SAN JOSE, CALIFORNIA, WEDNESDAY, OCT. 1, 1952

No. 6

## Five Structures Considered 'Most Urgent Projects'

President John T. Wahlquist has received a revised priority building list from the State Department of Education which reveals that five Sparta structures are considered "most urgent projects."

These buildings are the new elevated water tank, which, with special installations and the drilling of a well, is estimated to cost \$85,000; additions to the science and library buildings, \$2,181,000; addition to the Men's gymnasium, \$490,000; administration and classroom, \$1,185,000; and classroom building, \$527,000.

Dr. Wahlquist and Dean of Students Joe West, Business Manager E. S. Thompson, Science Division Head Dr. Carl Duncan, Head Librarian Joyce Backus and Head of the Physical Education Division Glenn Hartranft are scheduled to go to Sacramento Monday morning to discuss the college master building plan.

On the second list of the revised priorities entitled "urgent" seven Spartan edifices are named.

Topping the urgent list is the aero shops-addition to the engineering building, \$123,900, followed by site development, \$596,800; lighting and electrical installation, \$41,458; dormitory (400 capacity) two-thirds cost, \$1,098,363; athletic field lighting, \$55,000; outdoor campus lighting, \$59,000; and cafe and Student Union, \$1,490,503.

List three on the priorities is entitled "necessary" and is based on 1954-55 estimated enrollment. These following structures would be built only after the above two lists have been completed.

Art building, \$820,000; industrial arts, \$987,000; health services, \$808,000; police and military science, \$473,000; play fields, \$52,600; volleyball courts, \$8700; tennis courts, \$40,000; home economics house, \$34,100; corporation yard addition, \$55,500; and a college greenhouse, \$42,100.

The total estimated cost of all of the above structures and fixtures is \$11,253,964.

## Dean Dimmick Will Inspect U.S. Navy Base

Dean of Women Helen Dimmick is to be Pearl Harbor bound this evening after accepting a U.S. Navy invitation to observe their operations in that area for 15 days.

DEAN HELEN DIMMICK  
... guest of the Navy

While in Pearl Harbor, Dean Dimmick will visit navy installations. She also will take a submarine cruise, see a pineapple canner and visit a sugar refinery. These are listed as "optional events" on the Navy's guest agenda.

She is scheduled to leave Alameda Naval Air station tonight at 8 o'clock aboard a Mars flying boat. Her return trip will be made on a hospital ship, the USS Haven, arriving in San Francisco Oct. 15 from Honolulu.

## Capitol Bound

E. S. THOMPSON  
... Plans Journey

## Senior Council To Reconsider Raise of Fee

Senior class President Ed Jacobowsky will ask the senior class council to reconsider their recommendation for a two dollar hike in the senior fee.

Jacobowsky said yesterday that he has had several complaints about the fee raise from December and March graduates and feels that the proposal should definitely be reconsidered.

The class will meet Monday at 3:30 p.m. in the conference room of the Women's gym.

Final approval of the decision to raise the fee from \$13 to \$15 will come from the President's Council. If approved, it will be the second raise in 12 months.

Chuck Wing, senior council member, suggested the raise at a class meeting Monday. He argued that the higher fee also would include the senior ball bid. Bids to the annual June formal usually are sold separately.

Bill Felse, graduate manager, told council members that he thought last year's \$13 fee was "a bargain ticket." The ticket included the senior breakfast, banquet, picnic and a membership in the Alumni association.

The majority of activities paid for by the fee are scheduled for the June senior week. Although December and March graduates are eligible to attend June activities, the only event planned for their graduation is the senior banquet.

Wing also suggested that the council sponsor a plan to reserve the stone benches in the outer quad for seniors only.

Don Weichert will be in charge of the senior class sponsored dance following the Fresno State football game, Oct. 10.

Other chairmen appointed by Jacobowsky include Pat Dillon, December banquet; and Alice Dougherty, senior overnight.

