

27 Carts Enter Relay Competition Today

500 SJS Musicians In Concert

Students and townspeople will have an opportunity to hear four musical organizations of SJS on the same program when the college Music Department presents a performance tonight at 8:15 o'clock in the Civic Auditorium.

The concert, open to the public without charge, is to be given by the Symphonic Band, Symphony Orchestra, A Cappella Choir and Choral Ensemble.

More than 500 students will participate in the undertaking, which it is hoped will become an annual feature of the department's concert series.

William J. Erlendson, acting head of the music department and director of the A Cappella Choir, will open the performance by leading combined groups in the National Anthem. The Symphonic Band, under the direction of Dr. Robert Feister, will present "United States Army March" by Darch, Overture to "Die Fledermaus" by Johann Strauss, "Italian Polka" by Rachmaninoff and "Manitou Heights" Concert March by Christiansen.

Under the leadership of its director and founder, the A Cappella Choir will sing four love songs by Brahms, "God's Son Hath Set Me Free," by Grieg, "A Clear Midnight" by Willan, "Beautiful Savior" by Christiansen and "O Vos Amnes" from "Lamentations of Jeremiah" by Ginastera. Pianists Eva Cazzaniga and Barbara Norton will accompany the choir in the presentation of the Brahms' songs.

"An American in Paris" by George Gershwin will be played by the Symphonic Orchestra, under the direction of W. Gibson Walters, associate professor of music.

Horatio Parker's "Hora Novissima," combining the orchestra and Choral Ensemble, will conclude the performance. Director will be Dr. Karl D. Ernst, chairman of Fine Arts.

Ito Withholds 'Ugly' Returns

"Individual totals in the Ugly Man contest will not be given today, because of troubles in the past years," said Shunji Ito, past chairman of the Rally Committee.

In the past, sponsoring groups have waited until the last minute to find out the totals of the various Ugly Men, and then put in enough money to push their candidate ahead, said Ito.

Ahead in the contest as of yesterday afternoon is Tom Bass, sponsored by Kappa Gamma and Delta Sigma Phi. Second is Jack Holland, sponsored by Alpha Phi and Alpha Tau Omega, and third is Rich Brinton, Gamma Phi Beta and Delta Upsilon.

The following candidates are listed with their sponsoring organizations in the order in which they stand, Ray Glancy, Delta Zeta; Bob Weiss, Chi Omega; Bob Zangl, Alpha Phi Omega; Jim Curnutt, Catholic Women's Center; Tom Barton, Delta Gamma and Theta Chi.

Paul Ward, Kappa Alpha Theta and Sigma Alpha Epsilon; Hank Ramp, Alpha Omicron Pi; Norm Ponti, Phi Sigma Kappa; Al Severino, the Whitefeet; Lee Smart, Sigma Chi; and Very Perry, Alpha Chi Omega.

Poor Sand Flea

"Whew!, is it ever hot." "This is just no life for a sand flea, not even a cool grain of sand to crawl under, oh me oh my."

"This warmishness is to continue over the weekend, the perspiring wire machine clicked.

"Temperatures will be in the high 80's with westerly winds from 10 to 15 MPH in the afternoons.

A GENTLE HINT of what happens to "litter-bugs what get caught" is shown here as Johnny Arreola, senior Student Court justice, gets his come-uppance for littering private property around campus from Jerry McCarthy, right, and Joe Vailenari, left. These tactics may be abandoned in favor of citations from Student Court unless the trash problem is solved.

Open House Draws Crowd

Thousands of visitors poured through the doors of the Natural Science Building yesterday to watch and inspect the Science Division in action during Science Open House.

Visitors reviewed classes and labs at work. Many spectacular and dramatic demonstrations by faculty members of the Natural Science Division held the attention of the guests.

Dr. Andrew Guthrie delivered the keynote address at 8:30 p.m. on "Radiochemistry" before an appreciative audience.

President Wahlquist Will Open Annual Panhellenic Workshop

Nine special topics will be under discussion at this year's meeting of the Panhellenic Workshop tomorrow from 8:30 a.m. to 2:30 p.m. in Morris Dailey Auditorium.

Following the general session, at which Dr. John T. Wahlquist will give the opening address, discussion groups will be formed to discuss such topics as the quota system, junior Panhellenic, treasurer's work, open bidding, rush party schedule, president's meetings, campus activities, sorority and campus relations, and the advantages of sorority life.

Approximately 800 girls, both actives and alumnae, are expected to attend this year's "workshop" which will consider many phases of sorority life. Highlighting the group subjects will be discussion of a proposed junior Panhellenic for pledges to promote a better idea of sorority life.

Other speakers will be Dean Helen Dimmick, Mrs. Simonson, national officer of Gamma Phi Beta, and Mrs. William R. Greig.

Third Typhoid Shot Scheduled Today

The third typhoid-paratyphoid inoculation in the current series will be given by the Health Office today from 9 to 11:30 a.m. and from 2 to 4:30 p.m., according

Judy Raubenheimer Will Award Grand Trophy

Thirteen trophies will be awarded this afternoon to winners of the seventh annual Pushcart Relays.

The contest is scheduled to follow the 2:45 p.m. parade of sports cars and convertibles. The cars will carry the Crescent Girl, her attendants and judging officials. Twenty-seven pushcarts will compete for top honors.

The event will begin with seven qualifying heats, according to Jerry Gandy, Relays chairman. Two semi-main contests between win-

ners of the initial races will follow. Division A (fraternity entries) and Division B (sorority entries) main events will be held next. Then will come the Grand Championship race between the winners of the main events.

Judges for the Pushcart Relays will be Deans Helen Dimmick, Robert S. Martin, Stanley C. Benz and the San Jose Police Chief, R. J. Blackmore. Dr. John T. Wahlquist and Mayor George A. Starbird will serve as honorary judges.

Crescent Girl Judy Raubenheimer, will award the Grand Championship perpetual trophy.

Miss Raubenheimer, her attendants, the judges and Lambda Chi Alpha fraternity executives will attend a luncheon at the Lambda Chi house at 1:30 p.m., Gandy said.

Present trophy holders from wins at last year's Relays are: Delta Gamma, Grand Championship and Division B winner; Sigma Alpha Epsilon, Division A winner; and Alpha Omicron Pi, Most Original Pushcart trophy holder.

The Relays' starting line is on 9th street near San Fernando. Carts will race down to San Antonio, turn right and continue west on San Antonio, around the corner to 8th street and over the finish line. Pushers must release the carts before they cross the line. Lambda Chi Alpha members will halt the pushcarts before they hit the line of hay-bales stacked across the street near San Carlos street. A bean feed behind the Women's Gym will follow the Pushcart Relays.

Seniors Notice

Announcements of graduation now are being sold in the Spartan Shop, it was announced today.

The announcements cost 14 cents each, and there is no limit on the number that can be purchased. They will be sold on a first come first served basis until the supply is exhausted.

Senior class rings also may be purchased now.

APhiO 'Feed' After Relays

Each 50 cent ticket to the annual Alpha Phi Omega sponsored Bean Feed today, will count 50 votes toward your choice of Ugly Man, said Mike Chiechi, chairman for APhiO.

