## Bids for Senior Ball To Go on Sale Today

Bids for the Senior Ball, priced at \$2.50 apiece, go on sale today in the Student Affairs Business Office.

The dance is scheduled for May 26 at Bay Meadows Turf Club, with Dave Pell's octet furnishing the musical strains for attending seniors. The dance will be discussed at today's Senior Class meeting at 3:30 p.m. in SD 126.

Don Abinante, Senior Class president, announced today that the seniors have voiced approval of the invitation of Professor Snarf, a mystery figure, to attend the Senior Day activities which will be held May 24 at Adobe Creek Lodge.

The professor and other plans for the day, also will be discussed.

Professor Snarf is a fictional name which has been given to a real person whose identity is a closely-guarded secret, according to Abinante. Chairman for the activities is Sherry Nuernberg.

### TO HEAR REPORT

A complete financial report on the proceeds of the annual Junior Prom will be given today at the regular meeting of the Junior Class.

The Prom, held Saturday evening at Hawaiian Gardens, featured Dick Crest's Orchestra, and The Guys, Paul Thomson and Kay Brown as intermission entertainment. Other dance committees also will give their reports.

"Every Junior Class member should try to attend this important meeting," said Tom Bonetti, class president. "It will be of great interest and importance to him, as the success or the failure of the Prom will affect him as a Senior," he concluded.

The class meets every Monday afternoon at 3:30 o'clock in Room 24.

### TO DISCUSS CAR WASH

The Freshman Class will hold its general meeting this afternoon at 3:30 o'clock in the Education Lecture Hall, Room 53, to discuss results of last Saturday's car wash project, according to Bill Sturgeon, class president.

Also under discussion will be the possibilities of having its snow cone stand time extended to include an hour or more each Monday and Wednesday and to have Fridays as an additional day to sell cones.

Purpose of the snow cone stand and the car wash project is to raise funds for future activities. There will be an executive meeting this afternoon at 2:30 o'clock in Room 2 of the Women's Gym.

### TO PLAN FOR DANCE

Sophomores will begin submitting names of possible bands for next year's Junior Prom, at their meeting today at 3:30 p.m. in Room 117.

"We would like suggestions of name bands that are good, but collegiate, in about the \$1000 price range," according to Soph president Ted Terzakis.

Plans for an informal party for the Soph Class, Memorial Day, May 30, also will be discussed this afternoon. A similar party was held last year by the class and proved a success, according to Terzakis.

The class tentatively has arranged to sponsor dances next year on September 22, November 3, and November 17. Homecoming is scheduled for Nov. 3.

## Cal Vets To Sign

Cal Vets have until Thursday to sign their attendance vouchers for the month of April, in the Accounting Office, Room 34.

## Director To Speak At Chapel Service

The Rev. Mr. Richard Ingraham, director of SJS Wesley Foundation and minister of education at the First Methodist Church, will speak for the non-denominational chapel services tomorrow at 1:30 p.m. in the War Memorial Chapel, north of the Men's Gym.

The Rev. Ingraham has announced that his topic will be "The New Being."

## Middle East Expert To Talk at Annual Deadline Dinner

The desire of Arab leaders to perpetuate a feudal system is at the root of the conflict in the Middle East.

So says Eugene Block, editor and publisher of the San Francisco Jewish Community Bulletin, who will speak Wednesday night at the annual Deadline Dinner.

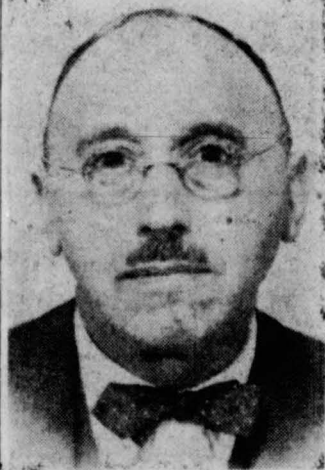

The dinner is sponsored by Sigma Delta Chi, professional journalism fraternity. It will be held in the Catholic Women's Center hall, beginning at 8 p.m.

Block says, "The root of conflict in the Middle East must be understood in its proper perspective. Underlying the turbulent events in that area is the desire of the Arab leaders to perpetuate a feudal system with all that this means in terms of social and economic status of the masses.

"Certainly Israel, a young, ambitious, growing democratic nation, built on the same foundation stones as America, threatens a feudal society. That is why Arabs are determined that Israel shall perish."

Before attaining his position with the Jewish Community Bulletin, Block worked for 25 years on the San Francisco Call-Bulletin, part of the time as city editor.

He also is active in The Late Watch, a group of newsmen who gather every year near the an-

niversary of the 1906 earthquake and fire in observance of that disaster. Other activities of community projects take part of his time. He is well known in the San Francisco area for his studies of the Middle East; he has traveled in the area.

