

CENTENNIAL DISPLAYS — Bruce McClelland, (right), president of the San Jose Merchants Assn., checks with Jerry Goldstein (left), sophomore engineering major, and Shirley Ann Duarte, junior education major, about Spartan materials available for Centennial window displays. SJS pennants, pom poms, athletic equipment, photographs, Centennial brochures, and other materials will be loaned to merchants of the San Jose area for special displays. Many firms plan to devote at least an entire section or more to recognize the college Centennial celebration. These firms are cooperating with the college in the anniversary of our pioneer educational institution. The exhibits will be on display from April 29-May 11.

Sellers Will Not Appear in Court

Senior Justice John Sellers, in a letter to Chief Justice Gary Clarke, yesterday indicated that he would not appear before the court today on charges of non-feasance because he had not properly received a summons. In addition, Sellers asserted that he had "no intention of resigning his office."

Sellers was ordered before the Court at the suggestion of the Student Council for a hearing involving failure to carry out his duties. The Council pointed out Wednesday that Sellers had missed four Court meetings this semester. His absence at one of the meetings caused the Court to be without a quorum, causing the Alpha Phi Omega fraternity mixup last week, according to Clarke.

Clarke, who wished to resign after today's session, agreed last week to remain as Chief Justice until after Sellers' hearing. Clarke submitted a letter of resignation last week, stating that he was overworked with student teaching observations, heavy study schedule, and 40 hours a week outside work.

In his letter, Sellers asserted that he learned of his possible expulsion via the second-hand source of the SPARTAN DAILY. He claims that he will not leave his justiceship because he feels that other student government officials have been inefficient too.

The Court, which meets at 3:30 p.m. in the Student Union, will discuss the coming elections, according to Clarke. A special court session will be held tomorrow at 3:30 p.m. to hear the case of Freshman Emily Dennis who has been charged with campus poster violations during the March 14-15 class officer election. Miss Dennis is not able to attend today because of work commitments, according to Clarke.

Committee Head Lists Scholarships

A number of scholarships are available for the 1957-58 academic year for SJS students, according to Dr. Karl Mueller, chairman of the scholarship committee.

Deadline for making application is April 19. Interested students should complete an application form and secure a scholarship bulletin in the Personnel Office. Additional information may be obtained when students complete their forms.

The California Congress of Parents and Teachers is offering six scholarships valued at \$400 each. Four of these are for elementary education major who are either upper division or graduate students. Two scholarships are offered for fifth year students working for general secondary credentials.

Students interested in the PTA scholarships should contact Miss Bethel Fry, assistant professor of education, in Room 51.

Standard Oil of California offers two scholarships for undergraduates valued at \$400 each.

All of the scholarship awards are based upon the individual's scholarship and financial need. In addition, Standard Oil emphasizes leadership and activities.

According to Dr. Mueller, other scholarships ranging from \$50 to \$200 are available from the general scholarship fund.

Coed Injured In Freak Fall

Betty Jo Cryslar, 19, a junior education major, who injured herself last Thursday by falling through a plate glass door, is recuperating at her home in San Mateo, according to Barbara Francard, Sigma Kappa sorority member.

The accident occurred at the Sigma Kappa sorority house, 168 S. 11th St., as the girl, an accomplished acrobat, was demonstrating a whirling dance step to other sorority members.

She was rushed to San Jose Hospital, but released Saturday to her home.

According to Miss Francard, Miss Cryslar suffered a cut nerve in her ankle, cuts across the bridge of her nose, and other minor cuts and scratches.

Shields Plan Rush

Spartan Shields, men's honorary service organization, will hold a rush function tonight at 7 o'clock in the Student Union, according to Bill Bjorge, Shields president.

Refreshments will be served.

Low Averages To Disqualify Seven Seekers

Seven officer hopefuls were disqualified from the April 30-May 1 all-school election yesterday for grade point deficiencies, according to Gary Clarke, Student Court chief justice. The disqualifications narrowed to 56 the number of students running for the 26 offices at stake.

Candidate hopefuls eliminated by the 2.25 grade point average requirement are Bruce Bush, ASB treasurer; Mike Donovan, junior representative; Herb Effron, male senior justice; Eleanor Gabler, junior secretary; Bob Levin, junior justice; Dave Towle, male representative at large; and Carol Young, sophomore secretary.

Official candidates are Don Ryan and Dick Sandretto, ASB president; Cal Callaway, Ted Terzakis and Al Walburg, vice president; Liz Bell and Joan Oeser, recording secretary; Kay Collins, Marjorie Jackson, Masako Kawachi, Joan Malloy and Jeanne McHenry, corresponding secretary; Chuck Miller and Grant Salzman, treasurer; Ginger Buss, Carol Crisler and Alice Kunz, female representative at large; and Bob Hosfeldt, and Bill Sturgeon, male representative at large.

Court candidates are Claire Gill and Suzanne Slater, female senior justice; Ron Orland and Welvin Stroud, male senior justices; Dee Williams, Chris Richards and Barbara C. Johnson, female junior justice; Bill Bjorge, junior male justice.

Class officer candidates include Carol Perkins and Jerry Siebes, senior president; Alicia Cardona, senior vice president; Vivienne Andres, senior secretary; June Bibb, senior treasurer; Betty Roberts, Ed Kindred and Penne McClenahan, senior representative.

Bill Douglas, junior president; Nev Griffin, junior vice president; Jerry Reith, junior secretary; Lavonne Gomes, junior treasurer; Bev Crawford, Marshall Gibson, Lee Sorg, junior representative.