The Bean Feed will be held at the barbecue pits in front of the Women's Gym at 4:30 p.m., immediately following the Pushcart Relays. "Plates will be filled and ready to go so as to eliminate any waiting in line," said Chiechi.

ASB Positions Now Available

Seven positions in student government are open for application by any student, in the ASB office of the Student Union. Applications close Wednesday at 2:30 p.m.

Vacant are two male and female representatives to the Revenues Board, two openings on the Awards Committee and chairman of the movie rate card sales.

The awards committee positions are open only until the end of this school year.

Advance Warning Given on Lectures

The last public safety series of the quarter will be held June 1, 3 and 6. Time is 3:30 p.m. in Morris Dailey Auditorium.

Students who have signed up for these lectures are required to attend to fulfill their GE requirements for graduation. The public also is invited.

"Home Safety" will be the first topic June 1. David Kaze, director of the Santa Clara County chapter of the National Safety Council will present the talk.

Robert Johnson, of the SJS Industrial Arts Department, will speak on "Accident Prevention" on June 3, while "Fire Suppression Methods and Use of Fire Extinguishers" will be discussed by Chief A. R. Lunsford, training officer and Director of Civil Defense in San Jose. The site of this demonstration will be on San Carlos street between 7th and 8th streets, south of the Music Building. Roll will be taken on the grounds.

Persons signed up for this series who have forgotten their seat numbers, may check in Room 120. Dr. Richard Purdy, curriculum evaluator, said.

Event To Feature 'Kissing' Machine

Want to know how passionate your kiss is? Or the inside dope on why the Pisa Tower leans? Or what makes quicksand quick?

Answers to these and many more scientific mysteries will be found at the Engineering Open House Tuesday, as the Electronics Department unveils its top secret "Operation Kiss-O-Meter" and the Soils Lab reveals the true story behind the famous tower.

Open from 2-5 and 7-10 p.m., the Open House will feature displays of all the lab classes, and a movie and scale model of an oil field presented by a representative of the Richfield Oil Co.

Among the equipment displays are included an ice making machine, a radar scope, wind tunnel and metal finishing tools.

Council Gives Recognition Committee Problem of Faculty Privilege Cards

The year-old problem of awarding faculty privilege cards to outstanding advisers to Student organizations was passed by the Student Council to the Recognition Day Committee at Wednesday's council meeting.

Shunji Ito, in his Rally Committee report, suggested that the council reward two faculty privilege cards gratis to advisers who give much "out of the line of duty" to their organizations.

The council, while in favor of his suggestion, did not feel they could set themselves up as a judging board, and also could not decide which advisers would be in line for consideration for the honor.

The Recognition Day Committee will study the problem and make a recommendation Wednesday to be used in this year's Recognition Day.

June 8 was announced as the date of the Recognition Day when

outstanding students and faculty on campus will be honored.

Jack Tyler was approved as chairman of the Social Affairs Committee and also was granted a request for \$125 to pay deposits on the San Jose Civic Auditorium for four dances next year and some fees for activities night.

The council also approved Judy Raubenheimer as chairman of Awards Committee and Jack Holland, associate professor of business, as a member of the Board of Control.

SJS Growth Will Continue

"San Jose State College will have 12,000 students by 1963," declared President John T. Wahlquist at Wednesday night's meeting of the Graduate Students Assn. in the Student Union.

Discussing "The Improvement of College Teaching," Dr. Wahlquist showed slides on the growth of population and the need for new schools and teachers in the next 15 years. He also showed slides of the state college system and what it would be in 15 years.

Dr. Wahlquist predicted that SJS and San Diego State would be the largest of the colleges in a few years and cited the growing need for faculty at the college.

At a business meeting of the association plans were discussed for a trip to Lick Observatory May 28 from 7 to 10 p.m. The trip will feature a pot-luck supper.

Thrust and Parry

(Ed. Note) All letters to this column must have the signature of the author (s) in ink or pencil as well as the Associated Student Body card number (s).

Read the 'Daily,' Daily

Dear Thrust and Parry:

We, the readers of the Spartan Daily for the past two years, have seen a lot of raw deals you have given some of the Greek organizations on campus in your quaint little scratch sheet, but our ire finally has been stirred up to the point of sitting down and writing a piece of journalism which equals anything you have ever written.

To add to the long and numerous list of misrepresentations and poor coverage of fraternities, the short three-inch article on the Spring Sing in your daily bulletin, proves our point.

We hope that the ASB funds which contributed to the printing of that three inch article were not wasted. We feel since the auditorium was overflowing with people to see 10 competing fraternities, which represented some 500 members, we merited more coverage than you so sparingly gave to us. You seem to be able to find room enough for the few mistakes that some of the fraternities have got themselves into. But when the houses do something good it seems to merit only a few lines of print at the bottom of the page.

In other words, we feel that your idea of complete coverage on fraternity business stinks, smells and belongs in the want-ad section of the Milpitas Daily.

Greeks forever,
Joe Muren, ASB 2385
Gail Helvie, ASB 7577

Spring Sing Judging

Dear Thrust and Parry:

We would like to know exactly what factors the judges use in judging a Spring Sing.

Can you find a more critical audience than an auditorium full of college students—many who are vying for the same honor, and still more who favor one house or another?

The past two years this critical audience has without doubt shown whom they felt should win by applause and comments. The judges, however, felt differently. Consequently we would like to know what they judge on.

This is not meant to take anything away from the victors, they were very good. It is just an attempt to find out why the judges and audience have differed so obviously the last two years.

Stick Up for Rights

To The Editor,

Spartan Daily:

It occurs to me the time has come again to raise the issue of

housing in the San Jose area for state students who are members of minority groups, and the rebuff these men and women are suffering at the hands of property owners who claim a prerogative in refusing housing to whomever they wish, as a cherished right of private ownership. However, these same property owners tend to disregard a right also possessed by the prospective rentee, the right to adequate housing.

It seems futile to call attention repeatedly to the basic rights guaranteed to all members of our society under our Constitution, but it should not be too much to ask that property owners consider the human problem involved. It is my understanding that the business houses operating in the San Jose area benefit from the presence of SJS students to the tune of several millions annually. Those property owners who advertise room or apartments in the Spartan Daily, or list their facilities with the housing office are no less business enterprises than the grocer, druggist, etc. Business is business, isn't it? Or is it?

I have been at State since 1952. Since that time I have contacted numerous property owners and real estate agents specifically catering to the State student, and have found that without exception the color line has been drawn. As a result, those of us who are members of a minority cannot be selective as to where we finally settle—and frankly, our living conditions are appalling. I am convinced that the problem should not rest with the college administration alone, but that the student body must assume its share of responsibility.

The question is: how do we sound the call loud enough to be heard, and what is the student body willing to do to support and defend its members?

Dave Fanner,
ASB 5904

Flying 20 To Enter Air Meet

The Flying 20 Club will participate in an air meet at Half Moon Bay airport this Sunday.

