SAN JOSE STATE COLLEGE

Volume XXXVIII

San Jose, California, Tuesday, October 11, 1949

Number 4

New executive officers of the student Police department are shown above with the outgoing chief prior to assuming their new positions. Left to right they are: Stanley Lobodinski, assistant chief, Chief Miller, former police chief, and Donald Larson, new student chief.

### Student Police Execs Named; Larson Leader

Student Police school executives for the coming school year have been selected by the faculty and approved by Mr. Willard E. Schmidt, department head. Five new corporals and two sergeants also have been appointed to direct the police groups.

Heading the department is Donald W. Larson, a senior from Turlock. He will be assisted by Stanley J. Lobodinski, a junior from East Chicago, Indiana. The two new sergeants are Robert L. Tobin, a junior from San Jose, and Rudy Valenti, senior from Redwood City.

Merel N. Coe, sophomore from Costa Mesa; David F. Mitchell, a sophomore from Santa Ana; Jack W. Croughan, a senior from Newport Beach; James W. Holcomb, senior from Santa Ana, and William D. Reed, a junior from San Bruno, all have been appointed as corporals.

Duties of the department include policing of athletic events, dances, theatrical engagements and other on campus activities. In addition the future police officers are prepared to aid in any campus emergency. Positions as executives on the force prepare the student for administrative decisions after graduation, according to Mr. Peter M. Kristovich, associate police professor.

### Engineers Convene

Plans for the quarter's activities will be drafted at the first meeting of the Engineering society Friday, morning at 11:30 in room S-210, according to George Cashman, publicist.

### IFC Meets Tonight

Bob Schatz, IFC president, announced that the first meeting of the Inter-Fraternity council will be held tonight at 7:30 at the DU house.

**UP SEZ: "RAIN TODAY"**  
SANTA CLARA VALLEY: Increasing cloudiness with rain in north portions. Little change in temperature.

### Henry Soltenberg Supervises Union

Mr. Henry Soltenberg will be in charge of the Student Union building for the coming quarter, Dean of Women Helen Dimmick announced recently.

Dean Dimmick, chairman of the Student Union board, said that the board has appointed Mr. Soltenberg to supervise the building while in use by students. His job will be to check all recreation equipment and to arrange for care of the facilities when in use during the evenings.

Mr. Soltenberg was appointed Oct. 1. He will enforce the rules governing the Union at all times.

A few of the more important rules are: gambling, eating or drinking in the recreation room are not permitted, equipment must be checked in and out with Mr. Soltenberg, and that cards may be played only in the designated areas.

Students using the Student Union are cautioned to use extreme care while smoking in the building, and not to move chairs or tables about the area.

Mr. Soltenberg said that the room has recently been painted and that the rugs and draps have been cleaned. It is asked that all students give full cooperation by obeying the rules pertaining to the use of the Student Union.

### Barbecue Ducats On Sale Today

Tickets for this year's "Y" barbecue go on sale today at the Library arch and the Student Y lounge, 220 So. Seventh street, and will continue through tomorrow.

Starting time for the barbecue is tomorrow evening at 6:30. The place is Crummey's, located at 1855 Park avenue, and the fee is 75 cents.

"The Y barbecue last year was a big success with many kids attending and having lots of fun. This year's barbecue will be a good chance to make new friends," declares Bob Madsen, chairman of the function.

Assisting Madsen are Art Butler, Phyllis Rolfes, Ted Trett and Helen Davis.

### Editor Makes Daily Staff Appointments

Leading the list of appointees to executive offices on the Spartan Daily for fall quarter are Mary Frydenlund as associate editor and Jim Hayes as news editor. The appointments were made recently by Editor George Lajeunesse.

Other staff assignments are: Cliff Minners, desk chief; Al Williamson, feature editor; John Romero, sports editor; Margaret Case, society editor; Carl Case, exchange editor; Bob Hemingway, photo editor; and Art Brickley, wire editor.

Makeup editors are: Helen Davis, Earl Crabbe, Bill Noyer, Jewel Schneider, Pat Roan and Bob Johnston.

Reporters are: Manuel Alves, Herb Blatt, Ted Breeden, Berkeley Baker, Barbara Belknap, Fred Baumberger, Harry Britton, John Conroy, Joyce Call, David Heagerty, Dan Hruby, George McDonald, Redonia Nunes, Laverne Potts, Jack Russell, Thaddeus Spinola, Bob Skillicorn and Wade Wilson.

