If Dennise Bushnell (left) and Wanda Gambord can't ease Director Ray (Arch) Bishop out of his pre-opening night doldrums with their blandishments nobody can. The Bishop shouldn't worry too much however as advance reports indicate that "How's It Goin'" which starts Wednesday night will be one of the best in Revelries' history.

Two Days 'Til Revelries Stars Display Attractions

Two days remain before the opening of "How's It Goin'," according to Director Ray Bishop.

"The way things look, and barring any catastrophies that might occur, the show will be a smash hit."

The story of the show centers around Cosmo Carmichel, and His Friend Dean Seedman who are trying to find a way to crack the fine arts division of heaven. The heavenly board, consisting of Bach, Shakespeare, Michaelangelo, and Dr. Willis send Cosmo and Dean to San Jose State college to find Cosmo's records.

"From then on the show is nothing but music, laughs, and satire. Some of the more notable take-offs done in the show are based upon the Rally committee, the Student council, the police school, the registrar's office, and other aspects of college life," Bishop said.

"It's not a gripe session," Bishop said, "but just a lot of fun."

Some of the songs featured in the show include, "It's Heaven," by Jim Veteran; "Yesterday's Hit Parade," by Don McCaslin; and

"State is Great," by Music Director Fred Dutton.

Taking the leads are Joe Rosenberg, Cosmo Carmichel; Dean Seedman, and Jack Brassill. Supporting them are Jim Veteran, Woody Lynn, Greta Cannon, Jim Borba, and 150 others.

Tickets are still available for some of the nights in the Graduate Manager's office, Bishop said.

World Federalism Subject of Talk

"World Federalism vs. the United Nations" will be the subject discussed by Mr. F. Thygesen at an International Relations club meeting today, according to Dr. George G. Bruntz, adviser.

Thygesen is an official speaker for the United World Federalists.

He was requested to speak at the meeting following a discussion of world federalism and the United Nations at last week's meeting.

New officers will be elected at the meeting which will be held in room 107 at 3:30 p.m.

S.J.S. WIN STREAK SHATTERED!

Nominations To Open for New Justices

On Feb. 22 at 2 p.m., nominations will be held in the Morris Dailey auditorium for two junior justices, Tom Eddy, Chief Justice of the Student court, said Friday afternoon. One man and one woman are to be elected at the general elections, Feb. 25.

Eddy said that while all ASB card holders are encouraged to seek office, the Student court is especially desirous of securing those students who plan to be on campus for at least another year.

Eddy also said that the Student court would like to have as its new junior justices, students who are interested in legal work, such as pre-legal or social science majors planning to go on to law school.

The work will consist largely of interpretation of organizational constitutions, Eddy said, and elementary judicial problems. The requirements are that the student must have an ASB card, and have clear status with a minimum of 75 units.

"The small amount of time involved will be more than compensated for by the practical knowledge and experience gained, Eddy said.

Swimmers' Script Writers Called

All those writing scripts and formations for this year's swim show are requested to attend a meeting at the Spartan pool this evening at 6:45, according to Miss Mary Hooton, director.

The cast for the show will be chosen tonight, and girls interested in swimming should attend. Anyone who comes after Monday night's meeting will be eligible only as a substitute, Miss Hooton said.

Thygesen to Speak

Guest speaker at the International Relations club meeting will be Mr. H. F. Thygesen, member of the national executive board of United World Federalists. He will discuss "U.N. vs. World Government."

MEASLES EPIDEMIC SPOTS CAMPUS

Council to Quiz Future Status Of Co-Ed Rec

"Shall Co-Ed Rec be continued, its activities curtailed, or shall it be dropped altogether?"

A critical survey by the Student Council tonight will attempt to answer this question. Co-Ed Rec accomplishments will be checked, and three questions will be discussed:

1. Should Co-Ed Rec be continued in the face of numerous current and future activities?
2. Should its activities be restricted to Spring quarter when activities schedules are light?
3. Could such a set-up handle the annual SJS Beach Day?

Lyke Asks Loan

Also on the agenda is the question of a loan to Lycurgus for this quarter. Approval of the loan would be in line with the policy followed in the past by the Council. The loan will prime the Lycurgus pump for Winter quarter's issue.

