Publicity Stunts Will Be Staged by Revelries

By JEANNE THOMAS

San Jose's campus congregation will be blasted this week with a steady stream of publicity stunts, brought forth to wind up promotion of this year's Spartan Revelries. The show opens Wednesday night at 8:15 in Morris Dailey auditorium.

Abetting advance ticket sales today and tomorrow will be a series of spot announcements over station KSJO, "Ye Gods!" posters plastered liberally on classroom walls, and an overhead barrage balloon, scheduled to inform downtown San Joseans of the student-written and directed show.

Refugees from long nights of rehearsal, the talented cast of the show will hit the boards on opening night to bring a bit of heaven to earth. The sparkling plot of "Ye Gods!" calls for hilarious mingling of varied characters of Greek mythology with more earthy SJS inmates.

Heading the list of singing, dancing, laugh-provoking characters of "Ye Gods!" is Dewey Chambers, versatile and experienced male lead. Lee Leidig, in the role of Jackie, the campus cutie, is armed with the personality and poise that marks this year's show as one of the best yet.

Production staff for the dramatic caprice includes Bob Wyckoff, production head; Pete Phillips, musical director; Frank Meyers, assistant musical chief; Bruce Payne, technical director; Yvonne Gineste, choreographer; Henry Down, business manager; and Tom Mullan, public relations.

U.P. Round-up

Committee OK Inspection Bill

SACRAMENTO. — A measure allowing city policemen to stop motorists and make mechanical inspections of cars was approved by the State Assembly Transportation committee Friday. Assemblyman Edwin Moore stated such activity now is illegal and that San Francisco police "had their fingers crossed" when they set up roadblocks recently.

Motorist Wields Sword

MADRID, Spain. — Two cars collided at a busy Madrid intersection recently. The two drivers, one of whom was a bull fighter's aide carrying a sheathed sword, got into a heated argument. The other motorist seized the aide's sword and slashed his adversary across the right eye.

For the next 10 minutes, the outraged motorist held off police, spectators, and the bull fighter who had been riding with his aide. Traffic became snarled and horns blared until finally the man regained his composure and agreed to accompany a policeman to the nearest station house.

Group to Okay Post for Polek

The rally committee will recommend Fran Polek to the student council for the post of rally committee chairman, according to Ed Mosher, outgoing chairman.

Polek was unopposed in the committee election held Wednesday evening. The ASB constitution requires that the Student Council approve the committee's choice.

Others who were elected are Tom Mullan, assistant chairman; Misty Gallot, secretary, and Beth Calvin, treasurer.

The "Just for Laughs" talent review was termed successful and the committee hopes to make this a yearly event. Also discussed at the meeting was the reorganization of the rally committee. The issue will be continued at the next meeting, according to Polek.

Other outgoing officers are Ed Dickenson, assistant chairman; Yvonne Gineste, secretary, and Joyce Brizard, treasurer.

Student Teachers

All Art majors who plan to do student teaching the fall quarter of 1951 must submit their names to the Art office, Room A9, no later than Friday, April 20, Miss Clara Bianchi, Art department secretary, said Friday.

Engineering Adds Three Instructors

Dr. Ralph J. Smith, head of the Engineering department, has announced the addition of three professors to replace the vacancy left by Assistant Professor O. Allen Israelson, who was recalled by the Air Force.

Leading the list is Prof. William J. Gilmore who was head of the Agricultural Engineering department at Oregon State college for 25 years.

Assistant Professor Leo W. Ruth was the former manager of the engineering office of James & Waters, San Jose engineering firm. He is now teaching a surveying practice class.

Assistant Professor Vincent Arena was former consulting civil engineer and now conducts a soil mechanics class.

Sweeney Says Bible Reading Bill Debatable

The California state assembly education committee yesterday tossed the bill for daily reading of the Bible in public schools onto the assembly floor for a vote after the committee vote was tied up.