Sophomore candidates are Jerry Snyder, president; Ron Robinson, vice president; Donna Dean and Dave Rowe, secretary; Nina Carson and Sandy Creech and Donna Lenz, treasurer; and Earline Graff, Pat Maloney, Robert McClenahan, Mike Mras and Mary Lu Odgaard, representative.

Teachers Discuss School Discipline

The question of discipline in the public schools will be discussed by three local educators tomorrow at 3:30 p.m. in Room 157. The event will be open to the public.

The discussion, sponsored by the SJS chapter of the California Student Teachers Assn., will be moderated by Dr. Lowell Keith, head of the Department of Elementary Education, according to Jim Rauken, CSTA president.

Others on the panel will be Mrs. Harriet Rudd, teacher at Willow Glen High School, and Lewis T. Clohan, Herbert Hoover High School teacher. Clohan is the head of a San Jose Unified School District committee now investigating the discipline problem in local schools.

Demonstration Set

A judo demonstration by students of Yosh Uchida, instructor in physical education, will highlight the meeting of the California Association for Health, Physical Education and Recreation to be held tomorrow at 7:30 p.m. in the Men's Gymnasium, Room 210. All men and women P.E. majors are invited, according to Janice High, CAHPER Council secretary.

SJS Gives Shots

Polio shots will be given Wednesday from 2-4 p.m. for all students who missed their second shot, according to the Health Office. The shots will be given in Room 31, of the Main Building.

Student Union Okayed

Six Students To Speak On Segregation

Six student speakers will tell of personal experiences involving discrimination, tomorrow evening at 7:30 o'clock in the Student Y in an effort to help interested students analyze the problem of housing discrimination at SJS. The Rev. Jim Martin will conduct the meeting.

"We hope students will take advantage of this opportunity to make an evaluation of the housing problem and to discuss with other concerned students possible courses of action," Mel Powell of the Student Y Social Action Committee, said.

Powell indicated that group recommendations would be presented to the Student Council committee studying discrimination. "We wish to help the committee," Powell said, "instead of working against it."

The housing discussion is open to any interested student, Powell said. All campus organizations, church groups and living groups have been notified of the meeting.

Seniors Sign Les Brown's Band for Ball

The Seniors yesterday announced the signing of Les Brown for their Ball and the other classes discussed money-making projects during their meetings.

SENIORS NAME BAND
Les Brown and his "Band of Renown" have officially been named to provide the musical entertainment for the Senior Ball, although no definite site has been selected by the Senior Class Council.

Brown has signed to play for the Ball June 7, Grant Salzman, who is in charge of the dance arrangements, reported yesterday to the class meeting. The famous bandleader will bring his entire troupe with him, including singer Jo Ann Greer, and entertainers "Butch" Stone and "Stumpy" Brown.

JUNIORS RESPOND

The Junior class responded favorably to President Bud Fisher's proposal that the class investigate the possibilities of selling coffee and doughnuts outside the Business Wing during daily morning breaks.

Volunteers for a committee to investigate the idea were Carroll Perkins, Joan Virgne, Alicia Cardona, Jerry McMillan, Sam Rivos, Claire Gill, and Jeanne Oakleaf.

The class will next meet Monday, April 29, at 3:30 p.m. in Room 24.

SOPHS PLAN SALE

Final plans for a snow cone sale were completed at the Sophomore Class meeting yesterday. The sale will begin Wednesday, April 24, and will be conducted every Monday and Wednesday from 11:30 a.m. to 3:30 p.m. for the remainder of the semester. Gene Fink is chairman for the sale.

FROSH ASKED TO AID

Bob Young, freshman representative to the Student Council, yesterday called on the Freshman class to support the council in money making activities to support three Hungarian students at SJS.

The class also voted to accept May 17 as a date for the Grand Triad with Stanford and California on the Stanford campus at the suggestion of California's Freshman president. The date is tentative, however, contingent on acceptance of Stanford.

The challenge of the Sophomore Class for a volleyball game was accepted by the Frosh at yesterday's meeting.

Finance Committee Approves \$650,000

The Senate Finance Committee in Sacramento today approved a \$650,000 appropriation for a new Student Activities Building for San Jose State.

The budget item won unanimous approval of the Senate Finance Committee yesterday, but it still must be approved on the floor of the Senate and the Assembly.

This virtually assures that it will remain on the state budget for 1957-58.

The appropriation had already been approved by the Assembly's Ways and Means Committee, which is the assembly's budget-cutting group.

Sen. John F. (Jack) Thompson (R-Evergreen) backed the bill by presenting arguments before the Senate group. He explained that, although San Jose State will be the first state college to get a student activities building under a new state building program, a five-year master plan calls for similar structures at all college campuses.

The approval of the building

constituted a new legislative policy to provide student activity buildings at all state colleges needing structures to house student organizations.

President John T. Wahlquist was in Sacramento at the time of the bill's passage, as was Dr. J. Burton Vasche, associate superintendent of public instruction, who is in charge of the Division of State Colleges.

Plans call for the new Student Union to be erected on the east side of 7th street, straddling what is now San Antonio street.

The present Union is the former Carnegie Library of the city of San Jose. It is about 45 years old.

When the college library is expanded northward, as planned for in the 1958-59 budget, the present Student Union will have to be razed.

According to Executive Dean C. Grant Burton, the new Student Activities Building will consist of student offices, committee rooms, and one lounge.

