

Dr. Cadman Will Open Economic Meet Next Week

Economic Conference To Be
Held February 21 to 23
On State Campus

A World Economic Conference, planned and sponsored by the faculty and students, will be held here on the State campus on February 21, 22, and 23.

The building up of world economic stability, is, of course, of the greatest importance in the building up of our recovery. . . .

In the statement made by President Hoover in a telegram sent to President-elect Roosevelt on November 14. Other leaders have agreed and the result is a conference to occur in London in the spring or early summer.

The Economic Conference to occur here will be patterned after the London conference; so the economic problems of today will be grappled with seriously at the conference here, since the problems of the future and the present concern all of us.

Secretary, Trade, Agriculture, Debts, Reparations, and other problems will be considered in a series of lectures and other noteworthy events to occur at this Economic Conference.

On Thursday, February 16, Dr. Blanshard, lecturer for the State of Industrial Democracy, will give a talk here on "What I Do To Help the Economic Situation."

The Conference will be officially opened on the following Tuesday, February 21, with a registration tea sponsored by Kappa Pi, honorary education fraternity. This registration of all delegates to the conference will take place in the afternoon, and will be followed in the evening by a lecture to be given on the subject, "The Significance of the World Economic and Financial Conference," Dr. Paul F. Cadman, associate professor of economics at the University of California, will be the speaker for the evening.

On Wednesday, February 22, Professor William H. Polytress of the Social Science department at the State, will give a talk at 9 a. m. on "Problems of World Agriculture and Trade." Following this will be sub-conferences on other important problems in the morning. At noon in the Quad a program presenting the folk life of the countries of the world, and shortly afterwards food will be served by the Language clubs. Between two and five p. m. an address will be given by Dr. Theodore Boggs, professor of economics at Stanford University, to be followed by further sub-conferences on the problems of Capital and Investments and Reparations and Inter-Allied Debts. The conference will be closed on Thursday, February 23.

SPARDI GRAS COUNCIL WILL MEET TODAY

Will all members of the Spartan Council, which is the heads of all organizations of school, please meet with the Executive Board and Spardi Gras Chairmen, in the Little Theater today at 4 p. m.? The purpose of the meeting is to discuss further plans for the forthcoming Carnival. Please be on time as there is much work to be done in a short time.

LEON WARMKE,
Pres. A. S. S. J. S.
JUNIOR WILSON,
Gen. Chairman.

FRESHMEN LUNCHEON CLUB ADDRESSED BY DR. GILBERT WRENN

The members of the Freshman Luncheon Club met in Room one of the Home-Making building on Thursday, February 9th, from 12:00 until 1:00 o'clock.

Dr. Gilbert C. Wrenn, from Stanford University, spoke to the group on "Vocations for Women," and made clear to them the many fields into which women may go to work in comparison of previous times.

Today, vocations have become necessities. If a girl is able to do for herself she will have more respect for herself as well as that from others.

Choosing a vocation in 1933 is a quite serious matter. Stop and think of yourself and the situations consider the vocations which are open to you. Take the one in which you will be the best fitted. Be very specific, you can't just slide into things.

Vocations are divided into groups according to activities, as human relationships, ideas. Interest is the motive which is necessary to push a person on to success.

For a person to be brought into the professional world, they must first of all pay attention to details. See that all their work is done, but never be too quick to answer. Secondly, do not appear to be too brave. Third, do not emotionalize or personalize a job too much or be too snappy. Be able to take criticism. Lastly, never attempt to imitate a man. This feature will not gain admiration for a woman in business.

There are one million, seven hundred and sixty-three thousand women in professions today. With such keen competition you have to pay the price and give up much.

CO-ED CAPERS MEETING TO BE HELD THURSDAY

Co-ed Capers meetings are held every Thursday at 12:30 in room 117 of the Art building. All sororities are asked to schedule their practices and hand the dates to Marba Van Siekle. Work must be started at once, because the first evening rehearsal will be held on March 2.

Dr. MacQuarrie Speaks At Co-op Meeting Tonight

E. Howarth, Neil Thomas, J. Torney, Leon Warmke
To Speak Also

A meeting in which the position of the San Jose State College in reference to the maintenance of the Co-Op on the campus will be explained to all voters and non-voters is scheduled for tonight at 8 p. m. in the Morris Dailey auditorium.