## Pic Deadline Near

Attention Seniors!  
The sign-up deadline for La Torre pictures is Friday, Oct. 3. The sign-up booth is located in the Library arch.

## Spartan Grad Returns Here; Will Give Talk

Dr. J. Burton Vasche, a 1931 graduate of San Jose State college, is scheduled to return to Washington Square tomorrow.

The 42-year-old educator recently was appointed associate superintendent, division of state colleges and teacher education, State Department of Education. Purpose of his visit here is to address the college faculty.

The special meeting is set for 3:30 p.m. tomorrow in the Morris Dailey auditorium. President John T. Wahlquist has requested all faculty members to attend.

Dr. Vasche was appointed to his present position in August of this year, succeeding the late Dr. Aubrey Douglass. Holder of MA and Ed.D. degrees from Stanford university, Dr. Vasche has wide experience in the field of education.

He has been a teacher at San Diego State college and is the former deputy superintendent of education for the state of Washington. His most recent position was commissioner of education for the state of Colorado.

## Trailer Drive Contributions Now Taken

Contributions for the Chuck Adkins house trailer drive are being accepted today and tomorrow at booths in the library arch and Student Union, Mel Binkley, co-chairman of the drive, announced yesterday.

Nearly \$200 were collected in the initial stages of the drive, he said. Monday evening, members of the committee contacted seven fraternities and collected \$120.

After five contacts, Sam Yates and Jim Downs, in charge of approaching local merchants, had lected \$120.

"We hope," Binkley said, "to be able to contact all living groups by Friday. If not, we would appreciate it if someone in each of these groups would take up a collection and bring it to the Student Union."

Adkins, the Olympic lightweight champion, was unable to work during the spring and summer due to the Helsinki trip and the previous Olympic tryouts. As a result, his wife and child have had to stay with relatives in their home town of Gary, Ind. The trailer would enable them to come to San Jose.

The college's first Olympic champion, Adkins said that he will

## Council Will Decide on AMS 'Mural Control'

The Student Council will take action this afternoon on proposed Associated Men Students' sponsorship of intramural sports.

A motion to accept the college Political Forum as an on-campus group will be discussed. The meeting promises to be lengthy because, in addition to the AMS and Political Forum matters, proposals to adopt new Associated Student Body by-laws also are on the agenda. This action has been postponed twice.

## Football Sign-up Deadline Set by Intramural Prexy

Deadline for signifying intention to enter the intramural touch football league was set for Oct. 7, at yesterday's AMS meeting in the Student Union.

Fraternity and independent teams planning to enter should leave their names in Box A in the Student Union by that date, emphasized Tom Berrey, intramural league president.

Team captains are urged to attend a meeting in the Student Union at 2:30 p.m. Oct. 9 to discuss intramural league topics. Student who want to officiate at the football games also should attend the meetings, or leave their names in Box A, Berrey stated.

## Pair Sees Campus; Meets President

Two visitors from Los Angeles State college were on the campus yesterday.

Business Manager Warner Masters and Dr. A. C. Lambert, professor of education, were conducted on a tour around the campus by E. S. Thompson, college business manager. Later in the morning they were guests of President John T. Wahlquist.

## Heat Continues

High temperatures were reported throughout Northern California again yesterday, and heat records will topple if it keeps up, the U.S. Weather Bureau said.

The mercury hit above the 90-degree mark for the tenth consecutive day yesterday. The record is 18 days, set in September, 1947.

Weather for the Santa Clara valley should be fair and hot today, with expected temperatures anywhere from 90 to 100 degrees.

remain here despite the Pacific Coast Conference ruling which deprives him of eligibility for further competition at the college.

The physical education department has reported that it favors AMS sponsorship of intramurals, under the control of a council, with a member of each participating group on the council. A faculty adviser and a chairman chosen by the AMS would supervise the council.

Applications for Chief Justice of the Student Court and about 14 other appointive positions also will close officially this afternoon.

