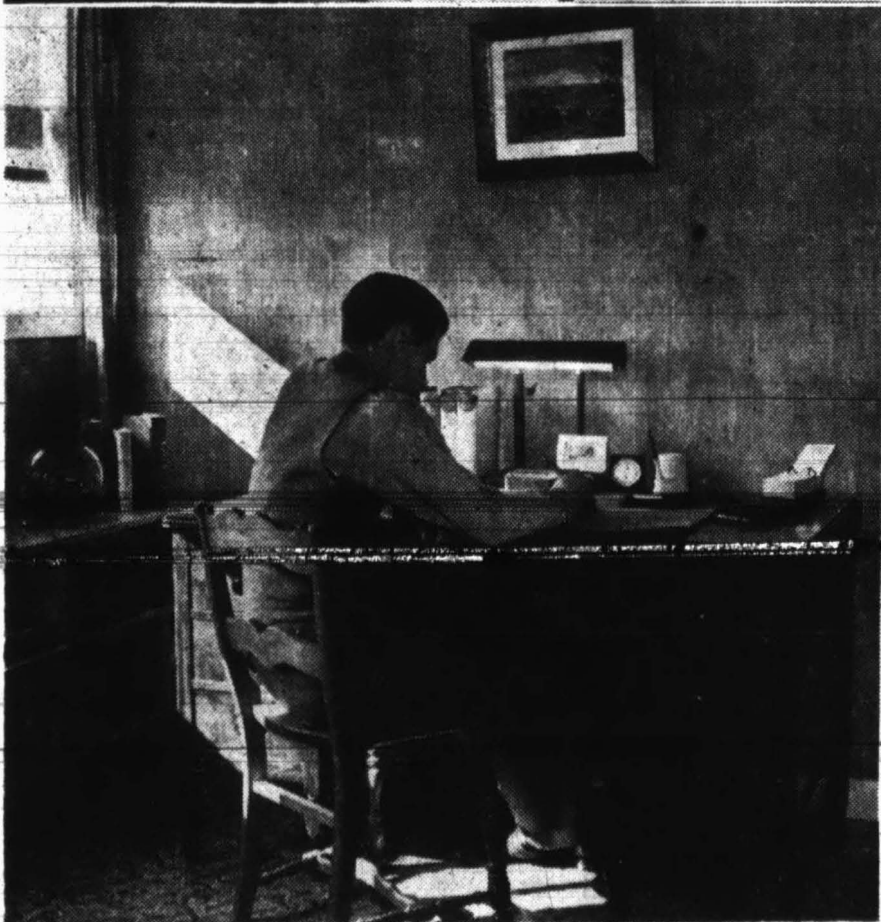

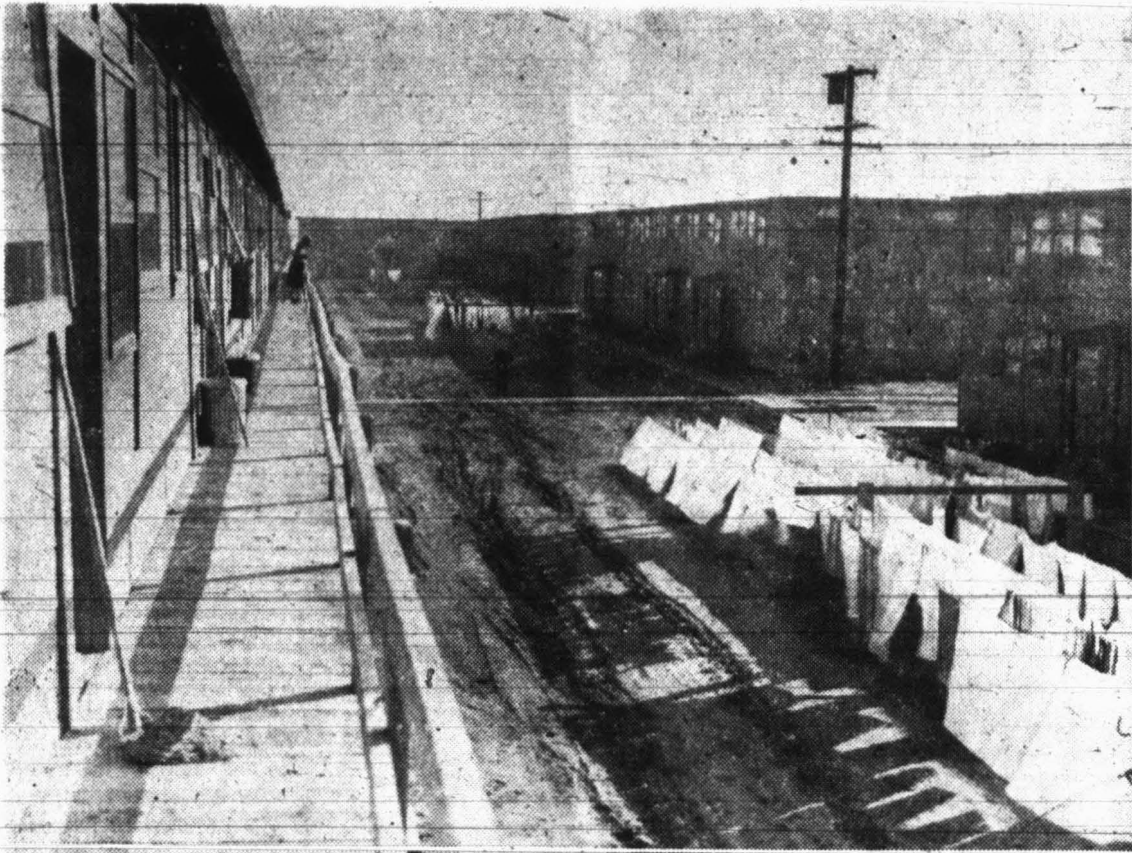

An invitation is extended to all members of CCF and everyone, on or off campus, who is interested in this group. IVCF chapters at Fresno state, Stanford, and the University of California have been invited.

BE IT EVER SO HUMBLE---SPARTAN CITY

LIFE CAN BE BEAUTIFUL.—The architectural design may not rank with the Parthenon, but Spartan City, upper left, is a welcome home to 146 families. The housing project is located near Spartan Stadium. Upper right: Children are plentiful at Spartan City. Two of the City's three sets of twins are shown: Marvin Hubbard, left, John and Ron De Figh, and Norene Hubbard, being watched by their mothers: Mrs. Gilbert Hubbard, left, and Mrs. John De Figh. Mrs. Sarah Faye Fisher, center left, bakes a cake for a party with neighbors. ● It's been cold at the City and the long-awaited gas heaters did not arrive until this week. Center: little Linda Pope, daughter of John

Keith Pope, Spartan Daily sports editor, watches C. F. Fitzgerald install one. Gas ovens in the kitchens had been the previous source of Spartan City heating. Center right: Mrs. Lois Stokes unearths the sidewalk in front of her bungalow under the watchful eye of Gene Sorenson, neighbor boy. Lower left: It's hit the books for Bob Lunn, education major. Because of family responsibilities, studying becomes a serious business at Spartan City. Lower right: A Chan Dynasty tapestry is displayed by Mrs. Helen Spinner, left, to Spartan Daily reporter Phil Ginn. Husband Milton Spinner, right, brought the souvenir home after a tour of military duty in the Orient.—Photos by Dean Spuler.

SB COMMITTEE MEETS TO PLAN NSO CHAPTER

Plans for formation of a local chapter of the National Students' organization (NSO) were underway Tuesday when the Student Body committee met in the Student Union.

Invitations to attend a meeting of all organizational leaders will be sent out this week. The meeting will be held in the near future to acquaint the various organizations on campus with the new national organization, which is a direct result of the Chicago conference held last month.

Formation of a local chapter is but one of the committee's activities. The members will meet with the Stanford NSO committee here on Washington Square today to draw up an agenda for a regional convention which is tentatively scheduled to be held in Berkeley, March 22-23.