Passage of a bill to do away with all campus stores is being considered in the present session of the California State Legislature. This bill, if passed, will eliminate the Co-Operative Store on the campus, and will force students to buy supplies in stores off the campus at higher prices, and, according to many, at much inconvenience.

Leon Warmke, Student Body President of this college, is leading the fight to keep the Co-Op on the campus. Previously, conferences with members of other colleges, with members of the Legislature, and with parents and teachers of Santa Clara Valley have been made.

Tonight, all students of the college, their parents or guardians, members of the faculty, and anyone else who is in any way concerned with this issue are urged to attend the meeting to be held tonight.

Dr. MacQuarrie; Jim Torney, last Student Body president; Ed Howarth, manager of the Co-Op; and Neil Thomas, comptroller; are among the speakers scheduled to explain the situation clearly this evening.

Bertram Whiting Sings at Musical Half-Hour February 10

Many attended the Musical Half-Hour program which was held in the Morris Dailey auditorium, Friday, February 10th, from 12:30 to 1:00 o'clock.

Two student artists were featured. There were Bertram Whiting, clarinetist, and Marie Jacquemet, soprano soloist.

The program for the half-hour was as follows:

I
Air Varie, Op. 7. . . . P. Valer
Bertram Whiting

II
1. "By the Bend of the River" . . . Edwards
22. "Bonjour Suzan" . . . Delibes
3. "Orpheus With His Flute" . . . Sullivan

Marie Jacquemet

III
"Rigoletto" . . . Luigi Bassi
Bertram Whiting

The accompanists were Carl Bruce for Bertram Whiting, and Marie Jacquemet was accompanied by Marjorie Marshall.

JAPAN'S SITUATION CLARIFIED BY DR. GRAHAM AT FORUM

Dr. Frederick Graham, member of the Social Science department, was the speaker at the Forum last evening. His subject was Japan—her military and political position in the Far East. Following the talk, a short discussion was held, and questions were asked by the audience.

This is the last Forum meeting of the quarter. Next quarter the plans will be changed. Meetings will be held either every three weeks, or once a month, and will center around subjects of student interest. Informal student debates will be held. Plans for the time of the meetings aren't definite.

Valentine Party To Be Given This Afternoon

A delightful party to celebrate St. Valentine's day will take place at four o'clock this afternoon in the Art building for all students and faculty members of the Art department.

Both serious and comic valentines are being made by the Art students and teachers to distribute amid fun and laughter to those attending the party.

The party is most informal, and all members of the Art division of San Jose State are urged to attend. Mrs. Turner and Miss Barry, of the Art department faculty, are in charge of the entertainment and refreshments.

Faculty Get-Together Will Be Held Tonight

An annual get-together party for the faculty will be given in Room 1 of the Art building tonight. It will be most informal and economically conducted, and invitations in the form of red valentine hearts have been sent to all faculty members, their wives, and their husbands.

Miss Dimmick, Mrs. Stevenson, and Mr. Goddard are in charge of the social part of the party. The Art department faculty have charge of the decorations, and Mrs. Knapp will provide the entertainment.

All technical course students who expect to graduate in March, June, or August, are asked to meet Thursday, February 16, at 11 o'clock, in room 114.

Harrison F. Heath,
Conselor.

There will be a meeting of all students interested in forming a College Philosophy Discussion Club in room 16, today, at 12:40. All students in the college are urged to attend. We would like to get the club started in an active fashion. Dr. Robinson will be faculty adviser

Senior Address By C. C. Cottrell Features Meet

Senior Orientation Thursday
Is Opened With Talk
By C. Ryan

Orientation was opened with a series of important amendments.

Charlotte Ryan told of the Economic Conference that is to be held on our campus the week of February 21-23.

Students were urged not to drop out before June just because of finance. Miss Innes told them to see Dr. De Voss and borrow from the loan fund.

Don Lima, music student on the campus, played two violin solos.

Next orientation is to be a joint one with the Juniors. There will be tumbling and wrestling. Lorin Miller will put on an exhibition.

Dr. De Voss introduced Mr. Cottrell from the State Legislature, who spoke to the group concerning democracy.

Democracy is facing a serious test and many of its problems will be worked out by us. Business men are becoming impatient and losing heart in democracy.

There is a lack of fundamental honesty in men elected to public office and this must be overcome. They administer affairs of the public differently than they would personal ones. Much of this is due to the indifference on the part of the public. When a crisis is reached we begin to criticize.