AFROTC Detachment To Be Competitor Host

SJS's AFROTC detachment will play host, Friday, to the annual Bay Area drill competition.

In addition to the campus drill team, 20 to 30-man squads from Stanford, California, San Francisco State and Fresno State will take part in the competition which

is scheduled to begin at 1:15 p.m.

The winning drill team will participate in the Area "J" finals to be held at Cal on Friday, May 17.

SJS's 20-man team, under the co-direction of cadet drillmasters Dave Parker and Richard Alber, is coached by senior cadet Anthony Cook. In last year's sub-area competition, the SJS drillers placed second.

Hamann To Speak

A. P. "Dutch" Hamann, city manager of San Jose, will be the guest speaker for today's senior Business Lecture Series at 12:30 p.m. in Morris Dailey Auditorium. Hamann will inform all interested seniors of the problems on "Managing a City Government."

Judges for Friday's competition, which will be held on the Women's Athletic Field, will be Col. John Jordan, Col. Arthur Hogan and Maj. Kermit A. Wagner. Col. Hogan is an Army ROTC instructor at the University of Santa Clara while Col. Jordan and Maj. Wagner are from the local Air Force Reserve.

UNITED PRESS ROUNDUP

House Delays 'Rights' Bill

WASHINGTON (UP) — President Eisenhower's civil rights program suffered a setback in Congress today.

The House Rules Committee refused by a vote of 6 to 4 to set a date for hearings on the measure, Rep. Richard Bolling (D-Mo.) said the action means the bill can't be sent to the House floor for debate until sometime after April 28 when Congress' 10-day Easter recess ends.

Supporters of the bill had been urging speedy action on it. They argued that the greater the delay in the House, the later in the Congressional session the measure will get to the Senate.

planning to use helicopter transportation.

Sen. Richard L. Neuberger (D-Ore.) scolded critics who have complained about the cost of helicopters, automobiles and other White House expenses.

He labeled such complaints "mere demagoguery."

NUCLEAR TEST IN RUSSIA

WASHINGTON — The Atomic Energy Commission reported today that the Soviet Union tested another nuclear weapon April 6, the second in less than a week.

Address Will Highlight SJS Pan-Am Week

An address by Dr. Russell H. Fitzgibbon, UCLA authority on Central and South America, will be the featured event of the Social Science Division's week-long observance of Pan American Week.

Dr. Fitzgibbon will speak on "If Monroe Came Back" in the Concert Hall of the Music Building tomorrow at 11:30 a.m. He will trace the recent developments and possible future of Inter-American relations and problems.

In addition to being chairman of the committee on Latin-American studies at UCLA, Dr. Fitzgibbon is a member of the American Political Science Assn., Western Political Science Assn., American Society for International Law, and Board of Editors for the Inter-American Economics Affairs, and the National Advisory Committee of the Hispanic American Report.

Dr. Fitzgibbon writes for the editorial feature page of the Los Angeles Times and is author of the book, "Uruguay: Portrait of Democracy." In addition he is author of "Cuba and the United States," "Latin America, Past and Present." He was the editor of "William Allen White's First Forty Years," a compilation of the Kansan's famous editorials.

He received his A.B. degree from Hanover College, Indiana. He obtained his M.A. degree in political science from the University of Wisconsin, where he also received his Ph.D. degree.

The Social Science celebration commemorates the first U.S.-Latin America conference in 1890, and is part of San Jose State's series of Centennial activities. Week long Latin-American exhibits will be displayed by the school's departments of Natural Science and Home Economics, and by the college library.

Dr. Edward J. Rogers, assistant professor of political science, is chairman of the observance. Mrs. Mildred Winters, assistant professor of history; Dr. Edwin Flittie, assistant professor of sociology, and Dr. Leonard Weiss, assistant professor of economics are assisting Dr. Rogers.

RIOT IN CHILE — A group of students who helped stage riots in Santiago, Chile last week are shown carrying away a wounded comrad. The street riots came as a result of rising prices and living costs. Police and soldiers had to fire on the demonstrators to quell riot.

Council Appropriation Opposed

The Student Council should reconsider its allocation of \$450 to the judo team if the Board of Control rejects the appropriation today and returns it to the Council tomorrow. If not, the Council may be sticking its neck out for future special allocations to athletics and campus organizations.

The issue brings to a head the annual headaches of matter of principle versus the obvious merit of the team in mention. All athletic teams should be able to attend NCAA and AAU events. These events generally culminate the athletic season and the competition encompasses the cream of the athletic crop. Athletes work all season for these meets and some even schedule their development to reach their peaks during the time of the big meets. A season without a climax such as a possible football bowl bid, post-season cage tournament, NCAA track meet, NCAA baseball playoffs or the AAU judo meet in Hawaii, is not a season at all.

A favoring fact of distinction encompasses the judo team, however. There is no NCAA judo competition and the only big meets are the AAU events. Sights are set on AAU meets by team members. Until judo becomes nationwide in college ranks, AAU competition reigns supreme and the Hawaii meet tops them all.

But the fact remains that approval of this special appropriation will pave the way for future requests. Although the teams will be different, the requests varying and the Council in sole command to act as it pleases on each request, the precedent will be there and request denials will create even harder feelings.

