SOPHS, FROSH WILL TANGLE TODAY IN QUARTERLY MIXER

Sophomores and freshmen will be heading for the "Last Round-up" today as they get their shootin' irons poised for the battle to end all battles in this year's final mixer series.

Rigged out in conventional western attire—jeans, plaid shirts, and bright kerchiefs, underclassmen will congregate in the Student Union at 8:30 tonight for concluding events which will decide the winner.

Ken McGill, Spardi Gras master of ceremonies, will again take over the post for the evening party. Dr. Robert Rhodes with his guitar will also be on deck to supply music with that old western tang. Square dances, intermission games, social dancing, and refreshments will conclude the evening's activities.

Official beginning of mixer activities will be at 8 o'clock today with a rough, tough baseball game between the sophomore men and freshmen men on the San Carlos turf. Simultaneously, the women of both classes will also line up for their baseball game. At 4 o'clock, the traditional tug o' war will take place to test the brawn of both classes. Immediately following is the sand bag brawl. Other activity for the women is

Beta Chis Hold Formal Initiation Wednesday Night

Three new members were admitted to the ranks of Beta Chi Sigma social fraternity Wednesday night in the formal initiation held at O'Brien's restaurant.

Jim Howie, Doug Poutz, and Charles Dahlgren were presented their membership pins by frat President Jim Beacock. After a short business meeting, the group held an informal party at the home of a friend.

CALENDAR FOR THE WEEK

TODAY, MAY 26—

Frosh Soph Mixer, 12 to 12 o'clock. Mixer dance in the Student Union.

SATURDAY, MAY 27—

Entomology field trip to Ben Lomond.

SUNDAY, MAY 28—

USO Open House, Student Union, 6:30 to 10 o'clock.

Junior class beach party, Santa Cruz, all day.

TUESDAY, MAY 30—

Holiday!

WEDNESDAY, MAY 31—

Student body election of officers.

Beta Beta Beta initiation.

Gamma Phi Sigma and Kappa Kappa Sigma joint meeting.

THURSDAY, JUNE 1—

CCF meeting, room 53, noon.

Red Cross benefit showing of Hawaiian pictures, 12 to 1 o'clock.

AWA installation dinner, O'Brien's, 5:30 to 7 o'clock.

Music Composition contest recital, Little Theater, 11 o'clock.

Tau Gamma initiation, 7:30 o'clock.

USO dance, Student Union, 7:30 to 11 o'clock.

SENIOR BALL BIDS ON SALE SOON

Senior ball bids will go on sale to fourth-year students after June 5, and will sell at \$2.50, including taxes, according to Ball Chairman Gerry Reynolds.

Theme of the annual formal affair is "Silver Ball" to be held in the main dining room of the Hotel Sainte Claire from 9 until 1 on Saturday, June 17. Bids and decorations will carry out the silver theme.

"What with the rise in prices of everything on the market, we are happy to say that the ball bids will be sold at the same price as last year," the chairman said.

She urges all senior students to attend the dance, which will be the first affair on the Senior Week schedule, as it will be the biggest and most important dance of the year.

Jo Falcone heads committee members as assistant chairman for the ball, while Barbara Onyett and Jean Webster are in charge of bids; Phil Sykes, Jeanette Owen, and Willie Sabelman are on the music committee; Leola Conklin, Winnie Peterson, Dave Coen, Jeanne Wright, and Betty Wernick are managing decorations and Barbara Holbrook and Pat O'Donnell are inviting patrons.

Patrons will be Dr. and Mrs. T. W. MacQuarrie; Dr. and Mrs. J. C. DeVoss; Dr. and Mrs. J. C.

(Continued on page 3)

COMMERCE MAJORS TRY FOR AWARD

Three commerce women have been chosen to try for the Alpha Al Sirat award. Included in these three are Mary Lou Montgomery, Dorothy Beegle, and Betty Belle Johnson.

This award is given yearly by the Commerce department for commerce majors only. The student must have a 1.5 average and

a 2.0 commerce average.

The three women chosen so far have been rated by the faculty and the students, and must now be rated by business men of the town. After this final rating, a certificate will be awarded at the Recognition assembly, Thursday, June 8, designating this woman as the "most likely to succeed."

WOMEN'S GYM SCENE OF ART EXHIBIT STARTING SUNDAY

"Contemporary Art of the Western Hemisphere" is the title of the comprehensive exhibit now being set up in the Women's gym.