A benefit will come from education, therefore large fees should not be charged.

Many bills have been introduced into the legislature, but there is no money to pay them. Many taxes have gone delinquent. A county gets expense out of direct tax on land and this has worked hardships on land. Unfair proportion of land tax compared to public utilities.

Hunger marchers demand a vote from the legislature. How can the unemployed be cared for, when the oldest banking system in the State collapsed. California is \$60,000,000 behind in the amount needed for public affairs.

Remedies are hard to find for their situation. One is to cut off 162-3 per cent of light and heat in our institutions. Another, cut school contribution which would put more burden on counties and therefore on land. Do away with State's contribution of half the old age fund would result in the county paying all of it.

Economy should come in a discriminating manner. Attempt to consolidate service and have no overlapping. Need a more equitable system of taxation, spread it over more people and lift the burden from the land.

Our problem is the thinking out of a system that will carry us through prosperity as well as depression.

San Jose State College Times

Clarence Naas Editor, Dick Sanders Business Manager, Society Editor Grace Murray, Copy Editor Mary Tracy, Faculty Adviser Dr. Carl Holliday, Published every school day, except Monday, by the Associated Students of San Jose State College.

Just Among Ourselves

Just one epidemic after another. Now it's limerickitis. Who started that anyway? So kind of you to respond as you did to my request for help.

The Recreation Night sponsored by A. W. S. last Saturday was a grand success. Don't know but we should have such evenings without dancing. We are having plenty of dances as it is, and when both are held the same evening, the dancing dominates.

Muckraker

betty O'Brien was at the ero Dance with tomy Delmas when we had just got Used to seeing Her with bob Loken and speaking of Saturday had applegarth who will be remembered as the man Who takes whole Carloads of fellows to call for Dates spent the whole Morning in the controller's Office phoning for a Date and couldn't get it we get ten Percent for this little Favor as it's a little Out of our Line jack carraher wants a Date with the blond Venus loree Eggink and charlie barrachi Wants one with Marginette Meldrin lou salvato played the Gallant lochnivar saturday Nite when he interfered Between margaret licerda and her Friend who was spanking Her over the fence after Recreation nite in front of the Gymnasium but even then he Didn't get to take her Home ey Wood poured out his Soul at the dance Singing "here lies love" dedicated To eva leryl Tree kay lindsay took her Home loyd anderson Has been taking lorraine Lawson sammy ziegler's Girl out every Time sammy fails to do So a week Ago she and Anderson didn't get in Until five o'clock And even sammy was getting Worried and speaking of the Campaign to "save the Co-ed" state men Should patronize the local Product too many high school Girls are supplanting our lovely Ones question Mark byron lanphear brings One from campbell to the Games and now to the recreation Nite jimmy Lyons came with One harold freitas Ditto lorna laker who is Supposed to be going Steady with a man in Modesto staggid it to the Aftergame dance and was so Entranced by the "handsomest man in Santa clara" on the way Home that she got Herself dated up again with Him For Next Saturday.

I hope the day may come when we here take a much more active part in the political situation. If we don't do it as students, there's little chance of our doing anything later. Just some more civic duds.

COMMUNICATIONS

Editor the Times: The ramblings of Rudolph Engfer, whose communication attacked the building of the stadium and the maintenance of the Co-Op, should not be taken too seriously.

It is easy to read between the lines of his writing and find that he still believes in measuring the quality of a school by Santa Clara standards, a typical San Josean's viewpoint.

Santa Clara a few years ago gave up trying to play home games, because it could not draw at the gate. Yet San Jose State was playing its home games on the Santa Clara field that year, and every contest was able to outdraw the highly rated Bronco eleven.

I do not want to under-rate Santa Clara, but merely to point out that the institution is primarily a school that receives its backing from the bay region. As a result any game played by it on the Santa Clara field fails in drawing a crowd.

Then again, it does not seem that building a stadium with a seating capacity of 4500 people is placing an undue over-emphasis on football.

As to the Co-Op, Mr. Engfer is apparently lacking in any judgment, whatsoever. He forgets that this college is supported by the State of California and not by the City of San Jose, except in the latter's share in proportion to the entire state.

As far as boosting the business men of San Jose as being taxpayers, the students, or their parents pay the same rate of taxation for the support of their school regardless of whether they live in San Jose, San Diego, Eureka, or an orange grower of Riverside, or a bookstore proprietor in the local business section.