The whole issue boils down to some need of altered budget planning between the Council and men's athletics. Either the teams get their money from the men's athletics budget or they don't at all. To avoid being subjected to serving as an athletic reviewing board where merits and possible success of the team would have to be discussed in order to decide whether it would approve allocations, the Council may have to ask that men's athletics give consideration to big meets in their annual budget requests. Men's athletics would then be placed in the unenviable but necessary position of determining whether each team would be worthy of attending post-season events. Merits, unfortunately, rarely unfold when the annual budget requests are called for. But something of this nature is in order.

If the issue reaches the Council tomorrow a Council precedent for future athletic requests will be established. If the Council again approves the appropriation, men's athletics need not discontinue future special requests. Council rejection of the item should make it clear that a revival of men's athletics budgeting will be necessary to make allowances for top athletic meets.

Package Selection Reveals Emotions

A woman "picking up a little something" in a store doesn't only indicate that she needs something, according to the United Press. Dr. Ernest Dichter, making a study of shopping habits for the Paraffined Carton Research Council, reports that the woman is revealing her emotions, her desires, and her social longings.

He adds that package selection allows customers to "express their own image of themselves."

He emphasizes that consumers have a natural desire to achieve higher status and that this desire influences package preferences.

This appeal to emotional and psychological needs is being recognized by package designers in creating containers.

One consumer, when asked about a perfume purchase, told her interviewers, "The box is so good looking and the bottle is so swanky, you'd think it cost \$20 an ounce."

Extensive research, said Dichter, has shown that status is one of the standards that buyers themselves have set up in judging packages.

ED. NOTE. This column was "flooded" with letters written in reply to the letter labeled "Anti-Segregation" that appeared April 4. Consequently, due to lack of space only excerpts from the letters are published below.

Lethargic

Dear Thurst and Parry:

The first and probably the only compliment we may pay you is that you are truly representative of the American public—lethargic, sensation-seeking, conclusion-reaching...

We speak eloquently of "democracy" and hope that many of the neutral nations of the world will swing toward our point of view. Yet, how can these nations be assured of humane and fair treatment when it is forbidden to people of our own country?

We are not radicals and do not propose mass intermarriage or unwholesome social contacts. But, let us forget color barriers and start on the same plane. Those who fail should do so only because of their misfortunes or lack of incentive, not because of a handicap.

Thrust and Parry

placed on them by birth... If and when such things as intermarriage and intimate friendships do occur, society will probably be ready for them. Until then let's not fill our minds with petty details. Young educated people, there are more important things to be done.

Laughable

Dear Thurst and Parry: I should have laughed at the appalling letter by ASB 7153 were it not for the pathos of the ignorance which it contained and the realization that this is the "raison d'être" of a great many segregationists.

Isn't it possible that if minorities were admitted to Greek organizations, that they would find, in partaking of the organization's social events, the same fellowship with, as well as a possible future spouses of, members with similar racial or creedal backgrounds?

Finally, suppose one doesn't want one's sister to marry a Negro (or a bartender or an Eskimo). Will the perpetuation of the institution of segregation prevent her from marrying whomever she chooses, be he "heathen" or Christian, white or black, pink or mauve?

Absurd

Dear Thurst and Parry: The letter completes an answer simply by the absurdity and asininity of the majority of the statements made therein. This person stated that "I will try to state the

Round-the-World

Dr. Olive Gilliam, professor of history, who recently returned from a year's round-the-world trip, will speak of her travels at 10:30 a.m. today in Morris Dailey Auditorium.

For the U.S. as a whole, the number of general hospital beds increased by 200 per cent from 1909 to 1955, according to a recent report of the Health Information Foundation.

exact issue at hand... but the vague use of "etc." appeared twice in the article...

The main troubles with this article are twofold. First, the generalizations are sweeping and unsupported, and second, it is illogical...

I might add that I have, and have had, many Negro friends. Several have been females but I have never necked with, married nor had children by them. I am sure others have had the same friendly and social relationship with Negroes of both sexes without any amorous or matrimonial relations ensuing therefrom.

Frustrated

Dear Thurst and Parry: I find it most interesting that all social fraternities advocate only necking... Picture the expensive frustration demonstrated by ASB 7153...

Jealous

Dear Thurst and Parry: In reading the layings of Mr. "X", I must say I'm proud someone has the "guts" to put his cards on the table. However,

Hint for Anglers

SACRAMENTO —(UP)— California's fish and game department has come up with a suggestion that will please anglers but may not make sporting goods stores happy.

No need to run short of sinkers, the department advises. Cut an empty shaving cream or toothpaste tube into small squares and keep a few along with other fishing gear. The easily twisted squares can be wrapped around the fishing line to form a home-made sinker.

There have been no alligators reported in the Rhine River since recorded study was begun in 1468.

Mighty Spartans Battle Stanford

The mighty San Jose baseballers, fresh and happy from their 4-3 victory over California, Saturday travel up the Peninsula today to tackle Stanford at 3 p.m.

In besting the Bears, the class of the California Intercollegiate Baseball Association, the local heroes elevated themselves into a position comparable with the best in the State. Their season record is 13 wins, five losses and two ties.

Tuck Halsey, who makes a habit of beating Stanford, will chuck today for Coach Ed Sobczak's Spartans. Halsey has thrice defeated the Indians. Earlier this year he stopped the farmlanders on a four-hit shutout. The Spartans own two shutout victories over Stanford this season.

Coach Sobczak, who was all smiles yesterday, said he would have Joe Winstead leading off and playing center-field; Bob Krail or Chuck Camuso, SS; Don Hodgson,

2B; John Rostomily, 1B; Jim Craig, RF; Jerry Clifford, C; Bob Gadsby or Bob Colombo, LF; Jim Schmiedt, 3B; and Halsey on the mound.