The meet is scheduled for 10 a.m. and will be attended by thousands from all over the state, according to Stan Finberg, Flying 20 publicity chairman. The event is sponsored by the College of San Mateo Flying Club, Finberg said.

Registration for the meet is scheduled to begin Saturday afternoon and will be followed by a banquet and dance. Entertainment Saturday evening will include Doris Day, Art Carney and others according to Finberg.

Flying 20 Club members that are attending are Floyd Ross, Art Reed, Reynolds Salvador, Pete Storms, Mark Emmanuel, Lloyd

Mathews, Bob Soleman, Bill Reese, Bob De Lorenzo, Bob Dench, Vic Barbieri, Hank Kennedy and George Buzzini.

Scholastic Group To Honor Twenty

Twenty pledges will be formally initiated into Tau Delta Phi, honorary scholastic fraternity, in ceremonies to be held in the Tower Sunday afternoon, Bill Kurtz, master of records, announced yesterday.

Pledges to be initiated are: Daniel B. Adams, Roland M. Atkinson, Alva J. Bennett, William E. Blom, William J. Christensen, Allan J. Davies, Ronald G. Duffin, Everett G. Gellerman, Joseph S. Gensiracusa, Peter M. Janero, Phillip S. Kates.

Donald P. Leach, Henry Low, Charles E. Mairard, Adair B. McCarthy, Waldron H. Parker, Robert E. Pex, John E. Rafferty, John D. Rylander, Leland A. Silva, Edward H. Stillman, Donald L. Trask, John R. Viegas and Carl E. Williams.

Psi Chi Will Dine, Initiate and Listen

Psi Chi, national honorary fraternity for psychology students, will hold its spring quarter initiation of new members at 7:30 o'clock tonight at Marian's Restaurant on the El Camino Real in Santa Clara.

Mrs. Agnes Elmer, superintendent of nursing services at Agnew State Hospital, will speak to the group on "How the Graduate Psychology Student Can Intern at Agnew."

Bob Hoeker, president of the group, said that the organization will honor Dr. Richard Kilby, who has been serving as faculty adviser.

Members and initiates are invited to bring guests to the event. Neil McCallum, vice president of the organization, announced.

Barbara Anderson New IRC Prexy

Barbara Anderson, junior social science major, was elected president of the International Relations Club at this week's meeting. The election was held following a spirited discussion of constitutional issues.

Also obtaining office were: Bob Lindsey, vice president; Rosemarie Pedone, secretary and Barbara Grasso, treasurer.

Miss Anderson announced a program of increased communication between colleges and emphasized an intensive lecture program in the study of international relations. She also expressed a desire for wider participation by students in the IRC activities and invited all students to look in on the club in the fall.

Picnic at Seacliff Planned by Vets

The beach, the sun and lots of fun are on the agenda of the second annual Veterans Club picnic to be held tomorrow afternoon at Seacliff, according to Don Campbell, program chairman for the club.

Tickets are on sale for fifty cents at a booth in the Outer Quad, or from any member of the club, Campbell explained. Persons with transportation problems can check with club members. Members will try and arrange rides for all.

Safety Check of 400 Reveal One-Tenth Safe

More than 400 automobiles had been checked by 3 p.m. yesterday in the two-day voluntary safety

check operated by industrial arts students and professional mechanics as part of a national safety program.

All types and ages of cars were sent through the test, which required approximately two minutes to complete.

Only one-tenth of the cars checked were judged in perfect condition, according to Robert Johnson, industrial arts instructor and director of the check.

Brakes, lights, muffler, steering and engine were the main points checked.

Purpose of the test was to make motorists more safety conscious. Pamphlets were given the drivers as they left explaining safety hints and rules of good driving.

Newman Club Fun Is Western Style

Everyone's invited to the hayride and barn dance scheduled for Newman Hall tomorrow, according to Bobbie Snaith, publicity chairman. The evening of fun will begin with the hayride, with two trucks leaving from in front of Newman Hall at 7:30 p.m.

Western attire will be the dress for the dance at 9 p.m.

Admission for the two events will be 50 cents per couple, or 35 cents stag.

On Campus with Max Shulman

(Author of "Barefoot Boy With Cheek," etc.)

SUMMER IS ICUMEN IN

*Sumer is icumen in;
Lhude sing cuccu!*

Thus, as every schoolboy knows, begins T. S. Eliot's immortal *Hiawatha*. And no wonder "The Boy Orator of the Platte" (as T. S. Eliot is commonly called) was moved to pen such light-hearted lines! For summer (or the "vernal equinox" as it is frequently referred to) is the happiest season of the year, mild and balmy and contented-making.

Which brings us, of course, to Philip Morris Cigarettes. They, too, are mild and balmy and contented-making. But that is not all. They are also genial, placid, and amiable. But that is still not all. They are, moreover, smooth, pacific, and lenient. But hold! There is more. They are, in addition, tranquillizing, clement, and dulcet.

Indeed the list could go on and on, until every adjective is exhausted that would describe the mildness of Philip Morris, the subtlety of their blending, the delicacy of their flavor. What more perfect companion could be found to a summer's day? What more apt complement to a summer's night?

If you have been pleased with Philip Morris through the winter and spring—as who has not who has a taste bud left in his head?—you will find your pleasure compounded, your enjoyment trebled, when you smoke Philip Morris in the warm and joyous months before you.

My own plans for the summer (except that I will smoke Philip Morris through all my waking hours) are still vague. I have been invited to attend a writers conference, but I don't think I'll accept. I've been attending writers conferences for years, and I always have a perfectly rotten time. The trouble is that Alexandre Dumas and Harriet Beecher Stowe are always there. Not that I have anything against these two swell kids; it's just that it breaks my heart to see them. They're so in love—so terribly devoted and so hopelessly! Dumas will never divorce Jane Eyre while she is with Peary at the North Pole, and Miss Stowe has long since despaired of getting her release from the Pittsburgh Pirates. So hand in hand, brave and forlorn, they go from writers conference to writers conference while Dumas works on his monumental *Stover at Yale*.

No, thank you, I'll do without writers conferences this summer. I think instead I'll try to improve my fishing. As Izaak Walton once said, "No man is born an artist or an angler." I often turn to the works of Walton (or "The Fordham Flash" as he is familiarly called) when I am searching for a choice aphorism. In fact, I told him so when we met some years ago at a writers conference. Walton was accompanied, as always, by Henrik Ibsen (or "The Pearl of the Pacific" as he is known as). They—Ibsen ("The Pearl of the Pacific") and Walton ("The Fordham Flash")—were collaborating on *Mister Roberts* at the time, but they fell to quarreling and abandoned the project and the world, as a consequence, was deprived of a truly robust and entertaining comedy.

It is not uncommon, I must say, for writers to fall into dispute. They are, after all, a sensitive and high-strung lot. I'll never forget what William Makepeace Thackeray (or "The Body" as he was universally called) once said to me. "You show me a good writer," said Thackeray, "and I'll steal his wife."

