SJS Symphony Orchestra Repeats Performance Tonight in Concert Hall

After making its opening concert last night a memorable one, the SJS Symphony Orchestra presents its varied program once again tonight in the Music building Concert Hall. Starting time is 8:15 o'clock and admission is free.

W. Gibson Walters, associate professor of music, will again conduct the orchestra, which will play works of Beethoven, Berlioz, Vieuxtemps, von Weber and a Bach selection spotlighting the seldom-heard harpsichord.

Patrick Meierotto's harpsichord and the flute of Kathryn Sorenson dominate the melodic counterpoint weavings of Bach's "Suite No. 2 in B minor."

"Balade and Polonaise, op. 38" by Vieuxtemps provides a stirring vehicle for Gilda Mazzanti's violin solo, and Helen Pigaroff at the piano will be heard soloing in von Weber's "Konzertstück."

Other selections are Beethoven's "Overture to Coriolanus," and "Roman Carnival Overture," by Berlioz.

A "NOVEL" ARGUMENT provides the basis of the plot in tonight's production of "Accidentally Yours," SJS drama class production, at 8:15 o'clock in the Studio Theater. Here arguing over the manuscript of a novel worth \$5000 are, left to right, Cella Cross, Kenneth Rugg, Wayne Ward and Pat Branch.

Students Represent SJS for Debate With COP Tonight

Two SJS students will represent the college debate team at the tie-breaking Earl Warren debate with College of Pacific tonight in the COP auditorium.

Edith Alcock, sophomore English major, and Hal Holloway, senior international relations major, will debate with two COP representatives on "Should the United States Recognize Red China?"

This year's debate will break a tie between the schools, each team having won once. Judges for the session, whose names have not been announced, will be selected from the Northern California Forensics Association which is made up of 12 colleges in the Bay Area and Northern California.

Holloway and Miss Alcock represented SJS and placed in the semi-finals of the Western Speech Association debate in Tucson over the Thanksgiving weekend.

Chest Drive Committee Seeks Council Approval

Four hundred students will approach fellow students for contributions to the Campus Chest Drive April 25-29, if the plans readied by the drive's committee are approved by the Student Council, according to Dolores Mathias, drive co-chairman.

Goal set for this year's drive is \$2000. Several charities will benefit from the collections, as this is the only student solicitation to be conducted this year, Miss Mathias explained.

The plan, already approved by the College Life Committee, is slated to be presented to the council Wednesday, she said.

According to the plan, the 400 solicitors would be divided into groups of 10 each. Each student would contact 10 persons during the drive. "This would be the first time person-to-person soliciting has been tried at SJS," she explained.

The group working on plans for the drive is composed of representatives from campus organizations and living groups. These representatives, who have been informing their own organizations about committee work, will solicit their own groups.

Committee officers for the drive are: Joan Ulrich and Miss Mathias, co-chairmen; Carol Merrick, secretary; Don Betando, solicitation chairman; Carol Lewby, special events chairman; and Pat Burch, publicity chairman.

Complete Sellout

'He Who Gets Slapped' Ends Successful Run This Week

By CAROL BISBEE

A complete sell-out will greet the remaining performances of "He Who Gets Slapped," SJS Drama Department production, Thursday, Friday and Saturday nights at 8:15 o'clock in the old Little Theater.

No tickets are available for the play which opened Friday night to an enthusiastic standing room crowd.

A clown, billed as "He Who Gets Slapped," is played with feeling and character by Richard Rizzo in his last performance on the collegiate stage before his March graduation. "He", disillusioned with life as he found it in his home and business, has come to the circus in hope of finding laughter

and escape from reality. He falls in love with Consuelo, played by Dzintra Opsis, thinking that they are alike in thoughts and feelings. His disillusionment with her and finally with life lead to the tragic climax of the play in the last moments of the final act.

News Across the Nation

Dulles Previews Report

WASHINGTON, March 7 (UP)—Secretary of State John Foster Dulles previewed for President Eisenhower the report he will make to the nation tonight on his recent Far East trip.