The student administrators will attempt to select a parliamentarian, a public address equipment custodian, two members to sit on the Spartan Shop board, four or six to the Fairness committee, two for the Chapel Use committee, one man and one woman to the Lecture committee and one man each to the Publications and the Radio and Television committees.

The council will hear reports from the Adkins trailer-drive committee, the Rally committee, the Fairness committee, the Blood Drive committee, the Campus Chest committee and Blue Key.

## Duncan Lauds Bollinger for Science Picnic

Dr. Carl Duncan, natural science division chairman, today commended Byron Bollinger and his committee for the way they handled the Elementary School Science association picnic lunch Saturday afternoon.

"With speed and efficiency Mr. Bollinger, assisted by Leona Cutting, the Spartan Spears, and science majors, saw that the 300 picnickers were served and made welcome," Dr. Duncan said.

Commenting on the large number in attendance at this Northern division meeting, Dr. Duncan said that he felt it was a definite indication of interest in the role of science in elementary education. More than six times the originally expected 100 persons attended the day-long meeting.

The displays set up in the science building included library materials, audio-visual aids, free and inexpensive materials, the elementary science radio program of San Mateo, a live animal display, and a conservation display.

## U.N. Says Russ in Korea

SEOUL, Korea (UP)—United Nations military authorities believe there are between 7,000 and 12,000 Russian troops now in Korea, authoritative sources revealed yesterday.

The Russians are manning anti-aircraft guns, but are not being used as frontline combat troops, the sources said.

"They are not formed into divisions," an 8th Army spokesman said. "They are in rear areas."

Warren Will Tour Whistle Stops  
SACRAMENTO, Calif. (UP)—Gov. Earl Warren announced yesterday he would embark on a nation-wide whistle stop tour in mid-October in support of the Eisenhower-Nixon ticket.

Warren, himself an unsuccessful Republican presidential candidate last summer, said the tour "will cover a good many states in the union."

He said the Republican National Committee was preparing an itinerary. He said he would not leave on the tour until after Dwight D. Eisenhower campaigns in California Oct. 8-9.

Atomic Cannon Photos Revealed  
WASHINGTON (UP)—First official photographs were published yesterday of the huge cannon which the army says can fire atomic shells accurately—day or night and in any kind of weather

—a distance of at least 20 miles.

The gun, a 75-ton self-propelled monster capable of speeds of 35 miles an hour, was developed and perfected by army ordnance at the Aberdeen (Md.) proving ground where it has undergone firing tests.

Communists Want Armistice  
TOKYO (UP)—Gen. Mark W. Clark said yesterday that he believes the Communists want an armistice in Korea "providing they can get it on their terms."

The supreme allied commander said that although the 16 months of stalemated truce talks "have proved frustrating—we have continued to negotiate patiently in hopes of reaching an agreement."

## December, March Grads Get Raw Deal

The senior class council has voted overwhelmingly to set the senior graduation fee at \$15. This raise of \$2.00 must now be approved by the President's Council.

One of the reasons given for the increase was for the first time in class history a Senior Ball bid would be given with the payment of the fee, and that the increase would also guarantee a big-name band for the ball.

We are violently against any raise in the fee for December and March graduates.

A Senior Ball is given only in June. The Senior Activities Week occurs only in June.

We know that the seniors who graduate at the end of this quarter and the winter session are eligible to attend these affairs, gratis. But how many of them are around here to do so? Many of the males face immediate service in the Armed Forces when they leave this institution.

What additional benefit would the December and March graduates receive from this raise in the fee?

As far as we can see they would receive none. The money that these graduates pay would go only towards making the June graduation a brighter campus affair.

It's high time that the senior class council thought a little more of the December and March grads! They would like some kind of affair, too, if they are required to pay a fee increase.

We think the senior class council was looking too far ahead. The Senior Ball in June must be planned for ahead of time, we agree. But in a couple of months numerous students will be graduating.

