Sophs Give Nod to Hackett

Ray Hackett and his band have been signed to play at the annual Soph Doll contest-dance to be held in San Francisco March 12, and judges for the SJS portion of the contest were announced at the Sophomore Class meeting yesterday.

Judges are: Mrs. Stanley Benz, Mrs. John T. Wahlquist, Ester Wallace, San Jose Mercury-News society editor; Henry Ford, San Jose photographer, and Clyde Edwards of a local modeling school.

Judging to determine the SJS sophomore to compete at the final judging will be March 2, Joan Ereno, co-chairman of the SJS contest, reported. Deadline for the names of contestants to reach the contest committee is Feb. 23, she reminded.

Contestants from nine colleges and universities in California will take part in the final judging, which will take place at the dance.

In other action, Al Behr, class president, said voting for class officers will be Friday.

More than 80 members attended the meeting which saw Behr appoint a five-man committee to consider the suggestions and reports of Spartacamp representatives.

FROSH NAME COMBO

"The Cherokees," a five-piece combo headed by trumpeter Tom Burns, will play for dancing at the Frosh-Soph mixer March 3, Ted Terzakes, publicity chairman, announced at yesterday's Freshman Class meeting.

President Don Ryan disclosed that Frosh attendance had tripled since the first meeting, which attracted 43. Yesterday's turnout was 125.

JUNIORS PLAN SALE

A rummage sale, the latest in a series of proposed Junior fundraising projects to bolster the class treasury, was suggested at yesterday's class meeting.

Jazz concert plans under consideration at previous meetings were not acted on and such an event probably will not be held in the near future. Feb. 23 had been set for the concert but the reservation was canceled by Claire Clarke, ways and means committee chairman.

SENIORS SELECT CLUB

Bay Meadows Turf Club has been selected as location for the Senior Ball to be held in June, it was learned at yesterday's meeting of the Senior Class.

An apparent precedent was established yesterday when a junior class representative was asked to attend the Senior Class meetings throughout the year.

Leo Fancey, junior class representative, will have an opportunity to acquaint himself with senior activities and events so that next year's senior class will have some background for the numerous problems and plans that will confront them, according to President Pat Spooner.

Posters Mark Beginning Of Campaigns for Office

Posters and banners this morning kicked off a week of campaigning by 28 candidates for the 15 student government offices to be filled in Friday's elections.

Polls will be located in the inner quad. In case of rain, they will be moved to the foyer of the Morris Dailey auditorium. Alpha Phi Omega will set up the polls Friday morning, and members of the Student Court and Spartan Spears will operate them from 9 a.m. to 4 p.m.

Campaign posters are permitted only along the walk between the Science Archway and Coop, and along the north side of the walk between the AWS lounge and the Industrial Arts building. They must be taken down by 6 p.m. Friday. Rules governing campaign

rallies and the size and type of posters were given each candidate with his petition.

All those running for Sophomore and Junior Class president, freshman, sophomore and junior Student Council Representatives, and the Junior Student Court positions report to the Spartan Daily Office, J-107, today between 1:30 and 2 p.m. to make campaign statements for publication.

J.C. Officials Meet at SJS

Junior college transfer students will have a chance to meet with presidents or representatives of their old colleges today. The administrative officials are on campus for a Junior College Presidents' conference. They may be contacted through Dean Stanley C. Benz, personnel office, Room 116.

The meeting was to open at 10 o'clock this morning when Dr. John T. Wahlquist, SJS president, presented information on college enrollment trends and admission policy. The program includes a luncheon and discussion periods.

Attending the conclave will be officials from City College of San Francisco, Hartnell, San Mateo JC, Santa Rosa JC, Contra Costa's East and West Campuses, Oakland JC, San Benito County JC, College of the Sequoias.

Yuba County JC, Monterey Peninsula JC, College of Marin, Ventura and Stockton.

Weather Fair, Pigeon Fouled

According to the Nautical Chart of 1424, America was discovered before Columbus," said the most happy pigeon.

"Which proves that pigeons are capable of great things," he babbled.

