# Typical Feedback

At a Family Readiness Group meeting...Fort Drum, NY a woman stood during an update and stated: **“My son graduated from Fort Benning three weeks before he shipped out with his infantry battalion to Enduring Freedom”** - I was concerned that he was not prepared for the mission. She has since seen her son on television and received letters from him with the message: **"Mom, don't worry. My training at Fort Benning, and that which I've received with my unit, have prepared me to do this mission."**