There are two possible solutions which would give all graduates a fair deal.

1—The December and March seniors should receive some type of special dance or affair, which we mentioned previously, if they must pay for an increase, or:

2—The December and March grads should be required to pay only \$13 and the June students \$15.

Let's be fair about this increase. We should not discriminate against or take advantage of the two earlier graduating classes!

## Coop Offers Part-time Work

Applications for part time work in the Coop may be made this week, according to Mrs. Margaret Ramonda, Coop manager.

Positions are open for counter and dish-room help. Male students may secure all-day employment

for Monday, Wednesday and Friday of each week.

Mrs. Ramonda added that students can find work in the Coop and employment will be worked out to fit their schedules.

**Lost**—Carved ivory brooch—Friday. Sentimental value. Return Lost and Found. Beverly Williams.

# Truman Hits Ike; Ike Attacks Adlai

## Democrats

**Enroute with Truman, Sept. 30.** (UP)—The President opened up on Eisenhower and the Republican "Old Guard" in North Dakota yesterday on the first day of real stumping of his two-week, 8,500-mile campaign trip that will take him to California and then back east to New York.

And at Havre, Mont., Mr. Truman accused Eisenhower of making "blunders" as the top general in Europe. The President said that Eisenhower's advice in 1945 that Russia wanted to maintain friendly relations with the United States "did a great deal of harm."

Labeling Eisenhower as a mouthpiece for the "old line, backward looking Republicans," in a rear-platform address at Glasgow, Mont., Mr. Truman warned nearly 1,000 persons who turned out to greet him, "You must not let him fool you."

"Now I like Ike," the President said, "but I liked Ike as the commander-in-chief of the Armed Forces in France. I don't like him for President."

## Majorettes Apply Today

All girls interested in trying out for majorettes with the San Jose State college band should contact Norma Liefrinck at CY 3-7839 or at 357 E. San Fernando street today, Chuck Wing, Rally committee chairman announced.

No twirling experience is necessary, but applicants should begin practicing with the band as soon as possible, Wing said.

## Co-Rec Holds Open House; All Invited

All ASB card holders are invited to the Co-Rec open house tomorrow night from 7:30 to 10 o'clock in the Women's gym, according to Norm Husehman, chairman.

The program will consist of badminton, folk dancing, social dancing, volleyball, ping pong, and mixer games.

## Shields Offer To Interview Committeemen

Do you want to work on a campus committee and are you suited for the work? The Spartan Shields, sophomore men's honorary organization, can help you.

Members of the organization will hold interviews with any and all students Oct. 7-8-9 in the ASB President's office in the Student Union.

The purpose of the interviews is to arouse interest in student activities and encourage students to join campus committees.

The committees are Co-recreation, Social Affairs, Rally, Associated Men Students, Associated Women Students, Blood Drive, Campus Chest Drive and Homecoming.

## Manager's Office Calls 15 Students

If your name or ASB card number appears on the following list you are asked to report to the Graduate Manager's office as soon as possible.

Harold Smith, Joanne Lockhart, Norman Eugene Batten, Lanny Doolittle, Richard Hevrin, Charleen L. Johnson, Kenneth Abler, Ralph Morocco, Ola Gail Porter, ASB 2425, ASB 2444, ASB 1332, ASB 1436, ASB 2665 and ASB 1117.

## Republicans

**Columbia, S.C., Sept. 30 (UP)**—Dwight D. Eisenhower charged today that Adlai E. Stevenson, his rival for the presidency, seeks to "get out from under" Democratic administration failures through a "wholesale indictment" of the American people.

Speaking from the steps of the South Carolina state capitol building, the Republican nominee pledged himself to support "every measure for the social security of our people," but to do it through a Republican administration which can be "trusted."

Eisenhower said Stevenson was trying to shift the blame for "this Washington mess" from the Democrats to "you, the people."