ASB President Tom Wall will report on the deliberations of the informal committee handling sales of the faltering Campus Calendar. Calendar sales have fallen far short this year, Dick Bartels revealed, and Blue Key, which was handling the sales, turned the problem over to Tom Wall, Bill Felse, graduate manager, and Dick Bartels.

Tom Eddy, chief justice of the Student Court will present revised amendments to the Constitution for Council approval and inclusion on the Feb. 25 general election ballot.

Health Cottage Turns Away Cases

Because of an unusual number of cases of German measles, students are now being turned away from the Health cottage, Miss Margaret M. Twombly, Health office director, revealed Friday.

Miss Twombly explained that students are being asked to stay home with measles because there are now no empty beds in the Health cottage.

"German measles do not ordinarily lead to complications. If students with measles stay home, eat well, keep warm, and keep away from other people, it will leave the Health cottage free for those with more serious illnesses," she pointed out.

Although German measles do not seriously affect the ordinary person, it has been discovered in recent years that the disease can be particularly dangerous for expectant mothers if it is contracted during the first three months of pregnancy, Miss Twombly said.

Doctors have found that it is likely that the baby will be born with some malformation in such cases. Since there are also four cases of virus pneumonia in the Health cottage, visitors will not be allowed until there is a drop in the number of communicable diseases.

"The disease is highly communicable during the 'cold' stage," she explained.

Because of the length of the incubation period Miss Twombly expects another flare-up in about two weeks. The extent of the epidemic was first indicated Wednesday, when students were first turned away from the Health cottage.

SJ State Camp Plan Outlined By Chairman

Dale LaMar, chairman of State camp, outlined the functions and purpose of the 1949 State camp at a meeting held in the Student Y lounge Thursday.

State camp is sponsored by the Student Y and is open to all leaders and potential leaders on campus. The program will be arranged so all campus problems can be discussed.

Efforts are being made to secure four or five out-standing speakers, LaMar said.

Tentative dates have been set from Sept. 27 through 29. The camp will be held at Asilomar, near Pacific Grove.

All students interested in working on plans for the camp are invited to come to the next meeting. The date will be announced later, LaMar said.

Spartan Vocalist To Sing on KEEN

Carolyn Stein, San Jose State college vocalist, will be a guest star on "Spartan's on Review," Tuesday at 8:15 p.m. The show is broadcast over Radio KEEN, according to Bob Barmettler, producer-director of the show.

Miss Stein is an Occupational Therapy major from Berkeley.

Barmettler said that he would also air the latest campus-departmental news and possibly interview a campus representative.

Barmettler's show is heard every Tuesday evening at 8:15.

Spartan CCAA Victory March Halted at 19 Straight As Gauchos Grab 60-34 Triumph

By JOHN ROMERO

SANTA BARBARA, February 19—Santa Barbara's Gaucho basketball team registered a stunning 60-34 upset victory over the San Jose State Spartans in the National Guard Armory here Saturday night. The win shattered the Spartan record of 19 straight CCAA triumphs and vaulted the Gauchos into undisputed second place in conference standings.

SAE Meets DSG

SAE plays DSG and Westminster plays the Mustangs tonight at 7 o'clock in the men's gym as the ninth week of intramural basketball begins.

Tomorrow Spartan Daily Reds vie with CCF and campus hall meets the Rejects. Wednesday finds CCF competing with Hillel clubbers while Chi Pi Sigma grapples with the Red Hots.

All contests this week will begin at 7 o'clock.

Seniors to Order Announcements

Orders for senior graduation announcements will be taken beginning Feb. 28, Bob Sampson, senior class president announced Friday. They will be on order for two weeks only, he emphasized.

All orders must be paid for in advance, because a definite number of announcements must be ordered before they can be printed, Sampson said.

The announcements will have a reproduction of the college tower on the outside, and graduation information on the inside under a miniature seal of the state of California.

An open committee of seniors made all decisions pertaining to the announcements, according to Sampson.

He said that sample announcements will be on display on the main bulletin board in the Administration building.

The Spartan Daily will carry a notice telling when and where seniors may place their orders, Sampson said.

