

USF Slips By Spartans, 27-20

Matson's 80-Yd. Dash Cinches Tight Contest

By JOHN ROMERO, Spartan Daily Sports Editor

That Ollie Matson is all they say about him. Shackled, racked and otherwise bodily abused by the big Spartan line for three quarters, his team on the brink of defeat, the big 207-pound USF fullback exploded with a fourth quarter two touch-down barage, one on an 80-yard sprint, to sink the San Jose State Spartans 27-20 Friday night in Spartan stadium.

Not mentioned in pre-game press blurbs, but as dynamic as Matson Friday was State halfback Harry Russell who did everything humanly possible to provide his team with a victory. His 64-yard touchdown run in the third period gave San Jose a 20-13 lead, but the Dons, the Matsons they should call them, would not be denied.

Matson Booms

Following Russell's dash, Matson went to work. After nabbing a pass from sub quarterback Gene Sweeters to put the ball on the Spartan 15, big Ollie took a pitch out from Sweeters and literally bulldozed his way past five State defenders into the end zone. Ed Brown's subsequent kick in the sticks tied the score, 20-20.

Not 4 minutes later, after Harry Beck had booted into the end zone for the Spartans, Matson grabbed the pigskin on the first play and boomed 80 yards off the San Jose left side for the score that won the ball game. He was running clear at the USF 45 and how he can run!

San Jose was magnificent, but couldn't overcome the fourth quarter jinx that seems to dog Spartan teams. Gene Menges, Billy Wilson, Marv Johnson, Beck, Russell and Junior Morgan played perhaps the best games of their careers to no avail.

After the opening kickoff, however, it didn't take the Hilltoppers long to score. Following a series of running plays that brought the Dons from their 19 yard line to the mid field stripe, quarterback Jim Ryan hit his left end, Merrill Peacock, right between the eyes on the San Jose 20 and Peacock went the distance. Ed Brown's kick made it 7-0.

Spartans Wake Up

At the tail end of the second quarter the Spartans woke up. Harry Beck booted to Matson who was stopped on the USF 30. Then the State forward wall went to work and on succeeding plays tossed Roy Barni who, incidentally was terrific, and Matson for losses.

Forced to kick, the Don's Ed Brown punted high and long to Spartan halfback Archie Chagonjian who returned to the State 39. Menges tossed out to Harry Russell who scooted around his own right end to the USF 47 for the first San Jose offensive thrust.

Menges threw one incomplete to Johnson and then sent the Los Gatos speedster through center for 7 yards to the Don 40. On the next play Menges hit left end Junior Morgan on the USF 30 for a first down and then Russell took a handoff from the State quarterback, split the Don right tackle and guard and roared to the USF 3 yard line.

Johnson took a crack at center, then Beck took matters into his own hands and crashed over the Don right tackle for a score. Woody Linn's kick was wide to the left and the Dons led 7-6 at the half.

John Flinney scored from the 2 to put the Dons in a 13-6 lead beginning the third quarter, but Marv Johnson went over from the 1 after a series of Menges to Morgan passes.

Linn's toe tied the score, 13-13. Russell's run then put the Spartans ahead but Matson proved his press releases with his fourth quarter blast.

Theta Chi to Fete Guests at Smoker

Theta Chi fraternity will fete 48 guests at its first smoker of the quarter in the chapter house tonight at 8.

Strutters of '49

A high speed news camera caught Majorettes La Vonne Peters (left) and Dottie Arnold recently in a stirring display of Spartan spirit. They are setting the pace this year for the fast-moving Spartan marching band.

Senior Justices Needed on Council

Al Grass, new Chief Justice of the Student Court, has announced that two vacancies on the Court will be filled at next Tuesday's meeting of the Student Council.

He said that two senior justices are needed. Anyone wishing to obtain one of these offices should submit a letter of application to the Student Council, prior to the 3:30 p.m. Tuesday meeting, giving their qualifications for the vacancies.

Candidates must be ASB members in clear standing, having been enrolled in this college for at least one year at the time of taking office. They must be seniors and have completed 120 units, according to Student Body President Don Schaeffer.