Eisenhower promised that if elected president he would institute a "clear program and decisive leadership," which could "bring the war in Korea to a speedier end, prevent future Korean," and "greatly lessen the threat of a third world war."

## Grads Write for 'The Instructor'

Mrs. Catherine Jones Urban and Mrs. Gertrude Lofgren, San Jose State college graduates, were contributors to the October issue of "The Instructor," the magazine's New York publishing offices announced.

Mrs. Urban is the author of "Pandora's Modern Magic Chest" and "The Little Owl." Mrs. Lofgren is represented by an article entitled "Hallowe'en Masks in Half the Time."

## Fairness Body Appoints Two

Professor Elmo Robinson and Dr. Arthur Williams were appointed at yesterday noon's Fairness committee meeting to confer with President John T. Wahlquist concerning the committee's activities over the past five years.

The educators, chairman and secretary, respectively, of the committee, also will query President Wahlquist regarding future fairness activity.

## Five Will Go To Conference

Five home economics staff members are scheduled to represent their department at a conference Saturday in Berkeley, according to Margaret C. Jones, professor of home economics.

Those to attend the meeting are Miss Pauline Lynch, Mrs. Ouida Mallett, Miss Anna Lou Loze, Miss Joyce Bolton, and Miss Gladys Baird, instructors.

Clothing and textiles taught in lower division courses is the subject for the 10 a.m. section of the conference. Family life and child development, with emphasis on junior college fields, is the topic for the afternoon session.

## Deadline Near

Deadline for GI bill veterans to purchase books and supplies at the Spartan Shop is Oct. 17, according to Roland Atkinson, Spartan Shop manager.

## Test Voting Laws

**San Francisco (UP)**—A group of 15 Monterey County residents who live on military posts has filed a test suit in the State Supreme Court to determine the voting rights of persons living on U. S. government reservations.

The outcome of the suit, filed yesterday, would affect the rights of 50,000 potential voters in California.

# Spartans Get Ball

Photo by Zimmerman

**SPARTANS RECOVER** San Jose Aztec fumble in grid tilt last Saturday won by locals 47-6. An unidentified Golden Raider recovered the ball while teammates No. 70, John Hamber, No. 35, Eddie Salvadalena, No. 75, Jim Hague, and the player on the ground, Jon Petersen, charged in for the play. The locals meet the powerful Arizona State at Tempe eleven Saturday night in Tempe. They play their first home game the week following against Fresno State.

## Stults Third in Nation's Rushing

Spartan gridmen will go into the game Saturday night against a tough Arizona State at Tempe eleven, ranked high in the national standings in several departments.

Dick Stults, the Golden Raiders' ace fullback, was rated third in the nation off his two performances this season. Stults has carried the ball 33 times and has gained 238 yards for a 7.1 yards per carry. He scored twice against the University of Colorado, once on a 79-yard jaunt down the middle. He also scored a pair of touchdowns against the San Diego Aztecs last week, although he was used sparingly in the game.

Lynn Aplanalp, all-coast candidate for the quarterback spot, is ranked 16th in the nation for total offense. Aplanalp has figured in 44 plays and has gained 253 yards. He also is rated high in the passing department, having 15 completed passes in 32 attempts for 254 yards. An enemy ball player has yet to intercept an Aplanalp pass.

The team as a whole also stood out in the ratings. They ranked sixth in total offense for their two games. In 129 plays the Spartans have gained 867 yards for a 434 yards-per-game average.

They grabbed off the ninth spot in the rushing offense department with 604 yards in 93 attempts for a 302 yard average per game.

The Spartans are expected to meet the Sun Devils at full

strength, since no injuries were suffered in the San Diego game. Center Tom Yagi is expected to be ready to play after he sat out the game last week with a knee injury received in the Colorado game.

## Cuffe Reveals Frosh Squad Grid Schedule

Sparta's freshman footballers are getting in shape for their first game of the season with C.O.P., to be played here, Oct. 17.