Besides these activities, the local committee will have at least eight colleges and junior colleges in this vicinity to contact about joining the regional section of the NSO. Mildred Kiefer, University of California senior, is head of the regional section which includes all California and Nevada.

CHAPLAIN IS RALLY SPEAKER

Former chaplain of Devil's Island, Winston Nunes, will be the speaker at tomorrow night's Youth for Christ rally in the Montgomery Theater of the Civic auditorium.

Nunes is the son of a government officer at Trinidad. He became a Christian through the faithful work of missionaries there.

Prior to the speaker of the evening there will be a singspiration led by Johnny Ensminger. A group of instrumental and vocal numbers will complete the musical program.

STRAIGHT DOPE

By POPE

STATE'S 1947 CINDER MATERIAL . . .

Some interesting information comes to us by way of the publicity sheets Coach Bud Winter's trackmen filled out. From these questionnaires we learn that Douglas Flautt won the 1944 National Service 440 and 880 championships. Flautt has run the quarter-mile in 47.1 and the 880 in 1:51.3. While attending Salinas junior college Flautt was Harold Davis' running mate. Davis, the co-holder of the world's 100-meter record at 10.2, later attended the University of California where he became one of the great sprinters of America.

LONG AND LANKY EUGENE HAYNES . . .

With the proper training Haynes can become one of the outstanding distance-men on the Coast. Eugene likes to run and his performances in the cross-country meets bear this out. Haynes has been clocked at 15:07.2 over a three-mile cross-country stretch. Haynes' best time in the mile is 4:33 (high school).

BILLY RYAN IS IN TOWN . . .

Remember Utah State Aggies' Billy Ryan at the Raisin Bowl? It seems that this same Ryan is working at the J. C. Penny Company in San Jose. Ryan, a fullback, played a good part of the Raisin Bowl tilt against San Jose. Ryan is looking for a place to live. Let's get busy students and perhaps there is a chance that we will have two Billy Ryan—Rhyne's in State.

MORE ON BUD'S TRACK MATERIAL . . .

Quarter-miler Dick Webster has turned in good times. Webster placed second in the C.I.F. (State of California track and field meet) in the 440 with a time of 49.8. Webster is a San Jose boy and he won the PAL title in the quarter-mile run in 51.6.

SLINGING RAY AND WOODY . . .

We all know that practice marks do not count but last year Ray Overhouse tossed the discus 165 feet and Woody Linn, 295 pounder, hit 157 feet. Both are giants and have trouble staying inside the circle but one of these fine days those two boys are going to lose that platter. Linn broke the world's high school record at Fresno in 1943 but he was disqualified because he was a nine semester-man in high school. Linn's efforts are constantly being plagued by a bad case of malaria he picked up in the Philippine Islands.

MILER'S BRANSON AND COLLINS . . .

Along with Haynes in the mile run is Don Branson and Murray Collins to bolster that event. Branson won fame at San Jose State in 1946 when he won the annual cross-country run by running the wrong-way. On the serious side, Branson won the All-City mile in 4:39. Collins holds the NCS mark at 4:32 and he captured the Fresno Invitational mile in 4:29.7 while in high school. Collins, also San Jose lad, won the Call-Bulletin Mile during 1943.

HORSEHIDERS SEEK SLUGGING COED TO BOLSTER STRENGTH

By TOM ROWEN

Has anybody seen the mysterious coed that showed up at Wednesday's practice session of Coach Walt McPherson's batterymen? This slugging beauty failed to make an appearance at yesterday's workout and the ballplayers were disappointed. Searching parties are combing the sandlots to find this Gilroy Babe Ruth.

The batterymen continued workouts yesterday but the practice session was very dull because the female in question failed to make an appearance. McPherson is still wondering where she came from and when she will make her next appearance with the horsehide aspirants. If anybody sees this girl wonder be sure and lasso her and deliver her to the athletic field by the Men's gym because she is some ballplayer, especially with the bat.

