SAN JOSE STATE COLLEGE

Volume XXXVIII

San Jose, California, Tuesday, April 25, 1950

Number 118

### Frats Out to Oust DU Champions

Thrills, spills, and reckless driving will highlight the second annual pushcart relays, sponsored by Lambda Chi Alpha, Friday afternoon.

Specialized "hot rod" mechanics have been working day and night to have their vehicles ready for the big race. Twenty-four carts from campus organizations will be at the post, ready to start the big event.

Defending champion Delta Upsilon has been dicking with Bill Holland, last year's winner at Indianapolis, to drive their heap.

A queen, whose identity will be revealed in tomorrow's Spartan Daily, will reign over the relays. Reported rumors are that Jane Russell has the inside track; that is, if hubby Bob Waterfield will be willing to let her out to the wolves.

Six trophies will be awarded in a ceremony immediately after the race. Two perpetual trophies, one to the winner of the race and the other for the most original cart, will be presented. The trophies will be kept until next year when new champions will be determined. Trophies for organizations finishing first, second, and third, plus one for the most original, will be awarded.

In last year's relays, carts shaped like oversized beer bottles, locomotives, baby buggies, and animals were entered. Each entry will have one driver and six pushers. Carts entered by feminine organizations will be driven by females and pushed by males.

Judges for the event will be Captain Mel Hornbeck of the San Jose Police department; Louis Rossi, local businessman, and Councilman Parker Hathaway. Bob Custer, disc jockey of radio station KLOK, will handle the presentation ceremonies.

### ROTC Members Ordered to Camp

Orders to report at Hamilton Field to aid in operations of Air ROTC camp, June 26 through August 4, have been received by the Air Force ROTC. According to Colonel Thomas A. Lee, those attending summer camp are: Colonel Lee, Captain John W. Thomas, and Master Sergeant Frank W. Roy.

About 44 advanced students from SJS are expected to attend summer camp at Hamilton Field for supply and logistics training. Two more students will report to Lowrie Field, Colorado, to attend transportation school.

Major Howard Brown will be in temporary command of the SJS Air ROTC during the summer quarter.

### Deadlines

The last day for veterans to purchase books and supplies will be this coming Friday, April 28 according to information from the San Jose State college veterans office.

Another item of importance regards those veterans who are enrolled in Junior college and plan to attend summer session here. They are asked to file an application for a supplemental certificate in Room 32 as soon as possible.

### ASB Checks Frat Charter

The constitution of Sigma Sigma, new local on-campus social fraternity will be discussed at today's meeting of the Student Council in the Student Union at 3:30 o'clock, Don Schaeffer, ASB president, said yesterday.

The Camp Miniwanca selection committee will report on its progress in picking delegates to attend the camp this summer. Last week the Council approved a plan that will send four students a year to the conference.

Reports on the campus blood drive and the selection of counselors for Freshman camp will also be heard.

### IA Pre-registering Starts Thursday

Pre-registration for fall quarter industrial arts courses will be held Thursday, according to Mr. Hartley Jackson, industrial arts instructor.

Students who plan to take courses in the department next fall are urged to pre-register Thursday, as those who delay may find classes already filled.

According to Mr. Jackson, pre-registration cards will be available Thursday in all industrial arts classes. Students who are uncertain of which courses, they should pre-register for, should see their advisers immediately.

### Job Interviews

Mrs. Helen Graham, representative from the San Francisco Emporium, will be on the campus Wednesday, May 3, to interview students interested in department store employment. Dr. Milburn D. Wright, associate professor of commerce, announced yesterday.

Graduating seniors who are interested should sign for an interview time with Miss Lillian Lynam in the Commerce office not later than Friday, April 28.

### Bulletins Available

Summer Session bulletins now are available in the corridor outside Room 120-B. To avoid swarming into Dr. Mosher's small office, a box has been placed outside the Summer Session office.

Slightly different from last year's bulletin, this edition devotes an entire departmental section to each of the three sessions.

### Pickard to Go Overseas

Master Sergeant David Pickard, Air ROTC, has received orders transferring him to Hickam Air Force Base, Hawaii. Pickard expects to depart from the Camp Stoneman Air Force Overseas Replacement depot sometime in August.

### Committee Will Discuss Library Hours

College officials will meet in conference today before the Deans' committee to discuss a recent petition demanding more library service.

Although indications are unfavorable to any change, the subject is being given every consideration by Librarian Joyce Backus and Dr. T. W. MacQuarrie.

Miss Backus presently is taking a survey of library records to determine the need of suggested longer hours.

The petition, introduced two weeks ago, requests weekday hours end an hour later at 10:30 p.m., Saturday afternoon opening be extended to 5 o'clock, and in addition, a Sunday opening.

The Saturday afternoon schedule had already been planned for next quarter, according to Miss Backus.

### UNITED PRESS ROUNDUP

#### Classified Atomic Documents Found Safe Says Commission

BERKELEY, April 24.—Dr. Harold Fidler, area manager for the Atomic Energy Commission, said yesterday that a vault containing most of the classified documents, feared lost in the Sunday night fire at the U. of California, has been found safe. Cause of the fire which destroyed the two-story frame administration building has not been discovered. Nearby concrete structures, housing the cyclotrons, bevatrons and other atom-smashers, escaped damage.

#### The Weather

Unable to shake a slump of consistency, the crystal calculator visions fair for today, so there.

Baseball weather prevailed yesterday with a high pitch of 83 and a low call of 49. Breezes joined clear skies.

#### Yell Leaders

All students who are interested in trying out for yell leaders are requested to meet in Morris Dailey auditorium Tuesday at 7 o'clock p.m., according to Bob Baron, yell leader chairman.

Baron also requests members of his committee to attend the meeting. Regular tryouts will be held next month prior to the inner-squad game.

#### Engineering Dept. Has List of Jobs

Requests for candidates to fill Civil Service positions are coming in to the San Jose State college Engineering department, according to Dr. Ralph J. Smith, department head.

June graduates will have a chance for positions as junior civil engineers. San Jose has a number of such jobs with a starting salary of \$322 a month. Similar jobs will soon be available from Santa Clara county and Los Angeles.

Three men are wanted by a local steel fabricating company for work in the reinforcement and structural steel department, according to Dr. Smith.

### 'Visitation Day' Brings 770 for Campus Tour

Today is "Visitation Day" at Washington Square.

The eyes of approximately 770 visiting seniors from San Jose city high schools are focused on San Jose State college this morning.

Seniors from the San Jose, Lincoln, and Notre Dame high schools are here to acquaint themselves with the many curricula and activities

on the campus.

At 8:20 o'clock this morning they gathered in the Morris Dailey auditorium, with Dr. Cecil Hardesty, city superintendent of schools, presiding.

President T. W. MacQuarrie greeted the students. Don Schaeffer, student body president, and Miss Marilyn Zeller, president of the associated women students, also welcomed the seniors.