The exhibit will consist of 103 canvases from the Latin-American republics, the United States, Canada, and a number of outlying American possessions.

Sunday will be the opening day of the show which will continue until June 24.

Sunday's attendance will be limited to patrons and patronesses of the exhibit and members of the college faculty and their friends.

Beginning Monday, the exhibit will be open to the general public daily from 10 o'clock to 12 noon, and from 1 to 5 o'clock, and from 7 to 9 o'clock.

The collection is being lent to

the college by the International Business Machines corporation, whose president, Mr. Thomas J. Watson, has bought paintings from leading artists in all the countries of this hemisphere in which his corporation did business since 1937.

Some of the canvases were shown on Treasure Island in 1939-40, but a number have been added since that time.

Office Candidates For 1944-45 To Be Named In Quad

Nominees Have Two Minutes To Present Qualifications

Today at 12:30 in the inner quad the nomination assembly for next year's Student Body executive officers will be held. Candidates and their managers will have two minutes in which the qualifications and past experiences of the nominees may be brought to the attention of students.

Only those students who handed applications in to the Business office by the deadline on Wednesday, and who qualify for a Student Body office may seek a post. Requirements for the four office posts now up for student vote are that the nominees be upper classmen at

the time of taking office. ASB members in good standing, not on probation, and not special students.

CAMPAIGNING

Campaigning may begin as soon as the Nomination assembly is over. No posters may be put up until that time. Electioneering for the presidential, vice presidential, secretarial, and treasurer nominees will come to a close on Election day, Wednesday, May 31.

Applicants for the office of president are Howard Riddle and Hugh Johnston. Vice presidential post seekers are Milt Levy, Marge Howell, Jean Petrinovich, and Barbara Lee Rico. Candidates for the secretarial office are Leah Hardcastle, Beverly Lusardi, Pat Cavanaugh, and Emma Ann Wishart. Prospective treasurers are Ed Loudon, Pat Dunlavy, Mary Hooton, and Barbara Bressani.

OTHER OFFICERS

Applications for the offices of sophomore, junior and senior Student Council members, two senior judge positions on the Student Court, yell leader and two assistant yell leaders, must be in the Business office by 12 noon

(Continued on Page 3)

SOPH HOP PLANS NOW UNDER WAY

Arrangements for the sophomore sponsored ASB "Summerset" dance, to be given on Saturday, June 3, are rapidly shaping up, according to Soph President Milt Levy. Bids went on sale Thursday noon and all committees are working toward completion of plans.

The Men's gym, which will be used for the dance, will be completely changed in atmosphere to fit in with the romantic theme of the party, promise decorations committee members. "Summerset" affords a big field for ideas to decorate the room and the finished product definitely will be super.

Bill Smith's eight piece orchestra will provide the music for dancers at the party which will last from 9 to 1 o'clock. Bids, which cost one dollar, including tax, went on sale yesterday at noon in the inner Quad and will be obtainable all next week at the booth in the Quad.

Committee heads working on the dance are Betty Rearden and Dave Webster, decorations; Jo Harrison, patrons; Pat Dunlavy, bids; Hugh Johnston, orchestra; Marjorie Hopper, publicity; Gerry Stevens, refreshments; Clorinda Burriesci, entertainment; and Bev Greer, chairman.

FROSH-SOPH MIXER

There's no rationing on the amount of fun you rugged sophs and frosh can have today at the "Last Roundup".

The battle between the underclassmen will commence at 3 o'clock this afternoon with tugs of war, baseball and volleyball games, and sand bag brawls. If you're ready to put your muscles into action and lick those rustlers out of the winning battle, trot to the "Last Roundup".

Spirit has knocked the lid off this quarter's campus fun, so come on, fellas, join today's frolic for another merry good time!

The fairer sex is feverishly tugging at those needles in the Red Cross workroom in an effort to out-sew each other. The sophs are ahead again and they are favored to win the coveted mixer cup. Undaunted, however, the frosh are wipping the needles fast and furiously.

Today will tell! Come on out and make your class the winner!

—Frates.

DIETETIC STUDENTS NOW TRAINING FOR HOSPITAL WORK IN COLLEGE CAFETERIA, DEMAND IS GREAT

By ORA LEE SAMPLE

Have you noticed the girls in white uniforms in the college cafeteria? They are not nurses but they will be telling the nurses what to feed the patient as they are dietetic students training for hospital work.