It was simply a case of the Spartans having their worst night of the season, and the Gauchos one of their best. The Santa Barbara quintet played Coach Walt McPherson's seemingly tired crew to a standstill, controlled both backboards the majority of the time, and made a high percentage of shots from the field.

San Jose could only mark up 15 points in the first half, which was featured by the deadly hook shots of Gaucho forward Bob McCutcheon. McCutcheon was high point man for the game with 24.

Spartans Score First
The Spartans scored first when Forward Don McCaslin made good a free toss. Gene Snyder tipped one in for Santa Barbara, and Bob Hagen came right back with a lay-up to move the San Jose five into a 3-2 lead. That was the last time the Spartans were in the ball game. Snyder, McCutcheon, and center Frank Schimandle went to work and quickly pulled the Gaucho's away from the visiting Staters. San Jose trailed 29 to 15 at halftime.

Hosts Stretch Lead
For the first 10 minutes of the second half, only Bob Hagen could find the range for the Spartans. The lithe forward hit six consecutive free shots while Gaucho's Snyder and McCutcheon poured in points from all angles. With the game three quarters over, Santa Barbara held a commanding 45-20 lead.

Bob Crowe, San Jose forward, hit nine consecutive points late in the final half, but the hosts were far out of sight.

Hagen and Crowe led the San Jose squad in scoring with 12 and 11 points respectively, but high point honors for the night went to Santa Barbara forward McCutcheon whose eight field goals and eight free throws accounted for 24 Gaucho digits. His teammate, Snyder, tallied 16 points.

Attack the Undemocratic

"Hatred", wrote Maurice Maeterlinck, "is the heaviest load that man can bear on this earth."

In this week of brotherhood, sponsored by the National Conference of Christians and Jews, we have a time for thinking out ways and means for dispersing not only the forces of hate, but the concomitant evils of intolerance, disunity, discrimination, and the bonds upon civil rights.

This is not to be merely a sweet, seven-day ride on clouds of sentimentality. It is actually a time for acknowledging publicly the unselfish work of a group of people whose fight goes on day by day, year by year.

The firmly rooted prejudices that exist here and there in this world cannot be changed at once by law. But general betterment will surely come through unrelenting attack on the undemocratic enemies of brotherhood wherever they exist. Education, economic comfort, and health are heavy weapons in this attack.

Americans everywhere owe it firm allegiance.

—PAUL C. SMITH.

Time to Report

San Jose State college has an opportunity to participate energetically in observance of Brotherhood Week, Feb. 20-27.

Growing out of controversy over anti-discrimination amendments proposed for the Spartan constitution last Spring, the College Life committee has been carrying on extensive study of the problem.

The committee has completed its report to the Student Council. As yet the contents of the document have not been divulged. What campus action is advocated by the committee remains to be seen.

There is no doubt the group of students and faculty which donated time and energy to the project has come up with suggestions that will greatly advance the brotherhood of man at Sparta.

With Brotherhood Week under way there could be no more fitting time to present the College Life report on discrimination to the students.

Now is the time to show that Spartans believe firmly in the benefits of inter-group, inter-faith, inter-American democracy.

—BOB BODEN.