The morning program is as follows:

8:55 a.m. Introduction of college officers.

9 a.m. Pictorial history of the college by Dr. Robert Rhodes, professor of biology.

9:20 a.m. Mr. Lowell Pratt, in charge of campus tours, will explain to the seniors how guides will assist them in getting them where they wish to go.

9:30 a.m. Students will be dismissed from the auditorium and will accompany their guides to the departments which they have chosen to visit.

10:20 a.m. The major department program ends and guides will bring the students back to the main quad, where they will reassemble around signs indicating the campus tour or the activity of their choice.

10:30 a.m. Guides will take the students to the rooms in which the activity programs are being held.

11:30 a.m. The program concludes at 11:30 and the seniors will report to their high schools for afternoon classes.

Mr. Lowell C. Pratt, assistant professor of journalism and college public relations director, has charge of the guides who will show visiting seniors about Washington Square this morning.

### Red Cross Blood Drive Successful

Culminating a week's active registration and canvassing by the Inter-Class council, 79 students and faculty members donated to the Red Cross blood drive yesterday.

Between 10:45 a.m. and 3:00 p.m., 36 women and 43 men passed through the Red Cross mobile unit set up in the east wing of the Student Union.

Over the week-end donors received a card informing them of their time of donation.

Red Cross personnel expressed appreciation for the cooperation given them by the students and faculty, according to Frank Horst, ICC president. One receptionist said, "I can't help but admire the students who have taken time out of their full schedules to come over here and render an unselfish service. It is certainly gratifying."

According to Horst, an attempt is being made to make the drive a yearly affair.

"We would like to see the drive take place every year, or every nine months. The ICC is preparing a list of Monday's donors so that we may notify them before the next drive, if they would like to donate again. Also a list of suggestions is being compiled for the benefit of future drive chairmen. We have experienced a great deal of success in comparison to previous drives, and we feel that that experience would be immensely helpful in the future," Horst stated.

flare-up over rich, newly-discovered shrimp beds along the Florida, Texas, and Mexican coasts. Mexico claims that it controls waters extending nine miles from its coast while the United States recognizes only a three-mile limit.

## SJS Gal Sports 'Low Button Shoes'

Lovely Lee Van Doren, Cinderella for a day, is pictured above wearing the "Low Button Shoes." Her dainty feet trod the Spartan walks for an hour before she was spotted by Mrs. Dorothy Hain, who in turn won two Revelries tickets.

## Dorothy Hain Wins Tickets To College Revelries Show

Mrs. Dorothy Hain was the first Spartan to notice Miss Lee Van Doren wearing the "Low Button Shoes" yesterday. As Mrs. Hain's reward for being the most observant San Jose State college student she received two tickets to Spartan Revelries which starts tomorrow evening at 8:15 o'clock.

Mrs. Hain is an English major from Colton. She and her husband, Gordon, are attending the Spartan college.

"The shoes were so highly polished that I couldn't help but see them," she remarked.

"I just walked up to her and asked if anyone had told her about her shoes. She said I was the first and the tickets were mine."

Miss Van Doren wore the antiquated-styled shoes for almost an hour before Mrs. Hain spotted her. Several students noticed the footwear after Mrs. Hain had won, but then it was too late.

"Some of the kids in my 1:30 class about fell off their chairs when they saw my feet. The looks on their faces were so funny when they realized I was the girl with the 'Low Button Shoes,'" Miss Van Doren said.

"The only strange part about the situation was that I felt as if I were wearing corrective shoes," she laughed.

Lee is a freshman art major from Huntington Park. She is a member of Kappa Alpha Theta sorority, whose members are still amazed with the revelation of their Lee being the mysterious Cinderella.

May 4-9

# 1950 Revelries Opens Here Tomorrow Night

## 'BF' Secret Out As College Wears Low Button Shoes

Shrewd Spartan Daily reporters yesterday uncovered the mystery of BF day. Undisclosed sources revealed the baffling slogan as meaning "Bare Foot" day.

"Tomorrow is Bare Foot day on campus. The only shoes permitted on campus are "low button shoes" or no shoes at all.

Gals are urged to paint their toenails the brightest colors they can find and if the fellows like they also may do so. Check stands for shoes will be located outside the Coop and outer Quad. Persons checking their footwear will participate in a contest to find the smallest and largest feet.

Upon checking shoes an outline of the student's foot will be made and his name will be inscribed on the drawing. After the booth closes the results will be found and tickets to tomorrow night's Revelries "Low Button Shoes" will be awarded to the winners.

Since "low button shoes" are at a premium as are the tickets to the show "Low Button Shoes" (which, by the way, opens tomorrow night at 8:15 o'clock for the first performance and will be presented at 8:15 o'clock every evening up to and including Saturday night, April 29) bare feet definitely will be in vogue. Think of the shoe leather which will be saved during the day.

## Student Y Hears WSSF Drive Plea From Agnes Gregg

Miss Agnes Gregg, student from Hungary, made an appeal recently to the Student Y for workers to aid in the World Student Service Fund drive, which is to start on the SJS campus soon.

Speaking before the regular meeting of the "Y" Miss Gregg stressed the need of WSSF aid to students in all parts of the world.

"I have seen many European universities which have 50 students to one text book," Miss Gregg said.

She declared that schools and universities in Europe have no athletic programs or social life because they lack the facilities.

"You can get along without these things," she said, "but you cannot learn without text books, supplies, and food." These are the items Miss Gregg claims WSSF can give to the needy students of the world.

She closed by saying one of the best ways to gain world understanding is through education, and American students, through WSSF, have an opportunity to aid in the education of the world.

## College Urges That Mail Be Picked Up from Coop

Students and organization mail is being left uncalled for in the Coop mail-box, according to the Information office.

Mail received at the college, addressed to students and organizations, is placed in the Coop. If, at the end of a week, the mail is uncalled for, it is readdressed according to the residence addresses in the Dean of Women's office, or returned to the sender.

As mail is accumulating in the Coop, the Information office urges students to pick up their mail.

## Revelries' Comics

Mack and Jack, the leads in "Low Button Shoes", express utter delight when they learn of San Jose Normal school's all-girl student body. Wayne Mitchell, right, will play Jack. Cliff Roche left, plays the part of Mack. —Hildenbrandt.

## 'Turbulent Twenties' Musical Show Theme

By DONNIE NUNES

Tomorrow evening, at 8:15 o'clock, the curtain will rise on the first performance of the 1950 Spartan Revelries production "Low Button Shoes".

First-nighters will re-live the days of the flaunty flappers as pretty Spartan co-eds dance the favorite steps of the "turbulent twenties." Racoon coats, middy blouses and knee-length pleated skirts will fill mother and dad with a nostalgic feeling as they recall those days of carefree youth. Junior will see the close connection between the up-and-coming fifties and the days of yesteryear.