While Dulles did not elaborate, informed sources believe that he came back from Asia more convinced than ever that the United States must stand firm in the face of the Red threats to what he called "the forward positions of freedom," that there must be no further retreats from basic positions in Southeast Asia.

Informants said Dulles' tour failed to end the U.S.-British split over Quemoy and the Matsus. Britain is pressing for transfer of these islands from Nationalist to Communist control.

London dispatches said that British Foreign Secretary Anthony Eden returned from the Far East more concerned with U.S. relations at the moment than with problems in Asia. The two governments are reported at odds over means of dealing with the threat of Red aggression in Asia and on a cease-fire for the Formosa area.

SET OFF ATOMIC BLAST ATOP MT. CHARLESTON, Nev., March 7 (UP)—The most powerful atomic weapon of the 1955 test series was exploded in the Nevada desert today with a roaring flash that shook houses some 370 miles away and lit the skies over a 2000-mile diameter in 10 Western states.

Its light flashed like a short-circuited bulb for 1080 miles into Bellingham, Wash., and nearly that far into Missoula, Mont.

ASKS U.N. ATOMIC CONTROL—NEW YORK, March 7 (UP)—The Federation of American Scientists yesterday urged the United Nations to clamp controls on test explosions of nuclear weapons before they create a radiation assault on humanity. The Federation warned that unlimited testing of atomic and hydrogen weapons throughout the world may result in long-term damage to the human race.

SUPPORT \$1.25 WAGE—WASHINGTON, March 7 (UP)—AFL and CIO leaders said today that President Eisenhower gave them "no promises" but pledged consideration of their request for a federal \$1.25 minimum wage.

The President has recommended a hike from the present 75 cents an hour minimum to 90 cents. The

have a pre-Prom get-together on April 11 to remind SJS students of the traditional Junior class-sponsored dance, the Prom, on April 22.

Refreshments will be served at the all-student gathering and juniors will emphasize that the Prom is open to everyone, not juniors only.

Bruce Carridene was appointed chairman of the class rummage sale which will be held on Thursday, April 14.

Don Abinante, Prom co-chairman, announced that bids to the Prom will be sold during the spring quarter registration and urgently requested class members to assist in operating the bid sales booth. Rosemarie Magnasco's cookie sale followed the meeting.

FRESHMEN

Plans for a paper drive "that should net us all we need for spring activities," stretching across the city, were being formulated as the Freshman class wound up its winter business yesterday.

President Don Ryan predicted success for the project, and announced the sorority with the highest attendance percentage at the Frosh-Soph mixer Thursday was Kappa Alpha Theta.

Key Directory Out Tomorrow

The Blue Key Student Directory is scheduled to return from the sale at 8 a.m. tomorrow, according to Stan Abbott, Blue Key president.

The 100-page directory will be on sale in the Outer Quad and at the Library Arch at 35 cents per copy.

In addition to the names, addresses, home towns and phone numbers of students at SJS, the directory also will include the addresses and phone numbers of faculty members with asterisks denoting the married members.

Sale of the directory at the Library Arch and Outer Quad will continue from 8 a.m. until 5 p.m. Students wishing to purchase copies after that time may do so at the Graduate Manager's Office.

Bird Tabs Nutmeg Most 'Lykeable'

"It's most disconcerting," complained the pigeon, flaying at a flea that just happened to be passing by.

"That, in the issue of Lyke just appearing, you are not the Lykeable Doll."

The nutmeg stared dully at the over-energetic pigeon.

"Of course, you might not be a doll, and you're not very Lykeable, but maybe you could qualify as the 'most lykeable nutmeg.'"

His stomach milling in utmost agony, the pigeon flew away chanting in Middle English:

"Fair today, little change in temperature, rising humidity with a 68-78 high and gentle winds, courtesy of UP."

Editorial

No Orders About Boarders Yet

We dislike discrimination against the minority, but we like housing for the majority better.

No matter how unfair, undemocratic, un-American and un-un discrimination may be when and if it occurs in local student housing, it come pretty near to fitting that song "Just One of Those Things."

The college can hope, advise, request, pray. . . do darn near anything in fact except ORDER householders to admit students without showing discrimination. It just has no legal control over the manner in which these individuals manage their respective businesses.