The locals will be home Friday when they meet College of Pacific in a single game scheduled to start at 3 p.m. The Spartans dumped the Tigers in both ends of a double-header.

Frosh Nine Plays Menlo

The Spartan frosh baseball club goes into action today against Menlo at Spartan Field, after being bopped, 3-1, by the Stanford yearlings over the weekend.

Lefty Larry Williams hurled a three-hitter, but lost his third game.

Catcher Dave Andrews collected two hits in three plate trips to spark the locals, with Mike Jones also aiding the attack.

John Jurivich is the leading frosh hitter at .417. Andrews is next with a .333 swat mark.

No Frat Playoffs; ATO Nears Crown

By LARRY REESE

"As there is only one Fraternity League round robin setup, there will be no fraternity League playoffs for a representative to battle the Independent League's champion this Friday night," Bill Perry, intramural director, said yesterday.

Since the Independent League is composed of two semi-leagues—the Pacific Coast and Inter Coast—they will play four contests to determine the representative to meet the Fraternity League champion.

The Greek round robin closes tonight with the leader Alpha Tau Omega in a mathematical tie for the title prior to game time. It has a 9-0 win-lose mark and leads second place Delta Upsilon by a game. DU has an 8-1 mark—the only loss coming at the hands of ATO, 57-42, last Thursday.

Therefore, if ATO can beat The-

ta Xi (5-4) tonight it will win the Fraternity League crown and meet the Independent League champion for the Intramural championship this Friday night at 8 o'clock in the Men's Gym.

Here's the way the Independent League king will be selected:

1) Tomorrow night at 7 p.m. the Sparvets (winners of the Inter-Coast League with an 8-1 record) will play Tap-A-Keg-Five (second place finishers in the Coast League with an 8-1 mark).

2) At 8:30 p.m. tomorrow night, the Bruins (second place team in the Inter-Coast with a 6-3 mark) will meet Pi Kappa Alpha (champions of the Pacific Coast League with a perfect 9-0 record).

3) On Thursday night, the losers of Wednesday night's games will play at 7 o'clock in consolation action.

4) At 8:30 p.m. on Thursday night, the winners of Wednesday night's games will play for the Independent League championship.

As far as favorites are concerned, PIKA, Tap-A-Keg-Five and the Sparvets are all strong with PIKA having a slight edge.

Tap-A-Keg-Five lost to PIKA by a last minute field goal, 44-42, on March 20, but PIKA has posted tremendous one-sided victories over other Pacific opposition, averaging around 75 points per contest.

The Sparvets rate as a dark-horse because of their tight defense and ball handling.

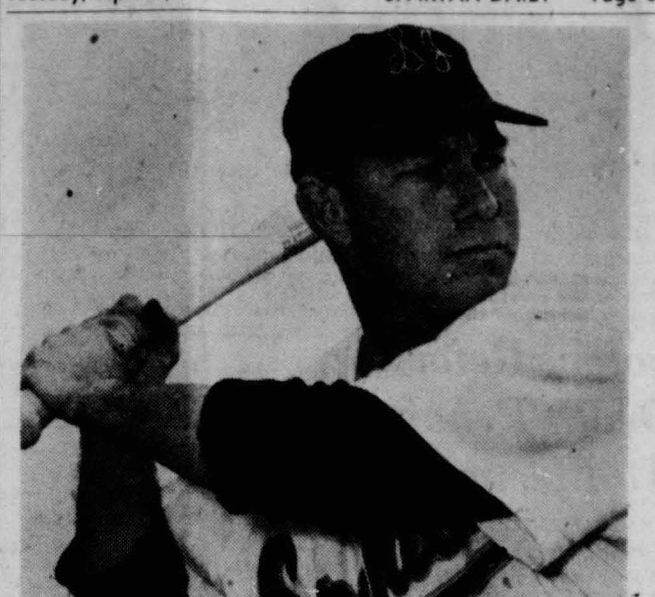

If PIKA can get past Independent League foes, they will face ATO, which hasn't lost an Intramural cage contest in 23 games.

HOMER HEROICS—Joe Winstead, who blasted a 350 foot homer to lead the Spartans to a 4-3 win over California last Saturday, is shown above set to take a heavy cut at the ball.

Norton Vs. Cal's King In Saturday Dash Duel

By RANDIE E. POE

Whipcracker Bud Winter and his Spartan thinclads are plotting to perform considerably better than most observers expect them to against Cal and the University of Washington at Berkeley next Saturday.

Winter was pleased with his charges' "upset" last week over the San Francisco Olympic Club, but he felt "many of our boys were too tight." By "tight," Winter, of course, was referring to competitive condition and not alcoholic intake.

Actually, even with all-time bests, SJS's chances for victory are remote.

Lithe Leamon King, whom many believe to be as good under fire as Olympian Bobby Morrow, and SJS's Rapid Ray Norton hook up in a display of running pyrotechnics. King, any way you cut it, has to be the favorite.

Norton's century clockings in the last three meets have been :9.7, :9.4, and :9.5. King running against the clock for the first time this year, recorded a :9.7 last week. The Cal Clipper runs only to win, however, and little of his reserve speed was used against UCLA.

In the furlong, Norton has hummed :20.8, :20.3, and :20.9. The last two clockings were run with a six-to-seven mile trailing wind. King's only 220 booking thus far has been :21.1.