The bill stipulates that daily readings will be held in California public schools but holds that no students will be compelled to attend the readings.

Dr. William G. Sweeney, head of the education department, cautioned that the problems of administration of the bill, if passed, would be very difficult. He pointed out that there would be pressure from different religious sects causing a great deal of dissension among parents. He stated that the administration of students who would not attend the readings would be only one of many problems confronting educators.

Dr. Harry T. Jensen, professor of education, stated that he had no objection to the reading of the Bible but warned of the danger of different interpretations. "Some teachers are not qualified to interpret the Bible without giving their own religious slant," he said.

Dr. Jensen also warned of the possible conflict between the different religious sects. "Just one of the many aspects of a possible conflict could arise in the determination of what version of the Bible would be used," he continued.

"The reading of the Bible in public schools should be a matter of reading for literary value," he said.

Poll Indicates Feeling On Council Allocation

By ELWYN KNIGHT

Varied reaction was expressed by San Jose State college students, when asked if they approved the action of the Student Council in granting funds for a Revelries staff banquet.

"If they don't give money to other organizations for similar purposes, why should Revelries be given special consideration?" was the reaction of Carolyn Ketchum, junior, education major.

Director to Quiz Intern Applicants

Mr. W. Donald Fletcher, Coro foundation director of San Francisco, will interview candidates for the school's municipal affairs internship program today in the Placement office from noon to 2:30 o'clock.

Interviews may be scheduled through the Social Science office in Room 30.

The foundation is offering 12 scholarships amounting to \$1000 each for qualified candidates.

Clinic Schedules Speech Open House

To celebrate its relocation in larger quarters at 205 S. Ninth street, the Speech clinic of the San Jose State college Speech and Drama department will hold open house Tuesday afternoon from 3:30 to 5 o'clock. Dr. Margaret Letzter, professor of speech, announced Thursday.

Invitations have been extended to all of the college's administrative and department heads, as well as personages in the bay area who have been interested in the advances made in remedial speech, Dr. Letzter said.

World Relations Group Holds Meeting on U.S. Foreign Policy

Both criticism and praise of the United States foreign policy were expressed by members of the International Relations club at their meeting in the Student Union, Wednesday evening. President Tom Cameron described the meeting as "one of the most interesting the club has had this year."

Personnel Asks Students Report

The following students have change of objective slips to be picked up at the Personnel office, Room 114:

Bray, Hal A.; Byington, Robert T.; Cockrill, Fred E.; Fraser, Gordon; Gouveia, Rosemary; Harrison, Gloria A.; Howe, Robert L.; Hurst, John C.; Jackson, John A.; and Johnson, David.

Kerwin, Jeanne; Lehman, Alvin J.; Luitts, Maynard E.; Pearl, Robert; Peters, Howard; Ross, Frederick I.; Sampson, Shirley; Scott, Thomas J.; Sereda, John; Severs, Fred; and Sones, Reba.

The Personnel office stresses that these slips be picked up as soon as possible.

Honor Dr. Crandall

San Jose School Masters club honored Dr. Earl Crandall, newly appointed superintendent of San Jose schools, at a dinner recently in the Willow Glen Methodist church.

Representing the Industrial Arts department at the dinner, according to Mr. Dan Lopez, I.A. instructor, were: Mr. Goodwin Paterson, Mr. Angelo Centanni and Mr. Lopez.

The action of the Student Council, in voting the fund, is not final. The question will come before the President's Council, Thursday, April 12, for final consideration.

The funds were requested of the council by Henry Down, Revelries business manager. He cited the long hours the cast devoted to rehearsals, and the fact that they received no college credit for their work when he requested the \$200 compensation fund.

Jean Fitzgerald, freshman, thought that \$200 was too large a sum. "A hundred dollars would be more appropriate," she said.

Political Science major, Ron Maire, a senior, said, "Money for Revelries should not be taken out of the general fund. Money for the banquet should be taken out of the profits from the production."

