No. 15

## Big Sign-up Of Queen Contestants

Seventeen Spartan co-eds yesterday declared their intention to compete for Homecoming Queen and this total is expected to double by the 5 o'clock deadline today.

Sherry Nuernberg, chairman of the queen contest, stated, "The participation so far has been good, and I expect that 15 or 16 more contestants will file."

One violation of the campaigning rules took place when managers of Nadine Phyllis Harwood, who is sponsored by Dudley Hall, posted signs on campus Sunday evening. A complaint has been filed with the Student Court.

The complaint will be heard today. The court convenes at 3:30 p.m. in the Student Union, according to Stan Croonquist, chief justice. If the charges are accepted, the court will set a date for hearing.

Her candidacy is not affected by the charges, Croonquist stated.

Eight o'clock this morning was the campaign opening of the class officer and queen races. Justice Croonquist urges all hopefuls to be sure of the rules and regulations so that no disqualifications take place.

Contestants and sponsoring organizations are Patti Kaser, Sigma Chi; Judy Gehring, Gamma Phi Beta; Marzette Oliver, Theta Xi; Betty Smith, Delta Gamma; Joan Lewis, Newman Club; Aphra Ann Poelman, Sigma Nu.

Georgia Clark, Alpha Phi; Maggie Andrews, Chi Omega; Ruth Oakleaf, Kappa Phi; Susan Merrill, Alpha Chi Omega; Gini Watson, Sigma Alpha Epsilon; Pat Butler, Delta Upsilon.

Joan Dalton, Delta Sigma Phi; Yvonne Moniz, Alpha Omicron Pi; Nadine Harwood, Dudley Hall; Sonja Burrell, Kappa Kappa Gamma; and Peggy Pasquali, Delta Zeta.

## New Film Depicts SJS Campus Life

A new film depicting SJS campus life and departments is in the making and will replace the present film, "Hail Spartans Hail."

Some of the spring activities, including the Pushcart Relays, the ROTC award ceremony and the Commencement exercises have already been photographed. The President's Convocation was one of the recent events filmed for the fall quarter's activities. School departments will be the next project for photographers.

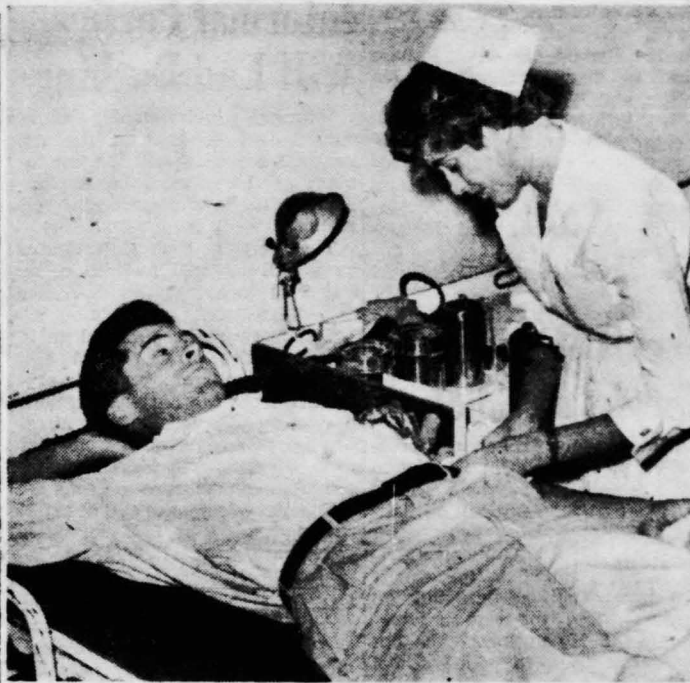

The movie, to be completed next June, will be available for outsiders to familiarize them with the college and its activities. The film also will be available to high schools for showing.

Occidental Pictures of San Jose is making the movie and will include a musical background and narration. Dr. Richard Lewis, professor of education, and Lowell Pratt, director of public relations, are co-chairmen on the campus film committee which includes representatives from the Student Council and the various departments.

## Radio Try-outs

Try-outs for the Radio-TV Guild's Sunday radio show will be held today at 3:30 p.m. in Room M-158, according to Robert I. Guy, director. All students, regardless of major, are eligible to try out.

The show, directed by the Student Union, will be held at 6 p.m.