The menu for the evening, is ham with all the trimmings. Entertainment in the form of satirical skits will be furnished by the members of the fraternity, and an award to the outstanding "Faculty Man of the Year" will be made.

Tickets for the dinner are \$3 per person, and can be obtained from any member of the organization or in the Student Affairs Business Office.

## SDX Practice

All Sigma Delta Chi members, who are to take part in Wednesday night's Deadline skits, are asked to meet in the Spartan Daily office tomorrow at 7 p.m.

The final dress rehearsal for the "San Jose—Past, Present and Future" skits will be held at this time, according to Jean Isenberg, past SDX president and chairman of the Deadline Dinner.

## Director Announces Cart Relay Changes

Several changes in the procedure of Pushcart Relays have been announced by Don Lindeman, director of the races. This year the route of the relays will extend from 9th and San Fernando streets to 7th and San Carlos streets. Previously, the races had ended at 8th and San Carlos streets.

Entries in the pre-Relay parade will have a limited float size eight feet by ten feet by fifteen feet. No more than 20 persons from each organization may participate in the parade. Last year's float winner was Alpha Chi Omega. Alpha Phi was in second place and Kappa Tau in third.

A queen and two attendants to reign over the Relays will be chosen at the Lambda Chi Alpha formal on May 11.

A total of 27 carts were entered in last year's competition. Kappa Alpha Theta was the women's division winner and Alpha Tau Omega copped the men's title and edged the Theta cart for the sweepstakes award.

Entrants in the women's division must use a female driver but are allowed to use male pushers to even the competition between the two divisions.

## Women's Glee Club Schedules Concert

The SJS Women's Glee Club, under the direction of Frederick Loadwick, assistant professor of music, will present its first concert Thursday.

They will sing three groups of songs. The first group will include "Romance," one of Debussy's better known atmospheric songs; "Der Jaeger," a folksong by Brahms; Schubert's "Nacht und Träume," a tribute to night; and Granville Bantock's, "Silent Strings." The Brahms and Schubert songs will be sung in the original German.

The second group by the glee club will feature four American composers, Jerome Kern, Irving Fine, Richard Rodgers and Sigmond Romberg, who have written many enduring operettas and musical plays for the modern stage and screen.

The program will close with a group of motets which will be sung in Latin, and a selection from Mozart's "Requiem," the Lacrymosa.

The Women's Glee Club is a new choral group on the campus this year. It is composed of 44 girls.

## Concert Hall Is Site Of Faculty Recital

The San Jose State Music Department faculty will present a recital tonight at 8:15 o'clock in the Concert Hall.

The program will include Beethoven's "Trio in B Flat," which consists of "Allegro Con Brio," "Adagio" and "Tema Con Variazioni." Featured in the trio will be Thomas Eagan, clarinet; Mrs. Frances Robinson, viola and Mrs. Edith Eagan, piano.

"Sonata for Two Pianos," a number written in 1953 by Poulenc, will be the second selection. The Sonata, which will be played by Mr. and Mrs. Patrick Meierotto, will include "Prologue," "Allegro Molto," "Andante Lyrico" and "Epilogue." Schubert's "Fantasia in F Minor, Op. 103," also will be performed by Mr. and Mrs. Meierotto.

The concluding number will be "Introduction and Allegro," written by Ravel. Featured in this number will be Mrs. Lydia Boothby, harp; Gibson Walters, 1st violin; Miss Frances Robinson, viola; Mrs. Katharine Sorensen, flute; Mrs. Rosemary Walters, 2nd violin; Donald Homuth, cello and Thomas Eagan, clarinet.

## Organization Lists Due Noon Thursday

All campus organizations are required to submit a list of officers prior to noon Thursday, according to Harrison Gibbs, ASB attorney. These lists should be filed with Helvi Aho, ASB receptionist, in the Student Union.

Any organization which fails to comply with this request may face prosecution by the Student Court.

These lists of officers are required by statute, under the Student Body Constitution, and organizations could lose their affiliation as an official on-campus groups.

## Student Y To Repeat Japanese A-Bomb Movie Tomorrow

"Children of the A-Bomb," which played to a full house Wednesday evening in the Concert Hall, despite competition from the IFC Sing, will be re-shown at 2:30 p.m. Tuesday in Morris Dailey Auditorium, according to the Rev. Mr. Jim Martin, executive director of the Student Y, which is sponsoring the film.

The feature motion picture was shown throughout Japan during 1952-53, but until the present time has been withheld from those countries that fought against Japan in the war.