Daily Growing Bigger

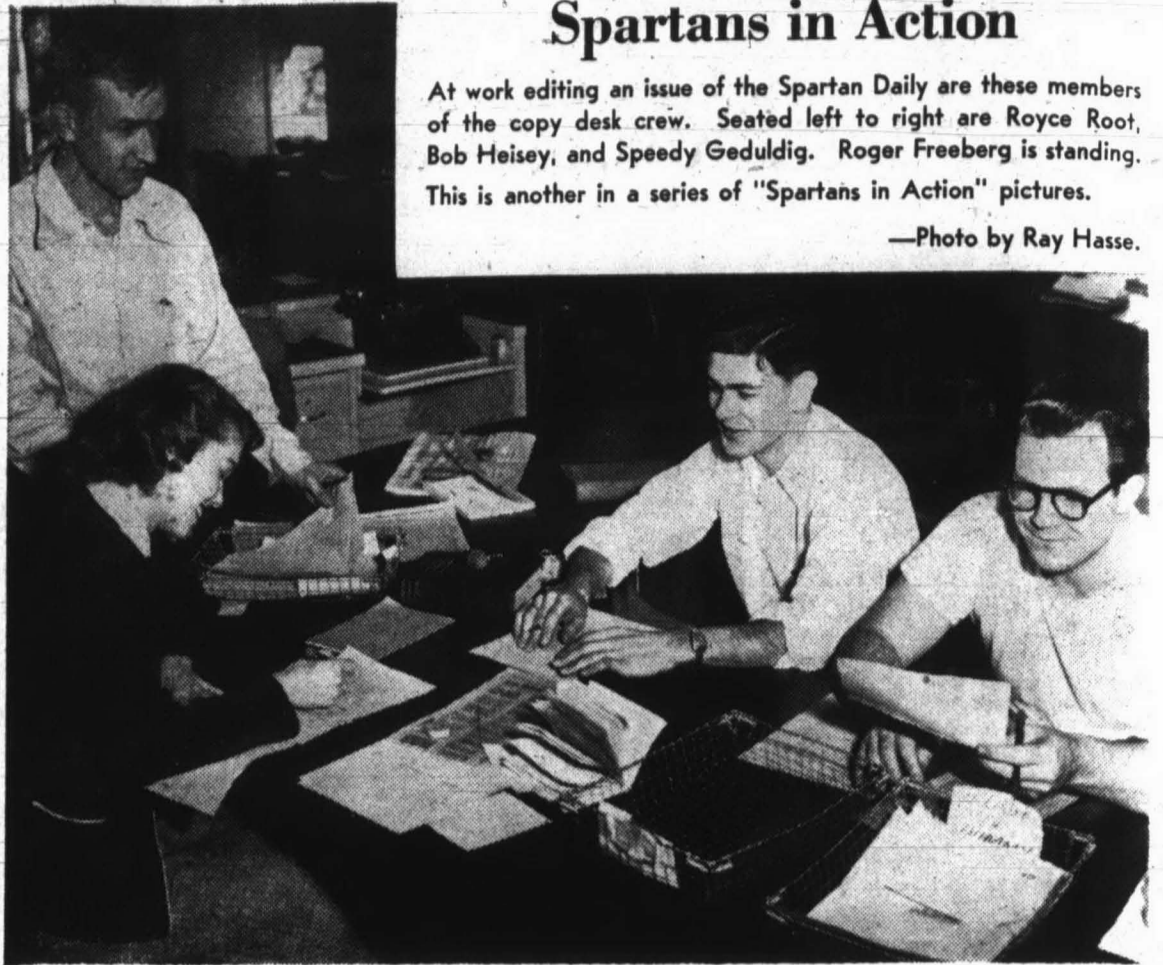

The Spartan Daily will be presented in a new full size format beginning with the issue Tuesday, March 1. The experimental period will continue through the end of this quarter.

At the beginning of Winter quarter, anticipating a possible advancement to an eight column paper, the front page was turned on its side. This was the first step, giving make-up editors a chance to work with the new situation.

Now, through the efforts of Dick Hugo, business manager, and his advertising staff, finances are such that the Daily can carry on the experiment. In the face of a general decline in merchants' advertising expenditure, the ad. staff has established an all-time volume record for Winter quarter. Without the excellent showing of salesmanship, additional student funds would have been required for the project.

There are definite advantages to the larger newspaper. Spartan readers will receive twice as much paper for their money. Mechanically the 8 column size is easier to print. It is the cheapest possible unit of production in relation to space received for money expended.

The entire Spartan Daily staff joins in hoping that the new paper will be well received by the readers during this experimental period. This is one more forward step in a series which began in 1934 when the San Jose State college newspaper came of age as a daily publication.

Spartans in Action

At work editing an issue of the Spartan Daily are these members of the copy desk crew. Seated left to right are Royce Root, Bob Heisey, and Speedy Geduldig. Roger Freeberg is standing. This is another in a series of "Spartans in Action" pictures.

THRUST AND PARRY

Untimely-Careless

Dear Thrust and Parry and Arnold B. Wechter:

Several times in the recent past you or your department has put the Athletic department on the well known spot, but good, through your very untimely and careless editorials. The latest, your masterpiece of Thursday's Daily, has again put a group of our athletes in line for a very rough evening.

