San Jose State College

## College To Honor California Poet

By MARV HALL

The centennial of the birth of Edwin Markham, famous poet and graduate of the old San Jose Normal school, will be celebrated Sunday afternoon at 2 o'clock in the Student Union.

A bust of the poet has been donated to the college by Miss Olive Boyle, of Santa Cruz, and is on display now in the lobby of the library. Miss Boyle's sister, Gertrude, was the sculptor.

Markham was graduated from the San Jose Normal school in March 1872, in the first class to be graduated from the school after it was moved to San Jose from San Francisco. While in San Jose, he and his mother resided at 432 S. Eighth street, now the site of the student Health Cottage.

Markham gained permanent fame with his poem, "Man With the Hoe," which was inspired by Millais' famous painting of the tired farmer leaning on his hoe, staring blankly into space.

Markham saw in this picture, the history of the exploitation of men by men throughout the ages. He wrote the poem in sympathy with the lower class. It caused an immediate furor throughout the world when it was published at the turn of the century.

He lived a full and rather interesting life. Born Apr. 23, 1852, in Oregon City, Ore., he spent his early years herding his mother's cattle and sheep.

When he was about 17, a burning desire to obtain an education overcame him and he ran away from home and was captured by Elias Bart, the outlaw. His mother found him and took him home again.

One day, while digging in his back yard, he discovered a bag with \$900 in gold in it, probably buried there by a miner. This money enabled him to enroll at San Jose Normal, to begin his education. He taught for a while, and then came his famous poem. From then on, his success was assured.

Markham died Mar. 7, 1940, at the age of 88.

Dr. Raymond Barry, head of the English department, will talk on "Markham's Poetry," at the centennial Sunday.

## Requisites Listed for State Test

Graduating seniors will be exempt from the California government examination, according to Dr. William H. Poytress, head of the Social Science department, only if they have taken one of the following courses during the current year:

1. History 8A, 8B and 8C.
2. History 17A, 17B and 17C.
3. History 171A, 171B and 171C.
4. Political Science 3.
5. Political Science 51A and 51B.

Students also will be exempt if they have taken one of the following courses during any year:

1. History 189B.
2. History 189S (Summer Session).
3. Political Science 112A and 112B or 112C.

If seniors are taking Political Science 172C, which is being offered for the first time this term, they also will be exempt.

This information corrects the data released in yesterday's Spartan Daily.

The names of students who must take the examination are posted outside the Registrar's office. Another list is found on the bulletin board outside Room 30, the Social Science office.

The examination will be IBM and electrographic pencils will be needed. The test will be objective and based on A. A. Gray's textbook, "California: The State and Its Government."

## Summer Camp Jobs Available

The Girl Scout camps will have representatives in the Placement office today to interview women students 21 years old or older who are interested in summer camp work, says Dr. Vernon A. Oulette, director of business Ouellette, director of business placement.

Camp Timber Tarn in the Sierra Nevadas near Emigrant Gap needs unit leaders, assistant unit leaders, a waterfront director, an assistant waterfront director, an assistant camp director, a cook and a cook's helper. Interviews will be held from 10 a.m. to 12 noon.

Camp Wasibo in the Santa Cruz Mountains needs counselors, unit heads, unit assistants and a waterfront director. Interviews for these jobs will be held from 1 p.m. to 3 p.m.

## Student Union Group Meets To Form Plans

Beginning its work on the formulation of plans for a new Student Union, the college committee appointed by President MacQuarrie for that purpose met for the first time yesterday afternoon in Room 106.

The committee, of which Dean Joe H. West is chairman, discussed various possible methods of financing the project. "Approximately \$40,000 is now on hand, and there is a possibility of more from student operated activities," said William Felse, Graduate Manager.

The group passed unanimously a recommendation "that the Student Council and the Board of Control set aside a portion of ASB funds each year for the Student Union building fund."

Other committee members present included Miss Helen Dimmick, dean of women; E. S. Thompson, business manager; Dr. Dwight Bentel, head of the Journalism department; Dr. Raymond Mosher, dean of educational services and Summer Session; Joe Juliano, alumni director; Jo Ann Keeler, A-WS president; and Marv Scarper, AMS, president.

## Today's Weather

Gradually, as the Sahara desert warm-air mass seeps slowly into the Santa Clara valley, the weather gets more and more stifling. Rumors that a shady deal is in the making are false. There is no shade anywhere. Some higher-ups believe big-shots in the Santa Clara valley traded weather with Death Valley for the remainder of the spring. Fair and warmer today. High-83.

## Honor Frat Primes Lot For Debut

Work on the new college parking lot has been delayed and it will not be ready for use today as originally planned, Ed Ord, Alpha Phi Omega parking lot director, said yesterday.

The lot, which fronts on Eighth and Ninth streets between San Antonio and San Carlos streets, is being surfaced with rock and will not be ready for use until Tuesday, according to present plans.

Formal presentation of the lot to the students and faculty will be made Monday, Apr. 28, by Don Binder, president of Alpha Phi Omega, Ord said.

President T. W. MacQuarrie will accept the lot on behalf of the college and the student body.

Lud Spolyar, student body president, will use the lot officially for the first time following the presentation.

Poles with which to line the lot are being donated by the local telephone company, Ord said.

Neither the college nor the fraternity will assume liability for damage to cars parked in the lot. Parking is at the owner's risk.

The lot is for the use of both students and faculty and there is no charge for parking, Ord concluded.

## Parking Area Opens Today To Students

San Fernando street, between S. Fourth and S. Seventh streets, will be open to traffic and parking late this afternoon, according to Jim Gibson, superintendent of the job.

Most Spartans must have paid heed to the Spartan Daily's warning, Gibson said, since only a few cars were found parked on San Fernando street yesterday morning.

Those cars which had not been hastily reclaimed by their owners when the paving equipment moved onto the street were towed to the middle of the street. By noon all cars had been reclaimed and the street was clear for the paving operations.