Chief Justice Grass said that the court meets at least once a week. He pointed out that the Court has jurisdiction over all cases of a disciplinary nature pertaining to the student body of San Jose State college.

He said that the court has the power to enforce all regulations of student body activities and student conduct as enacted by the Student Council or as provided by the Associated Student Body constitution.

The other members of the Student Court are: James Taylor and Audrey Auerbach, junior justices; and Edward Morgan and Beverly Etter, sophomore justices. John Gregory is the prosecuting attorney for the Court.

COP Ducats Ready

Tickets for the COP game Oct. 28, will be available at a booth set up in the library arch at 9 o'clock this morning, according to the Graduate Manager's office.

The tickets are free to students presenting their student body cards.

'Give Now' Advises Chest

SJS Red Feather Drive Gets Under Way Today; Goal \$2000

Spartan students are expected to give generously to Community Chest solicitors who will contact students in 9:30 and 10:30 classes this morning, said Bob Madsen, chairman of the student drive.

"Giving to the Community Chest is not the same as donating to charity," Madsen said. "Community Chest is an investment in your community, and the agencies receiving funds from the Chest will undoubtedly effect you or your friends sometime during your life."

Jensen Gets Appointment To Committee

Dr. Harry T. Jensen, professor of education, has been appointed to the newly-formed Advisory committee on Adult Education.

The appointment came as a complete surprise to Dr. Jensen. "I didn't know anything about it," he stated, when he was asked if he had any advance knowledge of such a selection.

The commission is being re-established after being active from 1944-47. This is the first time any member of San Jose State college has served in this position.

Sixteen prominent California educators were named to the board which is selected on the invitation of State Superintendent of Public Education, Roy E. Simpson and President of the University of California, Robert Gordon Sproul.

Dr. McFadden Visits Campus

Miss Elizabeth McFadden, professor emerita of health and hygiene, visited the campus Friday afternoon to hear a description of travel in Europe this summer.

Miss McFadden headed the Health department from 1912 to 1937. The health cottage was named in her honor. She now resides in Palo Alto.

During the afternoon Dr. Anne S. Aller, assistant professor of health and hygiene, spoke to members of the department concerning her journey through England, France, Switzerland, Norway, and other European countries this summer. She travelled aboard the liner Queen Mary.

Spears Plan Sale

The Spartan Spears will sponsor a rummage sale tomorrow in front of Morris Dalley auditorium.

Objects to be sold include lost and found articles collected here in the past year.

Catherine Wallace To Aid RC Program

Appointment of Miss Catherine Wallace, assistant professor of health and hygiene, as vice-chairman of the Red Cross blood program committee was announced at the regular meeting of the group Thursday.

Miss Wallace has been active in the blood donor drive since it began two years ago and has been a member of the committee since it was formed several months ago.

During the coming year the committee will coordinate the work of the Red Cross chapter board of directors and the board of the Santa Clara Valley blood center. The center is operated jointly by the Red Cross and the County Medical society.

A tentative budget of \$72,000 is under consideration by the committee. William J. Fuller is chairman of the committee.

'Normal' and 'Auxiliary' Mixtures in Russia?

In Washington they are talking about Russia having two kinds of explosive mixtures, according to United Press. One is called a "normal mixture", or uranium 235 plus plutonium, and the other an "auxiliary mixture" which is a combination thorium plus brevimium. It takes chemistry knowledge to know what they're talking about. - - - I guess we'll learn it, too!

Chinese communist troops have entered Canton, and without the A bomb. Ordinary weapons are still driving Nationalist forces back in defeat. British troops are preparing for a Communist drive on Hong Kong.

The 29-day-old coal strike is still on with Lewis not backing

down, and the coal producers not consenting to the package of benefits that he is asking for.

When Russia is mentioned in

good news, it's a welcome sign. That country has returned nine American lend lease patrol vessels, and more are expected soon.

Lord Boyd Orr, who won the recent Nobel peace prize, stated that with both sides having new weapons there would be a better chance for peace. Let's hope that he is right in stating that "no government will willingly declare war."

Sometimes it does pay to be ignorant. In Des Moines, a negro truck driver got out of a \$24 fine because he couldn't read. The judge heard him plead guilty to a no parking sign, then fined him a dollar when he found that the man was illiterate.