You couldn't have come out with your derogatory statements about Cal Poly's athletic prowess at a more opportune time as far as setting our basketball team up for the kill.

Two years ago, a sports editor boldly misinterpreted the coaches' statements about Cal Poly and as a result the football team spent most of their trip ducking flying missiles (coke bottles) and were the target of every loyal supporter in San Luis Obispo.

Now when Cal Poly supporters read your latest piece of literary genius, and they certainly will, it will certainly arouse the wrath of the rooters not to mention being the very best possible pep talk for a "good" Cal Poly basketball team, which gave us quite a battle already this year on our home court.

You and your associates can pound out this kind of malarkey till your heart's content and never

suffer for it. But our athletes will be actually facing the enemy and the consequences could be serious.

One of you made a statement last week to the effect that "if our Spartans didn't romp and stomp all over Pete Newell's USF Dons, he would 'hang it up' and start writing the society column—for his information the Revelries are next week and we suggest that he cover it. For gosh sake, start using your head over there. Let's have no more of these foolish articles by you people who don't really know!

ASB 2937, 5300, 4769, 6378, 3739, 2733, 3025, 6095, 5276.

Ill-Chosen

Dear Thrust and Parry and Arnold Wechter:

Regarding your sports column Thursday—the right idea definitely, and the sooner we get out of the conference, the better. But don't you think the loud and snorting slaps against Cal Poly were

ill-chosen? Granted that their football team isn't much, but they do all right in the other sports.

To go back to the conference, better five or six good stiff contests a year in football than 12 games, half of which are horribly one-sided to the point of acute boredom.

Let's junk the CCAA. ASB 2073, ASB 941.

Salmon Will Laugh

Dear Thrust and Parry:

Would it be possible to have a stairway built from the outside of the Commerce Wing where the window is? This would alleviate the very heavy traffic situation and still give light. The expense would not be tremendous either.

Perhaps our architects could design one and our industrial designers build it. It's a cinch that ten years from now, canned salmon will laugh at us when they view our cramped quarters. Let's have some light and air. Smothering is an awful death.

ASB 2903.

Engineering Society Sponsors Two Speeches on Radiant Heating Topic

Dr. Ralph J. Smith, Engineering department head, and Prof. S. Brooks Walton will speak tonight in room S210 at 7. Both will speak on "Radiant Heating."

The Engineering society, which is sponsoring the speakers, invites

all interested students and faculty members to hear this discussion. Publicity Director George V. Cashman explained that radiant heating is becoming increasingly popular in all types of new construction.

The program will also include a movie entitled, "The Silent Service" based on the submarine fleet, and refreshments of cider and donuts.

Chowderheads Claim Report False

"It ain't so," exclaimed the Young Men's Southwest Almaden Chowder and Marching society's Most Highly Exalted Chowdermaster, R. Bruce Heisey, yesterday when interviewed as to the

authenticity of a report of the society published recently.

"It is true we held a secret meeting of the society Sunday evening, but as has been the custom recently it was conducted in the clam room of the Theta Mu Sigma house at 191 So. 10th street," Heisey cautiously revealed. "There was no announcement of engagement," he emphatically stated.

The writer of the article, a notorious vagrant reporter named Al Williamson, was "evidently under the influence of spiked bathtub chowder when he gathered his facts through a half open transom," explained the Not-so-highly Exalted Chowdermaster, K.E.G. Cutter.

"What Williamson's too fertile mind assumed were streamers affixed to young clams announcing

the engagement of two persons, persons we have never heard of, were actually code letters tattooed on the rumps of the young clams to tell them apart," Cutter said.

"We do not want to divulge our activities until we have completely finished our experiments," Heisey interrupted, "but as a mis-informed public can do more harm to our project than anything else, we are forced to explain enough to clear up this recent misunderstanding."

"We are aware that there are rumor mongers on campus who are slyly hinting that our clams speak Russian, and that we are attempting to make them radioactive, and train them for use as guided missiles," Heisey declared.

"This is absurd, as anyone with the slightest knowledge of the traits and temperaments of clams and related shellfish is aware of what treacherous creatures they are. Why, they have even been known to bite the hand that feeds them," Cutter exclaimed, displaying numerous scars on his hands and arms.