Not only is there no lawful basis for enforcing non-discrimination policies, there aren't even any skeletons to rattle or diplomatic pawns to maneuver; the college has no dormitories. Every year the student population increases and housing must be found.

Therefore until that great and glorious day in the dim future when SJS has its own lodging facilities governed by college policy, as wide-open Spartan City now is, no rulings on discrimination can be made without fears that adequate housing will continue to be available.

Students will have to continue a policy of catch-as-catch-can in finding roofs to cover their heads and houses will have to be placed on the deans' available lists without too close an inquiry into their degree, if any, of prejudice.

The day for dictating may come . . . but it isn't here yet.

The International Scene

Thrust and Parry

Housing Obligation

Dear Thrust and Parry:

I fail to agree with the administration's view on housing. Any time the school sends a student to a house listed in its file it has an obligation to assure that student that he will be accepted regardless of race or religion if a vacancy exists.

No real-life situation has ever been solved by ignoring it, and it is most unfortunate that our school administration has chosen this path of least resistance.

Percy Rivers, ASB 6195

Ski Club To Hold Election Tonight

The Ski Club will hold an election of officers tonight at 7:30 o'clock in Room 118 of the Engineering building. Only membership card holders will be allowed to vote for next year's officers, according to Margie Cranston, treasurer.

After the election, the club will discuss plans for a Ski Club Championship Race trip for next quarter.

Blue Key Assistance

Dear Thrust and Parry:

Why not ask Alpha Phi Omega to either help with or take over the Student Directory? Being larger than Blue Key, Alpha Phi Omega has more man power to put it out at the beginning of each fall quarter. If asked by either the Blue Key or the Student Council, we are sure Alpha Phi Omega would be glad either to help with or take over the project.

Pick Up Garbage

Dear Thrust and Parry:

I am not a property owner, just a student. I happen to live near the campus. For those who park their cars on side streets near the campus . . . how about showing your appreciation to the property owners by taking your garbage . . . i.e., lunch bags, et al., and putting them in a tin container nearby on the campus, or home with you in your car for your own garbage can?

It doesn't seem very considerate to leave the street in such a mess, now does it?

How about your cooperation?

Tito Calls for Destruction Of All Nuclear Weapons

BELGRADE, March 7 (UP)—President Tito called today for "destruction of all nuclear weapons."

In a major foreign policy report to parliament, Tito said the atomic arms race represents a "danger to the very existence of humanity."

At the same time, he said, the "epochal discoveries" of nuclear science present a tremendous opportunity to help humanity if used for peaceful purposes only.

Therefore, he said, "secrecy must be removed from this achievement and it should be made available to all nations."

"On the other hand," he added, "we believe that it is necessary to destroy all nuclear weapons now available and use their material for producing energy, for the well-being of people, which is technically very easy and quickly possible."

Japan's New Policy

TOKYO, March 7 (UP)—The

'Dolls' on KLOK

Two "Dolls," the Soph Doll, Jeanne Gibbs, and Lykable Doll, Frances Farley, are slated to appear on the Dick Garvin "Coffee Date" show tonight and tomorrow night, respectively. "Coffee Date" is broadcast over station KLOK every weekday evening at 9:15 o'clock.

Initiate Chi Pi Sigs

Nine new members were accepted by Chi Pi Sigma, SJS police fraternity, at a formal initiation recently, according to Roy Ilse, president.

They are: Isao Kondo, John Lee, Edward Gardner, John Kerner, Gerald Fitting, Charles Tracy, Carlos Eckert, Al Brown and Fred Abram.

Statue for Honus

new government of Japan has decided on a "positive, independent foreign policy" geared to close alignment with the west and "co-existence and co-prosperity with all nations, it was reported today.

The policy was outlined in a note handed to John Allison, U.S. Ambassador to Japan, and delivered to Secretary of State John Foster Dulles last week in the Philippines, according to an exclusive dispatch published today in the influential Japanese newspaper Mainichi.

Albania Rejects

LONDON, March 7 (UP)—Communist Albania today rejected "with contempt and aversion" President Eisenhower's offer of free food to relieve winter shortages.

