Senior Class Council Elects Taylor and Lippolis to Offices

Barbara Taylor and Emily Lippolis were elected vice president and senior representative, respectively, to the Student Council at yesterday's meeting of the Senior Class Council.

Other business conducted by the council included changing the date of the December Graduation Banquet to Thursday, Dec. 9, from Dec. 13. All graduating seniors are reminded to pay the graduation fees totalling \$10 by Nov. 19 at the Graduate Manager's Office.

The council also decided to sell Beat COP buttons again this year.

JUNIORS PLAN

Final plans have been made for the Junior class "Apple and Fudge" sale Oct. 27, 28 and 29 from 10:30 to 3:30 p.m. in the Outer Quad, according to Bob Bush, publicity chairman.

Apples will sell for five cents apiece, and the fudge will be 10 cents a package.

Alleen Sherry, chairman of the 4-way council meeting, announced that the meeting will be held Nov. 22 and will be open to all class council members.

SOPHS DISCUSS

Ideas for a "Joe College and Betty Coed" dance contest was discussed by the Sophomore Class Council yesterday.

A committee was chosen to look into the project and to try to arrange a date for the dance.

Another proposal discussed was the selling of class emblems.

Members selected for the popu-

larity contest were Denny Powers, Bertie Berthier and Kitty Crain.

Sophomores selected for the Class Emblem committee were Shirley Wallace, Al Stones and Alice Engel.

FROSH ELECT

Don Ryan and Barbara Dale were elected non-voting temporary freshman representatives to the Student Council at the class meeting yesterday.

A final decision probably will be made on holding a "shapely legs" contest when the Fund Raising committee meets this afternoon at 3:30 o'clock in Room 11.

Jim Leavitt volunteered to serve as frosh representative to the Centennial committee.

Mathias Tells WUS Action Program Plan

"A Student to Student Program." That's the crux of World University Service action, Dolores Mathias, chairman, emphasized upon her return from WUS conference at La Honda last weekend.

Representatives from Cal, Stanford, San Francisco State, Mills, Monterey Peninsula and SJS met to discuss the mutual assistance and self help programs given to students of foreign countries and exchange information on methods of operation.

Miss Mathias, who is WUS area advisory council secretary, revealed that future WUS plans include the naming of a faculty adviser and the electing of a chairman for the organization.

Court Will Hear Poelman Charges

Charges filed against Homecoming Queen Candidate Aphra Ann Poelman will come before Student Court today at 2:30 p.m. in the Student Union.

Prosecuting Attorney Don Atkinson will present charges of advertising in illegal areas and having too many signs during the queen race.

If the plea is guilty the court will rule today, stated Stan Croonquist, chief justice. If innocence is the plea, a later date will be set for a trial.

Rally To Drive For Olympics

The Rally committee will start collecting for the Olympic Fund next week if the Student Council approves the drive at their meeting tomorrow, according to Shun-ji Ito, committee chairman.

It also announced that the Rally committee will meet tomorrow night in the Student Union at 7 o'clock. Cards for a 1400 member card section at the College of Pacific game will be sorted. All are new cards, Ito stated.

The Queen float for the Homecoming Parade will be worked on, Ito said. He noted that because of the possibility of the Olympic Fund drive the Rally committee needs every member at the meeting tomorrow.

Court Refuses Chessman Stay

WASHINGTON, Oct. 25 (UP)—The Supreme Court today refused for the seventh time to grant a hearing to Caryl W. Chessman, California convict who wrote a best selling autobiography from his San Quentin prison death cell.

Chessman's execution had been stayed by a California judge pending his appeal to the Supreme Court. By today's action, the high court washed its hands of the matter. It is now up to the State of California as to when he will be executed.

BASIS OF UNDERSTANDING

LONDON, Oct. 25 (UP)—British Foreign Secretary Anthony Eden said today that the new Western defense system brought into being Saturday at Paris will provide the basis "on which we can seek an understanding with the Communist East."