He explained that, actually, America was discovered by Sandy McKavin, a Portuguese pigeon blown off course while trying to find a short cut to Las Vegas.

"Also," he mumbled, "mostly fair weather today, according to UP, but some high clouds and local low jobbers along the coast. Temperature about the same."

Russian Command Switch No Policy Change, Swagert Says

By CLAYTON PETERSON

Dr. Laird S. Swagert, associate professor of political science, believes the recent switch in Communist high command will not change the tough foreign policy Soviet Russia is spelling out to the free world, but does indicate a rising prominence of military leadership in that country.

Dr. Swagert attributes the tone of the present Soviet foreign policy to blood and thunder Bolsheviks such as Nikhila Khrushchev, first secretary to the Communist Party, and V. M. Molotov, foreign minister. "The political philosophies of these men contain no note of appeasement and no softening of policy will be seen in the Soviet Union as long as these men stay in the ring," he said.

Commenting on the recent shift in Russia's leadership, Dr. Swagert said the military is winning in the division of command race that has been going on since Joseph Stalin's death in 1953 left a triumvirate battling for control of the government.

"Kliment Voroshilov, president of the Presidium, and George Zhukov, new defense minister, and Nikolai A. Bulganin, new premier, all formerly were members of the armed forces," he pointed out in showing the ascendancy of military leaders.

Turning the pages of history, Dr. Swagert links the current scramble for Soviet leadership with the 1953 purging when Khrushchev joined Georgi Malenkov, ousted premier, in the elimination of Lavrenty P. Beria, chief of the secret police. This was the first step to the elimination of the triumvirate, according to Dr. Swagert.

"Leaders in Russia are employing the old divide and conquer theory, playing one force against another in hopes that at the end of the elimination process only one ruler will emerge," he said.

Red China People Would Overcome U.S. Aggression, Says Chow En-lai

LONDON, Feb. 14 (UP)—Red China's Premier Chou En-lai said today "If the United States aggressive circles dare to launch an aggressive attack against us, the Chinese peoples are determined to defeat them."

The Chinese Premier-Foreign Minister spoke at a reception in Peiping given by the Soviet charge d'affaires in honor of today's fifth anniversary of the signing of the Sino-Soviet mutual assistance treaty.

The premier said American actions in the Formosan crisis "gravely menace peace in the Far East and in the world." His speech was monitored here in a broadcast from the New China News Agency.

After praising the "peaceful aims" of Russia and China and their close alliance, Chou said:

"The United States aggressive circles are actively reviving German militarism, preparing for atomic war, and organizing aggressive blocs and establishing military bases everywhere to threaten and encircle the Soviet Union,

Revelries Has Formula For Enjoyable Evening

By SAM PISANO

Take a bit of the comical, add a touch of the serious and pathetic, mix well with some lively tunes and a dash of interpretive dance and you've got the recipe for an enjoyable musical: Revelries of 1955.

So agreed an invitational audience last night when they viewed the opening of this year's Revelries, "In All My Dreams," in the Morris Dailey Auditorium. The show is slated to run through Saturday.

A kid with a bundle of talent,

Frosh Get Scores

Freshmen! Come get your test scores.

The individual reports of scores made on the series of tests given 1227 first-quarter freshmen in November may be picked up in the Dean of Instruction's Office, Room 120, according to Dr. C. Richard Purdy.

The results of the area tests in general education, which covered the social science, humanities and natural science fields, will be used as a basis for subsequent studies and tests.

A mimeographed sheet, used in evaluating test scores is given with each report.

Darwin Hageman, who never ceased to amaze the audience with his many competent abilities, proved to be the highlight of the evening. The deceiving agent, portrayed by Hageman—so versatile that everyone expected to see him selling programs in the aisles next—danced, sang and acted his way into the role of "most unforgettable performer of the evening."

Other leads, George Watts, with a touch of Perry Como in his voice, and Jeri Welch, whose acting and showmanship were noteworthy, turned in capable performances as the star Broadway team, Penny and Jeff Blake.

