Dr. Leslie McClaine, instructor in the Natural Science department at San Jose State college, will assume a position of research chemist at the Atomic Energy commission plant at Richland, Wash., Dr. Carl Duncan stated yesterday.

Dr. Duncan, head of the Natural Science department, said it was on the basis of Dr. McClaine's interest in specialized work in physical chemistry that he received the appointment. McClaine instructed a physical chemistry class at San Jose State college. He taught here three years.

"McClaine is a very well trained and competent chemist. We expect a good report of his new work," Dr. Duncan said.

Taking over his classes will be Dr. Albert Castro and Vic Peterson.

## Mrs. MacQuarrie's Sudden Passing Shocks SJ Campus

Private funeral services were conducted yesterday for Mrs. Winifred Dean MacQuarrie, wife of the president of San Jose State college. Mrs. MacQuarrie passed away suddenly early Friday evening at the family home, 225 S. 15th street.

In addition to her husband, Dr. Thomas W. MacQuarrie, she is survived by a daughter, Mrs. John R. Lloyd of Porterville, Tulare county, and a son, William Dean MacQuarrie of San Gabriel, a student at the University of Southern California.

Mrs. MacQuarrie visited a friend at Carmel Friday. During the day she telephoned her husband, asking him to bring her back to San Jose because she was not feeling well. She collapsed while resting at her home about 8:30 p.m. Friday.

A native of Wisconsin, Mrs. MacQuarrie had resided in San Jose for almost 23 years. She was a graduate of a teachers' college at Eau Claire, Wisconsin. She married Dr. MacQuarrie in 1908.

## Students Plan Death Valley Nature Jaunt

Tuesday, Jan. 10, will be registration day for some 180 men and women at San Jose State college for the West Coast nature school trip to Death valley, according to Dr. Gertrude Cavins, nature school registrar. She said plans are nearing completion for the 14th trip made by San Jose students to be held at the end of winter quarter, Mar. 26 through Apr. 1.

Dr. Cavins said registration and payment of the \$15 tuition fee and \$10 food expense fee will begin Tuesday morning at 8 o'clock in S100 in the Science building. She urged early registration because in past trips many disappointed persons were turned away.

In preparing for this year's journey, Dr. Cavins said that on Tuesday information pamphlets will be given to those registering so "they will know what they are getting into. It's no fun eating sand for a week," she said.

"Transportation will be by private car pools. The cost is usually \$10," she stated.

In addition to earning two upper division science units in the week's work, students camp out, cook their own meals, and visit scenic points of interest in the southern California desert area.

## Tryouts Scheduled

"The time is now!" announced Donnie Nunes, publicity chairman for the Spartan Revelries show, "Low Button Shoes".

"Don't hide your light under a bushel basket," she urged. "Try out for the 1950 Revelries production tonight, tomorrow, or Wednesday at 7 p.m. in the Morris Dalley auditorium. There is room in the show for all talent."

The theme of "Low Button Shoes", scheduled to run Feb. 22-25, is based on the carefree doings of the "lost generation."

## Jazz and Dixieland Music to Highlight Cancer Fund Show

By JOHN DREMEL  
The Damon Runyon Cancer fund show, to be held today at 3:30 p.m. in the Morris Dalley auditorium, consists of a musical program featuring recognized artists in the jazz and dixieland fields.

The Gem City Jazz band has been compared with Bob Scobey's Alexander's Jazz band by two critics, Ray Boorman and Al McClain, both outstanding critics in the Bay area. The group is composed of San Jose State students. They had their initial opening in San Jose Dec. 9th at the Palomar Dixieland concert.

Billy Shuart's San Francisco group will play in the big jazz concert to be held Jan. 11th in the Civic auditorium in San Francisco. This band has been compared very favorably with Louis Armstrong and Kid Ory's jazz bands.

The Townsmen, a dance combo of some renown, is also composed of San Jose State students. They played at the Shadowbrook club and are now featured at the El Morocco.

Phil Ford, the master of ceremonies for the show, is an artist known throughout the Bay area for the past 14 years. His talents for being an "emcee" were realized here in San Jose at Lou's Village. He had his own group for awhile, but has given over to being a master of ceremonies.

No admission will be charged; but contributions will be solicited at the doors. Other programs, to aid the Damon Runyon Cancer fund, are planned for the near future at Stanford university and the Civic auditorium in San Jose.