Eden made his optimistic pre-

diction in a report to Commons on the Paris Conference which ended in agreement to re-arm Germany.

SMOG DANGEROUS?

WASHINGTON, Oct. 25 (UP)—A scientist said today he doesn't think the current Los Angeles smog "is or will be comparatively dangerous."

By "comparatively dangerous," he indicated, he meant anything like the deadly London smog of 1952 that took hundreds of lives.

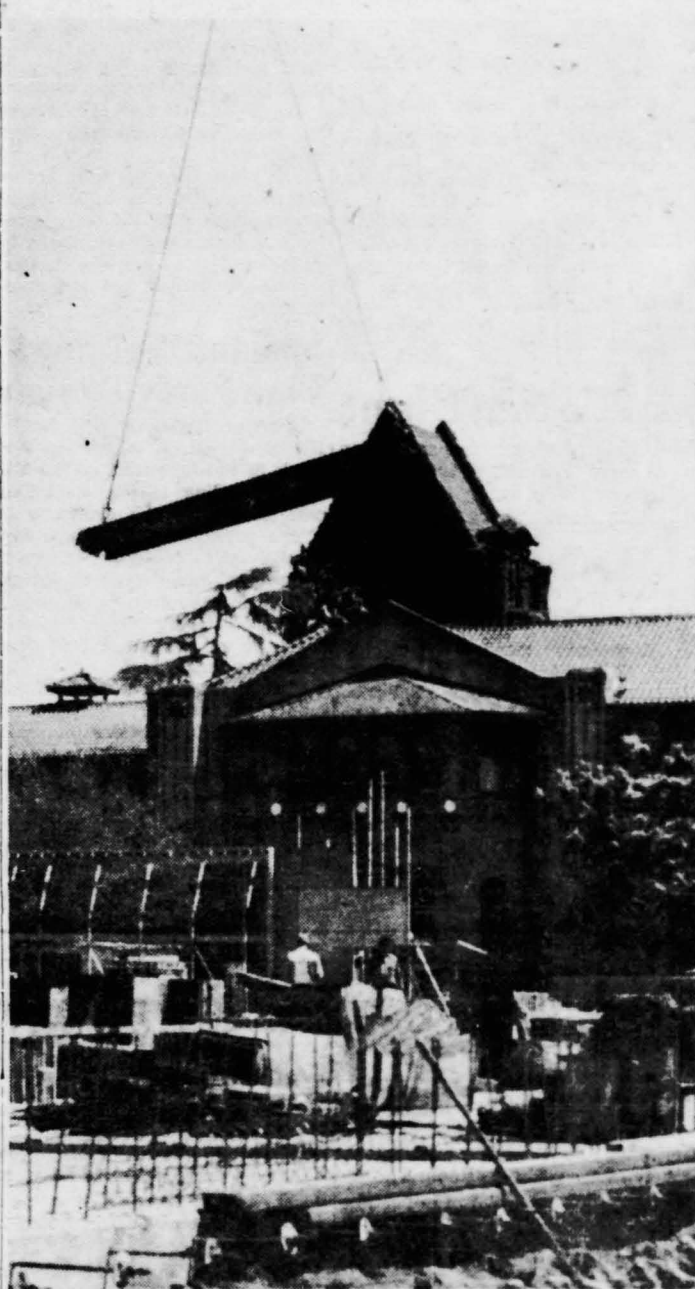

DOCK STRIKE SPREADS

LONDON, Oct. 25 (UP)—Britain's crippling dock strike spread today and a worried government met to decide whether troops should be called out to end the threat to Britain's food supplies and the nation's economy.

Rescheduled Production of 'Hamlet' To Be Presented in New Theater

SHOWN IN ONE OF THE PHASES of construction, the Speech and Drama Building is fated to remain incomplete for some time. An "I" beam, such as the one shown being lifted into place, was forgotten during the construction of the building and must now be installed. The work will delay the use of the new Little Theater.

