## 'April Dream' Prom Bids Lykeable Doll To Go on Sale Reg Day Is Betsy Neate, 5'2" Ed Major

Bids for the Junior Prom costing \$2.25 are to go on sale the week of registration under the Library Arch, according to Pat Spooner, general chairman of the dance.

"April Dream" has been selected as the title of the Prom, which is to be held April 2 in the Empire Room of the St. Claire Hotel from

9 p.m. to 1 a.m. and is open to all students. Dress will be semi-formal. Ray Hackett and his orches- Aitken Seeks tra will provide the music.

Working on the various arrange-ment committees for the Prom are Health Cottage Pat Spooner, general chairman; Phil Trowbridge, publicity chair-man; and Joan Enefer, refreshments chairman.

Colleen Collins is serving as chairman of the decorations committee. She is assisted by Barbara Bates and Peggy Wade. Those working on bids are Doris Mortara and Joan Nichols.

## **Math Meeting Here Saturday**

More than 100 mathematics teachers will visit the campus Saturday for a meeting of the North-Section of the California ern Council of Teachers of Mathematies.

Sessions will be held in the new Engineering building with registration and a coffee hour scheduled for 9 a.m.

President John T. Wahlquist will welcome the visitors at the opening session, followed by Dr. Edwin Hill of Sacramento State College who will speak on "Techniques of Developing Elementary School Arithmetic Understanding."

Dr. Lucian Kinney of Stanford University will speak on "Strategy for Teaching Elementary and Secondary School Mathematics."

Four section meetings will be held during the afternoon and will include a trip to the Horace Cureton School for a demonstration of fourth grade problem solving, and an address by Dr. Herman Jamison, associate professor of mathematics at SJS, on experiences for the gifted junior and senior high school pupil.

Arrangements for the conference have been supervised by Dr. John R. Byrne, assistant professor of mathematics at San Jose.

# Investigation

ASB President John Aitken reported recently that investigation of the present Health Cottage system is now in a between-campus correspondence stage. Aitken said that he is awaiting

a letter from Oregon State University, in reply to a request for information on the northern university's health program. Aitken stated that he also has received brochures from several insurance companies.

Following a recent meeting, the Student Council was conducted on a tour of the Health Cottage by Miss Margaret Twombly, head of the College health service. "The purpose of the tour," Aitken said, "was to acquaint the Council members with the facilities and services offered by the Cottage so that they will have the background information necessary when possible changes in the system come up for consideration."

"We want to evaluate the program and see that the approximately \$16,000 a year operation is serving the students' needs," he said

#### 'Hedda Gabler' **Tryouts Today**

Tryouts for "Hedda Gabler" will be held today at 4:30 p.m. in the Little Theater, according to Miss Elizabeth Loeffler, associate professor of drama. All San Jose State College stu-

dents who are interested are urged to try out, Miss Loeffler said. Copies of the play are in the Reserve Book Room of the library

According to Miss Loeffler, the play, by Henrik Ibsen, is "a subtle and skillful study of artificial so-ciety and, by contrast. of the virtue of nature and normality. All characters clearly show weaknesses and strengths of human nature.

# y Thompson Says Lassen Dorm Plan Impractical

The proposal for self-supporting dormitories as outlined yesterday by Dr. Andrew P. Lassen would not be "practical" at this time, ac-cording to E. S. Thompson, business manager.

Lassen, SJS associate professor of economics, has proposed a plan for single unit dormitories housing about 100 students, costing

approximately \$350,000, and to be erected off campus.

"Newspapers," said Thompson, "can print ideas and innovations, that is their business, but just because an idea gets in print, it does not follow that it is possible of achievement, at least at present.

"We have been working on the housing problem for 15 years and, as of yet, there doesn't appear to be a completely satisfying solution whether it be through dormitories or other facilities

The proposed dormitories under Lassen's plan would be fi-nanced and made available to all state colleges through a \$10,000,-000 loan. Rentals of the dormitories would be used to pay back the loan.

The big problem at SJS for the present and in the near future. Business Manager Thompson states, will be the provision of adequate educational and college plant facilities.

"With the influx of students facing us and the arising necessity for new classrooms becoming critwe can hardly give much thought to dormitories," he added, "Of course there is an inade-

quacy of housing facilities here, Jose State this does not seem unusual," Thompson stated.

All state colleges are in the same fix and need better student housing he pointed out. While Thompson does not think

dormitories are practical at the present time, he said he realizes they might some day become a reality at SJS.

"When that time comes," he said, "I feel they definitely should be on campus. If necessary the campus should be en-larged."

The per-capita cost of building student dormitories, according to the State Division of Architecture, Thompson said, would be \$3500.

Commenting as to the size future dormitories should be, Thompson said that he did not feel 100-student dormitories would be practical.

"We would have to have 400 to 800-student dormitories costing about one and a half million dollars," he said.

# **Nine Tangles With SFS** Cofiori Memorial Boxing trophy as the outstanding boxer of the Today in Local Stadium

Breaking into the win column for the first time this season may not prove to be an easy task for Coach Walt Williams' Spartan baseballers today when they tangle with the San Francisco State nine at the San Jose Municipal stadium.

The 3 p.m. contest will find the Spartans faced with the job of

defeating a team that already has one win over Clint Evans' California Bears, an accomplishment that speaks for itself.

Williams said that he will shake up his line-up a little in order to make room for the pitching debut of Ron Kauffman, the 5-ft. 9-in. senior righthander. Kauffman is no newcomer to the mound corps of the Raiders but will be making his first start this year. He had a 3-4 won-loss record for San Jose State last season with his most impressive win coming in the last contest when he threw a 27-0 nohit, no-run game in the path of the San Jose Zebras.

Taking over for Kauffman in the outfield spot will be fleet Jim Coalter, 22-year-old fly chaser from Antioch, Coalter will move over from left field and Bill Anderson, a holdover junior from last year, will fill in at the vacant spot. Ron Walters will remain in right field.

The Spartan mentor will stick with his regular infield against the Gators which will consist of Dick Brady, first; Ron Palma, second; Lou Gambello, third; and veteran Jack Richards, shortstop. Don Visconti, counted on to carry much of the offensive power, still is absent from the line-up because Pacific Coast Conference rulings state that a player must earn 36 quarter units between seasons, Visconti did not attend school fall term.

The consistent hitting outfielder will return to service at the beginning of spring quarter

The Golden Raiders have been beaten by Alameda Navy and twice by Stanford in three starts.

#### **Bowling League** Will Meet Today

The San Jose State bowling league will hold its second meeting this afternoon in an attempt. to obtain enough teams to function properly, according to Dick Reese, student director.

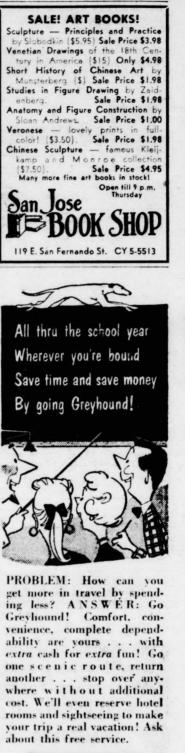

The meeting will be held at Bridgeman's Recreation Center at 3:30 o'clock. The first meeting, held two weeks ago, produced only four teams and, stated Reese, "that just isn't enough."

The director has contacted several fraternities in his hunt for at least six additional squads, "We should have 10 teams in all, but they don't have to have any paring 100 out of 114 charity at- ticular sponsor."
