Editor's Note:

The fifth annual issue of the *Osprey Journal of Ideas and Inquiry* would not have been possible without the generous financial support of the Office of Academic Affairs at the University of North Florida. Interim Provost Mark Workman has been instrumental in supporting the Undergraduate Research Program and the journal that results from it.

I would also like to thank the University of North Florida Trustees and the UNF Foundation Board. Their generous financial support has made the Undergraduate Research Program and this journal possible. The *Osprey Journal of Ideas and Inquiry* is a tangible sign of their commitment to a first-class undergraduate education for our students. Whereas many universities are only beginning Undergraduate Research Programs, UNF's has become an institution.

My deepest gratitude goes to my student editor Karin Kovacova, who earned both her undergraduate degree and Masters of Business Administration degree at UNF. Karin has devoted countless hours to editing the journal, preparing the graphs and pictures, and seeing the project through to completion.