Nov. 5 Ball-Goers Can Expect Fine Performance by Tucker

Orin Tucker, the man playing for the Coronation Ball Nov. 5, is an "old hand" at this type of work, according to Jim Cottrell, Social Affairs committee chairman.

Tucker has played at the Ambassador Hotel, Coconut Grove and the Paramount Theater in Los Angeles and the Mark Hopkins Hotel in San Francisco.

Wee Bonnie Baker, one time singing great, rose to fame with Tucker and his group in pre-World War II days.

He also has made several guest appearances on radio networks, including regular spots on "His Parade" every Saturday night, and has written or helped write "Especially for You," "Pinch Me," "Would Ya' Mind," and "Been Looking for Love."

Tucker and his 12-piece band will play for the ball in the Civic Auditorium from 9 p.m. to 1 a.m., Nov. 5.

The decorations group of the Social Affairs committee will meet at 2:30 p.m. today in the Spartan Dugout for a work meeting. The group plans to work on the library showcases that are expected to be decorated this week. The Queen's crown will be the prize exhibit in the display. Also included will be bids, pictures of the band, the Coronation Crest, and purple and white streamers.

Scenery Beam To Be Installed During Winter

No I-beams, no scenery. No scenery, no plays. This is the lament being sung in the Speech and Drama Department after it was learned by Dr. Hugh W. Gillis, head of the department, that delay in starting installation of four steel I-beams in the Little Theater will prevent production-use of the theater until spring quarter. The I-beams support scenery.

Originally, the Little Theater was scheduled to open with the production of "Hamlet" in February. Current plans call for presentation of the Shakespearean tragedy in April.

Bids for work on the Little Theater are scheduled to be let on Nov. 5, according to Dr. Gillis. Actual work will begin on Nov. 8, he said.

Since 90 working days are allotted for the completion of the work and several weeks more will be needed for hanging of the stage equipment and for practice in use of the facilities, Dr. Gillis explained, the spring opening is the earliest which can be expected.

A revised schedule of Speech and Drama Department productions, with only the last two slated for presentation in the new Little Theater, is as follows: "School for Wives" by Moliere, Oct. 29, 30 and Nov. 3-6.

"You Can't Take It With You," by Kaufman and Hart, Dec. 3, 4, 9, 10 and 11.

"He Who Gets Slapped" by Andreyev, Feb. 4, 5, 10, 11 and 12.

"One Sunday Afternoon" by Hagan, March 4, 5, 10, 11 and 12.

"Hamlet" by Shakespeare, April 29, 30, May 2-7.

"Once in a Lifetime" by Kaufman and Hart, June 3, 4, 9, 10 and 11.

In the event of further delay in completion of Little Theater work, "Hamlet" and "Once in a Lifetime" will be shifted so that the Shakespearean play will be the first to be given in the new theater.

Clements Plans Wheel Release

Names of the 28-32 students selected for inclusion in the "Who's Who in American Colleges and Universities" publication will be announced at the end of this week, Dr. Edward Clements, chairman of the selection board, said yesterday.

Nominations from the college were sent in last Friday. Final choices submitted by the committee here were narrowed down from a large list, composed of nominations by the committee and approximately 200 suggestions received from the student body.

Serving on the selection committee were Dean Helen Dimmick, Dean Robert S. Martin, Dr. Stanley C. Benz and faculty members Art Lund and Betty Wisner.

Figures released by the Registrar's office show 3983 men and 3672 women students registered full-time for fall quarter.

Max Phillips and Dave Pollock, in a talk before the Pilgrim Fellowship Club of Saratoga, Sunday, gave members an insight into the organization and operation of the SJS Police School.

Representing the liaison division of the school staff, they spoke under the auspices of the Saratoga Federated Church.