Sports Roundup

Phillips Leads Gym Triumph

Ron Phillips, sparkling on the still rings, grabbed the all-around competition to lead the Spartan gymnastic team past the San Francisco Olympic Club, 66½-39½, in Spartan Gym Saturday.

Jack Alberti captured the tumbling event and Ed Tryk won the free exercise for the Spartans.

The results:

Free Exercise—Ed Tryk (SJ), Jack Alberti (SJ), Ron Phillips (SJ).
Trampoline—Doc Spaan (OC), Phillips (SJ), Bob Davis (SJ).
Rope Climb—Jack Diggins (SJ), Mickey Zavack (SJ), Phillips (SJ).
Horizontal Bar—tie Phillips (SJ) and Eugene Perillies (OC), tie Davis (SJ) and Dean Hillier (OC).
Parallel Bars—Jim Warren (OC), Perillies (OC), Phillips (SJ).
Tumbling—Alberti (SJ), Doc Spaan (OC), Phillips (SJ).
Side Horse—Jim Warren (OC), Jack Alberti (SJ), Ed Tryk (SJ).
Long Horse—Hillier (OC), Tryk (SJ), Phillips (SJ).
Still Rings—Phillips (SJ), tie Tryk (SJ) and Warren (OC).
Swinging Rings—Zavack (SJ), Hillier (OC), tie Phillips (SJ) and Warren (OC).
All-around competition—Phillips (SJ), 585; Warren (OC), 565; Tryk (SJ), 562.

The Intramural wrestling tourney opens today at 3:30 p.m. in the Men's P.E. Building.

Pairings will be listed on the bulletin board in the wrestling room (207) after 10 a.m.

All contestants except those drawing byes will wrestle today.

Cager Marv Branstrom yesterday received the San Jose Alumni Assn. trophy as the Most Valuable Player on the 1956-57 SJS basketball team. Gil Egeland was named the Most Improved Player in the luncheon at Havenly Foods.

The average income west of the Rockies is less than \$2000 a year.

Spartans Battle Gator Golfers

Coach Walt McPhersons Spartan golf team treks to San Francisco today for a dual match with the San Francisco State Gators.

Ross Carley is expected to lead the locals. He will receive sturdy help from Eddie Duino Jr., Jack Cummings, Jack Clark, Ernie George and Ray Waterman.

Basketballer Milt Garfield probably will head the Gators' entries.

Tau Delta Phi, men's honorary fraternity, was founded in 1916 as an education majors' fraternity.

Fashion News for Seniors!

LOOK YOUR SMARTEST LEADING THE EXECUTIVE LIFE OF A WAC OFFICER

This Chic Wardrobe Compliments Your Executive Career
As an Officer in the Women's Army Corps

FOR THAT "EXECUTIVE LOOK" the smooth, flowing lines of this tulle uniform are just right. As a WAC officer, you'll start your career with a position of vital responsibility—working side by side with male officers in important staff and administrative assignments. A stimulating job—challenging, rewarding—will be yours.

AN EYECATCHER! Even in fashion-conscious Paris or Rome this white summer dress uniform stands out. Yes, you'll have the chance for that exciting foreign travel you've dreamed about—touring historic lands, learning new customs, meeting new people. The prestige accorded an American officer, your rank and your pay will make your trips doubly enjoyable.

FOR ENCHANTED EVENINGS at the officers' club, you may wear your own frothiest gown, and, if you wish, may don civilian clothes during any off-duty hours. You'll find a full social life waiting for you in the WAC—whether day to day, with your fellow officers, or taking your big 30-day paid vacation every year.

THE ADJUTANT GENERAL
Department of the Army
Washington 25, D. C.
Attn: AGSN-L

Please send me further information on my career as an officer in the Women's Army Corps.

Name _____
Address _____ State _____
City _____ Major _____ Date of Grad _____
College or Univ _____

If you are interested, send for full details on the executive career that awaits you as a WAC officer in the United States Army. Fill in and mail this coupon today.

JUNIORS—You can find out that this wardrobe fits you perfectly by wearing it yourself for 4 weeks this summer. The Women's Army Corps offers you a month's training for you to become more familiar with Army life, so you may decide whether or not you want to apply for a commission during your senior year.

HOW WAS THE CROOK TOOK?

QUIMBY, WISC. (March 3). Police today arrested the foul felon who heisted the cash register at Jones' Gas Station. When arrested, the base servant of the devil kept muttering, "Drat the shirt, drat the shirt."

Let's look at the events leading up to this story. After the holdup, the police quizzed Victim Jones. Jones couldn't identify the yegg. "The wanton jackdaw who cabbaged my cash wore a mask," said Jones. "The only distinguishing feature about him was his shirt. A beauty! The collar was absolutely free of wrinkles. Oh, he was a neat one!"

Meanwhile, the second, knowing that his wrinkle-free and enviably-neat collar was a dead giveaway, tried desper-

ately to slip some wrinkles into it. He stamped on it with hobnail boots. He slugged away at it with a club. But not a wrinkle! So later, as he skulked down Main Street, his shirt was noticed, admiringly, by a detective and he was arrested lickety-split. Good work, copper!

By now you will have guessed that the miscreant wore a Van Heusen Century Shirt. But of course! It's the only shirt in the world with the soft collar that won't wrinkle ever. It never needs starch, so it's always comfortable. The Van Heusen Century also lasts up to twice as long as ordinary shirts, yet costs no more. \$4.00.