When exhibited in France, the film reviewer of the Manchester Guardian, a British newspaper, stated, "Heaven knows, there is nothing in the least anti-American about it. It is simply the most moving human document I know (apart from Hersey's 'Hiroshima' book) against atomic war as such—quite regardless of whether the bombs are made in the United States, in the USSR, in Germany, Japan, or anywhere else."

The film includes a brief scene of the explosion, but is concerned largely with the long-range effects of the bombing. A teacher returns to the scene of the bombing, and becomes involved in the tensions of the citizens in rebuilding their lives in Hiroshima.

The picture includes many shots of the beautiful Japanese landscape, as well as of the destruction of the city, and gives insight into how the people of Japan live today.

The public is invited as well as students. A free will offering will be taken instead of admission. The film is not recommended for children.

## Spartans May Still Give Blood

Spartans have donated a total of 36 pints of blood to the special Jim Hall Blood Drive, according to Mrs. Maxine Smille of the San Jose Blood Center.

Students who still wish to donate are requested to do so at the Blood Center between 10:30 a.m. and 5 p.m. No transportation will be provided, however.

Hall, 19, is the son of Phi Mu sorority's cook, Mrs. June Hall. He has been in Santa Clara County Hospital since March 6.

## Student Production To Open Thursday; Tickets Available

Tickets for all performances of the 1956 production of Revelries, "On The Nose," are on sale in the Student Affairs Business Office, according to Jim Dunn, student producer. Price of the tickets is 75 cents for student body cardholders and \$1 for the general public.

Opening night for the student produced and directed musical, will be held Thursday night in Morris Dailey Auditorium. Curtain time is 8:15 o'clock.

The script for the show was written by Jim Houston and Dunn. Bob Weiss, who also helped with the script, had to drop out due to lack of outside time.

The leads for the show will be portrayed by Marion Brugnone and Frank Davidson. Miss Brugnone will play the part of Ann Seddelmeir and Davidson will play the role of J. Forbes Robinson, materialistic tycoon.

Others in the cast include: Nancy Stephens, Bernice Gardner, Grant Salzman, Benita Camicia, Bob Montilla, Dave Schmidt, Suzy Zingler, Bob Gordon and Craig Thush.

Chorus members include Dick Thomas, Pete Carnegie, Karla Linden, Marlene Tipton, Barbara Tayntor, B. J. Tedford, Fred Brooks, Harold Hancock, Wayne Abbey, Cheryl Del Biaggio, Donna Acuff, Stella Armento, Diana Discher, Lila Gier, Connie Maxwell, Lynn Brunst and Ed Tryk.

## Almost 100 Attend Advertising Seminar

Advertising problems of daily and weekly newspapers were thrashed out at the second annual California Newspaper Publishers Association Advertising Seminar, which was held on campus last Friday and Saturday.

Almost 100 advertising salesmen and women, from newspapers throughout the state, attended the seminar, which was jointly sponsored by the CNPA and San Jose State College.

Dr. Dwight Bentel, Journalism and Advertising Department head and seminar chairman, presided over the event, which featured as discussion leaders, leading advertising men from prominent California newspapers.

Talks, followed by discussions, on salesmanship, ad copy and layout, and advertising markets and mechanical problems, were heard by the newspaper people.

Carl R. Hoffmann, Director of Advertising in the Journalism and Advertising Department at SJS was program director for the seminar.

walked off with the male and female posts. Miss Singer won out over two other candidates, while Sellers was unopposed.

Class representative winners were, Al Stones, senior; Penne McClenahan, junior; Liz Bell sophomore.

Bob Becker, chief justice of the Student Court, the person in charge of the elections, announced that the number of students who voted totaled approximately 2400. He also remarked that the "inclement weather" may have held down the total vote, to some extent.

The 2400 students drawn to the polling places during the two days of the election, constitute over 25 per cent of the total student body, and comprise what Becker terms "a good turnout."

In AWS elections held simultaneously, voters elected the following new officers: Kay von Tillow, president; Jeanie Oakleaf, first vice-president; Nan Goodart, second vice-president; Marilyn Goodell, secretary; and Terri Galvin, treasurer.

## Song Girl Tryouts

A meeting to explain procedures for voting at Wednesday's song girl tryouts will be held in the Student Union tomorrow at 3:30 p.m.

# Now Then... Will They?

A new turn in campus politics is in view with the new slate of student body officers elected last week. These are the new officers, whom you, the students, have elected to represent you, and we hope that they will assume their responsibilities in this capacity.

During campaign week, candidates voiced changes and "refarms" in many problems of the college, and made promises to work continually for the betterment of the college. They also promised to represent you, the students, in their roles in the student government.

It is evident that there are many problems which demand the attention of the student government, and we sincerely hope that these new officers will assume their roles of leaders.