When questioned about the team, Tom Cuffe, Freshman football coach, had nothing but praise for his men. Mentioning a few names, he said fullbacks Bill Aimonetti and Bob Burnett, along with halfbacks John Ratliff and Ron Tipton, had turned in good showings so far. Others proving valuable material are Bob Anderson, at left tackle; Clarence Akau at right guard, and Tom Chiechi, playing end.

Along with head coach Cuffe, the Frosh are aided by backfield coaches Archie Chagonjian and Gibby Mendonsa. A new addition to the staff is Dick Bondelie, who is taking up his duties as line coach with Cuffe.

The following is the freshman football schedule:

- Oct. 17—C.O.P. here—8 p.m.
- Oct. 24—Modesto J.C. there—8 p.m.
- Oct. 31—Marin J.C. at Kentfield—8 p.m.
- Nov. 6—Santa Clara at Townsend Field—8 p.m.
- Nov. 14—Fresno J.C. there—8 p.m.

Hope is that the schedule will include a scrimmage with Moffett Field.

An interesting sidelight about the first game is the fact that the C.O.P. team is being coached by Tony Germeia who played with Cuffe at Sacramento J.C.

## .. Press Box Chatter ..

By BILL TUNNELL

Spartan footballers are beginning to awaken some of the so-called grid experts who usually overlook the local eleven in the race for the independent crown of the West Coast.

Coach Bob Bronzan's boys were barely edged by one of the powerhouses of the nation, the University of Colorado, which came back the next week with an "almost" win over the University of Oklahoma, only to have the score tied in the fading minutes of the game by the highly-touted Sooners.

The fact that escaped most of the local prognosticators was that the Boulder eleven was playing against Oklahoma without the services of their backfield ace, Woody Shelton, who was injured mid-way through the game with the local team. Shelton was Colorado's top hand against the Golden Raiders until his injury, and is said to mean as much to the Buffaloes' ground attack as Johnny Olszewski does to the University of California Bears.

In the locals' second game of the season they scored a smashing victory over the San Diego Aztecs, 47-6. This score, even though quite convincing, was no real indication of the power of the Spartans. Coach Bronzan used his first team sparingly and his second team was limited in the number of different plays they used. The difference in power between the first and second strings was almost invisible on both the offensive and defensive squads.

Precision and split-second timing were shown by the Spartans in both their games. This didn't look like a "small state college" team as most people still wish to believe, but a highly-polished grid team which was out to win ball games.

Team spirit and cooperation seem to be the big key in the Spartans' camp this fall. After talking to some of the players, one gets the idea that they would play football for Coach Bronzan any hour of the day or night, which is a great tribute to him and his coaching staff.

Perhaps the only way to awaken these cynical individuals to the fact that there is another football team in the general vicinity of San Jose, other than Santa Clara, is for the local club to "go all the way."

The general belief in the Spartan camp is that this will not be easy, but neither is it at all impossible. The Golden Raiders still must face Arizona State at Tempe, College of Pacific, Santa Clara and Stanford.

## Brooks' Power, Yank Pitching In Series Play

New York, Sept. 30. (UP) There is little or nothing to choose between the New York Yankees and the Brooklyn Dodgers in speed and defense but the Dodgers rate a slight edge in power.

It is their top-to-bottom long-range batting power that gives the Brooklyn their best chance to overcome the Yankees' indisputable pitching edge and win the first world championship in the club's history.

The Yankees were no-hit by Detroit's Virgil Trucks and held to one hit by rookie Harry Byrd this season but are by no means a weak-hitting team. The Dodgers, despite their power, showed a marked aversion to good crossfire righthanders throughout the entire year, but even the best like Allie Reynolds and Vic Raschi admittedly are, cannot afford to let up.

Summing up, the basic question of the 1952 World Series has nothing to do with the defensive and offensive abilities of the teams. The question is whether the Dodgers can muster presentable pitching against the sound, experienced hurling they are sure to encounter.