GENE SALEGUI, AFROTC CADET, relaxes while giving a pint of blood in the AFROTC-ROTC blood drive which concludes today at 2 p.m. Judy Roukes, Red Cross nurse, tends the donor.

Eighty-one pints of blood were donated yesterday during the first day of the drive, according to Col. Richards M. Bristol, AFROTC head.

Beginning at 8 a.m. today, donations are being accepted in Room 1 of the Bible School, 5th and San Carlos streets.

Maj. William Wetsel, assistant professor of air science and tactics, said yesterday the drive is going "pretty good." He added that he expects the present campaign to at least equal the blood drive last June when 158 pints of blood were given.

The blood drives began last February, but this is the first time a combined AFROTC-ROTC drive has been tried.

Berdiña Otton, head nurse of the Red Cross Blood Mobile Unit which is receiving the donations,

said the majority of the blood given yesterday was from AFROTC cadets.

Maj. Wetsel said that students unable to give yesterday or today because of illness or class conflicts may give any Tuesday or Friday from 10 a.m. to 5 p.m. at the Red Cross Chapter Blood Bank, 440 N. 1st St. Students are reminded they must designate at the time of giving to which bank the blood is to be credited.

## Dr. Harclerod Discloses Shift

The Industrial Relations section has been transferred from the Social Science Department to the Business Department, Dr. Fred F. Harclerod, dean of instruction, has announced.

The switch, which Dr. Harclerod terms an "occurrence in a month of Sundays," involves two instructors, Dr. Edward P. Shaw and H. Paul Ecker, and approximately 20 students majoring in the field. It is slated to go into effect this summer.

The majority of courses taken for the I.R. major now are in the Business Department, according to Dean Harclerod, so that the change-over is a logical one.

Included in the re-classification will be the Industrial Relations Institute, which is directed by Dr. Shaw and Eckert.

## La Torre Mails Space Contracts

Contracts for space in the 1955 La Torre have been mailed to campus organizations.

Any organization not receiving a contract should check in the Student Union boxes or contact Jim Cottrell at the La Torre office, Room J-8.

Down-payment deadline for space is Oct. 26 and full payment should be made by Dec. 1. All deadlines are final.

## Cal Vet Adviser

J. D. Murchison, veteran's counselor, will be in the Accounting Office, Room 34, Thursday for veterans interested in applying for benefits under the California program, according to Glen Guttormsen, accounting officer.

## Juniors To Meet

The Junior Class Council will hold its regular meeting today in Room 21 at 2:30 p.m.

Reports on the Junior-Senior Prom and the Junior Prom are on the meeting agenda.

## Wm. Felse Unveils New Shop Plans

### State To See Bookstore Blueprints: Only 'Courtesy' Approval Necessary

Plans for an \$85,000-\$90,000 Spartan Shop have been sent to the State College architectural division, William Felse, graduate manager, announced yesterday. Construction should begin by the first of next year, Felse stated.

Site of the new shop already has been approved by Sacramento,

while an official approval of the plans is not necessary for construction work, according to Executive Dean C. Grant Burton. The new building will be located 10 feet north of the Journalism Building and run parallel to it.

As planned the new shop will include approximately 6000 square feet. "It will be twice as large as the present one," Felse said. The present shop, which has been in use for eight years, is approximately 40 by 60 feet. Site of the old shop will be filled by the new wing to the library. Replacing the present clerk system, the new store will be the self-service method. The new system will make it easier for the student to select his supplies, Felse said.

Included in the estimated cost are the fixtures and other finishing supplies. The firm of Higgins and Root are doing the plans, which are on the drawing board now.

Financing of the new Spartan Shop, which is an ASB operation, will be through student funds.

At present the employment in the store is five regular employees and 20 part time students. In the new store, employees will number the same, but their activities will consist of giving information and of stock room work, according to Felse.

"Since the plans are complete, the next big thing is getting the store built," Felse commented.

## Send-Home Daily Sales Will Begin

"Send-Home" editions of the Spartan Daily will be on sale tomorrow in the Outer Quad, according to Dick Jones, local president of Sigma Delta Chi, professional journalism fraternity.

Students who purchased tickets for the special issue last week may present them at the ticket booth and pick up their copies.

The sale will continue this week. Price of the edition is 15 cents with a 3 cent charge for mailing, Jones said.