## Beard Contest Offers Prizes

Prospective beard-growers who want to enter the Newman club's beard contest must sign-up today in the library arch from 8 a.m. to 2 p.m., according to Terry Payton, who is in charge of the contest.

Winners of the beard growing contingent will receive cups as prizes at the Newman club's barn dance next Friday night. Booby prizes also will be awarded for short or straggly stubble.

Entrants must be smooth-shaven when they sign-up. If they are not, shaving equipment will be available at the sign-up booth to remedy the condition.

"We are limiting the contest to one week because of the warm weather," said Payton.

Any male student is welcome to enter the whisker sweepstakes, said Payton.

Next Friday's barn dance is also public and Levis for the men and calicoes or prints for the women will be the proper attire.

There will be a nominal charge for the dance because, said Payton, we will do without a band.

## Cal State: Yes or No?

California State as the name for ye olde alma mater has Spartan students in a quandry.

On the one hand is rabid opposition to any change, on the other is staunch enthusiasm, and somewhere in the hazy distance are suggestions for other names, including "Golden State college, American National college, and various others."

In the middle is Mr. Average Spartan, wandering in a maze of confusion among the dissenting views.

Among the arguments for the change are that it would bring us more prestige, it was the name of the college in the original charter and it belongs to the school since SJS is the oldest and largest state college.

Arguments advanced against the idea are many.

Chief debate is that other state colleges also would be named California State, with hopeless confusion resulting.

Other colleges, however, would object as much as this school would to being lumped in a common group. Each would fight to maintain its own individuality, because that individuality is important in establishing a sense of school unity, and consequently school spirit.

That numerous colleges already have the appellation "California" was cited as reason against the change. Opposition to change itself also was voiced.

These and other arguments have been advanced through the Thrust and Parry column in Spartan Daily. Plans are now being made to hold an open forum to help crystallize student opinion in preparation for ASB election on May 15 and 16.

A.B.

## Name Change Issue Draws Diverse Opinions

By JOANNE WILSON

Many diverse opinions concerning the proposal to change the name of the college to California State were expressed by members of Student Council Wednesday afternoon.

Fulfilling a Spartan Daily request, council representatives offered their personal opinions on the issue, emphasizing that their answers were not the convictions of the council as a whole.

John Moeller, senior representative, said that he was not in favor of the name change. "We are making something out of nothing," he reasoned.

"Most educators and persons in the know are acquainted with San Jose State. The name change would not add anything to our national standing.

"Why bother the state legisla-

ture with this bill when we could use the time and money lobbying for Student Union fund assistance?"

On the other hand, Tom Evans, representative-at-large, believes the name change is a "good idea." However, he pointed out that there are good arguments on both sides.

"Extensive research must be made to determine the true opinions of all concerned and to see what effects such a change would cause," Evans said.

In agreement with Evans was Darlene Clayton, corresponding secretary. "I believe the question must be looked into much more thoroughly," she commented. "There needs to be presentation of more facts."

Both Diane Norris, Student Court representative, and Alice

Brown, senior representative, answered in the affirmative for the name change.

"It's a fine idea, but there are many drawbacks," said Seymour Abrahams, junior representative. "The granting of the new name just to us would mean we are on a higher plane than the other state colleges. We must attain this higher level, which we deserve, slowly; not with a major change like this."

A majority of the council members reported that they are undecided in the issue.

Declining to comment either pro or con, Vince Malone said, "Our purposes are to guide the student body, not to dictate them. We are interested in student opinion rather than our own. Our main purpose is to reflect the desires of the student body as a whole."

## Few Sport Facts Displease Reader

Dear Thrust and Parry:  
Writing for myself and in the interest of many other students I have talked to, I would like to make several comments on the sports page of the Spartan Daily.

For quite some time it has been evident that the sports writers and make-up editors have been very lax in their duties. Either they don't care which articles are given priority or they just don't know any better. Quality has also been sadly lacking in many of the articles.

One of the most glaring examples of this was seen in the Daily which came out Monday, Mar. 10. Two days previous the college wrestling team had tied with Washington for the Pacific Coast Intercollegiate championship. The Daily ran a two inch article stating just the bare facts of the matches. In that same issue there was an article with larger headlines and taking twice as much space which bore the amazing news that the tennis team has been rained out of a match.

I should like to cite, as a further example, the sports page of Monday's Daily. The headlines read SPRING FOOTBALL PRACTICE OPENS TODAY. Is it so important that football, now out of season, is going to start practicing for games that are five months away? The editors seem to think this was far more important than three baseball games, a golf match and a track meet in which college teams participated over the week-end!

It is interesting to look into each individual article. John Oldham was given due credit for pitching a brilliant game Saturday. The only other thing known about the game, however, was that Ed Hallberg broke his leg. Whether there were any hits by the local team was left for the reader to decide. The second game evidently went 37 innings. The article stated that State lost in the fifth inning but the remaining 32 are still a mystery to some readers. San Jose was out-hit 11 to 6 but runs must not count in baseball any more.

Grace Lutheran Church  
The Rev. Clarence F. Crouser B.D.  
The Service—11:00 a.m.—Sunday  
Headquarters of  
The Lutheran Students Association  
59 EAST JULIAN STREET

No scores were given for either game!

There was a track meet Saturday. It was news that Bob McMullen was defeated in the mile but his victory in the 880 was not worth mentioning in the eyes of the writer. Two second place Spartans were mentioned but other second and third placers were forgotten.

It seems the least that could be included in these articles would be the box score of baseball games and summaries of track meets.

I hope this letter in some way will influence the improvement of the sports page of the Spartan Daily.

Respectfully,  
Paul Jennings, ASB 2007 and ASB 8034, 3968, 2520, 2590, 580, 3273, 3397.

## Meetings

**AND ANNOUNCEMENTS**  
Channing Club: Meet Sunday at 7:30 p.m. at First Unitarian church.

Engineering Society: Meet tonight at 7:30 o'clock in Student Union. Movie and refreshments.