The President's offer, made last week, was described as "foreign interference."

A Tirana, Albania, broadcast monitored here attacked Eisenhower's suggestion that there might be a lack of food in Albania as "hypocritical . . . diabolical . . . huge and devious calumnies."

Reds Blast Islands

TAPEI, Formosa, March 7 (UP)—The Nationalist Ministry of Defense reported from Quemoy that Communist guns on Amoy fired 19 rounds on Tatan and Ertan Islands this morning, but caused no damage. The Tatans make up a group of islands less than two miles south of Amoy. The area has been a target for repeated Red shelling during the past two weeks. Otherwise, the ministry said the coastal front was quiet.

SCIENCE MADE SIMPLE: NO. 3

Once again the makers of Philip Morris, men who are dedicated to the betterment of American youth, have consented to let me use this space, normally intended for levity, to bring you a brief lesson in science.

It is no new thing, this concern that the makers of Philip Morris feel for American youth. Youth was foremost in their minds when they fashioned their cigarette. They were aware that the palate of youth is keen and eager, awake to the subtlest nuances of flavor. And so they made a gentle and element smoke, a suave blending of temperate vintage tobaccos, a summery amalgam of the most tranquil and emollient leaf that their buyers could find in all the world. And then they designed their cigarette in two sizes, king-size and regular, and wrapped them in the convenient Snap-Open pack, and priced them at a figure that youth could afford, and made them available at every tobacco counter in the land.

That's what they did, the makers of Philip Morris, and I for one am glad.

The science that we take up today is called astronomy, from the Greek words *astro* meaning "sore" and *nomos* meaning "back." Sore backs were the occupational disease of the early Greek astronomers, and no wonder! They used to spend every blessed night lying on the damp ground and looking up at the sky, and if there's a better way to get a sore back, I'd like to hear about it. Especially in the moist Mediterranean area, where Greece is generally considered to be.

Lumbago and related disorders kept astronomy from becoming very popular until Galileo, a disbarred flenser of Perth, fashioned a home made telescope in 1624 out of three Social Security cards and an ordinary ice cube. What schoolboy does not know that stirring story—how Galileo stepped up to his telescope, how he looked heavenward, how his face filled with wonder, how he stepped back and whispered the words heard round the world: "L'etat, c'est moi!"

Well sir, you can imagine what happened then! William Jennings Bryan snatched Nell Gwynne from the shadow of the guillotine at Oslo; Chancellor Bismarck brought in four gushers in a single afternoon; Hal Newhouser was signed by the Hanseatic League; Crete was declared off limits to Wellington's entire army; and William Faulkner won the Davis Cup for his immortal *Penrod and Sam*.

But after a while things calmed down, and astronomers began the staggering task of naming all the heavenly bodies. First man to name a star was Sigafos of Mt. Wilson, and the name he chose was Betelgeuse, after his wife Betelgeuse Sigafos, prom queen at Michigan State College from 1919 to 1931.

Not to be outdone, Formig of Yerkes Observatory named a whole constellation after *his* wife, Big Dipper Formig, the famed dirt track racer. This started the custom of astronomers naming constellations after their wives—Capricorn, Cygni, Orion, Ursa Major, Canis Major, and so forth. (The Major girls, Ursa and Canis, both married astronomers, though Canis subsequently ran off with a drydock broker named Thwaite Daphnis.)

After naming all the heavenly bodies, the astronomers had a good long rest. Then, refreshed and brown as berries, they undertook the gigantic project of charting the heavens. Space is so vast that it is measured in units called "light-years." These are different from ordinary years in that they weigh a good deal less. This, of course, is only relative, since space is curved. As Einstein laughingly said, "E=mc²."

Well, I guess that covers astronomy pretty thoroughly. But before we leave this fascinating topic, let us answer one final question: Is there life on other planets?

The answer is a flat, unequivocal no. Recent spectroscopic studies have proved beyond a doubt that the atmosphere of the other planets is far too harsh to permit the culture of the delicate vintage tobaccos that go into Philip Morris Cigarettes . . . And who can live without Philip Morris?