Well, as I was saying, I think I'll give writers conferences a miss this summer, and I recommend that you do the same. Why don't you just take it easy? Swim and fish and sail and smoke and read and sleep and tan your lithe young limbs. I want the best for you because—if I may get a little misty in this, my final column of the year—I think you should know that it's been real kicks for me, delivering this nonsense to you each week.

And in conclusion let me state what Jane Austen (or "Old 54-40 or Fight" as she is called the world over) once said to me. "Nothing is so precious as friendship," she said, "and the richest man in the world is the one with the most money."

©Max Shulman, 1955

Our "On Campus" campaign has departed in many respects from conventional advertising methods. We'd like to have your opinions on this type campaign—and on the product, too, if you see fit—as a means of guiding us in planning our future college advertising efforts. How about dropping us a note? Thanks—Bill Watts, Duke '50, Mgr. Philip Morris College Dept., 100 Park Avenue, New York, N. Y.

Solons Condemn Civil Defenses as Inadequate

WASHINGTON — A Senate Armed Services Subcommittee said U.S. civil defenses are so poor that millions of lives would be "unnecessarily lost" if Russia delivered an H-Bomb attack. It said President Eisenhower should take "personal responsibility for developing 'an adequate civil defense program.'"

ITALY REJECTS NEUTRALITY

ROME — Premier Mario Scelba rejected Wednesday night a neutral role for Italy and said the nation would stake its future on the North Atlantic Alliance and the Western European Union.

Scelba said Italy "does not have to buy liberty" as Austria did but "Italy chose freely and according to its traditions."

NEW VACCINE UNDER WAY

LOS ANGELES — A new live virus polio vaccine now under development promises to give lifelong immunity from the disease to the nation's children, a University of California scientist said yesterday.

Dr. Karl F. Meyer, a virologist, said the live virus vaccine would be used as a follow up to Salk Vaccine inoculations.

MILITARY BILL RESTS

WASHINGTON — The House abandoned for the time being work on President Eisenhower's compulsory military reserve bill. It did so after reaffirming a stand against compulsory racial segregation in the National Guard.

SOCIALIZED MEDICINE BLOC

SAN FRANCISCO — Depressions have brought on socialized medicine in 10 European countries but America's hospital insurance plans can block such a result in this country, a California Hospital executive believes.

Atomic War Endangers Evolutionary Future

LOS ANGELES — A prominent geneticist says radiation fallout from nuclear tests will cause a slight amount of hereditary damage but that an atomic war would "risk the evolutionary future of mankind."

Dr. G. W. Beadle said the danger

of ill effects from radiation was "comparable to the danger of acquiring lung cancer from smoking cigarettes."

But Beadle, who is biology chairman at California Institute of Technology, said that small increases in radiation definitely affect heredity, although they do not harm living persons.

"This exposure continued for a generation would raise the level of added hereditary changes in children born in the United States each year by an absolute number of something like 8000," Beadle said.

Old Paper Tells George's Burial

BRAINTREE, Mass. (UP) — A time-yellowed copy of a 155-year-old newspaper containing a detailed account of George Washington's funeral has been discovered here.

Charles K. Remick, a retired railroad conductor, found the paper along with a diary belonging to his great grandfather. The paper, printed in Kingston, Ulster County, N. Y., was a tabloid size four-page edition date Jan. 4, 1800.

The final paragraph of the long funeral story read:

"The unclouded brightness of his glory will illuminate the future ages."

Engineers Have Chance To Earn Half Million

HOBOKEN, N. J. — A bright young engineer, with an early start, has a good chance of earning nearly a half million dollars in his lifetime.

If he launches his career in his early 20's and retires in his early 60's, he can pocket—before tax deductions, of course—a minimum of about \$325,000. With a little luck, he may pass the \$1,000,000 mark.

A survey, conducted by the Stevens Institute of Technology here,

was based on questionnaires sent to 5300 Stevens alumni. Questions were asked concerning salary, type of position, nature of outside interests and number of years out of college.

It was found that the average graduate earned more than \$5000 a year within three years of graduation. Ten to 12 years later, nearly half were able to double their incomes.

By the time many graduates were ready to retire they were commanding salaries ranging from \$15,000 to \$20,000 while holding down policy-making jobs in industry. A few reached the \$150,000 bracket.

More statistics produced by the survey:

1. 78 per cent out of college five years or more are executives.
2. 56 per cent specialize in mechanical engineering.
3. 43 per cent are in research, design and development.

Students Smarter

STILLWATER, Okla. (UP) — Today's students have a scholastic edge over those of 20, 40 or 100 years ago, according to research figures compiled by Dr. Reed Russell, superintendent of Stillwater schools. He said college freshmen have proved in tests that they have more "savvy" than students of one and two generations ago.

Journey to Angels Camp

Four Fraternity Frogs Jump For Trophy and \$1500 Sunday

Today is the big day in the lives of four campus frogs as they begin the journey to Angels Camp to make their bid for jumping fame for themselves and their fraternity.

Campaigning and training reached a climax this week in the camps of Alpha Phi Omega, Sigma Pi and Sigma Chi fraternities as their entries practiced their last minute hopeful jumps.

The true and final test, for one more year, will be at 3 p.m. Sunday when the first Intercollegiate competition for a trophy and more than \$1500 will be held as part of the 28th annual Calaveras Frog Jump.

APHIO's entry, Marilyn, has been in training in the basement of the Fairmont Hotel where it's cool, and will be transported to the red hot jumping ring on ice in an armored car.

"Thirty-two APHIO's are leaving Saturday night for the contest," Dan Righetti, APHIO's Frog chairman, said. "Marilyn will out jump any and all other entries because she is a more experienced frog, just better by far."

Sigma Pi's are entering two jumping wonders trying for a double chance at the collegiate championship.

"Our dynamic duo, Rasputin, the mad Russian, and Socrates, the Greek, have been in training for more than a month and will win over the other entries by sheer excellence," Chuck Bucaria, Sigma Pi's Frog chairman, said.

"Our confidence in our entries is high," said Bucaria. "We have heard no reports from Sigma Chi and APHIO, so we assume that they will offer nothing but 'token' opposition. As for Stanford and University of Santa Clara entrants, lack of good material will be their downfall."

Contradictory reports have been hurled from the Sigma Chi frog training grounds.

"We, the brothers of Sigma Chi, have heard nothing concerning our challenge to APHIO as to whose frog is the most superior, so we hereby give them one last chance.

"Sigma Chi will win the jumping frog contest due to: superior raw material, superior and more diligent training methods, and superior spirit.

"Naturally, Sigma Chi is not interested in only beating the warts off the APHIO entry, but will beat any and every other frog that is foolish enough to try to compete with the stupendous colossal denizen of the Alviso sloughs, 'Vuet,' our frog."

Explorers Visit Torrid Desert

MOHAVE DESERT, Calif. — A team of geologists has worked on top of blistering mountains and on the sweltering floor of this desolate Southern California desert to gather new information in case American troops ever have to fight another desert war.

Headed by Dr. John Gaines of UCLA, the scientists reported the psychological and physical strain of withstanding winds up to 60 miles an hour wore nerves raw and stretched tempers thin.

Some surprises received by the researchers included the discovery that desert mountain summits are warmer on winter nights than the desert floor.