Ambassadors Meet For SF Conference

SAN FRANCISCO (UP)—Ambassadors of 19 Latin American countries and the United States opened a three-day conference here today to discuss military security and the preservation of peace in the Western Hemisphere.

The ambassadors are delegates to the Organization of American States (Pan American Union), which is holding its first Pacific Coast meeting in observance of Pan American Week.

The group is headed by Dr. Fernando Lobo of Brazil, chairman of the Council of the OAS. Dr. John C. Dreier, U. S. Ambassador to the OAS, represents the State Department at the session.

The statesman arrived here last night on two flights, the second of which was delayed in Denver, Colo., when one plane developed engine trouble and the party was forced to change planes.

The ambassadors had a busy schedule planned for today. Following a press conference at 9:30 a.m. PST, they were officially greeted by Mayor George Christopher at City Hall.

Later they will be honored by a luncheon given by the Consular

Association of American Nations—during which the ambassadors will be called upon to elect a Miss Pan America of 1957 from a group of girls representing their nations.

Following the lunch, the diplomats will take a yacht trip on San Francisco Bay and then prepare for a reception in their honor at the Palace of the Legion of Honor.

Tomorrow, the group will visit Stanford University, but will return for a banquet here in the evening. Wednesday they go to the University of California for lunch and then work their way to Los Angeles by way of Yosemite National Park.

MEETINGS

AWS will meet tomorrow at 4:30 p.m. in Room 24. Dr. Dorothy Kaucher, professor of speech, will read from her story, "Wings Over Wake."

International Relations Club will meet this evening at 7:30 o'clock in Room 107. All delegates to the model U. N. are requested to be present.

Iota Delta Phi will meet this evening at 7:30 o'clock at the home of Jean Grabiec, 1449 Revere. Members are asked to assemble in front of the Catholic Women's Center before 7:30 o'clock.

Hawaiian Club will meet this evening at 7 o'clock at the Student Y.

Kappa Phi will meet this evening at 7 o'clock at the First Methodist Church for election of officers.

Lutheran Students Assn. will meet this evening at 7 o'clock at 99 S. 11th St.

Spartan Chi will meet this evening at 7:30 o'clock in Room 21.

WAA Badminton will be held today at 4 p.m. in Room 23 of the Women's Gym.

WAA Basketball will be held this evening at 7 o'clock in Room 23 of the Women's Gym.

EGYPTIAN RELIC IS FOUND. Buried in mud of an ancient sun temple near Abusir, seven miles south of the great Giza pyramids, was this carved head of a king of the Fifth Dynasty, about 2500 B.C., the only one of its kind ever found. Dr. Hans Stock (right) of Munich, is one member of the Swiss-German archeological team making the find. —International Soundphoto

Solons Refer Death Penalty To Electors

SACRAMENTO — (UP)—An Assembly subcommittee decided today to recommend to the Full Judiciary Committee a measure providing for abolition of the death penalty except in two instances.

The subcommittee voted 3-1 in favor of letting the voters of the state decide the issue in the 1958 election rather than let the Legislature settle the question of capital punishment.

Under the proposed constitutional amendment, the death penalty would be abolished on Jan. 1, 1959, except for murderers who commit a subsequent murder and for kidnap-killers.

Under the proposal, the 24 men now awaiting execution in San Quentin's Death Row and anyone subsequently convicted of a crime who, but for passage of the amendment would have been put to death, would be given life sentences with restricted parole.

The amendment provides such criminals would have to serve at least 25 years in prison before they would be eligible for parole—and then parole would be granted only upon recommendation of all members of the Adult Authority and five justices of the State Supreme Court.

PLACEMENT CORNER

Placement interviews will continue tomorrow and Thursday in the Placement Office, Room 100. Details and appointments are available in that office.

Interviews to be held tomorrow are:

Alameda County Probation Department, from 3-5 p.m., for graduating students in sociology, penology, psychology and other related majors for deputy probation

officer and probation officer trainees.

Paul E. Williams, personnel consultant, Santa Rosa, from 1:20-4:40 p.m. for graduating students in economics, business, biology or zoology for sales positions in the General Fireproofing Co. and the Ortho Pharmaceutical Corp.

The Upjohn Co., San Francisco, from 9:30 a.m.-4:30 p.m. for graduating students particularly those in the biological sciences for trainees.

Interviews to be held Thursday are:

Fidelity Mutual Life Insurance Co., San Jose, from 10 a.m.-3 p.m. for sales trainees.

Southern Counties Gas Co., Los Angeles, from 9:20 a.m.-4:40 p.m. for business administration, personnel, accounting, physical science and civil and mechanical engineering majors and home service representatives.

Proctor and Gamble Co., Sacramento, from 9:30 a.m.-4:30 p.m. for engineering, science and business majors.

In 1930, the first college police training in the United States was offered by San Jose State College.

The Chapel Committee has invited all students to attend.

Program Has Easter Theme

A dramatic reading, "The Terrible Meek," by Charles Rann Kennedy, will highlight the special Easter program to be held today at 1:30 p.m. in the Memorial Chapel.

Claire Hightower, Jack Dorothy and Dick Tucker will take part in the reading, which portrays a scene between Mary and a soldier at the foot of the cross.

Grace Cotts will sing a solo, "Sunrise on a Hill," and Vera Bergholdy will be organist for the program.

The Chapel Committee has invited all students to attend.