Cherie Freeman, junior, general elementary teaching: "No! I don't think Revelries should get money any more than any other organization on campus, because other organizations put in just as much time, and put money into the general fund, too. They don't get special allotments for parties after their project is finished."

Ray Scoffone, senior, communications engineer: "Yes! It's justified in view of the fact that they have gone out and earned the money—it is over and above the call of duty, in a manner of speaking. Since they earned the money they are justified in spending some."

David Swartz, senior, communications engineer: "I haven't followed the argument too closely, but in view of what I have heard, I think they are entitled to have money for their banquet."

Dresden Smith, junior, engineering: "No! I don't see anything wrong in Revelries having a party, but the money used should come out of the net profit from the show, and none at all from the student body fund."

Conni LaRue, senior, education: "Yes! After all, they have gone to all the work to present something to the students, why shouldn't the students give something to them?"

Phil Niederhorf, sophomore: "I know the cast has put in a lot of time and they deserve some compensation."

Chuck Wing, sophomore, student court and revelries cast: "They should have waited until after the show and take it out of the profits, if any, as they did last year. Money in the general fund can be put to better use."

The Weather

Phil Phogbound, philosopher, fixed his gaze on an entomological manifestation heralding the approach of warmer days. Slowly, his brow contracted until he gave the appearance of suffering from acute dyspepsia.

"Curious," he remarked at length. Impressed with the profundity of this observation, Phil Phogbound quickly scratched upon a sheet of ruled foolscap:

"After consulting all of the instruments, logs and tables at modern science's command, my conclusion is that today, without a doubt, will go down in history as Monday."

Thrust and Parry

What About Us?

Well, Henry Down, you got \$200 for a party didn't you? Good boy! We hope the Student Council got complimentary tickets to "Ye Gods" as you promised them . . . that is, just as soon as they passed on your wishes.

Say, why don't you give us free tickets to the show? We paid money to you guys in business by buying ASB cards. Now we also have to fork over 60 cents to get in the door.

While you are at it, how about seeing what you can do for ASB, the Drama department, Student Police force, La Torre, Spartan Daily and Lyke staffs, as well as the fund-lacking athletic department. Maybe they would like a party, too.

Why do we think all these people should have a party? Simply because we have seen them working around the clock. Not just from 7:30 p. m. to midnight, but any night, and just as hard at 2 a. m. as at 8 o'clock the next morning — throughout each quarter, Henry Down!

According to the bulletin board outside the Morris Dailey, Revelries cast enjoyed a spring vacation recently. Had you been around, you would have seen the La Torre and Daily staffers at work during the "vacation".

But, they do get units, don't they? Well, perhaps that is some consolation to them. Maybe that's why they don't cry for party funds cause they get two or three units for day and night work. Swell deal, yeah!

We members of the college photography staff are crying out now because we have seen what goes on at Washington Square — we record it — and after comparing some efforts with your Revelries stuff, Henry . . . "Sit down, little man, you're rocking the boat."

Doc Gmelin, 974; Bill Gilmore, 3281; Dick Zimmerman, 2195; Mel Gagnon, 3738; Bill Ernst, 2763; Bob Stone, 2298; and George Armstrong, 2232.

Orchids to A-V Aid

Dear Thrust and Parry and Audio-Visual Dept.:

From the earliest beginning until the present day, man has been, to a major degree, at the mercy of mother nature; yet man has, through technological advances, eliminated the necessity for starvation and death from epidemics caused by malnutrition.

For the past week I have read books and listened to lectures that have attempted to point out this fact, but the created image was extremely weak.

Today as an added attraction the class was exposed to a movie entitled "The Earth Is Rich". This being my first experience with visual aids, I settled back expecting to catch 40 winks, but at the end of 10 minutes I was at the edge of my seat. Thirty minutes later, the movie over, I sat dumb-founded—speechless. The professor asked the class for comments — response: one meek voice, "It's out of date"—other comments: none! As I left the room I noticed that every student in the class was troubled and concerned.