Warmer Weather

GENEVA, Switzerland — Dr. F. W. Reichelderfer, chief of the U. S. Weather Bureau, believes there is definite evidence that the world's weather is getting warmer.

Reichelderfer said weather observers have recorded a "one to two degree centigrade rise in weather temperature" over the past 50 years.

"In Alaska and Greenland, land which for years was covered by ice and snow is appearing," he said.

Pi Kappa Alpha To Pick Queen For 'Fireman's Ball'

The crowning of a queen from three sorority finalists will be the highlight of the first annual Pi Kappa Alpha "Fireman's Ball" to be held tomorrow night at the Ben Lomond Town and Country Club.

Finalists in the contest are Kay Von Tillow, Alpha Phi; Nancy Wegner, Alpha Chi Omega; and Joan Henderson, Delta Gamma. The queen will be the chapter's entry in the national Pi Kappa Alpha Dream Girl Contest.

Theme for the dance originated

from the fraternity's well-known 1928 Seagrave fire engine. The fire engine was used last night to deliver bids for the dance to dates of the members.

Heading the ball committee is George Snell, president. He is assisted by Keith Johnson, Bob Cracolice, Cliff Eppard, John Magradino and Bob Murphy.

Guests at the dance will be Dean and Mrs. Stanley C. Benz, Dean Robert S. Martin, Mr. and Mrs. Gus Lease and Dr. Boris Gregory.

It Happens Every Spring

Pinnings

BABCOCK-CRUM

Owen Babcock, Sigma Nu, recently announced his pinning to Judie Crum, Alpha Phi. Judie is a sophomore commercial art major and Owen is a junior business major.

BYRNE-SCHNACK

Pat Schnack, freshman home economics major, and Pete Byrne, Pi Kappa Alpha, and senior at USC, announced their pinning at the Dream Girl Dance at Brookdale Lodge.

WILLIAMS-RABOLI

Bob Williams, Theta Chi, and Edith Raboli recently announced their pinning. Both are general elementary teaching majors. Edith is a freshman and Bob is a junior.

BARTELS-TOLE

Bob Bartels, Theta Chi, and Linda Tole, Alpha Chi Omega, announced their pinning Monday night. Both Bob and Linda are sophomore business majors.

VARNEDOE-PLATT

The reading of a poem and passing of candy kisses announced the pinning of Mary Platt, Alpha Omicron Pi and Harry Varnedoe, Lambda Chi Alpha.

MURPHY-MROSS

Hugh Murphy, Sigma Nu, announced his pinning to Sue Mross to his fraternity brothers recently. Hugh is a junior geology major and Sue formerly attended college in Germany.

BALL-SCHROEDER

Flowered Maypoles decorated the dinner table of the Delta Gamma's to announce the pinning of Pat Schroeder and John Ball, Lambda Chi Alpha.

BARTON-HARDY

Marty Hardy, Delta Gamma, passed a candle to announce her pinning to Tom Barton, Theta Chi. Tom is a junior business administration major and Marty is a sophomore secretarial major.

VEVODA-TRUEBLOOD

The breaking of a balloon with

a message inside announced the pinning of Rosemary Trueblood, Delta Gamma, and George Vevoda, Sigma Chi. Rosemary is majoring in home economics and George is studying business administration.

Engagements

MANN-SHERRY

Alleen Sherry, Alpha Phi, and Ted Mann recently announced their engagement at the Alpha Phi Spring Dance. Alleen is a junior education major and Ted is a student at the University of California at Davis.

CARPENTER-ILLGEN

Jan Illgen, Sigma Kappa, announced her engagement to Jack Carpenter by passing a string of Chinese fortune cookies to her sorority sisters. Jan is a junior kindergarten-primary major and Jack was graduated from San Francisco State College. The couple plan to be married in September.

BINDER-CANTER

May 21 has been set as the wedding date by Anna Canter and Don Binder following the announcement of their engagement recently. Don was graduated in 1953 and

ALPHA CHI OMEGA

Barbecue steak dinners were the highlight of a recent exchange between the Alpha Chi's and the Sigma Chi's. Fraternity members prepared the steaks.

The Alpha Chi's and Theta Chi's attended Sunday church services together recently. The sorority was hosted by the mothers of the Theta Chi's for breakfast at the fraternity house.

ALPHA OMICRON PI

Food, silver and hashers disappeared Monday night when the seniors took their sneak from the chapter house.

Anonymous phone calls sent sorority members on a treasure hunt for lost trophies. Clues were placed at a telephone pole on 9th street, the Student Union, a fence post on Crothers Road, and a locker in the Greyhound Bus Depot. . . finally the trophies were recovered.

ALPHA PHI OMEGA

Pledges recently captured six actives and took them on a trip to Coalterville. Actives captured were Ed Spencer, Bob Peeks, Don Gilman, Joe Valleneri, Don Perrin and Charles Sprick.

ALPHA TAU OMEGA

Upper classmen in the house were soundly defeated in an upper-lower class track meet which the lower classmen won 90-18. The winner swept first places in all 13 events, with freshman Pete Brady winning the trophy for outstanding man. Tuck Halsey was high point man for the meet.

Black and white baby booties were the favors at the 65th annual Blackfoot-Whitefoot dance at the Ben Lomond Country Club. Seventy couples attended the dance and a pre-dance barbecue.

DELTA ZETA

Future plans for the sorority include a "Hawaiian Dance," June 4, in honor of June graduates. There will also be a luncheon the same day in honor of mothers and daughters.

Recent guests at the chapter house were Guido August and Seung Ho New, who gave talks on world problems.

Anna is a sophomore home economics major.

ROETTGER-GRIMES

Mary Alice Grimes and Fred Roettger, both of whom were graduated from SJS, recently announced their engagement. Mary is a member of Chi Omega and Fred is a member of Alpha Phi Omega.

ARENDS-STEINER

The passing of candy at the Alpha Omicron Pi house and cigars at the Lambda Chi Alpha house announced the engagement of Joyce Steiner and Bob Arends. The couple have planned a June wedding.

GEORGE-MAHANY

Barbara Mahany, junior occupational therapy major, recently announced her engagement to Bob George, a photographer in the Navy. The couple plan to be married next summer.

-It's Greek To Me-

By Gloria Alexander, society editor

GAMMA PHI BETA

Active members recently entertained the pledges at a barbecue dinner in Alum Rock park. The dinner climaxed pre-initiation activities of the past week.

The quarterly scholarship dinner was held at the chapter house recently with Barbara Noble receiving the scholarship bracelet for the third consecutive quarter and Gretchen Umland receiving honorable mention. The girls ate dinners ranging from steak to hamburger depending on their grade point average. Guest hashers for the evening were Gus Lease and Thomas Egan.

KAPPA TAU

Members held their quarterly scholarship dinner with Marvin Schmidt winning the scholarship trophy for his 2.50 average. The dress and food for the evening were arranged according to the grade point averages.

PHI SIGMA KAPPA

Aaron Levy was elected president to serve until January 1956. Other new officers are: Dick Picton, vice president; Bob Bush, secretary; Don Vorous, treasurer; Ted Terzakis, sentinel; and Neil Desmond, pledgemaster.