Many times, after the hustle and bustle of an election, the newly-elected officer takes the attitude since he already has obtained the honor of his position, there is no need to follow up his campaign promises. Here is where the saying, "actions speak louder than words," is applicable.

The officer must remember at all times that he not only is representing his individual character, but his actions must represent every student of SJS. He must remember that he has a responsibility to the students to do his job "to the very best of his ability" as was promised in many campaign speeches.

The outgoing Student Council is to be congratulated for its constant efforts for the betterment and improvement of college student activities. It has made many notable accomplishments during its term. We hope that the new Council will take the same attitude, and not let those campaign promises go down the drain. You officers are in the pilot's seat now. Take action.

## Duncan Receives New Appointment

Dr. Carl D. Duncan, chairman of the Natural Science Division was recently appointed as liaison officer for San Jose State and the International Science Foundation in San Francisco.

Dr. Duncan's first assignment will be a meeting next week concerning entomology with Dr. Keizo Yasumatsu, from the faculty of agriculture, at the University of Kyushu in Fukuoka, Japan.

A dean at Johns Hopkins University claims he has discovered through scientific experiment that he actually is Bridey Murphy. The dean says he came to this conclusion last week after a period of intense introspection, during which time his only nourishment was lime-water.

Questioned about the young woman who now claims to be Bridey Murphy, the dean said it was a possibility that she shares this honor with him: "I suspect the cause of the dual-embodiment to be a split personality in some intermediate reincarnation." However, he admits his was not a perfectly controlled experiment and says he intends to repeat the project in the near future, using grapefruit juice as a diet.

Last fall, the University of Colorado issued a ruling forbidding freshmen there to operate automobiles. The Dean of Men has now declared that the subsequent 11 per cent hike in freshman grades is due to the driving ban. No statement was released as to whether the officials now plan to extend the ban to all students.

Although all students at Northwestern University say they believe in the Bill of Rights, only seven and one-half per cent of them could recognize the document when they saw it. A Northwestern sociology professor presented 560 students with the first ten amendments to the Constitution as an unidentified document. Ninety-two per cent of the students could give no name to it.

## Small Bird Takes Professor at Word

A professor's invitation sort of backfired last week.

A small bird flew through an open window into Dr. Dudley T. Moorhead's European history classroom and immediately won the students' attention over from the historical events of 1935.

But the bird, minus a few tail feathers, was evicted by a student, and the class came back to order. Shortly, the bird was back and just as quickly was shown the door—that is, the window.

At this moment, Dr. Moorhead proved himself equal to the laughter-provoking incident by proclaiming:

"That proves this class is for the birds."

Taking the professor at his word, the bird glided back through the window—this time, it thought, as an invited guest.

## Guamanian Student Is 'Littlest Policeman'

By DICK O'CONNOR

With the most recent of Walt Disney's creations currently terrorizing the movie screens in the area, it seems appropriate to find someone to subdue "The Littlest Outlaw."

The San Jose State College Police School has a person who is extremely qualified for the task. Doesn't it seem logical that to capture the littlest outlaw, you would need the littlest policeman?

Currently attending the SJS police school is a 5 foot, 3, 119 pound native of Guam. You may not have noticed little Ed Aguon around school because he is not someone who stands out in a crowd.

Being small is the least of his qualifications for being one of the most interesting persons at SJS. A list of his accomplishments would be unbelievable, so only the most unusual will be covered.

AWARDED SCHOLARSHIP — Ed, a personable fellow with a ready smile and friendly manner, attended school in his native Guam. Upon completion of high school in 1952, he was awarded a four year scholarship by the Guamanian government.

The one provision of the scholarship was that he attend SJS and enter the Police School with a job on the Guamanian Police Force as his ultimate objective. Ed could not accept the scholarship in 1952, so he went to work for the police force on the island. After one year the scholarship again was offered, and this time Ed accepted.

This is getting a little ahead of the story, so let's go back and review Ed's qualifications for becoming a member of Guam's Police Force.

HITS 94 AVERAGE

While attending high school, Ed took a course in identification from the Institute of Applied Science. The course covered many phases of criminal identification including fingerprinting, handwriting, police photography, modus operandi, Bertillon identification and typewriter identification. He completed the course with a 94 average and a letter of commendation from the director.

With this background, Ed became a member of the Guam Police Force where he solved an unusual case of fingerprint identification. The fingerprints of criminals in Guam were being filed by name rather than by numerical fingerprint classification. Duplication of prints resulted.

One particular criminal had five separate sets of prints under different names. Aguon checked the most recent set of prints against the names of two aliases given by a suspect. The hunch

proved correct, and he received a promotion.

ALSO A PLAYWRITE

Among the other unusual talents of the littlest policeman is his ability to write plays. He wrote a play about the activities of an undercover agent while in high school. Ed admits this is based somewhat on what he would like to do but says that the play was produced for three other reasons.