©Max Shulman, 1955

This heavenly column—like the author's more earthy ones—is brought to you by the makers of PHILIP MORRIS cigarettes—who feel you'll find real enjoyment in their product.

Department Holds Drama Auditions

Tryouts for "Once in a Lifetime," the first major SJS Drama Department production of spring quarter, will be held Thursday and

Friday at 4:30 p.m. in the old Little Theater.

Any student, whether a drama major or not, is eligible to try out for one of the 44 student parts open.

The play is a satirical take-off on Hollywood and is over-run with movie columnists, directors, glamour girls and actors.

The story concerns a team of broke New York hoofers who see Al Jolson in "The Jazz Singer," the first talkie movie. They decide that the best way to "reimburse" themselves is to go to Hollywood and teach the big name actors how to talk.

The play, written by George Kauffman and Moss Hart, will be given April 29 and 30, and May 4, 5, 6 and 7 at 8:15 p.m. in the old Little Theater.

Rally Confab Draws Many

More than 300 students from 19 high schools and four colleges gathered in Morris Dailey auditorium Saturday for the second annual SJS Rally Committee Convention.

Bob Lindsey, student chairman for the meeting, termed the affair "a great success," while praising student interest and participation in the various workshops and discussion groups.

An assembly was held from 1:30 to 3:30 p.m. in which students gave skits, school songs and yells.

P.E. Meal Tickets

Tickets for the Women's Physical Education and Recreation major club dinner are now on sale in the patio of the Women's gym for 50 cents, according to Donna Bridges, president.

The dinner, which will follow a swimming meet, will be held Thursday evening at 6 o'clock.

K.P. Society Will Sponsor Dinner Tonight

Delta Phi Upsilon, national honorary society for kindergarten-primary majors, will sponsor its annual Kindergarten-Primary dinner tonight at 6:30 o'clock in the Women's gym.

Speaker for the evening will be Miss Quail Hawkins, author of children's books and now assistant sales manager of the University of California Press.

Her topic will concern children's wishes in books. Mrs. Hawkins formerly was head of the children's book department of the Zethor Gate Book Co.

A group of high school senior girls will be welcomed by Dr. William G. Sweeney, professor of education. He will discuss kindergarten-primary education with them.

Also on the agenda for the evening will be the presentation of the annual Delta Phi Upsilon Award to the outstanding senior student majoring in early childhood education.

Ticket chairman for the dinner is Rose Mary Gunn. In charge of food is Barbara Lund. Other chairmen are Barbara Murphy, decorations; Joanne Abercrombie and Joy Acherburg, program, and Donna Dillon, publicity.

Recently pledged to the society were Carol Nelson, Mary Van Winkle, Rita Jorgenson, Holly Lease, Arvina Klint and Joanne Tognetti.

The next meeting of the society will be held Thursday night at 6:45 o'clock in Room 161.

Home Ec Faculty Fetes Grad Today

Pat Collier, SJS graduate and home economist for Dole Pineapple Company, will have lunch in the faculty tea room today as a guest of the Home Economics Department, according to Miss Anna L. Loze, assistant professor of home economics and publicity chairman for the department.

While at SJS, Miss Collier was president of Delta Nu Theta, home economics honor society, and received the Pillsbury award for outstanding senior in the department.

Upon graduation, she was employed as a home economist with the Testing Kitchens of the Sperry Flour Co. in San Francisco and took part in television films.

SPARTAN DAILY 3

Copenhagen, Aarhus Colleges Offering Advanced Grad Study

Why not go abroad for a year's advance graduate study at the University of Copenhagen and the University of Aarhus? Both institutions have extended invitations to American students to attend classes in Denmark, according to information received by Dr. Edward Clements, chairman of the College Service Funds Committee.

American Veterans may attend either university under the Korean G.I. Bill. Other students are eligible for foreign study in Denmark under Fulbright grants.

According to the university's brochure, only the students' research work under his adviser gets full credit. A working knowledge

of the Danish language is taught in a first semester course.

Background lectures in Danish politics, economics and social welfare, geography and education are offered with the opportunity for the student to do independent research in these areas of study.