Each bid purchased will entitle the holder to one vote for a finalist. Runner-up candidates will become attendants to the Goddess.

Bids will go on sale Jan. 23 in booths located under the Library arch.

Geology 54, principles of prospecting and mining, will be held in room 13 of the Administration building instead of S216, according to Dr. Kartchner, instructor.

Chemistry 11B will meet from 8:30 a.m. to 11:20 a.m. on Wednesday. The Friday class will be held from 7:30 to 10:20 a.m., it was announced.

Conservation 50B, wild life conservation, will be held in room 124 of the Administration building on Mondays, Wednesdays and Fridays at 9:30 a.m., according to instructor Dr. Graf.

Applicants should be either upper division or have two years chemistry experience. Applicants should contact Mr. Thomas E. Nugent.

## Soph Counselling

Students on probation are particularly invited to come in and discuss course and study problems. Mr. Sevens' office is in room 28 in the second floor of the Art wing.

## Change of Address

All students who have moved since filing applications for employment through the college employment office are requested to leave their new addresses with Mrs. Florence Kellenberger in the Dean of Men's office.

This information is necessary in order to inform job applicants when positions have become available, Mrs. Kellenberger said.

## Michels Announces SJ Book Exchange Has Book Lists

Alpha Phi Omega's student book exchange will be open from 8:30 a.m. to 4:30 p.m. daily for transactions with students, chairman Fred Michels announced today.

"This quarter the exchange has a list of courses and texts and has the right books available," Michels stated.

The exchange helps students trade books of completed courses for books of courses now in progress.

## Hale Announces 'March Melody'

"March Melodies" is slated to be the biggest project sponsored by AWS winter quarter, according to Melba Sills, publicity chairman. The initial meeting will be held on Wednesday, Jan. 11, at 4:30 p.m., in room 24.

The first of its kind for Washington Square women students, "March Melodies" will feature numerous choral groups which will compete for vocal honors.

Joan Hale, newly elected president of the group, urges all interested women students to attend this quarter's first AWS session. Miss Hale recently replaced Marilyn Zeller, past AWS leader, who is student teaching in Pacific Grove this quarter.

Any women student enrolled in the college and having a student body card is eligible to become a member of AWS, Miss Sills stated. The group plans to meet every Wednesday of this quarter.

# Council Plans Are Outlined

According to ASB President Don Schaeffer, the Student Council will work on the following projects during winter quarter:

- (1) Extend the duties and powers of the inter-class council.
- (2) Try to arrange at least one town meeting a month.
- (3) Try to arrange a lecture series at San Jose State.
- (4) Bring the Red Cross blood bank back on campus.
- (5) Have the members of the council calendar report their activities for the incoming officers.
- (6) Enlarge the intramural sports program at the college.

The inter-class council is made up of one member from each of the four class executive boards. It is a fairly new governmental or-