Homecoming Is Near; Turn In Entry Blanks

By JOHN CONROY

All organizations intending to enter Homecoming events are requested to return their entry blanks to the Homecoming committee as soon as possible, Ed Mosher, chairman, announced today.

Mosher and the committee feel that this will be the largest and most successful Homecoming ever celebrated at Sparta. Organizations are to return their entry blanks to committee members in charge of the respective events. The blanks are to be placed in coop mail box No. 5. All events are open to any individual or organization desiring to enter them.

Herb Patnoe, Homecoming publicity chairman, announced today that any unit, float or decorated vehicle is welcome to enter the parade on Tuesday, Oct. 25. Organizations competing for prizes must follow contest rules and have filed entry blanks with the committee by Oct. 19.

Members of the Homecoming committee are: Mosher, chairman; Arman Hanzad, assistant chairman; Patnoe, publicity chairman; Phyllis Bollinger, in charge of half time activities; Alyce Leonard, secretary and float chairman; Barbara Belknap, chairman of house decorations; and Nick Lickwar, chairman in charge of Talent Show.

Entry blanks for floats are to be received from and returned to Alyce Leonard, float chairman (box L in coop). Entry blanks for house decorations are to be returned to Barbara Belknap, chairman of house decorations (box B in coop).

Organizations are reminded that prizes for this year's Homecoming will be awarded to the best fraternity float, the best sorority float, and the best independent organization float. Prizes for house decorations will be awarded on the same basis. The prizes will be trophies.

New Directory Being Readied By Blue Key

The 1949-50 edition of the student directory is in the process of being made, according to Blue Key, national honor fraternity.

Blue Key officials urge students and faculty to correct names, addresses and phone numbers in the files in the Dean of Women's office this week in order that they be correctly entered in the directory.

This year any organization recognized by the associated student body may have its name, address, and phone number entered in a new section which has been added as a special service. A fee of \$1 per organization will be charged to cover the additional cost involved, according to Blue Key officials.

Friday, Oct. 21, is the deadline. Checks should be made out to Blue Key fraternity, and letters put in the "B" box in the coop.

Success of the student directory will depend on the volume of sales. The low cost per copy means that high sales are needed to make the directory a success and continue its publication.

Announcements

INTERNATIONAL RELATIONS CLUB: Meeting Monday in room 7 at 3:30 p.m.

SOCIAL AFFAIRS COMMITTEE: Will meet Monday in the Student Union at 3:30 p.m.

KAPPA SIGMA KAPPA: Meeting at 596 S. 10th street at 7:30 p.m.

WILDLIFE CONSERVATION CLUB: Meeting tomorrow in S210 at 7 p.m.

Would the Gals Go Stag?

"Should San Jose State follow the lead of California and Stanford and split the rooting section into a men's group, a girl's group and a date group?"

This was the question brought up at last night's Rally committee meeting by Chairman Glenn Stewart. Stewart listed several of the advantages to be gained by such a move. The men would present a single solid block for card stunts.

Traffic Troubles Hit Science Dept.

High enrollment this quarter has forced a traffic control system upon the Science department, Dr. Carl D. Duncan, department head, said yesterday. To prevent confusion and possible injury, students attending lecture classes in S112 must enter by the entrance on the first floor and leave via the basement door, Dr. Duncan pointed out.

Other departments and classes have the same problems and future plans for new buildings may include traffic control signals, stop signs and traffic officers, according to college officials.

Other students felt that a solid men's block would lead to rowdiness and unruliness.

IRCElects Officers

The International Relations club will elect new officers this afternoon at 3:30 in room 7, according to Joan Ameglio, club president.

Members will discuss future programs, forums and speakers. Ameglio said that the purpose of the club is to promote international understanding and discussion of important international events.

Old Rivals To Remain Apart

Rumors going about the campus to the effect that both rooting sections would sit on the same side of the stadium at the SJS-COP football game were stifled yesterday.

Rally committee chairman Glen Stewart stated that the idea was proposed at State Camp and had even gone so far as the "thinking stages" but was later abandoned.