There is now a great demand for these college trained dietitians in the armed forces, declared Mrs. Sarah Dowdle, associate professor of home economics, and the dietetic students who can go into this service are given rank. The graduate student with a little additional training is entered as second lieutenant, and the army and navy are begging for them.

The girls in white are enrolled in institutional management, which is one of the courses given for dietetics majors.

TRAINING

The training program now in operation in the college cafeteria is quite a revolution of an earlier plan for the college cafeteria was originally operated for the demonstration school, Mrs. Dowdle declared. The demonstration school then was located in what is now the Art building and the education majors did their observation there. School was held for the first six grades and faculty members of the Education department did the teaching.

CHILDREN

"Later a children's dining room was operated in the room now used for the college tea room and another room was used for an adult dining room. This entire setup was called the training school cafeteria. "For a time prior to the outbreak of the war, the college cafe-

teria served three meals a day and had meal tickets at special rates for the students, and a training table for the football boys. But since the great decrease in student enrollment, the cafeteria serves but one meal a day on school days only."

teria served three meals a day and had meal tickets at special rates for the students, and a training table for the football boys. But since the great decrease in student enrollment, the cafeteria serves but one meal a day on school days only."

French Society Plans Trip To San Francisco

An excursion to San Francisco is being planned according to officers of Iota Delta Phi, French society. The date will probably be June 3, but it is not definitely set.

After having given a play themselves the members of the French society are going to relax and watch someone else's production. If they do not go to a play, they will attend an operetta, it was said.

NOTICES

Chairman, president, or other officers of the following groups are requested to come to the Publication office today to help identify La Torre pictures. Women's P. E. Majors, Book Exchange, Newman Club, and Occupational Therapy group. Please come, or some people will have to appear in La Torre unnamed.

LIST OF NEW LIBRARY BOOKS IS ANNOUNCED

The following new books have been purchased for the San Jose State college library, announces Miss Joyce Backus, school librarian.

Art and Music

Siegmester, Elle, *The music lover's handbook*; Wagner, Herbert W., *Snow and ice photography*; Zweybruch, Emmy, *Hands at work*.

Literature

The Army, play by play; The best plays of 1942-43; Cerf, Bennett, *Sixteen famous British plays*; Clarke, George H., *The new treasury of war poetry*; Jury, John G., *Cosmen—Exiles*; Spencer, Theodore, *Shakespeare & the nature of man*.

Psychology

Bernard, Jessie, *American family behavior*; Bills, Arthur G., *The psychology of efficiency*; Estabrooks, George H., *Hypnotism*; Himes, Norman E., *Your marriage*; Masserman, Jules H., *Behavior and neurosis*.

Science and Mathematics

Chopin, William H., *Second year college chemistry*, 5th ed. rev.; Deming, William Edwards, *Statistical adjustment of data*; Jensen, Deborah M., *A history of nursing*; Knight, Abner R., *Introduction to circuit analysis*; Massachusetts Institute of technology, *Applied electronics*; *Mathematical tables project*, *Miscellaneous physical tables*; Pratt, Wallace E., *Oil in the earth*; Van Rensselaer, Maunsell, *Ceanothus*; Young, Leona E., *General chemistry*.

Social Science

Beveridge, Sir William H., *The pillars of security*; Coudenhove-Kalgeri, Richard, *Crusade for Pan-Europe*; *Dictionary of American biography*, v. 21; Duggan Stephen, *Professor at large*; Giles, Nell, *Punch in, Susie*; Haines, Charles G., *Origins and backgrounds of the second year of war*; Headley, Joel T., *Life and travels of General Grant*.

Commerce

Walters, Rea, *Fundamentals of selling*.

Education

American council on education, *Commission on teacher education*, *Teachers for our times*; Stanford conference on the humanities, *The humanities look ahead*.

S. State, *Papers relating to foreign relations, 1919*.

Former Instructor Captures Italian Brigade Recently

News that Lieutenant Colonel Richard J. Werner, former instructor here, captured an Italian brigade single-handedly while participating in the battle of Salerno was recently reported in a San Francisco paper.

Capture of the brigade by Werner was effected by stealthily working his way to a position where he could gain control of the guns, according to the story. Werner served in the capacity of billeting officer.

