"THE CHURCH AT WORK"

The church is awakening to the need of becoming an active, positive force in every area of life. The church of our Lord is on the march to greater accomplishments. For the church to work there must first be vision. The grand purpose of this lectureship is to assist brethren in realizing the opportunities, joys and privileges of belonging to "working" churches.

The work of the church is preaching and teaching. Our annual teacher-training clinic or "workshop" will assist this theme with practical methods, to aid each individual to be a better worker in his home congregation.

We invite and urge preachers, elders, deacons, and all members to attend. Special programs for women and youth are being attempted.

The wise church will not neglect its youth. There is youth work, and youth has a need to work. Therefore Pepperdine Lectureship is featuring classes for the inspiration of youth—ages 13-24. Foy Smith, Roy Osborne, and Virgil Trout will bring lessons to stimulate our youth to greater service.

Bible classes are provided for all children below the age of 12 at the Vermont Avenue and Southwest church buildings.

PEPPERDINE COLLEGE

Pepperdine College is your host during this lectureship. It was established in 1937 for the purpose of furthering Christian education of our youth. It endeavors today to encourage youth to find a place in their lives for New Testament Christianity in Spirit and in truth. For it to accomplish this purpose it needs more and more young people from Christian homes. All Christian young persons should seriously consider Pepperdine as their college when they leave high school. If your academic standing is good, apply for scholarship.