"We needed money for the Spanish Club, and writing and directing a play was one way to raise money. We couldn't afford to hire a professional playwright, so I wrote it," Ed said. He claimed that it was so successful that it was presented for the Red Cross and also for the United States Air Force stationed on Guam.

"I guess I get my talent for writing plays from my father," Ed added.

PROUD OF NOTES

Ed, a junior at SJS, said that of all the things that he has done in the Police School he is most proud of the notes he has received from other Police School students. All of them tell the same story.

Walter Yates, former SJS Police School student chief, wrote that without Ed to help explain fingerprinting he would have been lost. David Pollack, another police student, said that "Ed Aguon is one of the most qualified fingerprinting technicians I have ever known."

A bundle of energy, Ed's activities also include holding the position of general chairman of ISO's International Student Day and having the distinction of being one of the foremost rumba and tango dancers at San Jose State.

BELIEVES IN JUDO

Ed is devoted believer in judo and in his case it proved that the little man can defeat the big man. He said, "once you learn the techniques, the rest is easy."

Next time you see one of those big Irish cops, keep in mind the "Littlest Cop" too. Good things come in small packages.

## Savings-Spartan Shop? Hit-and-Run Driver!

Dear Thrust and Parry:

The graduation announcements at the Spartan Shop say, in effect, that the graduation class of 1956 announces commencement exercises Friday, June 8, at Spartan Stadium.

After spending three and a half years of dutiful toiling, studious effort, extreme deprivation, and conscientious devotion, I deny that my deepest friends and closest relatives will be enthusiastically delighted to learn that the graduation class is graduating.

I find myself deeply indebted to the composers of this transcript for rewarding individual achievement, and to the Spartan Shop for being reasonable in price. I find, upon totaling the entire financial outlay, it will cost me only \$5.71 for 25 announcements (announcements at 15 cents each and personal cards at 2 cents each).

Upon personal investigation of three local printers, I have obtained estimates for announcements to contain a proper message including the name of the individual and to omit the objectionable printing quality of the seal. Ordering in groups of only 100 announcements with four name changes results in a cost of 14 cents each. For 25 announcements the total cost is \$3.50.

Where is the savings obtained by mass production and student control of the Spartan Shop? Maybe we can write this off as the two-headed monkey raises its ugly heads.

# Quartermilers Lead Spartan Trackmen

## Stanley, Ross Run Fast 440s

Long Tops All Corners, Hurls Spear 246 Feet

By PETER MECKEL (Sports Editor)

San Jose State trackmen appeared to have an excellent chance of doing well in Saturday's West Coast Relays in Fresno after turning in top performances in last Saturday's All-Corners meet at Spartan Field.

Prospects of a top mile relay team loomed after excellent times by the Spartan 440 men in a meet where fast clockings were held to a minimum by a strong wind.

Lang Stanley ripped off a swift :48.0 around two turns in the 440, while Al Ross was right behind at :49.0. Stanley's clocking smashed the meet record and was a new school record for the quartermile around two turns.

Another pleasing feature was the return to form of Art Hiatt, who has been out by a pulled muscle. Hiatt ran a :49.8 440, outstanding after a long layoff. Final member of the relay team Ron Giardina won the 220 and then ran a creditable lap time in the relay. If the boys come through Saturday, the Spartans could run under 3:15.

Although the track performances were below par, field men came through with top efforts. Leo Long, named the outstanding competitor, threw the javelin 246 ft. 2 in., while Fred Barnes set a new field record in the pole vault by clearing 14 ft. 8 1/2 in. Both boys compete for the Olympic Club.

Santa Clara Youth Center's Herm Wyatt won the feature high jump event with a good leap of 6 ft. 8 1/4 in. and beat teammate Vern Wilson and University of San Francisco's heralded Bill Russell in the process. The later pair cleared 6 ft. 6 1/4 in.

Russell, who cleared 6 ft. 8 in. on Monday for the top collegiate mark on the west coast, arrived late and didn't have a chance to warm up before the meet started.

Olympic Club's Ted Rademaker was the high scorer of the meet with three first places, while Don Hubbard and Woody Linn were double winners.

The 100 yard dash was the closest race of the day as five men, San Jose State's Ed Hicks, Van Parish and Val Daniels, San Francisco State's Bob Elmore and Lincoln High's Dick Brown all hit the tape in a blanket finish.

Parish was declared the winner with Daniels, Hicks and Elmore following in order. However, from photographs it appeared Brown was third ahead of Hicks and Elmore. The time was a slow :10.2 because of the wind.