Nancy Widdas and Bob La Crosse, romantic young love interest of the production, stopped the show with their polished interpretive ballet. Also adding color to the performance was Robert Montina who portrayed "Tex."

Tonight's performance of "In All My Dreams," at 8:15 o'clock in the Morris Dailey auditorium, has been designated junior college and high school night.

Block night for campus organizations is slated for tomorrow's performance when large sections of the auditorium will be reserved for affiliated students, Chuck Bucaria, publicity director, said.

Tickets for the show, which is to run through Saturday, continue on sale in the Graduate Manager's Office through this week at 75 cents for students and \$1 for general admission. Tickets also may be purchased at the door the night of each performance.

Drill Work Begins Today for Well

Drilling began today on a new water well which is expected to alleviate the current problem of low pressure and slow delivery to campus facilities.

The well, which is being drilled behind the Journalism building, is expected to reach the depth of 500 feet according to a statement by John H. Amos, director of buildings and grounds.

The old gravity system now being employed on the campus is marked by the large water tower, behind the Buildings and Grounds Offices. "This unit delivers 400 gallons of water a minute at 35 pounds pressure. The new pressure unit will deliver 1000 gallons per minute at 60 pounds pressure," Amos stated.

Spring Fever but no Flowers

It's foggy, cold and damp . . . still winter quarter . . . but sure looks as if the juniors have a case of spring fever.

A few days ago, they were eagerly planning a jazz concert scheduled for Feb. 23. A few weeks ago, they suggested an inter-class council and were given the go-ahead on the plan by the Student Council.

Yesterday's meeting revealed that the concert has been cancelled (and enthusiasm for it gone down the same drain) because a jazz program (of a different type) is on the agenda for tonight . . . and no steps have been taken toward forming the inter-class group because the necessary contacts have not been contacted.

That jazz concert sounded good . . . and enthusiasm was running pretty warm to cool so suddenly. The inter-class council idea, an even better one, opens vistas of greater cooperation and all-classes accomplishments.

What are you waiting for, juniors? Your ideas are good but they shouldn't stop there . . . after all, it's hard to admire petunia seeds just because you know the flowers would be pretty if they were in bloom.

Engineering Society Will Hold Dinner-Dance Saturday Night

The Engineering Society's annual social affair, their Dinner-Dance, will be held this Saturday beginning at 8:30 p.m. at the Red Barn, 12880 S. Monterey Rd., according to Steve Getlik, society president.

The social function is the one time during the year when alumni, faculty and engineering students get together officially. The dinner-dance attendance is expected to exceed 125 this year, according to Getlik.

The sign-up list has been in the Engineering Office for several days and will continue to be there through Friday, Getlik states.

The dance will be semi-formal and the price of the dinner and the dance is all one charge, depending on which courses of dinner

one chooses. Getlik explained that the price includes all taxes and tips and also provides for the guard required by the Student Council at all such functions.

The combo of the Red Barn will provide music for the dance. All engineering students are invited, whether they are members or not, Getlik said.

Thrust and Parry

Lucky to be in U.S.

Dear Thrust and Parry:

There has been some commotion about the article I wrote and which you published Feb. 9. Accusations range from my being an empire builder to being a naive patriot.

I should like, with this letter, to close the discussion that was opened by someone I do not know, on my personality and beliefs.

When I came to the United States in 1948, I had lived under a dictatorship for all but two years of my life. During the other two I had to be a witness to Communist activity in my home town.

It was therefore quite an experience—seeing how people lived in the U.S.—and from which I made my choice.

I was shocked to find that in the U.S. people call the president many things, without a reprisal by the non-existent political police.

I was surprised to see that the middle class people in the United States can afford automobiles.

That the people can move about or travel without previous notification to the authorities of such intention;

That you do not need an identification booklet with your name, address, age, physical description and fingerprints wher-

ever you may be; That the people have all forms of entertainment—television, musicals, large theater productions;

That the public school system takes care of children and their development from infancy to and including college.

I made my choice. I became a citizen of the United States in 1953. I am proud of being one, and I consider myself lucky.

I served in the Armed Services, and am proud of that, too.

