Number 19

NSA CONSTITUTION COUNCIL AWAITS IS APPROVED NSA SPEAKERS AT STANFORD MEET BEFORE ACTION

A regional constitution for the National Student Association was approved by the Regional Assembly meeting at Stanford over the week end, announces Delegate Bill Swasey. The constitution will now go to member colleges for ratification.

Swasey and Dale LaMar, Student Council representatives, were sent to the convention by the Student Council to further investigate the possibilities of San Jose State college affiliating with NSA.

It was decided at the convention that one of the first things to be undertaken by the NSA will be the matter of raising GI assistance and improving both GI and non-veteran housing conditions.

The delegation from University of California announced that NSA has already obtained reduced rates to musical performances in the San Francisco Civic auditorium for UC students. Special student concert series are being contemplated.

National and regional yearly dues for a campus with an enrollment from between 5001 and 7000 will only be about \$388, it was announced at the convention.

One of the duties of NSA will be to keep all member campuses informed about educational legislation which is being enacted. Monay Shayon, delegate from Mills college, emphasized that such things as the Tenny Bills will be brought to the attention of Student Councils.

Delegates from 28 colleges and universities attended the convention. Those from this area were: University of Santa Clara, San Mateo Junior college, Stanford, San Francisco Junior college, University of San Francisco, Mills college, Fresno State college, St. Mary's, College of the Pacific, University of California, and San Jose State college.

LYCURGUS SEEKS LITERARY TALENT

Editors of Lycurgus, campus feature magazine, are sending out a call for ideas and material from feature writers for the December issue.

Meeting for all present writers and all contributing writers will be held tonight at 7 p.m. in the Publications office, room 17, according to Editor Glenna McQuiston.

The magazine staff is seeking to make Lycurgus a truly representative campus publication by getting as many contributions as possible.

EXCHANGE RALLIES

Wednesday night's exchange rally with COP will be followed closely by a rally on Thursday night, led by the same cast of entertainers who will travel to Stockton. Time and place for both is 7:30 p.m. in Morris Dalley auditorium.

Report from delegates to the Regional Assembly of the National Student Association held at Stanford over the week end topped the agenda of the Student Council last night.

Delegates Dale LaMar and Bill Swasey recommended that the Council affiliate with NSA. However, it was decided that action would be taken after speakers from NSA Regional Assembly visit the campus to answer questions pertaining to the national organization.

It was provided that joint class meetings would be called for the purpose of hearing NSA speakers. The Council will also be in session to hear the speakers.

An estimated budget of \$750 was offered the Council within which NSA would operate on campus. This included both national and regional dues. No action was taken.

An amendment concerning a proposed student-faculty relations board was tabled until next week. The revised student constitution which was to have been submitted to the Council last night, is to be presented next week.

"We could have presented the constitution last night," stated Chief Justice J. Keith Pope. "However, we feel that as long as we are revising the constitution, we should take time to do a thorough and accurate job."

Other action included the authorization of an inter-collegiate rifle team to be sponsored by the ROTC and Men's P. E. department. Seniors were granted the coke concession at all home CCAA basketball games.

PITMAN, HENRY WIN DOCTORATES

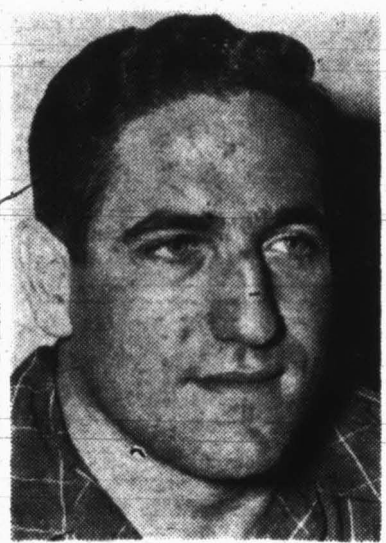

Dean of Men Paul M. Pitman and Assistant Professor of Psychology Burton Henry of San Jose State college were awarded their initial doctorates Friday by the University of Southern California.