Mack and Jack, otherwise known as Cliff Roche and Wayne Mitchell promise to be two of the brighter spots in the musical comedy revue. Their natural wit and enjoyable comedy are only part of their capabilities. The two fellows are much admired by followers of the college drama productions.

Lorraine Davidson, whose close resemblance to the Broadway star Carol Channing has impressed many of the cast, will play the part of Margie. Ruth Martsolf as Donna Lou will sing "I've Waited for Someone", one of the eight original songs composed by Fred Cooper and Dick Weigum.

Bob Custer and Lud Spolyar as Doctor Begory and Sheriff Beltbuckle are but a few of the predicted enjoyable characters of the show.

Sigma Kappa girls and the "Dull Skulls" will perform their familiar routines of singing and dancing. A men's chorus will add brighter moments between the acts.

Vaux Mery and Ted Hook will haunt the stage as they dance their Spirits number while Boyd Johnson's orchestra completes the musical picture.

Costumes were selected by Pat Dempsey and make-up will be the work of Ted Hook.

Directed by Dick Pritchard, this year's Spartan Revelries replaces the lost Spardi Gras usually held in spring quarter. Tickets are still available at the Graduate Manager's office for 60 cents to students and 90 cents to the general public. Performances will begin tomorrow night and run through Saturday, April 29.

## New Co-Rec Class Opens

Co-Rec is sponsoring a badminton clinic from 7:30 to 9:30 o'clock tonight in the Men's gym, and Walt McPherson will conduct it. An exhibition match will be held displaying various badminton techniques. Bill Ernst, Co-Rec publicity chairman, explained yesterday that ASB cards, plus tennis shoes, are the requirements for participation in this unusual event.

The regular weekly meeting of Co-Rec will be held, as usual, in the Women's gym, from 7:30 to 10 p.m. Events scheduled are canasta, dancing, ping-pong, and volleyball.

Bill Ernst also announced a roller skating party to be given May 23, at Rollerland. Tickets will go on sale May 7, in the Women's gym, and will sell for 65 cents. The cost includes shoe skates, and Co-Rec will provide transportation for those who need it.

## Tickets Going Fast

Tickets for the Speech and Drama department's production of "The Corn is Green" are going rapidly, and the five day run positively will not be extended.

The play is a powerful study of life in a Welsh mining town. Principal characters are Miss Moffatt, a school teacher, played by Shirley Wilber, and Morgan Evans, a young miner, portrayed by Don Pearlman.

Tickets are on sale in the Speech office. Student admission is 60 cents, and general admission is 90 cents.

The play will run May 4 through May 9.

## Betty Davis, Ken Lucas Wed At Home of Dr. George Bruntz

A garden wedding at the Los Gatos home of Dr. George Bruntz furnished the setting recently for the marriage of Miss Betty Pearl Davis to Kenneth Lucas. Sixty guests gathered in the flower-decked patio to witness the impressive rites.

Wearing traditional white satin, the bride complemented her wedding ensemble with a finger-tip length veil. A bouquet of white sweet peas added to the spring accent of the ceremony.

The former Miss Davis was preceded to the garden altar by her cousin, Miss Sandra Bailey, maid of honor. Miss Darlene Bruntz acted as bridesmaid.

Edwin Grove, of Santa Cruz, served as best man. He is a former classmate of the bridegroom. The ceremony was conducted by the Rev. N. S. Hammack of the Los Gatos First Presbyterian church. Mr. Lester Smith of San Francisco as-

sisted. He is a cousin of the benedict.

The bride was given in marriage by her uncle, Mr. Nick Davis, of Davis, Nev. Following the ceremony the guests were received in an adjacent patio of the Bruntz home. Delta Gamma sorority sister of the bride, Miss Maxine Corday, and former classmate, Miss Bernice Fink served reception guests.

The former Miss Davis is a March 1950 graduate of San Jose State college, where she obtained her degree in the general secondary teaching field. The daughter of Mrs. Pearl Davis of San Jose, she was graduated from Santa Cruz high school. Delta Gamma is her fraternal affiliation.

Lucas, a graduate of California Polytechnic Institute in San Luis Obispo, is the son of Mr. and Mrs. Lester Lucas of Santa Cruz. He is employed in Richmond, where the couple plan to make their home.

## Mr. and Mrs. Vallandigham Back from Wedding Trip

Mr. and Mrs. Gordon Vallandigham, the former Jean Allen Berry, have recently returned from their wedding trip to Southern California and are making their home at 1129 Pine avenue.

Wedding rites for the young couple were performed in the First Methodist church of San Jose by the Rev. J. F. Wilson, uncle of the bride, and Dr. Joyce W. Farr. The double-ring ceremony was read before an altar decorated with palms and white flowers.

When she was escorted down the aisle by her brother, Charles Berry, the bride was gowned in white nylon lace and net. Her heartshaped crown of net and orange blossoms secured a fingertip veil. White orchids and bouvardia marked the white prayer book which she carried for her marriage.

Attendants were attired in organdy gowns of rainbow colors with head bands of contrasting

shades. They carried French bouquets of white carnations. Mrs. E. Grand was matron of honor for her sister and bridesmaids were Miss Elaine Williams, Miss Beverley Hine and Mrs. Roger Greenwald.

Best man for the ceremony was David Vallandigham, brother of the bridegroom. Wedding guests were seated by Dick Vallandigham, Robert Grand, and Keith Clark.

A reception was held in the church parlors immediately following the wedding.

The new Mrs. Vallandigham is a graduate of Abraham Lincoln high school and San Jose State college. She holds membership in Alpha Phi and Spartan Spears.

Vallandigham also was graduated from San Jose State college. His fraternal affiliations are with Sigma Alpha Epsilon. He is the son of Mr. and Mrs. Gordon Vallandigham.

## AOPi Elects New President

Jeanne Durrell was elected president of Alpha Omicron Pi during an election held at a recent chapter meeting. Miss Durrell, a junior majoring in general education, will replace Angie Panelli, out-going president.

Other members who will serve the sorority as officers include: Andrea Kriege, vice president; Marilyn Vasey, corresponding secretary; Pat Kiely, recording

secretary; Winne Brooks, treasurer.

Cathy Savinovich, doorkeeper; Martha Reid, panhellenic delegate; Pat Anthony, scholarship; Bette Roberts, press representative; Marlyn Ahlenius, rush chairman.

Following the election of officers, members greeted the new spring pledges with informal recognition ceremonies and group singing.

## KAs Fete Mothers at Tea

Attention: CAMPUS ORGANIZATIONS NOW READ THIS

Are you planning a dance, party, bar-b-q, or promoting some spring function and want to make it a financial success?

Well, don't be half-safe—Here is a way for you to solve your difficulties. Reach all the students in the most economical way possible—Advertise your Spring functions in the Spartan Daily. Tell 7200 students where and when the party will be . . . at special low rates. Remember . . . 99% read the Daily.