### World News Briefs

## The Rains Come Again To Swamped Chicago

CHICAGO (UP)—The rain resumed yesterday in the wake of a flood which inundated skyscraper basements, forced hundreds from their homes, disrupted transportation and forced an industrial slowdown.

Flood waters caused by the heaviest rain in Chicago's history inflicted damage estimated conservatively in the city proper at \$10,000,000. Fourteen deaths were attributed to the storm in the Chicago area.

Dr. Harold Henry Fisher, international politics professor, told the Japan Institute of Foreign Affairs that "traditional Russian suspicion" has prevented any effective control of nuclear weapons.

6926 LEAVE JOBS  
WASHINGTON (UP)—The Administration revealed yesterday that 6926 federal employees had been fired or had resigned from their jobs under President Eisenhower's loyalty-security program.

The Civil Service Commission said that 2611 had been ousted, and 4315 had resigned while their cases still were being considered.

FAMILY TO STAY  
SACRAMENTO (UP)—A Negro family made plans today to remain in their home in a white section of suburban Sacramento despite a weekend dynamite-bombing of the house.

CHACE SERVICES TODAY  
SAN JOSE (UP)—Funeral services will be held at 11 a.m. today in Trinity Episcopal Church, for John Derrol Chace, 60, who died in Stanford Hospital, San Francisco, Saturday.

Chace, former San Jose postmaster, was a long-time leader in state Republican circles.

PROF ON STOCKPILE  
TOKYO (UP)—A Stanford University professor told a Japanese audience yesterday that the United States is "compelled" to stock-

## Non-Commies Outnumbered Even in Own Occupation Zone

There are fewer Communists in the Russian occupied zone of Austria than in the rest of the country, according to Herbert C. Wittgenstein, Austrian born instructor in social science here.

Wittgenstein, who visited relatives in Austria during the summer, explained that the Socialist and Populist parties count for 95 per cent of the seats in the nation's government. The Communists actually make up less than the remaining five per cent since there is, in addition

to the two main parties, a small, though unimportant, party that favors union with Germany.

However, there is a large left wing of the Socialist party that always has been Marxist, Wittgenstein said, but this segment of the party is not necessarily pro-Russian. The Socialist party's right wing is currently the section in office.

Wittgenstein explained that Austria has a central government, unlike the situation in Germany. There is little interference by occupation forces, he said.

"It is not likely that Russia will pull out of Austria," Wittgenstein feels. By staying in Austria the Russians, through lines of communication with their homeland, maintain a grip on Romania and Hungary. In his opinion these countries could go either to the West or East if Russian control were gone.

Another factor in keeping the Russians in Austria is the oil they get from the country. The Austrian government actually buys a small amount of the oil from the Russians, but most of it goes to Russia, he said.

Wittgenstein spent most of his time at Vienna and Salzburg while in Austria. He also visited France, Switzerland, Germany and Italy during his trip.

Educated in Austria at the University of Vienna, in France and in the United States, Wittgenstein is now waiting for approval of his dissertation to complete his doctorate at Stanford.

## Theta Chi Initiates Nine Members

Nine new members were initiated by Theta Chi fraternity during the first formal meeting of the fall quarter, announced Bob Cousins, publicity chairman.

Initiated during the ceremony were: Rod Frederickson, Bob Banfield, Bob Muzzio, Don Gerevas, Gil Chesterson, Al Figueira, Bob Cruzen, Tony Perreira and Fred Stone.

Neil Haley was selected as the outstanding pledge. Cousins reports.

## Acting Class To Stage Play

First arena style production to be staged in the Studio Theater of the new Speech and Drama Building will be "Ladies of the Jury" by Fred Ballard. Students of Drama 44-144, advanced Acting, will present the play in December.

John R. Kerr, class instructor, will direct.

Members of the cast are Brad Curtis, Kenneth Rugg, Craig Thush, Ronald Stokes, Ronald Sherriffs, Darwin Hageman, Joe LoBue, and Wayne Ward.

Carl Williams, Mary Campbell, Barbara Forbes, Lorraine Cazenave, Sylvia Cirone, Nancy Widas, Patricia Branch, Louise Hays, Jaraldine Welch, Ramona Puccinelli, Shirley Hooper, and Jacquelyn Wood.

Production dates are Dec. 7 and 8.