Junior Council: Meet Monday in Room 24 at 3:30 p.m.

Junior Executive Council: Meet Monday at 3 p.m. in Room 165A.

Lutheran Student Association: Meet Sunday at 6:30 p.m. at Grace Lutheran church.

Newman Club: Informal dance tonight from 8:30 to 12:30 o'clock at Newman hall.

P. E. and Recreation majors club: Wiener-bake at Alum Rock park Thursday at 5 p.m.

Revelries chorus: Members of Spanish and court dances meet tonight at 7 o'clock in Room 21 of Women's gym.

Seekers: Meet Sunday at 6:30 p.m. at First Methodist church.

Sigma Sigma: Meet tomorrow morning at 8 o'clock at 1066 The Alameda.

Spartan Oriole: Meet tonight at Student center at 7:30 o'clock. For transportation call Emi Kato, CY 2-6537.

Wildlife Conservation club: Meet Tuesday at 7:30 p.m. in Room S210.

Notice: Monday will be the last day to drop classes. Cards must be in Registrar's office by 5 p.m. Monday.

## Thrust and Parry Honor System Popular Place

Dear Thrust and Parry:

There are those among us who advocate an honor system for San Jose State students. My immediate question is who among us can be trusted and who cannot? Undoubtedly someone would realize an advantage. If we can operate without that single advantage under our present Fairness system why change?

We have in our society innumerable restrictions placed on us at every turn because man has proven to his fellow men that he is not innately honorable. Most of us are bound by conscience but many are not. Therefore I am willing to forego the pleasure of being trusted completely that those who would gain any undeserved advantage through an honor system might not be so tempted.

Gerald L. Skow  
ASB 8301

Dear Thrust and Parry:

While the subject of altering the name of San Jose State college is still fresh on the lips of most of the students enrolled here, I would like to reveal two startling facts to those radicals who are contemplating a name change for our college.

There are probably few, if any students or faculty members here, who know that the idea of California State college is not a new one. You can go as far back as the Quaker State and find a California State college. Yes, that's right. At California, Pa., there is a college titled California State college with a small enrollment of 500.

Also, does anyone know that the real name of Cal Poly at San Luis Obispo is actually California State Poly?

I feel, along with a few others on campus, that if we alter our name here State colleges up and down the coast would follow suit. Thus, Chico State would become California State at Chico, Humboldt State, California State at Arcata, L. A. State, California State at Los Angeles, San Diego State, California State at San Diego, etc. It could become as monotonous as the plan that the University of California has adopted by labeling their institutions University of California at such and such a city.

We would eventually lose all identification that we have strived for in the past. We are by far the most famous of the state colleges of California so why not remain at the top?

It would be a different story if we had had to bear the burden of sporting such college handles as Ball State college, Slippery Rock, Otterbein, Ripon college, or Bemidji State college.

Unchangingly, ASB 1332

## Showtime

Saturday night doesn't have to be the loneliest night in the week or any other night for that matter, not if you sample the tales of adventure, romance and intrigue showing at some of the local theaters. Each Friday the Daily will give you a preview of what we consider some of the better movies. So grab your favorite date, and your specs and let's go to the show.

"With a Song in My Heart" brings to the screen the singing magic of Jane Froman, the gallant star who suffered extensive injuries in a 1943 Lisbon Clipper crash. Supporting Susan Hayward in the lead are David Wayne, as Miss Froman's first husband and Jeff Chandler, Beverly Tyler and Susan Cabot.

Dancing, singing and laughing their way into the hearts of movie goers are Donald O'Conner and Gene Kelly in "Singing in the Rain," the hilarious story of Hollywood's transition from silent movies to "talkies." Kelly co-directs the picture with Stanley Donen, with whom he collaborated with on "On the Town."

# Gen. Vandenberg Says Air Force Strike Over

Washington, Apr. 17 (UP)—Gen. Hoyt S. Vandenberg, chief of the Air Force, said today that the pilots' "sit-down strike" stemmed from involuntary recall of reservists, which was stopped five months ago.

He said he felt the worst of the situation was over and that anyway it was a "tempest in a teapot."

Vandenberg said that Air Force trouble in getting men to fly "is not a very unusual situation" except that there are "numbers" of pilots at some places who are balking. He said there always are some who say "this isn't for me."

Vandenberg told reporters that there are "proper procedures" for any man who wants to get out of

## Air Force Flyer's Wife Seeks Work

El Paso, Tex., Apr. 17 (UP)—The young wife of an Air Force officer court martialed for refusing to fly, said today she probably would put their infant son in a nursing home and go to work herself during her husband's two-year prison term.

Mrs. Verne Goodwin said "I can't see anything to do but put the baby in a nursery and get a job."

cept that there are "numbers" of pilots at some places who are balking. He said there always are some who say "this isn't for me."

Vandenberg told reporters that there are "proper procedures" for any man who wants to get out of

## GIs, Generals, Nation To Get 'Atomic' Peek

Las Vegas, Nev., Apr. 17 (UP)—GI's and generals will crouch together in the shadow of their mightiest weapon next week when the nation gets its first "inside" peek at an atomic explosion.

For the first time in history, about 1500 Army and Air Force soldiers will take up positions in foxholes less than seven miles from the firing range when Atomic Energy commission scientists detonate one of their lethal devices.

About 5000 soldiers took part in the world's first atomic maneuvers last fall at the Frenchman's Flat proving ground, 75 miles north of here. But they were merely observers, sitting on a hill far from the burst with their backs to the blinding flash.

This time, the troops will take up actual battle stations for their first close-range meeting with the mighty atom.

The Department of Defense has declined to say how close the soldiers will be stationed to the firing range, but it was indicated they would be at a safe distance.

During the fall maneuvers, sheep and goats were placed in foxholes close to the blast area. Some survived.