Members and pledges of Kappa Alpha feted their mothers last Sunday afternoon at a tea in the newly-decorated basement rumpus-room of the chapter house, according to Paul Davis, president.

Thirty-five KA mothers attended the tea. Purpose of the organization was to start the organization of a mothers' club to assist the members in decorating the house and providing a "woman's touch."

Louis Gerard was in charge of arrangements.

"Low Button Shoes"

April 26 - 29

## French Society Elects Prexy

Jim Fortney was installed last Wednesday night as president of Iota Delta Phi, honorary French society, during an installation ceremony held at the home of Dr. Boris Gregory, adviser of the group.

Other newly-installed officers for spring quarter include Don Holly, vice president; Dorothy Coproviza, secretary; Clifford Wurfel, treasurer; Delores Rose, historian and reporter.

According to the secretary of the Modern Language department, plans are now underway for an open house to be held in the near future. A senior dinner will be held at the end of the year.

Following the installation, Miss Nadine Douglass, outgoing president, was presented with a gavel pin. She has held every office in the society except that of treasurer.

## DSCs Initiate Members Monday

Formal initiation of Delta Sigma Gamma fraternity members was conducted recently at the chapter house, according to Pledge Director Paul Nicholas.

Adolph's restaurant in Santa Clara was the scene of the initiation banquet, following the ceremony. Jimmy Smith will act as pledge chairman for the 10 new members.

Additions to the fraternity roster include Larry Rice, Bill Mahan, Don Ling, Bob Hamilton, John Wittwer, Bill Morgan, Dick Schmitz, Bill Johnson, and Darrell Rouleau.

## Theta Mu Holds Smoker

Theta Mu Sigma held its first smoker for prospective pledges Thursday at the chapter house. Twenty-five men were invited to attend the get-acquainted affair.

## DTO Fetes Pledge Class

The largest pledge class in the last 24 years of Delta Theta Omega history was honored last Sunday afternoon at O'Briens, according to Bud Bridle, president.

Preceding the annual pledge breakfast, 19 men were added to the fraternity roster during ceremonies held at the group's house.

The neophytes include Bob Baker, Bob Baron, Roger Calleri, Ron Church, Don Ellison, Don Enos, Bob Glissman, Bernie Isaacson, Mac Morris, Don Mehrtens, Cliff Plummer, Bill Rafloski, Ken Reitz, Eddie Salvadellera, Walter Stover, Dave Suppiger, Robert Velladao, Leland Willman, and Henry Wright.

Pledge captain will be Leland Willman. Vice-president Will Olsen will act as pledge trainer for the group.

NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS!

# Overnight Sign-up May 8

Sign-ups for the senior overnight will begin May 8. Price of the Astoria jaunt is \$6, according to Eugene Hartman, publicity chairman. The overnight, for seniors only, will be held, June 3 to 4. Patrons for the annual senior get-together, include Miss Mary Hotton, Dr. Alexander G. Mc-

Callum, Dr. Robert D. Rhodes, and Dr. Carl D. Duncan. Schedule of events for Senior week includes the Senior Ball, June 17; baccalaureate, June 18; Senior day, June 19; faculty reception and graduation rehearsal, June 20; Senior beach day, June 21; and the Senior banquet, June 22.

## Overstreet Talks

Harry A. Overstreet, author of the current best-seller, "The Mature Mind," will speak tomorrow evening at 8 o'clock at the Woodrow Wilson junior high school. Subject of the talk will be "The Development of Personality." Tickets are available in the office of the Dean of Men.

## Library Has Complete Newspaper File

What's going on in the world? The answer to this can be supplied by a visit to Room 211 in the library. Located here are more than 14 popular newspapers with up-to-date news coverage. Such national papers as the New York Times, Christian Science Monitor, Los Angeles Times, Los Angeles Examiner, Oakland Tribune, San Francisco Exam-

iner, and the San Francisco Chronicle are on file. Other papers included are "France Amerique," Publisher's Auxiliary, San Francisco News, Sacramento Bee, San Jose Mercury Herald, and the San Jose Evening News.

# Stockholders get 5¢ from each Union Oil 1949 sales dollar

...TAX COLLECTOR GETS 18 3/4¢

1. Out of every dollar paid in by Union Oil customers during 1949 the company made a net profit of 8 1/4¢. 3 1/4¢ of this was put into expanded facilities to meet the growing demand for petroleum products in the West. 5¢ was paid out to the stockholders in dividends. Since these dividends were divided among 37,245 preferred and common stockholders, the payments averaged \$315 per stockholder.

2. Out of every dollar paid in by Union Oil customers during 1949 the employees received 14¢ in wages, pensions and other employee benefits. Since these wages and benefits were divided among 7,316 employees, they averaged about \$4,700 per employee.

3. Out of every dollar paid in by Union Oil customers during 1949 the federal, state and local tax collectors got 18 3/4¢. So the tax collectors got almost 4 times as much money as the owners and 1 1/3 times as much as the employees. \*This figure represents taxes on all our products—fuel oils, asphalt, lube oil, greases and gasoline. When our customers buy gasoline, 31¢ of each dollar they spend goes to the tax collectors.

4. "Cost of Doing Business and Expansion and Replacement of Facilities" includes following:

Raw materials	26 1/4¢
Transportation	7 1/4¢
Supplies, power, exploration, selling expense, etc.	14 1/4¢
Interest	3 1/4¢
Expansion and replacement of facilities	13 1/4¢
<b>TOTAL</b>	<b>62 1/4¢</b>

# SJS Golfers Keep Slate Clean; Rap St. Mary's

The San Jose State college golf team remained unbeaten in dual competition this year by defeating St. Mary's yesterday at La Rinconada, 19½-7½.

Ability to field a well-balanced team proved to be the vital factor favoring Coach Walt McPherson's crew. In the No. 1 match Packard Harrington, of Gael football fame, upset Ken Venturi, 2-1. Both golfers posted 1-under par 69's. Johnny O'Neil, St. Mary's No. 2 man trimmed Warren MacCarty, 2½-1½. The visiting twosome took best ball honors, 6½-2½.

Jay Hopkins and Joe Zakarian, playing third and fourth spot respectively, whitewashed Gaels Conard and Christianson by identical scores of 71.

Ted Hecht and Bud Watts cinched the match for the Spartans by waxing Joe Thurston, Gael basketball star, and John Maisel, 8-1.

Possibilities of San Jose's future golf strength were foreseen yesterday as the junior varsity participated in two challenging rounds. Cliff Chaney, No. 9 on the ladder, staved off the challenge of Hiram Loveland. Chaney carded a 3-under-69, the best score of the day. Bill King advanced to the seventh position by defeating Leo Foley with a 2-under 68.