Fifteen members journeyed to the University of California at Davis recently, for the Regional Conclave of the fraternity. The SJS chapter proposed an inter-chapter scholarship committee be formed to help improve the grade point averages of the various chapters.

SIGMA KAPPA

A hobo party attended by alums and college members was held recently at the chapter house. Entertainment was provided by the alums and actives and included a bubble gum blowing contest.

Bidding for decorated boxes was the highlight of a box-lunch social at a recent Sigma Kappa-Kappa Alpha exchange. Proceeds of the bidding went to the Campus Chest.

SIGMA ALPHA EPSILON

Sixteen couples took a day long trip to northern resort areas when they traveled to Healdsburg, Guerneville and Santa Rosa. The couples took canoes from Healdsburg to Guerneville, and later went to the sports car races in Santa Rosa.

CYpress 4-6854 59 NO. FIRST STREET

MICKEY MARAMONTE, one of the nation's top low hurdlers with a 23.3 clocking, is all ready to go for the Spartans in the sprint relays tomorrow. Last week he, Jack Albani, Art Hiatt and Harry Wade took two second places at the Fresno Relays.

Injuries Play Role in SJS Track Hopes

Injuries, as well as the brand of competition, will make it rough for the SJS track men at the California Relays tomorrow night in Modesto Junior College Stadium. Open division events will begin at 7 o'clock.

The Spartans must compete in the open division, and the condition of injured athletes Ray Goodwin, Billy Joe Wright and Ed Kreyenhagen will have a lot to do with how good a showing SJS makes.

Last week at Fresno, Goodwin and Wright were withdrawn from competition, Kreyenhagen, running with an injured foot, placed third in the collegiate high hurdles division.

The Spartan sprint relay team of Mickey Maramonte, Jack Albani, Harry Wade and Art Hiatt will be seeking to repeat its second place performance last week. The mile relay team of Albani, Charles Hushaw, Gene Antone and Val Daniels also will run at Modesto.

Lynn Greene will attempt to get back on the track in the javelin throw after a bad day at the West Coast Relays. Pole Vaulters Chuck Hightower and O. W. Rhodes both will be looking for improved performances over last week. Don Hubbard will be entered in the mile run.

If these men are all fit, they will face another obstacle—the calibre of competition. Goodwin, who has broad jumped 23-10 1/2, will be up against two men who have bettered 25 feet—Rosslyn Range of Fort Ord, and George Brown, ex-UCLA flash.

Wright must face world record-holder Parry O'Brien in the shot put, and Hightower and Rhodes must out-vault Bob Richards, world record-holder, for a victory.

The Spartans should finish behind the big powers like USC, Stanford, Occidental, etc., but well ahead of the smaller schools.

SJS Footballers Prep For Spring Bowl Game

Coach Bob Bronzan's footballers continue practice today in preparation for their annual Spring Bowl Game next Thursday at Spartan Stadium.

The Bowl game which is open to students will pit a "White" team against a "Blue" team in a full game scrimmage. Kick-off time will be 3:30 p.m.

Bronzan has not yet announced the division of the squad for the game but is expected to do so Monday.

Jim Hughes, veteran guard, continues to lead the squad in the race for the Mr. Downfield and Mr.

Pass Protector titles. Hughes has collected 517 points in the downfield competition and has hit on 36 out of 37 attempts in the pass protection contest.

Jerry Ruse, senior center, is second in pass protection with 48 out of 50, closely followed by John Perkins who has 40 out of 42.

Ends Pete Galloni and Don Phillips are second and third in downfield blocking with 483 and 470 points, respectively.

Meetings

Channing Club: Meet in Fire-side Room of Unitarian Church, 160 N. 3rd St., Sunday at 7:30 p.m.

Freshman Class: All freshmen are urged to attend the meeting Monday at 3:30 p.m. in Room 117 to discuss final plans for Fresh-Soph Mixer.

Institute of Radio Engineers: Lecture on "Industrial Applications of Atomic Energy" tonight at 7:30 o'clock in Room E-118.

Junior Class: Meet Monday in SD-116 at 3:30 p.m.

Kappa Delta Pi: Today is deadline to pick up tickets for initiation banquet, in Room 165C.

Language Clubs: Beach party tomorrow at Seal Cliff, 10 a.m. to 5 p.m. Students and guests invited.

Phi Chi: Initiation of new members at 7:30 p.m. today at Mariani's Restaurant.

Senior Class: Meet in Room 127 Monday at 3:30 p.m.

Annual Event

Radio-TV To Award, Give Play

Eight students will be the recipients of awards for outstanding work in the field of Radio-TV at SJS tonight after the first annual Awards Night is held in the Studio Theater at 8:30 p.m.

A live radio broadcast which will be heard over KEEN at 9:05 p.m. will be presented from the Studio Theater as part of the evening's activities, according to Robert I. Guy, assistant professor of speech. Jim Ahern, member of Radio-TV Guild, wrote and will direct the radio play, "Displaced Angel."

Bob Shehtanian will be master of ceremonies during the presentation of awards, which include recognition of the outstanding actress, actor, supporting actress and actor, sound and music technician, technical achievement, best writer and other special awards.

Final award to be given will be the third annual Robert I. Guy award for outstanding achievement in Radio-TV at SJS, according to Jim Huston, publicity chairman for the Guild.

Art Dept. Displays Modern Designs

A display designed "to show people that they can have fine and beautiful things for their homes without buying expensive antiques" is currently being given in the Art Department Wing, according to Warren Faus, associate professor of art and chairman of exhibits.

Featuring examples of contemporary designs available for modern homes and average budgets, the exhibit emphasizes textiles, paints and household articles.

Also on display are room plans constructed by student members of the Art Department.

Some lucky woman student majoring in music, art or speech and drama will be the recipient of a newly-established annual scholarship of the San Jose city council of Beta Sigma Phi, according to Dr. E. W. Clements, chairman of the College Service Funds Board.

The award of \$75 will be given on the basis of scholastic achievement and need. Beta Sigma Phi is an international civic, cultural and social sorority which has more than 4500 chapters and more than 25,000 members in the United States and ten other countries.

Ushers Needed

Ushers still are needed for "Hamlet," next Speech and Drama Department production opening June 3. Girls may sign up in SD-100, according to Miss Helen Minetta, secretary.

Performances will continue June 4, 6, 7, 8, 9, 10 and 11.

Choral Ensemble

Choral Ensemble will rehearse today at 3:30 p.m. in the Civic Auditorium in preparation for tonight's performance.

SJS'S A CAPPELLA CHOIR, directed by William J. Erlendson, acting head of the Music Department, is one of the four music organizations which will perform during the concert tonight at 8:15 o'clock in the Civic Auditorium. (See story, Page 1.)

SJS Girl Makes Good

Script Writer Visits Campus

By ELEANOR NORRIS
Fine Arts Editor

Got your dreams of the future hitched to a star? You may reach them yet.