Outstanding high school athlete was Pierce's Walt Goodman who took firsts in his division in the hurdles. His time of :15.2 in the highs was faster than Rademaker's time in the open division, although it was the first time the prep had run over 42 inch hurdles.

Mile—Wood (SCYC), Stephens (SCYC), Cathcart (Un.), 4:23.8.

440—Stanley (SJS), Ross (SJS), Peterson (OC), :48.0.

Hammer—Linn (SCYC), Jengeward (SJS), Heckes (SJS), 131 ft. 6 in.

High Jump—Wyatt (SCYC), (tie) Russell (USF) and Wilson (SCYC) 6 ft. 8 1/4 in.

Shot Put—Wright (SCYC), Burton (SJS), Heckes (SJS), 50 ft. 3 in.

Pole Vault—Barnes (OC), Mattos (SCYC), Hightower (SCYC), 14 ft. 8 1/2 in. (new Spartan Field record).

100—Parish (SJS), Daniels (SJS), Hicks (SJS), :10.2.

Broad Jump—Lewis (OC), Ellis (SJS), McCullough (SJS), 23 ft. 1 in.

Javelin—Long (OC), Bugge (OC), Righter (OC), 246 ft. 2 in.

High Hurdles—Rademaker (OC), Harrison (OC), Schmidt (SJS), :15.4.

880—Pratt (OC), Foster (OC), Larrieu (Un.), 1:56.2.

220—Giardina (SJS), Ross (SJS), Hicks (SJS), :22.6.

Low Hurdles—Rademaker (OC), Parish (SJS), McCullough (SJS), :24.5.

# Spartan Horsehidors Return to Win Column; Decision San Francisco, 7-3

Continuing their mastery over the University of San Francisco nine, the Spartan horsehidors returned to the victory column Saturday, pounding out a 7-3 win over the visitors at Municipal Stadium.

Lefty Bob Borghesani notched his fifth win of the campaign, allowing the Dons just eight hits. He helped his own cause by driving in three runs with a triple and single.

By taking yesterday's win, the Spartans finished out the season's play against the Dons, winning three out of the four contests played between the two clubs.

USF jumped to a quick one run lead in the top half of the first inning, but the local nine bounced back with four runs in their half of the initial frame to score enough for the victory.

Joe Winstead opened the first with a double, but was thrown out at the plate after Stan Beasley singled. Beasley came around on Bill Rahming's double. Jerry Clifford drove in Rahming for San Jose's second marker and Borghesani then scored both Clifford and Chuck Reynolds, who had walked, on his single.

The Spartans added another in the third on a walk to Rahming, a single by Clifford and a fielder's choice by Reynolds. San Jose scored its last two runs in the seventh on a base on balls to Beasley, a single by Rahming, a sacrifice fly by Reynolds, and Borghesani's base clearing triple.

Borghesani struck out eight USF batters, allowing eight hits, while his mound opponent, Tony Basques, struck out four Spartan batters while allowing 12 hits.

Collecting two hits apiece for Coach Walt Williams' nine were

Winstead, Beasley, Rahming, Clifford and Borghesani. Borgy drove in three mates, Reynolds two, and Clifford and Rahming, one each.

Backstop Clifford made the prettiest play of the afternoon when he made a running, spearing catch of a short pop behind the plate.

Yesterday's win for San Jose was its 17th of the season against 10 losses. It was the ninth home victory against only two losses.

Tomorrow afternoon, the Spartans play host to Sacramento State in a game that gets underway at 3:15 p.m. in Municipal Stadium. The visitors hold an earlier decision over the SJS nine in the only time the two clubs met this season.

## Bronzan Shifts Trio To Bolster Gridders

By DICK O'CONNOR

With the annual Spring Bowl football game only two days off, Coach Bob Bronzan continues to shift players in an attempt to strengthen weak spots.

Latest of the players to be shifted is Ben Prather, former All-City fullback at San Jose High School. Prather, who played freshman football at Stanford, has quickly become accustomed to the spot and has proved to be a real tiger on defense.

Others shifted in the last full week of drills were Tom Michell

from guard to tackle and Dick Volmer from tackle to guard. Volmer, a 6 foot, 215 pounder from Los Angeles will provide the guard spots with some needed weight.

George Barrera, JC All American at Fullerton, is finally starting to live up to his reputation and has taken over the pass protection lead among the guards with 49 blocks in 52 attempts.

There have been no serious injuries this spring but several players will not participate in the Spring Bowl because of leg injuries suffered in the last few days. Dick Loyd, a shifty halfback will sit out the tilt with a knee injury and two-year letterman Pat Hiram is a doubtful participant because of a leg injury.

In the race for the downfield blocking trophy, Pete Galloni continues to lead the field. Jim Hughes, last year's winner, is in second place followed by Hal Boutte, "Pork-Chops" Laramie and Hank Sekoch.