Bullet Bobby Crowe, SJSC's jet-propelled dash man, breaks the noose-like tape with his neck in winning Saturday's century dash in the SJS-COP track fest.

Jim Gillespie, center, takes second, and Don Brooks, COP running ace, pulls up with an injured leg. San Jose won, 94-36.

—photo by Stone.

# SJS Holds 2nd Judo Tourney Here Saturday

By RON MARCUS

The biggest judo event in California circles will take place this Saturday afternoon, when San Jose State college holds its second annual Judo Invitational tournament in the Spartan gym. The tournament is slated to begin at 12 o'clock.

Fourteen teams from throughout the state have been invited to participate in the tournament. Invitations have been sent to the following schools and civic groups having judo teams: University of California, San Francisco Buddhist church, Stockton School of Judo, Laws Judo Academy in Oakland, Marin junior college, Santa Rosa junior college, San Jose Buddhist church, San Jose YMCA, Berkeley YMCA, Santa Clara county sheriff's office, Pacific Judo Academy in San Jose, Southern California Judo club, Southwest Los Angeles Judo club, and the American Federation of Judo.

The strongest competition, according to Spartan Coach Yosh Uchida, will come from the Southern California team, which is comprised of "all-stars" judoists. "If we can get past them, we have a good chance of coming out on top in our own tournament," he said.

### Buddhists Win

Last year's San Jose State college Invitational was won by a team representing the San Jose Buddhist church. This team took the team title in both junior and senior classes. John Willis, representing Sparta, won the individual senior division trophy.

Uchida said that he will enter approximately 50 men in the tournament. He will send one black belt in the person of George Best, highest ranking Spartan, and 30 brown belts, and 19 white belts into the tussle. As far as team entries are concerned, Uchida said that he has not selected his five man varsity, but that he expects to do so later this week.

Two black belt holders from Northern California and two from Southern California have been chosen to referee the matches.

### Admission Free

Admission to the tournament will be free to Student Body members. For students who want to see a winning team perform against the best competition in the state, come and watch the Spartans, Northern California Judo champions, in action.

# SJS to Meet Santa Barbara

Continuing a busy week of tennis, Coach Ted Mumby's varsity net squad meets the Santa Barbara State college courtsters on the Gaucho courts today. The Spartans remain in the channel city to face either Santa Barbara junior college or Redlands university tomorrow.

Cal Poly entertained the locals yesterday in matches that were to have decided the northern division winner of the CCAA conference. No results were available at press time. If the Mumby men win the northern tilts they will face the southern division winner on the home courts either May 5 or 6.

Following tomorrow's matches in Santa Barbara, the Washington Square racket wielders will enter the Ojai tourney, which gets under way Thursday. The talent-filled Ojai net festival annually attracts the top tennis players in college and junior college ranks.

Arra "Butch" Krikorian, defeated by Hank Pfister of COP over the week-end, will be the leading SJS entrant in singles play at Ojai. Entrants probably will include such court artists as Earl Cochell, Hugh Stewart and Gil Shea of USC, Herbie Flam and Gene Garrett of UCLA, and leading bay area stars.

Probable local entrants include Krikorian, Chet Bulwa, Dick Russo, Dave Parnay, Don Gale, Bob Castle and Jack Dawkins.

# 100 Candidates Answer Grid Call

Nearly 100 new football aspirants answered Coach Bob Bronzan's call for spring practice preliminary workouts yesterday at Spartan field. This did not include varsity lettermen, last year's holdovers or any of the recent 34 junior college transfers.

Incoming junior college transfers, and Frosh grads were issued equipment and put through an indoctrination period by Bronzan last week. A final cut was made Saturday to terminate the indoctrination. Survivors of the cut will report for practice on the official opening day, April 27.

Spartan lettermen and other veterans will join the new men Monday, May 1, for regular spring practice.

# Baseballers Rest Until Friday Tilt

San Jose's glove and stickmen will take time out this week for examinations before returning to baseball wars this Friday at Fresno where they meet the Bulldogs in two tilts.

The Spartans will play a night game on Friday and an afternoon tilt Saturday.

Following last week-end's disastrous three games, the Spartans have a nine won and 11 lost season average.

Until last week-end, the Joseans were batting .221 as a team. Leading sticker for the Spartans is catcher Dave McCarty who has come through in the clutch several times to put San Jose State back in "lost" ball games.

# Intra-Mural Play Commences Today

Today is opening day for San Jose State's annual intramural softball league play, with first games getting under way at 5 p.m.

Delta Sigma Gamma crosses bats with Sigma Pi in the initial game in the Inter-fraternity league. Alpha Eta Sigma battles Chi Phi Sigma in the Independent league's first encounter.

The Frat game will take place at the Grant school field with the Independents playing at Jefferson.

# Frosh Nine Seek Seventh Victory

Still smarting from the 14-1 lacing handed them by the Gael frosh Saturday, Coach Tom Cureton's yearling diamondmen hope to rebound at the expense of Monterey Peninsula college tomorrow at Varsity field.

The Spartans will seek their seventh win in 10 games. Game time is 3:15 p.m.

### LA CLERGUE IN KO

Don LaClergue, 145-lb. member of Coach Dee Portal's boxing aggregation, recently scored a knockout with a term paper in an advanced boxing class. LaClergue turned in a notebook on boxing which, according to Portal, was one of the finest ever done in the history of the class.

# San Jose, Lincoln High Schools Sources of Top SJS Athletes

By ROD RODRIGUES

San Jose State college extends the welcome mat today to San Jose and Lincoln high school seniors who are part of a group of students conducting an annual tour of the college campus.

It is very seldom, as far as athletics are concerned, that arch rivals San Jose and Lincoln are mentioned in the same breath, unless it is in direct competition with each other. Nevertheless, both schools have funneled in a consistent stream of outstanding athletes to the Spartan sports scene throughout the years. The talents of these ex-high school competitors have been combined to produce some of San Jose State college's best athletes and top-notch teams.

A good example is the 1950 Spartan basketball squad which compiled the best record in the college's history and gained the highest national rating ever attained by a San Jose team. San Jose high contributed Center George Clark and Guard Ralph Romero, while Lincoln's contributions were Forward Don McCaslin and Guard Chuck Crampton. Clark, Crampton and McCaslin return next season and will lead the Spartan basketballers into the toughest competition they have ever faced, including a tour of the Eastern circuit. These three San Joseans will be the nucleus of the 1950-51 basketball team.

Senior Ralph Romero also has held down front-line pitching chores for the baseball team for four years with ex-San Josean Tom Okagaki, fiery little second baseman, providing ample support. Outfielder Earl Wright and third sacker Will

Concklin are Lincolinites whose valuable stick work and fielding have won many games.