"Can't you see no one would dare use them in warfare?" Heisey pleaded, "they aren't in the least bit dependable, and are impossible to discipline."

"Our work is no more than simply that of checking and computing the results of our two Clambros (brothers of the clam) E. Lewis Halsey and R. Smedley Cline, who are doing research work in the South and at the University of California.

New Supervisor of Student Union Assumes Job's Duties, Lauds Students' 'Cooperation'

Herbert A. Smith, who took over duties as supervisor of the Student Union Monday, believes that much can be made of limited space and facilities if students continue to cooperate as they have during his first few days on the job.

Smith replaces J. P. Livesay, who took a job with the State Employment department after a three month tenure.

This is the second time in a long business career that Smith has worked with college students. In 1924-25, he taught pharmacy at Pennsylvania State college.

He obtained his degree in 1915 from the Philadelphia College of Pharmacy.

Since 1934 Smith has been employed in San Jose by a national pharmaceutical firm. During this period he covered 34 states for his company, and was away from home most of the year.

Tired of Travelling

This constant travelling was the main factor for his resignation and search for a job which brought him to Washington Square.

The other member of the Smith family, wife Louise, is chief occupational therapist at the Santa Clara county hospital. In this capacity she has had Spartan nursing education majors assigned to her for field work.

Smith, as do most persons familiar with the scene, believe that the Union hasn't kept pace with the growth of the student body. He hopes that this situation will be ameliorated eventually.

11 a.m. Is Peak Hour

Keeping an hourly check of the number of students in the Student Union, Smith has found that 11 a.m. is a peak hour. The average is about 102 during the rush hour. Average per diem is from 500 to 650.

Smith has had little difficulty during his first days on the job. His few complaints are about students who attempt to sneak lunches into the lounge, those who use wrong chairs for card playing, and those card players who insist on starting that last game at 5:25 p.m. despite the fact that the Union closes at 5:30.

The three members of the employment committee of the Student Union board, Dean Helen Dimmick, Graduate Manager Bill Fesise, and Ron LaMar, selected Smith.

Sotzin Speaker At Valley Meet

"The Educational and Occupational Hopes and Aspirations of Modern Youth" was the topic selected by Dr. Heber A. Sotzin, for a talk Saturday morning.

Dr. Sotzin, head of the Industrial Arts department, was scheduled to address a breakfast meeting in Bakersfield.

The meeting was arranged by the Kern county Superintendent of Schools and the Kern county branch of the California Industrial Education association.

Demagogues and agitators are very unpleasant, but they are incidents to a free and constitutional country, and you must put up with these inconveniences or do without many important advantages.

Hillel Triumphs In League Tilt

Pratt Fradus, Hillel club, and Rejects scored wins in the intramural league games recently in the men's gym.

Fradus, led by Al Will, took a low-scoring tilt from the Kotzo Klub, 22-19. Will Savestrom was the loser's big gun.

The Hillel club upset the Noses 37-22 in the second game of the evening. Marvin Fox tallied most of the winner's points.

Turning back a last-minute threat, the Rejects outlasted Sigma Pi 27-18. Ted Weber paced the Rejects by scoring most of his shots on court-length pass plays.

This week playoffs for the championships will begin in the intramural leagues. Inter-fraternity games will be continued next Monday. Delta Theta Omega is scheduled to play Theta Chi while Delta Sigma Gamma will tangle with Sigma Alpha Epsilon. DTO, Theta Chi, and DSG are undefeated in league contests.

Memorial Service Held for Founder

Louise Helen Coburn, last of the founders of Sigma Kappa sorority, died during the past week. A memorial service was held in her memory at the chapter house, 168 S. 11th street, conducted by Janice Johnson, first vice-president.

Following Sigma Kappa tradition all members will be wearing their pins inverted for the next 15 days in memory of their founder.

Sigma Kappa was founded in 1874 at Colby college in Waterville, Maine.

Travelling WSSF Secretary Praises Washington Square After Two-Day Lecture Tour

By JEWEL SCHNEIDER

"I didn't know you people had such a big plant up here," said Miss Diane Lockhart, travelling secretary of World Student Service fund, when she visited this campus Tuesday and Wednesday. The attractive, blue-eyed guest proved very enthusiastic about San Jose State college.