Another experience of Lieutenant Colonel Werner was receiving a degree from the University of Naples, a college of agriculture. Werner, whose main field is agriculture, helped some of the Italian students in working with sulphur as a fertilizer, and received the degree for his aid.

According to Dr. Karl Hazeltine of the Science department, Werner taught agriculture here while Dr. Hazeltine was obtaining his doctorate in the east. While here, he created and coached a stock-judging team which traveled to Los Angeles to appraise pure-bred livestock in competition with other colleges. San Jose State's record in these contests was consistently high, Dr. Hazeltine stated.

FRESHMEN WOMEN: Be in the women's gym at 8:00 for volleyball and baseball mixer games. We still need more players. So everybody come

Clinton Boles Of Eleventh Street Sluggers Leading Batter In Wednesday Games

Clinton Boles of the murdering Eleventh Street Sluggers emerged as the Softball league's leading hitter after the first series of games played Wednesday afternoon. Boles had a perfect day at the plate, slapping out three hits in three trips.

Rex Maddy of Theta Mu, and Ed Loudon of the Spartan Daily are tied in strikeouts, whiffing 10 batters each.

There will be no games today, but action will resume at 4 o'clock Monday afternoon.

Sophs, Frosh Will Tangle Today In Quarterly Mixer

(Continued from Page 1)

the volleyball game in the Women's gym.

Red cross activities will draw to a close today at 12 o'clock when the register which tabulates the amount of time spent in the workroom will be removed. Sophs have had a lead on the frosh so far, but the margin has diminished in the last few days due to the extra activity supplied by frosh volunteers.

RED CROSS

"If every freshman spends her free hours in the workroom this morning, we have an excellent chance of winning the mixer points," declares Suzie Stern, freshman chairman of Red Cross activities. Roberta Ramsay is chairman for the sophs.

Competition between the two classes has been running high all week and will be climaxed by today's activities. Winners for the past two quarters, the sophomores are endeavoring to hold down their top position in the underclassmen ranks, while freshmen are determined to unseat the winners by capturing this quarter's mixer.

All freshmen and sophomore council members are asked to help with the decorations for the evening party in the Student Union anytime today between 12 noon and 3 o'clock. Admission to the party will be 15 cents to student body card holders and 20 cents to outsiders.

CHAIRMEN

General chairmen for the mixer are Pat Cavanagh, sophomore, and June Robertson, freshman. Decoration chairmen are Carmendale Fernandes and Nancy Page; refreshments, Jean Crandall and

DRAFTING COURSE IS SCHEDULED

Tuition free, a ten-weeks course in engineering drawing will be offered at San Jose State college beginning June 26, to train men and women for drafting positions in vital industries.

Anyone who is a high school graduate (or equivalent) and has mechanical or technical aptitudes and aspirations, is eligible for the government-sponsored course, to be taught by Dr. H. A. Sotzin, head of the department.

CLASSES

The class will be given in cooperation with the engineering department of the University of Santa Clara, under the direction of Dean George Sullivan, and under the auspices of the ESMWT (engineering, science, and management war training program).

"Drafting is the basic and fundamental language of all industry and construction work," says Dr. Sotzin. "This course will give experiences in the basic fundamentals of engineering drawing, blue print reading, the making of blue prints, and various other methods of reproducing drawings."

METHODS

Special feature will be training in the modern methods of production drafting which has recently been developed for use in aircraft factories, shipyards, radio plants, and other manufacturing and assembly jobs.

"It should be noted that employment in the field of engineering drawing gives every indication of being excellent at the conclusion of the war, when industrial plants must be reorganized and retooled for civilian production," emphasizes Dr. Sotzin. "Also, this occupational field offers excellent opportunities for women."

The class will meet five days per week for a 40-hour week, at State. Students pay no tuition, providing only their drafting tools, and other supplies. Anyone interested should contact Dr. Sotzin.

SPARTAN IN SERVICE TESTIFIES TO VALUE OF BLOOD DONATIONS

Acute testimony of benefits afforded service men overseas through blood plasma donated by San Jose State college students and others all over the United States comes from former Spartan Sgt. James W. Hall, Jr.

Sgt. Hall, who is in Italy as medical clerk and consulting technician on cuts and bruises, writes graphically of specific cases in which blood plasma saved the lives of Americans in battle. In a letter to Dean of Men Paul Pitman, he relates the following story:

INJURY

"Early in April we found a soldier beside the road who had been shot through the heart. If the shot had been centered a bit more we wouldn't have had to hurry. As it was, we gave our ambulance every drop of gas it would take.