They discussed the history of the school, its requirements, curriculum, and employment opportunities. They explained the duties of a police officer and the citizen's responsibility toward police agencies.

The purpose of the talk, according to Phillips, was to better acquaint people with the background, scope, purpose and problems of the police profession and the methods by which future policemen are trained.

Sixty-one per cent of SJS's 3672 women students and 43 per cent of the 3983 men students are living away from home, according to Mrs. Izetta Pritchard, housing supervisor.

Not included in the "living away from home" category are students who live with parents or other relatives in or near San Jose, those who commute from 8 to 60 miles, and those who are married and have homes of their own.

Of the 2237 women who are living away from home, 879 live in boarding houses, 633 live in apartments, 343 live in sorority houses, 17 are rooming and eating out, 262 are rooming with kitchen privileges, 59 are working for board and room, and 44 are living in cooperative houses.

Maurice had a little shirt

A pome by Ogden Gnash

Maurice had a little shirt
A sport-shirt, don't you know?
And everywhere that Maurice went
The shirt was sure to go.
(He was crazy about it.)

He'd wear it first to English class
From thence to Physics Lab
He found himself, like most young men
Quite fond of his VAN GAB.
(Van Heusen's famous rayon gabardine,
A real darby!)

He'd wear it when he went to bed
Because he liked nice things,
And Van Gab's special "finish"
Makes it soft as angel's wings.
(Mrs. DiMaggio's)

He'd wear it in the shower
And his roommates thought him daft
But he knew that it was washable
And so he merely laft.
(Certified completely washable, even
for commercial laundries, by American
Institute of Laundering. No bull.)

He loved its Sportown collar,
Fine with tie and fine without.
He was made for Van Gab's colors,
Each one's *virile*—have no doubt!
(Maury bought Van Gab in all 15 shades)

Note: It also has new Vanafit sizing, which means sportshirt comfort with dress-shirt fit. A great idea in a \$1.95 shirt but not easily rhymable.

Bill Hubbard Leads Guessers

Athletic Director Bill Hubbard took over the lead in the pigskin picking derby by predicting winners in four of the five "big games."

Sports Editor Gil Chesterton had a cloudy crystal ball coming up with only two out of the five games, after topping the handicappers for four weeks.

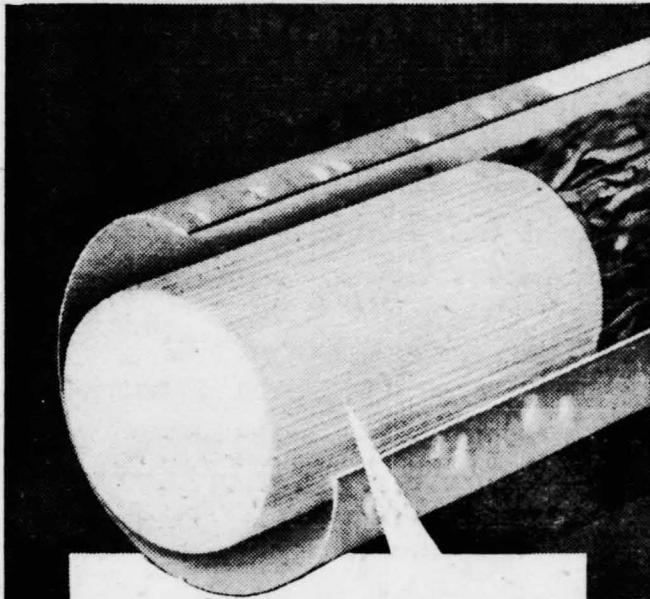

Guest guesser Cathy Sanders,

PE department secretary, equalled the prognosticating of the sports editor with two-for-five, while Glenn Hartranft had three winners.

Standings after four weeks: Hubbard, 14-6; Chesterton, 13-7; Hartranft, 12-8, and guests, 11-9.