Photo by Hasse
DIANE LOCKHART

"It is an unusually friendly campus, too," she observed.

Miss Lockhart spends two-thirds of her time travelling and one-third preparing for future trips. She makes her headquarters at the WSSF office in Los Angeles and will travel as far north as Stockton on this trip, she said.

From the moment of arrival on a campus to the moment of departure, she is constantly attending conferences with local WSSF leaders, making speeches before interested groups, and conferring with faculty and campus notables.

Gave Six Talks

She usually spends one day on each campus, but she spent two days visiting here. While at State, she made a total of six speeches before classes and organizations in addition to informal talks. She also made a trip to Los Gatos to address the students of the Montezuma preparatory school for boys.

When asked howand when she managed to 'just relax', Miss Lockhart smiled and said, "on trains and busses."

The comely Los Angeles resident was graduated from the University of Southern California as an honor student in international relations. She changed her major from mathematics to international relations when she realized she did not want to make teaching a career.

After her graduation last July, she found herself seeking a job in the international relations field and constantly being told, "If you could only take shorthand!"

Thought of Shorthand Lessons

She thought about enrolling in a six-week shorthand course when she went to see Dick Thomas, regional director of WSSF in Los Angeles. Thomas asked, "How would you like to travel for the fund?"

"I almost jumped out of my chair," she recalled.

She has been travelling for the fund ever since.

'30' Club Selects Officer for Year

Royce Root, junior journalism major, was elected president of the "30" club, honorary journalism organization, at a meeting held Thursday afternoon.

Other officers elected were: Wally Wenzel, vice president; Florence Ross, secretary; Donnie Nunes, treasurer; Pat Roan, reporter; and Jack Haddon, sergeant-at-arms.

Plans for the coming year, including a field trip to the United Press and San Francisco Chronicle offices in San Francisco, were discussed at the meeting.

All members are asked to attend the next meeting Tuesday, Feb. 22, at 1:45 p.m. in B94.

Grad Gets Job

Ken Aubineau, former San Jose college journalism major, is now a member of the San Jose Evening News sports staff.

Aubineau is a graduate of Abraham Lincoln high school in San Jose and attended San Jose State college for three years.

32 Points For Inman As SJS Tramples Poly

By JOHN ROMERO

SAN LUIS OBISPO, Feb. 18—A partisan Cal Poly crowd went home from the San Luis Obispo High School gym singing the plaudits of Spartan center Stu Inman here Friday. The big State pivot man scored 32 points as San Jose buried the Mustangs under a 60-40 count, played flawless floor game, and generally raised Cain with the game but outgunned Cal Poly quintet. His 32 tallies eclipsed the CCAA single game scoring record, boosted his season total to 437, and ran his entire collegiate total over the 1000 mark.

Only slightly less spectacular was little Hank Moroski, the brilliant Mustang guard, Moroski caged 20 markers, half his team's total, and did everything humanly possible in the rule book to stem the Spartan tide, but it was not Cal Poly's night.

First Half Close

The first half of the contest was as the experts predicted, close. Inman poured in 15 counters and Moroski's long two hand set shots netted 13.

At the nine minute mark, the 6 ft. 3 in. Spartan center suddenly caught fire, tanking 13 consecutive points in the next 10 minutes. His tip-in two minutes before the half gave San Jose a 21-20 lead which was never relinquished. Intermission favored the Staters 25-22. Moroski alone had kept the Mustangs close to the Spartans this far.

State Draws Away

Again it was Inman with a tip-in and a lay-in to start the second half. Guard Bob Wuesthoff, Inman, and forward Bob Crowe followed with quick goals before a Cal Poly score, and the Mustangs were out of it. With San Jose enjoying a 10 point bulge, and Crowe effectively curbing the all-over-the-court devilry of Moroski, the Cal Poly five slowly faded from the ball game.

Wrestlers Second In AAU Mat Meet

SAN FRANCISCO, Feb. 19—San Jose State's varsity matmen scored 43 points to grab second place in the Pacific Coast AAU wrestling meet Saturday in the San Francisco Y gym. The Spartans were runners up to the powerful San Francisco Olympic Club which notched 50 points to annex the team championship.

