Penalty Voted To Speed Up Jaycee Work

Construction plans for the new San Jose junior college were approved recently at a meeting of the Board of Education.

Apr. 22 was set as the date for receiving bids, and Aug. 14 the bid terminating date. The contract will be so written that a penalty of \$100 for every day's delay in construction will be charged against the successful bidder. The board voted this clause because of the urgency of opening the school in September.

One member voiced protest in starting construction this year, but he was answered by another member who said that the junior college could remain on the campus for another year, but at an exorbitant rent. "When the landlord wants a tenant to move, he raises the rent and the tenant moves," the member said.

Spring Quarter Ad and Photo Staffs Named

The new spring quarter advertising staff for the Spartan Daily was announced Friday, according to Bob Cline, national advertising manager.

Dianne Burton is taking over the post of office manager, and Jess Smith is handling the job of business manager.

The rest of the staff includes: John Burns, Tom McClellan, Forrest Johnson, Evelyn Malinao, Larry Taylor, Bob Waite, Paul Parsons, Bill Spengemann, Eddie Wright, John Griffin, and Del Kennedy.

Miles Rider, photo chief of the Spartan Daily, also announced his new assistants on Friday. They are: Don Battle, Claude Parker and Don Pryor. Rider reports that Bill Gilmore and Dick Zimmerman from the La Torre staff have been helping him and his staff.

Bibliophiles Meet

The Bibliophiles Library club will meet Wednesday, Apr. 1, at 7:30 p.m. at 979 Morse street. Those reading rides meet at the Student Union at 7 o'clock.

Student Activities Office Run by Dimmick, Benz

Minimum Units Reduced to 12 For Draft-Deferred Students

Minimum work loads for draft-deferred students have been reduced from 15 to 12 units, Dr. Stanley C. Benz, dean of men, announced Friday.

This reduction is a result of a new selective service policy which enables colleges to define again the full-time work load of students considered for deferment, Dr. Benz said.

"I would advise students on

deferment to carry 15 units," he said, "because at the end of the school year they still must have completed 45 units in order to progress from one grade to another."

He added that in order for a student to get a 1-S deferment he must be enrolled satisfactorily, pursuing a full-time course of units. Satisfactory does not mean grades of D or lower.

Recent Study Helped Create New Division

Creation of a Student Activities office for the coordination of all student activities and the housing of students, under the joint responsibility of Dean Helen Dimmick and Dean Stanley C. Benz, was announced Friday by Joe H. West, dean of students.

The office was created in compliance with the Chandler report, a recent study of the administrative organization of state colleges. In the report, provision is made for a student activities office as one of the five functional divisions in the area of student personnel services.

Other Divisions Organized

The other four divisions—student health services, admissions and records, counseling and guidance, and placement—already have been organized in accordance with requirements of the Chandler report.

Dean Dimmick and Dean Benz will be assisted by Dr. E. W. Clements, adviser to the Student Council, and Mrs. Izetta Pritchard, supervisor of housing.

Each of the four staff members will be responsible for certain activities, thus eliminating the confusion as to where students and faculty should go for information and decisions, according to West.

Advisers and Organizations

The advisers to the organizations named will work with and through the staff member indicated as having primary responsibility.

The allocation of responsibilities as announced by Dean West are:

Coordination of	Activities	Dimmick, Benz
Student Activities Bd.	Housing and Housing	Dimmick
Standards	Student Council	Pritchard
Sororities	Student Court	Clements
Fraternities	Sororities	Dimmick
Social Calendar	Class Organizations	Benz
A. W. S.	A. M. S.	Dimmick
Service Groups—Men	Service Groups—Women	Pritchard
Honor Groups	Awards Committee	Benz
Departmental Clubs	Social Affairs	Dimmick
Homecoming	W. A. A.	Dimmick
Drives and Campaigns	Freshman Camp	Dimmick
Spartan Revelries	Rally Committee	Benz
Co-Rec Committee	Religious Groups	Clements
Awards Committee	Ski Club	Dimmick
Social Affairs	Bulletin Board	Dimmick

Dimmick, Benz Cooperate

While Dean Dimmick has been listed for the Student Activities board, both she and Dean Benz will cooperate with the students in developing policy, West said.

Similarly, Mrs. Pritchard has been listed for housing, but the broad responsibility for developing and maintaining standards will be shared by Dean Dimmick and Dean Benz.