But, when I hear a person who has been lucky enough to have been born in the United States try to knock it, I rebel.

If I could look at it more calmly, I would say:

Those who have had it so good for so long do not know what they do have, and are not as anxious to preserve it.

You may call be naive, but then, that is your privilege.

Carlos E. Eckert, ASB 7607.

ED. NOTE: With this letter, the Daily wishes to close discussion on the Formosan issue. Eight letters, several of them exceeding the word limit, have been printed to this date.

Marketing Majors Travel to Oakland

An all-day field trip to H. C. Capwell department store in Oakland is in store today for 30 marketing majors. The group will be accompanied by Dr. John W. Aberle and Dr. T. J. Sielaff of the Business Department.

Highlight of the guided tour through the establishment will be a talk by the store's president. Also the merchandising manager and buyers from various departments at the store will speak to the group on procedures of obtaining goods and merchandise.

Lunches and the time honored coffee break will be furnished by the company to the visitors, according to Stan Callon, spokesman for the students.

Students To Give Storytelling Hour

A storytelling hour featuring stories for children from six to nine years of age will be given tomorrow at 4 p.m. in SD-118, according to Wallace R. Murray, associate professor of speech and education.

The students who will participate, all from Murray's storytelling classes, are Dorothy Huggins, Charlene Doll, Bill Walker, Ken Sterling, Norma Johnson and Paul Engel. Pearl Tennyson will announce the program.

Executive Meeting

The regular meeting of the Social Affairs Committee has been postponed until Thursday at 2:30 p.m. in the Spartan Dugout, according to Jim Cottrell of SAC. SAC has scheduled an executive council meeting today in the Student Union at 2:30 p.m.

Beethoven's Septet Highlights Music Literature Class Today

Beethoven's Septet, performed by faculty and student musicians, will highlight today's Survey of Music literature class in the Concert Hall at 11:30 o'clock. Everyone is invited and admission is free.

Jack Russel, Fred Dutton, Steven Zajec and Maryon Johnson will team with the faculty string quartet for the performance. Gibson Walters is instructor of the class.

Remaining schedule of winter quarter presentations in the live-exhibit class is as follows:

Feb. 17, "Trout" Quintet by Schubert featuring Faculty Quartet, Patrick Meierotto and Karl Ernst.

Feb. 22, Piano program, featuring students of Thomas Ryan.

Feb. 24, duo piano concert, featuring Doris and Patrick Meierotto.

March 1, Serenade for Winds by Strauss, featuring Wayne Sorenson plus woodwind ensemble, and Horn Trio by Brahms, featuring Allen Ferguson, Gibson Walters and Jack Russel.

March 3, vocal program, featuring students of Maurine Thompson.

March 8, Dichterliebe by Schumann, featuring Richard Magary.

March 10, Frauenliebe und Leben by Schumann, featuring Joanne Trallis, and Three Romances for Oboe and Piano by Schumann, featuring Wayne Sorenson.

Members of the Faculty String

Quartet are Gibson Walters, violin; Ruie Harriss, violin; Frances Robinson, viola; and Donald Homuth, cello.

New Soloist Wins In Club Air Meet

A member who soloed only two weeks ago won the student three-point landing event in the Flying 20 club's air meet Saturday at Reid's Hillview Airport.

Ken Storms was the winner of the student event, with Pete Sammet and Tom Reese trailing. Mark Emanuel won the private class three-point event. Jim Drake was second.

The wheel event of the private class was won by Irwin Davis, with Mark Emanuel second.

The club has a meeting this Thursday in E-119, with home movies of the club plane scheduled to be shown.

Cantata Auditions

Auditions for the solo and ensemble parts for the cantata to be given spring quarter by the Choral Ensemble and the Symphony Orchestra will be held this afternoon at 3:30 o'clock in Room 125 of the Music building.

Bondanza Paces Spartans To Win Over St. Mary's

By **ROD LEE**

Bob Bondanza hit 13 points in the second half to pace the San Jose State Spartans cagers to a hard fought 64-62 victory over the St. Mary's Gaels in a California Basketball Association game in Moraga last night.