The whole affair is a dead issue. The idea was introduced into public prominence at SJS when a letter was written to Thrust and Parry questioning the truth of such an arrangement.

The letter, written by ASB 304, referred to such an arrangement as "dastardly."

100 Students Enjoy Annual Y Barbecue

A diversified program greeted some 100 students who attended the annual Student Y barbecue held at Crummeys last week.

Art Butler, membership chairman, termed the event a success. The program featured Dr. Victor Hugo Sword, educational adviser of the Indian government, who spoke on his personal experience with Mahatma Gandhi.

Afternoon arrivers made use of the swimming pool and tennis courts while others enjoyed horse-shoes and shuffleboard. After dinner, members and guests participated in dancing on the tennis court.

The barbecue, which was primarily a membership drive, attracted 60 prospective members.

Caretaker's Error

PORTLAND, Ore., Oct. 14 (UP)—A part-time janitor misunderstood an order to window-trim ivy vines covering two sides of the three-story Portland Public library. He hacked them off at ground level. They had covered the building since its construction in 1913.

Mosher Discusses Credit Problems With Balboa Profs

President Dwight E. Stanford of Balboa university, San Diego, and three other members of the Balboa faculty met here recently in conference with Dr. Raymond M. Mosher, Psychology department head.

The educators met to discuss the procedure that Balboa university must follow to become a member of the Northwest association of secondary and higher schools. This association, in which Dr. Mosher is an executive committee member and the official adviser for California colleges, is the regional accrediting association for schools of all western states.

The usual procedure followed by a school seeking membership to this body is to present a petition to the chairman of the commission on higher schools. The petition is then reviewed by all members of the Higher commission. If the commission approves the petition, a vote is taken at the next meeting of the Higher commission to decide whether the school will be accepted.

The next meeting of the Higher commission will be held on Dec. 9 at Spokane, Wash. San Jose State college has been a member of the Northwest association of secondary and higher schools since Dec. 1941.

NEW COACH, BUT TOO LATE

Spartans Go For First Conference Victory

By GEORGE McDONALD

The Santa Barbara Gauchos beat San Jose State at football, 13-7, way back in 1927, and have not done it since. The Spartans have rolled over USCBC nine times since then. According to word received from the southland, the Gauchos are weak, the Spartans are strong, and Friday night's game figures to be number ten of the series for the home team.

Roy Engle, new head coach of the Gauchos, brings youth and an offensive mind to the Channel City. But he's a year late. Sam and Royal Cathcart are gone. The 49'ers are using Sam alongside of Jimmy Cason to run back punts, and brother Royal had eligibility difficulties.

Santa Barbara has Quarterback Glenn Mullaney, who never played football before enrolling in college. Mullaney's passing has improved considerably since last year. Little Tom Kelley, scabback who went for 65 yards and a touchdown against San Jose last year, also has returned.

Whittier, Pomona and Occidental have all rocked the Gauchos on successive weekends so far this year.

Year	Santa Barbara	SJSC
1927	13	7
1928	0	6
1934	19	28
1938	0	20
1939	7	23
1940	6	33
1941	14	33
1946	0	20
1947	0	39
1948	13	43

Great Season Forecast As SJS Harriers Show Good Form

Cross Country made its local bow here Friday afternoon with the running of the annual inter-class meet. Coach Walt Bealey's proteges performed in a manner that forecasts a successful season for the Spartan harriers.

Marion Day and Dore Purdy, holdovers from last season, put on a sparkling demonstration of stamina in matching stride for stride over the final mile of the 3 1/4 mile course to finish in a dead heat.

Dan Sawyer and Doug Prestage set a torrid first mile pace that found the remainder of the field tightly bunched and trailing only a few yards behind. At the finish every runner was in close contact and times turned in were very good.

Finishing Results

Dore Purdy and Marion Day, 20 min. 11 sec.
 Bob Weber, 20 min. 20 sec.
 Al Weber, 20 min. 24 sec.
 Jim Simpson, 20 min. 35 sec.
 Doug Prestage, 20 min 53 sec.
 Neil Williams, 21 min. 2.8 sec.
 Bob Njcolai, 21 min. 25.3 sec.
 Bill Head, 21 min. 43.7 sec.
 Dan Sawyer, 22 min. 19 sec.