Dean Pitman earned his degree as Doctor of Education and Dr. Henry as Doctor of Philosophy, School of Education. Formal presentation of the degrees will take place at a later date.

At San Jose State since 1939, Dean Pitman received his A. B. from Occidental college; A. M., University of California, and M. Ed., University of Southern California. When quizzed as to his reaction, the dean asked that "too much fuss not be made over the whole thing," and confided that he had been most concerned over the outcome of the San Diego football game.

Dr. Henry came to San Jose in 1946 after having received his M. Ed. in 1945 at the University of Southern California. Previous study included an A. B. from Harvard college and graduate study at Yale university. From 1943 to '45 he was a psychiatric social worker with the U. S. Army Medical Corps.

JULIANO ASKS FOR SCRIPT WRITERS

JOE JULIANO

"Script writers, song writers, and music arrangers are invited to submit material for this year's Spartan Revelries, scheduled for February 16 to 20," revealed newly appointed director, Joe Juliano Thursday.

Juliano is busy preparing an original script for Revelries of 1948. "It must be different, good, unusual, and above all a fast show," claims Juliano. "This show will be the best the campus has seen."

All material should be submitted to the ASB office in the Student Union and will be given careful consideration. The executive staff and the casting will be determined at a meeting to be held soon.

JUNIOR CLASS AIMS FOR SENIOR BALL

A free Senior Ball for the class of 1949 is the objective toward which the Junior class is working this year, asserted newly elected President Tom Wall yesterday.

"We plan to give a series of small functions this year and the profits will go to pay for the 1949 Senior Ball," said Wall.

Wall was elected president of the Junior class Friday at the class elections, according to Melita Hall, Student Court junior justice. Other class officers include:

SENIOR: George Genevro, president; Sal Millan, vice-president; and Barbara Jensen, secretary-treasurer.

JUNIOR: Tom Wall, president; Bob Keller, vice-president; and Jane Potter, secretary-treasurer.

SOPHOMORE: Al Pinar, president; Vern Baker, vice-president; and Jean Collins, secretary-treasurer.

STUDENT BODY: William Logan, prosecuting attorney.

Only 600 out of more than 6000 eligible Spartans voted in Friday's election, according to Miss Hall.

HALLOWEEN PARTY

A Halloween party is planned Thursday in the Student Union at 7:30 for all freshman students. Leah Keller and Bob Culp will make further announcements about the party in Freshman Orientation today.

Tug O' War Opens Battle; Dance Set As Final Event

By GEORGE GUNTER

Today at 12:30 freshmen and sophomores will engage in a tug-of-war contest that begins the first frosh-soph mixer this quarter and promises to draw out a great deal of school spirit from approximately 4850 Spartans.

The lower division students will wind up the competition tonight with a dance in the Men's gym from 8 until 11 p.m., where the winning class will be awarded the traditional trophy.

The sophomores are requested by Len Frizzi and Marilyn Norton, co-chairmen, to wear white shirts, Levis, and ties. Freshmen are to sport corduroys or khaki trousers, according to Ray Bishop, past freshman class president.

Freshman - sophomore mixers take place every quarter and the competing classes struggle for points in contests and games held throughout the afternoon and evening. All events are worth 25 points except the dance, which is worth 100 points and figured on a competitive basis of attendance.

SCHEDULE OF EVENTS

12:30—Men's tug-of-war
San Carlos turf
2:30—Women's softball
San Carlos turf
3:30—Mixed volleyball
Outdoor courts
4:30—Men's basketball
Men's gym
8-11—Dance
Men's gym

In charge of dance decorations are: George Buehring and Janice Fuller; Vernon Burgstrom, Bill Mogan, and Tom Burch head the freshman committee.