### Art Faculty Places Work on Display

Water colors, painting, sculpture, and decorative art objects are all featured in the art faculty exhibit now up in the art wing.

The work of talented art instructors is on view to the 2500 art students in the college and others who are interested, said department head Dr. Marques E. Reitzel.

Water colorists dominate the show. Those who chose this media are Mr. J. Theodore Johnson, Mr. Warren W. Faus, Mr. Milton C. Lanyon, who sold his three water color studies of the water front, Mr. John Mottram, Nadine Hammond, Mr. Robert Huffman, Doris Goldhammer, and Elma Recksiek.

Represented in the oils are Dr. Reitzel, Mr. Wendell Gates, Mr. Robert Coleman, and Rita Freeland.

Scratchboard and chalk is the medium of Marian Moreland; pencil and pen and ink is that of Mr. Richard Tansey.

Mr. Leonard Stanley's work is presented in sculpture.

Decorative arts are represented by Mr. Herbert Sanders and Mr. James Lovera in ceramics, and Mr. William Randal and Mr. Robert Coleman in jewelry.

### Coop Coffee Cost Climbs

By PAT ROAN

That ten cent cup of coffee in the coop is here to stay for a while, according to Mrs. Eva Carver, manager of the Spartan Fountain.

"A series of raises in the price of coffee has necessitated this step," Mrs. Carver said. "We had the choice of buying an inferior grade of coffee, or raising the price to ten cents a cup. We feel that a good cup of coffee is worth ten cents to students."

Coffee now may be had for ten cents a cup or, if purchased with food, for five cents a cup. A free re-fill goes with the ten cent cup, Mrs. Carver said.

### Guard Scares Thieves; Barefoot Marauders Leave Sock at Scene

By THAD SPINOLA

Barefoot bandits attempted unsuccessfully to remove the contents of the safe in the Graduate Manager's office Monday morning, it was learned from the police yesterday.

Entry was made between 1 a.m. and 2:45 a.m. through a window in room 18. Harvy Shaffer, night watchman, 335 S. Seventh street,

San Jose, reported that on his regular 2:45 a.m. check around the school buildings, he heard metallic sounds coming from the Graduate Manager's office. However, when he applied his key to open the door, the burglars fled. He then called police.

The police investigation revealed that the large single-door safe had been punched, the front cover ripped open, the combination beaten off and the firelock removed. The firelock, spread over the office floor, led to rumors that "bloody footprints" had been seen. In their haste to leave, the safe-crackers abandoned their tools and one white sock. Five small cash boxes were left on a table near the tools.

The escaping thieves covered up a footprint in the dirt outside the office window with an office bureau drawer. A paper napkin found outside room 18 contained a dubious clue, a crude map marked the second house on Vernon street from the intersection of Bird and Vernon.

William Felse, graduate manager, said "It was unfortunate that so much damage was done with such poor prospects of gain. Only a small amount of cash is ever carried in the safe at any time."

Applications will be accepted at today's meeting for a new Revelries director and assistant director. Student Body President Don Schaeffer announced that the sale of ASB cards and the book exchange contract also would be discussed.

Schaeffer has already assigned special positions for each council member in addition to their regular duties. The council members and their special assignments are:

Janet Larke, Art department; Student Union board; Marge Weaver, AWS, County Welfare board; Jack Scheberies, athletics, frosh orientation, homecoming;

Jack Passey, athletics; Bob Seal, ASB card sales, publications; Phil Bray, band, recognition assembly, ROTC and police.

Student Activities: Patty Burke, Co-ed Rec, WAA; Bob Madsen, drives, Frosh camp, Fairness, recognition assembly, science, organizations; Dave Down, frosh orientation, Engineering department; Dick Russo, McFadden Health Cottage, Revelries, Student Union board; Betty Brisbin, Spartan Shop, and Co-op; Speech and Drama.

Social Affairs: Ray Lyons, recognition assembly and rally.

### Parking Permits

Students who wish to park their cars on the streets overnight should obtain a \$1 parking permit from the San Jose Police department, according to Miss Bernice Van Gundy, secretary to the Dean of Men.

Failure to obtain a permit, said Miss Van Gundy, may result in a traffic citation.

### Money Available From Book Sale

Students may pick up money received for sold and unsold books at the Alpha Phi Omega book exchange in the Student Union today and tomorrow, according to Dave Down, chairman of the exchange.

Down said that unsold books not called for will be sold to the highest bidder immediately. Those interested in getting their books back must appear on the specified days.