## Portal Says Trip Overseas Definitely Off

Dee Portal's trip to Europe is definitely off, he announced yesterday. He was to have embarked Monday for an armed services coaching school somewhere in the European theater.

Portal cancelled the trip when he learned that if he took the trip he would lose his right of sabbatical leave from the school department. Two summers ago he aided the armed services in a coaching school held in Japan.

# Spartan May Qualify For New York Meeting

The possibility is good that a San Jose State college student may be chosen this year as one of 49 college students to attend the American Industry congress in New York City, according to Dr. Edward Clements, personnel counselor.

Reason for the optimism, Dr. Clements says, is that colleges previously honored are not eligible this year. Ninety-eight colleges have been represented in the past two years. "The percentage of this college qualifying therefore is increased this time," he said.

Only registered juniors attend-

ing recognized colleges or universities are eligible. All applicants must be residents of the state in which the college is located.

California selects this year will be processed by the California Manufacturers association. The association may appoint three educators to select the winner, a practice which meets the approval of the National Association of Manufacturers, the sponsoring organization.

The congress is to be held Dec. 3-5. Interested junior students should contact Dr. Clements for further information.

## Kappas To Meet

Kappa Delta Pi, national honorary education society, will meet tomorrow at 4 p.m. in Room 8 of the Women's gym, according to Carol Larson. The group will plan a barbecue to be held Oct. 16.

## Foreign Study Trips Offered

Fellowships with round-trip transportation to chosen foreign countries of study are now available to students who possess at least a bachelor's degree.

Sponsors of the fellowships—which are honored in such countries as Argentina, Brazil, Mexico, Peru and Venezuela—are the Pan American World Airways system and Braniff International Airways.

Applicants should have a good knowledge of the language in the country chosen, and a study program equal to a full academic year should be planned.

Application is made on forms which will be furnished by the Institute of International Education, 1 E. 67 street at Fifth avenue, New York 21, N.Y. Closing date for receipt of applications is Oct. 31, 1952. Additional information is available at the personnel office bulletin board.

## Fulbright Fund Deadline Set

The Fulbright Act, under which a year of study in foreign countries is awarded selected students, requires applicants to possess a college degree at the time the award is to be taken up.

Competition for the 1953-54 academic year opened May 1, and will close Oct. 31, 1952, excepting those for Australia and New Zealand which end Oct. 15.

Selection is made on the basis of the applicant's personal qualifications, academic record, value of the proposed study or research and suitability for placement in an institution of higher learning abroad.

Applicants should consult their Fulbright program adviser and their major professors as to opportunities for work abroad in their fields, the Fulbright bulletin states.

Additional information may be obtained in Room 252.

## Fall Barbecue Of Student 'Y' Set for Today

The Student Y will hold its annual fall quarter barbecue today at Crummey's Mansion, starting at 4 p.m., according to Ed Wright, publicity chairman.

Tickets may be obtained from any Student Y member, or at the Student Y, 272 S. Seventh street. Attendance limit has been set at 175 persons Wright said.

The barbecue will be preceded by two hours of swimming, tennis, volleyball, horseshoe pitching and ping pong.

The "Y" will arrange for transportation, or students may take the Park avenue bus to the barbecue, Park and University avenues.

## Applications Due For Teaching Jobs

Teaching candidates graduating in December who wish to take the San Francisco school district elementary examination Nov. 15 must have their applications filed prior to Nov. 1, according to Miss Doris K. Robinson, teacher placement officer.

"The application must include a transcript of records and a folder of recommendations," Miss Robinson said.

She urged all other teaching candidates graduating in December to start folders in her office, Room 100, as soon as possible.

"A delay in completing recommendations may cost a candidate a job," Miss Robinson warned.

## Music Therapist To Speak Tonight

Gerald Cohen, Agnew music therapist, will be guest speaker at a meeting of the campus branch of the Music Educators National Conference tonight at 7:30 p.m. in L210.

The meeting is open to all students.