CHIME SCHEDULE IS UNCHANGED

In a statement supporting the results of a poll conducted by Mr. Dwight Bentel's "newspaper practice and trends" class last week, Dr. T. W. MacQuarrie, college president, has indicated that the chime schedule will probably continue unchanged.

Dr. MacQuarrie also expressed hope that regular concerts on the chimes could be arranged for and said that chime numbers in keeping with the spirit of the College of Pacific-San Jose State college game Friday evening would be especially effective for a Friday noon concert.

A policy governing the general use of the chimes will be formulated today by a committee of the college deans meeting with Dr. MacQuarrie.

Mandemaker, Storey Lost for Four Weeks

During yesterday afternoon's turning and blocking practice, Coach Bill Hubbard announced that Bob Mandemaker and Chuck Storey, tackles, will be lost to the team for at least four weeks as a result of injuries incurred against San Diego.

Since both Val Marchi and Jack Faulk, first string tackles, are operating on unsteady legs, Marshall DeBisschop and Art Allen, reserve linemen, may see a great deal of action against COP's speedy T-formation attack on Friday night.

Fred Mangini, halfback that has been sidelined due to an ailing leg since the USF game, ran through plays yesterday with no apparent ill-effects from the wound.

"Love Those Parts" Actors Say of My Sister Eileen

"It's a laugh-getter!" chuckled Deane Healey when asked his opinion of the farce comedy, "My Sister Eileen," opening its five-night run in the Little Theater Thursday.

"There isn't a single poor character in it," Healey continued. He said he was pleased with his part of Chic, the wolfish newspaper man. "I've never played a part like it before," grinned Healey.

Roxana Hildreth says her role of Ruth, Eileen's sister, is "the best I've ever had." She graduates this year and would like to come back for a teaching credential or go on the professional stage. When asked how she liked the play, she said, "I think it's swell!"

"I just love my part of Eileen," exclaimed Joan Buechner. The former Fresno State co-ed hails from New York City, but has lived in California for the past three years. She comes from an artistic family. Her mother was formerly a Ziegfeld girl and a Powers model. Joan's sister, Babs, was also a Powers model—at the age of two! Her father, Col. F. W. Buechner, had a sponsored hour radio program.

Shirley Mandell's dramatic activities take her from her home in Campbell so much that her parents plan to move to San Jose so they may see more of their daughter. "We'll move just as soon as we find a house," said Shirley. She will play the part of Mrs. Wade in the play. In addition to her rehearsals, she spends many hours working on stage crews.

X-RAYS OFFERED

The Santa Clara county mobile x-ray unit will be on campus tomorrow to give chest x-rays, said Miss Margaret Twombly, head of the college Health department.

Miss Twombly said that the unit will be here from 9 a.m. until 4 p.m. It will be the last opportunity for students this quarter to have the service done. Check with the Health office for further information.

TENNIS SIGN-UP

Jerrie Salina, manager of the Women's Athletic Association tennis club, requests that the following people designate today on the WAA bulletin board the names of their partners for the tennis matches: Jacqueline Foster, Marianne Gothard, Tillie Jurevich, Winona Lyon, Linda Montgomery, Eleanore Piddoli, Beverly Warnke, Edith Williams.

If these students do not sign up the names of their partners, partners will be assigned to them, according to Miss Salina.

SCIENCE STAFF GETS THE BIRD

By DICK COX

The mystery of who put the stuffed Glaucous winged seagull upon the Science building weathervane still is bothering the super-sleuths of the campus.

Some unidentified students discovered the "bird" perched on the roof last week and gave it to Manuel Taxera, chief keeper of cameras and physics equipment in the physics storeroom.

Mr. Taxera referred the matter to Lester Brubaker, regular habitant of the storeroom. Mr. Brubaker carted the former flapper over to Mrs. Alice Hoover in the biology storeroom.