### Homecoming Plans

All organizations planning to enter a float or house decorations in the Homecoming celebration must have a representative at the Homecoming committee meeting at 8 p.m. tonight in the Student Union.

### THREE NEW TEACHERS

Three new teachers have joined the Social Science faculty, according to Dr. William H. Poytress. Dr. Leo C. May will teach sociology, Mr. William H. Vatcher, geography, Dr. Vincent Carosso, history.

Mr. William Felse of the Graduate Manager's office, a member of the Spartan Fountain board, handed the perennial stool-sitters a black-eye in explaining that they had a great effect on the advanced price of coffee.

"Those students who felt that a five cent cup of coffee constituted hourly rent on the stool were taken into consideration by our committee before he price was raised," Mr. Felse said. "The turnover of customers is slowed down so much by these students that some sort of action had to be taken."

# La Torres Now on Sale; 10 Per Cent Already Sold

Ten per cent of the subscriptions to La Torre, SJSC yearbook, have been sold already, according to Editor Lou Frangione.

Frangione announced that students who want a 1949-50 Spartan annual had better get their subscription soon because the yearbook budget will permit only 2000 printings.

A \$2 deposit at the Graduate Manager's office, room 16, or to any staff member, will insure a La Torre upon distribution in early June. Full price is \$5.

According to Frangione, the new La Torre portends to be one of the finest in recent years. Preceding editors have developed a penchant for muteness when queried about the cover, but Frangione did say that it will be a bronze-like metallic gold, heavier, and more strongly bound. The yearbook editor was silent about the design.

Campus snaps, clear and in good condition, are in need in any size, Frangione declared. The yearbook will have more life photos than last year, and a new feature, campus pictures in vivid color. The La Torre head promises better sports coverage, with at least one snap of every varsity football game this season.

Assisting Frangione with his task of getting out the publication will be Bill Schulz, business manager, and Walter de Coux, art director. The rest of the staff is not certain as yet, Frangione said.

## 81 New Members Invited to Join Academic Scholars

Academic Scholars are inviting 81 new members into the organization, according to Recording Secretary Roland von der Mehden.

Academic Scholars is an organization in which students must have completed 90 units in the academic field. A 2. average is necessary, and it must be maintained. The academic field includes natural science, mathematics, social science, modern language, English, philosophy, and psychology.

New officers, who will serve this year, were elected during the last week of spring quarter. They are James Filice, president; James Fortney, vice-president; Roland von der Mehden, recording secretary; Roy Swenson, treasurer; and Bill Adams and Janet Giacomazzi, representatives.

## CSTA Plans Thursday Meet

A current membership drive by the California Student Teachers association has already accounted for 71 new members with more expected to come during the next week.

The objectives of the CSTA, according to Steve Stephenson, president of the association, "is to provide the kind of information to those who are seeking teaching credentials that is not found in the classroom or in books."

The first meeting of the quarter will be held Thursday afternoon at 2:30 in room 124. Future meetings will be scheduled for the second and fourth Thursday of each month. All students interested in becoming teachers are invited to attend, although membership is restricted to upper-classmen who plan to get teaching credentials.

## Just Among Ourselves

By PRES. T. W. MacQUARRIE

This column, appearing from time to time, will have to do largely with simple, everyday housekeeping. We are so crowded that we must have neatness and order to make the place decently habitable.

I don't know how many thieves we have this time, but there are some all right. Four in every hundred of our national population are criminals. I can't believe we have any such percentage here, for that would make over three hundred among us who are thieves, cheats or brutes, altogether too high a number for our selected group.

For whatever you may think about it, we are a group of much higher quality than the average of our population. But we have always had some thieves, and I must warn you to look out for your belongings. We do not have lockers in which you can keep your books and other stealable property. You will have to take care of them some way yourselves.

If you run across a thief, report him to the Dean of Men or the Dean of Women. Gang up on thieves. They are not entitled to a break. No false idea of code should let a thief get away. For as sure as he does, he will steal again.

Now, don't go to a Dean and say that you left your wrist watch on the library table and when you came back it had disappeared. Don't leave your fountain pen on the seat beside you. Take care of your stuff and if you find anything lying around, turn it in to the Information Office, "Lost and Found."

## Deans' Meetings Now Semi-Weekly

Beginning this week, the Deans' committee meetings will be held semi-weekly, according to Dean Joe H. West, secretary of the committee. The meetings will be held on Tuesdays 2 to 4 p.m. and on Thursdays 9 to 11 a.m. in President T. W. MacQuarrie's office.