Proof of this is Jean Holloway, student in the SJS Speech and Drama Department from 1935-1939, who has since written radio scripts for the Kate Smith Show and TV scripts for "Were You There" and the Danny Thomas Show.

Miss Holloway now is on campus doing research for a new TV show which will be presented in the fall, "The Townspeople." Accompanying her is Bretnagne Windust, producer-director with CBS. Windust has directed the Lunts, the stage production of "Life With Father," CBS-TV's "Climax," and movies such as "Winter Meeting" with Bette Davis, "Pretty Baby" with Betsy Drake and "The Enforcer" with Humphrey Bogart.

Beginning her career as an active worker in San Jose Players presentations, Miss Holloway left SJS early in her senior year to go to New York, where she became a script writer for Kate Smith. The script for her first show for Kate Smith was written while she was still in college.

If you think you're having trouble with your grades, you would have a sympathizer in Miss Holloway. After completing what she considered to be a successful term in play writing from Dr. Dorothy Kaucher, she was awarded a B. "She said I didn't have to work as hard as some others."

Several years later, Miss Holloway found Dr. Kaucher on the other side of the desk. Miss Holloway was then lecturing at MYU, a course which Dr. Kaucher took in preparation for teaching radio at SJS.

Ph.D. for Rasmus

Ward Rasmus, associate professor of speech, has been awarded a Ph.D. degree in speech, to be conferred June 19 by Stanford University.

Rasmus, who joined the SJS faculty in 1940, is a graduate of Whitman College and received his M.A. degree from the University of Washington. He has taught in the public schools of Estacada, Ore., Ellensburg, Wash., Honolulu, and the University of Washington.

music organizations which will perform during the concert tonight at 8:15 o'clock in the Civic Auditorium. (See story, Page 1.)

"Reporters immediately found out that I had received a 'B' from Dr. Kaucher while in school. Toward the end of the term, they besieged me with questions of what I was going to give her. I finally told them I was going to give her the A she should have given me."

Miss Holloway, an independent writer, lives with her husband, Dan Tobin, in Hollywood.

Wendell Johnson Annual Award Set

One talented student who can design costumes or stage sets may win \$40-\$50 if he enters the annual competition for the Wendell Johnson Award.

This is the fourth year the award will be given. It was made possible, according to Johnson, by an anonymous gift of \$1000 for the purpose of rewarding talented people in the field.

Any college student may enter the contest, which will be judged by Johnson, Harrison McCreath, assistant professor of speech, and Miss Bernice Prisk, associate professor of drama.

Entries will be accepted in the Speech and Drama Building by Miss Prisk until June 10, Johnson said. Winners will be announced during finals week.

Two Deadeyes

Members of Chi Pi Sigma, police fraternity, recently staged a night pistol shoot and Willard E. Schmidt, police school director, gave an exhibition with a sling shot, and Melvin Miller, fraternity, with a .22 rifle.

Denver University Clarion: The honeymoon is over, when he stops to play with the dog before coming into the house.

Music Dept. Plans Recital For Tuesday

A blend of classic, romantic and modern idioms will be offered when advanced students of the SJS Music Department are presented in recital Tuesday at 8:15 p.m. in the Concert Hall.

The varied program, according to Music Department officials, will offer both vocal and instrumental compositions. Among the latter selections are the Concerto in G minor by Bruch, Chopin's Impromptu in F Sharp, Sonata for horn and piano by Hindemith and Ravel's "Oiseaus Tristes."

Vocal compositions include Handel's "Te Duem," the Habanera from Bizet's "Carmen" and "Il Lacerato Spirito," an aria from "Simon Boccanegra" by Verdi.

Songs by Young, Bridge, Rogers, Fenner and Gounad also will be included on the program. Admission is free.

More than 678,000 persons were injured in weekend traffic accidents last year.

'Hamlet' Tickets

Tickets for "Hamlet," Shakespearean tragedy which will be presented by the Speech and Drama Department June 3, 4, 6, 7, 8, 9, 10 and 11, will go on sale Monday in SD-100. They may be purchased daily from 1 to 5 p.m. Price is 50 cents, student admission, 75 cents general.

Seniors Hear Bruntz Speak

Dr. George G. Bruntz, professor of political science and education, was guest speaker at yesterday's senior briefing.

His topic, "Your Responsibility to the Nation and World," called attention to deficiencies among U.S. college students. "We are much less vocal about national and world affairs than students in Europe and other parts of the world," he said. "We consider education important only toward making a living. We are becoming a nation of money-makers and spectators—more interested in receiving than giving. The U.S. spends more money than ever on education and is less able to solve its problems."

James F. Jacobs, senior co-adviser, told seniors to expect three-page forms in the mail and said to call at Room 116 if they do not receive them by next week.

Dr. Eleanor Coombe advised on latest job opportunities.

Dorothea Bettencourt announced that parents and relatives will be honored June 15. They will meet in various departments at 1 p.m.

Language Groups Plan Beach Ball

Swimming, football, baseball and sun frolic will be on the agenda for the Spanish, French and German honor societies at a beach party tomorrow at Seacliff State Beach, just south of Santa Cruz.

Members and guests will rally on the sand from 10 a.m. to 5 p.m. Food will be furnished by individuals. Car pool sign-ups in the Modern Language Department office are available, according to Donna Joost, secretary of the German Club.

Alpha Eta Sigma Holds Barbecue

Alpha Eta Sigma, accountant's honorary society, will hold their annual alumni barbecue tomorrow at Club Almaden, according to Pauline Parlier, second vice-president of the organization.

Swimming and other activities will begin at 2 p.m. and a steak dinner will be served between 4 and 6 o'clock in the afternoon for all those attending.

Education Club Changes Officers

Members of Kappa Delta Pi, national honorary education group, elected new officers for the coming year at their Tuesday meeting, according to Nina Teeslink, outgoing president.

Installation of the officers, together with the initiation of spring pledges, will be held at the society's annual banquet May 25 at DeAnza Hotel, Miss Teeslink said.

New officers are: president, Rosemary Gunn; vice-president, Donna Larson; secretary, Betty Sakaguchi; publicity, Holly Lease; historian, Bruce Carradine.

Industrial Atom Energy Is Topic Before IRE

Speaker for the IRE meeting tonight will be Dr. Lester E. Reukema, professor of electrical engineering at U.C., who will talk on "Industrial Applications of Atomic Energy."

Dr. Reukema, a nationally recognized authority on atomic energy, has done extensive research on electromagnetic radiation and has a distinguished record in the teaching of electronics. He tra-

veled widely throughout Europe visiting research and development laboratories as part of his duties as chairman of the Sub-panel on Basic Research of the U.S. Government Research and Development Board after World War II.

The meeting will be held in the Engineering Lecture Hall beginning at 7:30 p.m.

Traffic accidents killed 35,500 Americans in 1954.

WINSTON tastes good—like a cigarette should!

WINSTON'S GOT REAL FLAVOR!

AND IT'S SO EASY-DRAWING!

Now there's a filter cigarette college smokers will really enjoy! It's new Winston and it brings flavor back to filter smoking!