Rugged Jim Nutt, ex-Bulldog has just completed his fourth year of varsity boxing competition under Dee Portal. Ted Ratliff, another San Jose alumnus, also has raised boxing fans to their feet with his aggressive punching power and fighting skill. Al Weimers is Lincoln's representative on the boxing squad, along with the promising Ernie Paramo. John Jackson and Lou Agnelli.

Crack Spartan miler, Dore Purdy, and 1948's college record holder in the high hurdles, Bill Passey, with a high mark of 13.8, and high jumper Dick Willis, all Lincolinites, are valuable point-getters on the track team.

This year's football squad contains Lincoln grads Elgin Martin, tackle; Dick Bischoff, center; Al Weimers, guard; Al Cadena, ex-Bulldog grad and Cal Poly transfer, is making his bid for the varsity squad at the center position.

The great San Jose State wrestling team, Northern California and Far Western champions, have eight Bulldog and Lincoln grads holding down varsity berths. The four San Joseans Pat Felice, Keith Wilson, Will Rothwell, and Al Cadena along with Lincolinites Stu McCulloch, John Sweeney, James Phillips and Hank Rosendin make up the core of Coach Ted Mumby's squad.

In tennis, Dave Parnay, lanky racket wielder, is the sole San Jose grad on the varsity. Dave is terminating four years of great tennis play this season.

# Coleman to Participate In Silver Conference

By DONNIE NUNES

Mr. Robert Coleman, art instructor at San Jose State college, has been selected as one of 12 members in the national Handy and Harman Fourth Silversmithing Workshop conference, the Art Department revealed yesterday. The conference will be conducted from July 31 to August 25 this year.

Mr. Coleman entered the open competition with 12 pieces of work among which were pickle forks, spoons, a salad service in silver, and jewelry including a necklace and a jade-set silver pin. The creations, along with others from contestants all over the nation, were judged by Henry R. Hope, chairman, Fine Arts department, Indiana university, Leon Kroll, artist, and Mildred Holzhauser Baker of Newark Museum.

The conference is open to teachers and supervisors of art in accredited colleges, universities, teachers colleges and high schools. The silversmithing workshop is held four weeks of each year. Emphasis in this intensive course is placed on learning, rather than on a display of skills, Mr. Coleman explained. All members select and design their own projects and will be instructed by Reginald Hill, British designer-craftsman and teacher.

Conducted at the Rochester Institute of Technology, Rochester, New York, the workshop will set aside from six to seven hours of work in smithing to be done daily. Equipment such as stakes, hammers, soldering and polishing equipment will be accessible to the conferees. Those teachers attending will be able to live in dormitories at the Institute and will not be required to pay a tuition fee.

Group discussions, demonstrations, and lectures by leading experts in the metallurgical field will be held for the enrollees. Mr. Coleman plans to fly to Rochester a day or two before the

ROBERT COLEMAN photo by Gmelin.

conference opens. Prior to that time he will instruct children's classes at Mills College in Oakland. Mrs. Coleman and the two children will follow the instructor at a later date, Mr. Coleman revealed.

Mr. Coleman has been at San Jose State college since the summer of 1946. In 1947 he studied with the Institute of Design in Chicago, and at the Chicago Art Institute. At the present time he is doing graduate work at Mills college.

# College Has Desert Lizards On Exhibit

By BILL EPLER

On a trip to Death Valley during spring vacation, students from San Jose State college, under the direction of Mr. Rocci Pisano, biology instructor, captured several species of desert lizards. The lizards were brought here and now are on display upstairs in the science building.

The trip to Death Valley, under the sponsorship of the West Coast Nature school, was made to study the habits of the many species of desert insects and reptiles.

The only poisonous specimen captured was a small sidewinder, only member of the rattlesnake family that has adapted itself to living in the sand found in the desert. It obtains its name from the peculiar sideways motion that it uses to propel its way through the sand.

The only difference in appearance between it and the common rattlesnake is the small horn-like structures located over the eyes and serve as protection and possibly to frighten its opponents.

The students found that there were many lizards and insects in Death Valley, despite the connotations of its name. Nearly every creosote and mesquite bush had one to three lizards and some insects. The lizards some of whom are plant eaters, insect eaters or both, live around the bushes for their food.

The largest lizard captured by the party was a chuckwalla that has the ability to change color. During the evening and early morning hours it is a dark gray and during the heat of the day changes to a light gray color to match the sand or rock that it is lying on.

Several horned toads were captured also and are on display with the lizards. The toads are hard to find during the heat of the day on the desert because they bury themselves in the sand and leave only their eyes and nostrils protruding. This maneuver protects them from the hot sun and hides them from their natural enemies. They move about in the early morning and late evening hours.

A gridiron lizard, so-called because of the white stripes on its tail like the yard markers on a football field, was also captured on the trip. It is next in size to the chuckwalla lizard and is a fast runner.

The fastest runner to be captured on the trip was a whiptail lizard. Mr. Pisano explained that when it runs, it arches its tail up over its back and takes off, running almost entirely on the hind legs. It runs so fast that the front feet hardly touch the ground.

Special arrangements had to be made with the head naturalist at Death Valley to bring the specimens to San Jose. It is against federal law to capture or remove wild life from national parks and monuments. The specimens brought here were loaned to the college for study.

In return, the college will send the park service pictures, both black and white and in color. The college also will send motion pictures of the lizards and mounted specimens to Death Valley for use in the displays there for the public.

The specimens captured on the trip are on display on the second floor of the science building and will remain there as long as they continue to attract attention. Members of the entomology classes have been capturing insects and feeding the lizards several times a week.

# Phi Sig. Members Host Alpha Phi

Phi Sigma fraternity was host to over 30 members of Alpha Phi sorority in a joint meeting Monday night.

Gene Anderson's entertainment committee provided music for dancing following a well rounded program of skits, community singing, and individual novelty numbers.

# DAILY FEATURES

# Rev. Casaday to Speak At 'Y' May Breakfast

By TOM MURPHINE

Spring is really "busting out all over" for members of the San Jose State college Student Y. Besides planning their regular program of activities for this quarter, Y'ers have almost 30 members working on plans for the third annual Y May Day breakfast, to be held on Sunday, May 7 at 7:45 a.m. in the YMCA's Alexander Hall.

REV. G. A. CASADAY

Committees, sub-committees, and more committees, made up of members of local church youth groups, will handle the event from the smallest place card to the cooking of the breakfast itself. Jim Martin, Y secretary, stated that more than 100 people are expected to attend the annual event. Tickets may be obtained at \$1.00 through the Student Y and church groups by next week.

The busy Y members have secured the services of Rev. G. Arthur Casaday, minister of the First Congregational church of Palo Alto, as guest speaker, according to Miss Helen Davis, chairman for the feast. According to Miss Davis, Rev. Casaday is a dynamic speaker and has long been associated with youth groups. Infantile paralysis cut him short from what was the beginning of a great athletic career at UCLA.