GENE MENGES . . . Acute Frustration

Frustration Complex Hits Backfield Boss

By GIL CHESTERTON

Gene Menges, Spartan backfield coach, probably has what psychiatrists term "acute frustration."

Coach Menges divides his talents between the daily tutoring of Golden Raider backfield candidates and the weekend chore of scouting future SJS grid opponents.

As a result, the youthful mentor has yet to see this year's team in game action and has witnessed only six games in the previous two seasons as a coach-scout.

"Last year was a banner one because I took in five games since they were mostly on Friday night," the former Spartan passing star observed.

He hits the road for Cincinnati and Albuquerque the next two weeks to gather tactical information on College of Pacific and New Mexico teams.

"I always travel one week ahead of the San Jose State team," he said. He flew to Denton, Tex. last week end to watch North Texas State, Sparta's next foe, drop a 6-0 decision to Texas Western.

Fortunately, his wife, Leona, and their two children Gayle, 5, and Greg, 2, are very understanding about Coach Menges' pigskin assignments.

"Of course I always have to bring them all something back from each trip," he commented.

Mentor To Stage First Basketball Drills Nov. 1

Frosh Hoopsters To Hold Meeting

A Wednesday meeting of all freshman basketball prospects has been called by Coach Jerry Vroom.

The confab, called to sign the candidates and explain plans for the season, will commence at 3:30 p.m. in S-112.

Coach Vroom explains that he has lined up 13 games with the toughest junior college and college opponents available in this area. Only one high school contest has been secured.

The yearlings open their schedule against Hartnell JC, Dec. 1.

With an expected turnout of 45 or 50 prospects, Coach Walt McPherson will greet the candidates for the 1954-55 Spartan basketball team at the first practice session of the season Monday.

Among the five lettermen returning to the squad are Captain Carroll Williams, Bud Hjelm and Bob Bondanza, from the first string, and Tor Hansen and Tom Crame.

Returning reserves are Jack Harris, Al Hood, Wes Juhl, Norm Ponti, George King, Bill Lamson and Andy Locatelli. Coming up from the Frosh squad are Bob Chrisco, Dan Wilson and John Campbell.

Promising junior college transfers include John Erecg, San Matea; Harvey Green, an all-state choice from Fresno; Ray Goodwin, Modesto; Bob Borghesani, East Contra Costa.

Gary Ellis, Shasta; John Marken, East Contra Costa; Jim Rhode, Yakima; Ed Holbrook, San Jose; John Ornelaz, Bakersfield, and Bob Gilmore, Santa Monica.

Del Bland and Ken Valentine, a pair of 6 ft. 5 in. transfers from other colleges, also will be among the prospects.

Beasley Leads Grid Team Ground Attack

Halfback Stan Beasley is pacing the Spartan running attack with a 7.5 yards per carry average, according to this week's grid statistics which include the Oregon game.

Beasley has netted 217 yards in 29 carries. Fullback Dave Fanner follows with 125 yards to his credit. He has carried the ball 37 times, more than any other SJS rusher, for a 3.4 average.

Quarterback Benny Pierce now has completed 35 out of 68 passes for 486 yards and a 51.4 average, while Tony Teresa, the number two signal caller, has completed 13 out of 31 aeriels for 213 yards and a 41.9 record.

Clarence Wessman and Charlie Hardy each have received 10 passes to lead the ends. Wessman's performances have accounted for 198 yards and a TD, while Hardy's play has been good for 115 yards. The number three flankman is Merle Flattley who has caught nine passes for 107 yards and a touchdown.

Roy Hiram is the team's top scorer with 24 points, followed by Fanner with 18, Teresa with 11, and Fullback Matt Vujevich with seven.

"In fact last year I had to bring some Texas dust for Mrs. Pete McNeill, wife of the football equipment manager."

Nixon Charges Demo Apathy

LAS VEGAS, Nev., Oct. 25 (UP) Vice President Richard M. Nixon charged today that reports on 12 members of "the Hess Ring" were given to Democratic officials from 1939 to 1945 and that they were "not fired but promoted."