Teacher Positions

Representatives from Monterey will be on campus this afternoon to interview teaching candidates for teaching positions there, according to Mrs. Doris K. Edgar, director of teacher placement.

Advance appointments are required and may be made in the Placement Office, Room 100.

Three Grapplers Capture Honors

A three-man varsity team tallied 24 points and a two-man freshman wrestling entry scored 17 counters to place second and third behind the San Francisco Olympic Club over the weekend in the Far Western AAU Wrestling Tournament at the Oakland YMCA.

The varsity and freshman entries together totaled 41 points, four more than the winning team, but a ruling prevented them from competing as a unit.

Ken Spagnola, 167-pound freshman, walked off with the tournament honors, winning the outstanding wrestler award and the Douglas Park Memorial Award for the most pins.

Spagnola and Dick Francis, SJS captain, who won the 177-pound title, each pinned four opponents. Spagnola won the award for accomplishing the feat quicker. He pinned four men in 7-23.

Also copping a first place for the Spartans was Jerry Ledin, 191. Second place winners were Russ Camilleri, freshman 191-pounder, behind Ledin and Heavyweight Wayne Womer behind Don Manoukian of Stanford.

Spagnola pinned Jay Holt of the San Francisco Rowing Club, the 1954 National AAU champ-

ion and the United States' entry in the world championships at Japan last year.

Francis pinned Jim Connor of the Olympic Club, last year's national Graeco-Roman champion.

Trailing the Olympic Club and the two SJS teams were San Francisco State, 15; UCLA, nine; Multanomah Athletic Club of Portland, nine, SF Rowing Club, eight; Los Angeles YMCA, seven; Alameda Naval Air Station, six; Oakland YMCA, five; California, four; Berkeley YMCA, four; SF YMCA, three; and Reno YMCA, one.

Four other teams did not score.

Spartan Stars In Kezar Win

Carroll Williams and Bud Hjelm scored 16 and 13 points, respectively, to pace the Lowe Realty five to an easy 78-47 victory over the Salesian Boys Club Sunday in the PAA basketball tournament on the Kezar Pavilion.

Spartan teammates of Williams and Hjelm, Tor Hansen and Bob Bondanza also played on the winning team. Hansen scored eight and Bondanza seven.

WAA Doings

By JANINE LaFEHR

The BCCs squeaked by the Net Nuts, 25-24, in the recent WAA basketball finals. The winner of the tournament won't be known, however, until tomorrow night, when the two teams will get together again to determine the final championship.

The WAA Banquet, which was held recently at Mariani's, was termed a success by Dodie Graber, publicity chairman. A good time was had by the 115 who attended. Guest speaker for the affair was Dean Fred Harclerod. The yearly awards were presented and the recently elected officers were installed.

Mather Fielders Drop From Meet

Mather Field has pulled out of Saturday's triangular track meet with the Spartans and Santa Clara Youth Center because of "unforeseen difficulties," Coach Bud Winter was informed yesterday.

The Spartans still will meet the loaded Youth Center thin-clads Saturday afternoon. The field events will get underway at 1:30 p.m., while the track events will start at 2 p.m.

Intramural 5's Seek Crown In Playoff Tilts

The top two teams in the four intramural basketball leagues will play off for the championship Wednesday, Thursday and Friday nights, according to Wade Wilson, student intramural director.

Regular schedule play will be concluded today with eleven games scheduled.

Kappa Tau and Delta Upsilon will meet at 4:30 p.m. on the north court in a battle for a playoff berth.

The schedule:
North Court—3:30 p.m.—Dip Stix vs Black Angels; 4:30 p.m.—Delta Upsilon vs. Alpha Tau Omega; 5:30 p.m.—Veterans' Team vs. KKK; 6:30 p.m.—Lambda Chi Alpha vs. Delta Sigma Phi; 7:30 p.m.—12th Streeters vs. Phi Mu Alpha; 8:30 p.m.—Moccasin's vs. Seats.