McPherson had his throwers working hard yesterday taking advantage of another warm January day. In nine days, drills will be opening and the pitching corps should have enough of those winter kinks worked out so that they can be getting something on the ball when they start throwing for batting practice.

A few of the other schools will

be opening practice about the same time that the Spartans will take their uniforms and balls out of the mothballs and begin the 1947 baseball season. The CCAA should be a very fast league this year with all of the talent that will be available to baseball coaches throughout the conference.

GRAPPLERS IN TOURNEY TOMORROW

By PAUL VON HAFFTEN

More than 10 members of the San Jose State college Varsity wrestling squad will trek to Berkeley tomorrow morning to meet some of the best grapplers of the coast in the Northern California Junior Wrestling Tourney, Coach Ted Mumby announced yesterday.

ELECT CAPTAINS

At an election held Wednesday afternoon, Ray Miser was elected captain of the wrestling squad and Hans Weidenhofer was selected as co-captain of the Varsity. Weidenhofer, however, will be unable to participate in this tourney as he won the Pacific Coast Championships in 1942. He will be seen in action here against the Stanford university Redskins next Friday afternoon.

Among the wrestlers who are planning to make the trip to Berkeley are:

Keith Saboff, 115; Bill Rothwell, 121; Carl Holmberg, 128; Tom Payne, 135; Will Drew, Bill Bodman, Bill Wardrup, R. Payne, 145; Hank Rosendin, Sam Lawson, Capt. Ray Miser, 155; Pat Felice, Bill Jensen, Jack Kenoth, 165; Roy Bridgham, 175; Harry LaBee, 191; and heavyweight Keith Wilson.

Among the teams who will be opposing the Spartans include Stanford, California, Olympic Club, Berkeley YMCA, Oakland YMCA, San Francisco YMCA, San Francisco State college, Oakland Fremont high school, Mare Island, and several grapplers will be unattached.

STANFORD NEXT

The next home dual meet for the Spartans will be here in the Men's gym next Friday afternoon against the strong Stanford university wrestling squad, who gave our boys a rough and thrilling match in a practice meet here last November, before being subdued by the close score of 12½-11½.

VARSITY, JV MERMEN HOLD TIME TRIALS TODAY AT 3:30

Still looking ahead to the opening meet with the San Francisco Olympic club February 14, Coach Charlie Walker will again send his varsity and jayvee swimming teams through time trials this afternoon at 3:30 in the local pool.

Coach Walker has strength in the sprints with Don Thomsen, school record holder, leading the field. In the breast stroke events George Rudloff, former San Francisco prep swimmer, will give the

strength needed.

At the present time the distance and backstroke power is weak. However, if Marty Taylor, co-holder of the school medley relay records, returns to shape the backstroke strength will take a decided jump, according to Walker.

VETS TO GET DENTAL CARE

Veterans' Administration has released the following information which they consider of interest to all veterans.

"Any veteran who had more than six months of active duty and received any but a dishonorable discharge is entitled to a DENTAL EXAMINATION within one year after the date of discharge.

"The results of this examination will be compared with the record made at the time of induction, and those dental defects which do not appear on the induction record are considered to be service incurred and the veteran is entitled to treatment for those specific defects.

"Veterans who are in training under Public Law 16 are eligible for any dental treatment that they need, if the teeth affected are interfering with their training. The local coordinator will personally handle all such applications by veterans enrolled under PL 16.

"Other veterans enrolled at San Jose State college should obtain an application form and submit it to room 16, the Veterans' Administration office.

"On applying, the veteran may indicate his choice from a list of dentists. Applications will be forwarded to San Francisco and approval in writing will be forwarded to the veteran."

ALL-COLLEGE TOURNEY ENDS

(Continued from Page 1)
 ond round before referee Bob Weber stopped the fight. Fontes walked off with the 165 pound title.

HIT HARD

Bob Anderson hit hard and often to put Jack Ferguson on the ropes at the end of the first round. The fight was called by Weber to give Anderson the 155 pound championship.

Rudy Aguirre took all three rounds from Lincoln Kimura to cop the 130 pound title.