The AEC never disclosed how close the animals were to the burst, but it was believed to be less than half a mile.

## Truck Kills Dazed Deer in Traffic

Oakland, Calif., Apr. 17 (UP)—A young deer, just sprouting antlers, found himself dazed by metropolitan traffic early today and dashed excitedly into the side of a moving truck on MacArthur Boulevard, at Madrone avenue.

Humane officers called to the scene pronounced the animal dead. Patrolman Robert Boell said he saw the 70-pound buck run from a nearby parking lot and into the passing truck.

## Warden Foresees Break in Rebellion

Trenton, N.J., Apr. 17 (UP)—Sixty-eight mutinous convicts held out today in their captured New Jersey prison print shop but the warden predicted hunger would force them to surrender by nightfall.

The convicts, including several "desperate" criminals, seized the two-story stone building at 10 a.m. EST Tuesday in the third rebellion against Warden William H. Carty's administration in 17 days.

Carty said that to his knowledge the men had gone without food and water since they mutinied, although sandwiches had been passed through a broken window periodically for two guards and two civilian instructors held as hostages by the rioters.

H. V. Heater, famed commentator, has this to say every day: "Ahh, there's good news tonight. It's PIZZA at the

**PIZZERIA NAPOLITANO**  
Market Near San Carlos

flying. He said that court-martial in such cases results when there have been breaches of ethics or fraud of some kind.

Brig. Gen. Lloyd P. Hopwood, deputy director of Air Force personnel planning, said 2200 flyers have been grounded for one reason or another since the outbreak of fighting in Korea. He said this total includes 306 who "wrote a note and said 'I want to quit.'" Hopwood said he had no record of the number of officers who may have requested grounding but did not receive approval.

## GOP Leaders Want New Jersey Votes All for Ike

Newark, N.J., Apr. 17 (UP)—State Republican leaders applied pressure today to throw all of New Jersey's 38 nominating convention votes to Gen. Dwight D. Eisenhower, winner in Tuesday's presidential primary.

They faced opposition from five convention delegates determined to vote for Senator Robert A. Taft, who ran 150,000 votes behind Eisenhower.

Returns from all but two of the 3840 election districts gave Eisenhower 388,555 votes, Taft 237,189 and Stassen 23,893. With 3540 districts in, Senator Estes Kefauver had 161,002 votes.

## Education Head Predicts Low Quality Schooling

Sacramento, Apr. 16 (UP)—California parents should brace themselves to the fact that their children will not get schooling in the next four years which "measures up to expectations," Roy Simpson, state director of education said today.

"California can not hope to supply enough teachers to fulfill its needs," Simpson said.

Simpson said 11,360 new teachers will be needed by September and that the state will be short 22,500 teachers by 1956, mostly in elementary grades. Total need is for 62,000 new teachers in the next five years, Simpson said.

Of the 11,360 new teachers needed by September, 6950 were needed to replace those who will die, retire or resign. Another 4410 were needed to take care of increased enrollment—1500 of them for the first grade alone.

## Ridgway May Control NATO

San Francisco, Apr. 17 (UP)—Gen. Matthew B. Ridgway, supreme commander of U.N. forces in the Far East, has been recommended to succeed Gen. Dwight Eisenhower as commander of NATO forces in Europe, the San Francisco Chronicle said today.

In a copyrighted dispatch from Washington, the Chronicle said Ridgway was recommended by the Joint Chiefs of Staff. The dispatch said Ridgway's name was suggested to 13 other countries in the North Atlantic Treaty organization.

The Joint Chiefs of Staff plan to name Gen. Mark Clark, now chief of Army field forces at Fort Monroe, Va., to succeed Ridgway, while Clark will be replaced by Gen. Alfred M. Gruenther, now Eisenhower's chief of staff in Paris, the Chronicle said.

## Max Factor Seeks 'Queen of Coeds'

Hollywood, Apr. 17 (UP)—Unaffected American college coeds, not glorified movie stars, are the most beautiful women in the world, according to Hollywood glamour critic Max Factor Jr.

The make-up maker said yesterday he is setting out to find the queen of the campus queens and will search every college and university in the country for her.

# Five Million Vets Await Dividends

Washington, Apr. 17 (UP)—The Veterans Administration said today it expects the payment of GI insurance dividends to 5,000,000 policy holders to be in full swing by the first week in May.

The VA will pay out \$100,000,000 in dividends from five district offices in Denver, Minneapolis, Atlanta, Philadelphia and Dallas. The special dividends in 1948 and 1951 were paid from the Washington office.

The current payment is the first regular dividend to be sent to veterans. The other payments—one covering eight years and the other three years—were special dividends.

# Student Y Press Panel Debates Daily Cal Issue

By BARBARA RILEY

A Student Y panel discussion on "Propaganda, the Press, and the Student," resolved into "Should the Spartan Daily have printed the Daily Cal letters?" Wednesday night.

The letters, written by university students who had attended the Berlin Youth Festival, appeared in the Cal paper and resulted in its restriction by an advisory board.

Dr. Dwight Bentel, head of the Journalism department; Dave Cone, senior in mathematics and philosophy; and Jim Downs, senior in social science, made up the three-member panel.

Speaking first, Dr. Bentel defined propaganda as "any persuasive argument" and "not evil if the source of the information is known." As an example he cited the headline, "President Truman Is a War-Monger."

"By itself, it's bad propaganda," Dr. Bentel said, "but if you add the words 'Says Stalin' it changes."

Cone stated that decisions on what composed unorthodox or un-American literature rested with the people. He implied that editors could not make the judgment. The people, he said, must have access to both sides of a question in their newspapers, and he used the Bill of Rights

as his justification for the statement.

Later on in the discussion, Cone replied to a question from Downs that if he were working for a church paper, he would not print both sides. "We must be practical," he explained.

Downs pointed out that the Espionage acts, and the laws of slander and libel already have curbed any decision on printing and noted that editors cannot know and print both sides of a problem because of the limitations of time and space. "Academic discussions have no place in a newspaper," he said.