This movie was comprehensive to the extent that any human—communist, capitalist, or anarchist—could feel, see, and realize the misery—unnecessary misery—prevalent today. But the movie went further than this. It explained the U.N. Food and Agriculture organization's plan to eliminate the ugly condition.

Praise again to the Audio Visual Aid Dept.

Francis J. Kelly, ASB 4945.

P.S.—Students! If your class is in any way related to human betterment, I urge you to have your instructor attempt to present it to your class.

This is a chance in a life time. Take it! F.J.K.

Tenure Bill Defeat No Saddening Blow Dr. Sweeney Says

"No saddening blow," said Dr. William G. Sweeney, chairman of the Education department, referring to the defeat of a bill that would have required all school districts to keep teachers permanently after employing them for three consecutive years.

The tenure bill was defeated by an assembly education committee 13-5. It was aimed specifically at providing tenure in small rural school districts having less than 850 pupils.

Dr. Sweeney said the bad thing about tenure is that schools often will not hire a teacher for a third year when they know they will be forced to keep her employed thereafter.

This was the view expressed by Robert McKay, California Teachers' association spokesman before the committee.

The committee approved a minimum salary of \$3000 a year for fully accredited teachers but left unchanged the \$2500 minimum for emergency and provisional teachers.

Felse Cites UCLA In Card Argument

Cash buyers run over 80 per cent of the students here at San Jose State, according to William Felse of the Graduate Manager's office. The statement was made in connection with compulsory ASB cards. Felse contends that the cards should be compulsory.

"Why," he asks, "should over 80 percent of the students carry non-card holders?"

"The program is so broad," he continued, "that there is no one who is not affected by it. This would be a pretty dead place without it."

Felse recently returned from a manager's conference at Monterey where, he said, everyone was "100 per cent" behind the idea of compulsory student body cards.

"It's a great teacher-training project," he said. "I think the word 'compulsory' is bad. You're part of the whole situation with a card."

According to Felse, UCLA has compulsory ASB cards and it seems to be the answer. They know definitely how much money they have to spend, and it makes budgeting easier, he explained.

There is an injury fund from which money can be taken by ASB card holders if they are injured on campus, Felse said.

Welfare Council Director to Talk

Mr. Donald Adams Clarke, director of the Community Welfare Council, will speak at 12:30 p.m. today to the community organizations class, according to Mr. Claude N. Settles, associate professor of social science.

Mr. Clarke, who has been the director of the Santa Clara county chapter of the council since its inception, will speak on the history and functions of the Community Welfare Council.

Entered as second class matter April 24, 1934, at San Jose, California, under the act of March 3, 1879. Full leased wire service of United Press. Press of the Globe Printing Company, 1445 S. First St., San Jose, California. Member, California Newspaper Publishers' Association.

Seven Camp Counselors To Interview Students

Seven representatives from girls' summer camps will be on hand next week to give students a chance to talk over available summer camp positions.

Virginia Denton of the Oakland Campfire girls will be at the college today at 10:15 a.m. to discuss positions for women counselors at Camp Celio, Nevada, from June 2 to Aug. 10.

Sergeant Issues Urgent Request: Riflemen Needed

Sergeant Vincent Staniszewski of the Air Force ROTC staff issued an urgent call Friday for Air Force students interested in firing small bore rifles.

The sergeant announced that a match has been arranged with Louisiana State college Air Force ROTC students during the week of April 8 through 14.

Staniszewski announced that the rifle range will be open on Tuesdays and Wednesdays, 9 a.m.-4 p.m. with one hour for lunch. All interested students are invited to practice for the meet during those hours. Those showing the best marksmanship will be chosen for the team, Staniszewski said.

If enough interest is shown, the range will be open on Sundays, he said. Those students who can't practice on Tuesday or Wednesday are asked to contact Staniszewski about the Sunday arrangement.