The leaders in the "Mr. Pass Protector" competition are Nick Sanger, 73 for 73, the only man with a perfect record, last year's winner with 69 for 70, Al Severino with 48 out of 49 and Jim Craig with 73 successful blocks in 76 attempts.

Laramie is in fifth spot with a 67 for 71 record. Bob Runnels with a 24 for 25 record does not have enough attempts to qualify him for the title.

## College Golf Action To Begin Today

Competition begins today for the All-College golf tournament as the second annual affair gets underway at Hillview Golf Course. Score cards selling at \$1.25 can be obtained in the Outer Quad or at the Phi Sig house after 5:30 until Wednesday.

Trophies will go to the Individual Low Medalist, the lowest scoring faculty member, and to the winning fraternity team. In the fraternity competition, houses will be allowed to enter as many contestants as they wish and from those entered the four with the lowest scores will comprise the team of the respective house.

Participants may buy as many tickets as they desire, and can play any time during the day that the score cards are bought.

# State Department Has Overseas Jobs

To the job hunting young men and women who are seeking the thrills and excitement of living and working abroad, the magic door to a host of positions is being opened in San Francisco this week by the U.S. Department of State which is seeking competent typists, stenographers and clerks for positions at American embassies, consulates and legations abroad.

Any high school, business school or college graduate, armed with good training and three years of general office experience, can obtain a job that will offer the excitement of working with a government program that will take them to interesting places throughout the world. Hong Kong, Rome, Bombay or Washington D.C. are but a few of the 265 posts maintained in 70 countries throughout the world.

Interviews will be conducted at the Federal Building and Civic Center, Fulton and Leavenworth streets through May 18. Interviewing hours are from 9 a.m. to 5 p.m., Monday through Friday, and 9 a.m. to 12 noon on Saturdays.

Young women who are at least 18 years old, type at least 40 words per minute and take shorthand dictation at 80 words or more per minute, can be employed as stenographers at a salary of \$3415 per year. Typists with a speed of 40 words per minute can receive a starting salary of \$3175 per year. These positions are in the Department of State's "home office" in Washington D.C.

Those wishing to work overseas must be between the ages of 21 and 35 years, American citizens, single without dependents, and willing to go anywhere in the world.

# Award Competition Opens For Grad Study Abroad

Competition for United States government scholarships for graduate study abroad for 1957-58 is now open. It was announced recently by Kenneth Holland, president of the Institute of International Education, New York City.

A brochure, describing overseas study awards under the Fulbright Act and the Buenos Aires Convention, has just been published by the Institute. This brochure and application blanks are available in the offices of Fulbright advisers on college and university campuses.

The programs, under the Fulbright act and the Convention for the promotion of Inter-American Cultural Relations, are part of the international educational exchange activities of the State Department.

They will give almost 1000 American citizens the chance to study abroad during the 1957-58 academic year.

Since the establishment of these programs, over 5500 American students have received grants for study abroad.

19 COUNTRIES  
Countries in which U.S. graduate students may study under the Fulbright Act are: Australia, Aus-

tria, Belgium and Luxembourg, Burma, Chile, Denmark, Finland, France, Germany, Greece, India, Italy, Japan, the Netherlands, New Zealand, Norway, the Philippines, and the United Kingdom. In the Asian countries, Burma, India, Japan and the Philippines, as well as in Greece, only a limited number of grants are available and mature graduate candidates are preferred.

Countries participating in the Buenos Aires Convention program are Bolivia, Brazil, Chile, Colombia, Costa Rica, the Dominican Republic, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru and Venezuela.

Eligibility requirements for these foreign study fellowships are: United States citizenship; a college degree or its equivalent at the time the award is to be taken up; knowledge of the language of the country of application sufficient to carry on the proposed study; and good health. Preference is given to applicants not more than 35 years of age.

Final selection of Fulbright grantees is made by the Board of Foreign Scholarships, ten leading educators and educational administrators appointed by the President of the United States.

The Institute of International Education, a private agency which administers programs for the exchange of students, teachers and specialists, has been designated by the Board of Foreign Scholarships and the Department of State to screen applications for study abroad. Under the Buenos Aires Convention, the Institute makes the preliminary recommendation of candidates, with the cooperating countries making the final selection of candidates for study within their borders.

Awards under the Fulbright Act are made entirely in the currencies of participating countries abroad. This Act authorizes the use of foreign currencies and credits acquired through the sale of surplus property abroad for educational exchanges. The awards cover transportation, expenses of a language refresher or orientation course abroad, tuition, books and maintenance for one academic year.

Cook said Kefauver will leave California May 14 for Oregon for three days of campaigning before Oregon's May 18 primary.