Nixon, speaking on behalf of Republican congressional and gubernatorial candidates, accused previous administrations of "failing to heed warnings of the FBI on these persons and others." He did not name the 12.

Nixon spoke to 400 persons at a breakfast meeting at the Silver Slipper Saloon and Gambling Hall. All words except "Silver Slipper" had been covered when photographs were taken. His address was on behalf of Gov. Charles Russell and Rep. Clifton Young, up for reelection, and Sen. Ernest S. Brown, appointed to replace Democrat Sen. Pat McCarran, who died.

President Offers Prosperity Formula For Increasing National Production

WASHINGTON (UP) President Eisenhower last night offered the nation a prescription for prosperity which he said would increase the national output to 500 billion dollars within 10 years and banish the fear of paralyzing depression.

The president estimated the present output at 356 billion dollars.

He spoke before the National Security Industrial Assn. here and received the James B. Forrestal Memorial Award from the group for his contribution to a stronger America.

Mr. Eisenhower said "a central reason for our overall economic growth is confidence that the

American economy will meet the tests of peace."

"I believe that it is high time in this great, growing, productive land of ours, to put behind us the rash of fears that for so long have haunted some among us—fear of war, fear of unemployment, fear of ourselves, fear of the future," the President said. "Certainly, we know now that such fear—the fear of a paralyzing depression can be safely laid away."

Class To Hear Job Preview

Construction engineering will be the subject of a talk by Grant Gordon, assistant general manager of the Guy F. Atkinson Co. of South San Francisco, on Wednesday at 11:30 a. m. in E-118.

This is the third in a series of eight talks given by practicing engineers to the Engineering Preview classes of Norman O. Gunderson and Edward A. Dionne. The talks are to inform the engineering student of phases of engineering so that he may make an intelligent selection of college work preparatory to entering industry. All students are invited.

Previous speakers have been Al Wolff, manager of John Beane division of Food Machinery and Chemical Corp., who discussed production engineering, and Merrit Kastens, assistant director of the Stanford Research Institute, who spoke on research engineering.

Student Will Lead Bible Study Group

Bible study will begin tonight at 7:30 o'clock in the Student Y under the direction of Bill Harmon, SJS student, according to Mel Bowen, publicity chairman.

The program is a follow-up of a series of three lectures by Dr. Harry Rathbun of Stanford on "The Teachings of Jesus in the Light of Modern Knowledge."

The study will be held Tuesday evenings until further notice.

Nature Group Slates Show

First in the 1954-55 series of Audubon Screen Tours, sponsored jointly by the Audubon Society and SJS Science Department, will be given Thursday evening at 8 o'clock in Morris Dailey Auditorium. Lecturer for the opening session will be William H. Wagoner whose colored film is entitled "Wonderland."

The film was started during Wagoner's duty as a ranger-naturalist at the Grand Canyon National Park. Opening with common things of nature found along woodland trails, "Wonderland" reaches its climax at such places as Rainbow Bridge and the Grand Canyon.

It took two years, 30,000 miles of travel and over 1000 miles of back-packing to make this picture.

Dr. Matthew Vessel, professor of science education, heads the Science Department group sponsoring the lectures.

Aircraft Missing; 21 Believed Lost

NICE, France, Oct. 25 (UP) An American C-47 with 21 American airmen aboard was lost on a flight from Italy to Britain today, and search parties concentrated on the snow-covered Alps after one earlier clue proved false.

Search planes also swept low over the Mediterranean, but the main effort was concentrated on the French Alps whose 10,000-foot peaks have been called the "Air Force graveyard."

A search plane spotted the wreckage of a two-engine aircraft on the rock-ribbed island of Elba, but rescue officials said they believed it was the remains of an old crash.

The missing plane was being flown by a crew of officers logging flying time when it disappeared.