## Sheriff Candidate Speaks at Smoker

A smoker for members and prospective pledges of Chi Pi Sigma, police fraternity, was held Thursday night at the IES Hall on Santa Clara Street.

Speaker of the evening was Melvin Hawley, candidate for sheriff who gave a non-political talk on education and the law enforcement field. He spoke of the opportunities open to police school graduates.

Another smoker will be held this week, according to an announcement from Chuck Bucher, publicity chairman.

## To Discuss Party

All senior English majors are invited to discuss plans for the coming English Majors Party, said Dorothy Pritchard, secretary of the majors club. The meeting will be held tomorrow at 3:30 p. m. in Room H-27 with Dr. Donald H. Alden and Dr. O. C. Williams presiding.

## New Assistant Air Professor Praises Cadets' Attitude, Cooperation, Interest Toward State's AFROTC Program

Lt. Col. William E. Mullin, new assistant professor of air science and tactics at SJS, yesterday praised AFROTC cadets for their close cooperation and excellent interest in the college military program. He said "the general attitude of cadets toward the program here is better than at any school where I have taught."

## Informal Parties Will End Rushing

Informal invitational dessert parties will be held at the ten national sororities on campus tonight at the sorority houses, climaxing 15 days of informal fall rushing.

The parties, each 45 minutes long, will be 6:30 to 7:15 p. m. and 7:30 to 8:15 p. m. A rushee may attend two.

Tomorrow rushees should go to the activities office, Room 114, before 5 p. m. and state their preference from the party invitations previously accepted. Bids for membership will be given out at that time, according to Earline Johnson, Panhellenic rush captain.

Tomorrow climaxes the first fall rushing period at SJS sororities in 11 years.

## Rathbun Speaks

Dr. Harry Rathbun, professor of law at Stanford University, is scheduled to speak on "Who Am I?" tonight in Room 118 of the Engineering Building.

Dr. Rathbun's talk is the second in a series sponsored by the Student Y on "The Religion of Jesus in the Light of Modern Knowledge."

## Supply Deadline

Friday is the deadline for World War II veterans to purchase supplies for the fall quarter, according to Glen Guttormsen, accounting officer.

Succeeding Lt. Col. Joseph E. Terry, who left the AFROTC staff earlier this week, Mullin came to State from the University of California. He began teaching in 1947 in the Air University Command at Montgomery, Ala., and later taught at San Francisco State College.

Mullin, a native of San Francisco, now lives in Pleasant Hill with his wife, Beulah, whom he met and married in Panama in 1946, and their two sons, Dennis, 17, and Bill, 7.

After receiving a degree in social science from the University of California in 1936, Mullin entered the Army and served until 1940. He re-entered the Army in 1940, but transferred to the Air Force in 1942.

During WWII, Mullin was in the Anti-Submarine Command and was engaged in air patrol off the Atlantic coast. He served also in Alaska and Panama.

## SJS Students Plan UN Event

All foreign students from SJS and Stanford are invited to meet with the Los Gatos Chapter of the American Association of the United Nations to celebrate United Nations week next Sunday.

Students interested in attending should sign the list in the Foreign Student Adviser's Office, 246 S. 8th St. not later than tomorrow.

Various members of the organization will host the students at dinner and an informal dance will end the day's activities, according to Phillip Persky, foreign students advisor.

Putting everything in his wife's name may leave a man unable to call his soul his own.

## Dept. Submits AeroLab Plans

The Aeronautics Department, in tune with San Jose State's expansion program, has submitted preliminary plans for a new aero lab of approximately 28,000 square feet.

Negotiations are under way with the City of San Jose for a four acre tract at San Jose Municipal Airport to accommodate this installation.

The completed building will include a powerplant lab, structures lab, aircraft standards lab, powerplant test cells, and a Link trainer room. There will also be a staff office, storage and instrument rooms, a classroom, and study area. Covered walkways will connect buildings and a concrete parking ramp will be provided.

This facility is high on the planning list for new buildings at SJS, according to Executive Dean C. Grant Burton, who hopes that funds will be made available by the State Legislature in the near future.

## KP Music Test

A meeting to explain the requirements of the Kindergarten-Primary Music Test will be held in Room 248 of the Music Building at 3:30 p. m. tomorrow, according to Mrs. Ann Fabrizio of the education department.