Dream Pays Off

WENONA, Ill., Oct. 14 (UP)—George Brunski said today he had found \$1000 in cash, apparently the estate of a coal miner, in a hiding place revealed to him in a dream. The money was being sent to Mrs. Pauline Shope, Central Point, Ore., the miner's only heir, Brunski said.

Intramural Sports Program To Begin Today: Mumby

Ted Mumby, director of Intramural Athletics, has announced that this week will start the intramural sports program for the autumn quarter. Forms are available for basketball, touch football, tennis, and wrestling in Mumby's office in the Men's gym.

There are two fields open for the touch football games—San Carlos turf, next to the Men's gym, and the strip next to the site of the new Women's gym. Basketball will be played in the Men's gym starting at 7:30 in the evening. The college singles tennis tourney will be held on the college courts and the wrestling program will not be held until next quarter. Organizers are urged to sign up members for their prospective teams as soon as possible.

Johnson Is Ruffian

Bob Johnson, Spartan Daily makeup editor, won the 130 pound title in the annual Novice Boxing Tournament last year.

Student 'Y' Barbecue Meat Success

Delicious barbecued meat for the Student "Y" Barbecue was supplied by Western Cold Storage Co., 40 North Fourth street, San Jose.

Student Rates

They have a special Rate for students, only \$5.00 per year for a Locker. Meat bought there costs less, and is the best. For example, current price of Armour's Star (the best) bacon is only 66 cents per pound. Pork chops cost 59 cents per pound in 10 pound lots.

Half of a young, tender lamb weighs 20 to 25 pounds and will cost only 49 cents per pound, all cut to your order and wrapped and frozen if you wish, and at no extra cost. Bring your Student Body Card to get special rate.

Sororities and Fraternities

Also Included

Western Cold Storage Company also will supply Sororities, Fraternities, and Boarding Houses who cater to college students, at these same special rates.

Yes, many students are now living better for less by getting their meat at Western Cold Storage Co., 40 North Fourth street, just two blocks North of the campus.

Mustangs, Tartars Play No More

PASADENA, Cal., Oct. 16 (UP)—Muir college has discontinued athletic relations with Compton college, climaxing a bitter dispute concerning the eligibility of Ed Demirjian, Muir's star quarterback.

The dispute arose after the Muir Mustangs beat Compton last Friday 22 to 21.

Spartans Play In Cow Palace

The San Jose State basketball team will play three games in the Cow Palace early next year. Bowling Green, semi-finalist in this year's National Invitational Tournament, play the Spartans on Feb. 3. St. Mary's and Stanford will play each other on the same bill.

Another Eastern seaboard team, West Virginia State, vies with San Jose State the next night.

This San Francisco auditorium will also be the scene of the renewal of court action between Santa Clara and San Jose State. After more than a decade, the Broncos and Spartans will play on the night of Feb. 7. West Virginia State will go against the Oakland Blue and Golds, formerly the Bitters in the other game.

Spartan Graduate Director Of CBS Television Facilities

Success has come to one of San Jose State's most talented graduates, according to Dr. Paul M. Pitman, dean of men.

Jackson B. Green, who was graduated in June, 1942, with an A.B. in art is now Director of Production Facilities for the Columbia Broadcasting System's television network in New York.

In addition to his regular duties with CBS, Green, whom Dean Pitman describes as a gifted artist and musician, will soon conduct a series of four programs in cooperation with the School Art league of New York.

The program announcing the series says:

"Television is an art medium. It will offer many fine opportunities for artists because it is a new art form necessitating very specialized talents. It combines some of the techniques of stage designing, costume designing, advertising art, lettering, draughting and rendering. Yet each of these techniques must be modified and redirected to suit the unique technical requirements of television."

"Green was one of the best pianists we ever turned out," said Dean Pitman. "He also had great ability as an artist."

Green entered the navy in 1941, and was stationed at Moffett field, where he worked in the chaplain's office. He refused a commission in order to continue his work with the men on that base.