"The reason for the second meeting," said Dean West, "is to permit time for conferences with individual department heads. It is planned to have one department head at each meeting to talk over departmental loads, departmental curricula, and future plans."

Other members of the committee are: President T. W. MacQuarrie; James C. DeVoss, dean of professional education; and Jay C. Elder, dean of general education.

## Spartan Daily SAN JOSE STATE COLLEGE

Entered as second class matter April 24, 1934, at San Jose, California, under the act of March 3, 1879. Full leased wire service of United Press. Press of the Globe Printing Company, 1445 S. First St., San Jose, California. Member, California Newspaper Publisher's Association.

## Announcements

ALPHA ETA SIGMA: will meet in room 127 this evening at 7:30. FLYING 20 INCORPORATED: will meet at 7 p.m. in room 127 this evening. Important meeting, all members please attend. Anyone interested in joining a flying club is cordially invited to attend.

ALPHA DELTA SIGMA: will members please check the bulletin board in the Spartan Daily office.

SPARTAN SPEARS: Meeting at 7:15 p.m. in room 39, for both old and new Spears.

ETA MU PI: will meet at Lucca's cafe in Santa Clara at 6:15 p.m. Quarter's activities will be outlined, please attend.

ENTOMOLOGY CLUB: Meeting tomorrow in room S-16 of the Science building at 12:30 p.m. Important business meeting.

ALPHA GAMMA: will meet in room A1 Wednesday at 7:30 p.m. Election of officers will be held.

CHRISTIAN SCIENCE ORGANIZATION: will meet tonight at 7:30 in room 21. Students and members of the faculty are cordially invited.

BLUE KEY: meets tonight at 7 p.m. in the Student Union. All members please attend.

ALPHA PHI OMEGA: meets tonight in room 24 at 7:30 p.m. Program for the quarter will be discussed.

SPEECH DEPARTMENT: All students who have season drama books on reserve are to call for them in the Speech office by 5 o'clock Friday.

SOPHOMORE CLASS: will meet tomorrow in room 7 at 3:30 p.m. All members please come.

STUDENT "Y" PUBLICITY COMMITTEE: will meet today. Art majors and minors interested in working on a poster committee for the Student Y please sign up in the Y lounge at 220 S. Seventh street.

## Classified Ads

Classified advertisements may be placed in the Spartan Daily office, 8-93, Monday through Friday, holidays excepted, between 11 a.m. and 1:30 p.m.

### ATTENTION Fellow Students:

Have an exceptionally attractive offer to make to any student willing to spend four hours per month collecting quarters from coin radios. Other business interests force the sale of this 44 coin radio motel route located in the San Jose area. A small investment can start you in business, and absolutely no experience is necessary. Contact us today. You too can become a capitalist. Phone CY 8-4428 after 5 p.m. Don Wagner, Al Hooning.

### WANTED

WANTED: An unjammed dance floor after the USF game.

### FOR SALE

ATTENTION Fraternities: For sale, standard size pool table, \$75. Phone CY 4-1540.

FOR SALE: 1946 Hudson four-door sedan, new paint, overhauled motor, very clean. \$995, at 233 N. Seventh street.

### FOR RENT

MEN STUDENTS: Willow Glen district on bus line. Double and single rooms, \$30-\$25. Monthly laundry privileges. 1070 Lincoln avenue.

LARGE, Newly decorated room. For two girls in private home, with kitchen privileges. 448 So. Twelfth street. Phone CY 5-0177.

GIRLS: Room single or double twin beds, kitchen and laundry privileges. \$6 per week. Phone CY 2-8968.

FOR MALE Students: Rooms for rent to students who are now in crowded conditions. Plenty of room, homelike atmosphere, reasonable rates. Call CY 2-5921 after 3:30 p.m. daily.

# Debate Team to Open Season in November

Early in November the San Jose State college debating squad will meet in competition teams from other schools in the state at a debate tournament to be sponsored by the Southern California Tournament association, according to Mr. Wilbur Luick, director of forensics.

A local group will take part in the Southern California tournament, a forensic tournament at Stanford Nov. 21-23 to be sponsored by the Western Speech association, and in several dual debates with squads from Stanford, California, USF, and Santa Clara.

Topic for 1949-50 intercollegiate debate, chosen by a national committee, is: Resolved, that the United States should nationalize all basic non-agricultural industries.