Coming back after spotting the Gaels a 10 point lead in the first half, the Spartans ran up a 10 point lead in the second half but were forced to shut off a last minute rally by the Gaels to win.

Trailing 62-54 with 56 seconds to play, St. Mary's tallied eight points while limiting the Spartans to a pair of free throws by Bondanza. During this period, the Gaels took possession of the ball three times without letting the Spartans advance the ball into the front court.

After Bill Getris brought the Gaels to within two points with 12 seconds to play, St. Mary's stole the ball at the 8 second mark but were unable to tie the game as Mike Wadsworth missed a jump shot and John Erceg cleared the rebound for San Jose.

The win, San Jose's fifth in eight CBA games, strengthened the Spartans' hold on second place

in the loop, as third place Santa Clara bowed to USF, 66-52. Santa Clara led, 34-25, at half time.

Bud Hjelm took high scoring honors for the Spartans with 19 points while Bondanza had 15 points for the game. Wadsworth matched Bondanza's second half spree in the first half and netted 14 points for the evening.

St. Mary's used a zone defense to bottle up the Spartans in the first 20 minutes of play and held them without a field goal in the first 6 minutes of the game.

Although San Jose was able to cut St. Mary's lead to three points near the end of the first half, the

Spartans trailed, 30-23 at half time.

Midway through the second half Bud Hjelm's free throw gave San Jose a 44-43 edge, putting the Spartans back in front for the first time since they led 2-0.

In the second half San Jose produced 41 points on 11 field goals and 19 free tosses. The Spartans connected on 32 free throws in the contest.

The Gaels outscored the Spartans from the floor 23 field goals to 16.

7 Colleges Enter Frosh Ring Event

Seven colleges had responded by Friday afternoon with their entries for the Far Western Freshman Invitational Boxing Tournament scheduled for Feb. 25-26 in Spartan Gym, according to Coach Julie Menendez.

Coach Menendez plans to enter eight San Jose State freshmen in the two-day tourney.

The seven colleges which have returned their entries are City College of San Francisco, seven entries; Idaho State College, six; California Polytechnic College, five; College of Sequoias, five; University of San Francisco, four; Stanford University, one; and California Aggies, one.

SJS Race Driver Crashes Hard Top

Roger Eandi, San Jose State engineering student and professional hard top racing driver, escaped injury Saturday night at the Cow Palace in San Francisco when his car rammed into the crash wall during the time trials.

"Rapid Rog's" No. 118 hit a wet spot on the paved track and skidded out of control into the crashwall, washing out the front end of the car.

Cinder Squad Rounding Into Top Condition

"The track team is rounding into shape after last week's good weather," Coach Bud Winter reported yesterday.

Gene Antone, quarter-miler, was selected "Track Man of the Week," while Billy Jo Wright, sophomore shot putter, was picked for "Field Man of the Week" honors. Wright tossed the shot 51 ft. 1/2 in. last week.

Other outstanding performances were turned in by Jack Albani in the 300-yard dash and Don Malinoff in the discus.

Coach Winter is considering scheduling a dual meet for the week of East Los Angeles Relays and skipping the March 10 event. A dual meet would enable more men to participate. He plans to consult the squad for opinions this week.

The track squad will be attired in gold and white nylon sweat suits and blue and white shoes this season, Winter said.

MICHIGAN SKIER WINS LEAVENWORTH, Wash., Feb. 7 (UP)—Rudy Maki of the Ishpeming, Mich., Ski Club yesterday captured the U.S. National Class A ski jumping title in competition at the Leavenworth winter sports area in Washington's Cascade Mountains.

Six Greek Teams Enter Interclass Relay Event

Six of the 14 fraternities had entered Greek Relay teams in the March 3-4 Interclass Track Meet yesterday morning, according to Coach Bud Winter.

The first fraternities to enter eight-man teams in the 880 yard relay are Alpha Tau Omega, Delta Upsilon, Kappa Alpha, Kappa Tau, Pi Kappa Alpha, and Sigma Chi.