A question came from the audience repeating Cone's position that both sides should be presented in a newspaper.

"If there was just one newspaper and one editor I would agree with you," said Downs. "But because there are many editors and many newspapers, all sides have an opportunity to be heard."

Former Editor of the Spartan Daily Monte Dayton, questioned Wednesday as to why the letters were not printed, stated that they did not warrant it.

"The real issue is whether the Daily Cal should have been restricted by an advisory board after printing the letters. I commend these students for their interest, but they can't see the forest for the trees."

Dr. Bentel stated that the demand did not warrant the presentation of the letters, and continued that editors have the right to print or not to print.

# Music Festival Movies, Slides To Be Shown

Movies and color slides of the music festivals of Europe will be shown in Room 210 Monday and Tuesday evenings at 7:45 o'clock, by Miss Frances Robinson, assistant professor of music, who has been named the west coast representative of Temple university's third study tour to the festivals.

The movies and slides will show places visited on Miss Robinson's 1951 tour. Anyone interested in music is invited to attend these showings.

Each summer, Temple university of Philadelphia conducts a tour of Europe for students and music lovers. This year the tour will include England, France, Spain, Germany, Italy, Switzerland and Scotland and will visit the cities of London, Paris, Madrid, Barcelona, Avignon, Monte Carlo, Rome, Florence, Venice, Salzburg, Munich, Heidelberg, Edinburgh and others.

Miss Robinson will join two other music educators in conducting this tour. This will be her third trip to Europe. An exhibit of mementos from her other trips is now on display in the library.

Temple university offers from four to six units of credit to graduate or undergraduate students on this tour.

# WAA To Seek Tri-day Honors

San Francisco State college has extended an invitation to the Women's Athletic Association to participate in a Tri-Day for sport to be held in San Francisco, according to information from that organization.

Swimming and softball teams have been chosen by the WAA to represent the college in the activity.

Softball manager Mickie Delahousie has selected a full team including substitutes.

# Spartan Help

One full-time male worker and several part-time assistants are needed to work in the Spartan Shop during summer session, according to Bill Severns, assistant manager.

Students interested should call at the Spartan Shop.

# Leadership Camp Awards Available

Applications for four scholarships to Camp Miniwanca, Mich., leadership training camp, will be available to students next week, according to Jean Ann Bailey, chairman of the Camp Miniwanca committee.

Beginning Monday Apr. 21 and ending Mon. Apr. 28, forms may be obtained in the Dean of Women's office, Miss Bailey said. They also will be distributed at freshman and sophomore class council meetings, and at a special movie showing at 8:30 p.m. Tuesday (place to be announced later).

The film will describe and explain the workings of the camp. Scholarships are awarded on the basis of leadership potential, Miss Bailey said. While freshman students are preferred, all students may apply.

Sponsored by the ASB, the program's purpose is to apply camp training to campus activities.

"A great deal of benefit is derived from attending this camp," said Tom Evans, a former scholarship winner and representative-

at-large to the Student Council. "Not only do the students benefit, but the campus as well."

Camp sessions are July 28-Aug. 9 for women, and Aug. 11-23 for men.

Applications must be turned in to the Dean of Women's office by Mon. Apr. 28, according to Miss Bailey.

# GREEK CHIT CHAT

—by—  
DIANE PRICE

Hi, again. We're back with some more tid bits, gossip, and plain old chit chat about the latest happenings on Greek Row (figuratively speaking, of course). Mid-terms got you down? Well, don't despair; the weather hasn't been too good anyway, so you probably haven't missed much beachtime after all. There we go, rationalizing again.

### HELP!!!

This Help Week idea turned out all right after all, and if you don't think so, just ask the PIKAs, who really capitalized on the deal. "Pike" pledges (ex-pledges, we should say) were mighty busy painting the rooms, building ping pong tables, and the such. The actives weren't just supervising either, certain industrious members having repainted the lower part of the house into varying shades of pastels.

### CONGRATS!

What's with all the SAEs sudden desire to learn American philosophy? The class looks like an SAE chapter meeting. Perhaps this added learning was responsible for the local chapter being saluted over KEEN as being one of the outstanding fraternities in the Bay Area.

### OVER ABUNDANCE?

The Theta Chis undoubtedly hold the world's record for the number of "professional" master-of-ceremonies in one group. Where else could you find a Dick Ganzert, a Joe Thornley, a Bob Custer, a Marv Braunstein and a Dick Chappell all in one place?

### "DOWN BOY"

Don't get excited. "Down Boy" is a dog, and as big a one as you're ever apt to see. He's the new addition in the Theta Xi house, and word has it that he eats as much as any three members put together. The animal is a refugee from the Oakland pound, and he got his name from the fact that when he stands on his hind legs, he can put his paws on an upper bunk. Wow!

### TWO WAY SWITCH

From bed to beach requires little change in clothing for DU Hal Huxley since he developed his "two-way shirt." Hux bought a pajama top that is bursting with Hawaiian allure, so in the morning he just hops out of bed, climbs into his Levis, and hustles off to the beach. It saves a lot of time and just think how convenient it is when he returns tired, sunburned, and sandy and can just take off his levis and climb back into bed.

### PINNING GALORE AND EVEN MORE

Is Leap Year responsible, or is it just spring fever? Who knows, but here's the latest scoop on fellows who have recently relinquished their fraternity pins: Floyd Marshall announced the pinning of Wil Watkins to Rae Roberts at the SAE house recently. Dean McKenzie, Theta Xi, has pinned AOPi Carlee Gervais, attendant to the recently-named Sweetheart of Theta Xi.

A serenade at the Kappa house followed announcement of the pinning of KKG Jan Yonce to Theta Bob Pettet. Barbara Beeler, DG, is now wearing the ATO pin of Gene Goselin. And Gerri Herzog, Sigma Kappa, is proudly sporting Joe Pappas' Sigma Chi pin. Jeanette Hargrave, AChiO pledge, recently announced her pinning to Joseph Mell, ATO at Stanford. What a week can bring!