Topic for groups meeting in discussion is: What should be the foreign policy of the United States toward the Orient?

A system of forensic honors for those on the squad who win points at intercollegiate meets was approved by the Student Council last June, Mr. Luick revealed, and are conferred upon a limited number of students annually. Those who earn 50 points are presented with a gold pin, upon which is inscribed "SJS Forensics." A pearl is added to the pin for each additional 50 points the debater earns.

The pins are presented each year at Recognition Assembly. Paul Gormely, a senior speech and art major, and Leslie Groshong, a senior psychology major, were awarded forensic pins this June.

Debate meetings are held in room 33 on Tuesday and Thursday from 1:30 to 2:45, said Mr. Luick, and the class is still open. Twelve men have already enrolled in it.

Mr. Luick explained that students with training in debate or discussion who have taken speech 2b, argumentation and discussion, or who have transferred with speech training from high schools and junior colleges are welcome to try out for the debate squad. Those who are "free lance" debaters also may try out, he said.

## Health Dept. Adds 3 to Staff

Administrative and clinical facilities of the Health department have been augmented by three new staff members, according to Miss Margaret Twombly, department head.

Miss Florence Boyd, who received her M.A. at Columbia university and formerly was at the University of Cincinnati, will serve on the clinical staff and in nurse instruction. Miss Lucille Nagashima, who graduated here last year with an A.B. in commerce, is on the clerical staff. Mrs. June Haymond, former secretary to the Dean of Education at the University of Idaho, is also a new clerical staff member.

## Student Paintings Now on Exhibit

Three San Jose State college students have paintings in an exhibit open to the public until Oct. 14 at the Rosicrucian museum.

Title of the exhibit is "Moods and Manifestations in Art." State college students whose work appears are Fern Hazelquist, Stanley Sadler, and David Johnson. Miss Hazelquist and Sadler are art majors and Johnson is a music major and art minor.

"Moods and Manifestations in Art" varies in content from realism to modern art and includes several ceramic forms of the abstract vein.

# Spartans, Dons Clash Friday

By JOHN ROMERO

Coach Joe Kuharich and his University of San Francisco Dons, fresh from a resounding 38-14 victory over Detroit University, sail into Spartan stadium this Friday night for what shapes up as a ding-dong battle with San Jose State's surging Spartans.

Off their win over the Titans, the USF crew, led by the sensational Ollie Matson, will rule the favorites at game-time.

Matson was simply a riot against the Detroiters, and the Staters will have to check the big fullback if they expect a victory. Considered fifty percent of the Don attack, the 207-pound Matson is equally adept at crashing the middle or sailing around the flanks.

### USF Beefy

Starting in the backfield with Matson will probably be Ed Brown, John Finney, and Jim Ryan. Brown and Finney are excellent runners and Ryan came into his own as a tosser of touchdown passes against Detroit.

The USF line boasts such large gentlemen as left tackle Gino Marchetti, a 220 pounder, Dick Stanfel, the other tackle, and a moose at 230, and center Burl Toler. Toler is rapidly acquiring a reputation as a top flight line backer.

For Spartan fans, cheering news is that fullback Fred Silva will be ready to go against the Dons after missing two games because of an injury. On the gloomy side, guard Dick Bondellie will be sidelined for two weeks with a leg injury and center Bob Cheim is bothered with a twisted knee. Cheim will be ready to go against USF, however. Vico Bondiotti has finally recovered from a hip pointer and may start against the Hill-toppers.

### Attitude Good

The general attitude among Coach Wilber Hubbard's footballers is that they can lick USF, but they will be forced to play their best game to do it. The Santa Clara contest, which the Spartans lost by but one point, 14-13, proved the Golden Raiders can go right down the line with the best. The Broncos, although heavily favored, were played to a standstill by the aggressive San Jose State forward wall.

## Cross Country May Come Into Own On West Coast

By TED BREEDEN

"Running" is man's fundamental conditioner for all activities. This fact has been known for quite some time but only of late has the sport of Cross Country running come into its own on the West coast. For years the Eastern seaboard has recognized Cross Country as a major sport and thereby promoted outstanding collegiate meets attracting widespread interest.

Most Junior colleges throughout California schedule Cross Country meets and award letters to the top competitors. Numerous high schools have also recognized the possibilities of this fall training for their basketball, baseball and track prospects. Now many colleges are making tremendous strides forward in this little known spot, as can be evidenced by merely viewing the scheduled meets and the increased turnout of enthusiastic prospects.