While a student on the Westwood campus, he organized the Christian Youth council of Southern California. He is now an instructor of homiletics at the Pacific school of Religion, Berkeley. Rev. Casaday has often served as a faculty member for the Pacific Area Student Y Asilomar conferences.

The energetic Y workers are starting plans for the May Day event in earnest this week.

# Salty Stompler Didn't Make It

Vic Stompler, senior biological science major from Baltimore, Maryland, is quite the sailor.

Last week-end he intended to go on an offshore boat trip outside Monterey Bay for the purpose of observing oceanic birds. About 40 San Jose State college students were to be guests of the Cooper Ornithological club, which was holding its 21st annual meeting.

The announcement Vic received said: "Bring a lunch — and, if you are not a good sailor — try to obtain some dramamine, the new and wonderfully effective, anti-seasick drug."

Vic, who was in the naval air corps for three years, was going to make sure that seasickness wouldn't interfere with his observation of the birds. He purchased some of the wonderful drug.

But, alas, the worst happened. Saturday night, the night before the big trip, Vic got seasick just thinking about the trip.

His stomach bothered him so much that he couldn't go. His only comment: "I'm a fine sailor."

His friends now call him "salty".

# Spartan Spinners Will Meet Tonight

The Spartan Spinners will meet tonight at 7:30 o'clock in the gym of the YWCA, according to an announcement from Dr. Carl Duncan, who, with the assistance of his wife, will give folk dancing instruction.

The meeting is for beginning and advanced students. Dr. Duncan said, and all interested persons are invited to attend. The advanced students will give demonstrations to beginning students of each new step studied.

FOLLOW THE PARADE OF STUDENTS TO THE COOP

# Race Relation Classes Plan Community Survey

By AL LONG

If you are a member of a minority race, what are your chances of being discriminated against in San Jose?

The answer to this question is sought by 81 students in Mr. Claude Settle's Race Relations class in a survey to be completed by May 15.

Some of the fields to be studied are labor unions, political parties, social and fraternal organizations, welfare services, housing, and employment.

Housing and unemployment were the chief causes of interracial strife, according to the report. Minority groups are not faring too badly in San Jose in securing employment though they are relegated to "menial" and seasonal work. The report said they were "the last to be hired, and the first to be fired."

"Minority races are definitely discriminated against in

housing. The policy of realty in an area where the population is all caucasian and there are no written restrictions, no property shall be sold to non-caucasians, the report said.

Hotels and restaurants were also discriminatory. Only one hotel would accept a Negro who was not in company with a white. The hotels would not come out with an outright refusal but would say there were no rooms available. Less than half of the restaurants would serve Negroes. Those that would serve them showed them their patronage was not desired by making the minority member sit for a long time without being served, or signs of discourtesy and disdain by waitresses.

The report said there was little or no discrimination found in privately and publicly owned recreation places, welfare services, educational institutions, churches, and courts of justice.

# High Schools Produce Leaders

## Lincoln High Lions Train College Campus Leaders

By CHARLEEN LITTLE

Lincolmites visiting our "ivy covered" halls today will find that many former classmates have achieved fame at Sparta.

Three former vice-presidents at Lincoln have continued extra-curricular activities at San Jose State college. Joyce Call, who was also editor of the Monarch, is pledge chairman of Kappa Kappa

Gamma sorority and a former Spartan Daily day editor. Betty Darendinger won the freshman scholarship presented by the SJSC Alumni association. Marilyn Russell is active in Spartan Spears, AWS, and recently modeled in the Kappa Kappa Gamma fashion show.

Kappy Baird, a member of Kappa Alpha Theta, was recently elected "Miss Fashion Plate" of SJSC.

Former Lincoln Secretary Margaret Weaver received such good training there that she is now ASB secretary for San Jose. Last year she was president of Spartan Spears and secretary of the Rally committee.

Ex-Lincolnite Ed Mosher was recently re-elected Rally committee chairman and is a member of Delta Upsilon.

Roy Holeman, a graduate of 1945, is president of Theta Mu Sigma fraternity.

Jim Veteran and Don Pearlman have appeared in several plays. Veteran wrote the school fight song "Down From Under", and several of the tunes used in last year's Revelries.

Bob Barron, former Lincoln yell-leader, was also Spartan yell-leader last year.

Lavonne Peter, who began her career as a drum majorette while at Lincoln, was a twirler with the San Jose band this year. She is a member of Alpha Pi Omega.

President of A Phi O, service fraternity, is Belmont Reid.

## Bulldogs Share the Square, Graduate Spartan Boosters

By JEANNE THOMAS

Across the lawn and beyond the trees, San Jose high school, sharer of Washington Square, spends much time training future Spartan leaders. San Jose State college departments of art, music, drama, and journalism owe much of their strength to yearly transfusions from "the neighbor." Illustrators for Lycurgus, campus creative magazine,

Ruth Ann Rainville and Pat Kelly, both graced the high school quad in their day. Drama enthusiasts Nancy Brokenshire, character actress, and Hal Upson, costumer, received early training from High's Miss Alice Hamm.

Journalist-tennis star Dave Parnay and Daily Wire Editor Carl Holmburg both interned on the Bulldog Herald in their youth.

Ivory-ticklers Betty Campbell Darian and Helen Kimzey entertained many an open-air assembly at their scarlet and gray alma mater. Chi Omega Dull Skull and blues singer Betty Louthan is another bundle of heaven from next door.

The political and social life of these Spartan walls also contain mortar from the Bulldog house. Homecoming Chairman Dick Russo developed his Student Council, Health Planning, and tennis prowess at the "Old School." 1949 Revelries refugee and Blue Key man Ray Bishop, hyper-active Joe Juliano and ASB yell leader Sal Farrauto are but a few of the San Jose high school grads who keep things jumping on this campus.

Dick Cirigliano, one-time president of San Jose high, was chairman of the 1949 Spardi Gras celebration and is now president of the California Student Teachers association. Council Member Bob Madsen, assistant director of Freshman camp and popular Delta Upsilon member, is also a past vice-president of San Jose high school.

## Few Better Than Sparta For Prospective Freshmen

By ROY HURLBERT

There's something to that old idea that it's best to inspect the merchandise before making a bargain.

The age-old theory is put to use today by some 770 high school seniors making the rounds on Visitation Day.

Beyond a doubt these young men and women seek the answers to several questions.

Does San Jose State college offer me a sound investment for the future?

What are its facilities for academic and social life?

What's in store for me here?

The replies to these queries are simple, short, and sweet.

To begin with, the college offers prospective Spartans a variety of subjects in which to major.

Being a state institution it naturally turns out a considerable number of teachers. In addition to this output, other objectives offered are B.A. or secondary credential degrees in biological science, commerce, economics, drama, industrial arts, the languages, journalism, music, psychology, social science, and speech.