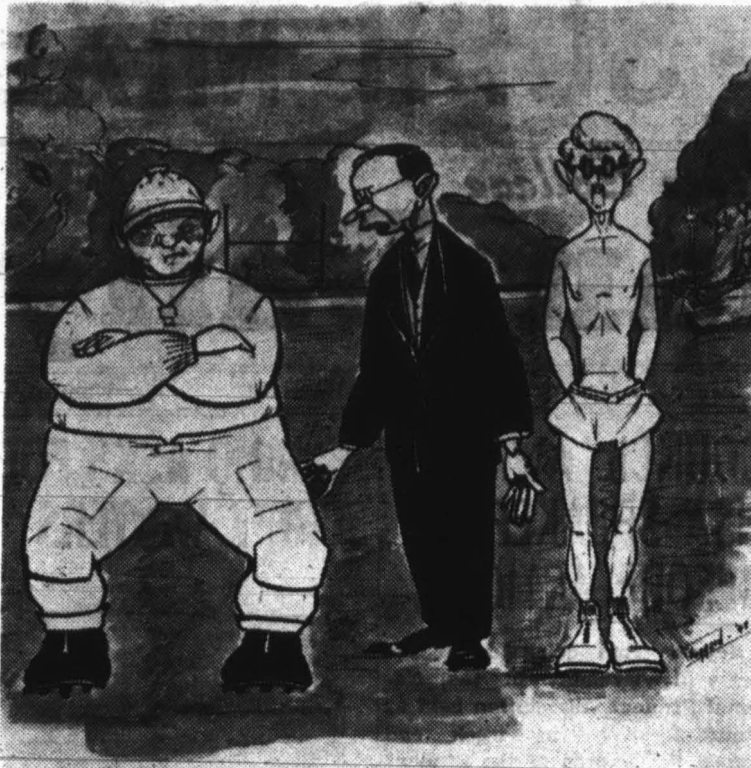

Mrs. Hoover and Mrs. Eva McRae held a quick council of war and decided that a "bold" didn't fit with their "binocs" and bacteria supplies.

Alice was appointed to sneak the creature into Dr. Ralph A. "Zoology" Smith's office.

When Dr. Smith found the seagull on his desk, he made a quick inspection and found that the bird was wearing a property tag from San Jose State's bird collection.

"The best man to get the bird around here is Dr. McCallum," the zoology man muttered to himself. So he walked into the biology office and left the gull in Dr. G. A. McCallum's care.

The well-known biology instructor was out of town at Spartan Daily deadline time and could not be reached for comment, but a large bird, believed to be the Glaucous winged speckle, was resting peacefully on a filing cabinet in Dr. McCallum's inner sanctum.

"But if he flunks P. E., he won't be eligible for the debating team, coach!"

DAY EDITOR—This Issue—MAX MILLER

HAVE YOU HEARD?

By BEA DOOLEY

At a luncheon in Palo Alto Sunday afternoon, Vonnie Hughes announced her engagement to Dick Thorn.

Vonnice, a freshman at San Jose State, is majoring in interior decoration. This is Dick's second year as a pre-architecture major. He is a member of the Chi Delta Phi fraternity.

A box of chocolates passed at a meeting of Beta Gamma Chi sorority revealed the engagement of Beverley Clay, senior commerce major, to Ernie Bontadelli, economics major from Watsonville.

Ernie is affiliated with Alpha Pi Omega fraternity. The wedding date has been set for June.

Bette Heslewood, sophomore commerce major from Oakland, became the bride of Eric Johnson, P. E. major, at a formal, double ring ceremony in the Alameda Christ Episcopal church this month.

Jacque Wolff, junior journalism major, sang at the wedding.

The newlyweds will live at Santa Clara Village while they continue their studies here.

Wedding bells will ring for Marcia La Grave, senior cadet nurse, and Victor McLane, senior music major, on December 28 at the Pioneer Congregational church in Sacramento.

Marcia is currently in training at San Jose hospital.

The couple will reside in Lincoln Glen after the marriage. Both plan to graduate in June.

Florence Dixon, 1946 graduate from Cupertino, announced her engagement at a recent Zeta Chi meeting.