Meetings

AND ANNOUNCEMENTS

Alpha Chi Epsilon: Meet tomorrow at 3:30 p.m. in Room 21 to discuss plans for initiation. Speaker will be Lucile Harris.

Gamma Alpha Chi: Meet Wednesday at 7 p.m. in the Spartan Daily office. Bring dues and slips.

Phi Mu Alpha: Meet tonight at 7:30 o'clock at 198 S. Eighth street. Members and pledges to attend and check bulletin board.

Recreational Swim: All women students and faculty members invited to a free swim today at the Women's pool at 4:15 p.m.

Sophomore Class Council: Meet today at 3:30 p.m. to discuss rummage sale and Frosh-Soph mixer.

Sophomore Class Executive Committee: Meet today in Room 165A at 2:30 p.m.

Hillel: Meet tonight at 8 o'clock in the YMCA Alexander hall. Social to welcome all new and old students.

Alpha Eta Sigma: Meet tomorrow night at 7:30 o'clock in Room 127 for important business meeting.

Women's Softball Practice: All women's campus organizations are invited to meet today at the Women's gym at 3:30 p.m. for the first practice of the year.

Student Activities Board: Meet today at 2:30 p.m. in the Student Union.

Fencing Club: Meet today at 4:30 p.m. in the Women's gym. All men and women ASB card holders are invited to attend and become members.

Senior Class Council: Meet today at 3:30 p.m. in Room 117.

Eta Mu Pi: All members to attend sales conference at Roosevelt Junior high school, E. Santa Clara street, at 7:30 o'clock tomorrow night.

Tigers Take Twin Bill From SJ Nine; Locals Meet USF

The Spartan baseballers meet the University of San Francisco here tomorrow night at 8 p.m. in an effort to snap a seven game losing streak.

College of Pacific handed the locals defeat numbers six and seven Saturday afternoon when they took both ends of a double header 3-1 and 4-2.

The first game went 12 innings in a tight pitching duel between Lefty Jim Collins and COP's Jack Sandman. Both hurlers went all the way. Sandman gave up eight hits, struck out five, and allowed no walks. Collins was hit for eight safeties, fanned six, and gave up four passes.

Going into the first of the 12th with the score tied at one all the Tigers combined two hits and a costly error to score two runs.

Ed Hallberg was the big gun for the Spartans collecting three of the locals' eight hits, including a double.

Bud Watkins limited the locals to three safeties in the nightcap while his teammates collected seven hits off Ray Jacobus.

The Tigers bunched two run rallies in the second and third innings and that was enough to down the hitless Spartans.

Tiger Catcher John Noce got the outstanding hit of the day. In the second inning Noce attempted a sacrifice with one man on, Bobby Graves fielded the ball and threw it into the shrubbery in right field. While Andy Miller was looking for it, Noce made a circuit trip around the bases and scored.

COACH BOB BRONZAN

Grid Practice Starts April 16

Official spring football practice for the '51 version of the San Jose State college gridiron squad will start next Monday, April 16, according to Head Coach Bob Bronzan.

Practice sessions will start immediately with the turnout of the prospective Spartan pigskinners being divided into two aggregations for one week. One group, the returning veterans from last season's football wars, will work out in gym shorts and devote their time to conditioning tuneups. The other group, junior college transfers and members from last year's complete football gear and start contact work immediately.

After this week of separated toil, the two groups will be combined and practice together for the remainder of the spring session.

