THE CLARA WHITE MISSION

233 W. FIRST STREET
JACKSONVILLE, FLA.

TELEPHONE 5 3997-J

Dear Friends of Humanity:—

Through your big heartedness and generosity you have made it possible that many little underprivileged and undernourished souls, many tubercular suspects were made happy in the Fresh Air Camp built at Manhattan Beach from July 6th to 18th. under the auspices of the Clara White Mission. It is very alarming to note the increasing number among these little ones and if the public will begin to think in preventative measure we shall be able to materially assist in stamping out this dreadful plague of tuberculosis.

For the good that has been accomplished and the future hope for what might be accomplished, the Clara White Mission takes this method of thanking its well-wishers, its contributors and lovers of humanity for the big job just finished, and made possible by your gift.

In The Cause of Humanity

We Thank You.

CLARA WHITE MISSION

Eartha M. M. White,
President.

"A FRIEND TO MAN"