Indirectly every student of the college is a taxpayer of the state as much as any business man of a state teacher's college city, so why should not these same students indirectly receive the profits from the Co-Op which are now turned into the student body general fund.

Comforting thought after seeing the picture of T. W. MacQuarrie at the head of his column in the "Times." That tintype of Doctor MacQuarrie Is enough to make any Frosh worry. But though this facial jumble Makes new students tremble, It's the plate, not Mac's face, that is blurry.

Finger of suspicion pointed at H. F. Minssen after replying to his 1793rd, "What?" Mister Minssen, believe it or not, Has most of his math. long forgot. But he's still getting by, (And I think it's quite sly) By ending each statement with "What?"

Exasperated explosion upon being kept after the bell rang by Wm. H. Poytress: Here's a man who's to econ. a martyr (Looks like Primo Carnero, but shorter) 'Midst profs, Poytress towers, Not the "man of the hour," But the "man of the hour and a quarter." —John Neef.

HESTER THEATRE

Take advantage of the reduction to State students with the advertisement in this issue of Times. Mr. Samis, manager of the Hester Theatre, has long realized the necessity for economy among State students and is making this way of furnishing good entertainment cheaply to them.

Spanish Club Sponsors Program at College

Luisa Espinel, interpreter of Spanish folk music, gave a very delightful concert in the Little Theatre, Monday night, February 13th at 8:20. She was secured by the Spanish Club and the Language honorary society, Circulo Cervantes, because of the beauty of her interpretation. The seniorita wore costumes which were truly Spanish, being from various provinces.

Dancing Will Be Enjoyed Last Day of Conference

(Continued from Page One) The State band will entertain in the Quadrangle at noon, and at 7 p. m. a semi-formal dance will take place, after a British dinner given at the Hotel De Anza. At the dinner The Honorable Cyril H. Cane, British Vice-Consul; The Honorable Kaname Wakasege, Consul General of Japan; Leon Monetary and Fiscal Problems; Warmke, Student Body President; and others, will give toasts, with Standard and other present day Dr. T. W. MacQuarrie as the toastmaster.

ILLUSION: Right before your very eyes the man of magic draws rabbits, vegetables, flowers, fruits—even babies—all from an empty tub! What an astonishing fellow he is! EXPLANATION: The assorted rabbits, babies, carrots, cabbages, ribbons and other magical "props" are not created by magic. The tub has a false bottom that is conveniently displaced, and numberless wonderful things spring to life in the magician's nimble fingers. They do literally "spring" because they are made to compress into the bottom of the tub, taking their natural shape as the magician lifts them out.

IT'S FUN TO BE FOOLED ...IT'S MORE FUN TO KNOW

Tricks are legitimate on the stage but not in business. Here's one that has been used in cigarette advertising...the illusion that blending is everything in a cigarette. EXPLANATION: Blending is important...but it makes a lot of difference what is blended. Inferior tobaccos can be blended to cover up their humble origin. But your taste soon detects the trick. The proper use of blending is to bring out the full "round" flavor of mild, high-grade tobaccos. It's the costliness of the tobaccos, as well as the blending, that counts.

CAMELS NO TRICKS. JUST COSTLIER TOBACCOS IN A MATCHLESS BLEND. It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. Hundreds of thousands of dollars have been spent by others in the attempt to discover just how Camels are blended. The blend is important. But all the while Camel spends millions more for choice tobaccos...to insure your enjoyment. Light up a Camel. Relax, while the delicate blue smoke floats about you. Enjoy to the full the pleasure that comes from costlier tobaccos. Keep Camels always handy...in the airtight, welded Humidor Pack.

CAGERS BREAK LOSING STREAK BY DOWNING STOCKTON AMBLERS, 48-26

Locals Go On Scoring Spree
As Visitors Fail To
Show Much

By Adam Vagts

After seven consecutive defeats, the Spartans of San Jose State came to life here last Saturday night, and soundly trounced the Stockton Amblers Club basketball team to the tune of 48-26. The victory was entirely one-sided, and at no time did the visitors threaten. The half time score was 24-10.

Soon after Downs broke through for the first basket, Countryman and Rea added tallies to bring the Spartans a nine point lead while the visitors were held scoreless. Displaying uncanny shooting and a fast break, the Spartan hoopsters broke into a scoring spree and piled up such a lead that they were never in danger.