South Court—3:30 p.m.—Phi Epsilon Kappa vs. Outcasts; 5:30 p.m.—Twin Pines AC vs. Tau Deltas; 6:30 p.m.—ROTC vs. Celler Dwellers; 7:30 p.m.—Fernando Blues vs. Alpha Phi Omega; 8:30 p.m.—Foul Balls vs. Old Men.

WAA Orchestra: Meet today at 3:30 p.m. in Women's gym.

March graduates may pick up tickets in Graduate Manager's Office to Senior Banquet Thursday at Mariani's restaurant. Admission is free to graduates.

SJS Strengthens Bid for State Title

By JERRY GANDY

San Jose State's prospects for the state judo championship have increased tremendously since the Spartans scored an upset victory over the San Francisco Judo Club, defending tournament winner, and went on to win the Northern California title at Stockton Sunday.

The Spartans will be the host team for the state championship April 9. They return to action March 27 at the Berkeley YMCA in the Jr. AAU tournament.

Conditioning and team spirit paid off for the Spartans' five-man squad at Stockton Sunday. The Spartans copped the team trophy and individual medals for their performance.

The SJS judoists drew a bye in the first round of team action before meeting the SF Judo Club. The Spartans got past the defending champs as Ro Wauer threw Fred Morimoto, second degree black, and Win Dahl defeated Herman Kauz, third degree black.

In the third round, the Spartans edged the Stockton Buddhists 1-0 as Dahl downed Ed King, second degree black.

State encountered the San Jose Buddhists in the finals and scored a 2-0 count to win the tournament. Jack Crawford threw George Nakoa, first degree brown, while Wauer iced the championship by throwing Roy Kimura, first degree black.

Capt. Bob McCorkle and John Sepulveda were teamed with Dahl, Wauer, and Crawford on the SJS title-winning squad.

Novice Judoists Vie for Award

Coach Yosh Uchida and members of his varsity judo team will announce the outstanding judoist of Friday's All-College Novice Judo Tournament next month at the annual team dinner.

The champions of the three weight divisions of the Chi Pi Sigma-sponsored tournament were Bob Fukunaga, 150, Steve Chesley, 180, and Eli Gardner, heavyweight.

Runnerups in the whitebelt tournament were Frank Moore, heavyweight, Walt Yates, 180, and Ron Flora, 150.

Tennis Squad Seeks 1st Win

The Spartan tennis team will be looking for its first win Friday on the Backesto Park courts against Sacramento State after losing to the University of California 9-0 Friday at Berkeley.

Singles results at Berkeley included: Cliff Mayne over Jack Darrah, 6-3, 6-2; Bill Demas over Marty Halfhill, 6-2, 6-1; Stan Hack over Brick Fena, 6-0, 6-0; Buzzy Summers over Bob Bell, 6-0, 6-0; Don Pimley over Harry Bruhn, 6-3, 6-2; Larry Axtel over Corny Reese, 6-0, 6-0.

Doubles results included: Mayne and Hack over Darrah and Halfhill, 6-1, 6-4; Axtel and Frank Golder over Fena and Bell, 6-3, 6-1; and Demas and Byron over Bruhn and Reese, 6-0, 6-2.

MECHANICAL DESIGN ENGINEERS:

Positions are available for qualified persons at the Radiation Laboratory in Berkeley and in Livermore.

The work calls for an understanding of principles and individual ingenuity rather than the application of standard practices.

The projects of the laboratory include practically all aspects of nuclear engineering.

Organization is on a project basis with close contact between engineers, scientists, and extensive laboratory shops.

Inquiries should be addressed to **Professional Personnel Office University of California Radiation Laboratory Berkeley 4, California**

The best ball for your game has the exclusive **DURA-THIN COVER**

Here's amazing new durability in a high-compression ball. The DURA-THIN* cover provides this great new Spalding DOT* with real scuff resistance... keeps the DOT uniform and true, even on rugged high-iron shots. The new DOT has a greater compactness for truer, more uniform flight. It's actually an economical ball for you to play.

And, with all this new durability, new DOTs still offer the long, long carry every hard-hitter wants.

At school, or on your home course, make your next round a better one with this greatest of all golf balls, Spalding DURA-THIN DOTs.

SPALDING sets the pace in sports