### PARTIES, TOO

Wednesday night was the night, with the Theta Xis holding a joint party with Chi Omegas. Fun and frolic for all. The same goes for the ATO-Theta exchange dinner and roller skating party that same night. Any aches and pains, kids? The Phi Sigma Kappas and the Alpha Phis joined together for a barbecue at Alum Rock lodge recently, and the Sigma Chis and Belle Manor joined together for an evening of volleyball and dancing.

### CELEBRITIES EVEN

The Lambda Chi Alphas tell about their chapter at the University of Miami initiating into its ranks of honorary members none other than THE Frankie Laine, nationally known crooner. Other star of Dick Tracy, Jimmy Doolittle, famous World War II aviator, famous Lambda Chi honorary members include Chester Gould, creator—Harry Truman.

### DOUBLE TROUBLE

Double trouble took over the AOPi house recently when members of the pledge class took not one but two sneaks. First occurred Saturday when the girls kidnapped President Marilyn Blus and other members and took them to the home of one of the pledges. The absence of pledges again occurred Monday night when the actives barricaded the house against a super-human attack by the neophytes. Two helpless males got mixed up in the attack when, upon ringing the doorbell to pick up their dates, they were caught in a trap set by the actives.

That's all for this time. See you soon.

## Sigma Pi Initiates Pledges Recently

Three pledges recently were initiated into Sigma Pi fraternity at a formal banquet held at the Club, Lanai, according to Dick Degnon, fraternity publicity chairman.

The men were initiated after 11 weeks of pledging, climaxed by informal initiation Friday night and a formal initiation the following evening.

Wynn Hoskins, business administration major from San Mateo, was named outstanding pledge. Also initiated were Dale Summers, letterman guard on the Spartan football team, and Gene Greenelsh.

## IFC To Sponsor Barbecue Today

Members of all 13 campus fraternities will be present at the Inter-Fraternity council barbecue to be held this afternoon at Alum Rock park. Faculty members, too, are invited to attend.

Entertainment for the occasion will be provided by Don Dean and his "Dixie Half Dozen," and Gene Broderick and his "Gut Bucket Trio". Volleyball, softball, and horseshoes will be played during the afternoon.

The affair is scheduled to start at 3 p.m., with dinner being served at 5 o'clock. Ritch Bryan, ATO, is chairman of the event.

When you're off to a sunny day at Santa Cruz or a weekend at Carmel you'll want a White Stag wardrobe to see you through every busy minute of your day... see our summer fun collection now!

## Possible Starting Pitchers Against Gators Tomorrow

### SJS Meets Navy Team, S.F. Gators

Coach Walt Williams' Golden Raider nine will take the field against a San Diego Navy team today at 3:15 p.m. at Alameda.

The Spartans will be without the services of first baseman Ed Hallberg, but aside from that, have no big injury problems to hamper them.

Today's probable starter against the Navy team for the Spartans is Clair Parkin, currently leading the State pitching department with a 2-0 record. Parkin's last assignment was against Cal when he went 11 innings in a 3-3 ball game.

The Navy team is practically unknown in this part of the country and their only known opponent so far this year was UCLA whom they played Apr. 15.

The probable Spartan lineup will be: Bob Poole, catcher; Dick Brady, first base; Ron Palma, second base; Cookie Camara, shortstop; Bill Fielder, third base; Andy Miller, left field; Joe Bonfiglio, center field; and Milt Manoukian, right field. Jack Richards at second and Bob Glaves at third are also possible starters for State.

Tomorrow the Spartans will come back to their home grounds at Municipal stadium where they will play a double header with San Francisco State starting at 12:30 p.m.

The Gators put a blemish on the Spartan's fine record for this season when they defeated the locals 4-3, in the second game of a

**DIMINUTIVE HURLER** Doug Boehner has won one and lost one for the locals this season. The right-handed freshman may face the Gators.

twin bill played there Saturday.

Pitchers for the Spartans in the two games with San Francisco State are Johnny Oldham in the first game and either Jim Collins

or Doug Boehner in the second contest. Oldham tossed a two hitter at the San Francisco team Saturday in the first game of the double header.

**SOUTHPAW JIM COLLINS** has posted a one win, three loss record so far this season. In his last effort the San Diego Marines drove the left-hander from the box. He may face the Gators here tomorrow.

### Sigma Chi Whips Pi Sigma Kappa

Intramural softball results Wednesday were: Sigma Chi, 12; Pi Sigma Kappa, 2; Alpha Tau Omega, 16; Pi Kappa Alpha, 11; Kappa Tau, 16; Delta Sigma Phi, 11; Lambda Chi Alpha, 16; Sigma Pi, 6; and no scores were turned in for the games between Sigma Nu vs. Arnold Air Force and Sigma Alpha Epsilon vs. Delta Upsilon.

No games are scheduled for today and play will be resumed on Monday.

There have been no scores published in the Spartan Daily of some of the games because the scores have not been turned in by the winning teams.

### Unbeaten Golf Team Clashes With Weak California Today

Golf ace Ken Venturi will lead the college contingent against California this afternoon on the Mira Vista course in the East Bay hills near the Berkeley campus of the Bears. The squads tee off at 1 o'clock.

The undefeated Spartan team captured its sixth consecutive dual match win by blasting the Bears off the San Jose Country club grass Tuesday, 23-4. The Raider team expects to repeat that performance this afternoon on the Cal squad's home layout.

The same combinations that met Tuesday will probably meet again in today's clash.

In the previous encounter Venturi stroked a sizzling 66, four under par, to defeat Wayne Lowell's 72 effort, 3-0. Gene Broderick tied with the Bears' Bert White, 1½-1½, as both posted 77's. Venturi and Broderick then teamed up to trounce Lowell and White 2½ to 1½.