The Stockton Amblers, rated as one of the best club basketball teams in Northern California, failed to impress any one here Saturday night with their playing abilities. Inaccurate passing, loose play, and numerous fouls made the visitors look more like a high school team than a high-powered club aggregation. Miloslavich, the diminutive guard of the Amblers, scored 13 points, and was the shining light of the Stocktonian's performance.

With the start of the second half the Spartans ran the score up to 38-13, with Countryman, Downs, and Tueller hitting the bucket from all angles. Downs was high point man for San Jose, with 12 tallies, followed by Countryman with 11, and Tueller and Rea with 8 each. The entire San Jose squad saw action, and each man turned in a stellar performance.

The box score:

Amblers (26)	Fg.	Ft.	Pf.	T.
Stambler, f	1	0	3	2
Forbes, f	0	3	1	3
Boahl, f	0	3	3	3

COLLEGE SLUGGERS BEAT POLY HIGH SCHOOL BY 4-3 SCORE

The third victory of the current season was chalked up Saturday afternoon when the Spartan nine trimmed the Polytechnic High contingent of San Francisco. The final score was 4-3, with the State team just nosing out the prep stars in the last half of the ninth.

The Parrots started out with a bang, and a shaky State team presented the visitors with three runs on two errors and two hits. From there on, the Poly team passed the first sack but once, and the reliable right arm of Carol Deselle held them in check at all stages. DeSelle pitched a heady game and chalked up 12 strikeouts.

The first Spartan scores came in the fifth inning, when Erwin De Selle walked, Carol DeSelle doubled to score his brother, Thurber walked and Filice's single scored the elder DeSelle. In the seventh, Filice singled, stole second, and in a wild barrage of Poly heaves, scored. The final score in the ninth came with surprising ease. Erwin DeSelle led off with another base on balls, and on Carol's hit to short, the Poly infield went wild again and Erwin scored again.

The box score:

State College	AB	R	H
Thurber, 2b	2	0	0
Filice, 3b	4	1	2
Blethen, cf	3	0	0
Blacow, lf	2	0	1

Frosh Cagers Win From Sequoia High in Final Game by 37-21 Score

In the final game of the season, the local Frosh decisively trounced Sequoia High Saturday night in the preliminary game. Only the peninsula quintet's ability to sink their foul shots kept them anywhere within range of the fast-moving yearling five. Coach Erwin Blesh used his entire squad as usual, and was rewarded with the eleventh straight Babe victory. The Frosh started out by running up a 11-5 lead at the end of the first quarter and holding it throughout the entire contest. Half-time score was 24-14.

Nearly every one on the Frosh squad scored, with Al Lindner leading in the point column with 10 digits to his credit. Cacitti scored 7 and Biddle 6 markers. For Sequoia, Garcia with 8 and McGuire with 7 were high point men.

Rose, Wing, Arnerich and Woods kept the Sequoia scoring at a minimum, only five field goals being recorded by the Redwood City team. In the last four games, only fourteen field goals have been scored against the Frosh, an average of 3.5, or 7 points per game.

The box score:

State Frosh	Fg.	Ft.	Pts.
Cacitti, f	3	1	7
Fidanque, f	1	0	2
Glover, f	2	0	4
Lindner, f	5	0	10
Biddle, c	2	2	6
Izenberger, c	0	0	0
Campen, c	0	0	0
Rose, g	1	1	3
Wing, g	0	0	0
Arnerich, g	2	1	5
Woods, g	0	0	0

Hans, g	0	0	0
	5	11	21

There was a palooka called "Goat" who wished the pill he could smote. But up at the plate he swung like a gate. And the ball to the catcher did float. Our pal!

A "History of Education," by Cuhberly. Someone took it by mistake from the book racks in front of the College Cafeteria. A reward will be given if it is returned to the Lost and Found Department.

SPARTAN MERMEN LOSE TO STANFORD FROSH; SCORE 43-35

Draper Is High Point Man
for Locals With Wins
in 50 and 100

Although putting up a nice showing, the San Jose mermen were taken into the Indian camp by a 43-32 score last Friday at Stanford. The air was cold, and the water rough, and both tended to hamper the State boys to their training in an indoor pool. The Spartans, however, took four first places out of a possible nine.