After his discharge from the navy in November, 1946, Green was director of arts, crafts, and musical therapy at the Veterans Administration's hospital for the mentally disturbed at Palo Alto. For the past year he has been connected with CBS in New York.

New Science Labs Aid Dept.

Remodelling work on what formerly was room S 22 is under way although final completion will be held up until late spring or early summer next year.

Four small laboratories will emerge from the reconversion project, according to Les Brubaker, in charge of supplies and equipment.

First in the new lab rooms will be a modern microbiology study section with two large tables and complete facilities for storing equipment and specimens. Next will be S24, a lab for industrial chemistry followed by S26 for glass-blowing and S28 for physical chemistry.

In addition two offices will be part of the laboratory group. Modern lighting and equipment will be used in all of the new labs, Brubaker said. Contracts for furniture and other supplies will be let in the near future. Bids for furniture and equipment for S206, a botany lab, will be accepted on the same appropriation.

Dr. Myers Tells Addition of Two New Instructors

Two new instructors have been added to the San Jose State Mathematics department, according to Dr. Howard Myers, department head. They are Dr. A. W. Martin and Mr. Earl Ryan.

Dr. Martin received his Ph.D. from Duke university, after which he became an instructor at the University of Michigan. After a year at Michigan, he became an instructor at the Massachusetts Institute of Technology.

From M.I.T. Dr. Martin entered the atom bomb project and spent four years on the Manhattan project at the University of Chicago. Just prior to coming to San Jose State, he was an instructor at the University of Nevada.

Mr. Ryan, the other new math instructor, spent six years at the University of Washington, and then went to the California Institute of Technology where he received his M.S. degree.

After this, Mr. Ryan went to South America where he was a meteorologist for the Pan-American Airways company. Returning to the states, he became an instructor at North Dakota State. He was doing graduate work at U.C.L.A. toward his Ph.D. when hired by San Jose State.

Entomologists Plan Mt. Hermon Jaunt

Entomology club members have planned a field trip to Mt. Hermon Saturday, Oct. 29. Andy Browne, newly elected president announced yesterday. The first meeting under new officers was held in room 16 of the Science building at 12:30 yesterday.

Officers who will head the club for the coming activities are Browne, Vic Stowbler, vice-president; Shirley Walters, secretary-treasurer; Don Zuckswart, historian, and Bill Hazeltine, alumni secretary.

Duplicate copies of meeting minutes will be placed on the Entomology club bulletin board outside S213, Browne said. He invites all students interested in entomology to come to future meetings.

Revelries Jobs

Applications for Revelries director and business manager will be accepted now, declares ASB Prexy Don Schaeffer. Applications, which should list qualifications, may be turned in to Schaeffer's office in the Student Union.

Black Masque Sell Cook Book

Black Masque alumnae are offering for sale a 24-page cook book priced at \$1 a copy. Dean of Women Helen Dimmick announced recently.

This book is comprised of recipes that alumnae members have tried and found delicious enough to pass on to the gourmets of San Jose. The book is made up of 24 smooth-finished, filing cards with a single recipe printed on each of the cards. This is only one of the features that make the book a handy, practical and valuable addition to any kitchen or hope chest.

The money that the Black Masque alumnae receive from their cook book project is used to award deserving girls scholarships to San Jose State college. Previous cook book sales by the Black Masque alumnae have made it possible for them to award two scholarships.

WAA Hockey Club Meets at Stanford

W.A.A. Hockey club sent two teams to Stanford last Saturday and Sunday to the U. S. Field Hockey association's coaching session.

Beverly Devin, manager for the teams, was in charge of the group. New W.A.A. blue and gold sweatshirts reading "San Jose State College WAA" were worn by the teams for the first time.

The girls took lunches and were served soft drinks and milk.

Schools participating in the event included Mills, California, Chico, and San Francisco State.

WITH SMOKERS WHO KNOW...IT'S

Camels for Mildness!

Yes, Camels are SO MILD that in a coast-to-coast test of hundreds of men and women who smoked Camels — and only Camels — for 30 consecutive days, noted throat specialists, making weekly examinations, reported

NOT ONE SINGLE CASE OF THROAT IRRITATION DUE TO SMOKING CAMELS!