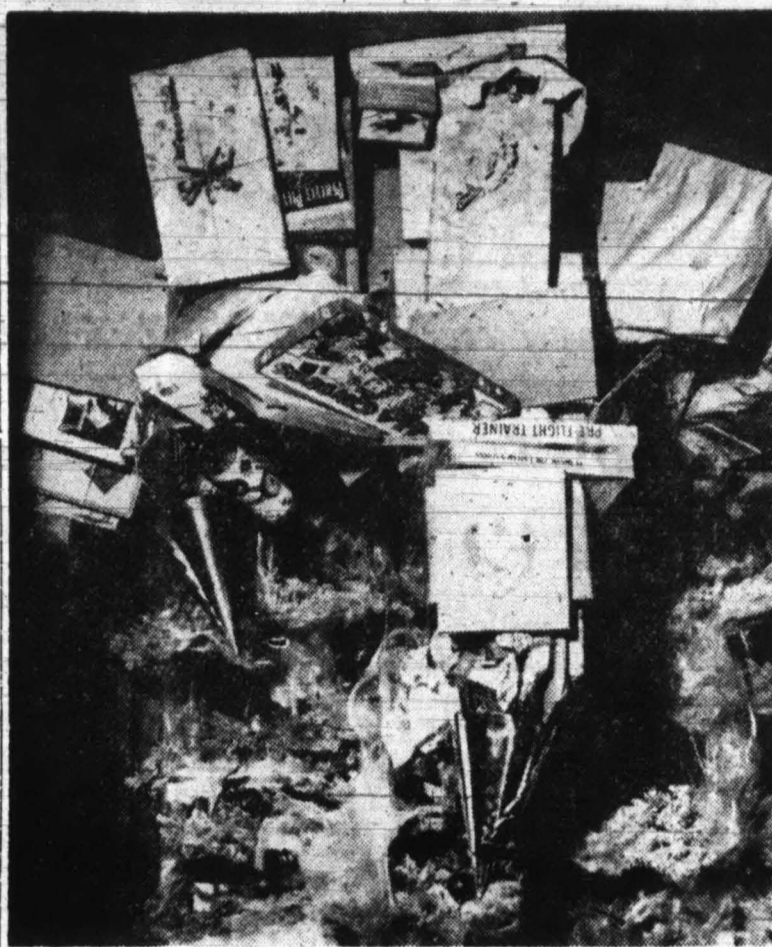

ganization, created to coordinate the activities of the four classes.

Last quarter, students had a chance to "air their gripes" at a town meeting, held on Thursday, Dec. 8. Schaeffer thinks that the idea of such a meeting is a good one.

At the town meeting, a request was made for a lecture series of some sort to be presented at San Jose State. This idea is still brand new, but Schaeffer thinks that such a series would do the college a lot of good intellectually.

The last time, the Red Cross appealed to the students for blood plasma, the response was practically nil. The Student Council wants to erase this black mark by bringing the blood bank back to

## 20 Kids' Happiness

## Toy Drive Brings Cheer To Invalids

The 20 bed-ridden children at the Santa Clara county hospital received enough toys for 100 kids at their Christmas party. The toys were donated to the Spartan Daily Toy drive by students and faculty of San Jose State college.

The drive, which started slow but finished fast, helped warm the hearts of the stricken children, according to hospital attendants.

Marv Frydenlund, co-editor of the Spartan Daily, termed the drive a "big success."

The toy drive was inaugurated in 1934 through a suggestion by Miss Mary Ferrisca, a member of Sigma Kappa Alpha, honorary journalism organization.

In 1939 the department's Press club took over the task of supervision. In 1941 the Spartan Daily began promoting contributions. Dances and parties have been held in the past to raise contributions.

## APOs Foster Car Pool Plan

Alpha Phi Omega's car pool, a new gimmick at SJSC, is trying to find a way to match rides with riders at all hours of the day.

The service is free, and it works like this:

Go down to the booth in front of the main arch in the Outer Quad and contact Gene Hadley. If you have a car, tell where you are going and what time during the day. If you need a lift, say what time and how far.

Alpha Phi Omega, a campus service organization, then will attempt to match rides with riders.

No ads will be accepted over the phone and the ads must be paid for in advance of publication, the office announced.

## March of Dimes Drive Opens On Campus Next Monday

March of Dimes week will be observed on the Spartan campus Jan. 16-20, with a March of Dimes program scheduled for Thursday, Jan. 19, in the Morris Dailey auditorium, according to Bob Kavet, campus chairman for the 1950 drive.

Kavet emphasized the fact that in 1949 there were 42,000 cases

of poliomyelitis in this country, and that some \$31,000,000 was needed for patient care alone during the year.

## Music Student In Symphony

S. Ross Bergantz, senior music student of San Jose State, is now first trombonist with the Portland symphony orchestra under the direction of James Sample, formerly assistant director of the San Francisco symphony orchestra.

Not yet graduated, Bergantz will complete the current season with the Portland symphony which ends in the first week of April and will then return to San Jose to be graduated in June.

He may be remembered by many for his fine solo performance during the Memorial day program held in the Morris Dailey auditorium last year, when he played Berlioz's "In Memorium" from "Symphony for Band".

"A realistically successful 1950 March of Dimes campaign is necessary for the anticipated dreaded disease for the coming year. It is an obligation of any institution of higher learning to contribute their share," Kavet said.

Kavet will work in cooperation with the Santa Clara county chapter of the National Foundation for Infantile Paralysis.

The March of Dimes show will feature student talent as well as amateur and professional entertainment.

Contribution containers for the 1950 drive will be miniature iron lungs. These containers will be placed on the campus and given to various organizations. No goal has been set for the drive.