Will Draper was outstanding for San Jose, taking first places in both the 50 and 100 yard events. He set new official records for the school when he was clocked at 27.3 in the 50 yard, and 1:04.2 in the 100.

Ed Plat made a pretty showing in the 220 yard dash when he pulled up from third place on the seventh lap and finished out in front. Plat has a habit of fooling the folks by remaining in the background until the last couple of laps, and then he moves into the lead. He also set a school record in this event with a time of 2:43.8, which bettered his own record of last year at Menlo Junior College by a full 5.8 seconds.

Not to be outdone by the other boys, Glen Holt, along with taking first place in the diving, proceeded to establish a record in that event by running up a total of 115.7 points.

Judging from the records set, the boys have greatly improved over last year, and when some of the intelligible return to the squad, Coach Walker predicts a successful Spring quarter. The boys have made better unofficial times in our own pool, and as soon as the first home meet is held most of these previously records will fall. The summary:

200 yard relay—Won by Stanford; Viney, Dean, Booth, Danforth. Time: 1:46.
200 yard breast—Won by Livingstone, Stanford; second, Houser, San Jose. third, Rulison, Stanford; fourth, Stromquist, San Jose. Time: 2:44.8.

150 yard Jack—Won by Myers, Stanford; second, Ludlum, Stanford; third, Scofield, San Jose; fourth, Leps, San Jose. Time: 1:58.6.

50 yard free-style—Won by Draper, San Jose; second, Danforth, Stanford; third, Dean, Stanford; fourth, Lynn, San Jose. Time: 27.3.

Exhibition 300 yard medley swim by Bob Clark, Stanford. Time: 3:57.4.

100 yard free-style—Won by Draper, San Jose; second, Danforth, Stanford; third, Borgman, Stanford; fourth, MacQuarrie, San Jose.

Diving—Won by Holt, San Jose, 115.7 points; second, Booth, Stanford, 84.5; third, Neef, San Jose, 72.3.

220 yard free-style—Won by Plat, San Jose; second, Viney, Stanford; third, Baxter, Stanford; fourth, Holt, San Jose. Time: 2:43.9.

Spartan Spasms

By Murdock and Bishop

Well, it looks like this conference muddle is getting more and more muddled. No team in the conference is left with a clean slate and there are plenty of good games left. Fresno chances all depend upon whether or not State can stop them.

Dick Lewis, Fresno State sprinter, recently spent ten days in jail for turning in false alarms. Real frolicsome, these lads from Fresno.

Up at the Cal game last week we actually generated enough energy to form (with a little help) the groundwork of a personal opinion. Saturday night game made us think that maybe it was a pretty good opinion. Consequently, we've humbly put it before the fickle public. The idea is that we think the Bart Concannon and Dal Taylor work together better than any other two forwards on the basketball team. As evidence of this, witness Tueller's eight points in each game, how the points were amassed in a remarkably short period of time, and the fact that Concannon was in there feeding him perfectly passes on both occasions.

Bob Clemo's 2:06 half mile Friday's time trials, bears out the previous assumption that the half-mile will be one of Spartan strongest events this season. 2:06 is very fine galloping for early in the festivities. In accomplishing this time, Bob beat out Fred Orem, who was second, and Glenn Harper, who was third. At the present Cal seems to have the edge in contention over his two rivals, but warrant that before the season is over there will be some very closely contested races between these three with each one of them gaining his share of the wins.

Likewise that 127 foot toss of the discus by McPheters on Thursday, served Coach Blesh with notice that Joe Diehl's graduation from track competition will not be too sorely felt.

For a team with the qualifications that were to be had on paper, the Amblers proved to be sadly deficient on the floor. It is quite evident that the State team is not the only one which has gone down hill since last year.

The first casualty of the Intra-Mural season was sustained last week when Al Marske was crippled up by a badly sprained ankle. Al is still on crutches, but we hope to see him out again soon.

And the Al Lindner Club goes on and on, with the entire stasiastic co-ed's flocking in large groups to have a look at this handsome male. Man, what do you got?

300 yard medley—Won by Stanford; Meyers, Nash, Woodard, second, San Jose; Schofield, Houser, MacQuarrie. Time: 3:34.5.

A book, Fundamentals of Health by Kirkpatrick & Hentner. Will the person who found this in room 12 kindly return to Lost and Found, or Times office.