"As soon as we arrived at the hospital, medical department men started the first of three units of plasma. With a tube in his arm from the reception ward to the operating table, he partially recovered from the acute shock which was his greatest danger by that time. The next threat to be removed was the pressure of the blood that had leaked into the sac around the heart. This was drawn off with a needle and the

man put under ether preparatory to sewing up the damaged parts.

RECOVERY

"About a week and a half later I was at the same hospital, so I dropped into the serious surgical ward. There was our soldier propped up in bed making dressings. Several days of wearing an oxygen mask had been the final phase of his battle.

"This case is only one of many where a life is owed to the combination of American surgical skill and modern transfusions. SEND US YOUR BLOOD AND WE WILL BRING BACK LIVE BROTHERS AND SWEET-HEARTS."

Students may sign up with the San Jose Red Cross unit to donate their blood. Those who pledged their blood during the Ero Sophian campaign on campus several months ago and who have not yet donated are asked to contact Health Department Head Margaret Twombly.

SENIOR BALL BIDS ON SALE SOON

(Continued from page 1)

Elder; Dean and Mrs. Paul Pitman; Dr. and Mrs. Robert Rhodes; Dean Helen Dimmick; Dr. Gertrude Witherspoon; Miss Eunice Speer; Dr. and Mrs. G. A. McCallum; Mr. and Mrs. Mel Wright; Dr. and Mrs. Earl Campbell; Mr. and Mrs. Donald Sevens; and Dr. and Mrs. William Sweeney.

ALL EROS: Meet in the inner quad at 12:30 sharp! It is urgent that you be there! Jeanne.

MORE ON NOMINATIONS

(Continued from Page 1)

on Election day, May 31. The nomination assembly for those offices will be held Friday, June 2, and the elections will be on Wednesday, June 7.

All newly elected ASB officers will take office on Thursday, June 8. Installation ceremonies will be held at the Recognition day assembly to be held at 10 o'clock in the Morris Dailey auditorium. Classes will be dismissed for the program.

Industrial Arts Dept. Has 18 Reels For Visual Education

The Industrial Arts department now has 18 motion picture reels recently purchased by the college consisting of 1,112, as supplementary aids in the teaching of mechanical drafting.

These aids depict the use of measuring and measuring devices, use of drafting tools, geometric constructions, layout work, scales and models, plotting of graphs, analytical geometry, pictorial drawing, and techniques of orthographic projection.

According to Dr. Herber A. Sotzin, head of the department, there have been more developments and new innovations in the field of mechanical and engineering drawing in the past two years than in the previous 20 years.

New developments, new techniques, and new devices have and are taking place which give evidence of modifying and implementing mechanical drafting which is a basic language of all industry and construction, in ways which were not dreamed of a short time ago.

"It is my opinion that visual and audio aids and devices will play a prominent part in teaching methods in our schools and colleges when war terminates, and we will make drastic changes in our methods of education," declares Dr. Sotzin.

Notices

Sorority presidents: All presidents meet in the Pub office for La Torre picture Monday at 12:30. Please wear a jacket and skirt or a suit, as it looks better for the picture. Jeanette Owen.

All elementary art education students who expect to take Elementary Art Education (Ed. 336) should register for it in the autumn as this class may not be given in the winter or spring quarters.

Marques E. Reitzel, Head Art Department.

Betty Doyle; entertainment, Pat Wallace and Bette Davis; intermission games, Olga Popovich and Carol Lantz; women's activities, Ernie deFord and Virginia Miller; and men's activities, Dave Webster and Del Whitfield.

YOU are invited to become an AIRLINE STEWARDESS

Start your career in aviation and contribute to the war effort at the same time.

Here are the requirements for this important position:

- Age — 21 to 26 years
- Height — 5'2" to 5'6"
- Weight — 125 lbs. or less
- Marital Status — Single
- Good Health and Vision
- United States Citizen
- 2 Years College Education
- No nursing training required

Successful applicants will be furnished transportation to Chicago where they will receive five weeks training at full pay.

Young women who can meet the above qualifications but who are not available for employment at the present time should apply now for future Stewardess classes.

(Insert local address here)

UNITED AIR LINES

Epsilon Pi Tau To Conduct Initiation

Epsilon Pi Tau, national honorary professional fraternity in Industrial Arts and Industrial-Vocational education, is holding its seventh annual initiation and fellowship luncheon on June 3.