From the standpoint of a spectator Cross Country leaves much to be desired, yet if the history and rules become familiar this activity will be as exciting to the spectator as any other collegiate sport. For that reason subsequent articles dealing with Cross Country history, competitors' physical makeup, N.C.A.A. rules, Spartan prospects, etc., will be presented in the Spartan Daily to acquaint San Jose State students with this re-discovered sport of long ago.

## Busy Week for Water Polo

Freshmen who are out for water polo will spend a lot of time in the water this week, with three games on the schedule.

Coach Charley Walker will take the boys to Palo Alto this afternoon for a 3:30 meeting with Palo Alto high. The frosh will be shooting for their second straight win, having beaten the Cal Aggies first year men, 7-1.

Thursday night at 8 the frosh will combine with the J.V.'s to play against the Olympic Club reserves.

Then on Friday afternoon, Sequoia high visits the San Jose

## Frosh Grid Squad Cut To 60 Men for Opener

### San Francisco 49'ers Smack Big Bad Browns, 56-28

SAN FRANCISCO (UP) — You can expect somebody to find a sure-fire cure for death and taxes any day now, because something just as amazing has happened—the Cleveland Browns have been beaten.

After 31 games stretching all the way from 1947, the San Francisco 49'ers upset the Browns' applecart Sunday by the resounding score of 56 to 28. The Forty-niners got more than the satisfaction of an upset, however, because they also took over first place in the league.

Following last Friday's squad scrimmage the freshman football team roster has dwindled from 150 potential players to approximately 60 team members.

Realizing the short practice period that the freshman team must comply with, the coaches were faced with having to make immediate decisions for this year's team.

Believed to be much stronger than last year's freshman team, this year's squad boasts good kickers and passers, very good hard running backs, fortified by a hard charging, though not too experienced line.

The coaching staff feels that they have a good team and if the players are sincere in their desire for a good club they'll be hard to stop as they clip through this year's schedule.

## Football Experts Think Spartans, Menges Terrific

Here's what three experienced observers think of the San Jose State football squad off their 49-12 victory over an inept Pepperdine eleven Friday night.

First, Mr. A. O. Duer, Wave athletic director, wearing a puzzled smile and a mile long puss wanted to know just how in the wide world did Stanford hang that 49-0 on Bill Hubbard's crew.

Duer had nothing but praise for quarterback Gene Menges and was wondering where he could find a boy with similar talents. He also marveled at the overall team speed of the Spartans, and the precision with which they executed their plays.

Also with high regard for the Spartans were Portland University coaches Harry Wright and Floyd Simmons, scouting the Waves whom they play this week. Wright, who lettered at Notre Dame as a guard in 1940-41-42, and who is the Pilot head coach and athletic director, expressed his views in a few short words: "Speedy, well drilled and coached!"

Simmons, also a Notre Dame ex, and former Chicago Rocket fullback, was of the same opinion.

## DiMaggio Shakes Off Virus, Belts Homer Off Banta

NEW YORK, Oct. 10 (UP) — There might have been a question today whether Joe DiMaggio had reached the end of the baseball trail—but there was no question that if he had he certainly went out in a blaze of glory.

Gaunt and pale, the Yankee Clipper sweated through the first four games of the World Series with one scratch hit in 14 times at bat.

But he finally put his own personal trademark on the fifth game of his eighth series, as the Yankees wrapped it up, by belting a curve ball off Jack Banta far into the left field seats.

# Who gets most of our customer's dollar?

**1. The owners?** No. Last year, Union Oil's stockholders got 10 million dollars in dividends from the company's operations. Divided among 36,120 preferred and common stockholders, this amounted to an average of \$278 per owner.

**2. The employees?** Guess again. Union Oil's employees got 34 1/4 million dollars in salaries, wages and benefits out of the money the company took in. Divided among our employees, this amounted to an average of \$4,600 apiece.

**3. The tax collector?** Right. Federal, State and other governmental agencies collected almost 47 million dollars from the money Union Oil Company took in during 1948—4 times as much as the owners got, 1/3 more than the employees got.

**4. In the last analysis...** that money was yours, not ours. For gasoline taxes alone added 25% to 40% to the price of Union Oil's 76 gasoline—depending on the tax rate in the community where you bought it. Wiping out all the profits paid to Union Oil owners in dividends, on the other hand, would have lowered the price of our petroleum products only 1/4¢ per gallon.