The other fraternities have until Friday to enter their relay teams with Doris Barbarez in the Men's gym.

Fraternities and sororities which would like to co-sponsor rooting sections must sign up with Coach Winter by tomorrow. Seven fraternity-sorority sponsors have entered the rooting section competition. Since there are five teams entered in the meet, Winter has requested Greeks to enter three more sponsors. If the early entries will agree to the plan, Winter would like to have two fraternities and two sororities back each of the five teams.

Phi Sigma Kappa and Alpha Phi captured the trophy last sea-

son for the outstanding rooting section. Additional trophies will be offered this year if the plan is acceptable, Winter announced.

KA's To Meet COP Champs

Kappa Alpha, defending intramural league basketball champions, will play a benefit game against the College of Pacific intramural cage titlists Wednesday night in Stockton at 8 o'clock.

Proceeds from the contest will go to members of the College of Pacific varsity team whose wallets were stolen at a home game recently while they were on the court.

Bill Lamson, KA coach, will take a 10-man squad on the Stockton trip. The team will be dinner guests of the host squad after the game, according to Wade C. Wilson, SJS student intramural director.

Spartababes Battle Menlo Oak Five

San Jose State's Spartababe cagers will meet the Menlo College Oaks tonight in Menlo Park at 8 p.m. The Spartababes will be seeking their third win against Coast Conference opponents, having dropped Hartnell and Monterey Peninsula College while bowing to San Jose JC.

Fox Injures Neck in Meet

Doug Fox, SJS ski team member, returned to college yesterday with a painful but not serious neck injury which he suffered Sunday in an accident during the jumping event of the 16th Annual University of Nevada Winter Carnival at Reno.

The Spartan skier took a bad spill and was knocked unconscious. He was taken to the Washoe Medical Center in Reno for X-rays for a possible fractured neck and released later.

The favored Denver University Pioneer ski squad copped the meet for the fourth straight year, scoring 388.1 points. The Spartans finished ninth with 288.5.

Other team results included Utah, 377.9; Wyoming, 376.5; California, 325.7; Modesto JC, 315.6; UCLA, 310.1; Nevada, 305.6; and Stanford, 299.2.

Medical Social Workers Talks To Tri Sigma Tomorrow Night

Tri Sigma, society for social work majors, will hear Mrs. Maurice Freeland, medical social worker, discuss the field and fellowships for medical social workers in the Men's Faculty Club tomorrow at 7:30 p.m., according to Barbara Zeiss, society president. The fellowships to be discussed by Mrs. Freeland are being offered

by the Polio and the Tuberculosis foundations and the Veterans' Administration.

Majors in the social welfare and social science fields are invited to attend the meeting, Miss Zeiss said.

She said La Torre pictures of members will be taken during the meeting.

Graduate Students Eligible To Apply For Ohio U. Grants

Ohio University is offering assistantships of \$1200 to qualified graduate students interested in human relations, student personnel, guiding and counseling and community service, according to Dr. Edward Clements, chairman of the college service funds committee.

The assistantships can be for one or two years.

Job Interviewers Here Today

March graduates in business administration and accounting are being interviewed today from 10 a.m. to 12 noon by James Brown of Spreckles Sugar Co. for position of assistant comptroller, according to Dr. Vernon A. Ouellette, placement officer.

Students desiring a post with Puget Sound Naval Shipyard in Bremerton, Wash., may sign up for an interview at the placement office, Room 100. The yard is interested particularly in graduates in mechanical, civil and electrical

engineering. Mr. Robert C. McConnell will conduct the interviews Feb. 23 from 11 a.m. to 5 p.m.

General Mills, Inc., of San Francisco is sending Production Control Manager Hansen to talk to persons interested in learning production control in scheduling and planning of all plants.

Hansen will be here Feb. 24 from 9 a.m. to 5 p.m.

Interested people must sign on the appointment list for interviews.

HERE IT IS, DIOGENES!*

*Diogenes, a Greek Cynic philosopher (412-323 B.C.) noted for his outspoken contempt for men's acts and motives. It is said he went about at midday with a lighted lantern in search of an honest man.