She will marry Fred Lindsay from Berkeley. He attended San Jose State college in 1940-41 and plans to return here in March. He is now in the army at Letterman hospital, acting as assistant recreation director. Fred is affiliated with Spartan Knights.

Florence is teaching physical education in Modesto.

No wedding date has been set.

VETS' BULL SESSION

By HAL SNOOK

Former Navy and Marine Corps personnel who received other than honorable discharge certificates are eligible to have their records reviewed by the Navy Board of Review for Discharges and Dismissals.

The Board is authorized to review all discharges from the Navy, except those issued as a result of a sentence of a general court martial, or those convicted of more than one summary court martial, or those whose final service marks were less than 2.75 in proficiency and 3.25 in conduct (Marine Corps 3.44 and 4.0 respectively).

ELIGIBLE

Eligible for review are those holding discharges under honorable or satisfactory conditions which were issued on or after September 9, 1939, for any of the following reasons:

The convenience of the Government; the individual's own convenience; dependency existing prior to enlistment; dependency arriving after enlistment; minors enlisting without consent under the age of authorized enlistment; and personnel discharged as a result of a medical survey not due to their own misconduct.

APPLICATIONS

Former Navy and Marine Corps personnel may make written application to the Review Board, Discharges and Dismissals, Navy Department, Washington, D.C., for review of their records to determine if they are now entitled to receive an honorable discharge certificate.

The Review Board, set up under provisions of the Servicemen's Readjustment Act of 1944, has reviewed approximately 14,000 discharges to date and in about 30 per cent of the cases reviewed, the type of discharge was changed for the better by the Board.

SHOW YOUR TICKETS

This is the story of seven automobiles parked near the Chi Pi Sigma houses, on North Fifth street recently. Came night and the cars remained. Came the police and seven citations.

Came morning and seven red faces. The seven autos belonged to seven police students at San Jose State college.

Bob Moon, a member of Alpha Gamma, designed the cover of this year's La Torre.

Bud Younger, halfback candidate for Bud Winter's freshman football team, has aspirations toward becoming a lawyer.

Reports of the practice field indicate that he has a very definite way of winning his point.

Barbara Stewart, former Phi Kappa Pi society president, attended a recent Phi Kap meeting while on leave of absence from her duties as an airline hostess. "Bobbie" has a broken ankle, but manages to get around.

Ed Reith has been using his 6 and 1/2 feet to good advantage during the freshman football practices, and has shown the capabilities necessary to develop into quite a pass-catching end.

Reith comes from Alameda high school where he was one of the few three year lettermen.

Bob Maiwald, 185 lb. prospect for guard on the freshman football squad, is one of the few team members who desires to become a football coach upon graduation.

THRUST AND PARRY

DAILY TROUBLES

Thrust and Parry: G-r-r-r, You're darn right, the Spartan Daily is a good rag, but why must you have to beat someone over the head or run like a deer to a news box in order to get your torn and battered copy? Can't there be enough copies for everyone?

After all, under the present system of distribution, you can't stop those one thousand students without ASB cards from getting their copy too.

That leaves a thousand of us, with lead in our pants, out in the cold.

ASB'S 6101, 5899, 1670, 1667, 1414, 1241, 1182, 1010, 951, 857, and 540.

Dear Thrust and Parry: Please answer the following questions for me.

(1) What is the total enrollment at San Jose State? (2) How many Student Body cards have been sold (including GI)? (3) What is the circulation of the Daily?

When I bought an ASB card, I was told that part of the funds would help support the Daily. Yet I don't always get a paper. Maybe my classes are at a bad time but that isn't my fault. I realize that if the Daily were handed out, one by one, to all ASB card holders it would be too slow and confusing, but I do believe that all ASB card holders are entitled to a paper first. When I don't get a paper, it must mean that a non-ASB card holder is getting one while he isn't contributing to its support.