The piano tests will be scheduled during the week of Nov. 1 to 5. Signups may be made with Mrs. Fabrizio in Room 159.

# Meetings

**Alpha Eta Rho:** James Nissen, manager of the San Jose Municipal Airport, will speak at 8:30 tonight in the Aero Lab.

**CSFA:** Public Relations committee meet at 3:30 p. m. today in Student Union.

**Homecoming committee:** Meet at 2:30 p. m. in Student Union today.

**Kappa Delta Pi:** Dinner meeting at 6 o'clock Wednesday night in Room 49. Miss Linder will speak and show slides of her Scandinavian trip.

**Kappa Phi:** Meet at First Methodist Church, 5th and Santa Clara, at 7:30 tonight. Mrs. Donnenwirth, national sponsor, will be guest of honor.

**Science Department:** Three aquatic movies in color and sound will be shown at 12:30 p. m. in S-210. Those who signed up be sure to attend.

**Social Affairs Decoration committee:** Workshop to start work on Coronation Ball today at 2:30 p. m. in Student Union.

**Spartan Shields:** Meet at 7:30 tonight in S-221.

**Spartan Spinners:** Meet at 8 o'clock tonight in YWCA.

**Students and Faculty:** Hear Dr. Harry Rathbun lecture tonight at 7:30 in Engineering Room 118. His topic will be "Who Am I?"

**Student "Y":** Interest groups on "Christianity and Communism" and "Your Freedom is in Trouble" meet today at 3:30 p. m. at 272 S. 7th St.

**Student "Y":** Newcomers' Fireside tomorrow night at Ted Balgooyens. Those planning to go

please sign up today at the "Y".

**Revelries Board:** Meet today in Student Union at 3 p. m.

**Junior Class:** Reports on various proposed activities will be given at 2:30 p. m. today in Room 31.

**Radio and TV Guild:** Meeting of last year's members only at 4:30 p. m. Thursday in Speech and Drama Bldg., Room 117.

**Senior English Majors:** Seniors are invited to meet Dr. Donald Alden and Dr. O. C. Williams at 3:30 p. m. Wednesday in H-27. An English Major Party will be discussed.

# Examiner Picks Beasley Top Player of the Week

A new race horse was discovered Saturday to bolster Coach Bob Bronzan's stable of halfbacks when Stan Beasley, a former high school mate of Cal's Paul Larson, ripped the Arizona State line to shreds in Sparta's 19-12 victory at Tempe.

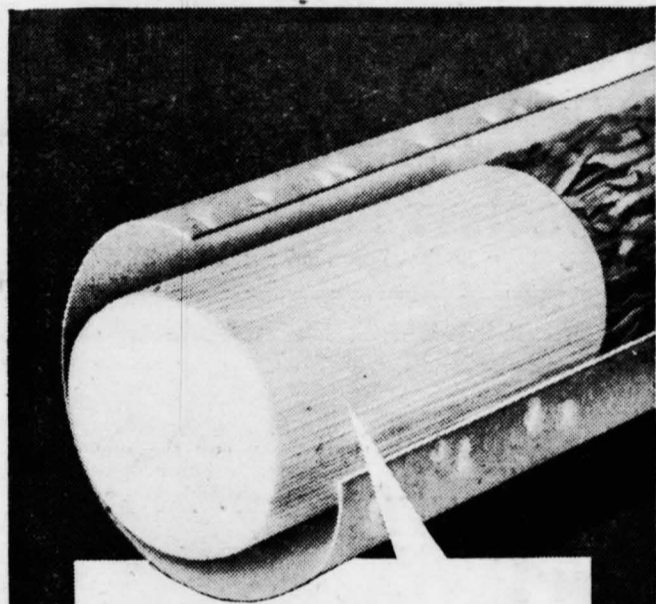

For rolling up 173 yards in 18 carries the 165 pound junior back was awarded the Wiley Smith bag, given weekly to the outstanding Northern California player by the San Francisco Examiner.

Beasley was presented a fine leather traveling bag, similar to the one won by Fullback Joe Uim last season.

The former Modesto JC, All-Northern California flash picked up timely gains to spark Spartan TD drives while outgaining the entire ASC attack by 33 yards. He averaged 9.6 yards per carry.

Center Tom Yagi and End Clarence Wessman were singled out by Coach Bob Bronzan as playing

STAN BEASLEY  
... wins Wiley Smith Award

the finest games of their careers for San Jose State.