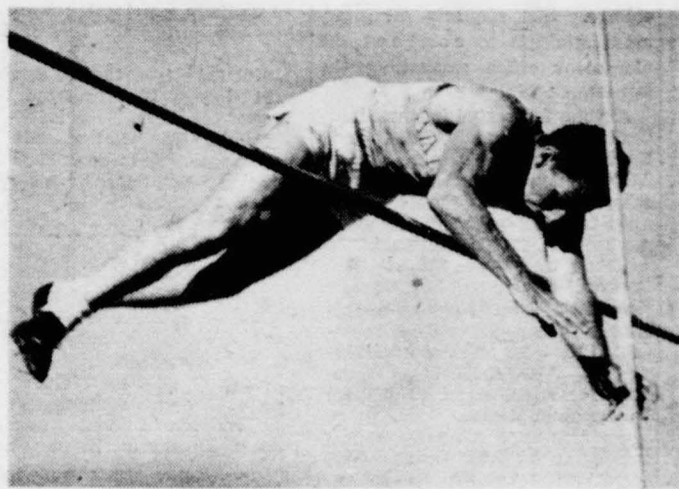

SPORTS

Daily Report on Spartan Athletics

SAN JOSE STATE COLLEGE

Monday, April 9, 1951

SPARTAN DAILY 3

Though Spartan pole vaulter George Mattos has not yet attained the form which took him well over the 14 foot mark last year, his 13 feet 6 inches was good enough for first place in Saturday's meet with San Diego Naval Training center on the local field.

Thinclads Defeat Navy; Gillespie Breaks Record

By BORIS STANKEVICH

Taking all but one first place, the Spartan tracksters walloped the San Diego Naval Training center 99 1-3 to 31 2-3 on the locals' field Saturday.

SJS's L. H. Gillespie won the 220 yard low hurdles in 23.5 to break the college record set by Charles Stith in 1931. It was the oldest college record on the books.

Elwin Becker, of the navy, suffered a fractured leg when he was running down the stretch in the mile run. Dr. T. E. Cox, the Spartan's physician, said the pressure of the muscles, while running can fracture a bone. Becker broke a small bone in the lower part of the leg. Despite the injury he finished 10 yards behind raider Bob McMullen for second place.

Double wins were registered by Spartans Bobby Crowe, Bob McMullen and George Nickel. Crowe won the century in 9.9 and the 220 in 21.6. McMullen ran a 4:25.3 mile and a 1:53.3 half mile for top honors.

The raiders swept the quarter mile and the 880.

Spartan Herman Wyatt won the high jump with a 6 ft. 4 1-8 in leap. After the competitors had dropped out, Wyatt had the bar raised from 6 ft. 4 1-8 in. to 7 ft. 1-8 to see if he could break the college record of 6 ft. 6 7-8 in. but failed. He has jumped 6 ft. 7 in. unofficially this year.

In the 440, the local's Don Davis was clocked at 51.3 for the top spot. Spartan Boyd Poreh won the javelin with a 189 ft. 2 in. toss. Raider George Mattos vaulted 13 ft. 6 in. for top spot.

Mattos cleared 14 feet consistently last year and holds the Spartan college and field record of 14 ft. 5 in. but has failed to go over 13 ft. 6 in. this year. Spartan Ronnie Mair got his best jump off for the season with a 23 ft. 1-2 inch leap.

Dore Purdy won the two mile for SJS in 9:58.2.

San Diego got only one first place during the afternoon. Wesley Hight ran the high hurdles in 15 flat to best the Spartan hurdler Paul Dennis by one yard.

Independents, Frats Start Softball Play

The Intra-mural Independent and Inter-fraternity softball leagues will get underway tomorrow afternoon, according to Coach Bill Perry, Intra-mural athletic director.

A complete schedule of games will be posted on the bulletin board in the Men's gym today or may be obtained by team managers from the P.E. office, Perry said.

Perry requests that the managers of the following IFC teams report to him today: Kappa Alpha, Pi Kappa Alpha, Delta Upsilon, Sigma Pi, Theta Mu Sigma, Delta Sigma Gamma, Alpha Tau Omega, and Delta Sigma Phi.

Nine Independent teams are participating this year. They are: Kappa Sigma Kappa, Music department, J. R. Lewis' club, Chi Pi Sigma, Newman club, Silver Saber, Kern County Moonshiners, Tijuana A.C., and Married Men Unanimous.