After the luncheon, those present will take a field trip to the Permanente magnesium plant.

This fraternity has 21 chapters, stretching from coast to coast, Rho chapter being in San Jose.

President of the Rho chapter is Howard Biebesheimer, and secretary-treasurer is Bruce Duke. Faculty trustee is Dr. Heber A. Sotzin, who is also a member of the national policies board of the fraternity.

The parent chapter is at Ohio State university. Dr. William E. Warner, national executive secretary, of Ohio State University, is now on leave as a major in the army. He is currently stationed in England, and recently addressed the Rotary Club of Swinden in Wiltshire on the subject of America's schools. Dr. Ben Carroll, former San Josean, is acting secretary, in the absence of Dr. Warner.

MISS DEUEL IS GUEST AT SCA IN STUDENT UNION TODAY AT 4 O'CLOCK

Miss Margaret Deuel, executive secretary of the American Friends Service committee, will be present at the SCA tea in the Student Union at 4 o'clock today to discuss summer work projects.

One of these summer projects will be the Berkeley Inter-racial work project, to be directed by Bob James of the college SCA. He announces that one \$30 scholarship may be available.

Among the various projects open in the summer are positions as recreation directors in playgrounds and neighborhood centers. Orland, Colusa, Redding, Corning, and other towns in northern California have expressed a need for these workers and the average salary is about \$150 a month.

A student-in-industry project will be undertaken in Seattle from June 12 to August 27 and in Portland from June 18 to September 1. The membership is open to men and women students who have finished at least one year of college, who are physically fit, and willing to work cooperatively.

College credit may be secured if individual members make application to their respective Sociology departments in advance. Each project will be under the supervision of a director who knows the city intimately. The

shipyards, offices, canneries, social welfare, and religious agencies need help, and high wages will be paid with no "freezing" on jobs, and day work only.

Counsellors for the camp-at-home project at Doyle colony, near Porterville, and at Farmersville, near Visalia, and other camps are needed and anyone who is a junior in high school or older may apply. Each counsellor must pay his own expenses. Some scholarships are available.

Many volunteer service projects are being sponsored by the American Friends Service committee. Among these are the work camp, the international service seminars, seminars for women, student-in-industry group, peace caravans, Mexican service seminars, institutes of international relations, west coast projects, and projects for high school students.

TRAINING CLASS IN WAR INDUSTRY CHEMISTRY IS SET

To prepare men and women for work in war industry as analytical chemists, a ten-week course will open June 26 at San Jose State college under the sponsorship of the U. S. Office of Education.

Dr. P. Victor Peterson, head of the college Science department, and Dr. Gertrude Witherspoon, professor of chemistry, will be the instructors. The class will run eight hours a day, five days a week, until Sept. 1. Tuition is free.

ELIGIBILITY

Anyone who is a high school graduate and has had chemistry or physics or biology is eligible for the course. The student is required to pay only a moderate laboratory deposit and buy his textbooks. Everyone who took the course last summer has been placed in such industries as the Shell Development company, Western States Foundry, Permanente, and Spiegel Dehydrated Foods plant, etc.

The class is given under the engineering, science, and management war training program (ES-

ED SOCIETY OFFICERS ARE CHOSEN

Pi Epsilon Tau, honorary elementary education society, elected its officers for next year at its business meeting Tuesday at 4 o'clock.

New officers will be Virginia Shottenhamer, president; Yvonne Taylor, vice president; Lucille Rose, secretary; Betty Gunn, treasurer; and Sadie Govier, reporter.

Iris Bakeman, senior education meeting of this quarter on June major, is the retiring president of the society.

Pi Epsilon Tau will hold its last 6 at 4 o'clock in room 53.

MWT) of the U. S. Office of Education. Because enrollment is limited, prospective students should write, visit, or telephone Dr. Peterson as soon as possible, at San Jose State college.

NEED

There is a definite need for men and women chemical analysts now, and there is good evidence that employment opportunities after the war will remain plentiful, says Dr. Peterson. Pay ranges from \$175 to \$225 monthly in the field.

Roos Bros

GOOD STRONG STRIPES are swell for Spring. Here they are in a comfortable cotton T-shirt to wear now and on through the Summer. Come on in and \$1.50 select your favorite color!