Spartan Bill King hopes to duplicate his 72 effort against Ted Eng's today, whom he defeated 3-0, as the Cal stroker hit a 76. Gordy Williams carded a 71 in Tuesday's match to easily beat Dan McMillan's 76, 3-0. King and Williams then paired to decision Eng's and McMillan 3-0.

Wally Regan posted a 76 to defeat Rich Lien's 82, 2-1. Russ Bigelow of the Bears bowed to Stan Gum 2-1 and Regan and Gum knocked over the Cal combination of Lien and Bigelow 3-0.

### Spartan Swimmers In Davis Relays

A spartan swimming team which has won eight dual matches while only losing two this season leaves for Davis tomorrow to participate in the fourth annual Davis Relays at the Cal Aggie school.

The locals dropped the two matches to the University of California and Stanford university, who are co-favorites to take the relay crown.

Santa Clara, California, Cal Poly, Cal Aggies, Stanford, College of the Pacific and San Francisco State will compete in the tourney against the Spartans.

The Gators proved to be no puzzle to the Golden Raiders in the local pool Wednesday night as the visitors were soundly trounced, 52-32. Only bright spot for the San Franciscans was that Gator Bob Jimenez won three events, capturing the 50, 100 and 440-yd. freestyle races.

**J. Paul Sheedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test**

"YOUR HAIR looks as though it's been in the rein, deer," a campus Caribou told Sheedy. "If you want to horn in on the sororities, it might behoof a man of your ilk to try Wildroot Cream-Oil, America's Favorite Hair Tonic. Contains soothing Lanolin. Non-alcoholic. Grooms hair neatly and naturally all day long. Relieves annoying dryness. Removes moose, ugly dandruff. Helps you pass the Finger-Nail Test!" Paul got Wildroot Cream-Oil and now no girl wonders whether he's man or moose! If your moose is cooked by unruly hair, collect a little doe and take a taxi-dermist to the nearest drug or toilet goods counter for a bottle or tube of Wildroot Cream-Oil. And ask for it on your hair at the barber shop so your deer won't think you've let herd down. (What she'll say will be moose-ic to your ears!)

# Spartans Invade Berkeley For Triangular Trackfest

Friday, Apr. 18, 1952

SPARTAN DAILY 7

Track fans will be treated to one of the best half mile races of the current season when the Spartans travel to Berkeley tomorrow to meet the University of California and College of Pacific in a triangular meet.

The 880 will feature an official battle for top honors between Bob McMullen, Gold and White distant star, and Len Spurrier, Cal's top half miler. McMullen was clocked in 1:58.1 against the Navy squad Saturday, while Spurrier hit 1:58.2 in Cal's battle with USC the same day.

The unofficial end of it should be even more interesting with Thelno Knowles, Spartan record holder of 1942, running up against Lang Stanley, national and state high school record holder for the half. Stanley rolled the half in 1:53.9 in the state meet in 1950 which bettered Knowles' state half mile mark of 1:56.5.

McMullen, off his school-record

CY 3-2657

setting mile of 4:18.8 in the Stanford meet, should take the distance event with Paul Jennings

**BUD WINTER**

... personable track director

close behind in second or third spot.

Herm Wyatt is set for his fav-

orite pit and could conceivably break the Berkeley oval record of 6'9". Wyatt got off his first 6'7" jump of last year at the Cal pit. Jim Tannahill has recovered from the flu and could easily take the second spot behind Wyatt in the high jump. Tannahill has a best jump of 6'5" which he hit last year in winning the junior college state meet. His top jump this season is 6'1 1/4" which he hit in taking a tie for second place against the Olympic club. He has been out of action since that meet.

Pole vaulting honors should go to Spartan Bill Priddy tomorrow with a best leap this season of 13'6". Priddy narrowly missed in three attempts at 13'9" against the NTC squad but figures to hit this height soon.

Quarter milers from Cal and COP should be shut out of first and second spots when the terrific duo of Walt Burnett and Owen Moore take off for the Golden Raiders. Burnett, rated as the number one 440 man in the nation off his clocking of 48.3 in the Stanford, figures to take the event. Moore has been bothered by a bad ankle for the past two weeks but is slowly getting back his speed.

Dick Stults, rapidly improving shot putter for the Spartans, may grab off a first place. He has hit 50' in practice this season.

## Tennis Team Faces Cal Poly Today in San Luis Obispo

Coach Ted Mumby's Spartan tennis team opens up a southland trek with a match against a strong Cal Poly aggregation today in San Luis Obispo. Tomorrow the locals meet Santa Barbara there and next week they continue their tour of the southland with matches against Los Angeles State and Pepperdine and play in the California Intercollegiate tourney at Ojai.

The Golden Raider netmen dropped a 5-4 decision to the Cal Poly team on the Spartan courts late in March.

Against the Mustangs in the previous encounter, Butch Krikorian and Don Gale were the only locals to win singles matches. The doubles combinations of Gale and Krikorian and Marty Halfhill and Don Straub won their features in the last meeting.

Jim Cowan, Jim Corbett and Ken Walts are the top tennis men on the Cal Poly contingent.

Jim Cowan, Jim Corbett and Ken Walts are the top tennis men on the Cal Poly contingent.

The Golden Raider squad has

a fine chance of reversing the earlier defeat. Continually improving the locals swamped a College of Pacific team 8-1 earlier this week. The only Tiger victory was a defaulted doubles match.

Krikorian, the Spartan's southpaw ace, defeated Don Jacobus of

**TED MUMBY**

... tennis mentor

Pacific 6-3, 6-3, in the feature match here Tuesday. The former teamed with Bob Phelps to score a decisive doubles win, 6-0, 6-4.

## Bronzan Applies For Tempe Post

Dr. D R. Van Petten, director of athletics at Arizona State college at Tempe, announced Wednesday that he had received an application from Bob Bronzan, head football coach at Sparta.