So overwhelming was the Golden Raider offensive thrust that they compiled 524 yards through land and air as compared to a paltry 191 yards for the Sun Devils, a tribute to the Spartan defense.

Benny Pierce contributed his finest passing game to date, when he connected on 14 out of 19 tosses, according to game statistics.

## Pierce, Hiram Top Statistics

Halfback Stan Beasley is on top in yardage gained by rushing, so far this season, averaging 8.6 per 25 carries and 215 net yards gained.

Benny Pierce leads the Spartans' passing attack, pitching 56 of SJS' 77 attempted passes. Pierce has completed 31 passes for a 55.5 percentage.

Top scorer for the Spartans is Roy Hiram. His four tallies in the Idaho game stand as the season's record. Charlie Hardy shines in number of passes received, but Clarence Wessman has the most yardage gained in receptions, 126 yards.

Statistics:

## Bender NCAA Boxing Guide Cover Celebrity

Coach Julie Menendez' Spartan boxing squad of last year received a "good spread" in the 1955 National Collegiate Athletic Assn. boxing guide which features SJS slugger Dick Bender on the cover.

The recently released edition of the magazine has this to say about Bender: "Dick Bender, San Jose State College 156-pounder was undefeated in 12 regular season bouts last year and won the Pacific Coast championship. The Redwood City, Calif., senior battled to the national collegiate finals before losing a decision. A social science major, he plans to teach after graduation."

Bender suffered his sole loss to Bob Meath, from the University of Wisconsin, who went on to claim outstanding boxer honors in the tourney.

In the Pacific Coast section of the magazine, there is a picture of the Pacific Coast champions, including State's Bender, Vic Harris, 139, and Tom Stern, 178.

Another picture shows Joe Rodriguez, SJS 132-pounder, about to land a right on the jaw of John Fawcett of San Francisco State.

The magazine has a breakdown on the championship tournaments with the Spartans well-represented in the Pacific Coast and national results.

## Soccer Hopes Rise in Defeat

A new light of hope for a soccer victory over University of San Francisco here Saturday appeared on the horizon when the vaunted USF team had its 55 game win streak snapped by San Francisco City College last week.

USF, unbeaten in Northern California Intercollegiate ranks since 1942, saw their long string of victories shattered by a 5-4 upset Saturday. The same morning, Coach Julie Menendez' squad made its return to soccer by dropping a 6-1 contest to Stanford.

Jim Maher, playing in his first soccer game, was voted the outstanding performer on the Golden Raider squad Saturday.

Referees and coaches vote after each contest on the three most valuable players on each team.

## Daily Editor Leads Sports Editor Leads In Pigskin Picking

Sports Editor Gil Chesterton took a one-game lead in the Spartan Daily pigskin picking derby over regulars Bill Hubbard, athletic director, and Physical Education Director S. Glenn Hartranft.

Chesterton picked three of five games over the weekend to bring his total to 7-10. Hubbard and Hartranft trail with 6-10.

The sports writer was the only handicapper to predict Oregon over California.

The President's Council, sitting in the guest spot, came up with two rights and three wrongs, bringing the guest total to five for 10.

Results of the games selected were: Texas Christian 20, USC 7; Oklahoma 14, Texas 7; Notre Dame 33, Pittsburgh 0; Navy 25, Stanford 0; Michigan State 21, Indiana 14; Oregon 33, Cal 27.

# Honorary Service Clubs Work Throughout Year

The cup of coffee you had during Registration, the books you bought, or the Science Open House you attended last spring were all the activities of the three honorary service organizations on campus.

The Spartan Spears is the Sophomore women's honorary society. Every spring 20 outstanding freshman girls are invited to join. Projects include selling coffee on registration day, serving at the Patron's dinner and a rummage sale for the unclaimed articles at the end of each quarter. Mrs. Alston Haggerty is adviser.

The Spartan Shields, honorary club for men, chooses 20 freshmen to join in the spring. Mr. Ray Wilkerson has been their adviser since 1949 when the Shields were formed from the old Spartan Knights. The Shields help with registration, sell refreshments at boxing matches, and publicize the Science Open House.

# Foreign Group Schedules Tea At House Ceremonies Sunday

All students are invited to attend a tea and discussion group. Thursday, 8:30 to 10:30 a. m. at 246 S. 8th St. as guests of the Foreign Students' Association, according to Phillip Persky, adviser.