Lady Luck Drops Spartan Boxers

By BILL GOSSETT

Dame Fortune once again played her consistent role of Dame Misfortune for coach Dee Portal and his San Jose State college boxing squad in the final and semi-final matches of the 14th annual

National Collegiate Athletic Association ring tournament held at East Lansing, Michigan, over the weekend.

The Spartans, undefeated in dual meet competition for two seasons, encountered their usual bad luck in tournament competition as the locals missed winning a single NCAA mitt championship. However, as some consolation, Coach Portal's hard-luck team garnered sixth place in team scoring on the basis of nine points tallied in opening round and semi-final ring victories.

Spartans of another variety, these representing the host Michigan State college squad, won the team title championship with 21 points. Wisconsin and Washington State were second and third in team scoring with 20 and 17 points respectively. Both Spartan 165-pounder Nick Diez and heavy-weight Jack Scheberies dropped decisions in their championship matches as lady luck played her unkind tricks.

The closeness of the 165-lb. bout is evidenced by the fact that Diez lost a split decision to Eli Thomas of Gonzaga. Diez advanced into the finals with a ring triumph over Jim Palmiotto of Syracuse Friday night.

In the heavyweight final, Sche-

beries was outpointed by Robert Rank of Wisconsin in the heavy-weight final after defeating mammoth Ew Sanders of Idaho State in the semi-finals.

Two Spartan boxers dropped decisions in the semi-finals Friday night. Captain Al Tafoya, 130-pounder, was outpointed by Archy Slater of Miami while Don Camp, 125 pounder, lost a split decision to Neil Ofsthum of Minnesota.

Frosh Council Urges Letter Group Support

In order to establish better understanding between Greek-letter groups and the freshmen class, the freshmen council has sent invitations to all groups asking them to send representatives to council meetings, according to Mr. James F. Jacobs, freshmen adviser.

Jacobs said that this attempt to create a better understanding could be an incentive for other classes to follow in similar procedure.

He cited the case of Theta Chi fraternity. The group has devised a schedule and plans to send representatives to all class meetings in the future, Jacobs said.

"Strong representation at the council meetings will afford the chance for a mutual exchange of ideas between the Greek-letter groups and the freshmen class," Jacobs stated.

"Students would like to know what the letter groups stand for and what their functions are, and the council meetings would be sort of clearing house for ideas," he added.

Freshmen council meetings are held every Tuesday at 3:30 p.m. in Room 44 of the Home Economics building.

AID Chapter Praises Group

Members of Mrs. Mary Jean Alexander's Interior Decorating class were guests of the northern California chapter of the American Institute of Decorators at a chapter meeting Monday, April 2, in San Francisco's St. Francis hotel, Mrs. Alexander reported.

The AID, a national association of interior decorators, has as its credo: "A decorator is one who by training and experience is qualified to plan, design and execute interiors and furnishings, and to supervise the various arts and crafts essential to their completion."

In keeping with this, the organization is taking an active interest in the work of student decorators, Mrs. Alexander explained.

"The AID members were very impressed with the work the students displayed at the meeting," Mrs. Alexander said. "Mr. Archibald Taylor, chapter president, took a personal interest in our group. The students received invaluable pointers on interior decoration from Mr. Taylor."

Those students who attended the meeting were: Dorothy Shanks, JoAnn Beecroft, Clay Osborne, Robert Flynn, Wayne Thompson, Iris Beaton, Jean Myers, Rose Marie Polsinelli, Grace Cowan, and Ray Snapp.

Foil, Mask Group Invites Members

Men and women with ASB cards and visions of duels and old romance may take up sword and mask with the San Jose State college fencing club. The group will operate spring quarter in the Women's gym on Mondays, 4:30-5:30 p.m.

All equipment is furnished by the club and instruction will be given during the hour.

The first duel will be a meet with the Santa Clara university fencing club, according to Lloyd Thompson, manager of the club. "Men students especially are urged to join this year," she said.