The Clubmen garnered seven first places to the Spartans' two, but Coach Ted Mumby's Staters were strong in second, third, and fourth spots.

In the 115 and 165 pound classes, both finalists were Spartans. Bryce Wheeler and Billy Rothwell hooked up in a terrific duel in the lighter weight with Wheeler winning a 3-2 decision for the championship.

Frank Waxham took a 2-1 decision from varsity captain Pat Felce for the 165 pound crown. Waxham had previously beaten Jay Holt of the Olympic Club, one of the top ranking grapplers on the Coast.

Dale Wolfe, Ben Ichikawa, Jim Schall, Billy Wardrup, Ray Bunnell, Don Foster, Darrell O'Steen, Phil Bray and Keith Wilson also hit the scoring column for San Jose.

DTO Muscle Men Capture Novice Wrestling Games

The puffing and grunting men of Delta Theta Omega displayed their talents to a winning advantage Friday night in the Men's gym, in the Second Annual Novice and Junior - Varsity - Freshman Wrestling tournament.

The winning DTO's amassed 51 points, while the Phi Sigma Kappa's, Black Irish took second with 37. The vote for outstanding coach went to Will Drew of the victorious DTO's. Delta Upsilon won honors for the most noisy, organized rooting section.

The following are the results of the evening's matches:

Jim Murata, Bone Crushers, decided Jim Idemoto, Bone Crushers.

Bryce Wheeler, Cops, decided Dale Wolfe, Black Irish.

Ben Ichikawa, Black Irish, won by a fall over Susie Suzikawa, Cops.

Dick Cirigliano, Black Irish, decided Jim Schall, Black Irish.

Dick Cumins, DTO, decided Duane Armstrong, DTO.

Jack Munroe, Bone Crushers, decided Mike Rivera, DTO.

Bob Meyer, Seals, decided Bob Wiegand, DTO.

Dave Leslie, DTO, won by a

fall over Jim Accurso, Cops.

Johnny Melendez, Seals, decided George Waxham, DTO.

Howard Macaway, DTO, won by a fall over Bill Cartwright, DTO.

Jack Casey, Black Irish, won by a fall over Don Douglas, Bone Crushers.

Ray Lyon, Black Irish, decided Stan Pence, DTO.

Bob Madsen, Bone Crushers, decided Derrol O'Steen, Black Irish.

Two heavies, Derrol O'Steen and Bob Madsen put on the best show of the evening. Both boys were well into the 180 class yet they displayed the fastest moving match of the night.

Frosh Mermen Open Season

Winning all but the relay events, Spartan freshmen natators floated to a decisive 52-23 victory over San Jose high school swimmers in the local plunge Friday afternoon.

About a hundred persons witnessed the inaugural of the 1949 season for coach Charlie Walker's frosh aquatic athletes. Freestyler

George Haines paced the frosh with two wins.

Terry Bowman, Bob McFetridge, Ray Bryant, Francis Lai, and Dick Lebedeff captured firsts for the college mermen.

Johnny Justice, Buck McMurray, and Bruce Spoon spearheaded the prepsters with notable performances. Bruce edged his brother Ed, a Spartan backstroker, to

place second behind Lebedeff in a close race.

Tomorrow night San Jose State varsity swimmers compete against Stanford university. Walker said SJSC has never won a varsity swim meet from the Indians. He is doubtful of the team's chance of winning against Stanford tomorrow night.

Smoke a LUCKY To feel your LEVEL best!

Luckies' fine tobacco picks you up when you're low . . . calms you down when you're tense!

Luckies' fine tobacco puts you on the right level—the Lucky level—to feel your level best, do your level best.

That's why it's important to remember that LUCKY STRIKE MEANS FINE TOBACCO—mild, ripe, light tobacco that makes a thoroughly enjoyable smoke. No wonder more independent tobacco experts—auctioneers, buyers and warehousemen—smoke Lucky Strike regularly than smoke the next two leading brands combined.

Light up a Lucky! Luckies' fine tobacco picks you up when you're low, calms you down when you're tense. So get on the Lucky level where it's fun to be alive. Get a carton and get started today!