Rather than disturbing the present adviser system, such an arrangement should make it easier for advisers, as well as for students, to get quick decisions, West explained.

Student Body Names Les Brown for Ball

Les Brown and his "Band of Renown" was selected body to members of the student body to play at the Senior Ball, according to Ken Scannell, Senior class president.

The two ballot boxes were opened in the ASB office late Friday afternoon for the official tabulation. Of the total vote of slightly more than 250, the Brown organization tabulated 86 votes.

Ralph Flannagan with 79 votes and Freddy Martin with 37 took second and third place. However, the Flannagan band was out of the race because of prior commitments in New York, Scannell said.

Two write-in votes were tabulated in the official count. One vote each went to Hari Kari and his "Six Saki Sippers" and the Spike Jones band.

Scannell said the Senior class will now contact the winning band to sign a contract. Each of the bands had indicated their availability before the election and little difficulty is expected in signing the band, said Scannell.

The dance will be held at the Bay Meadows club room on the night of June 5. The club-room will accommodate 3,000 persons.

Senior class members will receive tickets during Senior Activities week for sale to the remainder of the student body. Juniors will get first preference for tickets with the Sophomore and Freshmen following in that order.

Miss Johnson Resigns As Revelries Head

Norma Johnson has resigned as chairman of the Revelries board, according to Dave Woods, director of this year's "Hey Mac!"

Woods reported that she vacated her position because student teaching took up too much of her time.

Dave Caldwell, present secretary of the board, is the probable student to fill the post, Woods said. "But it is up to the Student Council to make the final decision."

Caldwell has performed in the Revelries cast for the past two years and is majoring in Speech and Drama.

Two other positions on the board are vacant. Applications for the posts of male and female representative-at-large will be accepted in Room 165A by Ted Balgooyen, board advisor.

Students interested in serving on the board must submit applications stating their qualifications before 3:30 p.m., Apr. 2.

Senior Plans Top Class Talk

A Senior class meeting will be held in Room 39 at 3:30 o'clock this afternoon, Ken Scannell, class president, announced Friday.

On the agenda for the meeting will be a discussion of plans for the Senior Variety show to be held in May in conjunction with Senior Orientation.

Alice Dougherty, chairman of the March graduation banquet committee, will report on the "successful affair," Scannell said.

Other activities to be discussed at the meeting are plans for Senior Activities week, Senior Council banquet and the Senior Over-night.

Scannell reports that the Senior class constitution is now in order and is being printed. He said the graduation announcements have been selected and ordered.

A report on the recent band election for the Senior Ball also will be discussed, Scannell said.

Juniors To Meet

The Junior class will discuss plans for the Junior-Senior mixer and the Soph-Junior mixer today in Room 17 at 1:30 p.m., according to Bernice Rapley, class president.

There will also be a meeting at 3:30 p.m. for students unable to attend the earlier discussion. A vote will be taken to determine a time to hold the regular class meeting.

Also to be discussed at the meetings are plans to work with the Fairness committee this quarter. The Junior class voted earlier in the year to help the group distribute questionnaires and conduct surveys.

Sophs Plan Events

Spring brings a bundle of activities for the Sophomore class, according to Bob Goforth, class president. In the regular class council meeting today at 3:30 p.m., plans for the coming events will be discussed. The meeting will be held in Room 127.

Committees for the Freshman-Sophomore mixer and the Sophomore-Junior mixer will be appointed at the meeting.

The tentative date for the Sophomore-Junior mixer is May 8, but no date has been set for the Sophomore-Freshman affair.

Another item that will be discussed, will be the financial outcome of the "Soph Doll" contest that Geri Zeis won last quarter. Arrangements have been made with the University of California to share the profits made by the sale of tickets during the contest.

WUS To Conduct Drive For Used Texts April 1-8

World University Service, a world-wide student organization, will conduct an on-campus drive to obtain used textbooks to be sent to foreign students. The drive will be held Apr. 1 through Apr. 8. Containers for the books will be conveniently located on campus.

The WUS is an organization designed to have students help students. By performing this service it hopes to learn about their various cultures and to become friends with the leaders of tomorrow.

This is the first year of the organization's existence on campus, but it is its desire to continue this book drive each year. WUS does not discriminate against any religion, race or type of government.

Three years ago the service sent money to the University of Berlin. The university used this money to rebuild the school. Now it is helping other schools get back on their feet.