Topics of general interest to college students such as educational systems, marriage and dating customs, and economic and social problems of various countries will be discussed.

Teas and discussions will be a weekly feature of the Foreign Student groups, according to sponsors, Persky and Floyd Greenleaf.

## Library Shows Photo Display

In conjunction with 12 photographs displayed by San Jose photography students who exhibited in the county fair, the Library now has displayed in the lower hall show cases typical books of photography available to college students.

Two of the books are opened to pages to give viewers of the photo exhibition a better understanding of what to look for in a photograph.

New Guide to Better Photographs - Abbot writes about Analyzing your Photograph. Feninger in his book Advanced Photography, describes what characterizes a good photograph and stopping power.

Cartier-Bresson describes why he started in photography in his book The Decisive Moment. Along with the books exhibited are two magazines available to the serious photographer, Photographic Society of America's PSA Journal and PSA Photographic Science and Techniques.

Alpha Tau Omega initiated seven new members Sunday, at their house with Province Chief Warren Danford presiding over the ceremony.

Initiated were Jack Carlson, Jack Clifton, Connally Cantrell, Donald Lindstrom, Ronald Moesle, and Kenneth Sayre.

Jack Holland, fraternity faculty adviser, presented Donald Lindstrom with the outstanding pledge award. Donald Miner, assistant professor in the Business Department, welcomed the new initiates.

Two new officers, the keeper of the annals and the chaplain, were installed at a recent meeting of the group, according to Howard Lester, publicity chairman.

Installed were, Ray Hempy and Richard Bower, chaplain and keeper of the annals, respectively.

Two appointments were made during the evening. Richard DeLambert, representative to the Mother's Club and Pat Mulligan, pledge master, received their appointments from Worthy Master Dick Brady, Lester said.

Jerry Simpson, Robert Morrill and Shelley Beebe, veterans, have returned to the campus and re-

sumed their active fraternal affiliation with ATO this quarter, Lester reported.

## Meeting Cancelled

The last in a series of Freshman Orientation meetings, scheduled for Wednesday morning and Thursday afternoon have been cancelled, Dean of Students Stanley C. Benz announced yesterday.

He urged students to meet with their department advisers however, as they would have done at this meeting, before scheduling winter quarter classes.

If you drive for the sheer zest of it  
**you owe yourself  
this hour!**

If your hands rejoice in the precise balance of a fine gun or the sweet response of a racing sloop . . . then you owe yourself an hour with the Chevrolet Corvette.

You'll find it is, quite literally, like no other car in the world—a heart-lifting blend of the true sports car with all that is best in American engineering.

There is the velvet smoothness of a Powerglide automatic transmission (but with the classic floor selector-lever).

The trouble-free durability of a Chevrolet "Blue-Flame" engine (but with three side draft carburetors to unleash its flashing 150 horsepower).

The ruggedness of an X-braced box girder frame (but with the astonishing impact resistance of a glass-fiber-and-plastic body).

Luxurious seating for driver and passenger in deep foam rubber (but cradled in the traditional security of bucket seats).

Generous luggage room, the panoramic sweep of a deeply curved windshield, the flair of tomorrow's styling (but within the polo-pony compactness of a real road car).

The Corvette blends all this and more. For it is a driver's car . . . a low-slung torpedo with a center of gravity only 18 inches above the concrete . . . with outrigger rear springs that make it hold to the road like a stripe of paint . . . with a 16 to

1 steering ratio that puts needle-threading accuracy at your finger tips.

Frankly, the Corvette is a "limited edition," made only in small numbers. It is intended only for the man or woman to whom driving is not just transportation but an exhilarating adventure, a sparkling challenge to skill and judgment. If you are one of these, then you owe yourself an hour with a Chevrolet Corvette.

Call us now and let us set up a demonstration run . . . for in a short 60 minutes you can discover that motoring has a whole new dimension of delight.

Make a date to drive the

## Chevrolet Corvette

150-h.p. overhead-valve engine with three side draft carburetors • Four-leaf outrigger springs in rear • Powerglide automatic transmission • Center-Point steering, 16 to 1 ratio • Form-fitting individual seats • Full instrumentation, with tachometer, oil pressure gauge, and ammeter.