I don't know the answer, but here is a suggestion I'd like to throw in for what it's worth. When a person has finished reading the paper—keep it neat and put it back in one of the stands so that someone else can read it. It's no fun looking at a sixth-read dirty paper just to keep up on the news.

ASB 88

(Editor's note: Enrollment and ASB card information in Spartan Daily Oct. 13, 20. Press run kept to a minimum due to newsprint shortage. If wastage of the Dailies that reach campus was stopped, this situation wouldn't be so acute.)

COTTAGE VISITORS

Thrust and Parry: I wish to say a few words of praise for the Health Cottage. The fine food, efficient nurses and clean and comfortable beds. The Health Cottage is something every student should be proud of.

Had not it been for one of the thoughtless rules of "No visitors allowed," I am sure my stay there

would have been a pleasant one. As it was I got out of the Health Cottage very dejected and burned up to think that anyone could make one rule to govern 7000 students, when it is a student body affair.

I think we should be told the thought behind this rule, and if not, it should be changed.

ASB 4612

(Editor's note: Immediate relatives, ministers, and faculty members are allowed to visit the patient at any time. When the student enters the cottage, he is asked to name a friend who will visit him and deliver messages from others.

Unlimited visiting is not encouraged because only one nurse is on duty to attend to the patients, because communicable diseases are handled, and because the average length of confinement is only 3 1/2 days.)

12:20 REQUEST

Dear Thrust and Parry: Before coming to San Jose State college I heard a lot about the chimes that played songs at 12:20 every day. As yet I have not heard them played.

I do not know what is wrong with the chimes, but I think whatever is wrong should be fixed. The week preceding the game with OOP would be a good time for school songs to be played on the chimes.

ASB 875

(Editor's note: It has been suggested that the chimes play only on special occasions as a daily performance can become too common. A ruling on the matter will be reported at a later date in the Spartan Daily.)

SPORTS

Tuesday, October 28, 1947-

With his reputation as "Line-man of the Year" in 1946, and his selection as All Santa Clara Valley Athletic League tackle in 1945 and 1946, John Pear, 190 pounder comes from Mt. View high school, appears to have won himself a starting berth on "Bud" Winter's freshman football squad.

An erstwhile sailor in the United States Navy is Eugene "Mick" Butler, 165 lb. halfback from Auburn, Indiana.

"Mick" is trying to win himself a starting job with "Bud" Winter's freshman football team.

A football playing guard that intends to become a psychologist

WRITER EXPLAINS RULES AND FUN OF WATER POLO

Are you one of the faithful Spartan rooters who missed the thrilling water polo classic at the pool Friday night? Besides having a feeling of guilt for letting your school down, you should know that you missed one of the best and most exciting sports contests in your short lifetime. Yep, the Spartans and Winged "O" boys put on a thriller that few basketball contests can equal.

is a little out of the ordinary, but Dick Johnson, 180 pounder from Berkeley, has his sights set on just that goal.

Johnson, at 21 years, is close to the oldest man on the freshman squad, and he has been demanding a lot of coach "Bud" Winter's attention on the practice field.

Eugene Muir, 195 lb. guard from Castlemont high school in Oakland, has impressed bystanders with his defensive work in freshman football practices.

Muir, who wants to become a teacher, probably will see quite a bit of action during the 1947 season.

Coach Charley Walker insists that too few students here know anything about the sport and its spine tingling moments. After Friday night we definitely agree.

The rules and strategy of the game of water polo are very similar to basketball. One difference, however, is that when a foul is called in the swimmer's sport, every man must stop and remain stationary until the referee puts the ball into play.

In water polo, like soccer, each goal counts one point. Unlike soccer, the splashers are allowed to use their hands. Except for the goalie, no man is allowed to ever have more than one hand on the ball. The goalie is the lone player who can use both paws when handling the sphere.

Most persons think of the merman's sport as consisting of nothing but slugging and tussling for possession of that rubber ball. They are surprised to find out how different it really is. The ref's whistle is always quick to put an end to any struggle for the ball.