HEAVYWEIGHT

Gray McConnell emerged the victor in the heavyweight go after he and Val Marchi fought on even terms for the first two rounds.

Walt Meyer decisioned Woodie Kennamer to take the 175 pound championship.

FIRST MEET

The first dual meet of the season for Coach Dee Portal and his boxers will be against the undefeated Cal Aggies in the local gym next Wednesday night. There are fourteen scheduled bouts on the night's program.

ANNOUNCEMENTS

NSO COMMITTEE: All members of NSO committee on Child Welfare Conference meet in Student Union office at 4 p. m. Stanford delegates will be present.

RALLY EXECUTIVE COMMITTEE and advisory board comprised of Helen Simmons, Don Titcomb, Bud Thornber, Marijane Call, Armen Hanzad and Don Gifford meet in Student Union, 3:30 p. m.

SENIOR DANCE DECORATIONS, following students please be at Women's gym tomorrow morning, 9 o'clock: Virginia Babcock, Jackie Wise, Jim Gualtieri, Hilton Large, Gwen Frizen, and Jerry Brown. Please be on time and dress for work.

TRI BETA: Tuesday, Jan. 28, 12:30 p. m., S213.

Vets Warned

Business office issued a warning to all veterans today, and stated that all requisitions for books and supplies will be carefully checked to make certain that supplies obtained are authorized only in classes actually on the veterans' schedules.

It was stated that this procedure will be enforced to prevent any further use of fictitious names or forgeries on veterans' book request slips, and to keep the few offenders from requisitioning material that is not for their own use.

STATE CAGERS FACE NEVADA

(Continued from Page 1)

Bill Moylan, a sophomore of 24 summers, holds down the other guard spot, and Grant Davis, who played some pretty sharp basketball at Iowa pre-flight during the war, teams with Melarkey at forward positions.

STARTING FIVE

Against this powerful outfit, Spartan head man Walt McPherson will start Hagen and Robinson at forwards, Hughes at center, and Inman and Sonntag at guards.

In Stu Inman, McPherson has one of the finest floormen on the west coast, and Chuck Hughes' performance at the key leaves little if anything to be desired.

HOT AND COLD

Bob Hagen is the fastest of the Spartan cagers and always turns in a fine performance. Captain Hal Sonntag and Ivan Robinson are capable of fine ball handling, but have been hot and cold the past few weeks. Junior Morgan and Bob Wuesthoff are seeing more action all the time and show much improvement.

In the preliminary tonight the Spartan JayVees take on the San Mateo Merchant Marine, and tomorrow evening play a return engagement with the Lincoln high school varsity.

Lycurgus Has Food Feature

A feature article depicting how State college students eat will appear in the winter issue of Lycurgus, campus feature magazine, Margaret Moore, editor, announced Thursday. The article will be illustrated with scenes from local boarding houses and various places where students eat.

A poll is now being conducted by staff members to determine what difficulties students come across in solving the problem of finding suitable places in which to eat and if the expenses involved are conforming to their pocketbooks. As a number of students eat at restaurants and cafeterias, staff members will investigate conditions that are also prevalent at these places.

"The article will be presented in practically the same manner as the one which appeared in the autumn issue of Lycurgus depicting the way that State students live, but the staff will try to present more factual information which should prove to be of benefit to college students," Miss Moore explained.

ANNOUNCEMENTS

BETA CHI SIGMA: Members keep appointments at Bushnell's tomorrow. Those unable to keep appointments sign-up in Publications office for a future date.

AEROS RECEIVE EX-ARMY ENGINE

An engine used in the army's experimental-helicopter XR-1 was received recently by the Aeronautics department.

"It is rigged to operate in a vertical position to facilitate the study of the model," states Donald James, head of Aeronautics at San Jose State college. "The engine is a Franklin six-cylinder opposed type, and capable of 185 horsepower.

"The engine we have has been used for lab endurance tests conducted by the army, and was installed in one of the Nash-Kelvinator XR-1 helicopters for about 135 flying hours."