Concerning his possible move to the head coaching job at Arizona State Bronzan said, "I don't know any more than anyone else."

A new head football mentor is expected to be named at the southwest institution within a week to succeed Larry Siemering, who resigned last week in a controversy concerning ineligible players.

**NORD'S**  
BETWEEN CLASS SNACKS  
Sandwiches to go —  
25c to 50c  
105 E. San Fernando

## Judo Tournament Here Tomorrow

Fourteen college, club and service teams will compete in tomorrow night's fourth annual San Jose Invitational judo tournament to be held in the Spartan gym. The first match will start at 6 o'clock.

Favorite to win the crown is Los Angeles. This year's southern California titlists have won the invitational tournament the last two years and are out to make it three wins in a row.

Toughest opposition to the southland champs will be forthcoming from the Golden Raider judo team. The locals are the current northern California champions and won the first invitational meet in 1949. The Spartans will be represented by Capt. Jim Foster, Ford Harvey, Lyle Hunt, Larry Tambellini and either Chris Bell or Tom Dunlap. Coach Yosh Uchida of the Raiders thinks his contingent has a good chance of winning the coveted gonfalon.

The winner of the tournament in Spartan gym will be the California state champion.

For the first time this year, service teams have been invited and

**YOSH UCHIDA**

Ford Ord, Camp Roberts and Travis Air Base have entered teams in the meet.

Other five man teams entered are from California, College of Marin, Stockton Judo club, Laws Judo academy, San Carlos Judo club, San Francisco Judo club, Southwest Los Angeles, San Jose Buddhist church and the American Federation of Oakland. The latter is entered for the first time and is rated as one of the strongest teams ever gathered in this area.

## Grid Scrimmage

Coach Bob Bronzan's spring practice football aspirants will hold their first regular Friday scrimmage this afternoon on the Spartan stadium turf.

The spring practice drills started Monday afternoon and are scheduled to conclude May 9 with a "Spring Bowl" intrasquad title.

## Freshmen in Meet

The Spartan freshmen will compete against two high school foes this afternoon in the Campbell school pool. At 3:30 o'clock the Golden Raider Spartababes meet Santa Clara and Campbell high schools in a triangular swimming clash.

## Chuck's Chucklin'

You'd be, too, if you saw the terrific Pendleton shirts that just came in. . . . Why don't you drop in tomorrow to see Chuck? He's at WOOD'S, the store for the young man about town, 181 S. First Street.

## La Torre Reservation Deadline

Deadline for reserving copies of the 1952 La Torre, campus year-book, will be soon, according to Norman Brown, business manager. Price of the 272 page annual is \$5 or \$2 down on the installment plan. Books may be reserved in the Graduate Manager's office. Pen and ink drawings of campus

activities will be one of the outstanding features of the black and yellow covered book, Brown said.

### SHEEP HAVE FIELD DAY

Andover, Conn. (UP) — Twins, triplets and quadruplets were born on a sheep farm here the same day.

## Park Meeting

Approximately 50 members of the Physical Education and Recreation majors' club will hold their first general meeting of the spring quarter next Thursday afternoon at Alum Rock park.

Time of departure has been set for 5 p.m. The groups will meet in front of the Women's gym, where transportation will be provided.

## Chemistry Club Urges Sign-up

Persons interested in going on the Phi Epsilon Pi, chemistry fraternity, field trip to the radiation laboratory at the University of California Saturday, Apr. 26, should sign up on the bulletin board outside S124.

Pete Hernan, publicity chairman, said registrations should be made before 5 p.m. Monday. Senior physics students are especially invited, he said.

You've never seen so much fashion packed into so small a bundle! We mean the Poodle Cloth Spencer Coat that comes in strictly edible colors and is priced at only twenty-nine, ninety-five at HAMMER'S, First near San Carlos.

# How you can make a profit of \$27,295,971 and go in the hole!

**1. According to our accountants,** Union Oil made a net profit during 1951 of \$27,295,971. If this bookkeeping profit represented the company's actual "take" our 38,347 common share owners would be overjoyed. But after paying dividends of \$11,444,259, we actually ended up on the minus side of the ledger to the sum of \$7,534,000 in working capital.

**2. Here's the reason:** In 1951 we had to spend \$62,421,000 for replacement of worn-out equipment and oil properties and to enlarge our facilities to meet the greatly increased demand in the West for petroleum products. This money came from three sources.

**3. \$40,281,000** of it came from the "depreciation and depletion" allowance. (The sums a corporation sets aside each year to replace equipment and oil properties when they're worn out.) \$14,606,000 of it was made up out of profits. \$7,534,000 of it was taken from working capital—the "checking account" a business keeps on hand for day-to-day expenditures.

**4. We obviously** can't keep dipping into our working capital indefinitely and stay in business. For if we do we'll eventually run out of money to carry our receivables, inventories, etc., and pay our daily operating expenses. That's why something has to be done about a situation that affects not only us but every U. S. corporation.

**5. Briefly it is this:** The sums the tax collector allows you to set aside for depreciation and depletion are based on what things cost when you acquired them—not what it costs to replace them today. Since these depreciation funds aren't adequate to replace equipment and oil properties at today's prices, we have to make up the difference somewhere—or go out of business.

**6. On top of this,** extremely heavy taxes on corporate earnings make it almost impossible to retain enough profits to make up the difference. So we have to take it from working capital. That's why we must have a tax policy that will permit corporations to earn enough for the replacement and expansion necessary to maintain the productivity and economic growth of the nation.

## UNION OIL COMPANY OF CALIFORNIA

INCORPORATED IN CALIFORNIA, OCTOBER 17, 1898

This series, sponsored by the people of Union Oil Company, is dedicated to a discussion of how and why American business functions. We hope you'll feel free to send in any suggestions or criticisms you have to offer. Write: The President, Union Oil Company, Union Oil Building, Los Angeles 17, California.

Manufacturers of Royal Triton, the amazing purple motor oil