A goalie putting the ball into play from the cage is not allowed to throw it farther than half the length of the pool.

In many ways the aquatic game resembles basketball. It certainly is equal to the hoopsters sport as far as offering thrill starved fans what their hearts desire.

Ray "Bunny" Bunnell, 155 lb. freshman from San Jose, was chosen all Santa Clara Valley Athletic League Guard for the 1945 and 1946 seasons, while playing for Santa Clara high school.

Ed Williams, 175 lb. end from Oakland, is one of the few freshman footballers who can boast of a Physical Education major.

FROSH PREPARE FOR INDIANS

Fresh from a hard earned 7-0 victory over the Cal Poly freshman eleven last Friday evening, Coach Bud Winter's yearlings will be hard at work this week in preparation for their big tussle with the undefeated Stanford frosh.

Last Saturday at Palo Alto, the Papoose tied the UCLA Cubs 13-13 in a great passing contest. Yep, Stanford has one unbeaten team this year.

It will be rough going for Coach Winter's boys this Satur-

day, and they will have to work very hard this week if they expect to take Stanford's measure. Coach Winter may stress pass defense which is the Papoose main weapon.

Among the Stanford victims this season are Santa Clara and the USC frosh. The Bruins Babes were lucky to tie them. In their first tilt with the Broncos, the Cards won on the last play of the game with a pass which was good for 95 yards.

Coach Winter was proud of his boys after their win Friday night. He, however, will scrimmage them plenty this week and hopes to improve their tackling and blocking.

CO-ED-RECREATION

A co-educational recreation program is being formulated by the Student Council, announces Dale LaMar. A meeting is planned for Thursday in room 24 at 7:30 p.m. for students interested in forming and working on a steering committee for the group.

Clothing Drive Ends Thursday

The clothing drive being sponsored this week by the Student Y will end Thursday at 5 p.m., states Vic McLane, chairman. The drive was started last week in an effort to collect footwear and winter clothing and send it to the needy abroad before Christmas.

Executive Secretary Malcolm Carpenter said, "Clothing may be deposited on the campus or at the Student Y, 220 So. Seventh street. The Y members are extremely anxious to aid this cause and will call at any boarding house or dormitory to collect clothing if students will telephone the Student Y, Col. 9654-W, before Thursday."

"This drive gives us an opportunity to share directly with the needy and this winter in Europe might be unusually severe," says "Mac." Garments from this drive will also go directly to Asia to aid the people there.

"Sleepy Time Gal"
Whatta Gal!
Whatta RECORD!

... latest disk by The Three Suns for RCA Victor

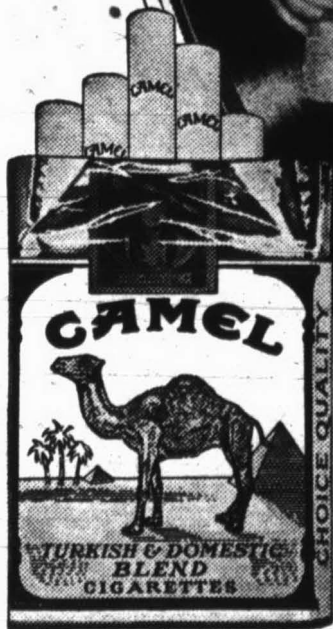

BACK in '25 everybody was humming 'bout that "Sleepy Time Gal." Now "Gal" is back in a new and wonderful record.

And here's another favorite with a great record: cool, mild, flavorful Camel cigarettes. More men and more women are smoking Camels than ever before.

Why? The answer is in your "T-Zone" (T for Taste and T for Throat).

Try Camels. Discover for yourself why, with smokers who have tried and compared, Camels are the "choice of experience"!

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

I LEARNED BY EXPERIENCE THAT
CAMELS
SUIT ME BEST!

Al Nevins

More people are smoking **CAMELS** than ever before!