# Kefauver To Continue California Campaigning

SAN FRANCISCO — (UP) — Democratic hopeful Estes Kefauver returns to California this week for seven days of handshaking in his campaign to win the state's 68 delegates to the Democratic Presidential Nominating Convention.

Lyle E. Cook, Northern California chairman for Kefauver's campaign, said the Tennessee Senator will spend three days in Southern California before flying to Sacramento Friday where he will head a downtown parade. Included in Kefauver's tour through Central and Northern California are Visalia, Merced, Chowchilla, Madera, Fowler, Los Banos, San Mateo and San Francisco.

Cook said Kefauver will leave California May 14 for Oregon for three days of campaigning before Oregon's May 18 primary.

# Veterans Administration Develops Plan For Residency Training in Radiology

Veterans Administration announced it has developed a plan for career residency training in radiology for full-time physicians. This will be to overcome the acute shortage of certified radiologists in the department of medicine and surgery.

The program will begin July 1 in VA hospitals at Los Angeles, Minneapolis, Bronx, N.Y., Cleveland, Long Beach, Dallas, Hines, Ill. and Philadelphia.

VA said the new plan will not be a substitute for the regular residency program, nor will it interfere with the program now in effect.

The plan has an obligated service requirement of two years. Prior service in VA is not a requirement as long as the obligated service contract is signed.

Further information concerning the program may be obtained from the managers of the designated hospitals selected for the training or from the Director, Radiology Service, Veterans Administration, Washington 25, D.C.

Similar programs are in effect for the VA neuropsychiatric service and for the physical medicine and rehabilitation service.

# Nursing Faculty Attend Asilomar Clinical Meet

The faculty of the Department of Nursing spent April 30 and May 1 and 2 at Asilomar attending an institute which was sponsored by the California State Board of Nurse Examiners.

Miss Emily Holmquist, from the University of Pittsburgh, who is a national authority on clinical teaching, and Dr. Ole Sands, from Wayne University, led the institute which was planned to improve the work of clinical teachers in schools of nursing.

# Alpha Eta Sigma Initiates Members

Alpha Eta Sigma, national honorary accounting society, initiated 13 new members at its annual initiation dinner held at Lou's Village last week.

The guest speaker was Dr. Edward Keeley, dean of Golden Gate College. He spoke on the topic, "Graduate Study in Accounting."

Those students initiated were Charles Hamlin, Guido Tonin, Tom Hirota, Jack Sisk, Joyce Fauguet, Glen Young, John Vchimura, Donald Martwick, Lyndon Lyon, Stan Ratzlaff, Milton von Damm, Akimi Irino, and Leroy Anderson.

# Students To Enter Orchestration Concert

SJS students will participate in an orchestration concert to be presented in the Studio Theater. The concert has been set for Thursday, May 24, at 8 p.m.

The first part of the two-part concert, will be a demonstration of modern dance techniques with a narration. The second part will feature nine dances by the students themselves. Solos, group compositions and various other numbers will make up the program consisting of dances from comedy to serious.

The students are in rehearsal now for the forthcoming production, Mrs. Elisabeth L. Sennett is faculty adviser.

# Coaches Banquet Held in Palo Alto

Fifty-six persons attended the Coaches Banquet, sponsored by the Alumni Board, Tuesday at Hal's restaurant in Palo Alto.

Toastmaster for the occasion was Hal Blethen, president of the Alumni Association.

Speaking at the banquet were Tiny Hartman, chairman of the P.E. Division; Bud Winter, track coach; Bob Bronzan, football coach; Walt Williams, baseball coach; and Bill Hubbard, director of athletics, president.

# To Teach Conservation

Miss Lola Eriksen, instructor in science education, was recently selected to be one of the teachers on the summer staff of the University of California at Santa Barbara, according to Dr. Carl D. Duncan, chairman of the natural science division.

Miss Eriksen will teach a three-unit course in conservation at the six week session.

# Girls Walked A Mile From J. Paul Sheedy\* Till Wildroot Cream-Oil Gave Him Confidence

"Done anything tonight honey?" Sheedy asked his little desert flower. "Get lost!" she shrieked. "Your hair's too shaggy, Sheedy. Confidentially it sphinx!" Well, this was really insulting. So J. Paul got some Wildroot Cream-Oil. Now he's the picture of confidence because he knows his hair looks handsome and healthy the way Nature intended . . . neat but not greasy. Take Sheedy's advice. If you want to be popular, get a bottle or tube of Wildroot Cream-Oil. Nomad-der if your hair is straight or curly, thick or thin, a few drops of Wildroot Cream-Oil every morning will keep you looking your best. You'll agree Wildroot really keeps Sahara-n place all day long.