Dr. Halstead Spreen is adviser of the club.

Get A.A. Degrees

Certificates for academic associate of arts degrees are ready for those students eligible to receive them, according to Mrs. Lillian E. Scott of Dean Jay C. Elder's office. The certificate may be picked up in Room 110.

Pre-professional students who have completed their lower division requirements and who are planning to transfer to a university are entitled to the degree, Mrs. Scott said.

Newman Fees Due

Newman club members planning to attend the Western Newman Club convention in Reno Apr. 21-22 should pay their \$1 deposit immediately, according to an announcement from the club. They are also requested to turn in a filled-out blank with the dollar to Father John Duryea at the club. Late applications probably can be arranged, it was said.

Placement: Jobs Available In Many Fields

Mrs. Dee Lewis of the Placement office yesterday released a list of positions open to students and graduates of San Jose State college. She requests all interested students to contact the placement office concerning the following jobs.

Anyone interested in a teaching position, teaching social science, English (any level), and Spanish 2 or French 2, and coaching the school tennis team should contact Miss Doris Robinson in the placement office, Mrs. Lewis said.

The office, Room 108, also has listings for retail selling to grocery stores. Persons applying for this position are requested to have an interest in advertising. Also, there is an opening for a salesman to jobbers and manufacturers.

An insurance company is looking for an adjuster for its adjustment and claims department, and Mrs. Lewis also has an opening for a trainee in the investment business.

Miss Robinson, head of the placement office, also has various elementary teacher openings in the more remote areas, with a pay range from \$3500-\$3775. Any interested party is invited to come to placement office to talk to either Miss Robinson or Mrs. Lewis.

Class Quip Brings First Crackdown

Always anxious to please, that's Captain Thompson of the Air ROTC staff.

It happened during a recent lecture in which the captain was explaining that the Air Force's demerit system, by which students are penalized one or two demerits for a breach of military protocol, would be in force during the rest of the quarter.

"I'll take two, they're small," said George Pizante from the rear of the room.

Result: One student will be drilling one additional hour to wipe two demerits off his record.

Court Gets Clerk

Frances Atkins, junior social science major, was appointed court clerk at Monday's special Student Court meeting.

Election procedure and the turnout for the compulsory student body card issue were discussed. Details for the new nominating system were worked out. The petition system should be completed at the next regular meeting, Bob King, chief justice.

Prom Poster Contest Set

Details of an organization poster contest for the Junior Prom, "Chinese Moonmist", was announced yesterday by Marion Huttman, prom chairman.

A complimentary bid to "Chinese Moonmist", to be held at Mary Ann Gardens, April 21, will be awarded to the winning organization, Miss Huttman said. There will be no limit as to the number of entries.

The contest will close April 12, and entries should be turned in at prom headquarters in Apt. 6, at 329 E. San Fernando street, Miss Nieri said.

Be Happy-Go Lucky!

Fraternities, sororities
 All ask for Lucky Strike.
 Minorities, majorities
 Say, "That's the one we like!"
 George E. St. Laurent
 Boston College

LUCKIES TASTE BETTER THAN ANY OTHER CIGARETTE!

Fine tobacco—and *only* fine tobacco—can give you the perfect mildness and rich taste that make a cigarette completely enjoyable. And Lucky Strike means fine tobacco. So if you're not happy with your present brand (and a 38-city survey shows that millions are not), switch to Luckies. You'll find that Luckies taste better than any other cigarette. Be Happy—Go Lucky today!

COPYRIGHT THE AMERICAN TOBACCO COMPANY

The way I make my girl feel good
 When things don't seem so funny
 Is just to say, "The world's okay,
 For here's a Lucky, honey!"
 M. J. Sutton
 Stanford University

I study singing—Do, Re, Mi—
 The scales I sing by rote.
 But I sure sing my very best,
 When Lucky Strike's the note!