"It isn't charity," says Betty Ewyer, chairman of the WUS committee. "We aren't building their schools for them. We're making it possible for them to help themselves."

Another example of what the organization has done to help foreign schools is the University of New Delhi. WUS gave the university a few books and

Summit Topper Tells of Climb

University of California: Mar. 26

The first man to reach the summit of the highest mountain yet climbed by man recently told his story here.

Maurice Herzog, famed French explorer, led a 1950 expedition to the Himalayas and conquered Annapurna, one of 14 peaks in the world more than 26,500 ft. high. He presented his lecture and film program in Wheeler auditorium.

Herzog was born in Lyon, France, and now is an assistant director of Ste. Kelber Columbes, an associate of the B. F. Goodrich company in Paris. He attended the University of Lyon and received a Bachelor of Law degree from the University of Paris.

The mountain climber was a captain in the Alpine troops during World War II and spent last summer scaling the Alps at Chamoin.

The French Legion of Honor medal was recently awarded Herzog.

Project Combines Printing Processes

Sandy Gum and Joseph Marlatt, working on a Graphic Arts laboratory assignment, have combined three processes of printing into one project for the first time at the college.

The students used a combination of letterpress, silkscreen, and lithography process in the printing of a banquet program. Rho Chapter of Epsilon Pi Tau, national industrial arts fraternity, used the program last Thursday night at their annual Founder's day banquet in Palo Alto.

Gum and Marlatt received praise for the project from those attending the dinner.

Big Classes Cram Business Division

Dr. Earl W. Atkinson, chairman of the Business division, announced today that more than \$300 of the 6100 students now attending are enrolled in courses in that division.

Based on the 9216 course units represented by a 3307 enrollment, the division has the equivalent of 614 full-time students taught by the equivalent of 18 full-time instructors, Dr. Atkinson said.

money for a printing press.

The school used the printing press to make duplicates of the books which WUS had given them. The books were sold to the students at a small profit. With this profit the school was eventually rebuilt.

The organization holds its meetings in the Student Union. The next meeting is Thursday afternoon, Apr. 2, at 3:30 o'clock, and anyone who is interested in helping in the drive is invited to come.

European Visit Planned for SC Students

Santa Clara University:

The maximum in luxury at a minimum of cost will be the keynote in the European tour of eleven nations planned for this summer by several members of the student body and sponsored by the University. Professor Victor Vari, an experienced traveler and linguist, will accompany the group as an interpreter and guide.

The nations to be visited in this three-month junket will include Ireland, England, France, Italy, Spain, Germany, Austria, Holland, Belgium, Switzerland

Students, Register Before April 7

Students wishing to take corrective speech work must enroll in classes at the speech clinic before Apr. 7, according to Ward Rasmus, associate professor of speech.

and stay Monaco with its fabulous Monte Carlo Casino and beaches.

The accommodations which the Santa Clara group will have will be comparable to those enjoyed on tours costing twice as much. Membership in this tour is exclusively limited to Santa Clara students in order to insure a flexible itinerary and a maximum of freedom.

Mercury Man Receives Card From Moscow

Paul Conroy, San Jose Mercury-News employee, can boast that he has received a postcard from Moscow.

He got an airmail picture card from George Patterson of Gilroy, one-time Mercury copy boy who majored in journalism at the college in 1951 and became a diplomatic courier in the U.S. foreign service.

"Greetings from Russia," stated the card. "Here is a picture of Red Square, which I visited only yesterday in Moscow. I am on my fourth and last trip to Moscow."

"Chesterfield is my cigarette—has been for years. I say . . . much milder Chesterfield is best for me."

Peggy Lee

Chesterfield is Best for YOU!

CHESTERFIELD contains tobaccos of better quality and higher price than any other king-size cigarette...the same as regular Chesterfield.

Chesterfield—first premium quality cigarette in both regular & king-size

WHEN you are asked to try a cigarette you want to know, and you ought to know, what that cigarette has meant to people who smoke it all the time.

For a full year now, a medical specialist has given a group of Chesterfield smokers thorough examinations every two months. He reports:

no adverse effects to their nose, throat or sinuses from smoking Chesterfields.

More and more men and women all over the country are finding out every day that Chesterfield is best for them.

Enjoy your Smoking!
Try Much Milder Chesterfield with its extraordinarily good taste.