You'll really enjoy Winston's full, rich, tobacco flavor. And you will really appreciate

Winston's finer filter. It's unique, it's different, it filters so effectively! Winstons are easy-drawing, too, for full flavor enjoyment.

Try a pack of Winstons! They taste good—like a cigarette should!

Smoke **WINSTON** the easy-drawing filter cigarette!

Never happen here

Not long ago, students at Monterey High had a day off, in commemoration of a steam pipe which had broken. Naturally, it was raining, which had something to do with the cancellation of classes, but in the afternoon the sun came out and made for a pleasant holiday. Wonder how it was at the beach?

Sounds great

Speakin' of the beach, how's about a little Santa Cruz time? Bill Cline in his column "Ebb and Flow," Pepperdine GRAPHIC wrote of an invention which is being developed to manufacture life-like dummies, fully equipped with tape recorders and electric timers. These models could be set up in a classroom, adjusted, and then left to record the entire proceedings.

Say, for example, you had a history (ugh!) class. You could set the clock on the dummy and it would record the entire lecture. Worried about being marked absent? Have no fear. Seems these little gems are perfect. The dummies are exact models of the owners.

Now, if they could only develop something like that to take exams ... WOW!

Who's good?

In a survey taken at Kent State, several profs gave forth with what a good student should do. Included in the criteria were the following:

1. Place education first, with all other activities second.
2. Be interested enough in his subjects to prepare for them and do a little more than required.
3. Have definite goals and take challenging subjects, not the easiest way out.
4. Get excellent grades.

In defining a good student, the head of the foreign language department said, "They are those who save the professor from concluding that students are not all unappreciative of the effort and expense put forth for them."

On the other hand, a psych prof said, "The only good student is a dead one."

Need we go on?

12 Bears Journey On Goodwill Tour

DAILY CALIFORNIAN, University of California at Berkeley — Twelve University students are undergoing intensive briefing and preparation for their annual goodwill tour to South Asia this summer.

These prospective student ambassadors will be members of Project Pakistan-India-Ceylon's travel team which will meet Asian students and leaders for discussion of mutual problems.

Before the travel team departs, however, \$18,000 must be raised within the next 60 days in order to realize this project for furthering international understanding.

Sports Arena Set To Hold 22,000 by 1956

DAILY TROJAN, University of Southern California — Students here will see future basketball games in a 22,000 capacity sports arena which will be built in Exposition Park, within walking distance of the campus.

The \$7 million arena, with 18,000 permanent seats and capacity for an extra 4000 temporary seats, is expected to be completed by October, 1956.

The giant arena will be available to UCLA, Loyola and other nearby schools, also.

—Barbara Cowgill

Don't Drop It, But Pick It Up

COLLEGE TIMES, Los Angeles State College, recently kicked-off the six-week Campus Clean-up Campaign, which coincides with the launching of the Los Angeles Beautiful Campaign which is being conducted in an effort to improve standards of health, safety and cleanliness.

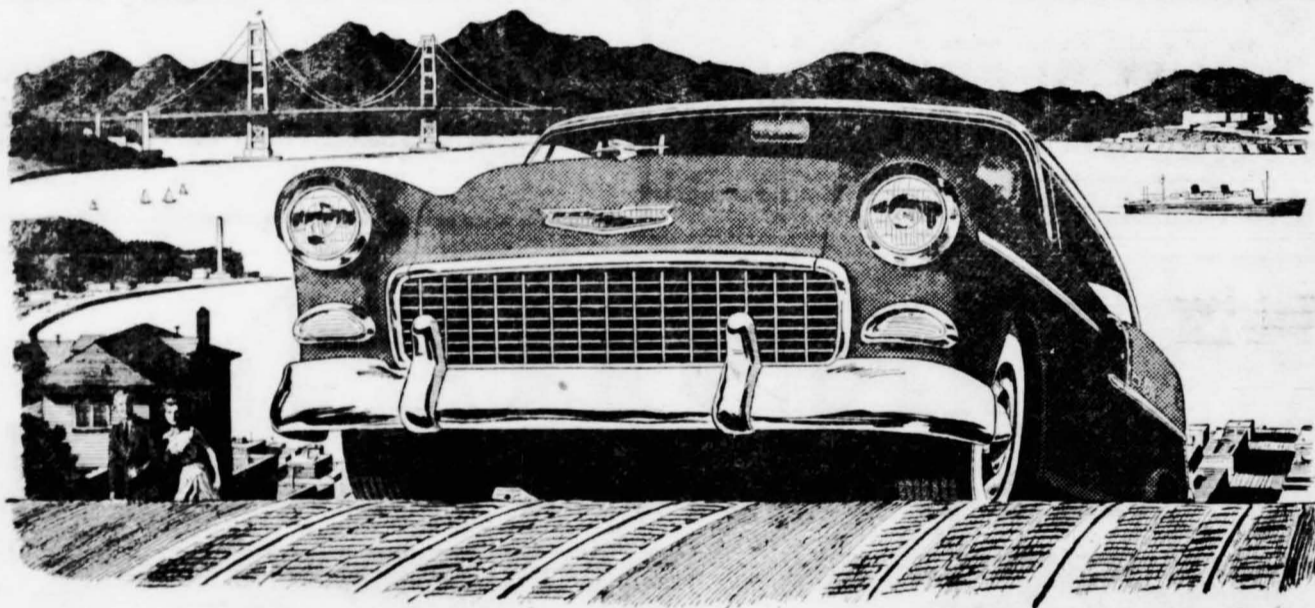

Two simple rules have been given to the students: "Don't drop it and if you see it, pick it up."

Juniors Will Hold Picnic at Almaden

Tickets for the Junior Class picnic to be held at Club Almaden Tuesday are on sale in the Graduate Manager's Office. Rosemarie Magnasco, picnic chairman, announced today.

Swimming, dancing, volleyball and other recreational activities are scheduled from 1 p.m. on. Price of the outing is 50 cents, she said.

Nearly 14,000 persons were killed in weekend traffic accidents last year.

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to every-one else on the road!

*National Association for Stock Car Auto Racing.

New Version of Old Stand-by

KENT STATER, Kent State University—A new version of the Collegiate Commandments have been published:

1. Thou shalt not cut classes. (Take the whole day off.)
2. Thou shalt not copy someone else's paper. (Let him do it for you.)
3. Thou shalt not shove fellow students around. (Much easier to trip them.)
4. Thou shalt not drive professors to their graves. (Let the understakers do it.)
5. Thou shalt not whisper in

class. (Shouting gets more attention.)

6. Thou shalt not covet thy neighbor's pen. (Take it.)

7. Thou shalt not chew gum in classes. (Tobacco is much more pleasing.)

8. Thou shalt not tear up books. (Burning destroys more evidence.)

9. Thou shalt not address professors with disrespect. (Ignore them completely.)

10. Flunk now and avoid the rush.

(Nancy Yockey.)

Wesley Club Plans Two-Day Retreat

Wesley Club members will hold a planning retreat at Pacific Grove tonight and tomorrow, according to the Rev. Dick Ingram, club director.

Plans for the future will be discussed and recreational activities also are planned.