Few colleges can match the programs here in drama, history, music, occupational therapy, penology, and physical education.

As for facilities, Dr. T. W. MacQuarrie's fortress of knowledge is undergoing growing pains. Additional property has been purchased and plans have been made to build dormitories and new buildings. Cramped conditions should be alleviated somewhat when this occurs. Enrollment figures are expected to increase with this expansion, however.

All of the modern conveniences for practical training in all fields are available to students. The library best typifies this with its 110,000 volumes and other informative and illustrative material.

There's never a dull moment in the matter of social activity for something is always happening. Dances, plays, meetings, and fraternity doings dominate the calendar for each quarter.

Finally, there's the satisfaction to the entering student of combining all the educational resources here with his own experience in preparing himself for a career.

## VOICES IN THE WIND

From Other College Campuses

By HELEN DAVIS

The "long and tight-lipped silence" on the part of members of the faculty at Stanford was broken last week when 245 professors there signed a letter to UC professors who are opposing the loyalty oath.

The Stanford group expressed their alarm over the attempts of the board of regents at UC to impose the oath. The letter was accompanied by a check for more than \$200 to help the UC faculty in its present fight.

Meanwhile at UC the student executive council tabled a motion to support non-signers of the oath. ASUC president Dan Coehlo pointed out that the group had already gone on record as supporting the faculty.

"Let's not hear about the oath every time we meet," another member of the group said.

CAMPUS CARAVAN: The student body at SF City College was set in a turmoil recently by a ruling of its council that student body funds be withheld from all organizations who have not 100 per cent membership in the Associated Students. Many activities have been jeopardized and the council held a special meeting last week to reconsider its action. . . . Willamette University's Bearcats will play the University of Hawaii for their football season opener and to dedicate a new football stadium. . . . Athletes at the University of Nevada last week were guaranteed of having their board bills paid until the end of the semester if they are on athletic scholarships. The Reno Boosters club advanced the necessary funds. . . . Members of the Student Board of Control at Washington State college recently approved an amendment to be

placed on the ballot to make the Student Activities Center an integral part of the Associated Student Body.

A student at Arizona State is planning to mine gold this summer in Gold Basin Mining district 80 miles northeast of Kingman. Vincent Hallinan, chief defense attorney for Harry Bridges, spoke to students at UC last week at a West Gate rally and said that his clients did not get a fair trial. The board of athletic control at Fresno State college voted to eliminate financial support for minor sports because of lack of funds. . . . Life photographers were on hand to record the '51 Water Carnival, sponsored by the junior class at Stanford Saturday. A man convicted of cheating on a final last quarter at Stanford was given a one-quarter suspension and an F in his course. . . .

## Just Among Ourselves

By Dr. T. W. MacQUARRIE

Welcome, all of you, to this busy campus. I hope you get the information you want. Don't be afraid to ask questions—this may be a critical day in your career.

Actually, you're a fortunate bunch, if you only knew it, to have a great, free public college right at your door. Many a youngster far from here is longing for just such an opportunity.

## Notre Dame Girls Lead At San Jose

San Jose State college serves as a rehabilitation school for graduates of Notre Dame high school. Outstanding Spartan coeds from this well-known girl's institution find their first college hurdle is learning to compete with the male of the species for the campus limelight.

Nevertheless, Notre Dame alumni hold their own on the list of outstanding student leaders. Vivacious Marilyn Russell, Lyke's Girl of the Quarter, is an AWS cabinet member and an active Kappa Kappa Gamma. Norvella Pitney, attractive ND exponent, is one of SJSC's three song girls. Homecoming committee member Doreen Simmoni is another Notre Dame graduate who made good at State. Her charm and personality highlight the Delta Gamma house.

Gerry Herzog, adrenalin shot of the Sigma Kappa pledge class, verifies her pride in the training at Notre Dame by participating in their alumnae association. At the present time she is model chairman for the Notre Dame spring fashion show.

The poise and friendliness of the Notre Dame girls is appreciated on this campus. Their welcome here today is assured.

## WSSF Heads Meet Today

All WSSF committee chairmen will meet in the Student Union at 3:30 o'clock this afternoon to lay final plans for the week-long World Student Service Fund drive, which will start Monday.

Assisted by the Spartan Spears, Secretary Betty Ishimatsu is contacting faculty members and all living groups. Betty, who is also assistant chairman, says that all living groups are eligible for a trophy to be awarded to the fraternity or sorority that raises the most funds.

Shirley Meyer is chairman in charge of competition and Barbara Kinst is in charge of solicitations. Rosemarie Nichols is treasurer and Joann Keeler is both chairman.

Members of various service organizations will cooperate with Miss Keeler and have been assigned booths, which will be placed on campus. Marjorie Foster is in charge of the AWS booth; Jean Justice, the Student Y; Rita Rabenstein, the Newman club, and Kate Carson is in charge of the FC-Panhellenic booth, which will be operated on a joint basis. Blue Key and Black Mask, and Alpha Phi Omega and Spartan Spears also will operate on a joint basis, but have yet to name chairmen.

Pat Flanagan is lining up special events with the help of Jim Martin, Student Y secretary.

For Convenient and courteous car service.

**Industrial Art Student Has Show in Reserve Book Room**

Alan Selover, industrial arts student from Yerba Linda, is the artist whose works now are on exhibit in the reserve book room, according to George Muro, Delta Phi Delta president.

The exhibit is the first in a series of three black and white drawings which will be shown this month.

**Band to Present Concert May 15**

The San Jose State college symphonic band will play contemporary band music when it presents its concert May 18.

Compositions of Roy Harris, Virgil Thomson, Henry Cowell, and Darius Milhaud will be played on the program. They will also perform an early work by Wagner, who pioneered in writing for bands.

Symphonic bands usually have to rely on orchestral compositions transcribed for orchestras because of the limited amount of material written for the band.

The San Jose State college band, under the direction of Mr. Frederick Boots, has 75 members. It differs from a regular band because of the addition of string basses to the band instruments.

advertising, full day. Apply in person, 109 E. San Fernando.

**NOTICE**

But, does Alice love Herbie?

Delta Phi Delta, national honorary art fraternity, sponsors a new "Picture of the Month" for exhibition. Crafts as well as pictures are shown, and are chosen by the art instructors with final approval of the fraternity.

Hanging as a background in a case in the library is a woven mat and colored yarns. This piece of work was a department project made by members of a weaving class.

Also being exhibited are a ceramic bottle, an example of a copper reduction, and a salad fork and spoon of wood and copper made by Elmer Janetsky. Marc Hansen made the glaze for the bottle in a ceramics lab and Janetsky constructed his fork and spoon in a design and composition class.

A sculptured head, done by Lillian Dimpel in a sculpture class has a colored antique finish and was made in plaster-of-paris cast. Two tooled leather binders made by Edward and Frederick Bertacini also may be seen in the display.