Legislative Committee Proposes Five Colleges

SACRAMENTO — (CIP)—Legislative action on proposed new state colleges stepped up in volume last week as a Senate subcommittee approved an omnibus bill calling for no fewer than 10 new sites.

The measure, which was approved last Tuesday by an education subcommittee, calls for "immediate construction" of five new colleges and for site acquisition for five others.

Passage by the full Senate Education Committee was almost assured by the subcommittee action, but the bill faces an uphill fight from there to the governor's desk. Dr. J. Burton Vasche, state college director for the department of education, is on record as saying the state cannot afford more than "two or three" colleges during the next few years.

Meanwhile, the assembly continued its piece-meal consideration of each individual state college measure. The education committee gave its approval Wednesday to a bill calling for a new state college in the Solano-Napa area. That was the second site approved by the assembly group.

The senate's measure calls for colleges in Alameda, Orange, and Stanislaus counties and in the Sonoma-Marino-Solano-Napa and

Monterey-Santa Cruz areas. The bill provides for site acquisition in San Mateo, Kern, and Contra Costa counties, in the San Bernardino-Riverside area and a second college in the Marin-Solano-Napa-Sonoma area.

Switch to Shell!

Before TCP... The car above was bought brand new and driven about 3000 miles on a competitive premium gasoline. Then its rate of acceleration was checked by radar. The pick-up was poor because of engine deposits, which caused the spark plugs to "miss."

After TCP... The same car now performs after it has been run on a few tankfuls of Shell Premium with TCP*, which overcomes engine deposits. Radar checks on this and other cars showed in most cases a 6 to 18% increase in pick-up after TCP additive had overcome pre-firing and spark plug "miss."

Today's high-powered, high-compression engines are really rarin' to go, but they're especially sensitive to engine deposits.

Within about 3500 miles these deposits can short-circuit your spark plugs—causing them to "miss." The result: power loss. Your almost new engine has lost its fine edge.

The picture above of a radar-clocked acceleration test shows how TCP additive restores this lost power, delivering up to 18% faster acceleration—"pick-up" that even

the most careful driver sometimes needs for safety.

Try Shell Premium with TCP and re-power your car while you drive. See your Shell Dealer.

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

"What I probably like most about this job," says Tom, "is that you're never tied down to one desk and the same routine. There's always a new problem... a new approach needed... new people to meet and work with."

But first, what does a Systems Analyst do? "Briefly, we study a customer's present system—payroll, inventory control, billing or whatever—and convert it to a mechanized system using either conventional IBM business machines or IBM's high-speed electronic computers."

Tom works out of the IBM Baltimore Office with some of America's

Studying customer's present system

biggest companies as his customers. Graduated from Johns Hopkins in August, '55, with a B.S.I.E., he came immediately to IBM. During his training period, Tom studied IBM's Punched Card and Electronic Data Processing Machines. He learned their uses, their applications, and was instructed in the theories and methods of data processing.

Diversified Assignments

A leading aircraft company was Tom's first major assignment. "My job there," he explains, "was to analyze the application of IBM's latest electronic computer—the 702—to regulate the flow of materials and machines used to fill Government contracts."

Then came a short, but highly satisfying assignment. At the Bellwood Quartermaster Corps, Tom set up a "SOAP" system (System for Optimum Automatic Programming) de-

"What's it like to be A SYSTEMS ANALYST AT IBM?"

Two years ago, college senior Thomas Wheeler asked himself this question. Today, a Systems Analyst in IBM's Data Processing Division, Tom reviews his experience and gives some pointers that may be helpful to you in taking the first, most important step in your business career.

finied by Tom as "converting the flow of instructions and information into the most efficient operation for an IBM magnetic drum computer. Bellwood," Tom points out, "is the Inventory Control Center for all

A problem in inventory control

Quartermaster centers in the country. The new system will achieve balanced supply and demand of material throughout the entire U. S.—will save money for the Government—and relieve many men from the drudgery of details."

For the past six months, Tom has been working with the Statistical Services Division of Headquarters Air Research & Development Com-

Explaining IBM's 705 electronic computer

mand. "We are designing and implementing a system to link eleven reporting centers to Headquarters by wire transmission," Tom reports. "Data transmitted to Headquarters by this system will be coordinated and then processed by an IBM 650 electronic computer."

Why Tom chose IBM

How does a senior like Tom, who was interviewed by at least twenty companies while in college, select his future employer? "In my case," Tom says, "the choice was easy. IBM offered the best opportunities. I knew IBM sales were about doubling every five years—and when I considered the tremendous growth potential of the electronic computer field—I had no trouble making up my mind."

"Besides, I was impressed by the caliber of IBM personnel. They had a broader outlook and an approach to

At the control panel of IBM's 650 business which I can best describe as professional.

"My future? It looks good—very good. I've already received two generous raises in less than two years, and at the rate IBM and the electronic computer field are expanding, my future is both assured—and rewarding!"

IBM hopes this message will help to give you some idea of what it's like to be a Systems Analyst in the Data Processing Division. There are equal opportunities for E.E.'s, I.E.'s, M.E.'s, physicists, mathematicians, Liberal Arts majors, and Business Administration graduates in IBM's many divisions—Research, Product Development, Manufacturing Engineering, Sales and Sales Assistance. Why not drop in and discuss IBM with your Placement Director? He can supply our brochure and tell you when IBM will next interview on your campus. Meanwhile, our Manager of College Relations, P. H. Bradley, will be happy to answer your questions. Just write him at IBM, Room 0000, 590 Madison Ave., New York 22, N. Y.
